

CANVAS: RELINK HOME PAGE BUTTONS

Santa Ana College Distance Education, Cesar Chavez Building Room A-101, (714) 564-6725, DistEd@sac.edu

BROKEN LINK ERROR MESSAGES

In Canvas, occasionally the links associated with the module buttons on the Home Page can "break." This may happen if a Module Name is modified, or if the page that a button links to is modified or deleted. When a button link breaks, it will result in an error message. The most common error message is **Page Not Found**, however, students may also receive error messages such as **This Page has been Disabled for this Course**, or **This Page has been Deleted**.

RELINK MODULE BUTTONS ON THE CANVAS HOME PAGE

Relinking the Module buttons on the Canvas Home Page is quick and easy. First, access the course. Then click the **Edit** button located in the upper right of the page.

Once in **Edit** mode:

- 1. Click on the **Button (1)** to be relinked to select it (the buttons are just linked images)
- 2. Once the button is selected, click the Links (2) tab on the right side bar menu.
- 3. Click the **Modules (3)** button to expand the section.
- 4. Click on the corresponding **Module (4)** (the module that the button should be linked to) to select it. Repeat this process (1-4) for each button that needs to be relinked.
- 5. When all the buttons have been relinked, click the **Save (5)** button.
