

**Resolution F2024.06**  
**Endorse the Integration of Drop Reasons into Self-Service**

**Moved: Christina Axtell**

**Seconded: Darren Hostetter**

Whereas, Faculty are constantly trying to improve their classes to ensure that students are receiving the best possible instruction; and

Whereas, When students drop courses without first speaking to the faculty member, the faculty can be left wondering if there were things they could have done differently that would have improved the likelihood that students would persist and succeed; and

Whereas, Asking students to choose a reasons why they are dropping a course and sharing that information with the instructor could support faculty in modifying their courses in subsequent semesters;

Resolved, that the Santa Ana College Academic Senate endorses the integration of drop reasons into the self-service system to allow students to provide feedback when dropping a course, in order to support faculty in making data-informed decisions for future course improvements.
