Whereas, Shared Governance requires that a division chair (in Orange), and the area department chairs, and department representatives be elected to oversee this new governance structure;

Whereas, the Adult Basic Education faculty has determined that its department should have one department chair to be assisted by a department representative from the alternate area (either Santa Ana or Orange); and

Whereas, the Adult Basic Education serves approximately 600 students at six different instructional sites with over 150 hours of instruction per week and a staff of 13 full and part-time instructors.

Now therefore, be it resolved as follows: that the Continuing Education Division A.B.E. full-time contract faculty hereby recommends this Shared Governance structural concept plan to the Rancho Santiago Community College District Academic Senate for adoption and eventual approval by the Rancho Santiago Community College District Board of Trustees. (One department chair and one department "rep".)
