

CVC-OEI Consortium

Since the inception of the CVC-OEI, many California Community Colleges have been working together to address online achievement gaps and increase student access to fully-resourced online courses that propel them toward completion. Together these colleges form the CVC-OEI Consortium.

In May 2014, a Call for Participation was issued seeking colleges wishing to participate in the pilot phase of the CVC-OEI to begin in the spring of 2015. Over half of the California Community Colleges responded. A group of 23 pilot colleges were selected that represented, along with other criteria, a diversity of college demographics, geographic location, and technology.

In 2018, the CVC-OEI expanded the number of colleges from 23 to 57. While the first cohort focused on tutoring and readiness, the new colleges have a special focus on student equity. Beginning in 2020, colleges were accepted on a rolling basis.
