

# Faculty Professional Development Council Academic Senate Updates Fall 2025

9/23/25

- We recently held a Title 5/Professional Development Retreat **on 9/5**, where we reviewed updates to Title 5 and worked toward a shared understanding of professional development on our campus. This foundational work will continue in the PD Council as we develop an updated list of eligible Flex activities.
- We also hosted a New Faculty Summit Listening Session **on 9/19** with faculty hired in the past four years. Participants shared their appreciation for the support they've received and expressed strong enthusiasm for contributing further to the college community.
- Our Professional Learning Book Study will kick off soon while we wait for the physical books to arrive (Creating Culturally Affirming and Meaningful Assignments). We have digital versions of the book available through the SAC Library. There is a Canvas shell you are welcome to join where you can also participate asynchronously.

- Our first official PD Council meeting is scheduled for **Monday, October 6**, from 12–2 PM. If you'd like to be added to the invite, please email [hoang\\_susan@sac.edu](mailto:hoang_susan@sac.edu).
