PROGRAM OF STUDY

Program Title: Associate in Arts in Spanish for Transfer

Program Code: sac.ml.aat

Proposal Types: New Program

Justification for Proposal: The purpose of the existing Associate of Arts Degree in Modern Languages in Spanish is to prepare students for transfer to a baccalaureate degree in Spanish for careers requiring modern languages proficiency. The proposed change is to add to our existing program the Associate in Arts in Spanish for Transfer (A.A.-T in Spanish). This second option will offer students a more specific route to transfer that guarantees their admission to a CSU campus. Completion of this degree option will also grant students priority admission as a Spanish major to our local CSU campus. All major course requirements are aligned with the Spanish Transfer Model Curriculum. They are also all transferable to the California State University as well as to most other universities. Courses are designed to prepare students for transfer into bachelor's degree programs in Spanish at universities both inside and outside the CSU, giving students further options as needed.

Curriculum and Instruction Council Approval Date: 11/18/2013
