ASCCC’s Resources for Proposed Reorganization - INFORMATION

These items including the Resolution will be a discussion item for October 18. Please provide your feedback to your CIC Representatives or attend the meeting to provide your thoughts and feedback.

1. ASCCC Resolution Number 01.06: Department Organization

Spring 1987

Resolved that the Academic Senate support the concept of collegial decision-making in the review and evaluation of proposals which would change the organization or functions of specific departments within a college and/or district, and

Resolved that such proposals should be reviewed and approved by the appropriate faculty bodies, e.g. the department, the curriculum committee, and the academic senate.

2. Pages 5-12 of the [Local Senates Handbook](#) are an easy way to access the title 5 language and definitions of collegial consultation
3. Your local academic senate is directed per California Code of Regulations, Title 5, section 53200(c) to consult collegially on academic and professional matters.
4. Some relevant responsibilities of your AS as enumerated in the 10+1 (https://www.asccc.org/10_1) might include the following:
 4. **Educational and program development** (if the restructuring impacts academic programs or the creation, evaluation, or possible deactivation of academic programs)
 6. **District and college governance structures**, as related to faculty roles (are we talking about restructuring into different divisions/departments? In that case, will there be a change in the number/arrangement of chairs or division representatives that sit on other governance committees? If so, this applies).There may be concerns related to #9 and #10 as well.
