

SANTA ANA COLLEGE

MATH CENTER

Cordially invites you to our free weekly

# Pre-Calculus

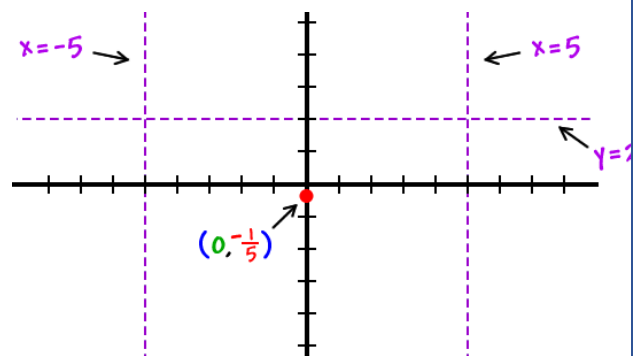

## Workshop

$$y = a(x-h)^2 + k$$

How tall?  
Right-side-up  
or  
up-side-down?

The shift is inside the  
( ) with the x...  
←→ shift

Hanging off on the  
end is the  
↑↓ shift

Let's do  
some  
graphin'  
baby!

**When:** Every Tuesdays & Thursday

3:30pm-4:30pm & 6:00pm-7:00pm

**Where:** The Math Center L-203

**How:** Just show up

No appointment needed
