

NOYCE MATHEMATICS PROGRAM: TRANSITIONING MATH MAJORS INTO TEACHING

MEET OUR SAC NOYCE ASSOCIATES...

VICTORIA MARTINEZ

Victoria is involved in the MESA and Teacher Pathway Partnership programs at SAC. She is also an Instructional Provider for ENGAGE 360, an after-school program in SAUSD. Victoria plans to transfer to CSUF to earn a Bachelor's degree in Mathematics, become a high school math teacher in SAUSD, and eventually earn her Master's degree. She is excited to be in TMMT because the program allows her to be mentored by professors, to network with other students, and to learn how to become the best teacher she can be. In her free time, Victoria likes sewing projects, hiking, and spending time with loved ones.

SERENA HAZEL

Serena currently works at the Irvine Ranch Outdoor Education Center and St. John's Lutheran School's School Age Care. She plans to transfer to CSUF to earn a Bachelor's degree in Mathematics and dreams of becoming a high school math teacher. Serena is extremely passionate about math and believes her patience will help her to become an effective math teacher in the future. She also hopes to get students to understand the importance of math and why they are learning it. In her free time, Serena enjoys being behind the camera and is a skilled photographer.
