Disabled Students Program & Services

DSPS provides equal access and educational accommodations to students with a verifiable disability. DSPS employees encourage students to foster independence, and assist them to attain their educational, personal and vocational goals.

Eligibility

Students interested in receiving services through DSPS must provide verifiable documentation of disability in the form of a medical report, psychological report, or our provided disability verification form. DSPS reviews documentation to verify disability for services to qualify students.

Students enrolled at Santa Ana College are part of the district's mainstream population of students. Students are responsible to navigate the campus facilities either independently or with the assistance of an attendant provided by the student.

All students must adhere to the Standards of Student Conduct. For additional information, please see SAC Student Handbook online at www.sac.edu.
