

Facilities Update

4/19/2016

- Received 223 work orders. 156 completed, 111 pending and the balance open.
- Assisting with the coordination of the Village and CP projects. Lots of construction and traffic issues. Will continue to fight through it.
- Still actively working on clean room installation in H building.
- A214, engineering lab renovation completed
- Assisted with move into Village from Johnson – mostly key issues.
- Coordinated repair and communication for repair of three water leaks in construction areas.
- Baseball scoreboard letters and numbers replaced.
- Actively working on Centennial Garden. Water restored and plants planted.
- Working on ongoing Academy issues.
- CEC – HVAC, roofing and murals.
- S building move completed.
- Sewer and water repairs in D building completed.
