

**THE CHILDREN'S THERAPY CENTER** a well established, multidisciplinary private practice in Orange County, CA is looking for a progressive, pediatric occupational therapist and certified occupational therapy assistant to join our team providing services that are school based and center based. A diverse population of children, from birth to school age is served from medical, educational and developmental models. Our multidisciplinary team is experienced and trained in Sensory Integration, Neuro-Developmental Treatment and Oral-Motor/Feeding approaches. An opportunity to participate in a clinical research study with premature infants is available. We offer a collaborative team approach and a great learning environment. We serve a multicultural group of families including those that are Spanish and Vietnamese speaking. Bilingual skills are desirable. We offer excellent compensation and a comprehensive benefit package, staff development and mentoring, and con-ed opportunities. Flexible, F/T, P/T position available. Experience preferred, would consider a strong new grad with peds affiliation. Visit us at [www.thechildrenstherapycenter.com](http://www.thechildrenstherapycenter.com)
