Resolution: F98.01
Library Budget

Passed: November 17, 1998

Date: October 20, 1998
Subject: Library Budget
Mover: Tom Osborne
Second: Mary Ellen Bobp

Whereas, due to inflation, the current library budget represents 20% of the purchasing power available in the 1970s;

Whereas, the College demographic pool has changed drastically;

Whereas, our programs and offerings have diversified and increased;

Whereas, a viable library is critical to the success of our students and the competitiveness of our college.

Be it resolved as follows: To meet the demands of our current community and to prepare for our future students, the Budget and Planning Committee needs to provide:

- an immediate influx of money to rehabilitate the book/materials collection.
- a periodicals budget adequate enough to provide the resources required by our general education classes and our vocational programs.
