Conference Description

Career Education focus on curriculum, funding (SWP & new funding model), equity and students success.

Summary – One Full Page: Please describe the benefits to Student Success & Equity that you gained by participating in this event. How will you disseminate/share this information with your SAC colleagues?

In addition to the LAOCRC regional meeting held during this conference, the keynote and break out sessions focused on the effective use of Strong Workforce funding and it use to support the work happening surrounding Guided Pathways.

The focus of each of the break out sessions looked at how outcomes would impact the funding model. The break out sessions I attended focused on Summer Career Academies for High School Students, K12-CC CTE Crosswalk (data analysis) which will create contact points for High school students enrolled in CTE classes, Changing the Paradigm for Work Based Learning Opportunities, and Get Focused Stay Focused Dual Enrollment curriculum.

Each SAC team members attended different break out sessions. This provided hours of discussion as we brainstormed how we can better support our CTE programs and students.

In addition we had an opportunity to meet with important service providers such as Certiport and Paxton who support our college activities.

The ideas an plans will be brought back to campus and discussed with our faculty to further develop and implement.
