

**STUDENT SUCCESS GRANTS PROGRAM**

January 2012

<b>Project Title/Department</b>	<b>Brief Description</b>	<b>Funding Requested</b>	<b>Lead</b>
<b>Acquired Brain Impairment Program (ABI) of Disabled Students Programs and Services (DSPS)</b>	This grant would allow the ABI program to purchase Captain's Log Cognitive Retraining software to be used in the ABI lab. The funds to purchase two software modules which improve working memory skills in addition to funds to support multiple module usage and technical support specific to the software.	\$1,371.00	Renee Miller, Coordinator, DSPS
<b>Centennial Education Center (CEC) High School Subjects and Adult Basic Education Database</b>	This program is to create a permanent framework and data bank that can track graduating CEC students and can provide administrators, faculty, staff and students with meaningful data.	\$1,900.00	Jorge Vargas, Jr., Faculty, HSS/ABE
<b>Criminal Justice Youth Academy (CJYA)</b>	This program can accommodate 40 students' (ages 14-17) introduction to careers in law enforcement. This hands-on experience consists of lectures, physical training, and role playing. This takes place 6 Saturdays, July-August 2012. Each student will earn .5 units of college credit.	\$750.00	John Finch, Assistant Dean, Criminal Justice Academies
<b>Fashion Design &amp; Merchandising</b>	Each year, FD&M participates in an annual Fashion Symposium in Los Angeles. We are requesting assistance with transportation, entry fee assistance and entrance/attendance	\$1,250.00 <del>\$2,500.00</del> (2 years)	Karen Warner, Department Chair/Professor, Fashion Design & Merchandising
<b>Freshman Experience Program (FEP)</b>	FEP hosts a student transfer/career conference for its students. The Student Conference provides a keynote speaker, panels of professionals as well as former SAC FEP students who have transferred and/or graduated from various CSU's, UV's and Private's to share their experiences with current students. We are requesting stipends for our former students to help compensate for them missing work to participate.	\$800.00 <del>\$1,600.00</del> (Spring 2012 and 2013)	Steve Bautista, Todd Huck & Lynn Marecek, Faculty Coordinators, Counseling
<b>Geology/Earth Science Field Courses</b>	The Department of Geology/Earth Science has a long tradition of offering weekend and in some cases week long field based classes (field trips) as an important tool to improve student success and interest within the geosciences. Due to budget cuts, these courses have not been offered for the past couple semester. These funds would reinstate the offerings, starting	\$1,000.00	Claire Coyne, Associate Professor, Geology/Earth Science

**STUDENT SUCCESS GRANTS PROGRAM**

**January 2012**

	with one in Fall 2012 semester, with the intent to offer two per semester within the next two years if additional sources of funding can be identified.		
<b>Human Physiology Laboratories</b>	In my Human Physiology lab, students complete all experiments on each other as they study the major concepts in Physiology. Students have many questions about equipment and sometimes cannot proceed to the next step in the experiment until questions are answered. These funds would provide student stipends for lab assistants who have taken the course prior. Also, new equipment and supplies are included in this request.	\$2,500.00	Patricia Mansfield, Professor, Biology
<b>Math Center Peer Tutor</b>	This program will provide a peer tutor/workshop leader for students taking College Algebra (Math 140) and Trigonometry (Math 160) for Spring Semester (Jan 23-May 18). This peer tutor will lead 3 one-hour workshops per week for each course to support student success and retention within these courses.	\$2,160.00	Anna Hockman, Math Center Specialist, Math Department
<b>Partnership for Transfer Success AB540 Initiative</b>	This program would be created to support AB540 students who are interested in pursuing Agriculture/Science-related fields. A USDA/PTSP II program, a federal grant program is supporting 40 students who are expected to transfer to pursue majors in these fields. Unfortunately, 5 of these students are AB540, so federal funds cannot be distributed to them. This would mean they would not receive their internship stipend at the completion of their service hours, this grant would provide them with their stipends.	\$2,500.00	Martha Vargas, Counseling
<b>Student Leadership Institute (SLI)</b>	The SLI Program is a 12-year partnership between SAC, SCC and CSU Fullerton. A certified leadership training program where students are required to take a series of nine workshops covering a range of leadership development topics. A two-day intensive institute will take place at SAC on April 13-14, 2012. Students who complete SLI will be required to attend an award ceremony and dinner on May 3 <sup>rd</sup> at CSUF.	<del>\$2,500.00</del> \$1,000.00	Daniel Marquez, Student Services Coordinator, Office of Student Life

**STUDENT SUCCESS GRANTS PROGRAM**

**January 2012**

<b>Summer Research Scholars Conference Presentation Stipends</b>	This grant would be used to sponsor six SRS alumni to present the research they conducted in the summer of 2011 at the 92 <sup>nd</sup> Annual Convention of the Western Psychological Association in San Francisco in April 2012. The funds would underwrite the costs of producing presentation materials, convention registration, transportation and lodging.	\$1,950.00	Fernando Ortiz, Professor/Chair, Psychology
<b>Transfer Success for Non-Credit and Credit ESL Students</b>	30-50 non-credit students from CEC would visit credit ESL classes from 049-107 levels. There would be between 2-3 visitations each semester, where structured activities would occur at each visitation. During each visitation, students would participate in specific activities including reading, writing, grammar and speaking. 100% of students have participated in this project last year say they are likely to attend SAC in the future.	\$2,500.00	Melanie Mowrer, Professor, EMLS
<b>Universal Design meets Adapted Physical Education</b>	To serve our community with special needs, I would like to build a high-quality fitness facility for individuals with disability that will be recognized as a Signature Program. The success and progress of our students is impeded by a lack of technology and specialized equipment.	<del>\$2,500.00</del> \$1,162.62	Brian Sos, Asst. Professor, Adapted Exercise Science
<b>Total number of proposals approved: 13</b> <b>Total amount requested for funding: \$22,893.62</b>
