## Accounting SLOs

## **ACCTG 010 – Accounting Fundamentals**

- Apply transaction analysis, input transactions into the accounting system, process this input, and prepare and interpret the three basic financial statements of a sole proprietorship organization engaged in service and/or merchandising operations.
- 2. Explain the content, form, and purpose of the basic financial statements (including footnotes) and how they satisfy the information needs of investors, creditors, and other users.

## **ACCTG 011 – Accounting Fundamentals, Managerial**

- 1. Apply understanding of cost behavior to prepare the numerical analyses required by managers in performing their planning, directing and motivating, and control functions.
- 2. Interpret and analyze the contents of the annual report of a publicly held corporation engaged in merchandising or manufacturing operations by applying financial analysis tools including horizontal, vertical, and ratio analyses.

## **ACCTG 050 – Accounting for Small Business**

 Perform and complete the steps in the accounting cycle for a service organization. The measurement tool is the comprehensive problem where the students take a business entity and do the entire accounting process for a time period.
