

## Facilities Update

5/17/2016

- Received 214 work orders. 179 completed, 81 pending and the balance open.
- Assisting with the coordination of the CP project. Lots of construction and traffic issues. Will continue to fight through it.
- Still actively working on clean room installation in H building.
- Centennial Garden completed and ceremony held.
- Working on storm water treatment plan with city of Tustin. Addressing bmp as outlined during the original occupancy agreement.
- Working on CUP irrigation and how it related to our ongoing irrigation controller SM project.
- Russel Hall lighting and water leak repairs made.
- Water leak in A building. Repaired and awaiting final resolution. All carpet in the area removed and working with district to install alternative floor covering. Occupants temporarily moved to other area in the building until the end of school year. Working with ITS to move the PC's.
- Sewer and water repairs in D building completed.
- Coordinating installation of Pour and Play installation at SAC CDC and CEC CDC prior to end of fiscal year.
- Working with contractor to do remodel of L207-1 to convert into usable office space.
- Have received two quotes for comprehensive remodel OT lab in T207. Should be able to get the work done over the summer months.
- Working with SAUSD and Student Affairs to coordinate and plan Commencement at Centennial Park on June 3.
