

Building the Success Network One **Link** at a Time

Presents

# Taking the Lead: Building Sustainable Professional Learning

## Learning **I**n **N**etworks for **K**nowledge **S**haring

**Join Us**

**for LINKS 10!**  
*the 10<sup>th</sup> in a series of Networking Events*  
focusing on COMPLETION.

**College teams may include:** Faculty (credit & non-credit), counselors, department chairs, program coordinators, BSI coordinators, deans, learning center professionals and librarians. We particularly encourage professional development leaders to attend.

*In this practicum, we will:*

explore principles of effective professional learning and consider the ways in which networked communities of practice serve as models for best practices.

identify mechanisms for building connections and growing the leadership needed to create sustainable professional learning that nurtures and supports practitioners.
