Priorities for Budget Reallocation

Passed: October 19, 1993

Subject: Priorities for Budget Reallocation

Whereas, AB 1725 requirements for additional faculty participation, the loss of assistant deans, and unfilled full-time faculty positions have increased the Department Chair's workload;

Whereas, a time of technological changes, downsizing of industry, and Rancho Santiago College budget reductions on equipment and laboratory techs are especially straining vocational Department Chairs who above their other Chair responsibilities are battling for budget patches, while holding together displaced advisory committees, as well as trying to maintain safe and technologically current equipped laboratories;

Whereas, Rancho Santiago College summer 1993 budget reductions substantially cut Department Chair compensation without reducing their workload;

Be it resolved as follows: That the Academic Senate for Rancho Santiago College recommends that as college funds become available, the first budget priority to be the reinstatement of Department Chairs compensation to at least the level that it had been before the budget cutbacks, and the second priority to be for the hiring of replacement full-time faculty.
