1. Summary – What can you share with the SAC community about this conference. Provide your takeaways and the impact they will have on student success/equity.

The Alma workshops provided library staff and faculty with the necessary training to learn the new Library Services Platform (LSP) system Alma. It is essential to the work in the library that staff are well trained and develop an expertise in Alma. Every student is impacted by this training, since the LSP runs course reserves for textbooks, allows students to find and check out books. The library staff who attended the trainings will be training other staff and student workers in the library in the system to keep the library properly functioning.

2. How will you share what you learned in this conference? Check one or more boxes below.

- Debrief with department and/or committee.
- Provide Professional Development workshops.
- Lead a community of practice.
