Subject: Proposal to write non-credit Transition to College course approved!

Hello Bonnie,

I sit on the AB 86 Taskforce for the ESL planning strand along with my CEC colleagues Susan Gaer, John Tashima, Julia Vercelli, and Christine Gascon. This past summer we got together to write a proposal for a non-credit Transition to College course. Our course will be based on the model that this same group observed in San Diego. Last week, we received notice that our proposal to write the course was accepted! We will all be involved in curriculum development for the course and we feel strongly that with the development of this course we can bring more students to the credit side of the house. Most importantly, the students who complete the course will be better prepared with the skills they need to succeed college.

With accreditation on the way, I thought you might want to know about this.

Do you need an electronic copy of the proposal? If you do, I can get it from Christine Gascon who is the AB 86 Coordinator for SAC

We are very excited about this project!

Melanie
