

CONSTRUCTION ALERT

Date: March 11, 2019

What: Signage/Wayfinding

When: March 15, 2019

Where: Santa Ana College – Northwest Corner of Building D

Work Hours: 7:00 A.M. – 5:00 P.M.

Activities:

On Friday, March 15, 2019, the contractor will be installing a mock-up for building signage near the northwest corner of Building D at the top of the building to test various sign colors. The attached campus map indicates the location of where the equipment will be dropped off and where the installation will be staged. This mock-up is part of a signage and wayfinding project to improve accessibility. The new building signs and monument signs across campus will improve wayfinding for students and visitors and develop a unified standard for signage.

If you have any concerns or questions, please contact David Gonzales at (714) 480-7532 (office), (213) 604-4167 (cell), or via email at FacilitiesPM@rscdd.edu.
