SANTA ANA COLLEGE 2010-2021

# USC EQUITY LEADERSHIP ALLIANCE

---

- *“The Alliance unites community colleges across the state of California for high-quality professional learning experiences on an array of topics pertaining to racial equity. Administrators, faculty, and staff across member colleges access a digital repository of useful tools and resources, as well as engage with colleagues beyond their individual campuses through a dynamic virtual community of practice. Alliance member colleges also participate in a trio of campus climate surveys on a three-year rotational basis – the student survey in year one, the faculty survey in year two, and the staff survey in the third membership year.”*

# NEXT STEPS

---

- Set up a meeting to review all the recommendations, prioritize them, and create an action plan.
- Review and share the student campus climate data with the college. Use the data to inform further planning with our Guided Pathways and Equity work.
