I. Call to Order

   a. Roy Shahbazian called the meeting to order at 1:38p.

II. Approval of Additions or Corrections to Agenda

   a. Roy moved to approve agenda, approved without comment or changes.
III. Public Comments (Three-minute time limit)

a. Health Sciences pays to belong to professional organizations, usually a yearly convention, but if the location is chosen cannot always travel to that location. No reimbursement for professional conferences in states that are discriminated by California's AB 1887 requirements is problematic for SAC educators.

b. Our BP is possibly reflective of a California state regulation.

IV. Approval of Minutes (5/28/2019 Business Meeting & 8/21/2019 Senate Retreat)

a. Marty Rudd moved to approve 5/28 Minutes, Michael Buechler seconded, all in favor, none opposed.

b. Cara Pierce moved to approve 8/21 Minutes, Jodi Coffman seconded, all in favor, none opposed.

V. Action Item – DE Online Instructor Certification Policy (2nd Reading) – Cherylee Kushida

a. Recommendation from the Distance Ed committee.

b. OESP required to be part of the OEI, it is part of the @ONE certification.

c. Broken into two parts due to low completion by faculty.

d. FARSCCD rep questioned the video creation component.

e. Questions of video use arose – is it training for video creation or requiring video creation for teaching?

f. Comments that this is ‘best practice’ arose suggesting these recommendations came from state-level recommendation.

g. Cherylee will consider removing ‘policy’ from the document.

h. Susan suggested ‘requirements’ or more for Certification.

i. FARSCCD rep Jim Isbell suggests that this idea of policy is problematic for defending faculty.

j. Cherylee said that this is required to submit coursework for the OEI badge.

k. There are extra requirements for OEI, and the college has chosen to be a part of OEI.

l. It is up to the faculty to submit a course to OEI, but there are additional requirements at the OEI level, not at the local level.

m. Flo has expressed concern about the requirements for video creation in a course.

n. It seems unclear whether the requirements re: training vs. pedagogy are interchangeable.

o. There are other options for faculty who might have used the OESP and OEI Course Design Rubric.

p. Add ‘a’ before California Community College.

q. Post-training recommendations are not monitored, but the Distance Ed group would like to encourage continuing education/PD and mentorship.

r. Possibly remove the recommendation for Ongoing Evaluation.

(1) Curriculum including establishing prerequisites and placing courses within disciplines; (2) Degree and certificate requirements; (3) Grading policies; (4) Educational program development; (5) Standards or policies regarding student preparation and success; (6) District and college governance structures, as related to faculty roles; (7) Faculty roles and involvement in accreditation processes, including self-study and annual reports; (8) Policies for faculty professional development activities; (9) Processes for program review; (10) Processes for institutional planning and budget development; (11) Other academic and professional matters as mutually agreed upon between the governing board and the academic senate.
s. Should the DE recommendation direct faculty to the contract?
