

MA098 PHLEBOTOMY

Fall 2017 & Spring 2018

The Santa Ana College Medical Assisting Department is now offering a one-unit basic phlebotomy certificate course in the Fall of 2017 & Spring of 2018 as MA098. This hybrid course is designed with learning modules that have to be successfully accomplished on Canvas before attending two, six-hour class sessions on Saturdays with the instructor for hands on teaching. Students who wish to participate in this course will sign a waiver of liability for allowing two venipunctures made by peers for purposes of learning. Upon completion of this course, students will receive a Phlebotomy Certificate. To enroll in this course, please contact Professor Emley: emley_catherine@sac.edu for information, enrollment and course availability. Please note: this is not a course that meets requirements for the National Certified Phlebotomy Technician Exam. The California School of Health Sciences in Garden Grove has an accredited CPT Program and is approved by the Department of Education.
