		<u>STATE Budget</u> <ul style="list-style-type: none"> Gov. produced an on time budget, which helps with the cash flow situation for our district 12-13 tax receipts finished over \$2 billion higher than estimated by DOF One result of the passage of Proposition 30 was that the system received \$50 million in "growth" funding. Thus, the new \$50 million has been allocated to districts to repay 2009-10 workload reductions, provided districts had sufficient FTES to earn it. Since not all districts had sufficient FTES to earn back their share of the workload reduction based on their April 15th certified FTES, any additional remaining funds were allocated to districts with sufficient FTES to fully repay their entire 2009-10 workload reduction. Those districts that have not yet increased their FTES enough to receive their share of the growth funds will have the 2013-14 year to do so, after which the opportunity for repayment of the 2009-10 workload reductions will be closed- SAC is going for growth in 2013/14 in a calculated way Scheduled maintenance and instructional equipment funds- flexible- put our guaranteed \$ into Instructional Equipment- We NEED IT! PROP 30 is temporary! - sales tax increase terminates at the end of 2016/ Income tax increase terminates at the end of 2018. 					

4. BUDGET UPDATES (cont.)	DISCUSSION/ COMMENTS	ACTIONS/ FOLLOW UPS
	<ul style="list-style-type: none"> • Now apportionment is getting more complicated. 2008-09, 2/3rds of apportionment came from State GF, now only 1/3. Now 2/3 is uncertain and based on estimates (EPA/RDA/ backfills). Tough way to move forward...conservative budgeting is the name of the game...no boon or bust! • But as of today, it is brighter and more stable than yesterday...so we'll march forward with that in mind. <p><u>DISTRICT Budget:</u></p> <ul style="list-style-type: none"> • Adopted budget being worked on and will be presented to the Board on Sept. 9 • District budget assumptions sent out from the FRC to this committee...then placed on our P and B website for all to view • 1.57% COLA, 1.63% growth/access/restoration opportunity, 1% growth investment from the Budget Stabilization Fund into additional growth. - Chancellor's decision • 1% deficit factor built into the district budget in the event there is a shortfall in revenue- we hope it is less than 1%- but prudent to do so with the shortfall in RDA funding • 3.3% increase in total District revenue- not huge..but we'll take it! - allotted to Growth/Access. • 82% of total expenditures for 13/14 district-wide will be in salaries and benefits • District FTES target of 28,926 FTES (inclusive of the 2.63% growth/access/restoration) <p><u>SAC Budget:</u></p> <ul style="list-style-type: none"> • SAC adopted budget being finalized • SAC Carryover of \$3.6 million- planned expenditures will be presented today. • Working with enrollment management to determine how much it will cost to deliver the FTES- 70.80% of 28,926 FTES is 20,479 FTES at SAC. • We are re-investing \$1.1 million of our carryover back into our schedule to increase our course offerings in the Fall and Spring (50 sections each semester)- to capture the FTES needed for growth. • District and the colleges are discussing a potential intercession that would potentially yield about 320 FTES at SAC- this would be funded by the Budget Stabilization Fund - per the Chancellor, 1% growth. • Developing a cash flow reporting structure that will allow SAC to better monitor our cash flow. Dist used to have a software package for it, but let it go. We must develop our own by hand. The plan is to enable our divisions and departments to better track cash flow, and make plans using the data. We will also provide training opportunities. • In 13/14 we will be developing cash flow and expenditure reports for our P and B committee to review once a quarter. It will help establish a college-wide understanding of how our budget is performing and where issues are instead of waiting until the end of the fiscal year and covering the deficits. • We are living and breathing in the SB 361 budget allocation model- but we are still spending more than we have in revenue. This is concerning as we are relying on our carryover to cover critical instructional needs that drive our FTES generation. District Budget Stabilization used to balance our budget. • As the college fills vacant positions, it will reduce our carryover amount for next year. Frugality is still the key....but meeting our students' needs and expectations is our goal.

	<p><u>SB361 Evaluation Process - Discussion</u> Goal is to evaluate the model's use and its effectiveness at SAC and at the District. Discussion ensued.</p> <ul style="list-style-type: none"> • The model calls for an evaluation every fall. • District charge backs - the college needs to evaluate the expenditures related to the revenue received. <ul style="list-style-type: none"> ○ Are we getting what we are paying for? • Important to consider a two tiered approach - quantifiable and qualitative? • Important to evaluate the model - it is called out in the model. <ul style="list-style-type: none"> ○ Is it working for us? • Evaluation is the first step - How much is spent on district operations? • Important to see an overview of the District Office operations and a breakdown of the 18.8%. <ul style="list-style-type: none"> ○ Hard to evaluate until you know what you are spending on. • Important for us not to take on additional responsibilities and expenditures until the model is figured out and there is a stable revenue stream. • Are these joint decisions with SCC? <p>This will continue to be an ongoing discussion.</p>	<p><u>FOLLOW UP</u> Ray Hicks will bring the following recommendation to the POE and FRC committees.</p> <ul style="list-style-type: none"> • Provide the data to the college regarding what district office services are being provided. • How much is being expended within those services.
