A brief overview was provided to members outlining some of the responsibilities and opportunities that would be available to the college with the implementation of the new SB361 budget model. Discussion ensued regarding the allocation of monies that have not been earmarked for instructional or program activities.

- College anticipates a carryover this year.
- Important to prepare for the state required faculty hires.
- Structural deficits need to be addressed.
- There needs to be a plan or process in place as to how funds are allocated across the campus.
- Planning and budget must be tied together.
  - Budget has to match planned goals.
