#### 3. Budget Update
Paul Foster

- Paul reported that the budget appears to be getting worse not better.
- The district bases the tentative budget on the May Revise. Unfortunately the healthy projections in May have not materialized. In anticipation that there may be mid-year reductions from the state, SAC was asked to make reductions in the amount of $3.6 million.
  - The cuts were reviewed with President’s Cabinet.
  - Discretionary funds were reduced to 2010/2011 Actuals.
  - The difference was taken from 1300 (part-time instruction) accounts.
  - If the anticipated mid-year state reductions do not materialize, the District’s ending fund balance will grow again
- A discussion ensued regarding the $25m cash flow balance to cover state deferrals:
  - There are other District funds that could be used to cover operating expenses
  - The inflated ending fund balance provides some relief from future cuts
  - Cuts are being made on the campuses in order to maintain the $25m cash flow balance.
    - Monies should be used for their intended purpose.
    - Cuts are being made based on assumptions of possible future reductions but these cuts are affecting students currently enrolled.

3. Budget Update (cont.)

**DISCUSSION/ COMMENTS**

- The ending 2010/2011 balance reflects 1/3 the district budget.
- Are there risks in holding too much in our reserves?
- In order for members to make better judgment regarding the district’s cost savings strategy and its impact on student success an inquiry into the history of deferred apportionments along with the state mandated reserve will be made for the committee’s review.
- Members discussed making mention of their concerns about the ending balance to BAPR.

Paul reported that Cabinet asked for an analysis of the ending balance.

  - SAC budget planning documents will be reviewed by Shared Governance committee early spring semester.
  - Final list will go to BAPRC in March.

ITS is currently modifying the Budget Request Application component in the DPP program located in Inside SAC.

- The modification will allow users to download data into an Excel spreadsheet.

Discussion ensued regarding the process:

- Important for departments to prioritize.
