Resolution: F92.17
Honoring Mary Bailey

Passed: November 3, 1992

Date: November 3, 1992
Subject: Honoring Mary Bailey
Mover: Al Siddons
Seconder:

Whereas, Mary Bailey has guided many, many faculty through the reclassification process which includes tracking the number of units that faculty have completed, locating and interpreting transcripts, advising on how to complete the process and is directly responsible for faculty receiving pay increases;

Whereas, Mary Bailey has gone above and beyond for faculty members as when she corresponded with Susan Luevano who was on sabbatical in Guadalajara, Mexico and assisted her in filing all the proper paperwork and transcripts so that she was eligible for a reclassification while still out of the country;

Whereas, Mary Bailey worked on the earliest issues of *Faculty News and Views* and was responsible for typing and duplication of this important vehicle of faculty thought and opinion;

Whereas, Mary Bailey, in all of my years in Science and Technology, is one of the few people who CLEANED up after (and before) us! I still miss her and her laugh. The stories I could tell cannot be put on paper...I just want to wish her well in her new life;

Whereas, Mary Bailey is the only person that can create a salary worksheet ten different ways and come up with the same answer;
