

Library Services Updates

1. “Connect from home”

The Library subscribes to twenty-nine licensed full-text periodical databases, and nine reference databases (<http://www.sac.edu/students/library/nealley/articles.htm>), which provide access to over 20,000 full-text titles. These full-text databases support the college curriculum, are very popular, and are free to use by students, staff, and faculty.

The “Connect from home” page (<https://libnet1.sac.edu:2443/login>) provides 24/7 remote access to these full-text journals, magazines, newspapers, eBooks and reference sources.

TO CONNECT FROM OFF CAMPUS:

- Go to the Santa Ana College Nealley Library Homepage at <http://www.sac.edu/library>
- Choose the *Connect from home* (next to *Find Articles*) <https://libnet1.sac.edu:2443/login>
- Students: Enter your **9-digit Student ID Number** without any spaces or dashes
- Press <submit>
- Choose a database from the **Nealley Library Remote Access** page.
