

EXPRESS TO SUCCESS

Santa Ana College Humanities and Social Sciences Division's Express to Success Program provides an opportunity for motivated students to complete general education transfer classes in an accelerated format. The accelerated offerings consist of two sequential courses packaged together in the same time/day slot. Students are able to enroll in both classes at the same time. The disciplines offered this Spring are English, Anthropology, Economics, EMLS, and Sociology. Students who enroll in these courses can shorten the time needed to complete requirements for graduation and/or transfer.
