Motion was approved.

II. CIC Meeting Structure

M. Grant stated that CIC will be following the same structure as the Board of Trustees and Academic Senate, in accordance with the Brown Act, by affording all SAC and CEC faculty, staff, and administrators an opportunity to listen to the important conversations pertaining to the General Education plan, among other topics. She reminded those in attendance that only CIC members may vote and participate in the discussion.

A Zoom link will be included in all CIC agendas.

M. Grant reminded CIC members that they may use teleconferencing 2 times a year, one per semester.

III. Public Comments

No public comments were made.

V. Curriculum

See comments and approvals in subsequent pages.

VI. CIC Chair's Report

M. Grant gave a brief synopsis on the Course Enrollment Maximum (CEM) progress. She mentioned that the final draft has been completed, which includes SCC's edits. Once the CEM is approved, a resolution will be presented to the Academic Senate. The goal is to implement the CEM by the end of Spring break for Fall 2024 implementation.

M. Grant mentioned that a CIC Handbook/Canvas Training workgroup is being formed. Faculty interested in being part of this group, should contact S. Butler and the Academic Senate by the deadline. Spring and Summer 2024 LHE is available.

M. Grant expressed her gratitude to faculty for completing the electronic vote pertaining to the planning of the General Education Review Plan. She stated that SAC and SCC have agreed to a Fall 2025 implementation; however, the goal is to complete the work in Spring 2024. She stated that a meeting with SCC is being scheduled, prior to Spring break, to jump start broader conversations. She asked for input on what the composition of the group should be.

Discussion followed.

VII. Action Item: META Connect to upload SLOs to Canvas

M. Grant asked CIC members if they had received input from their respective divisions on the 2 SLO options. After discussion and an impromptu demonstration from J. King, CIC members were encouraged to go back to their respective areas to seek feedback from their peers on the potential 3rd option.

VIII. Discussion: Renaming of Academic Probation – D. Peraza

D. Peraza reported that the term Academic Probation has a negative connotation; thus, he is requesting that it be changed. He shared a Santa Ana Renaming Survey where students provided feedback on the term and made suggestions. D. Peraza stated that California State University, Fullerton (CSUF), which is our main feeder school, uses Academic Notice and it would behoove SAC to have parity with CSUF. SCC will have to agree as well.

Discussion ensued.

M. Grant mentioned that Board Policies and Administrative Regulations may need to be updated. Once agreement is reached, a resolution will be presented to the Academic Senate. She asked CIC members to request feedback from their constituents and provide their input at the next meeting.

IX. Outcomes/Curriculum Specialist Reorg/JD – S. Butler

S. Butler stated that the Outcomes/Curriculum Specialist position has been through 2 readings at College Council; however, faculty continue to share concerns. She expressed the need for an Outcomes Specialist and acknowledge the need for a Curriculum Specialist. She conveyed that there is no guarantee the college would support another Curriculum Specialist; thus, the reason the positions are paired together.

S. Butler reported that a Short-Term Intermediate Clerk has been hired to assist the Curriculum Office with the workload, which is a temporary solution.

M. Grant shared suggested faculty edits to the proposed job description. The amendments included the removal of the word Curriculum from the title. She further mentioned that having the position with both titles may reduce the possibility of hiring a full time Curriculum Specialist. She stressed the need for an additional Curriculum Specialist since much of the recently approved legislation will have a direct impact in the Curriculum Office.

Discussion followed.

X. Update on Catalog Review Process

S. Butler commented that the process to update the white pages of the catalog is going through a change this year. The new procedure will give managers direct access to their individual areas, in META, where changes will be reflected in real time. This will reduce the number of times pages are reviewed and to minimize human error. If department chairs or coordinators typically update certain white pages, she recommended that they reach out to their managers.

S. Butler stated she will be sending an email to administrators with instructions, a timeline and a video narrated by the Curriculum Office. She requested that any questions be directed to the Curriculum Office.

XI. METAmorsels

In this edition of METAmorsels, M. Grant stressed the importance of using the C-ID course descriptor, for courses that have been C-ID approved, when working on quadrennial reviews. She mentioned that when a call for C-ID reviewers is requested, she will notify all CIC members via email and will include it on the CIC agenda.

M. Grant stated that before submitting curriculum for approval, faculty should run the COR report. Running the COR provides a clear picture of any formatting issues, typos, spacing issues, etc. She highlighted the need of using Notepad to copy into META rather than directly from Word.

M. Grant provided some useful tidbits to look for when submitting programs for approval and the necessary documents for Career Education programs.

XII. Division Reports

No reports provided.
