SANTA ANA COLLEGE PHILOSOPHY AND MISSION
RANCHO SANTIAGO COMMUNITY COLLEGE DISTRICT

SANTA ANA COLLEGE MISSION STATEMENT
Santa Ana College inspires, transforms, and empowers a diverse community of learners.

CATALOG CONTENT
The Rancho Santiago Community College District and Santa Ana College have made every reasonable effort to determine that everything stated in this catalog is accurate. Courses and programs offered, together with other matters contained herein, are subject to change without notice by the administration of the district for reasons related to student enrollment, level of financial support, or for any other reason, at the discretion of the district and the colleges. The district and the college further reserve the right to add, amend, or repeal any of their rules, regulations, policies, and procedures.

INSTITUTIONAL LEARNING OUTCOMES (CORE COMPETENCIES)

1. Communication Skills
   a. Listening and Speaking
      Students will listen actively and respectfully to analyze the substance of others’ comments. Students will speak in an understandable and organized fashion to explain their ideas, express their feelings, or support a conclusion.
   b. Reading and Writing
      Students will read effectively and analytically and will comprehend at a college level. Students will write in an organized and grammatically correct fashion to explain their feelings and support a conclusion.

2. Thinking and Reasoning
   Students will identify and analyze real or potential “problems” and develop, evaluate, and test possible solutions using creative thinking, analysis and synthesis, quantitative reasoning, and/or transfer of knowledge and skills to a new context as appropriate.
   a. Creative Thinking
      Students will develop the skills to formulate original ideas and concepts in addition to integrating those of others in the creative process.
   b. Critical Thinking
      Students will think logically in solving problems; explaining their conclusions; and evaluating, supporting, or critiquing the thinking of others.
   c. Ethical Reasoning
      Students will demonstrate an understanding of ethical issues that will enhance their capacity for making sound judgments and decisions.
   d. Quantitative Reasoning
      Students will use college-level mathematical concepts and methods to understand, analyze and explain issues in quantitative terms.

3. Information Management
   a. Information Competency
      Students will do research at a level that is necessary to achieve personal, professional and educational success. They will use print material and technology to identify research needs, seek, access, evaluate and apply information effectively and responsibly.
   b. Technology Competency
      Students will use technology learning tools and technology applications at a level appropriate to achieve discipline-specific course requirements and standards. Demonstrated skills might include, but are not limited to: word processing and file management; use or development of simulations, web pages, databases; graphing calculators; etc.

4. Diversity
   Students will develop individual responsibility, personal integrity, and respect for diverse peoples and cultures of the world.
   a. Cultural
      Students will respect and work with diverse people including those with different cultural and linguistic backgrounds and different abilities.
   b. Social
      Students will interact with individuals and within groups with integrity and awareness of others’ opinions, feelings and values.
   c. Environmental
      Students will demonstrate an understanding of ethical issues that will enhance their capacity for making decisions and sound judgments about the environment.

5. Civic Responsibility
   Students will take personal responsibility for becoming informed, ethical and active citizens of their community, their nation and their world.

6. Life Skills
   a. Creative Expression
      Students will produce artistic and creative expression.
   b. Aesthetic Appreciation
      Students will respond to artistic and creative expressions.
   c. Personal Growth
      Students will demonstrate habits of intellectual exploration, personal responsibility, and practical and physical well-being.
   d. Interpersonal Skills
      Students will participate effectively in teams, committees, task forces, and in other group efforts to make decisions and seek consensus.

7. Careers
   Students will develop the knowledge and skills necessary to select and develop careers.

ACCREDITATION
Santa Ana College is accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC) of the Western Association of Schools and Colleges (WASC), an institutional accrediting body recognized by the Council for Higher Education Accreditation, the U.S. Department of Education, and the Veterans Administration. The college holds membership in the Community College League of California and the American Association of Community and Junior Colleges.

In addition to the current ACCJC college-wide accreditation, specified programs at Santa Ana College are also accredited by external accrediting bodies:

1. American Psychological Association (APA): for Doctoral Internship Program
2. Automotive Technology: National Automotive Technicians Education Foundation (NATEF)
4. Emergency Medical Technician: Orange County Emergency Medical Services (OCEMS)
5. Fire Technology Program - Accredited as a regional Training Program (ARTP) by the CA Office of the State Fire Marshal (OSFM)
7. Occupational Therapy Assistant: Accreditation Council for Occupational Therapy Education (ACOTE)
8. Paralegal Studies: American Bar Association (ABA)
9. Pharmacy Technology: American Society of Health-System Pharmacists (ASHP)
10. Registered Nursing: Approved by the Board of Registered Nursing (BRN) and accredited by the Accreditation Commission for Education in Nursing (ACEN)

Documents concerning the college’s accreditation, licenses, and approvals are maintained in the Office of The President of Santa Ana College. Students wishing to examine these documents may do so by contacting the Office of the President. Additional information about accreditation, including filing complaints against member institutions, can be found at: www.accjc.org.

RANCHO SANTIAGO COMMUNITY COLLEGE DISTRICT
Governed locally by a seven-member Board of Trustees elected by the citizens of the district, Rancho Santiago Community College District (RSCCD) is a part of the California community college system, one of the three segments of the public post-secondary educational systems in the state.

RSCCD, located in central Orange County, encompasses 193 square miles with a population of approximately 770,000. The district's boundaries include all of the K–12 schools within the Orange and Santa Ana Unified School Districts, as well as a portion of the Garden Grove Unified School District. RSCCD's boundaries extend from the eastern portion of the city of Garden Grove, around the perimeters of Santa Ana, Orange, Villa Park, and Anaheim Hills, and east to the Riverside County line.

Enrollment in district programs for fall 2017 totaled 53,688 with 39,269 enrolled in college credit courses and 14,419 enrolled in Continuing Education programs, which provide high school diplomas, certificates, and adult education credits. In addition, over 1000 classes are offered to students in a variety of noncredit programs including 36 certificates and an Adult High School Diploma program in Continuing Education programs.

SANTA ANA COLLEGE AND SANTIAGO CANYON COLLEGE
Santa Ana College opened in 1915 as an upward extension of Santa Ana High School, and is the fourth oldest community college in California. Initially located on the campus of Santa Ana High School, it moved to downtown Santa Ana in 1933, and then to its current location in 1947. Santa Ana College serves the city of Santa Ana and portions of the cities of Tustin, Irvine, and Garden Grove.

Santiago Canyon College is among the newest community colleges in California and began offering classes in 1985 as the Orange Campus within the Rancho Santiago Canyon Community College District. Santiago Canyon College earned its independent accreditation in January 2000, and serves the communities of Orange, Villa Park, and Anaheim Hills.

Enrollment in Santa Ana College programs during the Fall of 2017 totaled 36,543 with 27,270 students in college credit courses and 9,273 in classes for Continuing Education students. The Community Services Program serves another 1,393 residents in fee-based not for credit classes.

Santa Ana College offers 275 degrees and certificates in credit programs that prepare students for transfer to 4-year universities or careers. In addition, over 1000 classes are offered to students in a variety of noncredit programs including 36 certificates and an Adult High School Diploma program in Continuing Education programs.

DISTRICT FACILITIES
Santa Ana College is located on approximately 65 acres at 1530 W. 17th Street in Santa Ana. The college was first opened in 1915 as an upward extension of Santa Ana High School. It is the fourth oldest community college in California. Located first on the high school campus, the college was moved to downtown Santa Ana and then to the present site in 1947. Present day market value of Santa Ana College is estimated at more than $125 million dollars.

Santiago Canyon College is situated on 82 acres at 8045 E. Chapman Avenue in Orange. It opened its first phase of classrooms in fall 1985 under the name of the Orange Campus of Rancho Santiago College. The Child Development Center opened in fall 1991 to provide childcare services.

Centennial Education Center in Santa Ana and the Santiago Canyon College Orange Education Center house the college’s extensive Continuing Education programs, which provide high school diplomas, English as a Second Language and older adults courses.

OPPORTUNITY
The Rancho Santiago Community College District provides opportunities for the pursuit of excellence through educational programs and services for local residents. The purpose of these programs and services is to enhance the quality of human life by providing public access to college education. A significant number of classes are scheduled off-campus each semester in order to enhance accessibility to students. The map indicates the locations of the major instructional sites within the district.

Nondiscrimination Policy

The Rancho Santiago Community College District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities. The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

The Chancellor shall establish administrative procedures that ensure all members of the college community can present complaints regarding alleged violations of this policy and have their complaints heard in accordance with the Title 5 regulations and those of other agencies that administer state and federal laws regarding nondiscrimination.

No District funds shall ever be used for membership, or for any participation involving financial payment or contribution on behalf of the District or any individual employed by or associated with it, to any private organization whose membership practices are discriminatory on the basis of national origin, religion, age, gender, gender identity, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or because of his or her association with a person or group with one or more of these actual or perceived characteristics. Inquiries regarding compliance and/or grievance procedures may be directed to District’s Title IX Officer and/or Section 504/ADA Coordinator.

RSCCD Title IX Officer and Section 504/ADA Coordinator: Tracie Green, 2323 N. Broadway, Santa Ana, CA 92706, 714-480-7489.

Política de No Discriminación

El Distrito está comprometido a ofrecer igualdad en oportunidades para programas educativos, empleos, y a todo acceso a los programas institucionales y actividades.

El Distrito, y cada persona que representa al Distrito, debe proveer acceso a sus servicios, clases y programas sin importar el lugar de nacimiento, religión, edad, sexo, identidad de género, expresión del género, raza o etnicidad, condición médica, información genética, ascendencia familiar, orientación sexual, estado civil, incapacidad física o mental, embarazo, categoría militar o de veterano, o por creer que él o ella tiene una o más de las características mencionadas, o en base a estar relacionado con una persona o grupo que se cree tenga algunas de estas características.

El Canciller debe establecer procedimientos administrativos para asegurarse que todos los miembros de la comunidad del colegio puedan presentar quejas sobre supuestas violaciones a esta política y que sus quejas sean escuchadas de acuerdo a los reglamentos señalados en el Título 5 y por aquellos de otras agencias que administran las leyes estatales y federales sobre la no discriminación.

Ningún fondo del Distrito debe ser utilizado para la membresía, o para la participación incluyendo pagos financieros o contribuciones hechas a organizaciones privadas de parte del Distrito o de cualquier individuo empleado por el Distrito o con asociación, cuyas prácticas de membresía son discriminatorias en base a lugar de nacimiento, religión, edad, sexo, identidad de género, expresión del género, raza, color, condición médica, información genética, ascendencia familiar, orientación sexual, estado civil, incapacidad física o mental, embarazo, categoría militar o de veterano, o por creer que él o ella tiene una o más de las características mencionadas, o en base a estar relacionado con una persona o grupo que se cree tenga algunas de estas características.

Preguntas sobre el cumplimiento y/o el procedimiento para quejas pueden ser dirigidas al Oficial del Distrito a cargo del Título IX en RSCCD y Coordinador de la Sección 504/ADA: Tracie Green, 2323 N. Broadway, Santa Ana, CA 92706, 714-480-7489.

Chính sách bất kỳ thỉ!

Sở Giáo dục Hệ thống Đại học Rancho Santiago (RSCCD) ha quyết tâm tạo cơ hội bình đẳng trong chương trình giáo dục, trong việc thụ hưởng nền kinh tế, và trong tất cả các chương trình và sinh hoạt thuộc phạm vi Sở.

Sở và mỗi cá nhân đại diện cho Sở, sẽ cung cấp dịch vụ, lớp học, và chương trình mà không phân biệt được quốc tịch, tôn giáo, tuổi tác, phải lòng, đặc điểm gia đình, cách thể hiện phái tính, chúng tọc hoặc dân tộc, màu da, tình trạng sức khỏe, tình trạng sinh lý, người có khuyết tật, ông hoặc bà, người có quyền lợi và vai trò của mình, hoặc vì người đó được cho là có một hay hơn một đặc tính kể trên, hoặc dựa vào sự liên quan với một người hoặc nhóm có đặc tính được cho là có một hay hơn một đặc tính kể trên.

Vì tổng quan trị sẽ đặt ra các thủ tục hành chính nhằm bảo đảm rằng mọi thành viên trong trường đại học có thể tiếp cận với các chương trình và hoạt động của Sở, và các chi tiết cần được đăng nghe tử theo các quy định thuộc Điều 5 và các quy định của các cơ quan thi hành luật lệ bang và liên bang liên quan đến việc bất kỳ thỉ.

Ngạn ngữ của Sở sẽ không bao giờ được dùng để làm hỏi viễn, hoặc tham gia bất kỳ việc gì có trái với hoặc đóng góp tiền đền nghĩa của Sở hoặc của nhân viên làm việc cho Sở hoặc liên đội với Sở, cho bất cứ tổ chức tư nhân nào mà có sự kỳ thị dựa trên căn bản nguồn gốc quốc gia, tôn giáo, tuổi tác, phải lòng, đặc điểm gia đình, cách thể hiện phái tính, chúng tọc, màu da, tình trạng sức khỏe, tình trạng sinh lý, người có quyền lợi, ông hoặc bà, người có quyền lợi và vai trò của mình, hoặc dựa vào sự liên quan với một người hoặc nhóm có đặc tính được cho là có một hay hơn một đặc tính kể trên.

RSCCD Title IX Officer and Section 504/ADA Coordinator: Tracie Green, 2323 N. Broadway, Santa Ana, CA 92706, 714-480-7489.
ACADEMIC FREEDOM POLICY
The teacher should be free to think and to express ideas, free to select and employ materials and methods of instruction, free from undue pressures of authority, and free to act within his/her professional group. Such freedom should be used judiciously and prudently to the end that it promotes the free exercise of intelligence and student learning. Academic freedom is not an absolute. It must be exercised within the law and the basic ethical responsibilities of the teaching profession. Those responsibilities include:
1. An understanding of our democratic tradition and its methods.
2. A concern for the welfare, growth, maturity, and development of students.
3. The method of scholarship.
4. Application of good taste and judgment in selecting and employing materials and methods of instruction.

(Santa Ana College Faculty)

SANTA ANA COLLEGE RATES OF STUDENT PROGRESS STUDENT RIGHT-TO-KNOW ACT
The rates below are placed here in accordance with the federally mandated Student Right-to-Know Act

Student Right-to-Know Rates for Fall 2010 Cohort
Completion Rate: 23.13 %
Transfer Rate: 9.74 %

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of our college district to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2010, a cohort of all certificate, degree, and transfer-seeking first-time, full-time students were tracked over a six year period. Their completion and transfer rates are listed above. These rates do not represent the success rates of the entire student population at Santa Ana College nor do they account for student outcomes occurring after this six year tracking period.

Based upon the cohort defined above, a Completer is a student who attained a certificate or degree or became ‘transfer prepared’ during a six year period, from Fall 2010 to Spring 2016. Students who have completed 60 transferable units with a GPA of 2.0 or better are considered ‘transfer prepared’. Students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming ‘transfer prepared’ during an eleven semester period, from Spring 2011 to Spring 2016, are transfer students.

VIOLENCE AGAINST WOMEN ACT (VAWA)
On March 7, 2013, President Obama signed into federal law the Violence Against Women Reauthorization Act of 2013 (VAWA), which is aimed at improving how colleges and universities in the U.S. address sexual violence. This new law imposes obligations for the District to revise its policy and practices to comply with new regulations that address and prohibits acts of violence such as, sexual assault, domestic violence, dating violence and stalking, and it clarifies the rights of victims. The new regulations also include:

• Reporting campus crime statistics beyond the crime categories that the Clery Act already mandates, to which now include incidents of domestic violence, dating violence and stalking, as well as crimes motivated by gender identity or national origin;
• Providing comprehensive educational prevention and awareness programs for incoming students and new employees, in addition to ongoing prevention and awareness campaigns for students, faculty and employees that identifies and defines sexual assault, rape, acquaintance rape, domestic violence, dating violence and stalking; and
• Conducting annual training for investigators and hearing officers who investigate and review reported offenses. In addition, both Title IX and VAWA legislation permits the District to assist both the victim and the accused with:
  • An investigation
  • Counseling and medical services Choosing a support person to accompany them throughout proceedings

STUDENT CONSUMER INFORMATION

FAMILY EDUCATION RIGHTS AND PRIVACY
As required under the provisions of the Family Education Rights and Privacy Act of 1974, the Rancho Santiago Community College District will make public without student consent only certain directory information. This information consists of the following: a student’s name; city of residence; major field; participation in officially recognized activities and sports; weight, height, and age if a member of an athletic team; dates of attendance; degree and awards received; and the most recent previous educational institution or agency attended by the student.

A student may request the Admissions and Records Office to withhold this information. Such request must be in writing and submitted each semester.

F.E.R.P.A. FAMILY EDUCATION RIGHTS AND PRIVACY NOTIFICATION
The Family Education Rights and Privacy Act of 1974 provides colleges the right to consent to disclose personally identifiable information contained in the student’s education records to third party vendors who are identified as School Officials and who have legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including district safety personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees, or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

Santa Ana College contracts with the following School Officials:

• CCCApply (Unicon)
• Datatel Colleague
• Credentials (Online transcript request)
• ECS Imaging (optical imaging)
• Image Now (optical imaging)
• Xerox
• Auditors (Medpro and Quest (Health Center))
SEXUAL HARASSMENT POLICY (TITLE IX)
Board Policy 3430 (BP3430) Prohibition of Harassment prohibits all forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence. Sexual violence includes dating violence, domestic violence and stalking. The District shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics.

The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Students can file a harassment complaint with the Vice Chancellor, Human Resources who can be contacted at 2323 N Broadway, Suite 407-2, Santa Ana, CA 92706 Telephone Number (714) 480-7489

Or with the Santa Ana College’s Associated Dean of Student Life at: Their office at VL 108 or (714) 564-6212.

The procedures for filing and investigation of a discrimination complaint can be found at: https://www.rsccd.edu/Trustees/Pages/AR-3435.aspx

The District also strictly prohibits retaliation against any individual for filing a complaint of harassment or sexual violence or for participating in such an investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student or employee who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AP 3435. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

SEXUAL AND OTHER ASSAULTS ON CAMPUS (TITLE IX)
Any sexual assault or physical abuse, including, but not limited to, rape, as defined by California law, whether committed by an employee, student, or member of the public, that occurs on district property, is a violation of district policies and procedures, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures. Students, faculty, and staff who may be victims of sexual and other assaults shall be treated with dignity and provided comprehensive assistance. The Chancellor shall establish administrative procedures that ensure that students, faculty, and staff who are victims of sexual and other assaults receive appropriate information and treatment, and that educational information about preventing sexual violence is provided and publicized as required by law. The procedures shall meet the criteria contained in EC 67385 and 67385.7 and 34 C.F.R. § 668.46. See Administrative Regulation AR3540.

Students who have been the victim of sexual violence should contact SAC Campus Safety and Security at (714) 564-6330.

Students can receive care, confidential psychological counseling, and assistance through SAC Student Health and Wellness Services located in U-120, or contact the office by telephone at (714) 564-6216. Additional information and resources can be found at www.rsccd.edu/Departments/Risk-Management/TitleIX/Pages/default.aspx.

Alternatively, students can file a Sexual Assault complaint (Title IX), which includes harassment or sexual violence with the Vice Chancellor, Human Resources who can be contacted at: 2323 N Broadway, Suite 407-2, Santa Ana, CA 92706 Telephone Number (714) 480-7489

Or with the Santa Ana College’s Associated Dean of Student Life at: Their office at VL 108 or (714) 564-6212.

The procedures for filing and investigation of a discrimination complaint can be found at: https://www.rsccd.edu/Trustees/Pages/AR-3435.aspx

SMOKING AND TOBACCO USE IN DISTRICT FACILITIES AND VEHICLES
Smoking is prohibited in all campus areas including all District owned, rented or leased properties and vehicles, except in designated parking lot areas and within 20 feet of entrances, exits, and operable windows.

Smoking is defined as the use of products containing tobacco and/or nicotine, including but not limited to smokeless tobacco, clove cigarettes, or any other smoking products, and any and all electronic or “e-cigarettes”, which are unapproved nicotine delivery devices, unregulated by the FDA.

Public performances in which smoking is an integral and necessary part of the production are excluded from these regulations.

These regulations apply to employees, students, visitors and all other persons who use District owned or rented/leased facilities and vehicles. Failure to comply with these regulations may result in disciplinary action.

It is the responsibility of every District employee to comply with these regulations and report violations to District Safety.

These regulations do not supersede more restrictive policies which may be in force under State and Federal regulations. (AR-3570)
ADMISSIONS AND REGISTRATION

ADMISSION ELIGIBILITY
You may attend Santa Ana College if you meet one of the conditions below:

You are a high school graduate

OR
You are a person in possession of a California high school proficiency certificate

OR
You are 18 years of age or older who can profit from instruction

OR
You are a high school student qualifying for Career Advanced Placement program.

OR
You are an international student with a valid Visa.

APPLICATION
New students and students returning after an absence of two consecutive semesters (not including summer) must file an application on-line for admission to the college.

To complete the online application, please log on to www.sac.edu and click on the “Apply to College” link at the top of the page to apply via the OpenCCCApply website. Within 24 – 72 hours you will receive an email with your WebAdvisor Login which will allow you to go online, change your password, and view your registration date and time. If you are a returning student, your WebAdvisor Login and student ID will remain the same.

Application dates:

Fall semester: Beginning April 1
Spring semester: Beginning November 1
Summer session: Beginning April 1
Spring Intersession: Beginning November 1

RESIDENCY
All students are classified as a resident of the State of California or non-resident when applying for admissions.

“Resident students” are those who have resided within California for at least one year prior to the residence determination date and have met the residency standards stipulated in Title 5 of the California Code of Regulations. The “residence determination date” is the day immediately preceding the opening day of instruction each semester or summer session during which the student proposes to attend.

“Nonresident students” are those who have not established California residence status in the state for at least one year prior to the residence determination date or those who hold certain non-immigrant visas which preclude them from establishing residence. Foreign students admitted to the United States under student visas are classified as nonresidents.

1. Persons who are under 18 years of age (minors) establish residence in accordance with above “residency” definition and the following:
   a. Married minors may establish their own residence.
   b. The residence of the parent with whom an unmarried minor child maintains a place of abode is the residence of the unmarried minor child. When the minor lives with neither parent, residence is that of the parent with whom the minor last resided. The minor may establish residence when both parents are deceased and a legal guardian has not been appointed.
   c. The residency of unmarried minors who have a parent living cannot be changed by their own acts, appointment of legal guardians, or relinquishment of a parent’s right of control (EC 68062).
2. Persons who are 18 years of age or older (adults) establish residency in accordance with EC 68017 (see above). Adult residency begins after the 18th birthday.
3. A person’s residency shall not be derived simply by being married. A man or a woman establishes his or her residency independent of his or her spouse. Many of the objective manifestations may be shared, but each may have some evidence of intent that is not shared.
4. If a student holds an Employment Authorization Card or a VISA including, but not limited to, any one of the following visas: B-1/B-2, C, O-1/O-2, F-1/F-2, H-2/H-3, J-1/J-2, M-1/M-2, O-2, P-1/P-2/P-3/P-4, Q, TN/TO, the students must present documentation to the Admissions and Records Office for review to determine residency status.

5. Exceptions:
The California Education Code and provisions in state law allow certain non-residents the opportunity to pay instate tuition. Eligibility criteria are noted below.

Students who believe they are eligible for an exemption based on any one of the following criteria should consult the Office of Admissions and Records when they apply:

a. Students who are members of the armed forces of the United States who are stationed in this state on active duty, except those assigned to California for educational purposes.

b. Spouses and dependents (natural or adopted children or stepchildren) of active members of the armed forces.

c. Students who are eligible as covered individuals as defined in the Veterans Access, Choice and Accountability Act of 2014 (VACA Act) who are taking advantage of their Chapter 30 or 33 benefits.

d. Parents who are federal civil service employees and have moved to California as a result of a military realignment action that involves the relocation of at least 100 employees. This exemption also applies to the natural or adopted children or stepchildren of such employees.

e. Students who are under 20 years old and served by the California Foster Care System.

f. Students who have completed at least three years of high school in California and have graduated from a California high school. Students must fill out and submit the “AB 540 Affidavit for Exemption” for consideration.

6. Specific residency problems and questions will be answered by the Admissions and Records Office.

AB 540
Pursuant to Education Code 68130.5 (AB 540), any student, other than a nonimmigrant alien, who meets all of the following requirements, shall be exempt from paying nonresident tuition at the California Community Colleges, the University of California, and the California State University (all public colleges and universities in California).

1. Requirements:
   a. Attended a combination of California high school, adult school, and community college for the equivalent of three (3) years or more
   b. Have three (3) or more years of California high school coursework and attended a combination of California elementary, secondary, and high school of three (3) years or more
c. Have graduated or will graduate with a California high school diploma or have the equivalent (i.e. California-issued GED, CHSPE)
d. Have completed or will complete an associate’s degree from a California Community College
e. Have completed or will complete the minimum requirements at a California Community College or transfer to the California State University or the University of California
f. In the case of a person without lawful immigration status, the filing of an affidavit with the college stating that the student has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so
g. All students who meet AB540 or AB2000 requirements must file an affidavit with the college. The affidavit is included in the California Non-Resident Tuition Exemption form which is available in the Admissions & Records Office
h. Students living outside the state and enrolled in distance education are not eligible for the AB540/AB2000 exemption

2. Students who are non-immigrants [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.
3. The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
4. Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each institution.
5. Non-resident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be “non-residents”.
6. As a component of The California Dream Act, AB 131 allows students who meet AB 540 criteria to apply for and receive state-funded financial aid such as community college fee waivers, Cal Grant and Chafee Grant.

INTERNATIONAL STUDENT ADMISSIONS
A limited number of international students (F-1 Visa) are eligible for admission to the college each year. International students who plan to attend under a student visa should apply to the International Student Office for forms and instructions. Application deadlines are July 1 for admission to the college each year. International students who plan to attend under a student visa should apply to the International Student Office for forms and instructions. Application deadlines are July 1 for the fall semester, December 1 for the spring semester, and April 1 for the summer session. A $50.00 application fee is required with the application. For more information call 714-564-6047.

Admission Policy of International Students on F-1 Visa Status:
1. The international student must submit a complete, official academic transcript of all high school and previous college work attempted. Transcripts must be officially translated into English, bear the school seal, and be signed by the registrar or another appropriate official. Applicants are considered for admission only if their course grades are above average (C+ or higher).
2. International students must have sufficient knowledge of English to enable them to profit from instruction at the college level. Adequacy of English proficiency is determined by a satisfactory score (450+) on the Test of English as a Foreign Language (TOEFL), administered worldwide by the Educational Testing Service, Box 899, Princeton, New Jersey 08540.
3. International students must be at least 18 years of age unless they are graduates of an accredited United States high school.
4. Students on the F-1 Visa must present evidence that they have financial resources to defray costs during the period of attendance at the college. Appropriate annual costs for a student enrolled in 12 units each semester are: a nonresident tuition fee of $7,032.00; health insurance, $1,560.00; textbooks and supplies, $800.00; living expenses, $12,000.00, enrollment fee $1,104.00, other fees $223.00 for a total of $22,719.00. This figure does not include transportation costs or summer school tuition.
5. International student applicants must be in good physical health as certified by a licensed physician on the form provided by the college. Measles and poliomyelitis immunization must be completed. The physical examination by a physician must include a chest x-ray report and indicate that students have no contagious disease.
6. Proof of health insurance is required prior to registration. The college accepts no responsibility for medical expenses incurred by international students.
7. The colleges in the Rancho Santiago Community College District do not provide housing for their students; however, placement with an American Host Family is available upon request. Many apartment complexes are located near the campus. A listing of apartments will be made available to all new students and assistance with locating housing will be provided.
8. International students are required to enroll in English as a Second Language/English for Multi-Lingual students during their first semester.

INTERNATIONAL TRANSCRIPTS - EVALUATION PRACTICES
Santa Ana College may grant credit for college coursework completed outside of the United States. Students must submit their records to a Santa Ana College recognized evaluating agency, in order to obtain an equivalency/evaluation report (contact the Admissions Office or Counseling Division for listings of evaluating agencies). Once the Admissions Office at Santa Ana College receives the equivalency/evaluation report, an official evaluation will be conducted to determine course applicability.

The following guidelines apply to coursework completed outside of the United States.

- There is no transfer credit limit a student may be granted for coursework completed outside of the United States. However, Santa Ana College may only grant credit for lower division classes.
- College credit may only be granted toward Santa Ana College associate degree and certificate programs.
- Coursework may not be used to fulfill the following General Education Requirements: English Composition, American Institutions, Reading, and Oral Communication.
- Courses intended to fulfill major requirements must be submitted to the major department for approval.
- Coursework may not be used to fulfill General Education Certification requirements for CSU-GE or IGETC (with the exception of Area 6- Languages Other Than English).
- Santa Ana College may not determine course transferability to other colleges and universities.
- Students who have completed coursework outside of the United States are encouraged to meet with a counselor to determine course and program applicability.

STUDENT SUCCESS AND SUPPORT PROGRAM
The Student Success and Support Program (SSP) is designed to support the transition of new students into the college by providing core services that promote academic achievement and successful completion of degrees, transfer preparation, career education certificates, or career advancement. In an effort to promote student success, English and Math placement testing, orientation and advisement toward the development of an education plan are core services required of all entering students, as mandated by the state (effective Fall 2014). Students must also declare a course of study (major), and receive advisement towards the development of a Comprehensive Education Plan no later than the semester after which
the student completes 15 degree applicable units. Not completing these core services may result in the loss of priority registration.

The first three requirements of the Student Success and Support Program can be easily accomplished by following the linked steps below:

- Take the English and Math Placement Tests. All Associate degree and transfer programs require English and Math. Even if the student’s academic goal does not require English or Math, the placement test results are very helpful when it comes to selecting courses and ensuring that the student will successfully pass the courses. Once the student take the placement tests the student will be scheduled for a group new student orientation and advisement. To schedule an English and Math Placement Test appointment go to: www.sac.edu/studentservices/testingcenter

- Attend a New Student Orientation and Advisement Session to receive valuable information to help the student select and reach your academic goal, and learn about the many programs, certificates, degree pathways and student support services offered at Santa Ana College.

- Create an Abbreviated Education Plan during the orientation and advisement session. An Abbreviated Educational Plan states the student’s academic goal and the first courses you need to reach a goal. If the student has completed a prerequisite course at another college, or if the student took placement testing at another college, bring transcripts and/or English and Math placement results to the Counseling Center to determine if the student is exempt from testing, and to develop an Abbreviated Education Plan. The student may be referred to our online orientation or other alternate core services at that time to complete the 3SP requirements. The Counseling Center is located in the Administration (S) Building, or call 714-546-6103.

- To complete the final Student Success and Support Program requirement for entering students, the student must also declare a major course of study, and receive advisement towards the development of a Comprehensive Education Plan. This can be accomplished by enrolling in a counseling course, attending an educational planning workshop, or by scheduling an appointment with a counselor.

Under certain circumstances the student may be exempt from the requirements of completing an orientation, placement testing and an educational plan. For more information, go to the Counseling Division Homepage on the SAC Website, under Student Success and Support Program (3SP) at www.sac.edu/StudentServices/Counseling/3sp/Pages/default.aspx.

**ASSESSMENT**

**Who should complete testing?**

All new and returning students per the state mandates under the Student Success & Support Program (3SP).

If you plan to enroll in English, EMLS/ESL, Reading, Math, and some Science courses.

For more information go the Counseling Division homepage on the SAC website and look under Student Success & Support Program (3SP).

**What if I tested at another college?**

- You can bring a copy of the placement results in English, Reading, and Math which must include your name, name of the placement test(s), the raw score, test date(s), and class placement to the Assessment Center (L-223) for review. You can also meet with a Counselor in the Counseling Center located in S-112.

- A Counselor may be able to also review your high school transcripts if you graduated within the last 10 years to make a placement recommendation along with your placement test results.

- English results are good for two years.

- Math results are good for 1 year.

- ESL test scores from other institutions are not accepted.

**TYPES of placement tests that you might take**

- **College Test of English Placement (CTEP).** This test is for students that have studied English and/or ESL in school for at least seven years or who use English on a daily basis.

- **Test of English Language Development (TELD).** This test is for students who have not studied English for seven years or who do not use English as their primary language.

- If you are not certain of which test CTEP or TELD to take, please talk with a Counselor.

- **College Test of English Placement (CTEP-Reading Comprehension).** This test is used to determine reading comprehension.

- **Math Diagnostic Testing Project (MDTP).** This test is for math and has four levels that you will choose from based on your previous math preparation.

**REGISTRATION**

**Continuing Students**

A continuing student is a student who has not missed two consecutive full semesters. The student may check online via WebAdvisor for a registration date and time and may register any time thereafter until the Friday before the semester begins. Students are encouraged to see a counselor each semester in order to review their academic progress before completing registration.

**New and Former Students**

New or former students who complete an Admission application online will receive registration information by email within 1–3 business days.

**Priority Registration**

Santa Ana College will provide priority registration for students who enroll in a community college for the purpose of degree or certificate attainment, transfer to a four year college or university, or career advancement. These enrollment priorities were established Fall Semester, 2013.

- Students who have completed orientation, assessment, and developed student education plans and are eligible as a member of the armed forces or a veteran pursuant to Education Code section 66025.8 or as a foster youth or former foster youth pursuant to Education Code section 66025.9.

- Students who have completed orientation, assessment, and developed student education plans and are eligible and receiving services through Disabled Student Programs and Services or Extended Opportunity Programs and Services;

- CalWORKs students

- Athletes who have completed orientation, assessment, and developed education plans.

- First time students participating in the Early Decision/ Early Welcome programs who have completed orientation, assessment, and developed student education plans

- Continuing students, not on academic or progress probation for two consecutive terms as defined in these policies and procedures

- New matriculating students with educational plan

- New non-matriculating students Probationary students (academic and progress) & students with 100- degree applicable units

- Career Advanced Placement (CAP) – concurrently enrolled high school students
Loss of Registration Priority

The state of California has adopted Title 5 Regulation 58108 (j), establishing enrollment priorities for students attending California Community Colleges. The regulation will affect the dates/times in which students are allowed to register for classes. This policy was established Fall Semester, 2013.

Continuing students at Santa Ana College will lose their enrollment priority for the following reasons:

1. Student has attempted 12 units and his/her RSCCD cumulative GPA has fallen below 2.0 for two consecutive semesters;
2. Student has attempted 12 units and the percentage of all coursework at SAC/SCC has an entry of “W,” “I,” “NP” and “NC” which reaches or exceeds fifty percent (50%) § 55031;

IMPORTANT NOTE: Registration priority shall be lost at the first registration opportunity after a student is placed on academic or progress probation or any combination thereof for two consecutive terms.

3. Student has earned 100 or more degree applicable units from Santa Ana and Santiago Canyon Colleges.

Students who have SAC as their home campus can submit a petition for appeal to the Admissions Office at SAC for the following reasons: 1) there were extenuating circumstances (verified cases of accident, illness) and can provide documentation; 2) students with disabilities who applied for but did not receive accommodation in a timely manner; 3) can demonstrate SIGNIFICANT academic improvement in a subsequent term. Students may also regain registration priority by sitting out two consecutive semesters.

Students who have earned 100 or more degree applicable units can appeal if they have declared a high unit major and are currently working toward a degree. Forms for these appeals can be obtained in Admissions and Records or downloaded from the college website.

Late Registration

Instructor signature or add code is required on all adds after the semester begins.

SCHEDULE OF CLASSES

The Schedule of Classes is prepared each semester and is available online. It includes general information, courses offered, hours, rooms, and instructor names. Classes added to the schedule after publication may be accessed online.

STUDENT PHOTO IDENTIFICATION CARD

All Santa Ana College students are provided with a photo identification card as part of the college registration and matriculation process. The card will be required for use of the college Library, Health & Wellness Center, academic support services, and more beginning January 2017. Photo I.D. is located in the Cashier’s Office in VL-205B.

FULL-TIME – PART-TIME DEFINITION

<table>
<thead>
<tr>
<th>Full-time students (Fall and Spring)</th>
<th>12 or more units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Part-time students (Fall and Spring)</td>
<td>Less than 12 units</td>
</tr>
<tr>
<td>Full-time students (Summer)</td>
<td>6 units</td>
</tr>
<tr>
<td>Part-time students (Summer)</td>
<td>Less than 6 units</td>
</tr>
</tbody>
</table>

Students receiving social security benefits or satisfying the requirements of insurance companies must be carrying 12 or more units to be eligible.

Veterans Administration eligibility uses the following definition:

<table>
<thead>
<tr>
<th>Full-time</th>
<th>12 or more units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Three-fourth benefits</td>
<td>9 through 11 units</td>
</tr>
<tr>
<td>One-half benefits</td>
<td>6 through 8 units</td>
</tr>
</tbody>
</table>

Any change in veteran status, whether it be increase, decrease, or complete withdrawal, must be brought to the attention of the Veteran’s Office immediately.

CLASSIFICATION OF STUDENTS

<table>
<thead>
<tr>
<th>Career Advanced Placement</th>
<th>one who has not graduated from high school.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sophomore</td>
<td>one who has completed 0-29 units.</td>
</tr>
<tr>
<td>Graduate</td>
<td>one who has completed 30 or more units.</td>
</tr>
</tbody>
</table>

SUMMER SESSION

The colleges offer a four-, six- and eight-week summer program of morning and evening courses. Summer courses can remove high school or college deficiencies and advance the students toward an educational goal.

WEEKEND COLLEGE

Classes are offered on Friday evenings and Saturdays and Sundays so that students can earn units applicable to the associate degree, acquire occupational skills, earn units for transfer to four-year schools, or gain personal enrichment.

CAREER ADVANCED PLACEMENT PROGRAM (CAP)

High School Career Advanced Placement Student or “CAP” Student is registering for a college class. This is a limited program geared toward educational enrichment not remediation.

- CAP students will be receiving college credit for this class whether or not the units are used toward high school graduation. This means a college transcript is generated listing the class or classes and the grades earned. This establishes a permanent record with the college.
- CAP students are required to attend class until the end of the semester unless the student decides to drop the class online prior to the deadline identified in the schedule of classes. The drop deadline is set when 75% of the course has been completed. The student will receive a “W” when the student drops after the first two weeks of a full semester or after the first week of the summer session. Please read class section details listed in Web Advisor (Online Records) for important refund and drop deadlines.
- CAP students must attend all classes. Material covered in college courses is at a faster pace than high school classes. Expect to spend twice as much time outside of class as in class completing assignments and homework. Students who are currently enrolled in grades K-8 are required to pay all college fees.
- Enrollment fees are not charged to high school students enrolling in 11 units or less. If the student enrolls in 12 units or more during Fall and Spring semesters, the student will be charged the current enrollment fee for all units. Further, during intersession and summer sessions, if the student enrolls in 6 units or more, the student will be charged for all units enrolled. All concurrently enrolled high school students are charged health fees. CAP students by law do not have priority registration. Santa Ana College maintains open campuses. Students function under Standards of Student Conduct (Board Policy 5201), and there is an expectation that adult behavior will be displayed by students on campus. Academic honesty is a requirement, and sanctions are identified in course overviews which are distributed by faculty on the first day of class. Students are responsible for their own transportation and materials on campus.

Under the California Code of Regulations, title 5, section 58108 “a district may establish a priority registration system which would accord adult students higher registration priority.”

Grades recorded for these classes are permanent and create a college transcript. The transcript information is confidential and is only accessible by the student. All college information is confidential and not accessible to parents or guardians.
PREREQUISITES, COREQUISITES AND RECOMMENDED PREPARATION FOR COURSES

The colleges of the Rancho Santiago Community College District have adopted a policy on course prerequisites, corequisites, and advisories in order to provide for the establishing, reviewing, and challenging of prerequisites, corequisites on recommended preparation, and certain limitations on enrollment in a manner consistent with law and good practice. The policy, which is specified for implementation as an administrative regulation, is established pursuant to regulations contained in Article 2.5 (commencing with Section 55200) of Sub Chapter 1 of Chapter 6 of Title 5 of the California Code of Regulations. The RSCCD Board of Trustees recognizes that if these prerequisites, corequisites, and limitations are established unnecessarily or inappropriately, they constitute unjustifiable obstacles to student access and success and, therefore, the Board adopts this policy which calls for caution and careful scrutiny in establishing them. Nonetheless, the board also recognizes that it is as important to have prerequisites in place where they are a vital factor in maintaining academic standards and in assuring the health and safety of students as it is to avoid establishing prerequisites where they are not needed. For these reasons, the Board has sought to establish a policy that fosters the appropriate balance between these two concerns.

IMPORTANT DEFINITIONS

If a student should see the words Prerequisite or Corequisite in the catalog, it is important to understand the definitions of these terms. Note that prerequisites and corequisites can be challenged. See Prerequisite Challenge Policy for more information.

Prerequisite indicates a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite.

Corequisite indicates a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.

Recommended Preparation indicates that while a course is not required prior to enrollment, it is highly advised in order to strengthen the likelihood of success in subsequent courses.

PREREQUISITE CHALLENGE POLICY AND PROCEDURES COURSE PREREQUISITE POLICY

Prerequisite means the preparation or previous course work considered necessary for success in the course. The College requires students to complete prerequisites as pre-enrollment preparation. Prerequisites which are listed in the College Catalog include:

1. Courses for which specific prerequisites have been established;
2. Sequential course work in a degree-applicable program, and;
3. Courses in which an equivalent prerequisite exists at a four-year transfer college or university.

Questions about prerequisites are best resolved with a counselor prior to the first day of class.

PREREQUISITE CHALLENGE PROCESS

A prerequisite challenge requires written documentation, explanation of alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite Challenge Form can be obtained from the appropriate instructional office. Prerequisites may be challenged for one or more of the following reasons:

1. The college has not developed the prerequisite according to its established procedures or has not developed the prerequisite in accord with existing statutes.
2. The prerequisite is discriminatory or is being applied in a discriminatory fashion.
3. The college has not made the prerequisite course reasonably available.
4. The student has documented knowledge and abilities equivalent to those specified in the prerequisite course.

If space is available in a course when a student files a challenge to the prerequisite or corequisite, the district shall reserve a seat for the student and resolve the challenge in a timely manner. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning or registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

NOTE: Students who are challenging a course which is a requirement for a degree or certificate may wish to use the Credit by Examination process to receive credit for the challenged course.

Specific regulations and procedures relating to course prerequisites, corequisites, and advisories are on file in the office of the Vice President of Academic Affairs at Santa Ana College.

MULTIPLE AND OVERLAPPING ENROLLMENTS (BP4226)

1. Students may only enroll in two or more sections of the same credit course during the same term if the length of the course provides that the student is not enrolled in more than one section at any given time.
2. Students may only enroll in two or more courses where the meeting times overlap under the conditions specified in Title 5 Section 55007.

FEES, TUITION, AND EXPENSES

1. All students are required to pay enrollment fees of $46.00 per unit.
2. A health fee of $19.00 per semester ($16.00 for summer and $18.00 for intersession) is charged to all students whether or not they choose to use health services.

Health Fee Exemptions (Education Code 76355): (1) Any student who depends exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization, provided that the student presents documentary evidence of an affiliation with such a bona fide religious sect, denomination, or organization. (2) Any student enrolled in an approved Apprenticeship Program. A request for an exemption may be filed at the Admissions and Records Office.
3. A parking permit is required each semester for students parking on campus. It may be purchased at registration via WebAdvisor. A College Student Life and Leadership fee of $10.00 is payable at registration for classes. This fee is optional. Students who do not wish to pay this fee may request a prompt refund by calling 714-564-6430 or by visiting the Cashier's Office, VL-205B. Refunds must be requested before your drop for non-payment date.

4. Representation fee of $2.00. This fee is mandatory.

5. A transportation fee of $6.75 for full-time students (12+units) and $5.75 for part-time students (5–11 units) is charged to all students whether or not they choose to use the transportation discount service (OCTA ride program).

6. Student ID cards are FREE of charge and available at the Campus Cashiers Office.

**Non-resident Tuition**

Non-resident Tuition: $293.00 per unit in addition to the per enrollment fee for out of state residents and for students who are a citizen of a foreign country. Refer residency questions to the Admissions Office. Visa or MasterCard, American Express and Discover are accepted for all fees.

All tuition, fees, and expenses are subject to change with new state legislation.

**Textbooks and Supplies**

Textbooks, supplies, and athletic equipment must be purchased by the student. Special fees required for certain courses are indicated in the class schedule.

**Fees and tuition are subject to change by the state legislature,** Community College Board of Governors, or District Board of Trustees.

**DROP FOR NON-PAYMENT**

Drop for Non-payment Policy: Enrollment fees must be paid in full within only 3 days of registration (including weekends and holidays) or unpaid classes may be dropped and released to other students. The day you register is counted as day 1.

In addition to the 3-day non-payment drop policy, there is a final outstanding balance drop date. **All fees must be paid in full by the Friday before the start of the semester.** No balance will be carried over into the start of the semester. **It is the student’s responsibility to drop by the refund deadline to avoid any fees for late adds.**

**REFUND OF TUITION AND ENROLLMENT FEES**

Students are eligible for full refunds of fees provided they have officially dropped from classes prior to the refund deadline or their classes have been canceled by the college. There is no refund for classes added after the refund deadline date. (See current WebAdvisor schedule for refund deadline)

Students who withdraw from class(es) through the first two weeks of instruction or 10% of the class may request a 100% refund. Students withdrawing after the second week of instruction are not eligible for a refund. (See current semester schedule.)

Refunds are based upon the date the student withdraws from the course online. No refund will be processed until assurance has been given that any check in payment for tuition has been cleared.

Enrollment Fee refunds are granted in accordance with established provisions of the community college education code. Contact the Cashier’s Office or refer to the current class schedule for details of the refund policy and procedures.

**There is no refund for variable units not completed.**

**WITHHOLDING OF STUDENT RECORDS**

Students or former students who have failed to pay a proper financial obligation shall have grades, transcripts, diplomas, and registration privileges withheld.

**SOLOMON AMENDMENT FOR MILITARY RECRUITERS**

The Solomon Amendment is a federal law that allows personally identifiable student information to be released to recruiters that would have been denied them under FERPA. This law mandates that institutions receiving federal financial aid must fulfill military recruitment requests for access to campus and lists of students. If Santa Ana College fails to comply with these requests from military recruiters, the college will lose federal financial aid funding. Santa Ana College releases only directory information to military recruiters.
Financial Aid programs

Financial Aid is intended to help students who might not otherwise be able to attend school. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Federal and State financial aid programs have been established to provide assistance for students with documented financial need.

The application process for financial aid begins with the completion of the Free Application for Federal Student Aid (FAFSA), which is available in October for the following fall semester. AB 540 Students and DACA students should complete the California Dream Act instead of the FAFSA. In order to qualify for financial aid, a student must be enrolled in an eligible program of study leading to completion of an AA/AS degree, transfer requirements or a certificate program; maintain satisfactory academic progress; for most programs, have demonstrated financial need; be a U.S. citizen or eligible non-citizen; certify compliance with selective service registration requirements; not be in default on any loan or owe a refund on any grant made under any Title IV program; have a high school diploma or GED.

For additional information stop by the Financial Aid Office at Santa Ana College, call 714-564-6242 or visit our web page at sac.edu/StudentServices/FinancialAid/.

Withdrawals and Repayment of Financial Aid Funds

Federal aid recipients who withdraw or are dropped from all classes by the instructor are subject to regulations regarding the Return of Title IV funds. Students who withdraw or are dropped from all classes prior to completing more than 60% of the enrollment period are subject to these rules. See the Financial Aid Office for this 60% date. Based on the date of the complete withdrawal or drop, the Financial Aid Office will determine the amount, if any, of “unearned” federal financial aid received by the student. If the student received more financial aid than the amount entitled to, the student will be billed for the overpayment. To avoid repayment, financial aid recipients are cautioned to 1) avoid total withdrawal from all classes, 2) successfully complete at least one class during the semester, 3) repay any “unearned” financial aid as soon as possible to regain eligibility for financial aid.

Federal PELL Grant

This is a grant and does not have to be repaid. PELL is a federally funded program designed to be the foundation of financial aid for undergraduates who demonstrate need. The amount of the PELL Grant is based on the cost of attendance, the estimated family contribution (EFC), and the student's enrollment status at the time of payment. Award amounts vary from $600 to $6,095 for the academic year.

Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG is another federally funded nonrepeyable grant that is available to undergraduate students who demonstrate financial need. Priority in awarding FSEOG funds must be given to PELL Grant recipients with an EFC of $0. The award amount at Santa Ana College is $400 per academic year.

Federal Work-Study (FWS)

This federally funded program provides employment opportunities to students with financial need. Students awarded FWS receive an allocation of funds earned through part-time jobs on campus. FWS is also a learning opportunity through on-the-job training. The maximum award amount at Santa Ana College is $4,000.

Priority Deadline for FSEOG and FWS Programs

These programs have limited funds and are generally awarded only to those eligible students who meet the Priority Deadline, which is usually during July each year.

Direct Loan Programs

Stafford Loan (Subsidized)

The federal government pays the interest on this need-based loan while the student is enrolled at least half-time (6 units) and during the six month grace period after graduation, withdrawal or enrollment below half-time status. Money is borrowed directly from the federal government. The maximum loan is $3,500 a year for students with fewer than 30 units. Students who have completed 30 units or more are eligible to borrow up to $4,500. Students enrolled only in preparatory coursework are eligible to borrow up to $2,625.

Stafford Loan (Unsubsidized)

The Unsubsidized Stafford Loan is available to students who do not have demonstrated need. The total of a subsidized and unsubsidized Stafford Loan may not exceed the loan limits above. There is no interest subsidy on this loan, and interest begins to accrue when the loan is disbursed.

Chafee Grant

This grant program is available to former foster youth. Awards are $5,000 per year. Apply using the FAFSA and the separate Chafee Grant application at https://www.chafee.csac.ca.gov/StudentApplication.aspx.

California State Programs

California College Promise Grant (CCPG)

The CCPG (Previously known as the Board of Governor’s Fee Waiver or “BOGW”) is a state program for California residents and AB 540 students which waives the enrollment fees for qualified students at community colleges. There are three ways to qualify for a CCPG:

The student demonstrates financial need according to the federal methodology based on completion of the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application;

OR

The student or his/her family is receiving CalWORKs, formerly TANF/AFDC, or SSI (Supplemental Security Income), or General Assistance/General Relief, or the student is a disabled veteran or a dependent of a deceased or disabled veteran as certified by the California Department of Veterans Affairs.

OR

The student meets specific income standards based on family size. Pursuant to Title 5, section 58621, students with two consecutive semesters (fall/spring semesters) of academic or progress probation will lose eligibility for the CCPG fee waiver. Foster youth under the age of 25 years old are exempt from this regulation. Definitions of academic and progress probation can be found on page 54 of this catalog.

A student may appeal the loss of the CCPG fee waiver if the student has been unable to meet academic and progress requirements due to one or more of the following reasons:

1. Verified cases of accidents, illnesses, or other circumstances beyond the student's control.
2. Student with disabilities who applied for and did not receive accommodation in a timely manner
3. Significant academic improvement
4. Changes to the student's economic situation
5. The student was unable to obtain essential support services
6. Special consideration of factors for CalWORKs, EOPS, DSPS, and Veteran students.

Appeal forms are available in the Financial Aid and Admissions & Records offices.
Cal Grants
To qualify for a Cal Grant a student must be a U.S. citizen, a permanent resident or an eligible non-citizen who is a California resident, or be registered as an AB540 student with Admissions and Records. The student must be attending an eligible college located in California and be making satisfactory academic progress. For all Cal Grants, apply between October 1 and March 2 each year using the FAFSA or California Dream Act Application, and GPA verification form.

Cal Grant A
Cal Grant A assists low and middle income students with tuition and fee costs at four-year institutions. Eligibility is based on academic achievement and financial need.

If a student qualifies for a Cal Grant A and plans to attend a public community college, the Student Aid Commission will put the tuition/fee award on reserve until the student transfers to a four-year college, provided that the student continues to qualify financially.

Cal Grant B
Cal Grant B provides money for books and supplies, housing costs and transportation. Awards range up to $1,670. Eligibility is based on demonstration of substantial financial need.

Cal Grant C
Cal Grant C assists vocational students with tuition and training costs. Awards range up to $547 for related training costs such as special clothing, tools, equipment, books and supplies, and transportation. Recipients must be enrolled in a vocational program at a community college, independent college of vocational school, in a program of study from four months to two years in length. Three-year hospital based nursing students are also eligible for this program.

The Cal Grant C program is intended to provide training in areas of manpower need.
DEGREES, CERTIFICATES AND TRANSFER PLANNING

ASSOCIATE DEGREES
The associate degree is a certification of the student’s satisfactory completion of a program of study with a specific major or area of specialization. The associate degree is normally completed in two years and may be compared with the baccalaureate degree which is normally completed in four years.

Associate degrees are commonly conferred by community colleges. They are usually of two types, the associate in arts and the associate in science. The distinction between the associate in arts and the associate in science degrees lies in the majors. If the major is in the fields of engineering, physical or biological science, or occupational curricula, the degree conferred is usually the associate in science. Otherwise the associate in arts degree is conferred.

Ordinarily associate degrees have one of two major purposes. Either the program of study prepares the individual for transfer to a four-year college or university, or the program of study is intended to prepare the student for immediate employment.

The requirements for the associate degree include the specific courses in the major and what is called a general education or breadth requirement. The specific details concerning both the major and the general education requirements are described in Associate Degree Requirements on page 24.

ASSOCIATE DEGREES FOR TRANSFER
Santa Ana College offers Associate Degrees for Transfer (A.A.-T or A.S.-T) in addition to associate degrees in Art and Science (A.A. or A.S.). The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746 – 66749) guarantees admission to the California State University (CSU) system for any community college student who completes an Associate Degree for Transfer or “ADT”. See page 21 for requirements.

CERTIFICATE OF ACHIEVEMENT PROGRAMS
A Certificate of Achievement (18 or more units or state approved under 18 units) is a verification of achievement in a particular academic or occupational area, and it will be included on the official transcript. Certificate programs normally include only those courses which have a direct bearing upon specialized occupational competency since the certificate has the sole objective of immediate employment in a specialized area. For this reason there is no general education requirement in a certificate program. Santa Ana College certificate of achievement programs are described in the catalog section on College Credit Instructional Programs. To qualify for a certificate, a candidate must meet the following requirements:

1. **Courses:** Courses are designated for the specific certificate.
2. **Grades:** At least a C grade in each course required for the certificate, unless otherwise specified. Credit by Examination may also be used to gain credit for required courses.
3. **Pass/No Pass:** A pass/no pass course is acceptable toward the certificate if it is required for the certificate and (a) offered on a pass/no pass basis only or (b) if the pass/no pass is earned on the basis of credit by examination.
4. **Residency:** Twelve units completed at Santa Ana College. (At least six of the units must be in courses required for the certificate.)
5. **Petition:** Petition for certificate filed by the student with the Office of Admissions and Records at Santa Ana College.

CERTIFICATE OF PROFICIENCY PROGRAMS
A Certificate of Proficiency is under 18 units and/or is not a state approved program. A certificate is verification of completion in a particular subject matter. A certificate will NOT be included on the official transcript. Certificate programs include only those courses which focus on vocational skills. The certificate has the sole objective of employment in a specialized area, and for this reason there are no general education requirements in a certificate program. Santa Ana College certificate programs are described in the catalog section on College Credit Instructional Programs. At least fifty percent of certificate of proficiency course requirements must be completed at Santa Ana College.

DISTANCE EDUCATION
Distance education courses are Santa Ana College credit courses that give students the opportunity to complete most of their coursework outside of the classroom, through the Internet. The courses are academically equivalent to on-campus courses and support our district mission to provide quality educational programs and services that address the needs of our diverse students and communities.

Online courses require students to have computer and Internet access with an individual email account. Students may also use computers in some campus facilities. The majority of the coursework is done online; however, some classes may require proctored testing on-campus.

Hybrid (blended) courses combine on-campus instruction with online learning. Classes may meet at least once during the semester. Details of scheduled course instruction are available in the schedule of classes, WebAdvisor, and at the Distance Education website, www.sac.edu/disted.

The Online Degree Pathway Program is a program offered through Distance Education which allows students to learn and study collaboratively in a student cohort that takes prescribed coursework in an accelerated 8-week course structure. There are currently three online pathways:

- Associate in Science in Business Administration for Transfer (A.S.-T in Business Administration); this degree is for transfer to CSU and can be completed in 2 years
- Associate in Arts, A.A. in Liberal Arts Degree, 2 year completion
- Business Administration Major Preparation for CSU, 1 year completion

For Online Degree Pathway information, please visit our website: www.sac.edu/onlinepathway, call (714) 564-6725, or email us at sac_disted@sac.edu.
ASSOCIATE DEGREES FOR TRANSFER

Associate Degree for Transfer*

In addition to traditional associate degrees, California Community Colleges offer Associate Degrees for Transfer (ADT) to the CSU. These may include Associate in Arts (A.A.-T) or Associate in Science (A.S.-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California community college students who are awarded an A.A.-T or A.S.-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an A.A.-T or A.S.-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

Santa Ana College offers numerous A.A.-T and A.S.-T degrees. To find out which CSU campuses accept each degree, please meet with a SAC counselor. You can also find this information at: www.adegreewithaguarantee.com.

An A.A.-T or A.S.-T degree may not be the best option for students intending to transfer to a particular CSU campus, or to a university or college that is not part of the CSU system. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Requirements
Student completion requirements for the associate degree for transfer:

1. 60 semester or 90 quarter CSU transferable units. At least 12 of the units must be earned at Santa Ana College.

2. The California State University General Education-Breadth pattern (CSU GE Breadth page 26); OR the Intersegmental General Education Transfer Curriculum (IGETC page 27) pattern.

Note: The ADT can be awarded to students completing the UC version of IGETC, but completion of this pattern will not satisfy CSU admission requirements.

(Student pursuing an ADT in Chemistry or Biology, must complete CSU GE for STEM or IGETC for STEM as specified.)

CSU GE Breadth for STEM for students earning an A.S.-T in Biology only

Complete the following CSU-GE courses before transfer:

- All courses in Areas A, B, and E; and
- One course in Area C1 Arts and one course in Area C2 Humanities; and
- Two courses in Area D from two different disciplines. Complete the following courses after transfer:
  - One remaining lower-division GE course in Area C*; and
  - One remaining lower-division GE course in Area D*.

* These deferred lower division courses must be replaced with calculus and/or science courses required by the major before transfer.

CSU GE Breadth for STEM completion does not qualify students for the CSU-GE Certificate of Achievement.

IGETC for STEM for students earning an A.S.-T in Biology or Chemistry only

Complete the following IGETC courses before transfer:

- All courses in Areas 1 (except 1C for UC-bound students), 2, and 5; and
- One course in Area 3A; one course in Area 3B; and two courses in Area 4 from two different disciplines.

Complete the following courses after transfer:

- One remaining lower-division GE course in Area 3*; and
- One remaining lower-division GE course in Area 4*; and
- One course in Area 6 for UC-bound students who have not satisfied it through proficiency.*

* These deferred lower division courses must be replaced with calculus and/or science courses required by the major before transfer

IGETC for STEM completion does not qualify students for the IGETC Certificate of Achievement.

3. a minimum of 18 semester or 27 quarter units in the major or area of emphasis as determined by the community college district (see Instructional Programs portion of the catalog).

4. obtaining of a minimum grade point average (GPA) of 2.0. (Some majors may require a higher GPA)

5. earn a grade of C or better (C minus is not acceptable) or Pass in all courses required for the major or area of emphasis.

Santa Ana College currently offers the following Associate in Arts and Associate in Science for Transfer degrees:

- Administration of Justice
- Anthropology
- Art History
- Biology
- Business Administration
- Chemistry
- Communication Studies
- Computer Science
- Early Childhood Education
- Economics
- Elementary Teacher Education
- English
- Film, Television and Electronic Media
- Geography
- Geology
- History
- Journalism
- Kinesiology
- Mathematics
- Music
- Nutrition
- Philosophy
- Physics
- Political Science
- Psychology
- Sociology
- Spanish
- Studio Arts
- Theatre Arts

See the Instructional Programs Section of this catalog for major requirements.

Course Substitutions and Reciprocity, Policy and Procedures

Students who have completed courses at another California community college, a regionally accredited institution and/or completed an external exam such as AP, CLEP, or IB may apply the coursework or exam results toward A.A.-T/A.S.-T major requirements as follows:

1. A course with a C-ID designation which is completed at another California community college will be substituted for a SAC course that meets an Associate Degree for Transfer (ADT) major requirement designated with the same C-ID number. SAC departmental approval is not required.

2. A course without a C-ID designation which is completed at a regionally accredited institution, other than a California community college, will be reviewed by SAC discipline faculty. Course-to-course substitution will be granted based on discipline faculty determination of comparability to a SAC course with the approved C-ID designation for the given ADT. Course-to-course substitution will be granted in accordance with the state-wide C-ID descriptor when the SAC course does not have an approved C-ID designation, but a statewide C-ID descriptor exists. When no such descriptor exists, course substitution will be based on discipline faculty determination of comparability to a SAC course included on the ADT.

3. Students who have completed an external examination such as AP, CLEP, and IB are granted course credit toward ADT major requirements as listed in the SAC catalog. (Students should be aware that AP credit may be awarded/counted differently by the transfer institution.)

4. A course completed at another California community college that is approved as part of an associate degree for transfer will be applied to the corresponding Santa Ana College Associate Degree for Transfer (ADT) in the corresponding SAC ADT area. Courses completed at other California community colleges must be part of the ADT at the time the student completed the course. Courses completed at other CCCs prior to ADT approval will be “grandfathered”.

THE ASSOCIATE DEGREE

NOTE: See page 21 for requirements for Associate Degrees for Transfer (A.A.-T and A.S.-T).

GENERAL EDUCATION PHILOSOPHY
General Education requirements at Santa Ana College reflect the conviction that those who receive degrees must possess in common certain basic principles, concepts, and methodologies, both unique to and shared by various disciplines. Recognizing the need for students to embrace and adapt to increasingly and rapidly changing local, national and global conditions, the college seeks to ensure that students develop the necessary skills, knowledge, and curiosity to better themselves and their communities.

The subject matter of General Education courses is designed to be general, broad and introductory rather than specialized, narrow, or advanced. General Education courses form a pattern of learning experiences designed to provide educational opportunities that lead to the following learning outcomes for students:

1. The ability to comprehend and communicate ideas logically, creatively, correctly, and effectively in speaking and writing.
2. Skills in creative and critical thinking, including analysis, synthesis, evaluation, problem-solving, decision-making, and quantitative reasoning.
3. The skills necessary to identify informational needs; to seek, to access, to evaluate and to apply information effectively, using print materials and technology creatively, effectively and responsibly.
4. An understanding of the complexities presented by the cultural, social, and environmental diversity of the world.
5. Responsibility for ethical and active participation in a diverse society.
6. The basic skills necessary for lifelong learning, fitness, creative expression, aesthetic appreciation, personal growth, interpersonal skills, and development of intellectual curiosity.
7. Acquisition of the knowledge and skills necessary in chosen disciplines and careers.

NOTE: See Plan A, page 25 for specific course requirements.

GENERAL EDUCATION CATEGORIES

A. Natural Sciences
Courses in the natural sciences examine the physical universe, its life forms, and its natural phenomena. They assist in developing an appreciation and understanding of the scientific method and encourage an understanding of the relationships between science and other human activities. This category includes introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, physics, physical geography, physical anthropology, and other scientific disciplines.

B. Social and Behavioral Sciences
Courses in the social and behavioral sciences focus on people as members of society. They assist in developing an awareness of the methods of inquiry used by the social and behavioral sciences. Critical thinking is stimulated about the ways people act and have acted in response to their societies, and appreciation is developed of how societies and social groups operate. This category includes introductory or integrative survey courses in cultural anthropology, economics, history, political science, psychology, sociology, cultural geography, and related disciplines.

C. Humanities
Courses in humanities study the cultural activities and artistic expressions of human beings. They assist in developing an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves and the world around them in artistic and cultural creation, and in developing aesthetic understanding and an ability to make value judgments. This category includes introductory or integrative courses in the arts, foreign languages, literature, philosophy and religion.

D. Cultural Breadth
Courses meeting the cultural breadth requirement represent both global and national perspectives and recognize the value of systemic historical and cross-cultural examinations of race, ethnicity, gender, and global issues.

1. Ethnic Studies/Women's Studies.
Courses meeting the Ethnic Studies/Women's Studies requirement focus on the cultural perspectives of the African American, the Asian American, the Chicano/Latino, and the Native American and women in the United States. They assist students to deal constructively with issues of difficult differences and to develop respect for and become aware of the views, interactions, and contributions of these ethnic groups and women to U.S. society and culture. This category is interdisciplinary and includes introductory courses that incorporate the voices of these historically excluded groups.

2. International Perspective.
Courses in International Perspective include an emphasis on global perspectives in a cultural context. All courses need to address not just specific aspects of culture but also a component addressing the basic concepts of culture including how culture influences environment, behavior, structure, and function of society. These courses also include a multi-country perspective.

E. Language and Rationality
Courses in language and rationality develop the principles and applications of language toward logical thought, clear and precise expression, and critical evaluation of communication in whatever symbol system the student uses.

F. Lifelong Understanding and Self-Development
The courses in this category are designed to equip human beings for lifelong understanding and development of themselves as integrated physiological and psychological entities. In a social context, students will benefit from study about themselves and how they function at different stages of life. Instruction is intended to include consideration of such matters as human behavior, sexuality, nutrition, health, stress, key relationships of humankind to the social and physical environment, and implications of death and dying. Physical activity courses could be included, provided that they include some components of the above listed topics.
I. Unit and Residency Requirements
60 UNITS, with at least a 2.0 grade point average. At least 12 of the units must be earned at the college. At least 6 of those units must be in courses required for the major unless students are earning an Associate Degree for Transfer.

II. General Education Requirements
24 semester units of general education which include one course or more as indicated in group requirements A, B, C, D, E, and F. See Plan A, page 25 for specific course requirements.
Non degree applicable courses may not be used for graduation requirements.
Courses from the major may be used to satisfy areas A-F.

III. Major Requirements
Each degree and certificate program specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of C or better. See Instructional Programs Section. Courses in the student’s major may not be taken under the Pass/No Pass policy except for major courses for Associate Degrees for Transfer courses for which Pass/No Pass is the only grading option, and units earned through credit by examination or assessment.

IV. Required Proficiencies

A. Reading
1. Satisfactory score on the SAC/SCC Reading Placement Test at the time of initial placement testing, OR
2. Satisfactory score on a Reading Department Test, OR
3. Successful completion of any Reading course at the 100 level or above, OR
4. A “C” grade, or better in English 102/102H, English 103/103H or Philosophy 110/110H.

B. Mathematics
1. Completion of Mathematics 083/084 or any other Mathematics course of 3 or more units, numbered above the level of 083/084, OR
2. Score on the SAC/SCC mathematics placement test indicating placement in a mathematics course numbered above the level of 083/084.

V. Oral Communication Requirement
Completion of 3 units with a grade of “C” or better from the following: Communication Studies 101 or 101H (Interpersonal Communication); Communication Studies 102 (Public Speaking); Communication Studies 140 (Argumentation and Debate); Communication Studies 145 (Group Dynamics); Communication Studies 152 (Oral Interpretation).

Petition for Graduation and Catalog Rights:
Petitions for graduation should be filed in the Office of Admissions and Records one semester before the student expects to graduate. Students who maintain continuous enrollment in at least one regular semester or session of a catalog year (fall, intersession, spring, or summer) at Santa Ana College or Santiago Canyon College may elect to meet the associate degree or certificate requirements in the SAC Catalog in effect at the time of first enrollment, or may choose the catalog requirements from any one year of subsequent continuous enrollment. A student who has an interruption of attendance must use the catalog at the time of readmission or one of subsequent continuous enrollment. Commencement exercises are held once a year at the end of the spring semester for those students who complete the requirements for graduation during the year or the summer session.

NOTE: Official Transcripts from all colleges attended must be on file in the Admissions and Records office.
GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE

PLAN A: 2018-2019

NOTE: This plan does not apply to Associate Degrees for Transfer (A.A.-T and A.S.-T).

See page 24 for specific requirements for the following:

IV. A. Reading Proficiency
B. Mathematics Proficiency
V. Oral Communication Requirement

Courses taken to meet these proficiencies/requirements must be completed with a grade of “C” or better.

NOTE: A single course may be used to meet only one category requirement (A-F) in Section II. However, a course may be used to meet both a required proficiency (IV) or requirement (V), as well as one of the categories of General Education Courses on Plan A (B). Courses which meet the requirements for Part II of Plan A at Santiago Canyon College will automatically meet the identical requirements for Part II of Plan A at Santa Ana College.

II. Required General Education Courses

A. Natural Sciences (minimum 3 semester units)
   Anthropology 101, 101L
   Astronomy 109 or 110H, 110L, 111, 115, 146, 177, 190, 190L, 200, 211, 239, 259
   Chemistry 109, 119, 209, 210, 219 or 219H
   Earth Science 110 or 119H, 115, 150 or 150H
   Environmental Studies 140, 200, 259
   Geography 101, 101L, 130
   Geology 101, 101L, 140, 150 or 150H, 201
   Physical Science 117, 118
   Physics 109, 210, 217, 279
   Psychology 200

B. Social and Behavioral Sciences (minimum 6 semester units)
   1. American Institutions (minimum 3 semester units)
      History 118, 120 or 120H, 121 or 121H, 122
      Political Science 101 or 101H
   2. Social Science Elective (minimum 3 units)
      Anthropology 100 or 100H
      Child Development 107, 110
      Criminal Justice 101 or 101H
      Economics 120, 121
      Geography 100 or 100H, 102 or 102H, 140, 155
      History 101 or 101H, 102 or 102H
      Political Science 101 or 101H
      Psychology 100 or 100H
      Sociology 100 or 100H

C. Humanities (minimum 3 semester units)
   American Sign Language 110, 111, 116, 210
   Anthropology 104 or 104H
   Art 100 or 100H, 101, 102, 105, 107, 110
   Communications and Media Studies 103, 105 or 105H, 111
   Dance 100 or 100H, 105
   English 104 or 104H
   Foreign Language:
      Chinese 101, 102
      French 101, 102, 201 or 201H, 202 or 202H
      Italian 120, 121
      Japanese 101, 102
      Spanish 101 or 101H, 102 or 102H, 195A, 195B, 201 or 201H, 202 or 202H
   Vietnamese 101, 102
   Interdisciplinary Studies 121, 200
   Kinesiology, Professional 170
   Literature:
      Communications & Media Studies 110
      English 102 or 102H, 231, 232, 233ABC, 241, 242, 270, 271, 272
      Music 101 or 101H, 102 or 102H, 104, 105, 110, 111, 211
      Philosophy 106 or 106H, 108, 112, 118
      Television/Video Communications 101, 103, 104
   Theatre Arts 100, 105

D. Cultural Breadth
   (Three semester units required from D1 or D2)
   D1. Ethnic Studies/Women's Studies
      American Sign Language 116
      Anthropology 104 or 104H, 125
      Art 103, 104, 106
      Asian American Studies 101
      Black Studies 101
      Chicano Studies 101
      Child Development 221
      Communication Studies 103 or 103H, 206 or 206H
      English 104 or 104H, 245, 246, 278
      Ethnic Studies 101 or 101H, 102 or 102H
      History 123, 124 or 124H, 125, 127, 146, 150, 151, 153, 163, 161
      Kinesiology, Health Education 102
      Music 103
      Nutrition and Food 118
      Political Science 235
      Psychology 170
      Women's Studies 101, 102
   D2. International Perspective
      Anthropology 100 or 100H
      Business 106
      Criminal Justice 209
      Dance 105
      English 271, 272
      Geography 100 or 100H, 102
      Interdisciplinary Studies 117H
      Kinesiology, Professional 150
      Music 102 or 102H
      Philosophy 112
      Theatre Arts 105

E. Language and Rationality (minimum 6 semester units)
   1. English Composition (minimum 3 semester units)
      Courses fulfilling the written composition requirement include both expository and argumentative writing. The English composition requirement may be met by completing English 101 or 101H with a grade of “C” or better.
   2. Communication and Analytical Thinking (minimum 3 semester units)
      Includes mathematics, logic, statistics, computer languages and programming and related disciplines.
      Business 130
      Communication Studies 102, 140, 145
      Computer Science 100, 105
      Counseling 144
      English 102 or 102H, 103 or 103H
      Mathematics 083, 084, 105, 140, 145, 150, 162, 170, 180 or 180H, 185, 204, 210 or 219H, 280, 287
      Philosophy 110 or 110H, 111
      Psychology 210
      Reading 101, 101X, 102, 150

F. Lifelong Understanding and Self-Development (minimum 3 semester units)
   NOTE: Take one course from each group. No more than one semester unit may be counted from F2.
   Three semester units for Health Education and one semester unit for Kinesiology may be granted on the basis of military service. See page 48 for additional information.
   1. Completion of one of the following:
      Child Development 107
      Counseling 100, 116, 120, 124, 125, 128
      Entrepreneurship 100
      Fashion Design Merchandising 103
      Interdisciplinary Studies 155
      Kinesiology, Health Education 101, 102, 103, 104, 108
      Kinesiology, Professional 125, 160
      Library and Information Studies 100
      Mathematics 030
      Nutrition and Food 115 or 115H
      Philosophy 111
      Psychology 140, 180, 230
      Sociology 112
      Study Skills 109
   2. Completion of one of the following:
      Dance 102, 201A, 201B, 206A, 206B, 219A, 219B
      Kinesiology, Adapted Activities 201A, 202A, 202B, 205A, 208A, 208B, 211A, 211B
      Kinesiology, Aerobic Fitness 140A, 143A, 144A, 146A, 146B, 150A, 156A, 156B, 157A
      Kinesiology, Aquatics 201A, 201B, 204
      Kinesiology, Professional 155, 165, 175, 200, 275
      This requirement (F) is met for Fire Technology (as long as Fire Technology 121 and 121L are taken as part of the program), Nursing, and Occupational Therapy Assistant by completion of the major.

### NOTE:

The CSU graduation requirement in UNITED STATES HISTORY, CONSTITUTION AND AMERICAN IDEALS may be met by completing Political Science 101 or 101H and one U.S. History course from the following: History 118, 120 or 120H, 121 or 121H, 123 or 124H, 127, 146. These courses (in bold in area D above) may also be used to meet 6 of the 9 Area D unit requirements.

</table>
Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer to Santa Ana College to a campus covering the CALIFORNIA STATE UNIVERSITY or the UNIVERSITY OF CALIFORNIA system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements.

1. It is generally recommended that students complete all the listed requirements for IGETC prior to transferring. Students may obtain partial certification, however, by completing all but 1-2 courses. Consult a counselor for additional information.

2. Complete all courses used for IGETC certification with a minimum grade of C (C minus is not acceptable). A “pass” is acceptable providing it is equivalent to a grade of C or higher. The catalog must reflect this policy.

3. Request certification from the last California community college attended prior to transfer to CSU or UC. Requests should be made to the Office of Admissions and Records during the semester prior to the last term of attendance. Please consult the class schedule or a counselor for deadline information.

4. Prior to requesting certification, have all official transcripts on file from every high school and college attended.

5. Courses taken at other California community colleges will be applied to the subject areas in which they are listed by the institution where the work was completed.

6. Courses taken at other regionally accredited private/out of state institutions (which do not maintain an IGETC certification list) will be placed in the subject areas for which Santa Ana College has equivalent courses. Equivalency is determined by Santa Ana College faculty. Petitions are available from the Counseling Division and must be accompanied by the appropriate documentation. In some cases, non-equivalent courses may also be considered. Consult a counselor for additional information.

7. Courses completed at foreign institutions (without US regional accreditation) are not acceptable except for certification of competence in a language other than English.

8. Students earning an A.S.-T in Biology or Chemistry must complete IGETC for STEM. See “Associate Degrees for Transfer” on page 21 for additional information.

IMPORTANT NOTE: The list of certifiable courses will be subject to change year by year, but students are assured that courses taken to meet IGETC requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved beginning Fall 2018 and are valid through Summer 2019.

AREA 1 - ENGLISH COMMUNICATION
C.S.U.: 3 courses required, one from each group.
U.C.: 2 courses required, one from each Group A and B.

Group A: English Composition
1 course, minimum 3 semester/4-5 quarter units. English 101* or 101**

Group B: Critical Thinking-English Composition
1 course, 3 semester/4-5 quarter units. English 102** or 102** (102 and 102H not accepted in 1B if completed prior to Fall 2011) English 103** or 103H** Philosophy 110* or 110**

Group C: Oral Communication (CSU ONLY)
1 course, 3 semester/4-5 quarter units. Communication Studies 102, 103** or 103H**, 140, 145

AREA 2A - MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING
1 course, 3 semester/4-5 quarter units. Math 105, 145**, 150*, 170**, 180** or 180H**, 185, 219* or 219H**, 280; Psychology 210

AREA 3 - ARTS AND HUMANITIES
3 courses, 9 semester/12-15 quarter units, with at least one course from Group A and one course from Group B.

Group A: Arts (minimum 1 course)
Art 100** or 100H**, 101, 102, 103, 104, 105, 106, 107, 108

Group B: Humanities (minimum 1 course)
American Sign Language 111, 116, 210

Group C: Humanities-English Composition
1 course, 3 semester/4-5 quarter units. English 102** or 102H**, 206, 220, 231, 232, 233A or 233B or 233C, 241, 242, 243, 245, 246, 271, 272, 278 French 102, 201**, 207**, 209**, or 209H** History 101** or 101H*; 102** or 102H*; 150, 151, 153, 163

GROUP A: SOCIAL AND BEHAVIORAL SCIENCES
3 courses, 9 semester/12-15 quarter units from at least 2 disciplines or an interdisciplinary sequence.

Group A: Biological Science (1 course)
Anthropology 101

Earth Science 115**

Environmental Studies 259

Geology 101L

Physical Science 115, 118**

GROUP B: Language Other Than English (U.C. Only)

Courses taken at other regionally accredited private/out of state institutions (which do not maintain an IGETC certification list) will be placed in the subject areas for which Santa Ana College has equivalent courses. Equivalency is determined by Santa Ana College faculty. Petitions are available from the Counseling Division and must be accompanied by the appropriate documentation. In some cases, non-equivalent courses may also be considered. Consult a counselor for additional information.

IMPORTANT NOTE: The list of certifiable courses will be subject to change year by year, but students are assured that courses taken to meet IGETC requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved beginning Fall 2018 and are valid through Summer 2019.

AREA 4 - SOCIAL AND BEHAVIORAL SCIENCES
3 courses, 9 semester/12-15 quarter units from at least 2 disciplines or an interdisciplinary sequence.

Anthropology 100** or 100H**, 103, 104** or 104H**, 105, 125

Asian American Studies 101

Biolo 200

Black Studies 101

Chicano Studies 101

Child Development 107**

Communication Studies 206**, 220**, 230**, Communications in Media Studies 105** or 105H**, 111 Criminal Justice 101 or 101H

Economics 120, 121

English 104** or 104H**

Environmental Studies 200

Interdisciplinary 100H**

History 117, 155

Political Science 101** or 101H**, 200**, 200H**, 201, 220, 225

Psychology 100** or 100H**, 140, 157**, 170, 200, 219, 230, 240, 250

Sociology 100** or 100H**, 140** or 140H**, 240 Women's Studies 101, 102

AREA 5 - PHYSICAL AND BIOLOGICAL SCIENCES
At least 2 courses, 9-12 semester/12-15 quarter units with one Physical Science course and one Biological Science course; at least one must include a corresponding laboratory (Group C)

Group A: Physical Science (1 course)
Astronomy 105

Earth Science 110** or 110H**, 115**, 150** or 150H**

Environmental Studies 140

Geography 100**, 130

Geology 101**, 140, 150** or 150H**, 201

Physical Science 115, 117**

* Courses designated with an asterisk may be counted in one area only.

** Indicates that transfer credit may be limited by either UC or CSU or both. Please see page 39 for additional information.

*** High School transcript must be on file in the admissions office. Please consult with a counselor for additional information.
## ADVANCED PLACEMENT POLICIES

Per the following chart students at Santa Ana College may be awarded units of credit for Advanced Placement exams passed with a score of 3, 4, or 5. Although credit awarded through advanced placement may be used to satisfy Santa Ana College graduation requirements, it cannot be used to satisfy the twelve unit residency requirement. **Students who have earned credit from an AP exam should not take a comparable college course since credit will not be granted for both.** Students should submit official copies of Advanced Placement Examination test scores to the Admissions and Records office for evaluation. Students are strongly advised to check with a SAC counselor and/or the Admissions Office of their transfer campus to determine how the AP exam will be used to meet requirements at their transfer institution as policies may differ from SAC’s.

1. All CSU campuses will accept toward fulfillment of the minimum units of the designated general education breadth area if the examination is included in full or subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education breadth requirements.

2. This column reflects the number of units each campus system-wide will minimally grant for each exam. These units count toward eligibility for admission. (Not all of these units may apply toward certification of the corresponding GE-Breadth area.) Some CSU campuses may award more than the minimum units listed in this column. That information can be found in each CSU catalog.

3. Each AP exam may be applied to one IGETC area as satisfying only one course requirement, with the exception of Language Other Than English. Exams may be used regardless of when the exam was taken.

4. This column reflects the number of units each campus system-wide will grant for each exam. These units count toward eligibility for admission.

5. AP exam may be used in either area regardless of where the SAC discipline is located.

6. Latin Literature 6 units if passed prior to F '09. Latin: Vergil 3 units if passed prior to F '12.

7. This examination only partially fulfills the CSU US History, Constitution, and American Ideals graduation requirement but can be used toward the requirement. (Please note that no AP exam fulfills the California State and Local Government portion, US-3.) See a counselor for more information.

8. If a student passes more than one AP exam in Physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to certification of CSU GE.
Santa Ana College will grant credit to currently enrolled students for CLEP examinations passed with a score of 50 or higher (level II languages require a higher score). Although credit awarded through CLEP may be used to satisfy Santa Ana College graduation requirements, it cannot be used to satisfy the twelve-unit residency requirement. Students who have earned credit from a CLEP exam should not take a comparable college course since credit will not be granted for both. Credit for some exams may be applied toward general education requirements for plans A and B per the following chart; however, credit may not be applied toward plan C. UC does not grant credit for CLEP examinations at this time. Use of exams for SAC prerequisite clearance and major requirements is granted according to the determination of the appropriate SAC area dean in consultation with the department. Students should see a counselor for more information and submit official copies of CLEP test scores to the SAC Admissions and Records Office. Students are strongly advised to check with a SAC counselor or their transfer campus to determine how CLEP exams will be used to meet requirements at their transfer institution as policies may differ from SAC’s.

¹ All CSU campuses will accept the minimum units toward fulfillment of the designated general education breadth area if the examination is included in full or toward fulfillment subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education breadth requirements.

² This column reflects the number of units each campus system-wide will minimally grant for each exam. These units count toward eligibility for admission. Some CSU campuses may award more than the minimum units listed in this column. That information can be found in each CSU catalog.

³ If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the associate degree or to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered “Level I” and earns six units of credit; the higher score listed for each test is considered “Level II” and earns additional units of credit and placement in Plan A, Area C and Plan B, Area C2, as noted.

⁴ CLEP exam may be used in either area regardless of where CLEP discipline is located.

⁵ This examination only partially fulfills the CSU US History, Constitution, and American Ideals graduation requirement but can be used toward the requirement. (Please note that no CLEP exam fulfills the California State and Local Government portion, US-3.) See a counselor for more information.

⁶ Also fulfills Santa Ana College Math Proficiency.

</table>

\(^1\) All CSU campuses will accept the minimum units toward fulfillment of the designated General Education-Breadth area if the examination is included in full or subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education breadth requirements.

\(^2\) This column reflects the number of units each campus system-wide will minimally grant for each exam. These units count toward eligibility for admission. Some CSU campuses may award more than the minimum units listed in this column. That information can be found in each CSU catalog.

\(^3\) Each IB exam may be applied to one IGETC area as satisfying only one course requirement, with the exception of Language Other Than English. Exams may be used regardless of where the exam was taken.

\(^4\) This column reflects the minimum number of units each campus system-wide will grant for each exam. These units count toward eligibility for admission.

\(^5\) IB exam may be used in either area regardless of where the SAC discipline is located.

\(^6\) Score of 4 or higher required for CSU Credit.

The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.

Also fulfills Math Proficiency.
TRANSFER TO OTHER COLLEGES

This section of the catalog is designed to help students plan an academic program for transfer to a four-year college or university. It includes information about the transfer process and requirements. Universities often make changes to their requirements. Information listed in this section was up-to-date at the time of publication; however, changes may have occurred after publication. Current transfer information is available online and in the University Transfer Center at Santa Ana College.

There are four segments of higher education in California. They are:

a) the University of California (UC) system with 10 campuses;
b) the California State University (CSU) system with 23 campuses;
c) independent colleges and universities; and
d) California Community Colleges with 114 campuses.

Santa Ana College provides the freshman and sophomore years of a four-year college or university program. SAC students can complete most or all of their lower division general education and major requirements before transferring. Students who are planning to transfer should meet with a counselor in the Counseling Center or in the University Transfer Center to develop a Student Educational Plan to insure a smooth transition to the transfer institution of their choice.

Note: Transfer students may also want to complete an associate degree or an Associate Degree for Transfer. While not always a requirement for transfer, the associate degree or Associate Degree for Transfer is generally recommended, and proper planning should enable students to satisfy both requirements for graduation from SAC and for transfer.

UNIVERSITY TRANSFER CENTER

The University Transfer Center (UTC), which is located in S-110 at Santa Ana College, provides information and assistance to students who are preparing to transfer. University representatives are available in the UTC to meet with students individually and provide information about their programs and requirements. The Center maintains a resource library and other information about transfer programs. College Fairs are held each semester with representatives from California colleges and universities providing information to potential students. Transfer application workshops are offered during priority filing periods. In addition, organized tours to various university campuses are available through the UTC. For more information call 714-564-6165.

TRANSFERABILITY OF COURSES

Students can transfer a maximum of 70 units to a UC or CSU campus. Many courses offered by Santa Ana College will transfer to meet general education and/or major requirements. However, some courses may transfer only as electives units.

All courses numbered 100 or above will transfer to CALIFORNIA STATE UNIVERSITY. These are also indicated in the catalog by a “CSU” at the end of the course description.

Courses which are transferable to the UNIVERSITY OF CALIFORNIA are designated on the UC Transferable Course Agreement and are also indicated in the catalog by a “UC” at the end of the course description. Some of the courses that are transferable to the University of California have credit limitations. Check the UC Transferable Course Agreement on page 39 or at www.assist.org to determine these limitations.

INDEPENDENT AND OUT-OF-STATE COLLEGES AND UNIVERSITIES usually accept most courses that are transferable to the University of California and many of the courses acceptable at California State University campuses.

COURSE REQUIREMENTS FOR TRANSFER STUDENTS

A student can transfer from Santa Ana College as a junior without loss of time or credits by completing the following:

1. Lower Division Major Requirements

Most university majors require the completion of one or more lower division courses as preparation for the upper division. Santa Ana College offers courses to meet the lower division requirements for most transfer majors. See page 38 for additional information.

1. General Education Requirements

These are the courses required of everyone to obtain a degree regardless of major. Courses in writing, critical thinking, mathematics, sciences, arts and humanities, and the social sciences are included in general education.

1. Electives

These are courses of choice taken in addition to courses for the major and general education requirements.

HONORS PROGRAM TRANSFER AGREEMENTS

Santa Ana College Honors Program students may opt to enter into honors transfer agreements with those participating four-year colleges and universities. Each agreement is specific to the four-year institutions but all offer, at least, “priority consideration for admission.” While Santa Ana College continues to add to the honors transfer agreement list, SAC currently has agreements with:

- California State University, Fullerton Honors Program
- California State University, San Diego Weber Honors Program
- University of California, Irvine
- University of California, Los Angeles
- University of California, Riverside Honors Program
- University of California, San Francisco
- Azusa Pacific Honors Program
- Chapman University
- Gonzaga University
- La Sierra University Honors Program
- Loyola Marymount University
- Mills College
- Occidental College
- Pacific University in Oregon
- Pitzer College
- Pomona College
- Smith College
- Tufts University
- Whitman College in Washington
- Whittier College

New transfer agreements are added every year. For details regarding specific agreements, students may contact the Honors Coordinator at Santa Ana College, Kathy Patterson, 714-564-6528 or refer to the htcca.org website.
CALIFORNIA STATE UNIVERSITY

The California State University has 23 campuses located throughout the state. While each campus within the system has its own unique geographic and curricular character, all campuses offer undergraduate and graduate instruction for professional and occupational goals as well as a broad liberal education. The CSU offers more than 1,500 bachelor's and master's degrees in some 200 subject areas. Campuses are Bakersfield, Channel Islands, Chico, Dominguez Hills, East Bay, Fresno, Fullerton, Humboldt, Long Beach, Los Angeles, Monterey Bay, Northridge, Pomona (Cal Poly), Sacramento, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo (Cal Poly), San Marcos, Sonoma, Stanislaus, and California Maritime.

To obtain a bachelor's degree from the CSU system, a student must usually complete a minimum of 120 or more semester units. A maximum of 70 units of CSU transferable credit will be accepted for courses completed at a community college. Community College coursework completed above the 70 units may be used to meet general education, elective units, or major preparation requirements even if the units will not count toward the baccalaureate degree.

The key to a successful transfer is early planning to ensure that students complete courses that meet the admission, general education, and lower division major preparation requirements.

CALIFORNIA STATE UNIVERSITY – ADMISSION REQUIREMENTS FOR TRANSFER

I. Lower Division Transfer Admission Requirements

An applicant who completes fewer than 60 semester (90 quarter) units of college credit is considered a lower-division transfer student. Having fewer than 60 semester (90 quarter) units at the point of transfer may affect eligibility for registration priority at CSU campuses and may affect the student’s financial aid status.

California resident transfer applicants with fewer than 60 semester or 90 quarter units must:

- have a cumulative grade point average of 2.0 (C) or better in all transferable units attempted;
- have completed, with a grade of C- or better, a course in written communication and a course in mathematics or quantitative reasoning at a level satisfying CSU General Breadth Area A2 and B4 requirements respectively;
- be in good standing at the last institution attended; and
- meet any one of the following eligibility standards:
  1. Transfer Based on Current Admission Criteria

The applicant meets the freshman admission requirements in effect for the term for which the application is being filed;

- OR -

2. Transfer Based on High School Eligibility

The applicant was eligible as a freshman at the time of high school graduation and has been in continuous attendance in an accredited college since high school graduation;

- OR -

3. Transfer Based on Making Up Missing Subjects

The applicant had a qualifiable eligibility index at the time of high school graduation (combination of GPA and test scores if needed), has made up any missing college preparatory subject requirements with a grade of C or better, and has been in continuous attendance in an accredited college since high school graduation. One baccalaureate level course of at least 3 semester (4 quarter) units is usually considered equivalent to one year of high school study.

Note: Due to enrollment pressures, most CSU campuses do not admit lower division transfers so that more upper division transfers may be accommodated.

II. Upper Division Transfer Admission Requirements

To qualify for admission as an upper division transfer, applicants must complete 60 or more semester (90 or more quarter) transferable units and have met the following requirements:

- The applicant must complete at least 30 semester (45 quarter) units of general education courses. You may visit www.assist.org for a full listing of courses at each CCC that meet CSU general education requirements.
- The applicant must complete transferable courses (CSU GE category A) with grades of C- or better in written communication, oral communication and critical thinking.
- The applicant must complete one transferable course (CSU GE category B4) with a grade of C- or better in mathematics or quantitative reasoning. The mathematics course is expected to have intermediate algebra as a prerequisite unless completion of category B is certified or the student has earned an Associate Degree for Transfer from a CCC.
- The applicant must have achieved a cumulative grade point average of 2.0 or better in all transferable college units attempted.
- The applicant is expected to be in good standing at the last college or university attended (i.e. eligible to re-enroll at that college or university).

Note: Campuses and/or programs and class levels that are designated as being impacted have additional admission criteria. For example, a 2.0 GPA may not be high enough for campuses and majors in high demand. See www.calstate.edu (search for impact) for additional information on impacted programs.

The CSU gives priority admission consideration to California Community College (CCC) students who meet the CSU upper-division transfer admission requirements. However the highest admission priority is given to students who have earned an Associate Degree for Transfer (ADT)

GENERAL EDUCATION REQUIREMENTS FOR CALIFORNIA STATE UNIVERSITY

To earn a bachelor's degree from the California State University, each student must complete a program of general education. Santa Ana College offers two general education programs that will enable students to meet the lower division general education requirements for all CSU campuses prior to transfer. Students can complete either the CSU General Education Breadth Requirements (see page 26 of the catalog for GE Plan B) or the Intersegmental General Education Transfer Curriculum (see page 27 of the catalog for GE Plan C). Students can also meet the general education requirements of a specific CSU campus. A few majors, such as Nursing, Engineering, Science, and other technical majors recommend students complete very specific course-work to meet general education. Consult a counselor for additional information.

ASSOCIATE DEGREE FOR TRANSFER: A PATHWAY TO THE CSU DEGREE

The Student Transfer Achievement Reform Act (SB1440) established an Associate in Arts for Transfer (A.A.-T) or Associate in Science for Transfer (A.S.-T). The A.A.-T or A.S.-T degrees are designed to provide a clear pathway to the California State University (CSU) degree major. Please see page 21 for additional information about these degrees.

CERTIFICATION OF GENERAL EDUCATION FOR TRANSFER TO CSU

See certification information on page 36.
The University of California has ten campuses located throughout the state. Each campus within the system has its own unique geographic and academic character. The University offers bachelor’s, master’s, and doctoral degrees in a variety of subject areas. Campuses of the University are located in Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco (Schools of Medicine, Dentistry, and Pharmacy), Santa Barbara and Santa Cruz.

To obtain a baccalaureate degree from the UC system, a student must complete a minimum of 120 semester units (180 quarter units). A maximum of 70 units of transferable credit will be accepted for courses completed at a community college. The key to a successful transfer is early planning to ensure that students complete courses that meet the admission, general education, and lower division major preparation requirements.

**UNIVERSITY OF CALIFORNIA – ADMISSION REQUIREMENTS FOR TRANSFER**

**I. Lower-Division Transfer**

While all UC campuses welcome a large pool of junior-level transfers, most admit only a limited number of lower division transfers. However, it can happen. Here’s how:

If a student was eligible for admission to the University when he or she graduated from high school – meaning the student satisfied the Subject, Scholarship and Examination Requirements, the student is eligible for transfer if he or she has a 2.0 GPA (2.8 for non residents) in UC transferable college coursework.

If a student met the Scholarship Requirement in high school but did not satisfy the Subject Requirement, the student must take transferable college courses in the missing subjects, earn a C or better in each required course and maintain an overall 2.0 GPA (2.8 for non residents) in all transferable coursework to be eligible to transfer.

**II. Upper Division Transfer**

The majority of transfer students come to the University at the junior level from California community colleges. To be eligible for admission as a junior transfer student, a student must fulfill both of the following criteria:

1. Complete 60 semester (90 quarter) units of UC transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents). No more than 14 semester (21 quarter) units may be taken Pass/Not Pass.

2. Be in good academic standing (2.0 GPA or better) at the last institution of attendance and at any previous UC campus where the student was enrolled in a regular term (e.g., fall, winter, spring).

3. Complete the following seven course pattern, earning a grade of C or better (or Pass) in each course:
   - Two UC transferable college courses (3 semester or 4–5 quarter units each) in English composition; or
   - One UC transferable college course (3 semester or 4–5 quarter units) in mathematical concepts and quantitative reasoning; or
   - Four UC transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

If a student satisfies the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring, he or she may satisfy part 2 of the transfer eligibility requirements.

Keep in mind that meeting these requirements does not guarantee admission to the campus or major of your choice. Often, admission to UC campuses or programs is extremely competitive and requires students to satisfy more demanding standards.

**GENERAL EDUCATION REQUIREMENTS FOR THE UNIVERSITY OF CALIFORNIA**

To earn a bachelor’s degree from the University of California, each student must complete a program of general education. To meet the general education requirements of the University, students can complete either the Intersegmental General Education Transfer Curriculum (see page 27) of the catalog for GE Plan C or individual campus general education requirements. Santa Ana College generally recommends that students follow the IGETC rather than the individual campus requirements as this will provide more flexibility when applying to transfer. However, IGETC should generally not be used for the following: The colleges of Engineering, Chemistry, and the Haas School of Business at UCB; any student preparing for a bachelor of science or high unit major at UCD; the School of Engineering and Applied Science at UCLA; the school of Engineering and the School of Natural Sciences at UCSD; the Marlan and Rosemary Bourns College of Engineering (in some cases) and the College of Natural and Agricultural Sciences at UCR; Revelle College may require coursework after enrollment at UCSD; students in the College of Engineering may want to choose IGETC courses that also satisfy the college depth requirement at UCSB; Majors in the physical or biological sciences or any major in the Jack Baskin School of Engineering at UCSC. Students who began at a UC campus and who intend to transfer back to the same campus cannot use IGETC. UC campuses do allow students who began at another UC campus to use IGETC. Students in the above categories should follow the GE requirements of the UC campus they are transferring to. Consult a counselor for additional information.

**ASSOCIATE DEGREE FOR TRANSFER AND THE UNIVERSITY OF CALIFORNIA**

If you’re working toward an ADT, you should choose courses that align with the requirements at the UC campuses you’re interested in. Treat the ADT as your early roadmap to UC. You can use www.assist.org or UC major preparation paths to guide you in choosing the right courses. Although earning an ADT does not guarantee admission to UC, some campuses consider it in the comprehensive review process.

**CERTIFICATION OF GENERAL EDUCATION FOR TRANSFER TO UC OR CSU**

Upon a student’s request Santa Ana College will verify the completion of lower division general education requirements for transfer to the University of California (IGETC, Plan C), or the California State University (either CSU GE Breadth or IGETC, Plan B or Plan C). IGETC for STEM or CSUGE for STEM is required for students earning an associate degree transfer in Biology or Chemistry. Students who transfer from California community colleges will have to meet the general education requirements of the specific UC or CSU campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses.

Students who have taken courses at other colleges can have these courses used in the certification process. Santa Ana College will certify (guarantee) courses taken at other California community colleges in the IGETC or CSU GE Breadth areas designated by the offering college. Courses taken at regionally accredited California four-year colleges or out-of-state two-year or four-year colleges will be certified for IGETC or CSU GE Breadth if they are equivalent to courses on the Santa Ana College IGETC or CSU GE Breadth list respectively. In some cases non-equivalent courses may also be considered. Consult a SAC counselor for additional information. Courses from foreign institutions (without U.S. regional accreditation) cannot be used in either the CSU GE Breadth or IGETC certification process.

Students should request IGETC certification from the last California Community College they attended prior to transfer to UC or CSU.

CSU GE Breadth Certification of course work from other colleges will only be granted to students whose last community college of attendance prior to transfer is Santa Ana.

Certification petition forms are available in the SAC Counseling Center.
INDEPENDENT AND OUT-OF-STATE COLLEGES AND UNIVERSITIES

In addition to state-supported colleges and universities in California, there are many independent institutions in the state. There are also many colleges, both private and public, located throughout the United States to which Santa Ana College students can transfer. Each of these institutions has its own unique requirements for admission. In order to determine eligibility, students should consult with the college of their choice along with a Santa Ana College counselor.

California’s independent colleges and universities provide many options at the undergraduate, graduate, and professional levels for students planning to continue their education beyond the community college.

Financial aid may be a primary factor in making it possible for a student to attend an independent college or university. There are many forms of financial assistance available, such as federal, state, institutional, and private aid. Students should apply for scholarships, grants, loans, and work-study awards from all possible sources. All independent colleges urge, and some require, that all undergraduates who are California residents apply for a Cal Grant. The Free Application for Federal Student Aid (FAFSA) and the California Dream Act Application may be submitted in October for the following academic year. Filing instructions and deadlines are indicated on the websites www.fafsa.ed.gov and https://dream.csac.ca.gov respectively. Further details and assistance are available in the Financial Aid Office.

California’s private, non-profit, WASC-accredited colleges and universities include:

- American Jewish University
- Antioch University Los Angeles
- ArtCenter College of Design
- Azusa Pacific University
- Biola University
- Brandman University
- California Baptist University
- California College of the Arts
- California Institute of the Arts

- Whittier College
- William Jessup University
- Woodbury University

GENERAL EDUCATION REQUIREMENTS FOR INDEPENDENT AND OUT-OF-STATE COLLEGES AND UNIVERSITIES

Santa Ana College has articulated general education requirements with a number of independent institutions such as Chapman University, Loma Linda University, the University of Southern California, and Pepperdine University. In addition, some independent and out-of-state colleges and universities will accept full IGETC and/or CSU GE breadth certification in lieu of their own lower division general education requirements. Students transferring to independent or out-of-state institutions should meet with a counselor in order to determine appropriate general education requirements. Information can also be found on the Counseling Division website, under “Articulation.”
BEGIN A TRANSFER MAJOR AT SANTA ANA COLLEGE

In order to earn a bachelor's degree, students need to select a subject area in which to specialize. This subject area is called a major. Almost every major requires that certain courses be completed during the first and/or second year of college. These are called Lower Division Major Requirements. Many of these can be completed at SAC prior to transferring. (The highly specific courses in the major are called Upper Division Requirements, and these are completed after transfer.) In developing a program for transfer, first consideration in most cases should be given to completing the courses required in the transfer major or as preparation for the major. Note that these requirements may differ from major requirements for the associate degree.

Below is a partial listing of majors one might choose to begin at SAC. Visit the Transfer or Counseling Centers or make an appointment with a counselor to discuss which courses should be completed at SAC to begin preparation in the chosen transfer major. In addition, www.assist.org lists required courses for many UC and CSU majors. Links to many private college and university major requirements can be found on the SAC counseling department website under articulation. Other resources include UC Transfer Preparation Paths, and Associate Degrees for Transfer.

* These are primarily graduate programs for which undergraduate majors can vary. Students should see a counselor to determine what undergraduate major might be appropriate.

** Undergraduate majors for those planning to teach K-12 can vary widely depending upon the subject and grade level to be taught. Students should see a counselor to determine what undergraduate major might be appropriate.

The above list is a sampling and does not represent all transfer majors at all colleges/universities.
Universities and California (UC) Transfer Course Agreement 2018–2019

This agreement lists courses transferable for unit credit at all UC campuses. This list is valid for courses completed during Fall 2018, Spring 2019 and Summer 2019. Additional courses for 2018-2019 may be approved after the publication date for this catalog.

SANTA ANA COLLEGE • sac.edu • 2018 – 2019
Baccalaureate Degree

Graduation Requirements for a Baccalaureate Degree

Graduation requirements for a Baccalaureate Degree are prescribed by the California Community Colleges Board of Governors, Accrediting Commission for Community and Junior Colleges, Title 5, and the Rancho Santiago Community College District Board of Trustees. Specifications are based upon recommendations by the Academic Senate of California Community Colleges. A Baccalaureate Degree may be earned upon satisfactory completion of all of the following:

A. Total Unit Degree Requirement

Complete a combination of lower-division and upper-division coursework totaling a minimum of 120 semester units to include the following:

a. A minimum of twenty-four (24) units of lower-division-major courses

Lower-division courses acceptable toward a baccalaureate degree are designated as CSU or UC transferable or determined to be at the baccalaureate level.

Lower-division courses from other U.S. regionally accredited institutions will be reviewed by a Career Education counselor and graduation specialist to determine baccalaureate credit based on course description, comparable content, appropriate prerequisites, or C-ID number.

All lower-division requirements must be met before the baccalaureate degree is granted.

International courses will be evaluated for baccalaureate major requirements only when course descriptions are submitted in English, along with a transcript evaluated by an approved foreign transcript service.

b. A minimum of forty (40) units of upper-division-major courses

Rancho Santiago Community College District courses designated as upper-division are applicable only to a baccalaureate degree and may not be used to satisfy associate degree requirements.

Upper-division courses from other U.S. regionally accredited institutions will NOT be accepted for upper-division major, general education, or elective baccalaureate degree credit.

B. General Education Requirements

All students are required to complete General Education. Students may choose to complete:

a. California State University (CSU) GE Breadth (Plan B)

or

b. Intersegmental general education transfer curriculum (IGETC) (Plan C) (either CSU or UC Version)

and

c. A minimum of nine (9) units of upper-division general education coursework

Previously completed lower-division general education courses will be evaluated according to the CSU-GE or IGETC certification guidelines.

Students enrolled in the baccalaureate program who have not completed the CSU-GE or IGETC pattern must complete any remaining CSU-GE or IGETC Areas.

C. Residence Requirement

At least 24 units of upper division coursework must be completed at Santa Ana College

D. Major Requirement

All students must take required major courses as specified by the major department and earn a grade of “C” or better in each course. Students should review specific major admissions requirements and prerequisites in the program descriptions area of the catalog for more detail.
Bachelor of Science Occupational Studies Degree

Program code: sac.os.bs

The baccalaureate degree in Occupational Studies will create a more highly skilled occupational therapy assistant (OTA) who is better able to understand and utilize research-based evidence for best practice and take on a leadership role. As an additional benefit it will prepare an OTA for entry into an Occupational Therapy (OT) Master's degree program.

The upper division course work will provide more in-depth training in specific areas of OT practice, including neurologic rehabilitation, musculoskeletal rehabilitation, pediatrics, geriatrics, and key practice areas identified by the American Occupational Therapy Association. These courses, together with a capstone project will also provide increased opportunities for critical analysis, research methods, and clinical reasoning. To complete the Bachelor of Science in Occupational Studies, students must complete: (1) complete all upper division course requirements with a grade of “C” or better; (2) complete 37 units of IGETC lower division general education coursework or 39 units of CSU GE Breadth lower division general education coursework.

Learning Outcome(s):
1. Demonstrate advanced mastery of OTA clinical skills, including clinical reasoning, that follow the guidelines established in the Frameworks for Occupational Therapy Practice.
2. Relate theory and research to clinical practice areas.
3. Ability to provide OTA services that meets the community needs of diverse populations demonstrating sensitivity and empathy.

Prerequisite:
Associate Degree from an ACOTE and regionally accredited OTA program and OTA Certification/License

Required lower division courses specific to the BS Degree

| Total Units | 54 |

**COMMUNICATION STUDIES**

Communication Studies 307*

**Health Communication**

Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on Enrollment: Student must be admitted to the Occupational Studies program.

Course is designed to advance knowledge of health communication theory, research and practice while providing solid foundation for understanding importance, value and impact of health communication upon patients, families, caregivers and healthcare team-members. CSU

**MATHMATICS**

Mathematics 319*

**Quantitative Research Methods for Healthcare Professionals**

Unit(s): 4.0  Class Hours: 72 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program Mathematics 219 or Mathematics 219H or Psychology 210 with a minimum grade of C.

This course will develop skills and tools for understanding and performing quantitative research in healthcare sciences. The focus of the course will be on statistical research methods prevalent in healthcare sciences: including principles of experimental design, appropriate sampling, and running quantitative tests to determine the validity of claims. CSU

**SOCIIOLOGY**

Sociology 401*

**The Sociology of Health, Illness, and Healing**

Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program Sociology 100 or Sociology 100H with a minimum grade of C.

This course analyzes the social contexts of health, illness, and organized medical care. It examines empirical research and theory of the changing concepts of health, illness and medical practice in their socio-historical contexts. Topics will include: social epidemiology, the biomedical and social construction of health/illness, the experience of illness, the historical transformation of the health professions and the health work force, disparities in health care, medical technology, global comparisons of health care and health care reform. CSU

**OCCUPATIONAL STUDIES**

Occupational Studies 301*

**Therapeutic Approaches to the Older Adult**

Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will build upon the developmental concepts of aging to examine quality of life in older adulthood. The focus of this course will be on evaluating older adults from an occupational perspective and analyzing the skills needed to maintain independence and to successfully participate in meaningful activities throughout the older years. CSU

* NOTE: Although these courses are designated as being CSU transferable, it is expected that they will transfer as elective units only.
Applying Research to Occupational Therapy Intervention

Occupational Studies 325*

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide an in-depth study of utilizing evidence to develop effective treatment plans in Occupational Therapy. The focus will be on critically evaluating available research to develop best practice in intervention. CSU

Occurrence Studies 304*

**Movement Theory & Analysis**

Unit(s): 3.0  Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

Movement is a significant aspect of occupational performance. This course will focus on current theories of motor control and motor learning with an emphasis of how these theories can be applied to provide evidence-based practice to those with motor dysfunction. CSU

Occupational Studies 305*

**Advanced Pediatric Practice for the Occupational Therapy Assistant (OTA)**

Unit(s): 3.0  Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will build upon developmental concepts related to pediatric Occupational Therapy (OT) practice. The focus of this course will be to look at specific settings related to pediatric occupational therapy practice. It will focus on evaluating the pediatric client related to acute hospital care and school based intervention. CSU

Occupational Studies 310*

**Community-Based Occupational Therapy Practice**

Unit(s): 3.0  Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will focus on the practice of Occupational Therapy (OT) in community-based settings. This will include an in-depth analysis of both the history and growth of OT practice in the community. Students will analyze the role of OT in community settings with a variety of populations. CSU

Occupational Studies 312*

**Advanced Practice Areas in Occupational Therapy (OT)**

Unit(s): 3.0  Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide a study of the advanced practice areas in occupational therapy. Advance practice areas in occupational therapy include: physical agent modalities (PAMs), hand therapy and feeding and swallowing. This class will focus on the theory and application of PAMs for the use in occupational therapy; the fundamentals of hand therapy including treatment guidelines in occupational therapy; and feeding and swallowing issues with the occupational therapy client. CSU

Occupational Studies 325*

**Applying Research to Occupational Therapy Intervention**

Unit(s): 3.0  Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide an in-depth study of utilizing evidence to develop effective treatment plans in Occupational Therapy. The focus will be on critically evaluating available research to develop best practice in intervention. CSU

Occupational Studies 402*

**Neurological Principles in Human Performance**

Unit(s): 4.0  Class Hours: 72 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide an in-depth study of the neurologic principles used in rehabilitation practice. This will focus on understanding the structures and function of the central and peripheral nervous systems and to the sequelae of injury to these systems. There will be an emphasis on cognitive, visual, and perceptual problems in adults with acquired brain injury. CSU

Occupational Studies 403*

**Leadership for the Occupational Therapy Assistant (OTA)**

Unit(s): 2.0  Class Hours: 36 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will explore leadership roles that are available to the OTA and the skills that are needed to assume them. The focus will be on leadership, advocacy, marketing, quality improvement, supervision, and scholarship. Students will also explore volunteerism and active participation in professional organizations. CSU

Occupational Studies 410*

**Healthcare Systems**

Unit(s): 3.0  Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will cover the various healthcare systems that influence the practice of occupational therapy. Topics will include economics, types of insurance, healthcare policies, ongoing healthcare reform, and the role of technology. As a part of this course students will complete an independent, in-depth, study of one of the key practice areas in OT as identified by the American Occupational Therapy Association (AOTA). CSU

Occupational Studies 412*

**Capstone Seminar**

Unit(s): 3.0  Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This Capstone Seminar is designed to demonstrate the student’s accumulated training through the development of a project that reflects theory, advanced knowledge of practice, and innovation. The theme of each project will be facilitating engagement in occupation with the use of a therapeutic product. Each student will complete a project that is individually mentored and demonstrates an increased level of self-direction. Grade: Pass/No Pass Only. CSU

*NOTE: Although these courses are designated as being CSU transferable, it is expected that they will transfer as elective units only.
STUDENT RESOURCES

ACADEMIC COMPUTING CENTER
The Santa Ana College Academic Computing Center (ACC) is located at Santa Ana College in room A-106.
The ACC serves students currently registered at the college who are doing college related projects. These projects can be completed by accessing an ample variety of application software. The software packages run on IBM compatible computers or Macintosh computers.

ASSESSMENT CENTER
The Assessment Center is located on the second floor of the Santa Ana College library, room 223. Placement testing is provided for English, English Language Development, mathematics, reading and chemistry to help determine present skill level so students can select appropriate classes with the help of a counselor. Career assessment is offered on a counselor referral basis or through counseling classes. Instructor make-up and accommodated exams are provided when classes are in session. See current class schedule for the calendar of assessment services. For more information about assessment services, call 714-564-6148.

BOOKSTORE
The Bookstore at Santa Ana College provides a complete selection of books, supplies, and specialty items.

CALWORKS
The California Work Opportunity and Responsibility to Kids (CalWORKs) program is funded by the state to work with students who are approved by County Social Services to complete an educational program that helps them transition from public assistance to employment and economic self-sufficiency. SAC’s CalWORKs program offers the following types of assistance to eligible students: help with application and matriculation steps; academic, career and personal counseling; individualized student educational plans; priority registration; verification of monthly activity reports to Social Services; educational supplies; work-study placement (when available); workshops and networking activities; and referrals to other campus resources and opportunities. For more info, visit: sac.edu/CalWORKS, drop by VL-110 (The Village), or call 714-564-6232.

CAREER DEVELOPMENT/CAREER EDUCATION STUDENT SUCCESS CENTER
The Career Development/Career Education Student Success Center is a one-stop office which provides students with academic counseling, support and resources to guide them to program completion, and preparation for employment.
Career services include access to resources on careers and training programs, pre-internships and volunteer service learning opportunities, as well as employment preparation workshops and job placement services. Individuals and classes are welcome to utilize the Center to explore career information.

COLLEGE ADVANCEMENT/FOUNDATION
The Santa Ana College Foundation is a 501(c) 3 non-profit organization serves a diverse college community and was created to expand and develop resources for Santa Ana College students and programs. The Foundation Board of Directors represents a broad-based group of community volunteers, corporate partners, and alumni.
The Santa Ana College Foundation leads and supports fundraising activities, campaigns, and initiatives that ensure educational opportunities are possible for all students. It assists in direct philanthropy on multiple fronts. This includes large-scale campaigns, scholarships, local and national grants, program support, which includes our Associate Groups. To this end, the college foundation solicits the support of the community and donors by receiving tax-deductible donations of cash gifts, bequests, trusts, endowments, corporate grants, life insurance benefits, and personal or real property. If you are interested in more information about the Foundation and how to participate in supporting our many programs, please contact the Foundation Office directly by calling 714-564-6091 or visit our website at www.sac.edu/foundation.

COMMUNITY SERVICES
Community Services offers a full spectrum of low cost, fee-based educational opportunities that include professional growth, personal enrichment, and recreational activities.
A variety of classes and seminars are available including animal care, arts and crafts, business and careers, computers, home and garden, language, dance, health and fitness, money matters, personal enrichment, and real estate. Also available are “College For Kids” programs, special interest classes, on-line classes, and travel tours.
For additional information call the Community Services Program at 714-564-6594 or visit us at www.sac.edu/cms.

CONTINUING EDUCATION PROGRAM
Continuing Education is responsible for providing noncredit college courses and programs to the students of the district. Beyond providing the means for an adult to take classes for a high school diploma, Continuing Education delivers pre-collegiate education in the areas of basic academic skills and English as a Second Language. It also serves the needs of groups such as the disabled and parents with special needs. A full range of personal, career and academic counseling services is available to students enrolled in continuing education classes located at a number of educational centers throughout the district. Courses are offered mornings, afternoons, evenings, and weekends to allow accessibility to match varying student needs. Specific information regarding admission and registration policies, services available and description of the courses offered can be found in the Continuing Education section of this catalog.

COUNSELING SERVICES
The Counseling Center offers academic advising and personal counseling at SAC, offering individual and group academic advisement, education plan development, career planning, orientation services, personal counseling and several Counseling courses that support students’ personal and academic development in the achievement of their educational goals. Counseling Services are provided at these educational sites: Santa Ana College, Centennial Education Center, and Remington Education Center. Counseling is also provided through a variety of specialized academic support programs, housed both within the Counseling Division, and outside of it. Please refer to the Student Services page of our website for a complete listing of SAC student support programs at www.sac.edu/StudentServices.

Centers and Programs within the Counseling Division
Students interested in transfer to a university, specific career paths such as education, science and engineering, or certificates in career education can access counseling through specific programs in these areas. For a complete listing of centers and programs, visit our Counseling page at www.sac.edu/StudentServices/Counseling.

 Orientations and Workshops
Counseling can be accessed through a variety of service modalities. New student and career specific orientations are available to help students learn college procedures and requirements and gain information on career and transfer pathways. In an effort to support student success, workshops are offered in educational planning, how to transfer to a university, and strategies for students who are experiencing academic challenges. Counseling courses are an additional way to access services.
Counseling Center
Counselors are available to meet with students for drop-in times to answer brief questions and individual appointments for in-depth career, academic or personal counseling. Counseling questions can also be asked via our on-line counseling service (www.sac.edu/rsccddasp/online_counseling/index.asp). The Counseling Center can be reached at 714-564-6103.

Child Development Centers
Rancho Santiago Community College District maintains six child development centers to serve students’ needs for childcare and/or train students seeking a career in Human Development. Students’ children between the ages of 6 months and five years are eligible to attend the educational environment provided. Fees are based on a sliding scale according to the parents’ income. Students eligible for the CalWORKs program can receive child care services both on and off campus. Contact individual centers for hours of operation and information.

Centennial Center (2½-5 years old)
2900 W. Edinger, Santa Ana, 714-564-5090

Santa Ana College Infant/Toddler/Preschool Center (6 months-5 years old)
1720 W. 17th St., Santa Ana, 714-564-6894

Santa Ana College Child Development Center East Campus (2.9 to 5 years old)
1510 N. Parton St., Santa Ana, 714-564-6952

DISABILITY SERVICES
The Disabled Students Program and Services (DSPS) office provides accommodations to support students in pursuit of a community college education. Students with disabilities should have the following levels of independence:

- The ability to navigate campus facilities independently or with the assistance of a personal care attendant (to be provided by the student);
- The ability to take care of his/her personal needs independently or with assistance of a personal attendant (to be provided by the student); and
- Stable level of health/wellness in order to benefit from, and fully participate in, a full term’s work.

New students must complete a DSPS application and meet with a DSPS Faculty to discuss their accommodation needs. Verification of disability from a qualified professional must be provided to the DSPS office to qualify for any of the following supportive services:

1. Use of special equipment (e.g., digital recorders and adaptive software)
2. Alternate media production
3. On-campus mobility assistance
4. Priority registration
5. Sign Language Interpreting
6. Real-time captioning/CART services
7. Test proctor accommodations
8. Note taking services
9. Case management
10. Preferential seating
11. Liaison/Referral with community agencies

Staff are available to help students navigate architectural barriers on campus, as needed. Please contact our office or Campus Safety for on-campus transportation assistance. For additional information, call us at 714-564-6295, visit our website at http://sac.edu/StudentServices/DSPS, or drop by SAC VL-204.

ENGLISH LANGUAGE ACADEMY
The English Language Academy (ELA), as part of the International Student Program office, offers a number of quality programs targeted to meet various language-training needs. Every course is designed to help students improve their English proficiency quickly so they can participate more effectively in various academic, professional, and social environments. For more information, call 714-564-6047.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (E.O.P.S.)
The Extended Opportunity Programs and Services program is funded by the state to work with eligible students whose educational and socioeconomic backgrounds might limit their access to higher education or hinder their ability to be academically successful in their college-level studies. Eligible students are provided “over and above” services to help ensure their timely academic progress and completion, including assistance with application and matriculation steps; academic, career and personal counseling; individualized student educational plans; priority registration, book services; help with financial aid, scholarship and transfer applications; program-dedicated tutors and resource center; referrals to other campus resources and opportunities; and as budget permits, school supplies and subsidized program fees.

An ancillary program called CARE offers additional support and benefits to EOPS-eligible students who are single parents with at least one child under age 18.

For more info, visit sac.edu/EOPS, drop by VL-110 (The Village), or call 714-564-6232.

HEALTH AND WELLNESS CENTER
The Health and Wellness Center personnel promotes the physical and emotional health for every student so they can succeed in school and life. Quality clinical services, innovative health, wellness promotion activities, and outside referrals to low-cost providers in the area are provided in a caring, confidential, cost-effective, and convenient manner.

Eligibility
Full-time and part-time students currently enrolled in SAC credit classes are eligible for services.

Cost
Students pay a health fee every term to have access to the Health and Wellness Center; therefore, most services are provided at no cost to the student. A nominal fee may be charged for certain laboratory tests, prescriptive medications, and some medical procedures.

Services
Physical health and wellness services are provided by registered nurses and a physician and Mental Health and Wellness Services are provided by licensed psychologists and therapists in the center by appointment or on a walk-in basis during service hours for the following:

- Blood pressure checks
- Crisis services are available on a walk in basis
- Diagnosis and treatment of acute short-term illnesses
- Family planning: information, pap tests, birth control, condoms, and pregnancy tests
- First aid
- Free health literature
- Laboratory testing
- Personal counseling
- Referrals to physicians and other health agencies
- Screening and treatment for sexually transmitted infections
- T.B. risk assessment or skin test
- Vaccinations
HONORS AND AWARDS

Phi Theta Kappa. Phi Theta Kappa is an international honors society that recognizes academic excellence and achievement of students enrolled in two-year colleges. The society offers a myriad of opportunities for scholarship, intellectual enrichment, personal development, and academic recognition.

The Alpha Beta Chapter of Phi Theta Kappa was organized at Santa Ana College in 1929.

Membership in Phi Theta Kappa is extended each semester by the local chapter to students who have completed a minimum of 12 degree units with a minimum grade point average of 3.5. Members receive special recognition when they graduate.

Alpha Gamma Sigma. Alpha Gamma Sigma is the statewide California Junior College Honor Society. Santa Ana College has one of the oldest chapters in the state, organized in 1922. This is the Omicron chapter. To be eligible for initial membership a student must attain a 3.0 GPA in 12 or more units of work in the semester prior to membership. Credit/no credit units are not considered in the twelve-unit requirement. A student who has completed 60 or more units with an overall GPA of 3.5 or better or who has been a continuing or initial member for 2 semesters and has a GPA of 3.25 or better may become a permanent member of Alpha Gamma Sigma upon application and verification of eligibility by the chapter advisor. Permanent members are announced each year in May at the Scholarship and Awards Program.

Lambda Epsilon Chi (LEX) is a national academic honor society for paralegal students. Sponsored by the American Association for Paralegal Education (AAPE), the society offers students national scholarship opportunities, participation in regional, state and local conferences, and networking opportunities with other legal professionals.

Candidates for membership in Lambda Epsilon Chi must be in good academic standing at Santa Ana College and have completed at least two-thirds of their paralegal coursework. Candidates also must have a cumulative GPA of 3.5 or higher in their paralegal coursework.

Psi Beta. Psi Beta is the National Honor Society for Psychology at Community and Junior Colleges. Santa Ana College has held a Psi Beta chapter since 2001. To be eligible for initial membership a student must 1) attain a 3.25 GPA in 12 or more units of work in the semester prior to membership and 2) have completed at least one psychology course with a B or better. Members are eligible for national scholarships and academic competitions. Members are inducted every semester and receive special recognition at the commencement ceremony.

Sigma Chi Eta – Sigma Chi Eta is the National Honor Society for Communication Studies, and Santa Ana College hosts the Alpha Tau chapter. Students must have an overall GPA of 3.0 with a 3.25 GPA in at least 9 units of Communication Studies courses. Students receive special recognition at the commencement ceremony.

Sigma Kappa Delta. Sigma Kappa Delta is the National Honor Society for English at Community and Junior Colleges. Santa Ana College chartered the Iota Zeta chapter in 2017. To be eligible, a student must 1) attain a 3.0 or higher cumulative GPA in 12 or more units of college coursework, 2) have completed at least one non-developmental English course with a grade of B or better, and 3) have no grades below a B in English courses. Members are eligible for national scholarships and academic competitions. Members are inducted every semester and receive special recognition at the commencement ceremony.

INSTRUCTIONAL LOCATIONS

The district's major instructional locations are at Santa Ana College, Santiago Canyon College, Orange Center, and the Centennial Education Center. In addition to these major instructional sites, the district offers classes at over 100 convenient off-campus locations in the community.

INTERCOLLEGIATE ATHLETICS

Santa Ana College offers a winning tradition with an established national reputation, outstanding teaching and coaching, and an excellent system of assistance in transferring students to four-year colleges and universities with athletic scholarships. The college offers a full range of intercollegiate athletic competition in the sports of football, basketball, baseball, cross country, track, swimming, water polo, volleyball, sand volleyball, soccer, softball, and wrestling.

All prospective student-athletes with questions about eligibility for intercollegiate athletics are encouraged to contact the Kinesiology, Health and Athletics Division at 714-564-6900.

LEARNING CENTER

The Learning Center is located in Dunlap Hall (rooms D-310 and D-307) at Santa Ana College. The Center offers a wide selection of resources providing students with skills and strategies to promote their academic success. Services include supplemental learning assistance (DLAs), tutoring, computer-aided instruction, and workshops.

Academic support is free for all Santa Ana and Centennial Education Center students. Tutors are available for a variety of subjects including English, writing, English for the Multilingual Student (EMLS), reading, foreign languages, communication studies, accounting, math, and courses in the sciences, social sciences and Career and Technical Education. The Learning Center is staffed with instructors, trained tutors, and learning assistants. For further information, please call 714-564-6542.

LIBRARY SERVICES

The Nealley Library of Santa Ana College, one of two libraries in the District, is centrally located on the first floor of the L building. The library supplies the resources, services and facilities that support student learning and the mission of the College.

The Library’s collection is composed of books, periodical subscriptions, close-captioned videos and DVDs, CD-ROMs, microforms and a variety of periodical databases providing students and staff with 24/7 remote access to over 20,000 full-text periodicals and 24,000 e-books. To borrow library materials students and staff must show a picture ID.

The Library’s Reserve collection of more than 2,700 items provides students with library-use access to many textbooks and other course-related material.

Students and staff may use either of the two District libraries and may request inter-campus delivery of circulating books.

The Internet is available to all patrons at all public access workstations. Currently enrolled students can conduct library research.
research using library wireless laptops or their own laptops using Wi-Fi access.

Free library instruction is available for students. Check the library website: www.sac.edu/library, or call 714-564-6700 for general library information, or 714-564-6708 for the current library instruction schedule.

MATH CENTER
The Math Center is a resource center that provides individual and group assistance in mathematics. The Math Center also facilitates Directed Learning Activities. Faculty instructors, instructional assistants, and student tutors are available to assist students with challenging topics, answer questions, encourage understanding, and provide support for all math students. Students also have access to textbooks, graphing calculators, instructional videos, and computer programs. It is located in Library building, room L-204. For further information, please call 714-564-6876 or go to www.sac.edu/MathCenter.

MESA
MESA (Math, Engineering, and Science Achievement) is an academic program designed to support educationally and economically disadvantaged transfer students preparing for professions in the Science, Technology, Engineering and Math (STEM) fields. Services include tutoring, advisement, academic success workshops, scholarships, internships, and connection to professionals.

PROMISE CENTER
This program offers a specialized transfer orientation, transfer resources and services to recent SAUSD graduates, (2011 to date) and provides transfer guarantee admission to UCI with a 2.8 GPA or CSUF with a 2.8 GPA.

PUBLIC AFFAIRS
Information and publicity regarding Santa Ana College programs and activities are disseminated to the news media and community through the SAC Office of Public Affairs/Governmental Relations, located on the second floor of the “S” Building.

PUENTE
The Puente Program provides English and Counseling instruction (English 061 & English 101), academic counseling, a variety of out of class activities, and mentoring to assist and prepare students for transfer.

SCHOLARSHIPS
Scholarships are a critical component to student success. Many alum, community patrons and organizations establish scholarship awards as a means of expressing confidence in Santa Ana College and its students. These awards range in amounts from $1,000 to $10,000. Eligibility varies according to the award and scholarship. There are scholarships available for students taking classes at Santa Ana College, those transferring to four-year colleges, and those entering college for the first time upon graduation from high school. Listings and requirements for the various scholarships can be found online at www.sac.edu/scholarship. On-line applications must be submitted for screening in February, and student recipients will be recognized at an annual awards ceremony in May. For more information and assistance, please contact the Scholarship Program at 714-564-6478 or visit the office located in Building “S”, Room 201.

STUDENT ACTIVITIES
Student Activities are planned with sufficient variety and frequency to provide an opportunity for all students to participate. Students may develop additional co-curricular activities when there is sufficient interest to justify them. For additional information please call 714-564-6214.

STUDENT LIFE AT SANTA ANA COLLEGE
Campus Information
The Student Handbook is an official student guide which provides a reference on how to take full advantage of the college and its services and also answers questions students may have about student life. Handbooks are available online only at www.sac.edu under the Student Life page.

el Don - The campus newspaper, prepared by journalism students, is distributed to various locations on and off the campus.

Associated Student Government (ASG)
ASG encourages all qualified students to serve in a variety of elected and appointed student government positions and provides student representation for the entire district. Interested students should contact their representatives in the student government office for more information at 714-564-6208, or call Student Activities, Santa Ana College at 714-564-6214.

Student Life
The ASG, Inter-Club Council (ICC), and Student Life Offices sponsor a variety of educational and social programs, campus activities and services to encourage student leadership and create a vibrant student life environment on campus. The ASG provides multicultural events, health awareness events, holiday and themed events, BBQs, panel discussions, and services for the community. The Inter-Club Council sponsors special events designed for club involvement. The Student Activities Office, in addition to coordinating events, provides information regarding student life, clubs, and organizations. There are an assortment of opportunities, services, discounts, programs and contests. For more information regarding Student Activities, Student Government and Inter-Club Council, contact the Coordinator of Student Activities at Santa Ana College at 714-564-6214.

Clubs, Organizations, and Inter-Club Council (ICC)
Numerous student interest groups are active throughout the year. Representatives from each club participate in the Inter-Club Council (ICC), a coordinating body functioning to promote participation in student life. Call 714-564-6214.

STUDENT PLACEMENT
The Student Placement Office assists currently enrolled students in obtaining student assistant/work study employment on-campus and at approved community locations. Students are encouraged to take advantage of this excellent opportunity to gain work skills while attending Santa Ana College.

TEACHER ED
The Center for Teacher Education is dedicated to providing a variety of outreach, retention, and transfer activities for future teachers.

U-LINK
This program is open to all students, particularly students in the Santa Ana Unified School District. U-Link is a transfer program that has a guaranteed admission from SAC to UCI.

UNIVERSITY TRANSFER CENTER
The University Transfer Center provides information and assistance to students who are preparing to transfer to four-year colleges and universities. Representatives from universities are available to meet with students individually and provide information about programs, requirements and procedures. The Center also maintains a complete resource library containing college catalogs. In addition, the Center sponsors field trips to selected universities throughout California. For more information, call 714-564-6165.

VETERANS RESOURCE CENTER
The Veterans Resource Center is dedicated to supporting veterans as they transition from military service to college and civilian life. The VRC provides the following services: Assistance with accessing
STUDENT RESOURCES (Continued)

VA Education Benefits through the Veterans Affairs Office (VAO), specialized orientations and workshops, college preparation through the Veterans Upward Bound program (VUB), academic counseling, a dedicated space to study and use computers, referrals to on and off campus veterans programs and resources, and opportunities to meet and socialize with other veterans at the college. For additional information or assistance, call the VRC at 714-564-6050, visit the website at www.sac.edu/vrc, or come to our office at SAC in the west side of the Planetarium building, M-120.

VA Education Benefits

Veterans and eligible persons who wish to utilize their education benefits must notify the VAO prior to the beginning of each semester by completing a Certification Request Form after having completely registered in courses required for their program. Courses must apply towards the approved degree or certificate offered at Santa Ana College. Other documentation such as Educational Plans, DD-214s, and Certificates of Eligibility will be needed for new students. Satisfactory academic progress must be maintained by all VA applicants. All those collecting VA educational benefits are required to immediately report any changes of classes, both adds and drops, to The Veteran Affairs Office as this may cause overpayments. Veterans and eligible dependents/spouse who are on academic probation [below 2.00 grade point average (GPA)], or progress probation [attempted units exceeds 50% of completed units], must show a continued improvement in GPA or course completion with each semester after the deficiency. A student who is on academic probation shall have VA educational benefits certification suspended after showing two semesters without satisfactory progress towards graduation requirement of 2.00 GPA. In such instances, a student will not be certified for a third semester and must petition for recertification. The student must show a counselor-approved program indicating what course of action must be completed to maintain satisfactory progress towards graduation or completion requirements.

Types of benefits that can be utilized

Veterans who qualify to receive benefits under the Montgomery Bill-Active Duty (Chapter 30), Montgomery Bill-Selected Active Reserve (Chapter 1606/1607), and eligible persons under the Survivors' and Dependents' Educational Assistance Program (Chapter 35) are encouraged to take advantage of their educational entitlement. Veterans with aggregate active duty after 9/10/01 may be eligible for the Post 9/11 Bill (Chapter 33). This program includes a basic allowance for housing (BAH), book stipend, and tuition/fees which are all based on the percentage of eligibility. Dependents of Service members who died in the line of duty after September 10, 2001 could also use Chapter 33 benefits under the Marine Gunnery Sergeant John David Fry Scholarship. Veterans with a service-connected disability may be eligible for vocational rehabilitation (Chapter 31). This program provides eligible veterans with a monthly allowance or BAH as well as payment for tuition, most fees, and necessary books and supplies. War orphans, dependents, and survivors of veterans considered 100% disabled as the result of a service-connected disability, who died from those conditions, or who died while on active duty, may be eligible for benefits. Applicants should seek information regarding eligibility and payments from the VA Regional Office in Muskogee, Oklahoma, Phone 1 800-827-1000 or 1-888-442-4551. The Veterans Affairs Office within the VRC will assist with the paperwork needed to initiate the certification of the courses for the eligible student.

Applying for Benefits

Each veteran and eligible person who wishes to enter Santa Ana College must follow the admissions procedures. See index for details on enrolling. Assistance is available in the VRC for those applying for the VA education benefits for the first time. For detailed information on the application process, please visit the GI Bill® website at www.gibill.va.gov. Please call or visit the VRC for details on the paperwork needed to initiate the certification process of the education benefits. Information can also be found on the VAO website: www.sac.edu/vao.

Transcripts and Program Approval

VA regulations require that prior credit from other educational institutions attended be evaluated and applied in the students’ approved program. Therefore, evaluation of all prior credit must be done at the end of the first semester of attendance. If the required transcripts are not on file, the VAO will not be able to certify payment beyond the first semester. To avoid any delay in payments, the VAO requests that all official transcripts be on file with the Admissions Office at the beginning of the first semester of attendance. Veterans and eligible persons must have each course approved prior to registering for each semester. The VA requires that the VAO monitor progress towards a specific degree plan or approved certificate. Therefore, for payment purposes, students must select a major and take only those courses on the student educational plan specifically required for that major. Academic Counselors are available to provide comprehensive counseling services within the VRC. If the students have attended previous schools, official transcripts must be on file before a college program can be approved by the counselor.

Military Service Credit

Three units for health education and one unit for exercise science may be granted on the basis of military service when a DD-214 is submitted to Admissions and Records. A copy of the student’s DD-214 will be forwarded to Admissions for proper credit if it is given directly to the VRC. The credit granted can be used in area F under Plan A. Under Plan B, three units of credit are granted in area E. Military credit is not accepted under Plan C.

Military Transcripts

Military transcripts are currently being accepted and evaluated in Admissions and Records. They may be applied towards electives or actual course equivalency. Official Academic Transcripts are required to be submitted during the first term the student attends the college.

Military Withdrawals

Withdrawals due to military orders will not have adverse consequences. Admissions will use the following procedures:

- “MW” grade for compelled military withdrawal with annotated comment on transcript. (Military Withdrawal)
- Refund of enrollment, parking, and health fees.
- “MW” grade would not count in the progress probation calculation.
- Priority registration granted the first semester upon return.

VETERANS UPWARD BOUND (VUB) PROGRAM

Veterans Upward Bound (VUB) at Santa Ana College is a free U.S. Department of Education TRIO program designed to help eligible U.S. military veterans and reservists enter and succeed in the postsecondary school of their choosing. VUB at Santa Ana College offers an 8 week refresher course in Math and English 5 times a year. Feel free to stop by our office in M-120 or call us at 714-564-6288.

YESS PROGRAM

The Youth Empowerment Strategies for Success (YESS) Program is a Foster Youth Success Initiative (FYSI) which provides support to qualified Santa Ana College students who have emancipated from the foster care system, were in foster care after their 13th birthday, and who are currently between the ages of 16 and 24. The program focuses on the following services to qualified former foster youth students: academic support workshops, bus passes or parking permits (when available), specialized counseling services, career guidance, financial aid information, independent living programs, study skills courses, and tutoring services. The YESS Program is located in VL-205.
COLLEGE POLICIES AND STANDARDS

ABSENCE/NON-PARTICIPATION/DROP
It is the student’s responsibility to withdraw officially from a course via WebAdvisor.

However, because of enrollment demand a student may be dropped by the instructor when not appearing at the first class meeting or not participating in the first course activity designated to account for active enrollment.

A student may be dropped for non-participation if he/she has missed in excess of 10% of the total course activities including but not limited to class attendance, discussions, assessments, etc.

Under extenuating circumstances, a student may be reinstated by the instructor.

Note: Only those drops completed prior to the refund deadline are eligible for refund consideration.

ATTENDANCE
Students are expected to attend all sessions of the classes in which they are enrolled. Students should report absences due to illness to the instructor immediately upon returning to class.

AUDITING
Santa Ana College does not permit auditing of classes. Only students who are officially enrolled in a course may attend class.

STUDY LOAD
In order to meet the graduation requirements in four semesters, students should carry an average of 15 units each semester. Students will ordinarily not be allowed to register for more than 18 units.

When individual circumstances may require additional unit demand, an overload program in excess of 18 units may be approved for students who have maintained a B average or have satisfactory test scores on SCAT, SAT, ACT, or other similar measures that predict success, including the counselor’s assessment of the difficulty of the program. Approval for such overloads may be secured from college counselors or the Dean of Counseling.

A summer session load should not exceed the equivalent of one unit per week or approximately nine units for an 8-week session. If over 9 units for summer or over 6 units for intersession, an overload petition is required.

ACADEMIC HONESTY POLICY INSTRUCTION
Introduction
Students at Santa Ana College are expected to be honest and forthright in their academic endeavors. To falsify the results of one’s research, to steal the words or ideas of another, or to cheat on an examination, corrupts the essential process by which knowledge is advanced. Academic dishonesty is seen as an intentional act of fraud, in which a student seeks to claim credit for the work or efforts of another without authorization, or uses unauthorized materials or fabricated information in any academic exercise. As institutions, we also consider academic dishonesty to include forgery of academic documents, intentionally impeding or damaging the academic work of others, assisting other students in acts of dishonesty or coercing students into acts of dishonesty.

Procedures
In cases where a violation of academic honesty is discovered, the faculty member is encouraged to file an “Academic Misconduct Incident Report” form and distribute the form to the appropriate offices listed.

There are two categories of sanctions: Limited and College-wide. Limited sanctions include an academic action such as assigning a lower grade or a grade of “F” for the assignment, project, or test. College-wide sanctions include any sanction that will affect a student’s standing with the college-at-large, up to and including suspension or expulsion from the College.

In matters relating to academic honesty violations, the primary responsibility for disciplinary proceedings rests with the instructor and the academic division where the violation allegedly occurred. The Dean of Student Affairs will assist in all College-wide sanctions.

ACADEMIC HONORS
Academic Honors at Graduation
Academic honors are awarded to students who do outstanding coursework leading to graduation from Santa Ana College. No association/affiliation with outside honor societies will be posted to the academic transcript or diploma. Graduation honors are awarded as follows:

PRESIDENT’S SCHOLAR. The President’s Scholar designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 4.0. The highest honors graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 18 units or more must be honors grades. All letter grades must be A or better. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

WITH HIGHEST HONORS. The highest honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.8. The high honors graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 18 units or more must be letter grades. All letter grades must be A, B, or C. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

WITH HIGHEST HONORS. The high honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.6. The high honors graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 18 units or more must be letter grades of A, B, or C. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

WITH HONORS. The honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.5. The honors graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 18 units or more must be letter grades of A, B, or C. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

DEPARTMENTAL HONORS. Honors are awarded to students who do outstanding work in their departments. Eligibility is determined by inclusion in the honors categories listed above. Selection is made by departmental faculty with the division dean’s approval.

COMPLETION OF HONORS TRANSFER PROGRAM. Completion of Honors Transfer Program designation is placed on the transcript of the graduate who has achieved an overall grade point average (GPA) of 3.0 while completing the Honors Program requirements. In addition, the Completion of Honors Transfer Program graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 15 units or more must be honors courses.

SEMESTER ACADEMIC HONORS. An honors list is issued each semester from the President’s Office. Students are eligible by completing two or more units with a grade point average of 3.5 or better. Pass/no pass units are not considered in the twelve-unit requirement. Overall GPA must also be a 3.5 or better.
ACADEMIC RENEWAL

Inasmuch as past performance does not always reflect accurately a student’s actual ability, Santa Ana College has established a policy of academic renewal.

- To be eligible, the student must have completed at least 15 units with a 3.0 GPA or 24 units with a 2.0 GPA or higher in sessions subsequent to the substandard work. All lower division units from all colleges attended will be counted from the semester immediately following the substandard work. These semesters cannot contain any substandard grades.
- The substandard academic renewal work will not count toward graduation or certification, and the permanent academic record shall be annotated in such a manner that all work remains legible. Up to 30 units combined of below “C” work from all institutions attended may be disregarded in the computation of the grade point average.
- After an associate degree or general education certification is posted, academic renewal without course repetition is not accepted.
- Academic Renewal Without Course Repetition is solely the policy of the Rancho Santiago Community College District and may not necessarily be followed by other institutions.
- Academic Renewal Without Course Repetition may be granted only once by either Santa Ana College or Santiago Canyon College, but not both.

The petition is submitted to Admissions and Records of the student’s home campus (SAC or SCC). Please consult with a college counselor about any questions regarding Academic Renewal eligibility.

* For courses designated as non-repeatable (Title 5 § 55041), only the first two substandard grades may be excluded in computing the student’s grade point average (Title 5 § 55042(c)).

CAMPUS REGULATIONS

1. The Rancho Santiago Community College District supports liberal policies regarding free speech for individual students, college staff, nonofficial college groups, and visiting speakers.

2. Publicity for off-campus activities and organizations must be cleared through the Students Activities Office, in the Johnson Campus Center at Santa Ana College.

3. Posting or distribution of publicity for student activities on campus must be authorized by the Associated Students.

4. Smoking is prohibited on campus except in designated areas. This is an alcohol free and drug free campus. California Code A.B.846, Chapter 342-New Law (2004) prohibits smoking within 20 feet of main entrances or exits of buildings of California Community Colleges.

   These regulations are available to all students and staff in the office of the Associate Dean, Student Development, at Santa Ana College, in the Village, VL-108, phone, 714-564-6211.

5. Please refer to Standards of Student Conduct (page 55) for specific policies.

COOPERATIVE WORK EXPERIENCE EDUCATION

The Cooperative Work Experience Education Program represents a joint educational venture between the student, a college in the Santa Ana College, and a participating employer. Under terms of the program, qualified students may earn up to four units per semester on a Pass/No Pass basis for educational experiences on the job and coordinated coursework at Santa Ana College. Further information will be found in the course section of the catalog. Call the appropriate division for further information.

COURSE REPETITION

A student who earns a D, F, W, or NP grade may repeat the course up to two times to improve the grade of the substandard work. Withdrawals (notations of W) will count toward the two allowable repeats. A student may not repeat a course more than two times to alleviate substandard work.

A student may not repeat a course to change a grade of C or above. (Note this same procedure may be followed in case of grades UF and WF which appear on some older transcripts.) Courses repeated under the provisions of this section will be indicated as repeated on the permanent academic record of the student.

Course repetition at Santa Ana College does not guarantee that other institutions will approve such action. This determination will be made by the respective transfer institutions.

Repeatability of Courses

Courses may be repeated under the following circumstances:

Substandard Work: A student has up to three enrollments in the same course (SAC and SCC combined) to receive a passing grade. After two attempts, the student loses the ability to register for the class online. A repeat form must be completed and submitted to the Admissions Office. After three attempts, the student can no longer register for the course within this college district.

Non Repeatable Course: A student who earns a D, F, NP or W grade may repeat the course twice to improve the grade of the substandard work. The last grade earned will count in the GPA calculation. Courses repeated under the provisions of this section will be indicated as repeated on the permanent academic record of the student. A student may not repeat a course to change a grade of C or better. After three enrollments, the class must be completed outside the Rancho Santiago Community College District.

Significant Lapse of Time: Students may be permitted to repeat the course no less than 36 months since the most recent grade was obtained AND an institution of higher education to which a student wishes to transfer has established a recency requirement that the student cannot satisfy without repeating the course (Title 5, §55043). Students may submit a Significant Lapse of Time Form to repeat the course. Grades awarded for courses repeated under this provision shall replace the original grade. Only one repetition may be used for significant lapse of time (W grade counts towards repetition).

Legally Mandated Training: Repetition of courses for which the student is legally mandated by statute or regulation. Pursuant to Title 5 Section 55040, of the California Code of Regulations, Santa Ana College has adopted the following policy with regard to repeating courses for which the student has certified or documented that course repetition is legally mandated.

Course repetition shall be permitted in cases where such repetition is necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. Such courses may be repeated for credit, any number of times, regardless of whether or not substandard work was previously recorded, and the grade and units received each time shall be included for purposes of calculating the student’s grade point average. Santa Ana College reserves the right to require a student to certify or document in writing that course repetition is necessary to complete legally mandated training pursuant to this section.

Variable Unit Courses. When a course is designated as repeatable and is also variable unit, the number of repeats dictates how many times the course may be enrolled in for credit. A variable unit course which is not designated as repeatable may be registered for until the maximum number of units has been attempted. No portion of the class may be repeated to improve grade point average.

Courses Related in Content (commonly referred to as a Family of Courses)

New regulations governing the repetition of credit courses in the California Community College system effective Fall 2013 have eliminated certain repeatability in the Art, Dance, Kinesiology (activity...
courses), Music, and Theatre departments. While students will not, in most cases, be allowed to repeat active participatory courses in these departments, students will still be allowed to enroll in a series of active participatory courses that are related in content (commonly referred to as a family of courses) a maximum of four times.

A family of courses may include more than four courses, but students are limited to a maximum of four courses in any family. Further, all grades, including W, will count toward the four course enrollment limitation. Students can repeat Art, Dance, Kinesiology (activity courses), Music, and Theatre Arts courses that are included in Families of Courses in which an NP, D, F, or W was assigned; however, all enrollments count toward the 4 enrollment maximum for each family of courses.

For further questions regarding enrollment into a Family of Courses, contact the Admissions and Records office.

CREDIT BY EXAMINATION

1. Applications for credit by examination may be obtained in the Admissions and Records Office at Santa Ana College. The student will be advised whether a testing fee is to be charged and where it should be paid. Applicants must be currently enrolled at Santa Ana College and be in good standing.

2. The list of courses which may be challenged for credit by examination is available in the division offices at Santa Ana College.

3. Except in the case of Registered Nursing courses, the student must not enroll in a course which is to be challenged. In the event a student decides to challenge a course in which he or she is already enrolled, he or she must withdraw from that course prior to the end of the second week of instruction.

4. Credit may be earned only for courses that are: 1) currently listed in the catalog, and 2) specifically designated by the appropriate dean as courses that are eligible for credit by examination. A student may attempt credit by examination only once in a particular course.

5. Students should be aware that some divisions offer credit by examination only on specific dates; therefore, students should obtain examination schedules from the appropriate offices as early in the semester as possible.

6. The dean, in consultation with the department involved, will determine whether a departmental or a standardized examination is to be administered and when and where it will be administered. At this same time, the student will be given a course outline and any other pertinent information detailing subject matter requirements of the course being challenged.

7. Students may apply for credit by examination in sequential courses, but may take examinations for the courses having prerequisites in the sequence only if credit has been earned by examination or coursework in the earlier course(s) of the sequence.

8. Grading of the examination is on a Pass/No Pass basis. Pass represents a grade of “C” or better and will be shown on the transcript as “credit by examination”. Grades less than “C” will be reported to the college Admissions and Records Office but not recorded on the transcript. “Pass” grades will be computed as units earned but will not be counted in the grade point average.

9. The examiner shall transmit examination results to the Santa Ana College division office. The division dean will review the examination results and will transmit this information to the Admissions and Records Office.

10. Units for which P is given in this category will not be counted in determining the 12 semester hours of credit in residence required for a certificate or an associate degree.

EXAMINATIONS

It is expected that the instructor will give at least two evaluations of student performance prior to the issuance of mid-term grades and at least one other evaluation before the final examination. Final examinations are required in all courses.

RIGHT TO REVIEW AND CHALLENGE RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records within 30 days of the day the college receives a request for access. Students should submit to the Registrar, or Dean of Admissions, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the student believes is inaccurate. Students may ask the college to amend a record that they believe is inaccurate. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate.

If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the college discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Santa Ana College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

If students wish, copies of materials contained in the files subject to their review will be provided at a cost of $1.00 per page.
PASS/NO PASS
Pass/No Pass encourages students to explore academic areas outside a major field.

1. Courses in the student’s major field may not be taken under the Pass/No Pass policy except for major courses for associate degrees for transfer, courses for which Pass/No Pass is the only grading option, and units earned through credit by examination or assessment.

2. Every university has a limitation on the number of courses/units that can be taken for Pass/No Pass and applied to graduation and may require General Education taken Pass/No Pass to be retaken for a letter grade. Universities sometimes prefer that students have letter grades in English, mathematics, speech, and critical thinking courses. Courses that meet major requirements at a university (other than major requirements for ADTs) typically must be taken for a letter grade. Also, Pass/No Pass grades could have a negative effect on scholarships and international students. In addition, students who plan to pursue graduate or professional studies later are advised to be selective in opting for courses on a Pass/No Pass basis. If the student is unclear about requirements, it is best to consult with a counselor before using the Pass/No Pass option.

3. Except as in item number one above, a maximum of 6 Pass/No Pass units may be carried during any one semester.

4. A maximum of 12 Pass/No Pass units is allowed for any degree program. This does not include units taken under credit by examination or assessment, or units earned in courses for which Pass/No Pass is the only grading option.

5. Pass/No Pass petitions are available at the Admissions and Records Office at Santa Ana College, and must be submitted between the first and fifth week of the fall and spring terms or thirty percent (30%) of the term, whichever is less. Pass/No Pass status cannot be changed back to a letter grade. Petition for Exception to Academic Regulation (A and G) will not be approved.

6. Pass indicates a “C” or better.

WITHDRAWAL FROM CLASS
Students who cannot continue in a course have an obligation to withdraw officially. Students are encouraged to consult with instructors concerning class withdrawals.

Students must officially withdraw by the web through the last day of instruction (or 75 percent of a term, whichever is less) and receive a transcript symbol of “W”.

All instructor-initiated drops “EA” (Excessive Absence) through the 12th week or 75 percent of the class, whichever is less, will be assigned a “W”.

The academic record of a student who remains in a class beyond the time allowed by district policy must reflect a symbol other than a “W”, except under extenuating circumstances.

Military Withdrawals
See page 48.

EXTENUATING CIRCUMSTANCES
Extenuating circumstances are verified cases of accidents, serious illnesses, or other circumstances clearly beyond the control of the student. If such circumstances are verified by the Admissions and Records Office, with consultation of the appropriate faculty, a withdrawal may be authorized and a “W” recorded on the transcript.

Students should file petitions as soon as possible within the semester in which the extenuating circumstance occurred. Also, petitions will NOT be accepted for consideration later than one year following the semester in which the extenuating circumstance occurred.

A student who has attempted a course two times and has received grades of D, F, NP, or W must meet with a counselor and complete a Course Repetition Request before registering a third time.

A student who is a member of an active or reserve United States military service and who receives orders compelling a withdrawal from courses will be granted a “Military Withdrawal” upon verification of such orders. The “Military Withdrawal” can be granted at any time and will not count toward probation or dismissal calculations.

INCOMPLETE WORK
When a student has attended regularly but because of illness or other unavoidable circumstances is unable to complete coursework or take the final examination, a grade of “I” may be given. If an “I” is issued, the instructor completes the Incomplete Grade Form which includes the condition(s) for removal of the “I”, and the grade to be assigned if the condition(s) are not completed. A student may not register in some classes if an incomplete grade is pending. The work thus missed must be made up no later than one year following the end of the term in which it was assigned. A student may petition for a time extension due to unusual circumstances. It is the student’s responsibility to contact the college Admissions and Records Office in such cases.

A final grade will be assigned when the work stipulated has been completed and evaluated according to the conditions set forth by the instructor or when the time limit for completing the work has passed.

Grades and Grade Point Average
Grades are based upon the quality of work completed, that is, upon actual accomplishment in courses offered for credit. Credit by examination, Pass/No Pass, “Ws,” “MWs,” “IPs,” and “Is” are not figured into grade point averages. The grade point average is computed by dividing all units attempted into all grade points received. The meaning of each grade and its value in grade points is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4 per unit earned</td>
</tr>
<tr>
<td>B</td>
<td>3 per unit earned</td>
</tr>

</table>

TRANSCRIPTS
Students may obtain an official transcript of records by filing in person, online (www.sac.edu), or mailing a request to the Admissions and Records Office, Santa Ana College, 1530 W. 17th Street, Santa Ana, CA 92706. The first two transcripts will be issued without charge, thereafter, a $3.00 charge will be assessed for each additional transcript. An $8.00 special handling fee will be charged for express transcripts. FedEx Next Day Delivery is available for an additional cost. All official transcripts are copies of the student’s permanent record in the Office of Admissions and Records at the college. Only records prepared and issued directly from Admissions and Records will be considered official or certified for accuracy. Transcripts from other institutions are property of the college and will not be released.

Admissions and Records does not hold transcripts for final grades. It is the student’s responsibility to verify that all grades have been posted via WebAdvisor before requesting transcripts.
DISCRIMINATION COMPLAINTS

Rancho Santiago Community College District does not discriminate on the basis of national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

Students may file a discrimination complaint when they believe they have been deprived of a right granted to students by the Board of Trustees in any of the policies or regulations of the Rancho Santiago Community College District. The purpose of these complaint procedures is to resolve differences as fairly and expeditiously as possible while preserving the right of students and staff members.

Students should contact the Vice Chancellor, Human Resources if they want to file a discrimination complaint or discuss their concerns of alleged discrimination. The procedures for filing and investigation of a discrimination complaint can be found at:

https://www.rsccd.edu/Trustees/Pages/AR-3435.aspx

Students can either file a discrimination complaint with the Vice Chancellor, Human Resources who can be contacted at 2323 N Broadway, Suite 407-2, Santa Ana, CA 92706 Telephone Number (714) 480-7489

Alternatively, the student can file a formal complaint with the State Chancellor’s Office Web site at: www.cccco.edu/ChancellorsOffice/Divisions/Legal/Discrimination/tabid/294/Default.aspx.

GRIEVANCE PROCEDURES FOR STUDENTS

Students may file a grievance when they believe they have been deprived of a right granted to students by the Board of Trustees in any of the policies or regulations of the Rancho Santiago Community College District by employees, students, or others other than a discrimination complaint. The purpose of these grievance procedures is to resolve differences as fairly and expeditiously as possible while preserving the rights of students and staff members.

Procedure

1. Students shall first confer with the person who took the action or made the ruling to which they object no later than thirty (30) days following the event which prompted the grievance. If for any reason the student is uncomfortable conferring with the person who took the action, they may proceed immediately to step two.

   The Associate Dean of Student Development will assist the student in arranging the appointment between the student and the staff member.

2. If the difference is not satisfactorily resolved, the student shall confer with the person’s immediate supervisor. The Associate Dean of Student Development will assist in arranging the appointment between the student and the employee’s supervisor.

3. If the grievance is still unresolved, the student may file a written statement setting forth the nature of the grievance on the Student Grievance Form with the Vice President of Student Services (or their designee) no later than thirty (30) days after conferring with the person’s supervisor. The form should contain a description of the grievance including dates, times, pertinent facts, and the remedy sought by the student.

4. Upon receipt of the form, the Vice President of Student Services (or their designee) will send a Student Grievance Staff Response Form to both the staff member and the supervisor for completion within ten (10) days.

5. The Vice President of Student Services (or their designee) shall then select a Student Grievance Panel*. The administrator involved shall then forward the completed forms to the panel chair for review and recommendation. The panel shall have the power to make an appropriate investigation of the grievance and shall state its findings and make a recommendation.

6. If the grievance is sustained by the panel, it will recommend appropriate action for relief of the grievance and communicate this in writing to the person(s) to whom the grievance was directed. If the findings of the panel do not sustain the grievance, the panel shall communicate this finding in writing to the student who filed the grievance. The ruling of the Student Grievance Panel is final.

Student Grievance Panel Structure

- One non-voting chair (except in situations of a tie vote)
- One student representative
- One classified representative
- One faculty representative
- One administrative representative

NOTE: In addition to the college-specific Student Grievance Procedures outlined above, the Rancho Santiago Community College District has adopted a process for the resolution of grievances which are outlined in Administrative Regulation 3435. This regulation provides a process that can be used by any member of the RSCCD community to resolve a discrimination concern. Details about this process are located at rsccd.edu/Trustees/Pages/AR-3435.aspx.

For assistance with any portion of this process, please feel free to contact the Office of the Vice President of Student Services at 714-564-6085 or the RSCCD Title IX Compliance Officer at 714-480-7489 during regular business hours.

HONORS PROGRAM AND HONORS COURSES

The Honors Transfer Program at Santa Ana College offers honors sections of transferrable general education courses, combined “stacked” classes, and contracts. The honors experience is characterized by close interaction with Honors Transfer Program faculty, small size, and special projects and activities. The major benefits for members of the program include:

- Honors transfer agreements with several four-year institutions that offer minimally “priority consideration for admission,” and in some instances guaranteed admission with additional GPA requirements. These Honors Transfer Program institutions include California State University Fullerton, Chapman University, Gonzaga University, La Sierra University; Mills College, Pitzer College, Pomona College, Occidental College, Tufts University, UCI, UCLA, and Whitman College in Washington.

- Recognition of program completion on the Santa Ana College or the Santiago Canyon College transcript and diploma.

- Designation as a President’s Scholar (for those students who qualify).

- Recommendation by the Faculty Officer of the Honors Program.

- Library privileges at some of the transfer institutions.

- Scholarship eligibility.

- Access to a counselor specializing in honors transfer requirements.

NOTE: No association/affiliation with outside honor societies will be posted to the academic transcript or diploma.

Any student wishing to become a member of the Honors Transfer Program must submit a completed application packet (available online at the SAC website or in the Honors Program Coordinator’s office in D-428 at Santa Ana College). The following are considered minimum for acceptance into the program:

- Minimum cumulative GPA of 3.0 (in 6 transferrable units for students already in college) or a minimum cumulative high school GPA of 3.0 for entering freshmen.

- One of the following: completion of English 061 or English for Multilingual Students 112 or American College English 116 with a minimum grade of “C”; qualifying profile for English 101 from
English placement process; completion of English 101 or its requirement with a minimum grade of “C”.  
- Two academic references to be listed on the application.  

The philosophy of honors studies at Santa Ana College is that honors courses are not more work than non-honors courses. Instead, honors courses are enriched and creative. Students may take honors courses without being in the Honors Transfer Program, as long as they meet the following guidelines:  
- Students have a minimum cumulative 3.0 GPA, and   
- Students meet the prerequisites of an honors course as stated in the schedule of classes.  

All honors courses taught at either college within the Rancho Santiago Community College District are to be taken for a letter grade only, not P/NP.  

Note: For the purposes of articulation, course repeatability, and academic renewal, honors courses are equated with their non-honors counterparts. For example, English 101 and English 101H are equated courses, so if a student received a passing grade of “C” or better, he or she cannot take English 101H just to get “H” credit. Likewise, if a student received a non-passing grade in English 101H, he or she could take English 101 and, if the student receives a passing grade in that course, petition to have the English 101H non-satisfactory grade replaced through academic renewal with course repetition.

Honors Transfer Program members who have been in the HTP for at least one term may also earn up to eleven units and no more than three contracts through honors project contracts or through the STEM major contract. Contracts will earn honors credit only when both the work for the contract and the regular coursework in the UC transferable course tied to the contract have been completed and have earned an average grade of “B” or better. Contracts require the approval of the instructor of record for the course, the area division dean, and the HTP Coordinator. In the case of the STEM Honors Contract, more documentation will be required depending upon the activities involved. More information is available at the offices of the HTP and MESA Coordinators. Contract forms are available at the HTP Coordinator’s office. For more information, contact the Honors Transfer Program Coordinator, Kathy Patterson (714-564-6528) at Santa Ana College.

**INDEPENDENT STUDY**

Independent Study credit may be earned in any discipline. Transfer credit is designated as Independent Study 199; nontransfer credit is designated as Independent Study 099. These courses are offered on a credit/no credit basis.

Independent Study projects are normally for one unit of credit and require a minimum of 54 hours of directed work per unit of credit. Within the 54-hour minimum, the instructor meets with each student on a weekly basis for at least one hour or a minimum of 18 hours for each one unit project. Independent Study may be repeated for credit for a maximum of three units. Recommended projects of more than one unit must have prior approval from the Vice President of Academic Affairs. The proposal is subject to prior approval by the supervising instructor and the division dean in order for the student to enroll in Independent Study 099 or 199. To be eligible for Independent Study, a student must be concurrently enrolled in at least one other class in the Rancho Santiago Community College District, with the exception of summer sessions. The student must also show evidence of competence in the academic major as well as the area in which independent study is proposed.

**OPEN ENROLLMENT**

The policy of this district is that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to regulations contained in Article 2.5 (commencing with Section 55200) of Sub Chapter 1 of Chapter 6 of Title 5 of the California Code of Regulations.

**PHOTOGRAPHY**

Santa Ana College/Santiago Canyon College, a non-profit California Community College, reserves the right to use photography and video images of students and visitors, age 18 and older, taken on our property and at college-sponsored events for marketing and promotional purposes. Objection to the use of individual’s photograph may be made in writing to Public Affairs and Publications, RSCCD District Office, 2323 N. Broadway, Suite 408, Santa Ana, CA 92706.

**PROBATION – DISMISSAL**

A student’s academic standing is calculated and reviewed at the end of each fall and spring semester, based only on his/her SAC/SCC cumulative GPA. There are three categories of academic standing: probation, subject to dismissal, and dismissal.

**Probation**

1. **Academic probation.** After attempting twelve or more units, a student is placed on probation when the SAC/SCC cumulative grade point average for all work attempted falls below 2.0. (W's are counted in the attempted units).
2. **Progress probation.** A student who has attempted a total of twelve units will be placed on progress probation when the percentage of all units in which a student has enrolled and for which entries of “W”, “I”, and/or “NP” are recorded reaches or exceeds fifty percent.

**Academic/Progress Probation Intervention**

Students placed on academic/progress probation are required to attend a counseling intervention workshop. An email notification is sent to the student and a registration hold is placed on the student record until completion of the workshop.

**Loss of Priority Registration**

1. **Academic probation** – students who have two consecutive semesters with a Cumulative GPA below 2.0 will lose priority registration for the next registration period. Their registration date will be after all new applicants.
2. **Progress probation** – students are placed on progress probation when the percentage of coursework at SAC/SCC that has an entry of “W”, “I”, “NP”, and “NC” reaches or exceeds fifty percent (50%) of the coursework attempted.

**Student Right to Appeal**

A student has the right to appeal an exception to a current Santa Ana College academic policy, including academic probation and progress probation. Student must complete and submit a Priority Registration & California College Promise Grant Appeal form. Appeal forms are available in the Admissions & Records office.

**Removal From Probation**

1. **Academic probation.** A student on academic/progess probation shall be removed from probation when the student’s cumulative grade point average reaches 2.0 or higher.
2. **Progress probation.** A student who has been placed on progress probation shall be removed from probation when the percentage of units for which entries of “W”, “I”, and/or “NP” falls below 50%.

**Subject To Dismissal**

A student’s academic standing is calculated and reviewed at the end of fall and spring semester, based upon a SAC/SCC cumulative grade point average. Summer is not counted as it is considered a session because it is not a full semester. A student who is on academic probation shall be subject to dismissal if the student earned a SAC/SCC cumulative grade point average (GPA) of less than 2.0 in all units attempted in each of 2 consecutive semesters.
STANDARDS OF STUDENT CONDUCT

Guidelines for Student Conduct are set forth in the California Education Code, California Administrative Code, Title V, policies of the Board of Trustees, and all civil and criminal codes. Students enrolling in district educational programs assume an obligation to obey state law and district rules and regulations governing the conduct of students.

Dismissal

1. Academic dismissal. A student’s academic standing is calculated and reviewed at the end of fall and spring semester, based upon a SAC/SCC cumulative grade point average. Summer is not counted as it is considered a session because it is not a full semester. A student who is on academic probation shall be dismissed if the student earned a SAC/SCC cumulative grade point average (GPA) of less than 2.0 in all units attempted in each of 3 consecutive semesters.

2. Progress dismissal. A student who has been placed on progress dismissal shall be dismissed when the percentage of units in which the student has enrolled and for which entries of “W,” “I,” and/or “NP” are recorded reaches or exceeds 50% for three consecutive semesters.

3. Dismissal after fall semester. A student may be given the academic standing of “Subject to Dismissal” at the end of fall semester when his/her SAC/SCC cumulative GPA falls below 2.0 after three consecutive semesters. The student is given the grace period of spring semester to remain in school. However, an academic hold is placed on the student record in April to prevent any further registrations until all grades have been reviewed at the end of spring semester.

If the student achieves a 2.0 GPA for the spring semester, the student is allowed to remain at the college on probationary status, despite a SAC/SCC cumulative GPA of less than 2.0. If the 2.0 GPA for spring is NOT achieved, the student is academically dismissed. Students who are academically dismissed have a HOLD placed on their record and receive an email notifying them of their academically dismissed status (AD).

4. Petition for reinstatement after dismissal. A student may initiate the process for reinstatement after dismissal at the end of spring semester by completing the Petition for Reinstatement After Dismissal form. This form is available in the Admissions and Records Office. A student can be reinstated if the spring semester GPA is 2.0 or better. If the spring semester GPA is less than 2.0, the student can petition using the Exceptions to Academic Regulations petition for reinstatement. This committee meets the week prior to the start of the fall semester. A student should make alternative plans in cases involving a denied petition. Students who have SAC as a home campus submit their petition to the SAC Admissions and Records Office.

5. Consequence of academic dismissal. A student cannot register for classes at SAC or SCC for one full semester. When the student returns to SAC or SCC after “sitting” out one semester, the student returns on academic probation. In order to remain at SAC or SCC, the student must achieve a 2.0 GPA in the spring and fall semesters.

When a student is academically dismissed and the last semester GPA is less than 2.0, the student is denied reinstatement and may not enroll at SAC or SCC for one semester before reapplying to either college.

Remedial Course Limit

A student may complete a maximum of 30 semester units of basic skills remedial courses. Remedial courses include non-degree or pre-collegiate basic skills classes in math, English, reading, learning and study skills.

A waiver is required beyond 30 units. Students must show a “C” or better or a 2.0 GPA in remedial courses to qualify for a waiver. Waiver forms are available in counseling.

College Policies and Standards

Students who enroll in those instructional programs in which the college has affiliations with various outside associations must comply with the college’s policies and procedures and also with the outside associations’ policies and procedures. This includes but is not limited to students enrolled in the programs of Fire Academies, Criminal Justice Academies and Nursing.

GUIDELINES FOR STUDENT CONDUCT

The following represent violations for disciplinary action, up to but not limited to expulsion, that may be taken:

A. Dishonesty, cheating, plagiarism, lying, or knowingly furnishing false information to the district or college officials performing their duties.

B. Forgery, alteration, or misuse of district documents, records, or identification.

C. Willful misconduct that results in damage to any real or personal property owned by the district or district employees (damage includes, but not limited to vandalism, such as cutting, defacing, breaking, etc.).

D. Obstruction or disruption of pedestrian or vehicular traffic or of teaching, research, administration, or of other district activities on or off District premises. This includes obstruction or disruption of administration, disciplinary procedures, or authorized college activities.

E. Assault, battery, or any threat of force or violence upon a student, college personnel, or campus visitor; willful misconduct which results in injury or death to a student, college personnel, or campus visitor. This includes fighting on district property or at a district sponsored event, on or off district premises.

F. Detention of any person on district-owned or controlled property or at district-sponsored or supervised functions or other conduct which threatens or endangers the health or safety of another.

G. Theft of any property of the district which includes property of a member of the district community or a campus visitor.

H. Unauthorized entry into or unauthorized use of district property, supplies, equipment, and/or facilities.

I. Misrepresentation of oneself or of an organization to be an agent of the district.

J. Sexual assault or physical abuse, including rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat or assault, or any conduct that threatens the health and safety of the alleged victim, which includes students, college personnel, or campus visitors.

K. Use, possession, distribution, or being under the influence of alcoholic beverage on district property or at any district sponsored event.

L. Use, possession, distribution, or being under the influence of narcotics, other hallucinogenic drugs or substances, or any poison classified as such by Schedule “D” in Section 4160 of the Business and Professions Code on District property or at any District-sponsored event except as expressly permitted by law.

M. Expression which is libelous, slanderous, obscene or which incites students so as to create a clear and present danger of commission of unlawful acts on district premises, or violation of district regulations, or the substantial disruption of the orderly operation of the college.

N. Engaging in lewd, indecent, or obscene behavior on district property or at any district-sponsored function.

O. Possession or use while on the district premises, or a district-sponsored function, of any firearm, knife, explosive, or other dangerous object, including but not limited to any facsimile firearm, knife, or explosive. Exceptions include those participating in a criminal justice educational program who are authorized such possession or those who are enrolled in a course which authorizes such possession.
P. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any district policy or administrative regulation.

Q. Engaging in harassing or discriminatory behavior based on race, sex (i.e., gender), religion, age, national origin, disability, sexual orientation or any other status protected by law.

R. Continuous disruptive behavior or willful disobedience, habitual profanity or vulgarity, open and persistent abuse of college personnel, or open and persistent defiance of the authority of college personnel, which includes physical as well as verbal abuse, including the use of racial epithets and hate speech.

S. Disruptive written or verbal communication, vulgarity, open and persistent abuse of other students which include verbal abuse, racial epithets and hate speech.

T. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the Board of Trustees.

U. Violation of the Computer Usage Policy is applicable to students using computer classrooms, computer labs, the wireless network, or other locations on and off district property. A violation is considered any of the following:

(a) Accessing with or without permission, or causing to be accessed without authorization, altering, damaging, deleting, hacking, destroying, or otherwise using any data, computer, computer system, computer software and programs, or computer network belonging to or used by the college or any member of the District.

(b) Accessing with or without permission, taking, copying, or making use of any data from a computer, computer system, or computer network, or taking or copying any supporting documentation, whether existing or residing internal or external to a computer, computer system, or computer network belonging to or used by the college or District.

(c) Using or causing to be used computer services without permission.

(d) Disrupting or causing the disruption of computer services or denying or causing the denial of computer services to an authorized user of a computer, computer system, or computer network belonging to or used by the college or District.

(e) Introducing any computer contaminant or virus into any computer, computer system, or computer network belonging to the college or District.

(f) Sending any message using any computer system or network without authorization or sending any message in the name of another person or entity.

(g) Using any account or password without authorization.

(h) Allowing or causing an account number or password to be used by any other person without authorization.

(i) Accessing or causing to be accessed, downloading or causing to be downloaded, pornographic or obscene materials except when accessing such material which is part of the instructional process or assignment for a class in which the student is currently enrolled.

(j) Use of systems or networks for personal commercial purposes.

(k) “Cyberstalking”, which is to be understood as any use of the college or district computer system, computer network, or computer programs to stalk another person via excessive messages or inquiries, inappropriate or threatening messages, racially motivated communications, photos or other means of communication.

V. Any act constituting good cause for suspension or expulsion, or violation of district policies or campus regulations.

For additional information, please refer to the Student Handbook online at www.sac.edu under the Student Life page.

Procedures for Student Grievances Regarding Grades

Education Code 76224 states:

(a) When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.

Procedure

1. Student shall meet with the instructor to discuss the grade.

If the issue is not resolved and the student believes that the grade is based on a mistake, fraud, bad faith, or incompetency, (EC 76224), he/she may appeal in writing to the Division Dean. Such an appeal must be made within a one year period following the semester which the grade was assigned.

2. Forms for the written appeal may be found in any divisional Dean’s office.

3. The student may be requested to set-up an appointment with the appropriate Division Dean to discuss the written grievance.

4. The appropriate Division Dean will review the allegations and consult with the instructor.

5. The Division Dean will review the issue and will notify the student and instructor in writing of his/her decision.

6. The decision of the Division Dean is final.

TRANSPORTATION

Some classes may be conducted off campus. Unless students are specifically advised otherwise, they are responsible for arranging for transportation to and from the class site. Although the district may assist in coordinating the transportation and/or recommend travel times, route or caravanning, be advised that the district assumes no liability or responsibility for the transportation, and any person driving a personal vehicle is NOT an agent of the district.

TRANSFER CREDIT

Santa Ana College will give credit for college units earned at another regionally accredited college or university. In order for transfer units to be applied towards a petition for degree or transfer certification, all official transcripts from other colleges must be on file in Admissions office.

UNIT OF CREDIT

A unit of college credit represents three hours of student time each week for a semester; one hour of scheduled classroom lecture and two hours in outside preparation. A longer time is scheduled for laboratory courses since more of the work is done in the classroom. One full quarter unit is equal to two-thirds of a semester unit.

REGISTERED SEX OFFENDER INFORMATION

Information concerning registered sex offenders can be obtained from the Santa Ana Police Department, 3rd Floor Lobby, 60 Civic Center Plaza, Santa Ana, on Mondays through Fridays, from 9am to 12pm and from 1-4pm; and from the Orange Police Department, Youth Services Bureau, 1107 North Batavia Street, Orange, by calling 714-744-7311 for an appointment.

“Sex offenders are required to register with the police in the jurisdiction in which they reside and at institutions of higher learning if they are students there or if they work there as employees, contractors, or volunteers. Sex offenders who may be required to register should do so at the Santa Ana Police Department if attending Santa Ana College or at the Orange Police Department if attending Santiago Canyon College.”

WAIT LIST POLICY

You are not able to Wait List more than one section per course. You cannot Wait List a course that will conflict with another course. As seats become available, students will be moved into an open seat. You will be notified by email (it is your responsibility to make sure that your e-mail is up-to-date) and will have 3 calendar days to pay for the course or you may be dropped. If your name remains on the Wait List, you must attend the first class meeting and obtain the instructor’s add code to add the course (Log in to WebAdvisor often to check your status on the waitlist).
COLLEGE CREDIT INSTRUCTIONAL PROGRAMS

Programs of study leading to the certificate or the associate degree or certification in specialized vocational areas are alphabetically arranged.

Programs which lead to transfer to universities and four-year colleges do not necessarily reflect the transfer requirements of specific schools. If the student wishes to receive an associate degree in a specific discipline, the requirements as set forth must be met. However, in planning a program for transfer, it should be noted that the transfer requirements for both the major and general education vary widely. Hence it is recommended that the student review the catalog of the school of transfer and consult with the counseling staff of Santa Ana College in planning transfer objectives.

Required sequences and frequency of course offerings as well as length of time required to obtain a degree or certificate can be found on the college website at www.sac.edu/academicaffairs/coursesquences.

ACCOUNTING

Accounting Degree
Program code: sac.acct.as

The associate degree in accounting prepares students for entry-level positions and promotional opportunities in accounting, taxation, and administrative departments of businesses in areas such as manufacturing, merchandising, financial service, wholesale trades, and government. Specialized training in accounting enables students to maintain accounting records and develop financial reports and make effective use of financial information for analysis and decision-making. Entry-level employment opportunities include positions in accounts receivable and accounts payable, payroll, income tax preparation, and cost accounting. Promotional opportunities include higher-level responsibilities in these areas and the areas of general ledger, financial statement preparation, and financial statement analysis.

Learning Outcome(s):
1. Students will create clear, concise, well organized written business documents, including financial statements, memos and reports, that can be used in an effective manner to communicate.
2. Students will acquire adequate technical knowledge to create financial information to be used in the accounting and related business environment.
3. Student will be able to combine critical thinking skills and technical knowledge to solve problems in a constantly-changing professional environment.

General Accounting Certificate (Transcripted)
Program code: sac.acctc.ca

A certificate in accounting prepares students for entry-level positions and promotional opportunities in accounting, taxation, and administrative departments of businesses in public and private sector areas such as manufacturing, merchandising, financial service, wholesale trades, and government. Specialized training in accounting and finance principles and practices enables students to maintain accounting records and develop financial reports and make effective use of financial information for analysis and decision-making. Entry-level employment opportunities include positions in accounts receivable/payable, payroll, income tax preparation, cost accounting, and a number of trainee positions. Promotional opportunities include higher-level responsibilities in these areas and the areas of general ledger, financial statement preparation, and financial statement analysis.

Learning Outcome(s):
Students will acquire adequate general knowledge of accounting to enter into a business environment as an entry-level accounting clerk.

### Professional Accounting - Accounting Study & Ethics Certificate (Transcripted)

**Program code: sac.actse.ca**

This certificate is designed for an individual that has a bachelor's degree other than in accounting that wishes to be licensed as Certified Public Accountant (CPA). This certificate in conjunction with Certificate of Professional Accounting – Accounting Subjects and Certificate of Professional Accounting – Business Subjects will prepare an individual for the CPA exam as well as meet the educational requirements for licensure. Alternatively, a student who already possesses a bachelor's degree in Accounting from a major College or University may solely complete this certificate to fulfill the educational requirements for licensure. The courses contained in this certificate meet the specific course requirements set forth by the California Board of Accountancy (CBA) including the requirements of SB 773. Upon successful completion of this certificate along with the Certificate of Professional Accounting – Accounting Subjects and Certificate of Professional Accounting – Business Subjects, a student will have taken all the necessary Accounting, Business and Ethics courses required for licensure (license granted upon successful passing of the Uniform CPA exam). CPA licensure affords promotional opportunities in public accounting, taxation, as well as administrative departments of businesses in public and private sector areas such as manufacturing, merchandising, financial service, wholesale trades, and government. This certificate covers accounting and ethical principles necessary for financial reporting, analysis and critical review of accounting information. Entry-level employment opportunities include professional positions in financial statement auditing, income tax preparation, cost accounting, financial reporting and a number of trainee positions. Promotional opportunities include higher-level responsibilities in these same areas.

<td>1</td>
</tr>
</tbody>
</table>

**Total Units: 16**
Learning Outcomes:
Upon successful completion of the program students will be able to:

1. Make ethical decisions in the workplace.
   a. Students will complete 10 hours of ethics courses including Accounting 212 Accountants’ Ethics and Responsibilities.
   b. Students will incorporate ethical standards in Accountants’ Ethics and Responsibilities class through case study review, research and discussion.

2. Understand accounting and business concepts.
   a. Students will demonstrate accounting and business concepts in the certificate classes through examination and practical exercises.
   b. Students will prepare accounting and business reports based upon relevant accounting and business principles.

3. Communicate effectively orally and in writing.
   a. Students will draft research papers & case study reports.
   b. Students will use proper grammar, punctuation, and spelling.

   a. Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
   b. Students will complete assignments using accounting-specific software.

5. Exhibit critical thinking skills.
   a. Students will analyze cases related to the accounting specialty classes.
   b. Students will analyze fact patterns to demonstrate the application of accounting principles to fact patterns.

Note 1: Some of the courses listed in this certificate overlap with courses listed in the Certificate of Professional Accounting – Accounting Subjects and/or the Certificate of Professional Accounting – Business Subjects. It is imperative that an individual does not take any courses for this certificate that have already counted towards either the Certificate of Professional Accounting – Accounting Subjects or the Certificate of Professional Accounting – Business Subjects. Additionally, a student must understand the requirements for “Accounting Study” set forth by the CBA and listed below:

<table>
<thead>
<tr>
<th>Accounting Study - Business Subjects Electives</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 204 Managerial Cost Accounting</td>
<td>3</td>
</tr>
<tr>
<td>ACCT 205 Intermediate Accounting I</td>

<td>3</td>
</tr>
<tr>
<td>ACCT 211 Auditing</td>
<td>3</td>
</tr>
</tbody>
</table>

Note 2: While a bachelor's degree is not a prerequisite to obtain this certificate, the student needs to obtain a bachelor's degree for CPA exam eligibility (may occur concurrently). In addition to passing the Uniform CPA exam and meeting the educational requirements, an individual must also meet general accounting and business work experience as required by the CBA for licensure. Please refer to http://www.dca.ca.gov/cba/index.shtml for a complete list of all requirements and options for licensure requirements for a CPA.

Note 3: A student may be eligible to sit for the CPA exam concurrent with obtaining this certificate. To qualify and sit for the Uniform CPA exam one will need a bachelor's degree and evidence of at least 24 semester units of business-related subjects and 24 semester units of accounting subjects. For more information regarding this requirement, please refer to: http://www.dca.ca.gov/cba/applicants/ed-requirements.shtml

Total Units 30

Professional Accounting – Accounting Subjects Certificate (Transcripted)
Program Code: sac.actsu.ca
This certificate is designed for an individual that has a bachelor's degree other than in accounting that wishes to be licensed as Certified Public Accountant (CPA). This certificate in conjunction with Certificate of Professional Accounting – Business Subjects and Certificate of Professional Accounting – Accounting Study & Ethics will prepare an individual for the CPA exam as well as meet the educational requirements for licensure. The courses contained in this certificate meet the specific course requirements of section “Accounting Subjects” set forth by the California Board of Accountancy (CBA). Upon successful completion of this certificate along with the Certificate of Professional Accounting – Business Subjects and
Certificate of Professional Accounting – Accounting Study & Ethics, a student will have taken all the necessary Accounting, Business and Ethics courses required for licensure (license granted upon successful passing of the Uniform CPA exam). CPA licensure affords promotional opportunities in public accounting, taxation, as well as administrative departments of businesses in public and private sector areas such as manufacturing, merchandising, financial service, wholesale trades, and government. This certificate covers accounting principles necessary for financial reporting, analysis and critical review of accounting information. Entry-level employment opportunities include professional positions in financial statement auditing, income tax preparation, cost accounting, financial reporting and a number of trainee positions. Promotional opportunities include higher-level responsibilities in these same areas.

**Learning Outcome(s):**

Upon successful completion of the program students will be able to:

1. Understand accounting concepts.
   a. Students will demonstrate accounting concepts in the accounting classes through examination and practical exercises.
   b. Students will prepare accounting financials based upon accounting principles.

2. Communicate effectively orally and in writing.
   a. Students will draft research papers & case study reports.
   b. Students will use proper grammar, punctuation, and spelling.

   a. Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
   b. Students will complete assignments using accounting-specific software.

4. Exhibit critical thinking skills.
   a. Students will analyze cases related to the accounting specialty classes.
   b. Students will analyze fact patterns to demonstrate the application of accounting principles to fact patterns.

Note 1: Some of the courses listed in this certificate overlap with courses listed in the Certificate of Professional Accounting – Business Subjects and/or the Certificate of Professional Accounting – Accounting Study & Ethics. It is imperative that an individual does not take any courses for this certificate that have already counted towards either the Certificate of Professional Accounting – Business Subjects or the Certificate of Professional Accounting – Accounting Study & Ethics.

Note 2: While a bachelor's degree is not a prerequisite to obtain this certificate, the student needs to obtain a bachelor's degree for CPA exam eligibility (may occur concurrently). In addition to passing the Uniform CPA exam and meeting the educational requirements, an individual must also meet general accounting and business work experience as required by the CBA for licensure. Please refer to http://www.dca.ca.gov/cba/index.shtml for a complete list of all requirements and options for licensure requirements for a CPA.

Note 3: A student may be eligible to sit for the CPA exam concurrent with obtaining this certificate. To qualify and sit for the Uniform CPA exam one will need a bachelor's degree and evidence of at least 24 semester-units of business-related subjects and 24 semester-units of accounting subjects. For more information regarding this requirement, please refer to: http://www.dca.ca.gov/cba/applicants/ed-requirements.shtml

Tax Preparer Certificate (Untranscripted)

Program code: sac.taxpr.cert

A tax preparer certificate prepares a student with knowledge and practical experience for individual income tax preparation and receive the qualifying education required by the California Tax Education Council (CTEC) to become a California Registered Tax Preparer (CRTTP).

California law requires anyone who prepares (or assists with) tax returns for a fee, and is not an attorney, certified public accountant (CPA) or enrolled agent (EA), to register as a tax preparer with CTEC.

All CTEC Registered Tax Preparers (CRTTP) must...

- First complete qualifying tax education from a CTEC-Approved Provider
- Obtain a PTIN (Preparer Tax Identification Number) from the IRS
- Purchase a $5,000 tax preparer bond
- Register with CTEC within 18 months from the completion date on the certificate of completion
- CTEC requires a Registration Fee (amount varies by year)

Upon completion of this certificate program, a student would fulfill the education requirement to become a CRTTP.

Entry-level employment opportunities include tax specialist and tax practitioner.

Growth potentials include management-level positions and self-employment opportunities.

Learning Outcome(s):
1. Complete a Federal tax return
2. Student will be able to process and file an individual Federal tax return.

ADMINISTRATION OF JUSTICE

(See Criminal Justice)

AMERICAN SIGN LANGUAGE

American Sign Language Certificate (Transcripted)

Program code: sac.sign.ca

The Certificate of Achievement in American Sign Language (ASL) is offered as preparation for developing linguistic competency in ASL and readiness for entering a formal Interpreter Training Program or as an added skill as a direct service provider: instructional assistant, social work, speech pathology, etc. The certificate indicates skill in the use of ASL for personal communication, knowledge of American Deaf Culture and an Introductory awareness of Sign Language Interpreting and other professions working within the American Deaf community.

Learning Outcome(s):
1. Students will maintain an ongoing dialogue in ASL at an intermediate conversational level.
2. Students will acquire an understanding of American Deaf culture that will allow them to interact in culturally appropriate ways with members of the American Deaf community.

ANTHROPOLOGY

Option 1

Anthropology Degree

Program code: sac.anth.aa

The associate degree curriculum in anthropology is designed as a program of basic courses for students considering professional careers as archeologists, ethnographers, linguists, physical anthropologists; for those preparing to become social science teachers in elementary or secondary schools; for such diverse fields as psychology, medicine, law, political science, international relations, economics, or history; and for individuals who plan public service careers in social work, health and welfare programs, foreign service. Students should consult with faculty members for advice in selecting course offerings best suited to the individual's particular career objectives. The associate of arts degree prepares the student to move into a curriculum at a four-year institution leading to a baccalaureate degree in these careers. Consult a counselor for information about course requirements for specific universities.

Learning Outcome(s):

Students will recognize and analyze the complex diversity of humans and their ancestors by examining our biological, cultural and evolutionary adaptation utilizing the scientific method.

Major requirements for the associate in arts degree:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTH 100</td>
<td>3</td>
</tr>
<tr>
<td>ANTH 100H</td>
<td>3</td>
</tr>
<tr>
<td>ANTH 101</td>
<td>3</td>
</tr>
<tr>
<td>ANTH 103</td>
<td>3</td>
</tr>
<tr>
<td>*ANTH 104</td>
<td>3</td>
</tr>
<tr>
<td>*ANTH 104H</td>
<td>3</td>
</tr>
</tbody>
</table>

In addition to the above requirements, an additional minimum of 6 units for the Anthropology Major may be taken from Category A or Category B below.

Category A

If your emphasis is cultural anthropology consider category A:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTH 105</td>
<td>3</td>
</tr>
<tr>
<td>ANTH 108</td>
<td>3</td>
</tr>
<tr>
<td><strong>ANTH 125</strong></td>
<td>3</td>
</tr>
<tr>
<td>ECON 120</td>
<td>3</td>
</tr>
<tr>
<td>ETHN 101</td>
<td>3</td>
</tr>
<tr>
<td>ETHN 101H</td>
<td>3</td>
</tr>
<tr>
<td>GEOG 100</td>
<td>3</td>
</tr>
<tr>
<td>GEOG 100H</td>
<td>3</td>
</tr>
<tr>
<td>PSYC 157</td>
<td>3</td>
</tr>
<tr>
<td>PSYC 170</td>
<td>3</td>
</tr>
<tr>
<td>SLPA 160</td>
<td>3</td>
</tr>
<tr>
<td>THEA 110</td>
<td>3</td>
</tr>
<tr>
<td><strong>Total Units</strong></td>
<td><strong>24</strong></td>
</tr>
</tbody>
</table>

Category B

If your emphasis is physical anthropology consider category B:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTH 101L</td>
<td>1</td>
</tr>
<tr>
<td>ANTH 107</td>
<td>3</td>
</tr>
<tr>
<td>BIOL 109</td>
<td>3</td>
</tr>
<tr>
<td>BIOL 109H</td>
<td>3</td>
</tr>
<tr>
<td>BIOL 109L</td>
<td>1</td>
</tr>
<tr>
<td>BIOL 127</td>
<td>1</td>
</tr>
<tr>
<td>BIOL 149</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 177</td>
<td>3</td>
</tr>
<tr>
<td>BIOL 211</td>
<td>5</td>
</tr>
<tr>
<td>BIOL 212</td>
<td>5</td>
</tr>
<tr>
<td>GEOL 101</td>
<td>3</td>
</tr>
<tr>
<td>GEOL 101L</td>
<td>1</td>
</tr>
</tbody>
</table>

It is strongly recommended that Anthropology majors transferring to the CSU or UC system complete Foreign Language courses at the 201 and 202 level, and/or MATH 219/219H.

* Note: ANTH 104 or 104H are alternately listed as ENGL 104 or 104H.
** Note: ANTH 105 and ANTH 125 are alternately listed as HIST 105 and HIST 125.
ART DEGREE

Electives are to be selected from the following:

Recommended electives:

Option 2(A)

Associate in Arts in Art History for Transfer

Program code: sac.arth.aat

The Associate in Arts in Art History for Transfer (A.A.-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Art History. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, (admission is not guaranteed to a specific major or campus), along with priority admission consideration to the local CSU in the Art History major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Art History, students will be able to recognize, distinguish and categorize major art achievements and their relationship to history and culture through formal analysis of art works, comparison and contrast of artistic styles, and general assessment of the cultural diversity of human artistic expressions and their meanings around the world in different eras by means of both oral and written assignments such as oral presentations, written essays, and general exams.

Learning Outcome(s):

1. Students will possess general knowledge of the monuments, movements and principal artists of major art periods of the past, including a broad understanding of the art of the twentieth century and acquaintance with the art history beyond Europe and the United States.
2. Students will demonstrate at the sophomore level skills in theory, analysis and criticism.
3. Students will demonstrate a working knowledge of the tools and techniques of scholarship and be experienced in analytical and critical writing as well as presenting their research orally.

Option 2(B)

Associate in Arts in Studio Arts for Transfer

Program code: sac.start.aat

The Associate in Arts in Studio Arts for Transfer (A.A.-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Studio Arts and then into careers in fine arts include art education, interior design, gallery operation, art merchandising, studio artist, illustration, art criticism, computer graphics and animation, and related fields. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, (admission is not guaranteed to a specific major or campus), along with priority admission consideration to the local CSU in the Studio Arts major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Studio Arts, students will be able to recognize specific styles of art, apply vocabulary pertinent to the discussion of art both in and out of the classroom, and demonstrate an understanding of the technical processes of various art media by developing an art portfolio that demonstrates a broad knowledge of subject matter. Furthermore, students will be able to demonstrate an understanding of the principles of design and the elements of art, as well as identify relationships between art and society in which it is created, and apply developed criteria for viewing and judging art.

Learning Outcome(s):

1. Students will possess technical skills (at the sophomore level) for producing art in several media.
2. Students will demonstrate competency and acquire experience in creating original work for public display.
3. Students will demonstrate competency in critical analysis and verbal and written responses to visual phenomena.

Total Units 24
Crafts Option Certificate
The certificate program in crafts offers courses that provide the aesthetic, technical knowledge and special skills necessary to design and produce hand crafted objects. Whether the interest is in exhibiting crafts as an art form or producing work with more commercial applications, the program provides for study in two areas, jewelry/crafts and ceramics/crafts. This program is primarily designed to prepare art students as freelance artists/craftsmen.

Crafts Certificate A-Jewelry Emphasis Certificate (Transcribed)
Program code: sac.artjw.ca
Learning Outcome(s):
1. Students will demonstrate visual literacy, including competency in the non-verbal languages of art and design.
2. Students will demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Students will acquire the aesthetic knowledge and technical skills (including stone-setting and enameling) necessary to become a freelance artist/craftsman who creates hand-crafted jewelry.

Art-Graphic Design Degree
Program code: sac.artgd.aa
The associate degree curriculum in graphic design prepares students for entry into the broad field of visual communication with an emphasis on the development of problem solving in the practical application of graphic design. These applications include design for the print media, advertising, architectural and environmental graphics, packaging, logos, corporate identity, the web and other electronic media, using both digital media tools as well as traditional hand skills.

Degree Program A emphasizes skills for entry level employment in advertising agencies, print houses, design studios, freelance work, and related businesses. It also prepares students to apply to a four-year institution leading to a baccalaureate degree or into a professional art school with a graphic design emphasis. Degree Program B is specifically geared for students to transfer to a state university leading to a baccalaureate degree with more intense study of graphic design skills and applications. Completion of this associate degree also provides for entry into a profession in a variety of areas: e.g., advertising agency, printing house, design studio, freelance work and related businesses. Students planning for transfer should be aware that each university has unique degree requirements. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

Major requirements for the associate in arts or science degree in Graphic Design:

Degree Program A-Professional Emphasis Or Transfer Preparation To Art School
Learning Outcome(s):
1. Students will demonstrate visual literacy, including competency in the non-verbal languages of art and design.
2. Students will demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Students will acquire competency and experience in creating original work for public display.

3D Modeling and Animation A-Art Emphasis Certificate (Transcripted)

Program code: sac.art3a.ca

The certificate program in 3D animation addresses the fundamental requirements that 3D artists are expected to know for entry-level positions in animation studios, advertising commercials, and video game companies, as well as bioscience, product, industrial and architectural design.

The certificate program is designed to develop the core technical skills required for these vast arenas of applications. Employment opportunities exist with small and large companies serving a broad spectrum of clientele in the delivery of still, animated, and interactive presentations.

Learning Outcome(s):
1. Students will demonstrate visual literacy, including competency in the non-verbal languages of art and design.
2. Students will demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Students will demonstrate visual literacy, including competency in the non-verbal languages of art and design.

### Public and Community Art - Mural Painting Certificate (Transcribed)

**Program Code:** sac.artmu.ca

The certificate program in Public and Community Art – Mural Painting is designed to prepare students for employment in both the designing and painting of large-scale public art murals. These murals are in demand by communities (such as city governments, schools, parks) to enhance and beautify public and private sites to combat blight and graffiti. Public and private institutions use murals to brand their visual logos and promote specific messages on their public sites. Private businesses also want to brand their locations with large paintings or murals that include visual images and graphic signage. Students in this program will utilize both digital and traditional techniques from visual composition, illustration, sign painting, and fine art painting while integrating historical, traditional and contemporary mural painting styles. Students will also gain the specialized training needed (including how to prepare exterior walls for murals, specialized paints and protective coatings, safety measures and specialized equipment, and composing designs digitally for large application) to confidently seek employment in the above areas.

Career opportunities include being the fine artist who creates, designs and paints murals, and/or using the acquired skills to be hired for mural restoration, as a fine arts painter, illustrator or the creation of hand-painted graphics; set and exhibit designer and creator, and also muralist and paints murals, and/or using the acquired skills to be hired for mural restoration, as a fine arts painter, illustrator or the creation of hand-painted graphics; set and exhibit designer and creator, and also muralist and painter for construction and maintenance purposes.

**Learning Outcome(s):**
1. Demonstrate competency in the non-verbal languages of art and design
2. Demonstrate competency in critical analysis and verbal and written responses to visual phenomena
3. Demonstrate competency in skills necessary for mural painting including large scale rendering, wall preparation and safety protocols
4. Competency and experience in the production process of creating original work on deadline for mural projects

Advanced Engine Performance Option Certificate (Transcribed)

Program code: sac.autae.ca

The certificate curriculum in advanced engine performance is designed to prepare students for entry into the specialized field of diagnosing, testing, and repairing computer controlled ignition, fuel and emission systems. It is recommended that students complete the Engine Performance and Electrical Option Certificate or have an equivalent trade experience.

Learning Outcome(s):
1. Students will successfully pass a comprehensive online course on Shop Safety.
2. Students will successfully pass a comprehensive online course on Shop Environmental Concerns.

Automotive Business Technology Certificate (Transcribed)

Program code: sac.autbu.ca

The certificate curriculum in Automotive Business Technology is designed to prepare the student to better understand the business of automotive technology. The student completes automotive courses in their area of interest, such as Air Conditioning & Heating, Fuel Injection Systems, Electrical Systems, etc., as well as essential business courses in Accounting, Management, Small Business Operations, or Marketing. Students would be qualified for entry level positions as Automotive Service Technicians and Mechanics in dealerships, service establishments, automotive centers, and self-employment in the auto industry. Through the completion of this program, an automotive technician would be better aware of the technical and business aspects of the automotive industry.

Learning Outcome(s):
1. Students will successfully pass a comprehensive online course on Shop Safety.
2. Students will successfully pass a comprehensive online course on Shop Environmental Concerns.

### Automotive Chassis Maintenance (Untranscribed)

**Program code**: sac.autcm.cert

The Automotive Chassis Maintenance Certificate is designed to prepare the student for employment diagnosing and serving automotive brake, steering, and suspension systems. Practical hands-on experience in tire balancing, front end alignment, brake service, and trouble codes is emphasized. This training assists the student in preparation for national ASE A5 Brakes and A4 Steering and Suspension certification.

**Learning Outcome(s):**
1. Learning about current brakes and steering and suspension techniques will enhance students’ critical thinking and reasoning skills for future technology.
2. Offer course content that assists students in obtaining careers in the automotive industry.

**Requirements for the certificate:**

### Automotive Electrical Maintenance Certificate (Untranscribed)

**Program code**: sac.autel.cert

The Automotive Electrical Maintenance Certificate prepares the student for electrical concerns on modern vehicles. Hands-on use of digital multimeters and wiring diagrams are emphasized. This training assists the student in preparation for national ASE A6 certification.

**Learning Outcome(s):**
1. Learning about current brakes and steering and suspension techniques will enhance students’ critical thinking and reasoning skills for future technology.
2. Offer course content that assists students in obtaining careers in the automotive industry.

**Requirements for the certificate:**

### Automotive Engine Maintenance Certificate (Untranscribed)

**Program code**: sac.auten.cert

The Automotive Engine Maintenance Certificate is designed to prepare the student for employment diagnosing and servicing automotive engines. Practical hands-on experience in engine diagnosis, measurement, teardown, and assembly are emphasized. This training assists the student in preparation for national ASE A1 Engine Repair certification.

**Learning Outcome(s):**
1. Learning about current engine maintenance techniques will enhance students’ critical thinking and reasoning skills for future technology.
2. Offer course content that assists students in obtaining careers in the automotive industry.

**Requirements for the certificate:**

**Total Units**: 9
BIOLOGY

Option 1

Biological Science Degree

Program code: sac.biol.as

The associate degree in biological science prepares students for pre-professional careers and a curriculum in a four-year institution leading to a baccalaureate degree in such areas as microbiology, botany, zoology, molecular biology, and teaching. The biologist is also prepared to enter graduate or professional programs of specialized study such as medicine, dentistry, medical technology, osteopathy, veterinary medicine, agriculture, forestry, optometry, cell biology, molecular biology, and dental hygiene. See counseling for transfer requirements.

Learning Outcome(s):
1. Students will successfully complete the sequence of biology courses needed for transfer (Biology 211 and 212 or Biology 211 and 214).
2. Students will successfully transfer to universities.

Major requirements for the associate in arts or science degree:

<table>
<thead>
<tr>
<th>Course</th>

* Note: Only IGETC for STEM or CSU-GE for STEM will be accepted toward completion of the general education portion of this degree. IGETC and CSU-GE will not be accepted. (For those completing IGETC for STEM and planning to meet the CSU admission requirement an oral communication course, IGETC Area 1C, must be included.)

BIOTECHNOLOGY

Biotechnology Degree

Program code: sac.biots.as

The associate degree in biotechnology prepares students for careers in a wide variety of industry or for curriculum at a four-year institution leading to a baccalaureate degree in such areas as molecular biology, biochemistry, cell biology and microbiology. These fields provide career opportunities in biomanufacturing, research and development, and teaching. See counseling for transfer requirements.

Learning Outcome(s):
1. Students will understand the importance of soft skills in the workplace.
2. Students will be familiar with current good practice quality guidelines and regulations (cGxPs) used in the Biotechnology and Bioscience Industries.
3. Students will be proficient in laboratory skills necessary to obtain entry level jobs in the Biotechnology and Bioscience fields.

SANTA ANA COLLEGE • sac.edu • 2018 – 2019
Biotechnology Laboratory Technician Certificate (Transcribed)
Program Code: sac.biola.cert
This certificate program is designed to prepare students for entry level jobs as laboratory assistants in biotechnology and related fields.

Learning Outcome(s):
1. Students will have a fundamental overview of the applications and underlying principles of biotechnology.
2. Students will know how to operate and maintain standard laboratory equipment.
3. Students will have the knowledge and laboratory skills necessary to obtain entry level jobs in biotechnology.

Required Courses
- BIOL 190 Introduction to Biotechnology 3
- BIOL 190L Introductory Biotech Lab 1
- BIOL 191 Biotech A: Basic Skills 4
- CHEM 209 Introductory Chemistry 4

Total Units 12

Biotechnology Biomanufacturing Technician Certificate (Transcribed)
Program Code: sac.btmft.ca
This certificate program in biotechnology biomanufacturing is designed to prepare students for entry level positions in the biomanufacturing industry in fields requiring basic laboratory skills such as aseptic technique, solution preparation, standard equipment utilization as well as knowledge of protein expression and purification.

Learning Outcome(s):
1. Students will know how to obtain a purified sample of a genetically engineered protein.
2. Students will have the knowledge and laboratory skills necessary to obtain an entry level biomanufacturing job.

Core Courses
- BIOL 192 Biotech B: Proteins 4
- BIOL 194 Quality and Regulatory Compliance in Biosciences 2
- CHEM 219 General Chemistry 5
- CHEM 219H Honors General Chemistry 5

Total Units 11

Biotechnology Laboratory Technician: QA/QC Microbiology Certificate (Transcribed)
Program Code: sac.btlqc.ca
This certificate curriculum in quality assurance and quality control microbiology and biology is designed to prepare students for careers in fields such as biotechnology, medical devices, pharmaceuticals, biologics, food safety, biomanufacturing, and testing laboratories.

Learning Outcome(s):
1. Students will have the knowledge and laboratory skills necessary to obtain entry level jobs in QC and QA microbiology.

Core Courses
- BIOL 193 Biotech C: Nucleic Acids 4
- BIOL 202 Cell Culture Techniques 2
- BIOL 197 STEM Internship/Work Experience 1-4
- BIOL 211 Cellular and Molecular Biology 5
- BIOL 229 General Microbiology 5
- BIOL 290 Biochemistry and Molecular Biology 5
- CHEM 229 General Chemistry and Qualitative Analysis 5

Total Units 14-16

BLACK STUDIES
Black Studies Degree
Program code: sac.blst.aa
The associate degree curriculum in black studies emphasizes the history, development, and role of black culture. Completion of the degree program prepares students to pursue a major leading to a baccalaureate degree.

Learning Outcome(s):
Students will demonstrate an understanding of the history, development, and role of black culture in America.

Requirements for the associate in arts degree:

<table>

### BUSINESS

**Option 1**

**Business Administration Degree**

**Program code: sac.bus.as**

The associate degree curriculum in business administration enables students to move into a curriculum at a four-year institution leading to a baccalaureate degree. Career opportunities exist in many areas of business administration such as accounting, financial planning and analysis, financial service specialties, management, marketing and sales, production and logistics, and systems and technology development.

**Learning Outcome(s):**

1. Students will create clear, concise, well organized written business documents such as memos, reports, and executive summaries including financial information that can be used in an effective manner to communicate.

2. Students will possess adequate technical knowledge to create financial information to be used in the accounting and related business environment.

3. Students will be able to transfer to a 4 year university as a business administration major.

*Students planning for university transfer should be aware that some universities only accept BUS 101 for the transfer major (e.g. California State University, Long Beach) while others only accept BUS 105 (e.g. California State University, Fullerton) for the transfer major. Please consult the Transfer Planning Guide and meet with a counselor for information about specific universities.

**Students planning for university transfer should be aware that California State University, Fullerton and many other universities require MATH 150 for the Business Administration degree. Please consult the Transfer Planning Guide and meet with a counselor for information about specific universities.

Numerous California State University campuses and private colleges and universities offer baccalaureate degrees in Business Administration. In the University of California system, UC Berkeley and UC Riverside offer this degree. Consult the Transfer Planning Guide and meet with a counselor for information about specific programs and transfer requirements.

**Option 2**

**Associate in Science in Business Administration for Transfer**

**Program code: sac.bus.ast**

The Associate in Science in Business Administration for Transfer (A.S.-T) prepares students to move into the CSU system leading to a baccalaureate degree in Business Administration. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.S.-T degree also provides guaranteed admission with junior status to the CSU system although does not guarantee acceptance to a particular campus or major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.S.-T in Business Administration, students will have a general understanding of business fundamentals, including the areas of accounting, economics, and computer information systems. In addition, they will have an understanding of the legal environment of business, and will have sufficient understanding of mathematical concepts to enable them to successfully pursue a baccalaureate degree. The A.S.-T degree in Business Administration is also appropriate for students whose vocational plans include careers in business fields such as accounting, computer information systems, finance, management, marketing and other business fields.

**Learning Outcome(s):**

1. Students will create clear, concise, well organized written business documents such as memos, reports, and executive summaries including financial information that can be used in an effective manner to communicate.

2. Students will possess adequate technical knowledge to create financial information to be used in the accounting and related business environment.

3. Students will be able to transfer to a California State University as a business administration major.

BUSINESS APPLICATIONS

Business Applications and Technology Degree
Program code: sac.ba.as

The Business Applications and Technology Degree program provides professional training for employment as administrative office professionals. This program prepares students for Microsoft Office Specialist certification exams. Students will develop technical skills in using technology and applications for business projects based on current standards.

Learning Outcome(s):
Students will be prepared for employment as an administrative staff for any size company from small business offices to large corporate organizations with training that encompasses knowledge and skill development to meet the demands of current business standards and technology, office procedures, business mathematics, and office administration.

Required Courses:

- BA 035 Computer Fundamentals 1.5
- BA 115A Computer Keyboarding Speed and Accuracy Development I 1
- BA 126 Microsoft Outlook 2
- BA 147 Introduction to Windows 1.5
- BA 163 Adobe Acrobat 3
- BA 179 Introduction to Microsoft Office 3

Select two of the following courses:

- BA 018 Office Procedures 3
- BA 160 Microsoft Publisher 2
- BA 164 Adobe Photoshop 3
- BA 166 Adobe Illustrator 3
- BA 169 Adobe Dreamweaver 3
- BA 170 Adobe InDesign 3
- BA 189 Advanced Microsoft Excel 2
- CMPR 167 Microsoft Access 3

Total Units 16-18

Digital Publishing Degree
Program code: sac.badp.aa

The Digital Publishing program is designed to professionally train students in all aspects of designing and publishing print and web business projects based on current business industry standards and technology. Instruction includes digital graphics, web design, page layout, typography, export file formats, proper file setup, integration of software tools, and professional design guidelines.

Learning Outcome(s):
Students will be trained in all aspects of designing and publishing print and web business projects based on current business industry standards and technology.

Adobe Web Projects for Business Certificate (Untranscripted)

Program code: sac.baaw.cert

Adobe Web Projects for Business Certificate professionally trains students to use Adobe software needed for business web projects. Students will learn proper software usage, file setup, terminology, search engine optimization, online marketing techniques, and guidelines based on current business standards. Multimedia will be integrated using Adobe software.

Learning Outcome(s):

1. Students will acquire the necessary training to use Adobe software to create various types of business web projects that require the use of Adobe Photoshop, Adobe Dreamweaver and Adobe Animate.
2. Students will possess the training and knowledge to pass the Adobe Certified Associate exam in Adobe Photoshop, Adobe Dreamweaver or Adobe Animate.

Total Units 19-20

Office Management Certificate (Un transcripted)

Program code: sac.baom.cert

The Office Management program is designed to prepare a student for employment and career advancement in a business office as an administrative professional. Course content includes business technology and software application training, administrative office management, office procedures, job search and advancement, professional image, leadership skills, business writing and verbal communication skills, business math, and corporate skills based on current business standards.

This program prepares students for Microsoft Office Specialist certification exams including Word, Excel, PowerPoint, and Outlook.

Learning Outcome(s):

Students will demonstrate knowledge and skill in successfully working as an administrative professional, office administrator, or administrative assistant in any corporation, manage business information using appropriate software, and perform records management, accounting, and office management activities.

Students will acquire general knowledge and skill in business writing using Microsoft applications and effectively handling general office procedures.

Spanish / English Interpretation and Translation Certificate (Un transcripted)

Program code: sac.base.cert

The Spanish/English Interpretation & Translation introductory certificate prepares students for employment as trained bilingual English/Spanish interpreters to provide bilingual interpretation services in career fields that employ bilingual skills such as business, legal, educational, and medical professions. Written translation and oral interpretation skills will be utilized and developed in both English and Spanish. Fluency in Spanish and English is recommended.
Learning Outcome(s):

1. Students will demonstrate skill and competency in providing services as a certified Spanish/English bilingual interpreter to courts, victims and defendants for a variety of business, legal, educational and medical translations.

2. Students will translate spoken statements from Spanish to English by reproducing statements, questions and instructions.

**Total Units** 17-21

California State University General Education Breadth Certificate

Program code: sac.csu.ca

(Complete all CSU general education breadth requirements (Plan B) as outlined on page 26) (Minimum 39 units)

**CHEMISTRY**

**Option 1**

Chemistry Degree

Program code: sac.chem.as

The associate degree curriculum in chemistry provides basic courses for a wide variety of occupations or prepares the student to enter a curriculum in a four-year institution leading to a baccalaureate degree. The major fields of chemistry are inorganic and organic chemistry, biochemistry, and chemical engineering. These fields provide career opportunities in industry, research, and teaching, and also entry into graduate or professional programs such as medicine, pharmacy and other related health fields. Please see a counselor for specific course requirements for your transfer university.

**Learning Outcome(s):**

Students will develop proficiency and knowledge of chemistry concepts, laboratory techniques and experimental data collection/analysis.

**Major requirements for the associate in science degree:**

**Option 2**

Associate in Science in Chemistry for Transfer

Program code: sac.chem.ast

The Associate in Science in Chemistry for Transfer (A.S.-T. in Chemistry) prepares students to transfer into the CSU system leading to a Baccalaureate degree in Chemistry. Students with this degree also have a foundation in science to pursue other science-related fields or engineering. Please consult a counselor regarding specific course requirements for your transfer institution. Successful completion of the A.S.-T in Chemistry degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to a local CSU in a similar major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Students earning a Chemistry A.S.-T. must select IGETC for STEM to complete the general education requirement.* Upon completion of the A.S.-T in Chemistry degree, students will gain a foundation in general and organic chemistry which is necessary in many fields of science and engineering.

**Required Core Courses:**

**Total Units** 36

* Note: Only IGETC for STEM will be accepted toward completion of the general education portion of this degree. CSU-GE for STEM, CSU-GE, and IGETC will not be accepted. (For those planning to meet the CSU admission requirement an oral communication course, IGETC area IC, must be included.)

**CHICANO STUDIES**

Chicano Studies Degree

Program code: sac.chst.aa

The associate degree curriculum in CHST emphasizes the history, development, and role of Chicano culture. Completion of the degree program prepares students to pursue a major leading to a baccalaureate degree.
Learning Outcome(s):

Students will demonstrate an understanding of the history, development, and role of Chicano culture in America.

Requirements for the associate in arts degree:

A minimum of six (6) units (but, no more than three (3) units from any one discipline) taken from the following list:

- ANTH 100 or 100H, 104 or 104H, 105, 125; BLST 101; DNCE 105, 110, 111, 112; ENGL 104 or 104H; HIST 101 or 101H, 102 or 102H, 105, 125, 127, 150, 151; CDEV 221; MUS 102 or 102H; SOC 100 or 100H; SPAN 201 or 201H, 202 or 202H.

Total Units 32

CHILD DEVELOPMENT

Associate in Science in Early Childhood Education for Transfer

Program code: sac.ece.ast

The Associate in Science in Early Childhood Education for Transfer (A.S.-T in Early Childhood Education) prepares students to move into the CSU system leading to a baccalaureate degree in Child Development, Human Development, Early Childhood Education or Child and Adolescent Studies. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.S.-T in Early Childhood Education degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Child and Adolescent Development major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees.

Upon completion of the A.S.-T in Early Childhood Education, students will have general understanding of the main developmental theories as they pertain to the development, care, and education of young children. Additionally, students will have the capacity to evaluate and plan curriculum and environments for children based on observation of their physical, cognitive, emotional, social and creative characteristics.

Learning Outcome(s):

1. Students will demonstrate a knowledge base of early childhood and development of young children 0-2 years old.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.

Total Units 24.5

Child Development – Emphasis in Infant/Toddler Care and Development Degree

Program code: sac.cdit.aa

The Associate in Arts in Child Development – Infant/Toddler Teacher degree program provides students with a specialized focus on the unique strengths and needs of infants and toddlers. Students will study the comprehensive development of the young child, birth to three years, with a focus on understanding current brain research and best caregiving practices. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators, and health care professionals.

In addition to the 36.5 units of Child Development coursework, students must also complete the general education requirements. This degree prepares students for transfer to a 4-year university to obtain a bachelors degree. Refer to the Graduation Requirements or the CSUGE and IGETC patterns in this catalog for specific courses that meet the general education requirement. Contact Career Counselors at SAC for additional assistance in planning your early childhood profession (714-564-6254).

Students who earn this degree should apply for the Early Childhood Infant/Toddler Teacher Certificate and the California Teacher’s Permit. In order to qualify for the degree, certificate and permit, a student must also have work experience with young children (175 days of 3 hours per day within 4 years). See Child Development faculty members for assistance.

Learning Outcome(s):

1. Students will demonstrate a knowledge base of early childhood and development of young children 0-2 years old.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.
**Child Development – Emphasis in Preschool Age Care and Development Degree**

**Program code: sac.cdpc.aa**

The Associate in Arts in Child Development – Emphasis in Preschool Care and Development provides students with knowledge about the comprehensive development of young children ages 3 to 5 years old. Students will focus on understanding developmentally appropriate practice, effective learning strategies, and how to create and implement a high quality classroom for young children. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators, and health care professionals.

In addition to the 36.5 units of Child Development coursework, students must also complete the general education requirements. This degree prepares students for transfer to a 4-year university to obtain a bachelor’s degree. Refer to the Graduation Requirements or the CSU-GE and IGETC patterns in this catalog for specific courses which meet the general education requirement. Contact Career Education counselors at SAC for additional assistance in planning your early childhood profession (714-564-6254).

Students who earn this degree should apply for the Early Childhood Teacher Certificate and the California Teacher’s Permit. In order to qualify for the degree, certificate and permit, a student must also have work experience with young children (175 days of 3 hours per day within 4 years). See Child Development faculty members for assistance.

**Learning Outcome(s):**
1. Students will demonstrate a knowledge base of early childhood and development of young children 3-5 years old.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.

**Child Development – Emphasis in School-Age Care and Recreation Degree**

**Program code: sac.cdsa.aa**

The Associate in Arts in Child Development - Emphasis in School Age Care and Recreation is designed to prepare instructional and classroom master teachers to serve as paraprofessional members of the teaching team and/or teachers in school-age child care. Students are offered knowledge about the development of the school age child and the role of the adult in helping to integrate skills and aid classroom learning.

In addition to the Child Development coursework, students must also complete the general education requirements and complete work experience with young children (175 days of 3 hours per day within 4 years). See Child Development faculty members for assistance.

This degree prepares students for transfer to a 4-year university to obtain a bachelor’s degree. Students who earn this degree should apply for the Certificate of Achievement in School Age Care and Recreation and the California Teacher’s Permit (see Child Development faculty members for assistance).

**Learning Outcome(s):**
1. Students will demonstrate a knowledge base of the development of school aged children.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.

Note: This degree option is especially intended for students who will be transferring to CSU and seeking a teaching credential. Students should consult with a counselor for specific information regarding the college of their choice and course requirements.

**Bilingual (English/Spanish) Preschool Associate Teacher Certificate (Transcripted)**

**Program code: sac.hudbp.ca**

The Bilingual (English/Spanish) Preschool Associate Teacher Certificate is designed to prepare the native Spanish (English as a second language) speaker to be an associate teacher in a licensed preschool serving Spanish speaking families and children. The courses in this certificate are presented in English and Spanish, with the requirement to be concurrently enrolled in ESL or EMLS classes, encouraging mastery of both languages.
Students must complete the following in order to earn this certificate:

- Coursework with a grade of C or better
- Work experience of 150 days of 3 hours per day within 4 years (see Child Development faculty for information about this requirement)
- EMLS 112 or ENGL 061 or higher
- Passing of Spanish AP test or SPAN 102

**Learning Outcome(s):**

1. Students will demonstrate a knowledge base of early childhood and development of young children 3-5 years old.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand the main philosophical and sociological ideas and trends that have influenced education.

**Early Childhood Teacher Certificate (Transcripted)**

**Program code:** sac.cdect.ca

This Early Childhood Teacher Certificate provides students with knowledge about the comprehensive development of young children ages 3 to 5 years old. Students will focus on understanding developmentally appropriate practice, effective learning strategies, and how to create and implement a high quality classroom for young children. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators and health care professionals.

In order to earn the certificate, students must complete the following:

- 16 units of general education, specifically a class in each of the following areas: English, Science or Math, Social Science, and Humanities/Fine Arts.
- Additional work experience with young children (175 days of 3 hours per day within 4 years).

These two requirements will also qualify the students to earn a California Teacher Permit, which is used in federal and state early childhood programs as well as for licensing regulations for private and faith based programs. In addition to the 36.5 units of Child Development coursework and 16 units of general education, students should consider completing the general education requirements for the AA Degree in Child Development with an Emphasis in Preschool-Age Care and Development.

**Infant/Toddler Teacher Certificate (Transcripted)**

**Program code:** sac.cdit.ca

The Certificate of Achievement in Child Development - Infant/Toddler Teacher provides students with a specialized focus on the unique strengths and needs of infants and toddlers. Students will study the comprehensive development of the young child, birth to three years, with a focus on understanding current brain research and best caregiving practices. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators and health care professionals.

In addition to the 36.5 units of Child Development coursework and 16 units of general education, students should consider completing the general education requirements for the AA Degree in Child Development with an Emphasis in Preschool-Age Care and Development.

This certificate meets the coursework requirements of the Teacher Child Development Permit and prepares students to be competent and effective teachers and caregivers in infant and toddler classrooms.

In order to earn the permit, students must complete the following:

- 16 units of general education, specifically a class in each of the following areas: English, Science or Math, Social Science, and Humanities/Fine Arts.
- Additional work experience with young children (175 days of 3 hours per day within 4 years).

These two requirements will also qualify the students to earn a California Teacher Permit, which is used in federal and state early childhood programs as well as licensing regulations for private and faith based programs.

School Age Teacher Certificate (Transcripted)

Program code: sac.cdsat.ca

The School-Age Care and Recreation Teacher Certificate is designed to prepare school-age classroom aides to serve as paraprofessional members of the teaching team in school-age child care. Students are offered knowledge about the development of the school age child and the role of the adult in helping to integrate skills and aid classroom learning.

In order to earn the certificate, students must complete the following:

- 16 units of general education, specifically a class in each of the following areas: English, Science or Math, Social Science, and Humanities/Fine Arts.
- Additional work experience with young children (175 days of 3 hours per day, within 4 years).

These two requirements will also qualify the students to earn a California Teacher Permit, which is used in federal and state funded programs as well as licensing regulations for private and faith based programs.

**Learning Outcome(s):**

1. Students will demonstrate a knowledge base of the development of school aged children.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.

Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.

**Early Childhood Assistant Teacher Certificate (Untranscripted)**

Program code: sac.ecat.cert

This Early Childhood Assistant Teacher Certificate is the first step to building a career working with children and families. Introductory coursework will provide students with knowledge about the comprehensive development of young children. Students will have the opportunity to observe preschool children, as well as learn about the important resources that are available to children and families.

This certificate is available for early childhood educators, parents, administrators and health care professionals. In order to earn the certificate, students must complete the Steps for Success Orientation provided by the Department of Child Development and Education Studies and is offered in the 10th week of every fall and spring semester. Students will be provided with times and locations and will complete this orientation during their semester attending CDEV 108: Observation and Assessment.

These courses and requirements will also qualify students to apply for the California Assistant Teacher Permit, which is used in federal and state early childhood programs as well as licensing regulations for private and faith based programs.

After completing this certificate, students should consider completing the general education requirements for the AA Degree in Child Development with an Emphasis in Preschool-Age Care and Development. Contact Career Education counselors at SAC for additional assistance in planning your early childhood profession (714-564-6254).

**Learning Outcome(s):**

1. Demonstrate a conceptual knowledge of theories related to children’s development and learning.
2. Identify professional expectations and ethical responsibilities of early childhood educators.
3. Demonstrate knowledge of community resources and understanding of diverse family needs

**Support for Students with Special Needs Certificate (Untranscripted)**

Program code: sac.cdsss.cert

The Support for Students with Special Needs Certificate is designed to prepare students with knowledge, skills, and resources to address the diverse needs of children and adolescents with special needs. Students are offered intervention strategies, adaptive curriculum, and tools to both support and empower educators and families in both natural and/or inclusive education settings.

**Learning Outcome(s):**

1. Demonstrate and apply knowledge of specific effective instructional practices and management techniques for students with special needs.
2. Adapt learning activities and materials to accommodate the needs of diverse learners.
3. Practice ethical and professional behaviors and attitudes necessary to the role of a special needs support provider while applying knowledge of legal, ethical, health, and safety considerations and procedures; demonstrate understanding of
the roles of support providers as collaborative team members and communicate effectively with others in the educational setting.

4. Apply current education, motivation, child development and diversity research, theory, and practice to effectively support students with special needs.

COMMUNICATION STUDIES

Option 1

Communication Studies Degree

Program code: sac.cmst.aa

The associate degree curriculum in communication studies provides training for communicating and dealing with people. Completion of the associate in arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in communication studies. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Communication Studies major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Communication Studies students will have a general understanding of the main communication studies theories as they pertain to interpersonal communication, public speaking, interpersonal communication, and argumentation and debate. Students will have the capacity to write and think in a critically analytical way about issues pertaining to the process of human communication.

Learning Outcome(s):

1. Students will describe, analyze, interpret, and evaluate both in theory and practice the key constructs advanced in the following fields of Communication Studies: interpersonal, intercultural, small group dynamics, debate, and public discourse.

2. Students will analyze and demonstrate understanding of current theories of communication in written and oral formats.

3. Students will demonstrate knowledge of effective strategies for initiating, maintaining, and ending communication encounters.

Major requirements for the associate in arts degree:

COMMUNICATIONS & MEDIA STUDIES

Option 1
Communications & Media Studies Degree
Program code: sac.cmsda.aa

The Associate in Arts in Communications and Media Studies degree offers students a unique blend of media theory and practice. The program provides critical and cultural analysis of media and communications, while offering students comprehensive study in reporting, writing, visual reporting, design, and editing across media platforms. Students build their production skills while working at the college's nationally acclaimed publications el Don andeldonnews.org. Completion of the degree prepares students to move into a four-year program, leading to a baccalaureate degree and to potential careers in such fields as Web-based media, social media and print reporting, editing, photography, and design, public relations, advertising, radio, digital media, and television writing, and production. Please consult a SAC counselor for information about course requirements for particular four-year institutions. Course content provides Web-based, multimedia storytelling and visual reporting, writing, editing, photography, and digital design skills.

Learning Outcome(s):
1. Students will apply the basic principles of journalism such as accuracy, fairness, and public service.
2. Students will demonstrate an understanding of the history and role of professionals and institutions in shaping communications and be able to discuss the legal and ethical underpinnings of U.S. Mass Media.
3. Students will conduct research for news stories using a variety of sources and evaluate the accuracy of information sources.

Option 2
Associate in Arts in Journalism for Transfer
Program code: sac.cmsd.aat

The Associate in Arts in Journalism for Transfer (A.A.-T Journalism) prepares students to move into the CSU system leading to a baccalaureate degree in Journalism, and then into careers in daily reporting, media editing, writing, Web-based multimedia reporting, visual reporting, photography, print and digital design, public relations, advertising, radio, digital media, and television writing and production. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T Journalism degree also provides guaranteed admission with junior status to the CSU system (admission not guaranteed to a specific major or campus), along with priority admission consideration to a local CSU. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Journalism, students will be able to define and execute newsgathering strategies; write articles under deadline; edit their own and others’ articles for proper spelling, grammar and AP Style; define relevant news content; gather news information weekly; and assess legal and ethical media issues at the final level of a traditional lower division Journalism sequence. Through news production, students will demonstrate proficiency in developing effective designs and layouts for story presentation; develop news stories through written, visual, audio, video or other multimedia formats; determine the best format — print, multimedia, visual — for telling basic news stories; build a portfolio that demonstrates a range of storytelling formats and styles; and navigate content management software used to create online publications.

Learning Outcome(s):
1. Students will apply the basic principles of journalism such as accuracy, fairness, and public service.
2. Students will demonstrate an understanding of the history and role of professionals and institutions in shaping communications and be able to discuss the legal and ethical underpinnings of U.S. Mass Media.
3. Students will conduct research for news stories using a variety of sources and evaluate the accuracy of information sources.

### COMMUNITY SOCIAL SERVICES

#### Community Social Services Degree

Program code: sac.css.aa

The major course requirements for the associate degree in Community Social Services enable students to move into a transfer curriculum at a four-year university that can lead to a baccalaureate degree in Human Services. The baccalaureate degree in Human Services prepares students for graduate programs in Counseling, Social Work and Marriage and Family Therapy. Please see a counselor for specific course requirements for your transfer university.

**Learning Outcome(s):**
1. Students will think critically and communicate effectively about community social service issues using written and oral communication.
2. Students will demonstrate the effective use of empathic listening and interviewing skills.
3. Students will evaluate and integrate information to draw reasonable conclusions based on evidence.

**Major requirements for the associate in arts degree:**

### COMPUTER INFORMATION SYSTEMS

#### Computer Information Systems Degree

Program code: sac.cis.as

The associate degree curriculum in Computer Information Systems is concerned with the development of procedures that are effective and efficient, computer languages suitable for starting these procedures, and systems for executing the procedures. This may include the ability to write programs in Visual BASIC, C++ or Java, experience microcomputer data processing applications such as Excel or Access, and ability to structure data for the computer. Students intending to obtain a bachelor’s degree in Computer Information Systems should consult the major requirements for upper division standing listed under the Business Administration major at the school of their choice.

**Learning Outcome(s):**

Students will know how to write a program and use data processing software.

**Major requirements for the associate degree:**

Degree requires completion of classes in a general education package. See catalog for information on requirements.

**Take ALL of the following courses:**

<table>
<thead>
<tr>
<th>Course</th>

Enterprise Systems Certificate (Untranscribed)
Program code: sac.cmpres.cert
Prepares students to be involved with running Enterprise (large-scale) computer systems. Students will learn how to design and configure multi-computer networking systems, configure, administrate, and maintain servers, and manage related issues such as reliability, safety and security.

Learning Outcome(s):
Students will know how to use Enterprise System software.

Take ALL of the following courses:  

<table>
<thead>

Help Desk Certificate (Untranscribed)
Program code: sac.cishd.cert
The associate degree and certificate curriculum in Computer Information Systems is concerned with the development of procedures that are effective and efficient, computer languages suitable for starting these procedures, and systems for executing the procedures. This may include the ability to write programs in Visual BASIC, C++ or Java, experience microcomputer data processing applications such as Excel or Access, and ability to structure data for the computer. Students intending to obtain a bachelor’s degree in Computer Information Systems should consult the major requirements for upper-division standing listed under the Business Administration major at the school of their choice.
Learning Outcome(s):
Students will know how to use Help Desk software.

Take ALL of the following courses:

Total Units: 14.5-17.5

Networking Certificate (Untranscribed)

Program code: sac.cmpr.cert

Network certificate is a mid-level certification for network technicians. This certification is designed to test the competency of a mid-level network technician in supporting and configuring TCP/IP clients in terms of network design, cabling, hardware setup, configuration, installation, support, and troubleshooting.

Learning Outcome(s):
Students will know how to use Networking software.

Take ALL of the following courses:

**COMPUTER RELATED PROGRAMS**

The Rancho Santiago Community College District offers two major programs, which are described below.

**COMPUTER INFORMATION SYSTEMS**

(See Page 88)

Computer Information Systems (CIS) is a program for students interested in the application of computer hardware and software to business. CIS courses prepare students for entry-level positions in programming, networking, or computer support. These courses may be used for job advancement, an associate degree or certificate of competency, or transfer to a four-year institution. CIS courses cover major programming languages (Visual BASIC, C++, Java) as well as software used in business for database management, spreadsheets, and networking. The introductory course for the CIS program is BUS 150.

**COMPUTER SCIENCE**

Computer Science courses are designed to meet the varying goals of students interested in employment or education in the computer field. There are courses on specific languages for professionals who want to supplement their skills with the knowledge of a current programming language (PC Assembler, C++, Visual BASIC, Java). A certificate in computer science can be earned by those students desiring to enter the workplace at entry-level positions. Also, an associate degree can be earned by those students desiring to transfer to a four-year institution with a major in Computer Science.

The Computer Science courses provide instruction in low-level and high-level languages, intermediate and advanced techniques in programming, and hardware organization. Refer to Computer Science in the courses section of this catalog and to the schedule of classes for specific information.

**Option 1**

**Computer Science Degree**

Program code: sac.cmpr.as

The associate degree and certificate curriculum in computer science leads to entry-level employment in computer science, engineering, and other areas where high aptitude in computer programming is recognized. The program prepares students for careers as engineering aides, scientific computing technicians, and junior programmers. The program also prepares students to transfer to a university with a major in Computer Science.

Learning Outcome(s):
Students will know how to use computer science software.

**Major requirements for the associate in science degree:**

CMPR 141  UNIX Operating System  3
CMPR 142  Advanced Unix  3
CMPR 205  Advanced Visual Basic  3
CMPR 213  C# Programming  3
CMPR 243  UNIX System Programming  3
CMPR 247  Windows Server Operating System  3
CMPR 248  Microsoft SQL Server  3
CMPR 249  Microsoft Internet Information Server (IIS),  3
MATH 180  Analytic Geometry and Calculus  4
MATH 185  Analytic Geometry and Calculus  4
Total Units  25

Option 2

Associate in Science in Computer Science for Transfer

Program code: sac.cmpr.ast

The Associate in Science in Computer Science for Transfer (A.S.-T Computer Science) prepares students to transfer into the CSU system. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Science in Computer Science for Transfer (A.S.-T Computer Science) also provides guaranteed admission with junior status to the CSU system although does not guarantee acceptance to a particular campus or major. See page 21 of the SAC catalog for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees.

Upon completion of the A.S.-T in Computer Science (A.S.-T Computer Science), students will be well-versed in the use of standard computer control structures to solve problems and develop algorithms. They will have developed skills in writing programs that utilize functions as a method of program organization and control. Additional areas of emphasis will include objects, object-oriented programming, data structures, and abstract data types. Computer science students will also obtain knowledge of computer architecture and organization. The Computer Science curriculum also requires the student to have significant skills in mathematics and the applications of those skills to real world problem solving.

Degree requires completion of classes in a general education package. See catalog for information on requirements.

Learning Outcome(s):

Students will know how to use computer science software.

Required Core (29 units)  Units
CMPR 121  Programming Concepts  3
CMPR 131  Data Structures Concepts  3
CMPR 129  Introduction to Computer Organization  4

CMPR 140  Discrete Structures for Computer Science  3
MATH 180  Single Variable Calculus I  4
MATH 185  Single Variable Calculus II  4
PHYS 217  Engineering Physics I  4
PHYS 227  Engineering Physics II  4

Total Units  29

* Note: Only IGETC (Plan C) will be accepted toward completion of the general education portion of this degree. Unlike other Associate Degrees for Transfer, CSU-GE (Plan B) completion will not be accepted for this degree. (An Oral Communication course, IGETC Area 1C, must be completed in order to meet CSU admission requirements.)

Computer Science Certificate (Transcripted)

Program code: sac.cmpr.ca

The certificate curriculum in computer science leads to entry-level employment in computer science, engineering and other areas where high aptitude in computer programming is recognized. The program prepares students for careers as engineering aides, scientific computing technicians and junior programmers. The program also prepares students to transfer to a university with a major in Computer Science.

Learning Outcome(s):

Students will know how to use computer science software.

Major Requirements for the certificate:

Take ALL of the following courses:  Units
CMPR 100  The Computer and Society  3
CMPR 120  Introduction to Programming  3
CMPR 121  Programming Concepts  3
CMPR 129  Introduction to Computer Organization  4
CMPR 131  Data Structures Concepts  3

Select ONE course from the following:  Units
CMPR 112  Java Programming  3
CMPR 205  Advanced Visual BASIC  3
CMPR 213  C# Programming  3

Total Units 12

CRIMINAL JUSTICE

The Criminal Justice Option Degree curriculum is designed to prepare students for entry-level employment in local, state, federal, or private sector criminal justice agencies that do not require bachelor’s degrees, and to provide students who wish to transfer to a four-year academic institution with 27 units of criminal justice course work. This degree prepares students for careers in the fields of law enforcement, probation, corrections, courts, and private security.

Option 1

Criminal Justice Option Associate in Science Degree

Program Code: sac.cj.as

Learning Outcome(s):
1. Students will develop critical thinking and ethical reasoning skills.
2. Students will successfully pursue and be prepared for careers in Criminal Justice.

Major requirements for the Criminal Justice Associate in Science Degree:

<table>

Total Units 27

Completion of Criminal Justice Academies 099A, Basic Police Academy, will satisfy the requirements in lieu of the above 6 units of electives. All students must complete the basic seven-course core curriculum to qualify for the degree.

Option 2

Associate in Science in Administration of Justice for Transfer

Program Code: sac.cj.ast

The Associate in Science in Administration of Justice for Transfer (A.S.-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Criminal Justice.

Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.S.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Criminal Justice major.

See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.S.-T in Administration of Justice students will have a greater understanding of illegal behavior and how their behavior interacts with the criminal justice system. The student will also learn the operation of the criminal justice system from arrest, trial, corrections and release into the community.

Learning Outcome(s):
1. Students will develop critical thinking and ethical reasoning skills.
2. Students will successfully pursue and be prepared for careers in Criminal Justice.

Learning Outcome(s):
1. Students will develop critical thinking and ethical reasoning skills.
2. Students will successfully pursue and be prepared for careers in Criminal Justice.

Law Enforcement Option Certificate (Transcribed)
Program code: sac.cjle.cert
The Law Enforcement Option Certificate is designed to meet or exceed the minimum R.O.S.T. requirements for entry-level employment as peace officers. This certificate requires successful completion of the Basic Police Academy (CJA 099A). Students interested in this certificate should contact an academic counselor, the Criminal Justice Academies, and the Criminal Justice Department for details.

Major Requirements for the certificate:

Learning Outcome(s):
1. Students will develop critical thinking and ethical reasoning skills.
2. Students will successfully pursue and be prepared for careers in Criminal Justice.

DANCE

Dance Program A–Dance Degree
Program code: sac.dnce.aa
The associate in arts degree program in dance provides training in three areas of technique: ballet, modern, and jazz. Integral parts of the curriculum are practical experience in concert performance and production work as well as a theoretical background in choreography, somatics, and dance history. Completion of the associate in arts degree prepares the student to enter a four-year institution leading to a baccalaureate degree. Please consult a SAC counselor for information about course requirements for particular four-year institutions. The dance program provides training for careers and employment in the performing arts, education, choreography, movement therapy, arts consultancy, dance criticism, and related fields.

Learning Outcome(s):
1. Students will demonstrate competency and experience in the creation and presentation of public performances of dance.
2. Students will possess proficient skills and technique in modern dance and ballet, with competency in jazz dance, enabling students to transfer as juniors to a 4-year college dance program.
3. Students will develop a clear understanding of the interaction between choreographer, performer and audience and the areas of lighting, costume and set designers through the creation and presentation of public performances in dance.

Major requirements for the associate degree in dance:

Course | Units
--- | ---
DANCE 100 | Dance History and Appreciation 3

### Dance Certificate Certificate (Transcripted)

**Program code:** sac.dnce.ca

The certificate program in dance combines comprehensive advanced courses in dance technique with courses of a specialized nature to provide a complete program of study and training in technique and performance.

This program is designed to develop skills necessary for a career as a dance performer and to provide extensive pre-professional performance experience. Employment opportunities exist in a variety of areas: dance companies; instructor in private dance studios; dancer for commercial stage, television, and film; choreographer/performer in music videos; and production choreographer.

**Learning Outcome(s):**

1. Students will demonstrate competency and experience in the creation and presentation of public performances of dance.
2. Students will possess proficient skills and technique in modern dance and ballet, with competency in jazz dance, enabling students to transfer as juniors to a 4-year college dance program.
3. Students will develop a clear understanding of the interaction between choreographer, performer and audience and the areas of lighting, costume and set designers through the creation and presentation of public performances in dance.

DIESEL TECHNOLOGY

Diesel and Heavy Equipment Technology Degree

Program code: sac.dsl.as

In addition to the general education requirements, the associate degree in diesel and heavy equipment is designed to successfully prepare students to enter the medium and heavy-duty transportation industry as an apprentice or helper diesel mechanic or provide supplementary knowledge for equipment operators and truck drivers. The program provides lecture and lab activities related towards heavy-duty diesel engines, power train units, steering and suspension components, brakes, electrical, and fuel systems, as well as developing oxyacetylene and arc welding skills. Those working in the industry will be able to improve their competencies in each subject area. Employment opportunities exist for trained men and women in a rapidly expanding field.

Learning Outcome(s):
1. Students will successfully pass a comprehensive online course on Shop Safety.
2. Students will successfully pass a comprehensive online course on Shop Environmental Concerns.

Mid-Range Engine Service Option Degree

Program code: sac.dslmr.as

In addition to the general education requirements, the associate degree curriculum in mid-range diesel engine service is designed to prepare students with knowledge and skills applicable to light to medium-duty diesel engines mass-produced in the trucking industry. Experience will be acquired in domestic and import versions of these engines. Students currently working in the trade on medium-duty gasoline engines or new students entering in the trade will benefit from this training.

Learning Outcome(s):
1. Students will successfully pass a comprehensive online course on Shop Safety.
2. Students will successfully pass a comprehensive online course on Shop Environmental Concerns.

Transport Refrigeration/Temperature Control Option Certificate (Untranscripted)

Program code: sac.dsltr.cert

The certificate curriculum in transport refrigeration is designed to prepare students to enter the field as an apprentice or helper service technician. The course work provides training in the service, repair, and troubleshooting techniques of Carrier Transicold and Thermo King truck and trailer refrigeration units. The course work is made up of lecture and lab performances on current production units, covering the refrigeration and electrical systems used to control the unit’s operation to maintain desired product temperature to protect the consumer’s health. Employment opportunities for men and women exist in this rapidly expanding field.

Learning Outcome(s):
1. Students will successfully pass a comprehensive online course on Shop Safety.
2. Students will successfully pass a comprehensive online course on Shop Environmental Concerns.

Total Units 19.5-20

Heavy Duty Chassis Service Certificate

Program code: sac.dslhd.cert

The Heavy Duty Chassis Service Certificate is designed to prepare the student for employment in the trucking industry. Within this certificate, there will be an emphasis on serviceability of suspension, steering, air brakes and chassis components. This program of study will also help prepare the student for national ASE T2 Brakes and T5 Suspension and Steering certification.

Learning Outcome(s):
Students will demonstrate a working knowledge of modern heavy duty chassis systems. Students will be trained in correct use of heavy duty chassis repair equipment and maintenance procedures.

Total Units 8

Heavy Duty Diesel Engine Service Certificate

Program code: sac.dslide.cert

The Heavy Duty Diesel Engine Service Certificate program prepares the student for employment in industry. The servicing of these modern engines includes training on safety, teardown and assembly procedures, measurement, and diagnosis. Hands-on practical experience is emphasized. This certificate would prepare the student for national ASE T2 certification.

Learning Outcome(s):
Students will demonstrate a working knowledge of modern heavy duty engine systems. Students will be trained in heavy duty engine teardown / assembly and measurement procedures.
## Truck Air Conditioning Service Certificate (Untranscripted)

**Program code: sac.dslac.cert**

The Truck Air Conditioning Service Certificate is designed to prepare the student for employment in the trucking industry, servicing modern air conditioning and heating systems. Air conditioning theory, handling refrigerant on truck applications, and practical hands-on experience are emphasized. The student would be prepared for the national ASE T7 and EPA 609 certifications.

**Learning Outcome(s):**

Students will demonstrate a working knowledge of modern truck air conditioning systems. Students will be trained in correct use of truck air conditioning equipment and maintenance procedures.

## Alternative Fuels – Clean Diesel Certificate (Untranscripted)

**Program code: sac.afcd.cert**

This certificate focuses on the safety, operation, and maintenance of clean diesel and alternative fueled modern vehicles. Hands-on procedures are included. Clean diesel fuel systems as well as CNG (Compressed Natural Gas) are emphasized. Other alternative fuels are covered. Training includes light, medium, and heavy duty applications. Examples include automobiles, trucks, and transit buses.

**Learning Outcome(s):**

1. Learning about alternative fuels in the industry will enhance students’ critical thinking and reasoning skills.
2. Offer course content that assists students in obtaining careers in the diesel industry.

## Transit Bus Maintenance Certificate (Untranscripted)

**Program code: sac.dsltb.cert**

The Transit Bus Maintenance Certificate is designed to train students in the field of transit bus service, repair, and troubleshooting. Completion of courses CERT1 through CERT10 prepares the student for industry. Safety, theory of operation, diagnosis, and service procedures are emphasized. The student must furnish approved safety equipment for the first meeting of the DSL 202 course. This equipment includes: Approved ANSI Safety Glasses, Reflective Safety Vest, and Steel-Toed Shoes.

**Learning Outcome(s):**

1. Learning about Transit Bus Maintenance including coach operations and wheelchair lifts.
2. Offer course content that assists students in obtaining their certification in Transit Bus Maintenance.

**ECONOMICS**

**Option 1**

**Economics Degree**

Program code: sac.econ.aa

The associate degree curriculum in economics is a program of basic courses which enable students to move into a curriculum in a four-year institution leading to a baccalaureate degree. Economics prepares the student for a number of career opportunities such as accounting and marketing in the areas of business, government and teaching.

**Learning Outcome(s):**

1. Students will communicate using basic economic terminology, interpret relevant economic data, and follow and construct fundamental economic arguments.
2. Students will define and explain the fundamental economic problem of scarcity and its consequences relating to opportunity cost and marginal decision-making of individuals, firms, and society.
3. Students will use the basic tools of economic modeling and graphing to evaluate the market system, to increase the efficiency of resource allocation, and to predict changes within the market and economy.

* Mathematics course chosen should be determined by the requirements of the intended upper-division school of the student’s choice.

**SOCS 219/219H is alternately listed as MATH 219/219H.

Recommended electives: BUS 101, 102, 120.

**Option 2**

**Associate in Arts in Economics for Transfer**

Program code: sac.econ.aat

The Associate in Arts in Economics for Transfer (A.A.-T in Economics) prepares students to move into the CSU system leading to a baccalaureate degree in Economics. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Arts in Economics for Transfer (A.A.-T in Economics) also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the Associate in Arts in Economics for Transfer (A.A.-T in Economics), students will have demonstrated a general understanding of the academic standards expected of majors in the economic discipline.

The program strives to motivate students to strengthen their problem solving, analytical reasoning, critical thinking and communication skills that will assist them in their further studies and careers. The program further aims to develop marketable students that are responsible citizens aware of and informed about the variety of differing views on current economic events and policy issues and how they impact our lives.

EDUCATION

Option 1
Elementary Education (Pre-Professional) Degree
Program code: sac.educe.aat

The Associate in Arts degree in Elementary Education (Pre-Professional) is designed to prepare students for transfer to a four-year university to obtain a bachelor’s degree and multiple subject teaching credential. Completion of the courses in this degree will partially satisfy requirements for California State University integrated and traditional teacher preparation programs. The courses are part of the curriculum that can be started at the community college and completed at the university. The curriculum is designed for students who seek the pre-professional subject matter preparation for elementary school teaching consistent with the standards established by the California Commission on Teacher Credentialing. Additionally, the degree curriculum may also serve as preparation for paraprofessional positions in the K-12 classroom setting by satisfying unit requirements as established by law.

Students interested in becoming a K-12 teacher should visit the Center for Teacher Education at SAC (Located in the Counseling Center, Room S-110).

Learning Outcome(s):
1. Students will demonstrate a knowledge base of theory specific to childhood (1st-6th grade) education.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.

Major requirements for the associate degree:

Option 2
Associate in Arts in Elementary Teacher Education for Transfer
Program code: sac.eted.aat

The Associate in Arts degree in Elementary Teacher Education for Transfer (A.A.-T) prepares students to transfer into the CSU system to complete a baccalaureate degree in Liberal Studies and into a multiple subject teaching credential program. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Liberal Studies major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Elementary Teacher Education, students will have a strong foundation in introductory content area subject matter requirements for teaching at the elementary school level. Students will also have the opportunity to participate in supervised fieldwork in K-12 settings.
Learning Outcome(s):
1. Students will demonstrate a knowledge base of theory specific to childhood (1st-6th grade) education.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.

### After School Program Assistant Certificate (Untranscribed)

**Program code: sac.educt.cert**

The After School Program Assistant Certificate is intended to prepare students with skills necessary to work with K-12 children in an after-school setting, providing tutoring or homework assistance, or assist in academic enrichment programs. Completion of the required courses for this certificate plus 50 days of field experience (minimum of 3 hours per day) can qualify you for the California Child Development Associate Teacher Permit with a school-age emphasis.

Contact Career Education counselors at SAC for additional assistance in planning your School-Age profession (714-564-6254).

**Learning Outcome(s):**

1. Students will demonstrate a knowledge base of theory specific to childhood (1st-6th grade) education.
2. Students will apply the knowledge base of theory to practice through thoughtful reflections on classroom observations.
3. Students will understand and be conversant about the main philosophical and sociological ideas and trends that have influenced education as well as be able to analyze their application and importance for teaching today.

### ENGINEERING

#### Engineering Degree

**Program code: sac.engr.as**

The associate degree curriculum in the engineering program is primarily intended to provide a basic program of engineering courses for students planning to transfer to four-year college or university engineering programs. The student should be aware the Santa Ana College associate degree requirements are less than full university lower-division engineering requirements and that additional coursework is required. See “Engineering Transfer,” below.

Completion of the associate degree in engineering can also provide the necessary background for immediate employment as a designer, technician, or engineering assistant. Job opportunities exist in both private industry and city, county, and state agencies.

Students interested in the design or practical phases of the engineering profession should take the engineering sequence 122, 124 and 228. These are transferable college or university level courses, giving students a comprehensive preparation in graphic communication and graphic solution of engineering problems. Students interested in the math and science-oriented engineering fields should take ENGR 125.

**Learning Outcome(s):**

Students will develop the skills and knowledge necessary to select as well as design engineering careers; produce engineering drawings that conform to industry standards; create engineering drawings in 2D CAD program; and solve problems of calculus, calculus-based physics, and chemistry.

**Major requirements for the associate degree:**

Engineering Transfer
Santa Ana College offers a wide variety of lower-division engineering coursework for transfer to any four-year university or college in California.

Although lower-division engineering course requirements are similar at most universities, important differences do occur. These differences depend upon the university and the specific engineering option the student has selected. Engineering students planning to transfer with upper-division standing at a university should consult the Transfer Center for detailed information concerning specific lower-division course requirements for the various engineering options.

Engineering Technology, Manufacturing Technology, and Industrial Technology Transfer
Technology programs are offered by most area universities. They are baccalaureate degree curricula usually offered by the school’s Engineering Department. Generally, technology degree programs are less rigorous than traditional engineering programs. Typically, they require one or two semesters of mathematics and one semester of physics. Upper division work is more practical application-oriented than traditional engineering programs.

Additional details concerning technology program transfer are available from the counseling and engineering offices.

Engineering Civil Technology Degree
Program code: sac.enrct.ca
The associate degree curriculum provides a background for employment in a civil engineering office or for field work in support of and under the direction of a professional engineer or licensed surveyor. Typical employment is in a surveying office recording data, preparing subdivision maps, street and highway proposals, and grading maps. Employment opportunities exist in both private industry and local and county government agencies that employ engineering assistants.

Learning Outcome(s):
Students will be able to identify, analyze, and explain the basic parts of common land surveying instruments and their function by way of a multiple field exercises and cite how accurate surveys can be used to avoid or resolve property legal disputes.

Engineering Computer Aided Drafting and Design Degree
Program code: sac.enrcas

The Engineering Computer Aided Drafting and Design degree program is for students who have or are working toward an engineering discipline background for transfer or employment and seek competency in Computer Aided parametric 2D and 3D drafting and design. Class problems and project work includes civil, surveying, mechanical, electronic, architecture, and other CADD applications.

Learning Outcome(s):
Students will produce a series of 2D and 3D Parametric CAD technical drawings using several industry CAD applications.

Major requirements for the associate degree:

---

**Engineering Drafting and Design Option I—Engineering Drafting and Design Degree**

**Program code: sac.enrdd.as**

The associate degree curriculum in engineering drafting and design has two options to prepare a student for employment in an engineering, architectural, civil engineering, or a construction office as a drafter, designer, or an engineering technician. Actual work in this field for both options is similar. Job tasks include preparation of drawings and plans (board and computer), sketches, layouts, diagrams, schematics, illustrations, material lists, and size and material specifications. Opportunity for employment exists in both private industry and city and county government agencies which employ drafters, designers, and engineering technicians.

The Option I degree prepares the student for employment as a professional drafter or designer in the mechanical, aerospace, manufacturing, biomedical, or industrial engineering fields. Designer jobs may additionally require some industry experience. Many courses are applicable to lower-division preparation leading to a bachelor's degree in engineering technology at a four-year institution.

**Learning Outcome(s):**

Students will develop knowledge and skills necessary to select & develop engineering careers; be able to produce engineering drawings that conform to industry standards; be able to create parts & drawings using 3D solid modeling software; fabricate basic parts using standard machining equipment.

**Required Courses:** (for the associate degree, students must also complete general education coursework Plan A, B, or C, per the college catalog)

Engineering Drafting and Design Option II—Architectural/Civil Engineering/Construction Drafting and Design Degree

Program code: sac.enrce.as

This option is designed specifically to prepare the student for employment as a professional drafter/designer in the Architectural, Civil Engineering and Construction fields (AEC). The drafter/designer works closely with the architect, developer and other professionals in the development and construction of AEC projects.

Learning Outcome(s):
Students will develop knowledge and skills necessary to select & develop engineering careers; be able to produce engineering drawings that conform to industry standards; be able to create parts & drawings using 3D solid modeling software; fabricate basic parts using standard machining equipment.

Engineering Mechatronics Technology Degree

Program code: sac.enemt.as

This associate degree has a strong emphasis on hands-on design, fabrication, and testing; and leads to employment as a mechanical, industrial, or manufacturing engineering technician. Opportunities for employment exist primarily in private manufacturing industries such as industrial, biomedical, or aerospace.

Learning Outcome(s):
Students will develop knowledge and skills necessary to select & develop engineering careers; be able to produce engineering drawings that conform to industry standards; be able to create parts & drawings using 3D solid modeling software; fabricate basic parts using standard machining equipment. Students will acquire knowledge of AEC terms, abbreviations, graphics and standards for application and preparation of AEC drawings and plans.

### AutoCAD 2D Basics Certificate (Untranscripted)

**Program code:** sac.cad2d.cert

2D Computer Drafting Basics is a program for learning to create and edit technical drawings, as well as annotate designs. 2D drawings are used in a wide variety of industries and applications for industrial design of products, architectural, civil and construction drafting to develop plans, shop drawings, permit and patent drawings.

**Learning Outcome(s):**

Students will complete a set of basic 2D drawings that demonstrate their knowledge and skills with AutoCAD.

**Total Units:** 8

### 3D CAD Skill Builder Certificate (Untranscripted)

**Program code:** sac.3dcd.cert

This program is for students who have some amount of prior CAD experience and seek to learn 3D skills. Courses in this program prepare students for work in basic 3D or parametric 3D, or for further study in engineering majors.

**Learning Outcome(s):**

Students will complete a set of 3D drawings that demonstrate their knowledge and skills with Solidworks, Revit and AutoCAD.

**Major Requirements for the certificate:**

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGR 103 Solidworks Basic Solid Modeling</td>
<td>3</td>
</tr>

</tr>
<tr>
<td>ENGR 186 AutoCAD 3-Dimensional Drawing</td>
<td>3</td>
</tr>
</tbody>
</table>

**Total Units:** 11

### Civil 3D CAD Certificate (Untranscripted)

**Program code:** sac.c3cad.cert

This certificate includes 3D land development/site design software, environmental design, transportation design, and geospatial information. Students will be exposed to engineering design principles using various information modeling techniques and sustainable design methodologies.

**Learning Outcome(s):**

Students will complete a set of Civil 3D drawings that demonstrate their knowledge and skills for Civil 3D work using Bentley and AutoDesk software.

**Major Requirements for the certificate:**

<table>
<thead>
<tr>
<th>Course</th>

### Engineering Mechanical 3D Solid Modeling CAD Certificate (Untranscripted)

**Program code:** sac.engr3d.cert

Curriculum focuses on developing competency in parametric solid modeling CAD software that is used heavily in the mechanical, aerospace, industrial, & biomedical engineering fields. Skills learned are applicable to drafters, designers, engineering technicians, and engineers in these fields.

**Learning Outcome(s):**

Students will produce engineering drawings that conform to industry standards and be able to create parts as well as drawings using 3D solid modeling thru intermediate level.

**Major requirements for the certificate:**

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>

### Sustainable Building Operations Management Degree

**Program code:** sac.sbom.as

The Associate of Science degree in High Performance Building Operation Management is focused towards career education training of students in sustainable methods for improving the operational performance of offices, schools, hospitals, and other residential and commercial buildings while working as Building Commissioning Professionals, Operations Professionals, Facility Managers and supporting positions. It will provide needed skilled and qualified workers, particularly as building technologies become more advanced.

**Major requirements for the associate in science degree:**

### Sustainable Building Operations Management Certificate (Transcripted)

**Program code:** sac.sbom.ca

The certificate in High Performance Building Operation Management is focused towards career education training of students in sustainable methods for improving the operational performance of offices, schools, hospitals, and other residential and commercial buildings while working in Building Commissioning, Operations, Facility Manager and supporting positions. It will provide needed skilled and qualified workers, particularly as building technologies become more advanced.
Sustainable Facilities Management Certificate (Untranscripted)

Program code: sac.sufac.cert

The certificate in Sustainable Facilities Management is focused towards training the student in sustainable methods for improving the operational performance of offices, schools, hospitals, and other residential and commercial buildings. It will provide needed skilled and qualified workers, particularly as building technologies become more advanced.

Learning Outcome(s):
Students will use ecological terms, abbreviations, AEC graphics, codes, permits, construction accounting, and facility project procedures to allow work or continued study in sustainable facilities management.

Total Units 17

Sustainable Facilities Skill Builder Certificate (Untranscripted)

Program code: sac.sufsb.cert

This program of study introduces students to Renewables, Green HVAC and Building Automation Systems and Controls, which are fundamental building blocks of energy saving sustainable construction projects. It provides preparation for further study or for work or advancing career opportunities.

Career opportunities include employment in “green” building, design and construction, energy management, and sustainable public planning and policy development. Work is available in government agencies, consulting firms, construction, and non-profit organizations.

Learning Outcome(s):
Students of the Sustainable Facilities Skill Builder will gain skills and knowledge for renewable energy technologies, green HVAC systems, as well as building automation systems and controls.

Requirements for the certificate:

Surveying Skill Builder Certificate (Untranscripted)

Program code: sac.ssb.cert

This program of study includes basics for students or industry professionals who wish to learn surveying basics in a certificate program either to continue studies towards a more comprehensive Civil Technology certificate, or A.S. degree or transfer into a B.S. program.

Learning Outcome(s):
Students will complete a set of surveying drawings that demonstrate their knowledge and skills using industry methods, tools and software.

Major requirements for the associate degree:

ENGLISH

Option 1

English Degree

Program code: sac.engl.aa

The associate degree curriculum in English is designed to develop proficiency in written communication and in the understanding of human nature through the study of language and literature. Completion of the degree program prepares students to pursue a major in English leading to a baccalaureate degree.

Learning Outcome(s):
1. Students will demonstrate the ability to read and analyze a text, not limited to written fiction.
2. Students will produce a college-level essay addressing the concerns of a given assignment.
3. Students will use appropriately chosen research material that is documented and cited correctly in MLA format.

Major requirements for the associate in arts degree:

<table>

### Option 2
#### Associate in Arts in English for Transfer

**Program code:** sac.englaat

Revisions to this degree are pending approval from the California Community College Chancellor's office. Please consult a counselor for the latest information.

The Associate in Arts in English for Transfer (A.A.-T in English) prepares students to move into the CSU system leading to a baccalaureate degree in English. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree in English also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in English, students will have demonstrated a general understanding of the academic standards expected of readers and writers of the English language. They will be able to apply critical thinking skills in order to evaluate literary works for their artistic and literary merits as well as analyze them according to various interpretive theories and for the use of literary devices. Students will be able to produce correctly formatted, documented, and cited academic essays that utilize appropriately chosen sources in support of their arguments.

**Learning Outcome(s):**
1. Students will demonstrate the ability to read and analyze a text, not limited to written fiction.
2. Students will produce a college-level essay addressing the concerns of a given assignment.
3. Students will use appropriately chosen research material that is documented and cited correctly in MLA format.

ENTREPRENEURSHIP

Entrepreneurship and Innovation Degree
Program code: sac.entei.aa

The associate degree in Entrepreneurship and Innovation is designed to give students a thorough understanding of the process of entrepreneurship. It is designed for those who have thought about starting their own ventures, as well as for those new to business. Students learn to develop and commercialize ideas for new ventures. Small business owners learn to develop resources to be more profitable and sustainable. Classes are practical and hands on. They provide real-world exposure to cutting-edge innovation and entrepreneurship. Specialized topics include: building a team, bootstrap marketing, finances and resources, opportunity assessment, design techniques, powerful presentations and more. Many classes are taught in “short sequence formats” of 4-8 weeks.

Learning Outcome(s):
Students will acquire the necessary knowledge to start their own businesses either as entrepreneurs or freelance independent contractors.

Freelancer Certificate (Untranscripted)
Program code: sac.frlan.cert

The Freelancer certificate is designed to give all students, but especially non-business majors, a boot-camp understanding of business as applied to a freelance independent contractor. It is designed for new grads who want to freelance to start their careers, full-time workers who want to freelance to earn extra money or transition to a new career, laid-off workers, workers leaving full-time jobs, parents who want to freelance for a flexible schedule, people who want turn their hobbies into profitable freelance ventures, and seniors who freelance to supplement their incomes.

In the classes students learn how to plan and get started, personal and people skills, different business trades and industries, networking and opportunities, how to get and develop customers, where to get money, how to get paid and how to launch a new freelance business. Classes are short one-unit classes. The goal of the certificate is to teach, as quickly as possible, just what someone needs to know to survive in business as a freelancer.

Learning Outcome(s):
Students will demonstrate an understanding of the basic requirements to successfully start and run a small business as well as the ability to apply planning methods to business and entrepreneurial situations.

Major Requirements for the certificate:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>

Total Units 6
**ETHNIC STUDIES**

**Ethnic Studies Degree**

Program code: sac.ethn.aa

The associate degree curriculum in ethnic studies is designed to foster individual cultural identity and cross-cultural communication, develop a consciousness about the American pluralistic society and its origins, and provide basic education regarding professional careers involving intercultural relations in fields such as arts, business education, government, health, law, public relations, and public service. Emphasis will be on a cultural survey of Native Americans, Asian Americans, African Americans and Mexican Americans/Latinos from the Pre-Columbian period to the present and the contributions of these ethnic groups to U.S. society. Enrichment and global perspective will be added to majors such as Art, Anthropology, Child Development, Dance, Education, English, Foreign Language, History, Music, Psychology and Sociology. Completion of the degree program prepares students to pursue a major leading to a baccalaureate degree.

**Learning Outcome(s):**
1. Students will meet requirements in preparation for transfer to a four-year institution.
2. Students will interact positively with others in a multicultural society, both professionally and personally.
3. Students will help to promote an understanding of our nation's multi-cultural history and promotes student leaders in our community.

---

**FASHION DESIGN MERCHANDISING**

**Fashion Design Degree**

Program code: sac.fdc.aa

In addition to the general education requirements, the associate degree curriculum in fashion design provides the basic aesthetic concepts and technical skills necessary for immediate employment in the fashion related fields of design or to transfer to a university program.

The program prepares students for entry-level positions in apparel design for custom clients, theater costuming, and manufacturer's operations.

Completion of the degree enhances ability to obtain a position and advance in the fashion design field.

**Learning Outcome(s):**

Students will function knowledgeably and effectively in positions within the design and apparel manufacturing field.

Costume Design Certificate (Untranscripted)
Program code: sac.fdcd.cert

This certificate curriculum is designed to prepare students for entry level costume careers within the entertainment industry which includes television/film, theme parks, theatres, and varied performance venues across the country and world. Emphasis is placed on developing fundamental costume design skill sets while gaining an understanding of the processes and procedures utilized in the entertainment industry for costuming actors/performers. Possible entry level job titles are: Costume Design Assistant, Wardrobe Manager, Costume Manager, Dresser, Cutter/Draper, Production Designer, and Costume Shop Assistant, all of which can lead to more advanced careers within these industries.

Learning Outcome(s):
1. Students will demonstrate an understanding of the relationship between costumes, the script, and the actor.
2. Students will develop an understanding of the responsibilities and the art of the costume designer as it relates to characterization for a specific script.
3. Students will develop the fundamental skills to visualize, pattern, construct, and fit performers with custom costumes.

Complete the following 17.0 units:

## Administrative Fire Services Chief Officer Degree

Program code: sac.ftco.as

The Administrative Fire Services Chief Officer Degree is designed to prepare students for careers as chief officers. This program meets the requirements of the California Fire Chiefs’ Association and the Chief Fire Officer Certification track of the California State Fire Marshal. Transcript evaluation may allow up to a maximum of 18 units of credit for previous fire service education. If FTC 121 is completed as an elective with a “C” or better grade and FTC 121L is completed with a “pass,” it may be used to satisfy the requirements for section F of the general education requirements for graduation.

Student must complete the general education requirements as outlined in the appropriate catalog.

### Learning Outcome(s):

1. Students will demonstrate skills and knowledge expected in upper-level management positions within the fire service through the application of leadership, management, and ethical decision-making models.

2. Students will develop mission-specific goals and strategies to support executive leadership in fire department daily operations as well as all-risk emergency situations.

3. Students will analyze intergovernmental and public relationships between city, county, state and federal agencies and how they relate to emergency and non-emergency public safety coordination.

Student must complete the general education requirements as outlined in the appropriate catalog.

Fire Prevention Officer Degree
Program code: sac.ftpo.as
The Fire Prevention Officer Degree is designed to prepare students as Fire Protection Engineering Technicians and as staff assistants to Fire Protection Engineers; to enable fire department personnel to upgrade skills in the area of prevention; to give architects, engineers and persons from other disciplines an opportunity to expand their knowledge of building, life safety, and fire protection. This program meets the requirements of the California State Board of Fire Services Certified Firefighter I and college or university preparation.

Learning Outcome(s):
1. Students will demonstrate written and verbal communication skills required for entry-level Fire Inspector positions.
2. Students will demonstrate requisite knowledge and skills that meet the National Fire Protection Association Standard 1031 for Fire Inspector I.
3. Students will identify and evaluate hazardous conditions that are inherent to Fire Prevention.

SANTA ANA COLLEGE  •  sac.edu  •  2018 – 2019
Public Fire Service Option Degree
Program code: sac.ftpfs.as

The public fire service program is designed to provide occupational preparation in federal, state, local and private fire protection agencies and for those desiring to enter fire service work in such areas as firefighting with emphasis in fire prevention, inspection and safety practices. Completion of the Fire Academy 060 course is recognized by the California State Board of Fire Services as meeting the requirements for Certified Firefighter 1 Training Academy and college and university preparation. The units earned in Fire Academy 060 are nontransferable. Prerequisites to the Basic Fire Academy include: All Fire Technology core courses, meeting the NFPA 1582 medical standards, passing the physical ability test and completing Emergency Medical Technician I course, taking and passing the National EMT Certification Exam and receiving certification in the State of California. Student must complete the general education requirements as outlined in the appropriate catalog.

Learning Outcome(s):
1. Students will demonstrate written and oral communication skills required for entry-level Firefighter positions.
2. Students will demonstrate skills that meet the National Fire Protection Association Standard 1001 for Fire Fighter I; California State Fire Marshal standards for Firefighter I Trained and the recommendations of the Fire Technology Dept. Advisory Board.
3. Students will analyze emergency and hazardous conditions that are inherent to the firefighting profession.

Fire Service Core Competencies Certificate (Untranscribed)
Program code: sac.fytsf.cert

This certificate documents extensive coursework on the part of the recipient in fire and emergency services organization, fire behavior, fire prevention, building construction, and fire protection systems and equipment. Completion of this curriculum provides students with fundamental knowledge of fire department operations, organization and basic fire prevention methods and techniques.

Learning Outcome(s):
1. Define fire department organization, culture, and methods of communication of entry level fire department personnel.
2. Describe fire chemistry and behavior for the purpose of predicting fire dynamics and flame spread characteristics.
3. Demonstrate knowledge of the types of construction. Identify the components and hazards related to each type.
4. Identify components of built-in and portable fire protections systems and alarm and notification devices.
5. Demonstrate knowledge of fire prevention codes and standards, fire safety protection system methods, procedures and building codes, and fire code requirements as they relate to construction for fire protection and fire apparatus access.

GEOGRAPHY

Option 1
Geography Degree

Program code: sac.geog.aa

The associate degree curriculum in geography provides students with an interdisciplinary background for entry into a curriculum at a four-year institution leading to a baccalaureate degree with career opportunities in a wide range of jobs in government such as Bureau of Census, C.I.A., D.E.A., U.S.G.S., Department of Immigration and Naturalization, Department of State; and in private industry, such as planning market research, land use analysis, transportation, travel and tourism, and education.

Learning Outcome(s):
Students will recognize the interrelatedness of the components of the earth system, processes, and human characteristics found on the planet and analyze these from a spatial perspective and through the use of the scientific method.

Option 2
Associate in Arts in Geography for Transfer

Program code: sac.geog.aat

The Associate in Arts in Geography for Transfer (A.A.-T) prepares students to move into a curriculum at a 4-year institution leading to a baccalaureate degree in Geography. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T degree Geography students will have an understanding of both the breadth and depth of the spatial perspective that is central to geographic study. This knowledge will be grounded in the comprehension of geographic principles, concepts, ideas, theories, research, terminology, and relationships. Students will also have the capacity to write and think in a critical and analytical way about issues pertaining to earth surface study, human/environment interaction and impact, and local, regional, and global relationships and associations.

Learning Outcome(s):
Students will recognize the interrelatedness of the components of the earth system, processes, and human characteristics found on the planet and analyze these from a spatial perspective and through the use of the scientific method.

### GEOLOGY

#### Option 1

**Geology Degree**

**Program code:** sac.geol.as

The associate degree curriculum in geology prepares students for transfer to a four-year institution leading to a baccalaureate degree in geoscience majors. Geoscientists find employment with environmental companies that clean up and monitor pollution problems. Geotechnical companies also employ geoscientists to evaluate risk from earthquakes, landslides, and other geological hazards. Oil and mining companies employ geoscientists to find new resources. The federal, state, county, and city governments also employ geoscientists for many of the same functions, as well as geoscience research, and to monitor compliance with environmental regulations. Universities, colleges, and museums offer opportunities for teaching and/or research.

Please see a counselor for specific course requirements for your transfer university.

**Learning Outcome(s):**

Students will demonstrate proficiency and knowledge with regards to the physical structure of the Earth and the materials that make up the Earth through the paradigm of plate tectonics.

**Major requirements for the associate in science degree:**

#### Option 2

**Associate in Science in Geology for Transfer**

**Program code:** sac.geol.ast

The Associate in Science in Geology for Transfer (A.S.-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Geology. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.S.-T degree also provides guaranteed admission to a baccalaureate degree in Geology major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees.

Upon completion of the A.S.-T in Geology students will have a
foundation necessary for continued training at the upper division level for geology majors. It is a starting point for students who are preparing for careers in education, geoscience research, and government, where scientific and technical skills are in great demand.

Learning Outcome(s):
Students will demonstrate proficiency and knowledge with regards to the physical structure of the Earth and the materials that make up the Earth through the paradigm of plate tectonics.

HISTORY

Option 1

History Degree

Program code: sac.hist.aa

The associate degree curriculum in history provides a basic program to aid students in thinking critically about one’s self, one’s cultural heritage, social and economic processes, and national and international affairs. Completion of the degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in History. Please consult a counselor regarding specific course requirements for your transfer institution.

Completion of the A.A.-T in History also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the History major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in History students will have an understanding of both the breadth and depth of the history discipline. This knowledge will be grounded in the comprehension of history principles, concepts, ideas, theories, research, and terminology. Students will also have the capacity to write and think in a critical and analytical way about issues pertaining to history, economics, politics, culture, and understanding the relationship between the social sciences and humanities.

Learning Outcome(s):

1. Students will complete necessary requirements to complete their academic degrees or transfer to a 4-year institution, while simultaneously acquiring knowledge and skills that will help them participate more fully in their workplace and in their community.
2. Students in SAC’s History Program will gain an understanding of social, historical, and political situations of the past in order to place current local, national, and international events in an historical context.
3. Students will apply critical thinking in the creation, analysis and interpretation of past and current events, and will demonstrate their thinking and reasoning skills by completing a variety of assigned exercises.

INTERNATIONAL BUSINESS

International Business Degree
Program code: sac.ib.aa
The Associate Degree in International Business is designed to provide students and business practitioners, including those already involved in International Business, with practical “hands on” exposure to the world of international business. Classes focus on businesses that import and export. Students learn the fundamentals of international business, culture, marketing, finance, law and logistics. Different countries and cultures are explored. Specialized topic areas (for example, marketing, financing, law and logistics) are a sequence of short classes that should be taken in order. The program prepares students to take the NASBITE Certified Global Business (CGBP) Credential Exam.

Learning Outcome(s):
Students will be prepared to enter the field of International Business and obtain the Certified Global Business Professional Credential.

Global Trade Skills Certificate (Untranscripted)
Program code: sac.gltra.cert

The Global Trade Skills Certificate teaches students the transaction level basics of global trade: international logistics, international marketing, international finance, international law and importing. This stackable certificate is the first step in achieving the International Business Certificate and preparing for the NASBITE Certified Global Business Professional (CGBP) credential exam.

Learning Outcome(s):
Students will demonstrate an understanding of the core subject delineation in International Law, Global Logistics, International Marketing and International Finance in order to sit for the Certified Global Business Professional exam administered by NASBITE.

Complete all courses listed below:

Course | Units
---|---
International Logistics Sequence:
| Course       | Units |

Total Units 9
Global Business and Entrepreneurship Certificate
(Untranscripted)
Program code: sac.gbe.cert
The Global Business and Entrepreneurship Certificate is designed to provide students with a general overview of four areas of business including management, marketing, international, and entrepreneurship.
In business today, knowledge of how functional areas work together is deemed critical by employers. It is no longer sufficient to understand only one part of how a business operates. This certificate provides students with a well-rounded overview of the concepts, techniques, and technologies required to succeed in today's global and entrepreneurial business environments.
Learning Outcome(s):
1. Students will demonstrate an understanding of and successfully adapt to a multicultural business environment.
2. Students will be able to create a marketing plan for a business to compete successfully in the global marketplace.
3. Students will be able to start, run, or manage an international business operation for a small or mid-size company (SME).

International Finance Specialist Certificate (Untranscripted)
Program code: sac.ifs.cert
The International Finance Specialist Certificate is designed to provide students with practical skills in the area of finance. It is designed for business professionals interested in gaining targeted knowledge of international finance as well as to highlight recent information relevant to working professionals. The courses include the latest concepts, techniques, and technology used in the finance industry. The program provides students with cutting edge practical and applicable international finance skills for the global economy.
Learning Outcome(s):
1. Students will demonstrate an understanding of international finance and its role in international trade.
2. Students will be able to complete international transactions and complete international trade documentation in compliance with those letters of credit.
3. Students will have an understanding of international financial risk inherent with international trade.

## KINESIOLOGY

### Option 1

**Kinesiology Degree**

**Program code: sac.kin.aa**

This program is designed to prepare students for transfer into baccalaureate degree programs in Kinesiology or entry-level health, sports, and fitness-related jobs. The focus is on preparing students to be able to articulate understanding of scientific foundations of Kinesiology, distinguish between Kinesiology-related careers, and demonstrate movement skills competence. Students receive exposure to the sources of knowledge in Kinesiology through scholarly study of physical activity and physical activity experience. The student is introduced to courses that promote healthy lifestyle choices and an active mind and body. Curriculum content may include the introduction to Kinesiology, nutrition, health awareness, sports medicine, physiology of exercise, and activity courses. The following classes can lead to obtaining a degree in the areas of exercise science, sports medicine-athletic training, physical therapy, kinesiology, sports management, coaching, or allied health-related and fitness-related vocations.

### Learning Outcome(s):

1. Students will describe the role of Kinesiology/Physical Education in health promotion and disease prevention.
2. Students will demonstrate competence in several physical activities and proficiency in at least 1 physical activity.
3. Students will synthesize knowledge of the 5 components of well-being to discriminate between healthy and detrimental lifestyle choices.

### TRANSFER PLAN

Courses required to complete an associate degree at Santa Ana College in Kinesiology may not fulfill courses required by four-year universities to complete a baccalaureate degree. The Kinesiology Department at Santa Ana College recommends that students interested in transferring to a four-year institution consult with a counselor prior to beginning their courses of study.

### Option 2

**Associate in Arts in Kinesiology for Transfer**

**Program code: sac.kin.aat**

The proposed Associate in Arts in Kinesiology for Transfer (A.A.-T in Kinesiology) is designed to prepare students for transfer into the CSU system to complete a baccalaureate degree in Kinesiology or similar major. Please consult a counselor regarding specific course requirements for your transfer institution. This degree provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Kinesiology major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Kinesiology degree students will be able to articulate understanding of scientific foundations of Kinesiology, distinguish between Kinesiology-related careers, and demonstrate movement skills competence. Students will
gain knowledge and movement-based experience which prepares them in pursuit of a bachelor’s or master’s degree and or professional certification in exercise science, nutrition, health promotion, sports medicine athletic training, physical therapy, and coaching or fitness related fields.

**Learning Outcome(s):**
1. Students will apply scientific foundations to understanding human movement.
2. Students will discuss the importance of physical activity in daily life and the implications for Kinesiology-related careers.
3. Students will demonstrate competence in at least 3 areas of physical activity experience.

Fitness Specialist Certificate (Transcripted)
Program code: sac.knfs.ca

The Fitness Specialist Certificate program prepares students for employment in the fitness industry by combining a science-based academic foundation with an abundance of experiential learning. Students gain knowledge of Kinesiology principles while developing fitness assessment, exercise leadership, and individual & group exercise programming skills. The program is designed to get students into the industry as soon as possible but includes transferrable coursework for students seeking to further their education in Kinesiology-related fields.

Learning Outcome(s):
1. Students will select, execute, interpret, and communicate results from various fitness assessment field tests based upon age, gender, fitness level, and cultural differences.
2. Students will design a health-related or performance-related program for apparently healthy individuals and several special populations.
3. Students will lead personal training sessions as well as a variety of small and large group exercise activities.

Kinesiology Sports Medicine Certificate (Untranscripted)
Program code: sac.knsm.cert

This program is designed to provide students with knowledge and skills that help them understand all aspects of sports medicine/athletic training field and to prepare associate degree seeking students for transfer into Athletic Training.

Learning Outcome(s):
1. Student will recognize and select appropriate athletic injury management response.
2. Students will assess and interpret sport-related injury information than explain that information to players, coaches, athletic trainers, and medical personnel.

LAW

Santa Ana College is one of a select group of community colleges chosen to participate in the Pathway to Law School Program (2+2+3). This program is sponsored by the California State Bar’s Council on Access and Fairness (COAF) and the California Community College Chancellor’s Office. This program is an unprecedented effort within California higher education to enhance opportunities and advancement in the legal profession for diverse populations, particularly those who have traditionally been underrepresented.

This program is designed to prepare students to successfully apply to law school. There are no specific requirements to enter the program, but students should have an interest in the law and a strong determination to succeed at Santa Ana College and earn a bachelor’s degree. For more information please visit the following websites: https://sites.google.com/site/calbardream/or www.DiscoverLaw.org.

Any student who is interested in being part of the SAC Pathway to Law School Program, attending law school or receiving more information should attend one of our orientation sessions held prior to the start of each semester. Students can also request more information about the program from Professor Kristen Robinson at Robinson_Kristen@sac.edu. (Participation in this program does not guarantee admission to any participating university or law school.)

Learning Outcome(s):

To prepare students to successfully transfer to a four-year university and successfully enroll in a law school program as part of the California State Bar and California Community College State Chancellor’s office initiative, “Pathway to Law School.” Upon completion of the program, students will receive a certificate of achievement on their transcript to indicate to admitting universities and law schools they have completed the pathway program.

Any student with a goal to enter law school should complete the Pathway to Law School program. This program is recognized as part of the California State Bar and California Community College State Chancellor’s office initiative “Pathway to Law School.”

### Legal Office Interpreting Spanish Certificate (Transcripted)

**Program code:** sac.lois.ca

The certificate of achievement curriculum for Legal Office Interpreting Spanish is designed to prepare the student for employment in a legal setting interpreting Spanish to English and English to Spanish. Students will be prepared for employment in law offices, court reporting services and the courts, both on the State and Federal level. Students will have a basic understanding of legal terminology, ethics and legal procedures.

**Learning Outcome(s):**

Upon successful completion of the program, students will:

- Understand the Ethics and regulations of the legal profession in California by completing Law 100 or Paralegal 100 and Paralegal 121.
- Students will understand basic terminology used in the law office and courts by completing the Law 110.
- Students will demonstrate an entry level proficiency in legal interpretation (Spanish/English) by completion of Law 058 or BA 058.

### Legal Office Technician Certificate (Transcripted)

**Program code:** sac.lot.ca

This certificate program is designed to prepare the student for employment in a law office. The program will prepare the student with technical office skills for employment in a law office to assist attorneys and paralegals. This program is not designed to prepare students for the practice of law nor is it designed to meet the requirements of Business and Professions code section 5450 (Paralegal Qualifications).

**Learning Outcome(s):**

Upon successful completion of the program, students will:

- Understand the ethical and professional responsibilities of the legal profession by completing the Para 100 or Law 100 and Paralegal 121.
- Students will understand the procedures of a law office by completing Paralegal 101.
- Students will achieve an entry level proficiency in the technology utilized in a law office by completing BUS 150 or CMPR 100 or BA 179.
- Students will understand proper formatting, grammar and punctuation of business documents by completing MGMT 122 or BUS 222.
- Students will understand basic Accounting procedures by completing ACCT 010.

LIBERAL ARTS DEGREE

This is a diversified degree designed for students desiring a broad knowledge of liberal arts and sciences plus additional coursework in an “Area of Emphasis”. The degree allows students to develop an appreciation and understanding of the beauty and values that have shaped and enriched our culture. The program of study also enables students to develop intellectual maturity, and a deeper understanding of themselves and the American heritage.

This program provides excellent preparation for a variety of personal and professional goals. Please consult a counselor for educational planning and information regarding specific goals.

I. Requirements:

1. Complete general education Plan A (associate degree only, nontransfer), B (CSU-GE Breadth, CSU transfer), or C (IGETC, UC or CSU transfer) as related to your educational goal.

2. Complete a minimum of 18 units from a single Area of Emphasis listed below. For depth of study, students are strongly encouraged to complete two or more courses in a single discipline as part of their 18 units. (Courses in the chosen “Area of Emphasis” may also be applied toward general education areas on Plan A, B, and C.) Note: Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.

3. Complete all other associate degree requirements for Santa Ana College.

II. Areas of Emphasis:

1. American Studies

Program code: sac.laas.aa

These courses emphasize the peoples, cultures, institutions, and cultural trends of the United States. Students will examine American culture as a whole from various perspectives. Students will also learn how this country has been shaped by a variety of disciplines while recognizing the diversity of our culture. This emphasis may be of interest to those planning to pursue careers in business, communications, government service, law, social services, and teaching.
### 2. Arts, Humanities and Communications

Program code: sac.laahc.aa

These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will learn to value aesthetic understanding and incorporate these concepts when constructing value judgments. A course from each of the three areas, Arts, Humanities, and Communications must be included in the 18 units selected for this emphasis. This emphasis may be of interest to those planning to pursue careers in art history, communications, dance, deaf studies, English, languages, music, philosophy, studio art, teaching, and theatre arts.

Learning Outcome(s):

1. Students will evaluate and interpret the ways in which people through the ages and in different cultures have expressed their experiences and interpretations of the world around them through artistic and cultural creation.

2. Students will appraise aesthetic understanding and formulate these concepts when constructing value judgments.

3. Business and Technology
Program code: sac.labt.aa
These courses emphasize the integration of theory and practice within the fields of business and technology. Students will develop the ability to effectively manage and lead organizations. Students will demonstrate knowledge of a range of physical activities. This emphasis may be of interest to those planning to pursue careers in accounting, business administration, computer information systems, computer science, engineering, planning to pursue careers in accounting, business administration, computer information systems, computer science, engineering, finance, international business, and law.

Learning Outcome(s):
1. Students will critique and analyze the place of business and technology within the global economy.
2. Students will examine the integration of theory and practice within the fields of business and technology.

4. Kinesiology and Wellness
Program code: sac.lakw.aa
These courses provide an understanding of kinesiology, the mechanics of the human body, and the integration of behavior and communication in the promotion of a healthy lifestyle. Students will demonstrate knowledge of a range of physical activities. This emphasis may be of interest to those planning to pursue careers in teaching, athletic training, coaching, nutrition, and dance.

Learning Outcome(s):
1. Students will develop and demonstrate an understanding of the mechanics of the human body as it relates to the promotion of a healthy lifestyle.
2. Students will demonstrate knowledge of a range of physical activities.
### a. Kinesiology and Movement (minimum 3 units)  
DNCE 100  Dance History and Appreciation  
- or -  
DNCE 100H  Honors Dance History and Appreciation  
DNCE 102  Introduction to Dance Forms  
DNCE 105  World Dance and Cultures  
KNHE 101  Healthful Living  
KNHE 102  Women’s Health Issues  
KNHE 103  Men’s Health Issues  
KNHE 104  Nutrition and Fitness  
KNHE 106  Cardiopulmonary Resuscitation and First Aid  
KNPR 101  Introduction to Kinesiology  
KNPR 125  Sport Psychology  
KNPR 150  Sport and Society  
KNPR 155  Theory of Soccer  
KNPR 170  Sport Ethics  
KNPR 160  Management of Physical Education and Sport  
KNPR 165  Theory of Softball  
KNPR 175  Theory of Football  
KNPR 200  Theory of Baseball  
KNPR 275  Sport Psychology Applications-Football  
KNSM 108  Introduction to Sports Medicine  

### b. Scientific and Nutrition Foundation (minimum 3 units)  
ANTH 101  Introduction to Physical Anthropology  
ANTH 101L  Physical Anthropology Laboratory  
BIOL 109  Fundamentals of Biology  
- or -  
BIOL 109H  Honors Fundamentals of Biology  
BIOL 109L  Fundamentals of Biology Laboratory  
BIOL 115  Concepts in Biology for Educators  
BIOL 139  Health Microbiology

5. Mathematics and Science  
Program code: sac.lams.aa

These courses emphasize the natural sciences which examine the physical universe, its life forms and its natural phenomena. Courses in math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world’s civilizations. Courses from both mathematics and science must be included in the 18 units selected for the emphasis. This emphasis may of interest to those planning to pursue careers in actuarial science, business, computer science, engineering, forensics, health professions, research, science, teaching and technical writing.

Learning Outcome(s):
1. Students will express and manipulate quantitative information in verbal, numeric, graphic and symbolic form.
2. Students will understand the influence that the acquisition of scientific knowledge has on the development of the world’s civilizations.

### 6. Social and Behavioral Sciences

**Program code: sac.lasbs.aa**

These courses emphasize the perspective, concepts, theories and methodologies of the disciplines typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and others as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate. This emphasis may be of interest to those planning to pursue careers in anthropology, child development, criminal justice, ethnic studies, government service, law, history, marriage and family therapy, political science, psychology, social work, sociology, teaching, and urban planning.

**Learning Outcome(s):**

1. Students will evaluate how individuals, societies, and social subgroups operate.
2. Students will apply the principles, methodologies, value systems, ethics, and thought processes employed by human inquiry.

**LIBRARY TECHNOLOGY**

**Library Technology Degree**

**Program code**: sac.lib.aa

The associate degree curriculum in library technology is designed to successfully prepare students for employment above the beginning clerk level as paraprofessionals in school, public, special, or academic libraries. Course content covers terminology, organization, procedures, standards, practices, and fieldwork. Entry-level positions are available in this field as library technical assistants, library assistants, library technicians and library media technicians.

**Learning Outcome(s):**

1. Students will apply knowledge and skills gained through all required courses to perform library technician level tasks in various types of libraries.
2. Students will identify and differentiate the roles and be able to perform job duties of technicians in a library organization.
3. Students will successfully prepare for employment above the beginning clerk level as paraprofessionals in school, public, special or academic libraries.

To receive a Certificate in Library Technology, a grade of “C,” or better is required for each major course. Library Technology 053 is the only Pass/No Pass course of the program. LT 053 requires a “Pass” grade.

**MANAGEMENT**

**Management Degree**

**Program code: sac.mgt.aa**

The associate degree curriculum in management is designed to prepare students for various management positions in business, government, and public organizations; to aid existing managers in upgrading their skills; and to assist employees for promotion to management/supervision positions. The core of the degree program provides the student with managerial skills and theory including communicating, decision-making, organizing, motivating, and human relations.

**Learning Outcome(s):**

Students will demonstrate an understanding of the core management functions of planning, organizing, leading, and controlling; demonstrate a thorough understanding of behavioral theories as they apply to organizations and be able to apply that theory to real-world situations; and demonstrate an ability to apply planning methods to business and organizational situations.

Supervision Certificate (Untranscripted)

Program code: sac.mgtsv.cert

The Supervision Certificate is designed to prepare students for various supervisory positions in business, government, and public organizations; to aid existing managers in upgrading their skills; and to assist employees for promotion to management/supervision positions. The certificate program provides practical skills for the student to use on the job.

Learning Outcome(s):
Students will demonstrate an understanding of the core management functions of planning, organizing, leading, and controlling as well as demonstrate a thorough understanding of behavioral theories as they apply to organizations and be able to apply that theory to real-world situations.

CNC Lathe Set Up and Operation Option Degree

Program code: sac.mngla.as

In addition to the general education requirements, the associate degree curriculum in manufacturing technology computer numerical control machine set up and operation is designed to prepare the student for entry or advancement in the CNC Machine Operator Specialty of manufacturing technology.

Learning Outcome(s):
Students will set up and operate a CNC Lathe to industrial standards.

Major requirements for the associate degree:

SANTA ANA COLLEGE • sac.edu • 2018 – 2019
CNC Programmer A–Mastercam Option Degree
Program code: sac.mngpa.as
In addition to the general education requirements, the associate degree curriculum in manufacturing technology-computer numerical control programmer A (Mastercam) is designed to prepare the student for entry or advancement in the CNC programming specialty of the machine tool field.

Learning Outcome(s):
Students will prepare CNC programs to industrial standards.

Required Courses:

Manufacturing Technology Core Courses 15 units Units
MNFG 111 Basic Mechanical Blueprint Reading 2
MNFG 114 Geometric Dimensioning and Tolerancing 3
MNFG 153 Technical Mathematics 3
MNFG 158 Basic Machining Concepts and Operation 3
MNFG 171 CNC Program Writing 4

Specific Major Course Requirements: Units
MNFG 173 Mastercam-2D Geometry, 2D Toolpaths 3
MNFG 174 CNC Milling Center Set Up and Operation 3
MNFG 175 Mastercam-3D Geometry, 3D Surfaces 3
MNFG 176 CNC Turning Center Set Up and Operation 3
MNFG 177 Mastercam-3D Toolpath and CAM Applications 3
MNFG 178 Mastercam Lathe 3
MNFG 195 Mastercam 5 Axis Mill Toolpath and Application 3

Select three units from the following electives: Units
MNFG 103 Solidworks Basic Solid Modeling 3
MNFG 104 Solidworks Intermediate Solid Modeling 3
MNFG 105 Solidworks Advanced Solid Modeling 3
MNFG 106 Solidworks Drawings 3
MNFG 128 Basic Metals Technology 3
MNFG 130A CATIA Solid Modeling I 3
MNFG 130B CATIA Solid Modeling II 3
MNFG 159 Advanced Turning Concepts and Operations 3

CNC Programmer A–Mastercam Option Certificate (Transcripted)
Program code: sac.mngpa.ca
The certificate of achievement curriculum in manufacturing technology computer numerical control programmer A (Mastercam) is designed to prepare the student for entry or advancement in the CNC programming specialty of Manufacturing Technology.

Learning Outcome(s):
Students will prepare CNC programs to industrial standards.

Required Courses:

Manufacturing Technology Core Courses 15 units Units
MNFG 111 Basic Mechanical Blueprint Reading 2
MNFG 114 Geometric Dimensioning and Tolerancing 3
MNFG 153 Technical Mathematics 3
MNFG 158 Basic Machining Concepts and Operation 3
MNFG 171 CNC Program Writing Specific Major Course Requirements: 4
MNFG 096 Manufacturing Technology Lab 2

Total Units 33

Conventional Machining Option Degree
Program code: sac.mngcm.as
In addition to the general education requirements, the associate degree in manufacturing technology, conventional machining, is designed to prepare the student for entry or advancement in the conventional machine tool operation specialty.

Learning Outcome(s):
Students will set up and operate conventional machines to industrial standards.

Required Courses:

Manufacturing Technology Core Courses 15 units Units
MNFG 111 Basic Mechanical Blueprint Reading 2
MNFG 114 Geometric Dimensioning and Tolerancing 3
MNFG 153 Technical Mathematics 3
MNFG 158 Basic Machining Concepts and Operation 3
MNFG 171 CNC Program Writing 4

Specific Major Course Requirements: Units
MNFG 159 Advanced Turning Concepts and Operations 3
MNFG 168 Advanced Milling Concepts and Operations 3
MNFG 169 Job Shop Skills 3
WELD 108 Oxyacetylene-Arc Welding 3

Select six units from the following electives: Units
MNFG 103 Solidworks Basic Solid Modeling 3
MNFG 104 Solidworks Intermediate Solid Modeling 3
MNFG 105 Solidworks Advanced Solid Modeling 3
MNFG 128 Basic Metals Technology 3
MNFG 173 Mastercam 2D Geometry, 2D Toolpaths 3
MNFG 174 CNC Milling Center Set Up and Operation 3
MNFG 176 CNC Turning Center Set Up and Operation 3
MNFG 177 Mastercam 3D Toolpath and CAM Applications 3
MNFG 178 Mastercam Lathe 3

### Medical Device Quality Assurance Certificate (Transcripted)

**Program code:** sac.mngmd.ca

A certificate in the Medical Device Quality Assurance program prepares students for prospective careers in the manufacturing, development, and/or design of medical devices, depending on work experiences and academic skill sets. Students will gain knowledge of FDA requirements for Good Manufacturing Practice (GMP) and Good Laboratory Practice (GLP) enhanced by experienced lecture materials, in-class workshops, presentation exercises, laboratory demonstrations, and exposure to other manufacturing technology disciplines. Students will have hands-on lessons to develop skills needed in the production or laboratory setting. Students will be prepared for entry level positions in medical device repairs, and medical device preparations, such as Medical Device Assembler, Medical Device Inspector, and Medical Equipment Repairer.

**Learning Outcome(s):**

Students will be able to work in the field of medical device industry as a medical device assembler, medical device inspector and medical equipment repairer.

**Required Courses:**

<table>
<thead>
<tr>

### Quality Control and Inspection Certificate (Transcripted)

**Program code:** sac.mngqc.ca

A certificate in Quality Control and Inspection prepares students for various quality inspector positions, as well as an introduction to various quality concepts that support inspection positions, such as inspection planning, calibration systems, sampling, quality tools including SPC, and their implementation, auditing, corrective, and preventive action, and customer, and supplier relationships.

Program includes the operation of PC-DMIS CMM software.

**Learning Outcome(s):**

Students will be able to work in the area of inspection planning, calibration systems, and sampling.

**Required Courses:**

### 3D Solid Modeling Certificate (Untranscripted)

**Program code:** sac.mng3d.cert

The certificate curriculum is designed for students who would like to earn certification of proficiency in the use of the Solidworks 3D Solid Modeling software.

**Learning Outcome(s):**

Students will create 3D solid models using the Solidworks software.

**Major Requirements for the certificate:**

**Course** | **Units**
---|---
MNFG 103 Solidworks Basic Solid Modeling | 3
ENGR 103 Solidworks Basic Solid Modeling | 3
MNFG 104 Solidworks Intermediate Solid Modeling | 3
ENGR 104 Solidworks Intermediate Solid Modeling | 3
MNFG 105 Solidworks Advanced Solid Modeling | 3
ENGR 105 Solidworks Advanced Solid Modeling | 3
MNFG 106 Solidworks Drawings | 3

**Total Units:** 12
MARKETING

The Contemporary Marketing Degree and Certificate programs are designed to prepare students for careers in marketing and to assist existing marketing managers and professionals in upgrading their skills. New career opportunities in marketing will be highlighted. The courses include the latest concepts, techniques and technology used to successfully develop, price, promote and distribute products and services in a global economy. The program provides students with cutting-edge practical and applicable marketing skills for New Media Marketing.

Contemporary Marketing Degree
Program code: sac.mktg.aa

The Contemporary Marketing Degree program is designed to prepare students for careers in today's marketing field. New career opportunities in marketing will be highlighted throughout the program. The courses include the latest concepts, techniques and technology used to successfully develop, price, promote and distribute products and services in a global economy. The program provides students with cutting-edge practical and applicable marketing skills for New Media Marketing opportunities.

Learning Outcome(s):

Students will demonstrate an understanding the four P's of Marketing and know key duties and responsibilities that come with managing the marketing process, a thorough understanding of behavioral theories as they apply to consumers and be able to apply that theory to real-world, hands-on situations, and an ability to apply marketing research methods through their course work as well as in hands-on projects.

Core Courses:          | Units
---|---
MKTG 113 Principles of Marketing | 3
BUS 222 Business Writing | 3
BUS 100 Fundamentals of Business | 3

Contemporary Marketing Certificate (Untranscripted)
Program code: sac.mktg.cert

The Contemporary Marketing Certificate program is designed to prepare students for careers in today's marketing field. New career opportunities in marketing will be highlighted throughout the program. The courses include the latest concepts, techniques and technology used to successfully develop, price, promote and distribute products and services in a global economy. The program provides students with cutting-edge practical and applicable marketing skills for New Media Marketing opportunities.

Learning Outcome(s):

Students will demonstrate an understanding the four P's of Marketing and know key duties and responsibilities that come with managing the marketing process.

Core Courses:          | Units
---|---
MKTG 113 Principles of Marketing | 3

### MATHEMATICS

#### Option 1

**Mathematics Degree**

**Program code: sac.math.as**

The associate degree curriculum in mathematics prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. Employment opportunities are available as mathematicians in government, industry and education. Please see a counselor for specific course requirements for your transfer university.

**Learning Outcome(s):**

1. Students will apply concepts and principles of Calculus to perform computations and solve problems.
2. Students will create, use and analyze graphical representations of mathematical relationships.
3. Students will communicate mathematical knowledge and understanding of mathematics.

**Major requirements for the associate in arts or science degree:**

**Total Units** 20

#### Option 2

**Associate in Science in Mathematics for Transfer**

**Program code: sac.math.ast**

The Associate in Science in Mathematics for Transfer (A.S.-T in Mathematics) prepares students to move into the CSU system leading to a baccalaureate degree in Mathematics. Employment opportunities are available as mathematicians in government, industry, education, technology, gaming and healthcare. Please consult a counselor regarding specific course requirements for your transfer institution.

**Successful completion of the A.S.-T in Mathematics degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Mathematics major.**

**See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees.** Upon completion of the A.S.-T in Mathematics, students will gain a strong foundation in the mathematical field. This knowledge base will be grounded in quantitative and analytical reasoning. Additionally, students will have the capacity to write and communicate with mathematical models and apply appropriate problem solving techniques to real world phenomena.

**Learning Outcome(s):**

1. Students will apply concepts and principles of Calculus to perform computations and solve problems.
2. Students will create, use and analyze graphical representations of mathematical relationships.
3. Students will communicate mathematical knowledge and understanding of mathematics.

### MEDICAL ASSISTANT

#### Medical Assistant–Administrative/Clinical Degree

**Program code: sac.ma.as**

In addition to the general education requirements, the associate degree of science curriculum for medical assistant administrative/clinical is designed to prepare a student for employment in a medical office, hospital business office, a clinic, or allied health facility. Careers are available as medical assistants, front and back office, insurance secretaries, admitting clerks, medical records clerks and receptionists in all medical facilities.

Course content includes medical terminology; medical typing; computer techniques and skills; medical forms, reports, and charts; medical insurance, billing and collections; bookkeeping; effective human relations as related to a medical office; clinical procedures such as giving injections, sterilizing instruments, monitoring vital signs, assisting with minor surgery, instrument identification; and professional ethics and legal aspects.

Graduates will be qualified to assist doctors in clinical situations or function under the direct supervision of a medical doctor. Graduates will also be qualified to perform all clerical duties normally required in the medical office, hospital business office, clinics, and allied health facilities.

**Learning Outcome(s):**

Students will demonstrate proficiency in speaking, reading and writing when communicating with patients and healthcare team; logically problem-solve in the healthcare setting; and become employable in an entry-level healthcare career upon completion of their Medical Assisting degree.

**Medical Assistant Degree Option:**

MODERN LANGUAGES

Option 1:
Modern Languages Degree
Program code: sac.ml.aa
The associate degree curriculum in modern languages is designed to meet the needs of both the student who wishes to transfer to a four-year institution and the student who wishes to achieve basic conversational ability in the language. Completion of the associate of arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree and then to possible careers requiring modern languages proficiency.

Note: Presently, the associate degree is offered in French and Spanish. The degree requires 26 units, which includes a minimum of 13 units in the major language with completion of both courses numbered 201 and 202.

Learning Outcome(s):
Students will develop all levels of proficiency in comprehending, speaking, reading, and writing in the current modern language classes while developing an understanding of the literary and cultural context of each language.

**Total Units:** 26

---

**Option 2:**

**Associate in Arts in Spanish for Transfer**

**Program code:** sac.span.aat

The Associate in Arts in Spanish for Transfer (A.A.-T in Spanish) prepares students to transfer into the CSU system. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU. Please consult a counselor regarding specific course requirements for your transfer institution. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Spanish, students will have demonstrated success in introductory courses in Spanish including speaking, listening, writing, and reading. This knowledge will be evidenced by an wider understanding of basic historical and cultural aspects of Spanish speaking countries. In addition, students will have the capacity to write and think in a critically analytical way about issues pertaining to the diverse manifestation of the Spanish language throughout the world.

**Learning Outcome(s):**

Students will develop all levels of proficiency in comprehending, speaking, reading, and writing in the current modern language classes while developing an understanding of the literary and cultural context of each language.

**Required Core Courses: 20 units**

**MUSIC**

**Option 1**

**Music Degree**

Program code: sac.mus.aa

The associate degree curriculum in music is formulated to meet the needs of the student who wishes to make music the major subject of concentration. Completion of the associate in arts degree prepares a student to move into a curriculum at a four-year institution leading to a baccalaureate degree, and then into careers in public and private teaching, professional performance areas, church music, music therapy, recreational music, composition, arranging and orchestration, and music copying. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

**Learning Outcome(s):**

1. Students will acquire competency and experience in the creation and presentation of public performances of music.
2. Students will perform proficiently (at the sophomore level) on their principal instrument in a 20-minute public recital.
3. Students will demonstrate an understanding of music theory, piano, harmony and musicianship at the final level of a traditional lower division music sequence.

**Major requirements for the associate in arts degree:**

*Courses which have an “N” preceding the number may be required for the major, but are not applicable to the 60 units required for the degree.*

**Option 2**

**Associate in Arts in Music for Transfer**

Program code: sac.mus.aat

The Associate in Arts in Music for Transfer (AA-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in music, and then into careers in public and private performance, professional performance, church music, music therapy, composition, arranging and orchestration. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (AA–T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the AA-T in Music, students will be able to demonstrate an understanding of music theory, harmony, and musicianship at the final level of a traditional lower division music sequence. Through public performance, students will demonstrate proficiency on their primary instrument (or voice) that will allow them to perform accurately and musically within a large ensemble and in a solo setting. Upon application to music programs at four year institutions, students will need to pass an audition for acceptance as well as pass skills tests for placement into music theory, musicianship and piano classes.

**Note:** Although this Transfer Curriculum may provide sufficient preparation for some general Bachelor of Arts programs in Music, it is recommended that students supplement these degree requirements with four semesters of piano (MUS 161, 162, 163, 164), one music appreciation class (MUS 101), and one technology class (MUS 142 or MUS 152) if they intend to transfer into Bachelor of Music programs in Performance, History and Literature, Music Education, or Composition. Please consult a SAC counselor for course requirements for particular four-year institutions.
Learning Outcome(s):
1. Students will acquire competency and experience in the creation and presentation of public performances of music.
2. Students will perform proficiently (at the sophomore level) on their principal instrument in a 20-minute public recital.
3. Students will demonstrate an understanding of music theory, piano, harmony and musicianship at the final level of a traditional lower division music sequence.

### Required Core Courses: 26 units

### Digital Music Production Certificate (Transcripted)

Program code: sac.musdm.ca

The Digital Music Production Certificate is intended for students with an interest in creating musical products with the aid of current computer technology. Career opportunities in this area include:

- audio technician in a studio
- audio specialist for web design
- independent audio technician in a project studio
- audio technician/music specialist in a video post-production unit or company
- retail specialist in a music store
- music producer/composer for film, TV, radio
- audio specialist for a computer game company

The program provides students with hands on experience and a working knowledge of the creative and technical issues surrounding the production of digital audio and its application and synchronization with other media. Students will study various means of computer assisted digital audio production including sequencing, digital recording, recording studio techniques, mixdown and synchronization to video. The business of music as well as current and emerging technologies for web audio design will also be covered. A variety of music electives are available to help students gain experience in other musical skills including instruction on an instrument, ensemble playing, and music theory.

Learning Outcome(s):
1. Students will demonstrate a working knowledge of the creative and technical issues necessary for the production of digital audio and its application and synchronization with other media.
2. Students will demonstrate a working knowledge of computer assisted digital audio production including sequencing, digital recording, recording studio techniques, mixdown and synchronization to video.
3. Students will demonstrate an understanding of the business of music and current and emerging technologies for web audio design.

Please refer to www.sac.edu/nursing for current and updated information.

**Admission Prerequisites:**

The following prerequisites are required for entry into the program, and NRN 160 Introduction To Pharmacology; NRN 161 Principles of Nursing Practice; and NRN 161L Principles of Nursing Practice Lab. Nursing students must meet current departmental catalog requirements.

1. Apply to Santa Ana College, obtain a Student Identification Number, and submit all official college transcripts to Santa Ana College, Admissions Office, 1530 W. 17th Street, Santa Ana CA. 92706-3398. Please alert the college to possible name changes (e.g., maiden name). It is the student's responsibility to follow up and make sure transcripts have been received.

2. Complete high school/ equivalency or have a college degree, verified by submitting official transcripts of high school or college graduation, passing the GED, or passing the California High School Proficiency Examination.

3. Complete courses or equivalents (units are semester units):

Biology 139 Health Microbiology.

The science prerequisites must be completed within seven (7) years of applying to the Nursing Program.

4. Assessment Technology Institute’s Test of Essential Academic Skills (TEAS V or ATI TEAS): All students, including Advanced-Placed/Transfer/Challenge applicants, are required to successfully complete the diagnostic assessment of preparation, TEAS V/ATI TEAS, prior to entry into the Nursing Program. Remediation is required if this test is not passed. Please see www.sac.edu/nursing for TEAS remediation information.

**Admission Procedures:**

**For Students Entering the First Semester:**

A multi-criteria admission selection process is being used to select students to enter the first semester. The multi-criteria admission selection process is based on points given for the science prerequisites’ GPA, completion of English and general education courses, previous degrees, recent work in healthcare, life experiences, fluency in specific languages, and results on the Assessment Technology Institute’s Test of Essential Academic Skills (TEAS V/ATI TEAS) test. Please refer to www.sac.edu/nursing for the specific point breakdown of the multi-criteria. The multi-criteria applications for first semester are accepted from February 15th through March 2nd for fall admissions and from September 15th through September 30th for spring admissions. The science prerequisites require a grade of "C" or higher with an overall Grade Point Average (GPA) of 2.5 or higher.

**For Advanced-Placed Students:**

There is an entry list for second, third, and fourth semesters. There are no applications for the specific point breakdown of the multi-criteria. The multi-criteria applications for first semester are accepted from February 15th through March 2nd for fall admissions and from September 15th through September 30th for spring admissions. The science prerequisites require a grade of "C" or higher with an overall Grade Point Average (GPA) of 2.5 or higher.

Please check with transfer institution for additional prerequisite courses.

Please refer to Nursing-Registered Nursing A.S. Degree for the Santa Ana College Nursing Program.

**Nursing-Registered Nursing Degree**

Program code: sac.nrsg.rs

The Associate Degree Nursing (ADN) program is approved by the California Board of Registered Nursing (BRN) and accredited by the Accreditation Commission for Education in Nursing (ACEN). It is designed to qualify the graduate for the licensure examination and entry into practice as a Registered Nurse (RN). Additionally, completion of the Associate in Science Degree in Nursing prepares a graduate to transfer to a four-year institution for completion of a baccalaureate degree (see a counselor for requirements). The curriculum follows the Santa Ana College Conceptual Framework for Nursing.

Completion of a Nursing Orientation (call Santa Ana College Counseling at 714-564-6103 for dates) is strongly advised. Advance placement in the program may be granted to those students with certain prior experience, vocational nursing, registered nursing education or equivalent. Advanced-Placed/Transfer/Challenge applicants require an individual appointment with the Program Director or designee. SAC reserves the right to designate a certain number of spaces for contract agreements and/or meet grant designated requirements.

**Learning Outcome(s):**

Graduates will function knowledgeably, safely, and effectively in nursing practice within a variety of health care settings and will be qualified for the licensing examination.
higher. After completing the prerequisites for advanced placement, students must submit a Prerequisite Verification Form (obtained in the Health Sciences/Nursing Office, R-213, 714-564-6825 or at www.sac.edu/nursing). After prerequisite verification, students are placed on the entry list for the appropriate semester.

Students are admitted after successfully completing NRN 200 Role Transition, and successfully passing the Assessment Technology Institute’s Test of Essential Academic Skills (TEAS V/ATI TEAS) test. Students on the second, third, and fourth semester entry lists are admitted on a space available basis according to “first to complete all of the requirements, first admitted.” Advanced-placed and Re-entry students share entry based on space availability. A student who successfully completes all requirements but who is not accepted because of limited class size will be accepted as soon as space becomes available.

Students may turn down entry to the Role Transition course and/or the program once. A second refusal will result in the student’s name being placed at the end of the entry list. A third refusal will result in removal from the list.

Upon acceptance to all semesters:

1. Evidence of a physical examination by an M.D., Physician Assistant, or Nurse Practitioner will be required prior to entry in the program and on an annual basis. Evidence of a physical exam and immunizations must be submitted on the Nursing Program’s form upon entry into the program verifying the applicant’s health and physical ability to perform the academic and clinical requirements of an RN student. Examinations, including immunization status, must have been performed within 4 months prior to beginning the Nursing Program.

2. A cleared background check is required of all Nursing students after acceptance into the Nursing Program.

3. A cleared drug test is required of Nursing students after acceptance into the program.

4. A current (within one year of issue date) CPR card for Healthcare Providers or Basic Life Support Providers from the American Heart Association is required upon entry to the Nursing Program and renewed every year.

5. Malpractice insurance must be maintained throughout the Nursing Program.

Students with incomplete physical information, CPR, malpractice insurance, background check, and drug testing will not be allowed into the clinical setting because of mandatory hospital and program requirements. If a student re-enters the program after one or more semester(s) absence, a new background check and drug testing must be provided.

Program Information:

The program is four semesters (fall and spring). Students are required to have transportation to off-campus clinical sites. There are 1-2 clinical days per week. These clinical days may be day, evening, or night shifts including weekends in eight or twelve-hour configurations. Theory courses meet 1 to 2 days per week. Please refer to the website at www.sac.edu/nursing for further information.

Please note that this is considered a full-time program. Students are advised to limit outside employment to 12 hours/week. Excessive work schedules combined with family and school commitments may contribute to being unsuccessful in the program.

It is the student’s responsibility to contact the Health Sciences/Nursing office at 714-564-6825 when a change of address or phone number has occurred. If mail is returned due to a wrong address or a student does not respond to an acceptance letter, the student’s name will be removed from the entry list.

Approximate cost for the supplies/fees can be obtained at www.sac.edu/nursing.

Students who are a “NO SHOW” for the first day of class will be dropped and replaced by an alternate.

The BRN requires all licensure applicants to provide a valid Social Security number.

A Concept-Based Curriculum was implemented in spring 2017 for first semester and will be phased into subsequent semesters. A Concept-Based Curriculum allows students to learn nursing concepts in depth with greater emphasis on nursing implementations and exemplars to showcase specific diseases.

The R.N. program has three options:

Option I-Generic R.N., academic program of two years.

Applicants interested in this option must:

a. Complete the admission prerequisites and
b. Be admitted into the Santa Ana College RN program at the first semester of the program or be advanced-placed.

Option II-L.V.N. to R.N., academic program of one year.

Licensed Vocational Nurses (LVNs) are admitted at the beginning of the second year of the program. To apply for licensure as a Registered Nurse, one must be licensed in California as a Vocational Nurse and:

a. Complete the admission prerequisites,
b. Be admitted into the Santa Ana College RN program in the beginning of the second year of the program (third semester) with college credit granted for 21.1 units of LVN courses (21.5 units beginning spring 2018),
c. Complete the Role Transition course with a grade of “Pass” before entering the program, and
d. Be placed into the third semester which is dependent upon space availability in the program.

Option III - Thirty (30) Unit LVN Option - (BRN regulation 1429), academic program of one year.

Information on the Thirty (30) Unit LVN Option is available in the Health Sciences/Nursing Office. Applicants interested in this option are required to meet with the Program Director or designee regarding this option being a non-degree option and:

a. Must be licensed in California as a Vocational Nurse,
b. Complete the admission prerequisites required for the 30 Unit LVN Option,
c. Be admitted into the Santa Ana College RN program in the beginning of the second year of the program (third semester),
d. Complete the Role Transition course with a grade of “Pass” before entering the program, and
e. Be placed into the third semester which is dependent upon space availability in the program.

Select one course from the Associate Degree Plan A, Social and Behavioral Science category, American Institutions
Select one course from the Associate Degree Plan A, Humanities category

**Total Units 31**

Total = 72 units (prior to entering spring 2017)
Total = 70 units (entering spring 2017)

Only Biology 249 and Biology 139 are required for Option III – 30 Unit Option L.V.N. students.

Cultural Breadth and Lifelong Understanding/Self-Development graduation requirements are met for nursing students with completion of the Nursing major.

Math proficiency for graduation: Successful completion of the Santa Ana College Math Proficiency Exam above the intermediate algebra level or completion of Intermediate Algebra is required.

The California BRN stipulates that RN students must complete sixteen (16) units of natural, behavioral, and social sciences as well as six (6) units of communications skills, in addition to the approved nursing units, to qualify for examination and licensure.

There are no required electives for the degree. If desired, these courses are recommended: BIOL 217; CHEM 119, 208, 210, 219, 219H; MA 051A; MATH 219; Nursing Registered 098, 106A, 106B, 106C 198, 206A; 206B, 206C.

**Challenge Credit**

The student with previous nursing education or experience may challenge any Nursing course per the BRN. Application for “Credit by Examination” may be obtained in the Admissions Office. The application must be completed by the student, processed by the Admissions Office, and submitted to the Health Sciences/Nursing Office. The application to challenge must be submitted within the first two weeks of the course. Challenge courses require registration fees. The student will be directed to the appropriate faculty and will be given objectives for the course. An appointment will be made to take the examination(s). The student must be currently enrolled in the course. The theory course must be successfully passed before challenging the concurrent clinical course. The student must meet all clinical requirements. Students may attempt “Credit by Examination” only once in a particular course. If a course has been failed, credit by examination will not be allowed. Grading for the “Credit by Examination” is on a pass/no pass basis.

**Re-Admission to Program After Withdrawal/Failure**

A student may re-enter the Nursing Program once after withdrawal or failure. No student shall be re-admitted after two (2) withdrawals or failures of SAC Nursing Program courses. In cases of grave, or extenuating circumstances, a consideration for re-admittance after two withdrawals or failures may be made by the Program Director.

**Record of Conviction(s)**

Please note: The California Board of Registered Nursing (BRN) requires California Department of Justice and Federal Bureau of Investigation review prior to licensure (upon completion of the program). Section 480 (a) (1) of the Business and Professions Code, authorizes the BRN to...
deny licensure to applicants convicted of crimes substantially related to nursing. Anyone who wishes clarification may contact:
The Board of Registered Nursing
P.O. Box 944210
Sacramento, CA. 94244-2100
Website: www rn ca gov
Telephone: (916) 322-3350

Educational Concerns:
Students or concerned parties have the right to contact the California Board of Registered Nursing (BRN) and/or the Accreditation Commission for Education in Nursing (ACEN) regarding concerns about the educational program. It is recommended that this is done after all college means for resolving problems/issues have been exhausted.

NUTRITION AND FOOD

Option 1
Nutrition and Dietetics Degree
Program code: sac nut aa
The associate degree curriculum in nutrition and dietetics prepares students to transfer into a curriculum at a four-year institution leading to a baccalaureate degree. Opportunities in the field include positions in management in hospitals, schools, hotels and restaurants; clinical dietetics in acute care hospitals, clinics and convalescent homes; community nutrition at all levels - international, federal, state, and local; research, product development and testing, teaching, and promotion of food in business.

Learning Outcome(s):
Students will successfully transfer into a curriculum at a four-year institution leading to a baccalaureate degree.

Option 2
Associate in Science in Nutrition and Dietetics for Transfer
Program code: sac nut ast
The Associate in Science in Nutrition and Dietetics (A.S.-T in Nutrition and Dietetics) prepares students to transfer into the CSU system leading to a baccalaureate degree in Nutrition and Dietetics. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Science in Nutrition and Dietetics (A.S.-T in Nutrition and Dietetics) degree also provides guaranteed admission to the CSU system, although not to a particular campus or major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the Associate in Science in Nutrition and Dietetics, students will understand scientific concepts of nutrition related to the function of nutrients in basic life processes, explain current health issues with emphasis on individual needs, and apply food science principles related to ingredient function and interaction, food preparation techniques, sensory evaluation standards, food safety and sanitation, and nutrient composition of food.

Total Units: 27.5-30.5
Culinary Arts Foundation Option Certificate (Transcripted)

Program code: sac.culn.ca

The Culinary Arts Foundation Certificate is designed to prepare students with the knowledge and skills necessary to begin their own culinary arts business, for professional improvement and retraining, or for a wide variety of employment opportunities in the profession.

The program also offers core courses to be utilized as transfer courses for students pursuing a Bachelor’s Degree in Food Science or Nutrition with a foods emphasis.

Learning Outcome(s):

Students will successfully transfer into a curriculum at a four-year institution leading to a baccalaureate degree.

Course | Units
--- | ---
CULN 110 | Food Sanitation and Safety 3
— or —
NUTR 110 | Food Sanitation and Safety 3
CULN 120 | Restaurant Management and Culinary 2
CULN 130 | Advanced Culinary and Restaurant Management 3
CULN 140 | Introduction to Baking & Pastry 3
CULN 299 | Cooperative Work Experience Education 1-16

Total Units: 15-16

Hospitality Foundation Certificate (Transcripted)

Program code: sac.nutho.ca

The Hospitality Foundation Certificate is designed to prepare students with the knowledge and skills necessary to seek employment in the fields of restaurant management, hotel/resort management, food and beverage service, and special events/meeting planning.

Learning Outcome(s):

• Perform activities associated with setting up, monitoring, controlling, marketing and improving hospitality services to meet industry requirements.
• Demonstrate understanding of the operations performed within the hospitality industry.
• Apply problem-solving and critical-thinking skills to provide customer service, to improve interpersonal skills, and to resolve workplace conflict.
• Apply mathematical principles necessary for decision making in the hospitality industry.

— and —
CULN 150 | Principles of Pantry 2

Total Units: 12-27

Occupational Studies

Bachelor of Science Occupational Studies Degree

Program code: sac.os.bs

The baccalaureate degree in Occupational Studies will create a more highly skilled occupational therapy assistant (OTA) who is better able to understand and utilize research-based evidence for best practice and take on a leadership role. As an additional benefit it will prepare an OTA for entry into an Occupational Therapy (OT) Master’s degree program. The upper division course work will provide more in-depth training in specific areas of OT practice, including neurologic rehabilitation, musculoskeletal rehabilitation, pediatrics, geriatrics, and key practice areas identified by the American Occupational Therapy Association. These courses, together with a capstone project will also provide increased opportunities for critical analysis, research methods, and clinical reasoning. To complete the Bachelor of Science in Occupational Studies, students must complete: (1) complete all upper division course requirements with a grade of “C” or better; 2 complete 37 units of IGETC lower division general education coursework or 39 units of CSU GE Breadth lower division general education coursework.

Learning Outcome(s):

1. Demonstrate advanced mastery of OTA clinical skills, including clinical reasoning, that follow the guidelines established in the Frameworks for Occupational Therapy Practice.
2. Relate theory and research to clinical practice areas.
3. Ability to provide OTA services that meets the community needs of diverse populations demonstrating sensitivity and empathy.

Prerequisite:

Associate Degree from an ACOTE and regionally accredited OTA program and OTA Certification/License

Required lower division courses specific to the BS Degree

OCCUPATIONAL THERAPY ASSISTANT

Occupational Therapy Assistant Degree

Program code: sac.ota.as

The Occupational Therapy Assistant Program provides a strong foundation in the skills and knowledge necessary for entry level occupational therapy assistant competencies. The program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE), c/o Accreditation Department, American Occupational Therapy Association (AOTA), 4720 Montgomery Lane, Suite 200, Bethesda, MD, 20814-3449, phone number (301) 652-AOTA and web address is acoteonline.org. Graduates of the program are qualified to sit for the national certification examination, administered by the National Board of Certification for Occupational Therapy (NBCOT), 12 South Summit Avenue, Suite 100, Gaithersburg, MD 20877, phone number (301) 990-7979. Students who have completed all requirements will also need to apply for a license to practice in the State of California through the California Board of Occupational Therapy, 2005 Evergreen Street, Suite 2250, Sacramento, CA 95815, phone number (916) 263-2294. Occupational therapy is a discipline which focuses on function as well as quality of life. Occupational therapy assistants provide service to individuals with physical, mental or developmental disabilities, across life phases, who need to remediate skills of everyday tasks of self-care, home management, community skills, work, and leisure. The major requires general education courses including biological, social, and behavioral science, in addition to occupational therapy courses. The program utilizes classroom instruction and fieldwork experiences to prepare the student to meet certification and employment standards.

When applying for the certification examination with the National Board of Certification in Occupational Therapy (NBCOT), applicants will be asked to answer questions related to the topic of felonies. Application for state licensure with the Board of Occupational Therapy (BOT) requires fingerprinting. For information about limitations based on felonies, applicants are referred to SAC Learning Center.

1. Completion of the following tests are for purposes of guidance and for establishment that prerequisite skills of 101 and 101L have been met. (Required of all applicants except those that have a baccalaureate degree):
   a. College Test of English Placement (reading section only) with a minimum score of 25 or above. Students scoring below 25 will be referred to SAC Learning Center.
   b. Santa Ana College Test in Math, Level III or successful completion of Intermediate Algebra with a grade of “C” or better.

2. ENGL 101 or 101H (4 units), or equivalent, with a grade of “C” or better.

3. Oral Communication Skill (3 units) - Satisfactory completion of CMST 102, 140, 145, or equivalent, with a grade of “C” or better.

4. Biology 149, Human Anatomy & Physiology (4 units) or equivalent, with grade of “C” or better.

5. PSYC 100 or 100H (3 units), or equivalent, with a grade of “C” or better.

6. Evidence of a physical examination and appropriate immunizations must be submitted verifying the applicants physical ability to perform the fieldwork requirement of an Occupational Therapy Assistant (O.T.A.).

Admission Procedures:

Applications to the OTA program will be accepted 1 time per year - open dates for applications will be posted on the OTA website. The application must include:

- Official transcripts showing grades for all prerequisite classes
- Completion of 12th grade, verified by transcripts or GED score validated by appropriate testing institution. Students who have an associate’s or bachelor’s degree from an accredited United States institution do not need to provide high school transcripts or GED scores.
- Level III Math placement test score from Santa Ana College or completion of an Intermediate Algebra course with a grade of “C” or better.

One month before starting classes in the OTA program, students must submit documentation of the following:

- Registration with specified agency for background check
- Current health information demonstrating TB screening and required immunizations/filters
- Professional liability insurance
- Current CPR - BLS for Healthcare Providers from the American Heart Association (this is the only CPR that will be accepted)

Learning Outcome(s)

1. Students graduating from the OTA program will pass the national certification test within 1 year of graduation
2. Students who enter the OTA program will complete all coursework with their respective cohort.

**PARALEGAL**

**Paralegal Degree**

Program code: sac.para.aa

This American Bar Association (ABA) approved program is designed to prepare students to work as a Paralegal/Legal Assistant as defined by section 6450 of the California Business and Professions Code, who are qualified by education, who either contracts with or is employed by an attorney, law firm, corporation, governmental agency, or other entity, and who performs substantial legal work under the direction and supervision of an active member of the State Bar of California, as defined in Section 6060 or an attorney practicing law in the federal courts of this state, that has been specifically delegated by the attorney to him or her.

This program is not designed to prepare students for the practice of law.

Upon successful completion of the program students will be able to:

1. Make ethical decisions in the workplace
   a. Students will complete the Paralegal 121.
   b. Students will incorporate ethical standards in Paralegal 101 through problem solving and discussion board discussions.

2. Understand legal concepts
   a. Students will demonstrate legal concepts in the legal specialty classes through examination and practical exercises.
   b. Students will draft law office memorandum and appellate briefs in Paralegal 248, incorporating analysis of legal concepts.

3. Communicate effectively orally and in writing
   a. Students will draft law office memorandum.
   b. Students will use proper grammar, punctuation, and spelling.
   c. Students will create client correspondence.

4. Be proficient in using legal technology
   a. Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
   b. Students will complete assignments using legal-specific software.

5. Exhibit critical thinking skills
   a. Students will analyze cases related to the legal specialty classes.
   b. Students will analyze fact patterns to demonstrate the application of legal concepts to fact patterns.

Note: Students must complete the program within five years or repeat any legal specialty courses which were completed more than five years prior to graduation. Legal specialty courses subject to this requirement are marked with an asterisk. It is further recommended that students complete as much of their general education as possible prior to enrolling in legal specialty courses.

All courses must be passed with a C or better with the exception of Paralegal 297, which is pass/no pass.

**Specific General Education Requirements for Degree:**

The ABA additionally specifies that a student must complete a minimum of 18 semester units of ABA approved general education courses from at least 3 disciplines in the areas of language and composition, mathematics, social science and behavioral sciences, natural sciences, humanities and the arts. This excludes courses in kinesiology, counseling, performing arts, accounting, computer science, technical writing, business mathematics, keyboarding and business law. Students are urged to seek counseling prior to enrollment to insure that college general education choices satisfy this requirement.
**Major requirements for students seeking the degree:**

Note: Students must complete the program within 5 years or repeat any legal specialty courses which were completed more than 5 years prior to graduation. Legal specialty courses subject to this requirement are marked with an asterisk (*).

Students must take Paralegal 100 or Law 100 prior to or concurrently with other legal specialty courses except Paralegal 120 and Paralegal 107.

**Learning Outcome(s):**

Students will learn to demonstrate ethical decision-making, understand fundamental legal concepts, and communicate effectively while exhibiting critical thinking skills.

**Required Core Courses for all Students:**

Total Units: 60

Note: Students must complete the program within 5 years or repeat any legal specialty courses which were completed more than 5 years prior to graduation. Legal specialty courses subject to this are *PARA 101, PARA 120, PARA 145, PARA 146, PARA 150, PARA 130, PARA 131, PARA 132, PARA 133, PARA 134, PARA 135, PARA 136, PARA 137, PARA 138, PARA 139, PARA 140, PARA 147, PARA 148, PARA 149*

Students must complete a total of 60 semester units. The 3 additional units may be paralegal course electives or another academic college level course.

PHARMACY TECHNOLOGY

The Pharmacy Technology program is designed to prepare students for employment as pharmacy technicians. Pharmacy technicians assist pharmacists by performing the technical tasks related to the packaging and distribution of medication, including prescriptions. Careers for pharmacy technicians are available in drug stores, hospitals, compounding pharmacies, and managed care organizations. Pharmacy technicians also work in other specialized pharmacy practice sites, providing medications for patients in clinics, hospice, and long-term care facilities and for patients requiring home healthcare or home infusion services.

The Program coursework is based on the national “Model Curriculum for Pharmacy Technician Training” established by a consortium of professional organizations under the leadership of the American Society of Health-System Pharmacists (ASHP), 7227 Wisconsin Avenue, Bethesda, MD, 20814; phone (301) 657-3000. Following the ASHP model, the curriculum is sequenced to provide a foundation level of lecture courses, an application level of lab courses, and an experiential level of externships.

Although there are no specific entry prerequisites for the Pharmacy Technology program, students should have a good command of the English language, good basic math skills, and good verbal communication ability. Manual dexterity, hearing, and visual perception must be adequate to perform the technical tasks in the lab courses and externship. Prospective students are encouraged to attend a Pharmacy Technology program orientation meeting for a more complete overview of the requirements and recommendations. Information on dates and times for the orientation meetings can be obtained by calling the Division of Human Services and technology at 1-714-564-6800. To enroll, students must submit evidence of background clearance, urine drug test clearance, immunization records (or titer), and recent TB clearance.

The Pharmacy Technology program offers three training options for pharmacy technicians: the Basic Certificate, the Advanced Certificate, and the associate degree. All three training options conform to the requirements specified in section 1793.6 of Title 16 of the California Code of Regulations.

Students who complete only the Basic Certificate option are qualified primarily for jobs in drug stores or other outpatient pharmacy sites. By finishing the additional major courses required for the associate degree or the Advanced Certificate option, students are fully prepared for employment in any pharmacy practice setting. Students are strongly encouraged to complete the Basic Certificate option first and then continue through the remaining courses required for the Advanced Certificate or associate degree. Students with Bachelor or Associate degrees in any other field that have already completed their general education classes, are qualified to petition for the Associate degree in Pharmacy Technology upon completion of the Advanced Certificate Requirement. Although the Pharmacy Technology training program is not part of the pre-pharmacy curriculum, students who plan to attend pharmacy school may enhance their chance of acceptance by completing the Advanced Certificate option.

Prior to obtaining employment, pharmacy technicians must be licensed by the California State Board of Pharmacy, 1625 North Market Blvd, Suite N219, Sacramento, CA 95834; phone 916-574-7937. Upon completion of any of the three training options, students are eligible to apply for a state Pharmacy Technician license under Qualifying Method A. Documentation will be provided by the program director using the “Affidavit of Completion of Coursework or Graduation” portion of the license application. Note that applicants must submit fingerprints for a Department of Justice background check, to be done at the applicant’s expense. Applicants must also possess a high school diploma or GED and a valid social security number. License applications and complete information on the qualifications may be downloaded from the Board of Pharmacy’s web site at www.pharmacy.ca.gov.

The California State Board of Pharmacy does not administer a board exam for pharmacy technicians. To become a certified pharmacy technician (CPhT), students must pass the national exam administered by the Pharmacy Technician Certification Board (PTCB), 1100 15th Avenue, Bethesda, MD 20814; phone (301) 657-3000.
PHARMACY TECHNOLOGY

Program code: sac.phar.as

In addition to the general education requirement, the associate degree includes the full-spectrum training required for employment in all pharmacy practice settings. Upon completion of the associate degree, graduates will meet the academic training requirements for licensing with the California State Board of Pharmacy. Graduates will also be well prepared for the Pharmacy Technician Certification Board exam.

The major course requirements for the associate degree consist of the same 20 units of coursework listed in the Basic Certificate option, including the 1.5 units outpatient externship rotation. In addition to completing the 20 units of coursework, students choosing the associate degree must perform 240 additional hours (three additional units) of externship, involving rotations in inpatient and sterile products pharmacy services. Students will be placed in the hospital and/or home infusion setting to complete these rotations. Background checks, health screenings, and/or drug testing will be required prior to lab classes. Any required investigations are done at the student's expense. In addition, completion of a Communication Studies class (Communication Studies 097 or 101, or 101H, or 102) is a pre-requisite for externship. Students are expected to understand and agree to abide by the Program Guidelines, which include technician standards and essential functions for pharmacy technicians.

The associate degree is accredited by the American Society of Health-System Pharmacists (ASHP). Students must complete each required course with a grade of “C” or better (0.5 unit of Pharmacy Technology 060L or other L-series lab classes and externship with a grade of “P”) to qualify for the degree option.

All courses are required to be completed within a 3-year period to be eligible for Pharmacy Technology program enrollment and certificate/degree.

Learning Outcome(s):
1. Students will be prepared for pharmacy job interviews.
2. Students will successfully complete the Pharmacy Technician Certification Board Exam and license application process in a timely manner.

Pharmacy Technology Advanced Certificate (Transcribed)

Program code: sac.phara.ca

The Pharmacy Technology Advanced Certificate Option includes the full-spectrum training required for employment in all pharmacy practice settings. Upon completion of the Advanced Certificate, graduates will meet the academic training requirements for licensing with the California State Board of Pharmacy. Graduates will also be well prepared for the Pharmacy Technician Certification Board exam. The major course requirements for the Advanced Certificate consists of the same 20 units of coursework listed in the Basic Certificate option, including the one unit outpatient externship rotation. In addition to completing two additional academic courses (PHAR 057 and PHAR 060), students choosing the Advanced Certificate option must perform 240 additional hours (three additional units) of externship, involving rotations in inpatient and sterile products pharmacy services. Students will be placed in the hospital and/or home infusion setting to complete these rotations. Background checks, health screenings, and/or drug testing will be required prior to lab classes. Any required investigations are done at the student's expense. In addition, completion of a Communication Studies class (Communication Studies 097 or 101, or 101H, or 102) is a pre-requisite for externship. Students are expected to understand and agree to abide by the Program Guidelines, which include technician standards and essential functions for pharmacy technicians.

The Advanced Certificate option is accredited by the American Society of Health-System Pharmacists (ASHP). Students must complete each required course with a grade of “C” or better (0.5 unit of PHAR 060L or other L-series lab classes and externship with a grade of “P”) to qualify for the the Advanced Certificate.

All courses are required to be completed within a 3-year period to be eligible for Pharmacy Technology program enrollment and certificate/degree.
Learning Outcome(s):
1. Students will be prepared for pharmacy job interviews.
2. Students will successfully complete the Pharmacy Technician Certification Board Exam and license application process in a timely manner.

Total Units 27-32

Pharmacy Technology Basic Certificate (Transcribed)
Program code: sac.pharb.ca

The Basic Certificate option prepares students for entry-level employment as pharmacy technicians in the retail pharmacy sector. By completing the Basic Certificate option, students will meet the minimum academic training requirements for licensing as specified by the California State Board of Pharmacy.

Students who intend to complete only the Basic Certificate option will be placed for a minimum of 80 hours of externship in an outpatient (drug store or ambulatory care clinic) pharmacy site to gain workplace experience. Background checks, health screenings, and/or drug testing will be required prior to externship placement. Any required investigations are done at the student’s expense. In addition, completion of a Communication Studies class (Communication Studies 097 or 101 or 101H, or 102) is a pre-requisite for externship.

The Basic Certificate option is not accredited by the American Society of Health-Systems Pharmacists (ASHP). Students who earn the Basic Certificate and then continue through the Advanced Certificate will be designated as having completed an ASHP-accredited program.

All courses are required to be completed within a 3-year period to be eligible for Pharmacy Technology program enrollment and certificate/degree.

Learning Outcome(s):
1. Students will be prepared for pharmacy job interviews.
2. Students will successfully complete the Pharmacy Technician Certification Board Exam and license application process in a timely manner.

PHILOSOPHY

Option 1

Philosophy Degree

Program code: sac.phil.aa

The associate degree curriculum in philosophy prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. The baccalaureate degree is intended for those students who plan to teach philosophy, or for pre-professional students in such areas as theology and law, and as a foundation for graduate studies in the areas of library science, diplomacy, theoretical physical science, and specialized historical studies.

Learning Outcome(s):
Students will develop strong skills in critical thinking, logical analysis, and analytical writing, and will understand the core historical and contemporary ideas central to the discipline.

Major requirements for the associate in arts degree:

Total Units: 22

A minimum of six elective units to be selected from the following:
ART 101, 102; ENGL 233ABCD, 271, 272; HIST 101 or 101H, 102 or 102H, 160; IDS 121; MUS 101 or 101H; PSYC 100 or 100H; THEA 233ABCD.

Option 2

Associate in Arts in Philosophy for Transfer

Program code: sac.phil.aat

The Associate in Arts in Philosophy for Transfer (A.A.-T in Philosophy) is designed to prepare students for transfer into the CSU system to complete a baccalaureate degree in Philosophy. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Philosophy major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Philosophy students will have an understanding of the core historical and contemporary ideas central to the discipline of philosophy. Students will also have the critical thinking, logical analysis, and analytical writing skills instrumental for success across academic disciplines.

Learning Outcome(s):
Students will develop strong skills in critical thinking, logical analysis, and analytical writing, and will understand the core historical and contemporary ideas central to the discipline.

PHOTOGRAPHY

Photography Degree

Program code: sac.phot.aa

The associate in arts degree in photography provides a foundation in basic photography processes combined with a high level of creative opportunity and individual expression. Enrollment in this program prepares transfer students to enter advanced degree programs at four-year institutions as well as to enter the field of photography in positions such as studio photographer, fashion photographer, museum/gallery photographer, photo journalist, and free lance photographer. Please consult a SAC Counselor for information about course requirements for particular four-year institutions.

Major requirements for the associate in arts degree.

Learning Outcome(s):
1. Students will demonstrate visual literacy, including competency in the non-verbal languages of art and design.
2. Students will demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Students will possess general knowledge of the monuments, movements and principal artists of major art periods of the past and contemporary thinking on art, design and photography.

### Commercial Photography Certificate (Transcripted)

**Program code: sac.phot.ca**

The digital photography certificate program is an intensive course of study focused on providing the student with a broad base of technical skills with additional emphasis on visual communication. Career positions include production printer, studio photographer, and freelance photographer.

1. Students will demonstrate visual literacy, including competency in the non-verbal languages of art and design.
2. Students will demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Students will possess the aesthetic knowledge and technical skills necessary in digital photography, including wedding, quinceanera and commercial, to begin a career as a production printer, studio photographer or freelance photographer.

**Major Requirements for the certificate:**

### PHYSICS

**Option 1**

**Physics Degree**

**Program code: sac.phys.as**

The associate degree curriculum in physics prepares students to move into a curriculum at a four-year institution leading to a baccalaureate, and then into careers in applied physics, research and development, and/or as assistant research scientists.

**Learning Outcome(s):**

- Students will develop communication via coherent and succinct scientific writing, creative and critical thought for problem solving, and technological competence in the use of computerized sensors, software, and programming for scientific purposes.

**Major requirements for the associate in arts or science degree:**

<table>
<thead>
<tr>
<th>Course</th>

</tr>
</tbody>
</table>

**Total Units:** 24

Chemistry courses may be required for upper division standing (check with a counselor and the Transfer Center).

**Option 2**

**The Associate in Science in Physics for Transfer**

**Program code: sac.phys.ast**

The Associate in Science in Physics for Transfer (A.S.-T) prepares students to transfer into the CSU system leading to a baccalaureate degree in Physics. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.S.-T degree also provides guaranteed admission to the CSU system, although not to a particular campus or major. See page 21 for a list of additional requirements for all associate in arts for transfer (A.A.-T) and associate in science for transfer (A.S.-T) degrees. In addition to the A.S.-T degree requirements, students are encouraged to complete additional courses, that may be articulated as major preparation, prior to transfer. Some typical courses that may be articulated are MATH 287, MATH 290, CHEM 219, and CMPR 120. While these additional courses are not required for this degree, they will better prepare students for upper-division Physics coursework at a CSU. Upon completion of the A.S.-T, students will become grounded in the fundamental physical laws as well as quantitative and analytical reasoning. Upon completion of the baccalaureate degree in Physics, students may then move in to careers in applied physics, education, and/or as assistant research scientists.

**Learning Outcome(s):**

- Students will develop communication via coherent and succinct scientific writing, creative and critical thought for problem solving, and technological competence in the use of computerized sensors, software, and programming for scientific purposes.

### Political Science

**Option 1**

Political Science Degree

**Program code:** sac.polt.aa

The associate degree curriculum in political science prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. The baccalaureate degree prepares students for law school, teaching, public relations, journalism, government service on the local, state and national levels, and private employment where government institutions are involved.

**Learning Outcome(s):**

Students will demonstrate an understanding of American and international political institutions.

**Required Courses:**

<table>

**Option 2**

Associate in Arts in Political Science for Transfer

**Program code:** sac.polt.aat

The Associate in Arts in Political Science for Transfer (A.A.-T) prepares students to transfer into the CSU system. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Political Science major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Political Science students will have an understanding of both the breadth and depth of the political science discipline. This knowledge will be grounded in the comprehension of political science principles, concepts, ideas, theories, research, and terminology. Students will also have the capacity to write and think in a critical and analytical way about issues pertaining to politics, government, and society.

**Learning Outcome(s):**

Students will demonstrate an understanding of American and international political institutions.

### Plant Biology

(See Biological Science Degree for major requirements and counseling for transfer requirements.)
PSYCHOLOGY

Option 1
Psychology Degree

Program code: sac.psysc.aa

The associate degree in psychology prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree for specialization in any of more than twenty branches of psychology including child, clinical, personal, vocational and marriage counseling, industrial, mental health, and college teaching. Completion of the two-year program is appropriate for students whose career plans include helping people, e.g., teaching, social welfare, probation, criminology, nursing, law, or personnel work. Consult a counselor for information about course requirements for specific universities.

Learning Outcome(s):

Students will be able to employ the scientific method of inquiry to address psychological questions, possess an understanding of the relationship between biology and psychological processes, demonstrate an understanding of the major theoretical perspective in the field of psychology, and be able to communicate their ability to think critically through problem solving and decision making, using the standards and conventions of the American Psychological Association.

Major requirements for the associate in arts degree:

Total Units: 12-16

Courses recommended for upper division standing (check with a counselor and the transfer school to verify current courses).

Option 2
Associate in Arts in Psychology for Transfer

Program code: sac.psysc.aat

The Associate in Arts in Psychology for Transfer (A.A.-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in psychology. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Psychology major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of of the A.A.-T in Psychology students will have a general understanding of main psychological theories as they pertain to development, personality, psychological disorders, learning, memory, and social dynamics as well as an understanding of the physiological basis of human behavior. This knowledge base will be grounded in the understanding of basic research methodology. Additionally, students will have the capacity to write and think in a critically analytical way about issues pertaining to human behavior and mental processes.

Learning Outcome(s):

Students will be able to employ the scientific method of inquiry to address psychological questions, possess an understanding of the relationship between biology and psychological processes, demonstrate an understanding of the major theoretical perspective in the field of psychology, and be able to communicate their ability to think critically through problem solving and decision making, using the standards and conventions of the American Psychological Association.

Total Units 20-22

SCIENCE

Science Degree

Program code: sac.sci.as

The associate degree in science is designed to provide students with a foundation in science that will allow transfer to a four-year college or university to complete a baccalaureate science degree in disciplines such as astronomy, biology, biochemistry, chemistry, geology, geophysics, meteorology, oceanography, or physics.

For transfer with upper division standing, most four-year institutions require a minimum of one-year of calculus and one-year of general chemistry in addition to the courses required in the science major. Check with the Santiago Canyon College/Santa Ana College Transfer Center or counselor for specific transfer requirements.

Units used to satisfy the Santiago Canyon College/Santa Ana College general education requirements may also be used to satisfy the Science Degree requirements.

Learning Outcome(s):

Students will understand the influence that the acquisition of scientific knowledge has on the development of the world's civilizations.

Requirements for the associate in science degree:

(See American Sign Language)
## Social Science

### Social Science Degree

**Program code:** sac.socs.aa

The associate degree curriculum in social science is designed to provide the student with a better understanding of human behavior, past and present, the historical and social environmental forces that operate in the world, and the significant problems of the present day. Completion of the degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. Some employment opportunities are available in the teaching of social science.

**Learning Outcome(s):**

Students will evaluate how individuals, societies, and social subgroups operate.

**Major requirements for the associate in arts degree:**

## Sociology

### Sociology Degree

**Program code:** sac.soc.aa

The associate degree curriculum in sociology is an interdisciplinary social science program providing students an understanding of interpersonal behavior and social structure, a critical appreciation of contemporary social life, and a frame of reference for an analysis of human behavior. Completion of the associate in arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree.

**Learning Outcome(s):**

Students will identify, contrast and apply the methods and theoretical perspectives in sociology utilized to explain social interaction and social structure, including the analysis of social problems.

**Major requirements for the associate in arts degree:**

### Option 2

**Associate in Arts in Sociology for Transfer**

**Program code: sac.soc.aat**

The Associate in Arts in Sociology for Transfer (A.A.-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in sociology. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU campus, Fullerton, in one of seven different Sociology majors. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees.

Upon completion of this degree, students will accurately apply key sociological concepts when assessing their own and other societies; and distinguishing between personal/group opinions and scientific conclusions when analyzing and evaluating social issues. Students will be able to clearly communicate historical, social and cultural awareness in oral and written assignments, including an awareness of the variety and relative severity of social issues impacting people differently due to their particular place within the social structure.

**Learning Outcome(s):**

Students will identify, contrast and apply the methods and theoretical perspectives in sociology utilized to explain social interaction and social structure, including the analysis of social problems.

### SPEECH-LANGUAGE PATHOLOGY ASSISTANT Degree

**Program code: sac.slapa.as**

The Speech-Language Pathology Assistant Program is designed to prepare students for employment assisting speech-language pathologists working with communicatively disordered children and adults. Students will be trained to administer treatment as prescribed by the speech-language pathologist, conduct screenings for speech-language and hearing disorders, and to provide general support assistance to the speech-language pathologist. The Associate of Science program offers an intensive course of study in the area of speech and language disorders, including supervised treatment and field experience in a variety of settings such as educational, clinical, and/or medical.

Further, there is a high probability that students will be required to complete immunizations, fingerprinting (at the student’s cost) and/or have a drug test and criminal background check at a fieldwork site. Problems with fingerprinting and background checks could result in a delay of placement or failure of program completion.

Upon completion of the A.S. Degree program, the graduate is eligible for registration as a Speech-Language Pathology Assistant by the Department of Consumer Affairs, Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board. Prior to obtaining employment, students who have completed all A.S. degree requirements will need to apply for registration to practice in the State of California through the Department of Consumer Affairs, Speech Language Pathology and Audiology and Hearing Aid Dispensers Board. To answer questions regarding prior felony arrests and convictions.

In addition, applicants must submit fingerprints for a Department of Justice and Federal Bureau of Investigation background check, to be done at the applicant’s expense, and possess a valid social security number. For information about limitations based on criminal history, applicants are advised to call the Board directly anytime prior to the application process. Registration application and complete information on necessary documents can be obtained through the Department of Consumer Affairs, Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board website at www.speechandhearing.ca.gov.
Major requirements for the associate degree:
All A.S. degree requirements must be completed with a grade of C or better at the conclusion of the program.

Learning Outcome(s):
1. Students will be prepared for employment as Speech-Language Pathology Assistants.
2. Students will pass the State of California registration requirements for Speech-Language Pathology Assistants.

Total Units | 23-26

To complete the A.S. degree requirements, students need to fulfill the requirements for the Math and Reading proficiencies, American Institutions, Communication and Analytical Thinking, and Lifelong Understanding and Self-Development from Section F2.

TEACHING

Teaching is both an extremely rewarding and challenging profession. Students planning to teach elementary, secondary or special education may begin preparation at Santa Ana College. The college offers programs of study which fulfill the lower-division requirements for transfer into majors at CSU, UC, and independent colleges throughout the state.

Suggested Preparation for Elementary Teaching:
Liberal Studies and Child Development are the two most common university majors for students who are planning to enter Teacher Education programs for the multiple-subject teaching credential. At Santa Ana College these relevant majors are described under Elementary Education (Pre-Professional) and the Child Development School-Age Option.

Suggested Preparation for Secondary Teaching:
Teaching at the secondary level (junior high / high school) requires a single-subject teaching credential. The best preparation is to major in the subject area one plans to teach.

Suggested Preparation for Special Education Teaching:
Students interested in working with students with special needs should determine which age group they are most interested in teaching. For elementary special education, students should take coursework as if they are preparing for the elementary classroom. Students interested in this area could use the Special Education Paraprofessional Program available at Santa Ana College to prepare for transfer to the university. For secondary special education, students should major in a core single-subject area (such as math, science, and English).

For more information on preparation for a career in teaching, please visit the Santa Ana College Center for Teacher Education, S-110.
### TELEVISION/VIDEO COMMUNICATIONS

**Option 1**

**Television/Video Communications Degree**

**Program code:** sac.tv.aa

The television/video communications program provides training in all major facets of television production with special emphasis on studio and field production, editing, broadcast journalism, scriptwriting, and computer graphics and animation.

Completion of the associate degree prepares students to move into a four-year program leading to a baccalaureate degree. Please consult a SAC Counselor for information about course requirements for particular four-year institutions. The associate degree also trains students to assume entry level positions in broadcasting, cable TV, corporate video, and advertising.

**Learning Outcome(s):**

1. Students will demonstrate basic knowledge and operational skills associated with various technologies and equipment utilized in the production and post production of professional video programs.

2. Students will acquire sufficient knowledge and understanding of the various aspects and crew positions associated with producing professional television programs, so as to be able to effectively assess the technical and personnel requirements for a production, coordinate the necessary resources and successfully execute the plan as either an individual or a member of a production team.

3. Students will demonstrate critical thinking by reviewing and critiquing past and current movies and TV shows to assess their strengths and weakness from the point of view of the media consumer.

The AA degree and certificate options use the following courses as the required core courses for all:

<table>

### Option 2

**Associate in Science in Film, TV and Electronic Media for Transfer**

**Program code:** sac.ftem.ast

The Associate in Science in Film, Television and Electronic Media for Transfer (A.S.-T in Film, Television and Electronic Media) is designed to prepare students for transfer into the CSU system to complete a baccalaureate degree in Film, Television and Electronic Media, as well as to prepare them for work in those industries. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Science in Film, Television and Electronic Media for Transfer (A.S.-T in Film, Television and Electronic Media) also provides guaranteed admission with junior status to the CSU system, along with priority admission to a local CSU in a similar major. See page 21 for a list of additional requirements for all Associate in Science for Transfer (A.A.-T) and Associate in Arts for Transfer (AS-T) degrees. Upon completion of the A.S.-T in Film, Television and Electronic Media, students will have an understanding of the various aspects associated with the production and post production of films, television and electronic media. Students will also possess the knowledge and technical skills required for academic and professional success in related areas.

### Television/Video Communications B—Broadcast Journalism Certificate (Transcribed)

**Program code:** sac.tvb.ca

Emphasis on preparing students for work in television news programming, documentaries, or public service productions. Students will gain practical experience producing and staffing a weekly news show aired on local cable television.

**Learning Outcome(s):**

1. Students will demonstrate basic knowledge and operational skills associated with various technologies and equipment utilized in the production and post production of professional video programs.

2. Students will acquire sufficient knowledge and understanding of the various aspects and crew positions associated with producing professional television programs, so as to be able to effectively assess the technical and personnel requirements for a production, coordinate the necessary resources and successfully execute the plan as either an individual or a member of a production team.

3. Students will demonstrate critical thinking by reviewing and critiquing past and current movies and TV shows to assess their strengths and weakness from the point of view of the media consumer.

**Theatre Arts**

**Performance Emphasis Degree**

*Program code: sac.taper.aa*

The Theatre Arts Performance degree provides a fundamental exploration of Theatre Arts focusing on performance styles and acting techniques. It is designed to prepare the student for entry level performance careers in stage, television, and film, as well as other occupations where voice training, dynamic presentations, and adaptability in interactive style are important. This degree provides a more flexible and diverse study plan in comparison to the associate in arts degree for transfer. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

---

**Television/Video Communications—Media Studies Certificate (Untranscripted)**

*Program code: sac.tvms.cert*

Emphasis on preparing students for careers as producers and executives in the cable, television, and film industries as well as those who wish to be media teachers, critics, and historians. Students will gain theoretical knowledge about the history, development, and societal impact of the media in the United States and the world as well as practical experience in dealing with production aesthetics and terminology, basic scriptwriting skills, and business and budgeting applications relating to the electronic media.

**Learning Outcome(s):**

1. Students will demonstrate basic knowledge and operational skills associated with various technologies and equipment utilized in the production and post production of professional video programs.
2. Students will acquire sufficient knowledge and understanding of the various aspects and crew positions associated with producing professional television programs, so as to be able to effectively assess the technical and personnel requirements for a production, coordinate the necessary resources and successfully execute the plan as either an individual or a member of a production team.
3. Students will demonstrate critical thinking by reviewing and critiquing past and current movies and TV shows to assess their strengths and weaknesses from the point of view of the media consumer.

*CORE COURSES* for other Television/Video Communications Certificates are not required for this specialty Certificate.

**Electives must be chosen from the following courses:**

---

**Instructional Programs**

---

**THEATRE ARTS**

---

**SANTA ANA COLLEGE • sac.edu • 2018 – 2019**
Learning Outcome(s):
1. Students will develop competency and gain practical experience in performing dynamic characters in the presentation of public performances of live stage productions.
2. Students will develop an understanding of the interaction between script, actor and audience and the areas of scenery, lighting, sound and costume.
3. Students will demonstrate knowledge of the historical and cultural dimensions of theatre, including the works of leading playwrights, actors, directors and designers, past and present.

Option 2

Associate in Arts in Theatre Arts for Transfer

Program code: sac.taper.aat

Revisions to this degree are pending approval from the Community College’s Chancellor’s Office. Please consult a counselor for additional information.

The Associate in Arts in Theatre Arts for Transfer (A.A.-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in theatre arts which can lead to careers in teaching, design, technical theatre, theatre management, professional performance, stage direction, stage management, and related areas. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the A.A.-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to a local CSU in the Theatre Arts major. See page 21 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees. Upon completion of the A.A.-T in Theatre Arts, students will understand and be able to demonstrate the fundamental performance and technical production processes for the theatre arts, demonstrate knowledge of the historical and cultural dimensions of theatre, and understand the interaction between script, actor, and audience and the areas of scenery, lighting, sound, and costume.
THEATRE ARTS

INSTRUCTIONAL PROGRAMS

Learning Outcome(s):
1. Students will participate in the creation and presentation of public performances of theatre to gain an understanding of the processes and collaborative nature of the art.
2. Students will develop an understanding of the interaction between script, actor and audience and the areas of scenery, lighting, sound and costume.

Costume Design Certificate (Untranscripted)

Program code: sac.tacd.cert

This certificate curriculum is designed to prepare students for entry level costume careers within the entertainment industry which includes television/film, theme parks, theatres, and varied performance venues across the country and world. Emphasis is placed on developing fundamental costume design skill sets while gaining an understanding of the processes and procedures utilized in the entertainment industry for costume actors/performers. Possible entry level job titles are: Costume Design Assistant, Wardrobe Manager, Costume Manager, Dresser, Cutter/Draper, Production Designer, and Costume Shop Assistant, all of which can lead to advanced careers within these industries.

Learning Outcome(s):
1. Students will demonstrate an understanding of the relationship between costumes, the script, and the actor.
2. Students will develop an understanding of the responsibilities and the art of the costume designer as it relates to characterization for a specific script.
3. Students will develop the fundamental skills to visualize, pattern, construct, and fit performers with custom costumes.

Complete the following 17.0 units:

Entertainment Business Certificate (Untranscripted)

Program code: sac.taeb.cert

Designed for aspiring business leaders, managers, and entrepreneurs in the entertainment industry. Students gain an understanding of industry business practices by studying pre-production, production, post-production, entertainment law, contracts, unions, finance, marketing, and distribution.

Learning Outcome(s):
Students will demonstrate an understanding of entertainment industry business practices and marketing strategies for entertainment products.

Complete the following 17.0 units:

Entertainment Business Certificate (Untranscripted)

Program code: sac.taeb.cert

Designed for aspiring business leaders, managers, and entrepreneurs in the entertainment industry. Students gain an understanding of industry business practices by studying pre-production, production, post-production, entertainment law, contracts, unions, finance, marketing, and distribution.

Learning Outcome(s):
Students will demonstrate an understanding of entertainment industry business practices and marketing strategies for entertainment products.
**Entertainment Lighting Technology Certificate (Untranscribed)**

Program code: sac.taelt.cert

The Entertainment Lighting Technology Certificate program provides hands-on educational training with a focus on emerging lighting systems through the study of automated fixtures and varied control consoles, including contemporary computer apps used for show design, visualization, project management, and support documentation. Students will become proficient in the utilization of both conventional and automated lighting technologies commonly used in concerts, dance performances, television, theatre, theme parks, sports arenas, houses of worship, industrial applications, and more. Students will develop the fundamental skills necessary to assist them in pursuing career paths such as:

- Entertainment Lighting Technician
- Moving Light Programmer
- Console Operator
- Moving Light Technician
- Master Electrician
- Assistant Lighting Designer

**Learning Outcome(s):**

1. Students will demonstrate competency in basic skills required to pursue an entry level career path as an Entertainment Lighting Technician, Conventional and Moving Light Programmer, Master Electrician, Assistant Lighting Designer, or Entertainment Audio Technician.

2. Students will participate in the creation and presentation of public performances of theatre and dance to gain practical experience using the entertainment technologies appropriate for stage performances.

---

**Performance Emphasis Certificate (Untranscribed)**

Program code: sac.tape.cert

Designed for those who want to pursue a professional acting career. Students learn the techniques involved in creating a character for performance, auditioning, and improvisation and have ample opportunity to hone their skills in live performance opportunities.

**Learning Outcome(s):**

1. Students will develop competency and gain practical experience in performing dynamic characters in the presentation of public performances of live stage productions.

2. Students will demonstrate an understanding of the artistic processes involved in the collaborative art of theatre.

**Screen Performance Certificate (Untranscribed)**

Program code: sac.tasp.cert

This certificate program is designed for those who want to pursue an acting career in film, television, commercials, and digital media. Students hone their performance, auditioning, and improvisation skills and have ample opportunity to perform in front of the camera and learn the practical business skills needed to succeed in the industry.

**Learning Outcome(s):**

1. Students will develop competency and gain practical experience in performing dynamic on-screen characters in various styles of television and cinema production.

2. Students will demonstrate an understanding of the artistic processes involved in acting for the camera.

WELDING TECHNOLOGY

Welding Technology Degree
Program code: sac.weld.as

In addition to the general education requirements, the associate degree and certificate curriculum in welding technology is designed to provide comprehensive occupational training in all common types of welding methods relating to the needs of today’s welding fabrication industry. The program provides students with manipulative skills and technical knowledge required to operate oxyacetylene, shielded electric arc, M.I.G., T.I.G. and semiautomatic flame cutting welding equipment. In addition, students will be prepared for certification as required by employment in the welding industry. Employment opportunities available are welder, welder technician, inspector, maintenance welder, production welder in manufacturing, construction industries and shipbuilding. The Santa Ana College Welding Program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, TIG, and MIG.

Learning Outcome(s):
1. Student will successfully pass a comprehensive online course on Shop Safety.
2. Students will successfully pass a comprehensive online course on Shop Environmental Concerns.

Advanced Arc-Semi-Automatic Welding Certificate (Transcripted)
Program code: sac.adweld.ca

The certificate curriculum in welding technology is designed to provide advanced occupational training in Advanced Arc and Inert Gas Welding in common types of welding methods relating to the needs of today’s welding fabrication industry. The program provides students with manipulative skills and technical knowledge required to operate oxyacetylene, shielded electric arc, MIG, TIG and semiautomatic flame cutting welding equipment. In addition, students will be prepared for certification as required by employment in the welding industry. Employment opportunities available are welder, welder technician, inspector, maintenance welder, production welder in manufacturing, construction industries and shipbuilding. The Santa Ana College Welding Program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, TIG, MIG and PIPE.

Learning Outcome(s):
1. Student will successfully pass a comprehensive online course on Shop Safety.
2. Students will successfully pass a comprehensive online course on Shop Environmental Concerns.

Advanced Pipe Welding Technology Certificate (Untranscribed)
Program code: sac.welap.cert
The certificate curriculum in welding technology is designed to provide advanced occupational training in pipe welding, both manually in advanced arc and automatically through orbital technologies with inert gas welding processes. These classes are designed to meet both current and future needs in the pipe welding industry. The program provides students oxyacetylene, shielded electric arc, semi-automatic flame cutting equipment, orbital welding technologies using MIG and TIG processes automatically. In addition, students will be prepared for certification as required by employment in the pipe welding industry. Employment opportunities available are welder, welder technician, inspector, maintenance welder, production welder in manufacturing, construction industries, and shipbuilding. The Santa Ana College welding program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, TIG, MIG and Pipe.

Learning Outcome(s):

Automated Robotic Welding Systems Certificate (Transcribed)
Program code: sac.welar.ca
The certificate curriculum in welding technology is designed to provide advanced occupational training in Automated Robotic Welding. The program provides students with training in set up, programming and operation in automated systems. These classes are designed to meet both current and future needs in the robotic welding industry. The program provides the students the knowledge in the Gas Metal Arc Welding process. In addition, students will be prepared for certification as required by employment in the robotic welding industry. Employment opportunities available are welder, robotic welder technician, inspector, production welder in manufacturing and shipbuilding. The Santa Ana College Welding Program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, TIG, MIG and Pipe.

Learning Outcome(s):
1. Student will successfully pass a comprehensive online course on Shop Safety.

Automated Laser Welding System Certificate (Untranscribed)
Program code: sac.welal.cert
The certificate curriculum in laser welding technology is designed to provide occupational training in automated laser welding. The program provides students with training in process validation and verification of laser welding; planning process validation and verification of laser welding; and executing process validation and verification of laser welding process. Students will also learn set up, programming and operation in automated laser systems. These classes are designed to meet both current and future needs in the laser welding industry. The program provides the students with the knowledge of the laser welding process. In addition, students will be prepared for certification as required by employment in the laser welding industry. Employment opportunities available are laser welder, robotic laser technician, inspector and production welder in manufacturing. The Santa Ana College Welding Program is a Los Angeles Certified Testing Lab Facility.

WOMEN’S STUDIES

Women's Studies Degree

Program code: sac.wmns.aa

The associate degree curriculum in women's studies is a liberal arts major which is designed to meet the following needs:

1. to help women develop a perspective pertaining to their own self-interest and relate those views to social and cultural factors such as economic necessity, political participation, historical patterns, and ethics;

2. to develop their self-awareness in relation to others;

3. to develop skills of communication and analysis;

4. to prepare for transfer to four-year colleges and schools of professional training;

5. to enrich women's knowledge of their culture and the rapid developments that are taking place within it.

Learning Outcome(s):

Students will utilize a feminist theoretical analysis of social interactions and social structures, explaining the formation, maintenance, and change of socio-cultural identities.

Major requirements for the associate in arts degree:

Recommended electives: CNSL 116, 117; HIST 181; PHIL 108; PSYC 140; SOC 112; WMNS 198.
Each course is designated by a number. A descriptive title and the units allowed for the course follow the course number. Courses numbered 100 and above are university parallel courses and are offered for transfer to colleges and universities. See page 38 Transferability of Courses. Courses numbered 100 and above followed by the letter “H” are university parallel courses for transfer to colleges and universities and are offered as part of the Santa Ana College Honors Program. Students enrolling in these courses must meet the designated prerequisites. Courses numbered less than 100 are not designed for transfer. Since these courses are not ordinarily offered in the universities and four-year colleges, they are not always applicable to the requirements for the bachelor of arts or bachelor of science degrees; however, courses numbered below 100 are applicable to the associate degree unless preceded by the letter “N”. Courses numbered less than 100 preceded by the letter “N” are not applicable to the associate degree and do not count toward graduation but do count toward course load. Required sequences and frequency of course offerings as well as length of time required to obtain a degree or certificate can be found on the college website at www.sac.edu/academicaffairs/coursesquences.
# COURSE IDENTIFICATION NUMBERING SYSTEM (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

## C-ID | SAC COURSE
---|---
ACCT 110 | ACCT 101 | Financial Accounting
ACCT 120 | ACCT 102 | Managerial Accounting
AJ 110 | CJ 101 or CJ 101H | Introduction to Criminal Justice or Honors Introduction to Criminal Justice
AJ 120 | CJ 103 or CJ 103H | Concepts of Criminal Law or Honors Concepts of Criminal Law
AJ 122 | CJ 107 or PARA 107 | Principles and Procedures in the Criminal Justice System
AJ 124 | CJ 105 | Legal Aspects of Evidence
AJ 140 | CJ 205 | Criminal Investigation Principles
AJ 150 | CJ 108 | Crime Scene Investigation
AJ 160 | CJ 109 or CJ 109H | Community Interaction or Honors Community Interaction
AJ 200 | CJ 102 | Introduction to Corrections
AJ 220 | CJ 220 | Juvenile Delinquency and Control
ANTH 110 | ANTH 101 | Introduction to Physical Anthropology
ANTH 120 | ANTH 100 or 100H | Introduction to Cultural Anthropology or Honors Introduction to Cultural Anthropology
ANTH 130 | ENGL 104 or ENGL 104H or ANTH 104H | Language and Culture or Honors Language and Culture
ANTH 150 | ANTH 103 | Introduction to Archaeology
ARTH 100 | ART 100 or 100H | Introduction to Art Concepts or Honors Introduction to Art Concepts
ARTH 110 | ART 101 | Survey of Western Art History I: Prehistory through the Middle Ages
ARTH 120 | ART 102 | Survey of Western Art History II: Renaissance through the Twentieth Century

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer. Students may consult the ASSIST database at [www.assist.org](http://www.assist.org) for specific information on C-ID course designations. Counselors can always help students interpret this information.

**Additional SAC courses were pending C-ID approval at the time of catalog publication. Please consult a counselor for the latest C-ID information.**

**Prerequisites Definition**

Prerequisites are courses, skills, or background experiences that are considered necessary in order for a student to be successful in a course. They are required prior to enrolling in the course.

**Course Materials and Service Fees**

Certain courses require additional costs to the student in excess of normal book and supply expense. Such courses will be designated in the published class schedules.

**THE COLLEGE RESERVES THE RIGHT TO CANCEL SCHEDULED CLASSES.**

Note on Topics Courses 098 and 198: The college may offer Topics courses, either under 098 (non-transfer) or 198 (transfer) under any discipline listed in the announcement of courses. Topics courses are specialized courses on topics related to the immediate and changing needs of students. They may not be offered every semester, and, after no more than two scheduled offerings, they must be either converted to regular ongoing course status or be deleted.
## ACCOUNTING (ACCT)

### Accounting 010
#### Accounting Procedures
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

This course introduces the students to the accounting cycle including journal entries, general ledger, the adjustment process, and the related financial statements. The course is designed to prepare students for Accounting 101 and/or occupations in bookkeeping.

### Accounting 032
#### Payroll Accounting
- **Unit(s):** 1.0  
- **Class Hours:** 18 Lecture total.

This course covers accounting for payroll, and Worker's Compensation. Calculation of payroll, payroll taxes, and the related forms and deposit requirements are covered.

### Accounting 035
#### QuickBooks I
- **Formerly:** QuickBooks
- **Unit(s):** 2.0  
- **Class Hours:** 36 Lecture total.

This is an introductory course on using QuickBooks software in the business environment for preparation of accounting information. The course will cover accounting theory and practical knowledge of QuickBooks on topics that include company file setup, customizing QuickBooks, recording customer and vendor transactions, bank reconciliations, creation of accounting reports and customization.

### Accounting 036
#### QuickBooks II
- **Unit(s):** 2.0  
- **Class Hours:** 36 Lecture total.

This is an intermediate course on using QuickBooks software in the business environment for preparation of accounting information. Students will cover accounting theory and practical knowledge of QuickBooks on more advanced topics such as inventory management, time and billing, payroll setup, payroll processing, estimates and adjustments and year-end procedures. This course will prepare students for the QuickBooks Certified User exam.

### Accounting 101 (C-ID ACCT 110)
#### Financial Accounting
- **Unit(s):** 4.0  
- **Class Hours:** 72 Lecture total.

The study of accounting as an information system, examining why it is important, and how it is used by investors and creditors to make decisions. Coverage includes the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the classified financial statements, and statement analysis. It also includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics. CSU/UC

### Accounting 102 (C-ID ACCT 120)
#### Managerial Accounting
- **Unit(s):** 4.0  
- **Class Hours:** 72 Lecture total.

**Prerequisite:** Accounting 101 with a minimum grade of C.

Study of the use and reporting of accounting data for managerial planning, cost control, and decision making purposes. The course includes broad coverage of concepts, classifications, and behaviors of costs. Topics include cost systems, the analysis and use of cost information, cost-volume-profit analysis, contribution margin, profit planning, standard costs, relevant costs, and capital budgeting. CSU/UC

### Accounting 104
#### Federal and California Taxes
- **Unit(s):** 4.0  
- **Class Hours:** 72 Lecture total.

Learn how to prepare federal and California state income tax returns for the individual. Learn tax law and rules behind the Form 1040 and the most common IRS Schedules, such as Schedules A, B, C, D, E, and common income adjustments and tax credits. This course is CTEC qualified. This course may be repeatable as continuing education for professional certification. CSU

### Accounting 106
#### Cooperative Work Experience Education - Occupational
- **Unit(s):** 1.0 - 4.0  
- **Class Hours:** 60 - 300 Lecture total.

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

### Accounting 108
#### Tax Practices and Procedures
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

The course covers various special topics in tax, including specialized returns and taxpayers; practices, procedures and representation before the IRS and completion of the tax filing process. This course may be repeatable as continuing education for professional certification. CSU

### Accounting 113
#### Intermediate Income Taxes - Corporations
- **Unit(s):** 2.0  
- **Class Hours:** 36 Lecture total.

This course covers income tax theory, concepts and regulations relating to corporations. The course includes the federal and California tax systems and income taxation relating to Corporations as well as basic tax research and ethical implications. This course includes coverage of both C Corporations and S Corporations. This course may be repeatable as continuing education for professional certification. CSU

### Accounting 114
#### Intermediate Income Taxes - Partnership and LLCs
- **Unit(s):** 2.0  
- **Class Hours:** 36 Lecture total.

This course covers income tax theory, concepts, and regulations relating to partnerships. The course includes the federal and California tax systems and income taxation relating to partnerships and other forms of business such as LLCs as well as basic tax research and ethical implications. This course may be repeatable as continuing education for professional certification. CSU

### Accounting 116
#### Money, Finance and Accounting for Entrepreneurs
- **Unit(s):** 2.0  
- **Class Hours:** 36 Lecture total.

Learn how entrepreneurial finance works - where, when, and how to get financing debt, equity, bootstraps, angels and venture capitalists. Determine how much you need, when and how to get it. Learn the critical importance of leveraging resources. Learn that cash flow is critical to entrepreneurs. Learn what you really need to know about bookkeeping and accounting and how to use numbers to make smarter decisions. (Same as Entrepreneurship 107). CSU

---

**CSU/UC Planning, Standard Costs, Relevant Costs, and Capital Budgeting.** Information, cost-volume-profit analysis, contribution margin, profit of costs. Topics include cost systems, the analysis and use of cost planning, cost control, and decision making purposes. The course Study of the use and reporting of accounting data for managerial

This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

- **Unit(s):** 1.0 - 4.0
- **Class Hours:** 60 - 300 Lecture total.

**Tax Practices and Procedures**

- The course covers various special topics in tax, including specialized returns and taxpayers; practices, procedures and representation before the IRS and completion of the tax filing process. This course may be repeatable as continuing education for professional certification. CSU

- **Unit(s):** 3.0
- **Class Hours:** 54 Lecture total.

**Intermediate Income Taxes - Corporations**

- This course covers income tax theory, concepts and regulations relating to corporations. The course includes the federal and California tax systems and income taxation relating to Corporations as well as basic tax research and ethical implications. This course includes coverage of both C Corporations and S Corporations. This course may be repeatable as continuing education for professional certification. CSU

- **Unit(s):** 2.0
- **Class Hours:** 36 Lecture total.

**Intermediate Income Taxes - Partnership and LLCs**

- This course covers income tax theory, concepts, and regulations relating to partnerships. The course includes the federal and California tax systems and income taxation relating to partnerships and other forms of business such as LLCs as well as basic tax research and ethical implications. This course may be repeatable as continuing education for professional certification. CSU

- **Unit(s):** 2.0
- **Class Hours:** 36 Lecture total.

---

**Money, Finance and Accounting for Entrepreneurs**

- Learn how entrepreneurial finance works - where, when, and how to get financing debt, equity, bootstraps, angels and venture capitalists. Determine how much you need, when and how to get it. Learn the critical importance of leveraging resources. Learn that cash flow is critical to entrepreneurs. Learn what you really need to know about bookkeeping and accounting and how to use numbers to make smarter decisions. (Same as Entrepreneurship 107). CSU

- **Unit(s):** 2.0
- **Class Hours:** 36 Lecture total.
Accounting 124
Computerized Income Tax Preparation
Unit(s): 1.0   Class Hours: 18 Lecture total.
This course provides a student with the practical knowledge of income tax preparation and the income tax formula using commercial tax software. This course may be repeatable as continuing education for professional certification as legally mandated, for licensure and/or due to a significant lapse of time. CSU

Accounting 125
Volunteer Income Tax Assist. (VITA) I Accounting - Operations and Analysis
Unit(s): 2.0   Class Hours: 36 Lecture total.
Recommended Preparation: Accounting 104 with a minimum grade of C.
This course will cover Federal and California individual income tax theories and laws to prepare students to successfully pass the IRS-provided online Basic, Advanced, and additional tax exams and be eligible to volunteer in the IRS-sponsored Volunteer Income Tax Assistance (VITA) program. The successful completion of the course and passing the exams will prepare students to work as an intern or volunteer at a VITA site to prepare tax returns and have face-to-face interaction with taxpayers. CSU

Accounting 170
Microsoft Dynamics for Financial Accounting - Core Modules
Unit(s): 4.0   Class Hours: 72 Lecture total.
Recommended Preparation: Accounting 101 with a minimum grade of C.
Hands-on training in the use of Microsoft Dynamics integrated software covering setup and transaction processing for the core modules of general ledger, accounts payable, and accounts receivable, and financial reporting for service businesses. CSU

Accounting 171
Microsoft Dynamics for Financial Accounting - Operations and Analysis
Unit(s): 4.0   Class Hours: 72 Lecture total.
Recommended Preparation: Accounting 101 and Accounting 170 with a minimum grade of C.
Hands-on training in the use of Microsoft Dynamics integrated software covering setup, operational processing and analysis for general ledger, accounts payable, accounts receivable, inventory, and financial Reporting for Service and Merchandising Companies. CSU

Accounting 198
Topics
Unit(s): 1.0 - 4.0   Class Hours: 18 - 72 Lecture total.
Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in Accounting. CSU

Accounting 202
Cost Accounting for Construction Engineering
Unit(s): 3.0   Class Hours: 54 Lecture total.
Study of the theoretical and practical concepts of cost accounting. Topics include variable and fixed costs; break-even point; interrelationships of cost, volume, and profits; job-order accounting; general and flexible budgeting; standard costs; product costing methods; cost allocation; inventory planning; control and valuation; and joint products. (Same as Engineering 202). CSU

Accounting 204
Managerial Cost Accounting
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: Accounting 102 with a minimum grade of C.
Study of cost behavior, cost accounting, and cost control; the use of accounting information for management planning and decision making; cost systems, budgeting, and financial performance analysis. CSU

Accounting 205
Intermediate Accounting I
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: Accounting 102 with a minimum grade of C.
An intermediate study of accounting theory and the conceptual framework; preparation of income statements and comprehensive income, balance sheets and statements of cash flows. Coverage includes present value; and accounting concepts related to the asset side of the balance sheet. CSU

Accounting 206
Intermediate Accounting II
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: Accounting 205 with a minimum grade of C.
Second course in intermediate series in financial accounting that covers current and long-term liabilities, income taxes, pensions and post-retirement benefits, leases, stockholders’ equity, earnings per share, and statement of cash flows. In addition, changes and/or in accounting methods, accounting estimates, or reporting entity are analyzed. Disclosure issues in financial statements are also addressed. CSU

Accounting 210
Accounting Information Systems
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: Accounting 101 with a minimum grade of C.
Introductory course to accounting information systems that applies accounting principles using database and spreadsheet software. Designed to develop employable accounting analysis skills; evaluate and compare commercial software; analyze financial statements and understand role of internal controls. CSU

Accounting 211
Auditing
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: Accounting 102 with a minimum grade of C.
This course examines the use of financial statement audits and details the audit process. Topics include professional responsibilities of auditors, audit design, sampling approaches, substantive testing, testing controls, and audit report formulation and communication. CSU

Accounting 212
Accountants’ Ethics and Responsibilities
Unit(s): 4.0   Class Hours: 72 Lecture total.
Focuses on the foundations of ethics & the professional responsibilities of accountants & CPAs; including ethical behavior and responding to ethical dilemmas. Topical content will include relevant professional, ethical standards and regulations, as well as research and practice concerning challenging ethical situations. The course will focus on the discussion of ethical cases and study of professional ethical standards set forth by both the AICPA and California State Board of Accountancy. CSU

AMERICAN SIGN LANGUAGE (ASL)
American Sign Language 110
American Sign Language I
Unit(s): 4.0   Class Hours: 72 Lecture total.
This entry level course is designed to introduce students to American Sign Language (ASL) and fingerspelling as it is used within American Deaf culture. Instruction includes preparation for visual/gestural communication followed by intensive work on comprehension through receptive language skills, development of basic conversational skills, modeling of grammatical structures, and general information about American Deaf culture. American Sign Language 110 is equivalent to two years of high school ASL. Students are required to attend at least one off-campus event. CSU/UC

SANTA ANA COLLEGE • sac.edu • 2018 – 2019
American Sign Language 111

American Sign Language II
Unit(s): 4.0 Class Hours: 72 Lecture total.

Prerequisite: American Sign Language 110 with a minimum grade of C.
The second course in the study of American Sign Language (ASL) focuses on increased vocabulary development, intermediate comprehension and conversational skills, application of grammatical structures and practice in the receptive and expressive aspects of ASL, as well as appreciation of American Deaf culture, and history. Students are required to attend at least one off campus event. CSU/UC

American Sign Language 113

Introduction to Interpreting for the Deaf
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: American Sign Language 210 with a minimum grade of C.
The study of the history of sign language interpreting and the theoretical foundations and technical skills needed to interpret in professional settings for deaf and hard-of-hearing children and adults. The roles, responsibilities, and ethics of interpreters providing interpreting services in various professional settings will be examined. Students are required to attend two off campus events. CSU

American Sign Language 114

Classifiers, Fingerspelling, and Numbering
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: American Sign Language 111 with a minimum grade of C.
This course is designed to provide specialized instruction in the continued development of skills and application of expanded conceptualization of American Sign Language (ASL) classifiers, fingerspelling, and numbering concepts and further exploration and understanding of American Deaf culture. Expressive and receptive techniques will be emphasized. Students are required to attend one off campus event. CSU

American Sign Language 116

Introduction to Deaf Studies
Unit(s): 3.0 Class Hours: 54 Lecture total.

This is an introductory course exploring the cultural, educational, linguistic, and audiological experiences of people who are deaf, hard of hearing, deaf/blind, and late-deafened in America. Students will be exposed to historical and current perspectives in trends, philosophies, ideologies, and the Deaf community as a subculture of American society. CSU/UC

American Sign Language 210

American Sign Language III
Unit(s): 4.0 Class Hours: 72 Lecture total.

Prerequisite: American Sign Language 111 with a minimum grade of C.
The third course in the study of American Sign Language (ASL) emphasizes advanced ASL syntax, non-manual markers, vocabulary, and fingerspelling enabling students to participate in more complex conversations with Deaf community members. Students will have emphasis on expressive skills in narrative form. Students are required to attend at least one off campus event. CSU/UC

ANTHROPOLOGY (ANTH)

Anthropology 100 (C-ID ANTH 120)

Introduction to Cultural Anthropology
Unit(s): 3.0 Class Hours: 54 Lecture total.

A cross-cultural survey of the major areas of cultural anthropology including subsistence patterns, economic and political systems, family and kinship, religion, and cultural change. Also includes contemporary issues facing humankind such as the environment, resource depletion, ethnic conflict, globalization, and warfare. Emphasis is on understanding cultural diversity and cultural universals. Field trips may be required. CSU/UC

Anthropology 100H (C-ID ANTH 120)

Honors Introduction to Cultural Anthropology
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.
Seminar style, content enriched for honors students, to provide a critical and extensive exploration of the major areas of cultural anthropology. Includes contemporary issues such as globalization, gender, and ethnic conflict. Field trips may be required. CSU/UC

Anthropology 101 (C-ID ANTH 110)

Introduction to Physical Anthropology
Unit(s): 3.0 Class Hours: 54 Lecture total.

An introduction to humankind’s place in nature including evolutionary theory, principles of genetics, primate evolution and behavior, fossil evidence for human evolution, human biology and variation, growth and adaptability, and biomedical anthropology. Includes practical application of biological anthropology to human problems. CSU/UC

Anthropology 101L

Physical Anthropology Laboratory
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Prerequisite: Anthropology 101 with a minimum grade of C or concurrent enrollment.
Laboratory exercises and experiments designed to explore and understand the primary areas of physical anthropology: evolutionary theory, principles of genetics, comparative anatomy, physiology, behavior and ecology of vertebrates with an emphasis on nonhuman primates, analysis of fossil evidence for human evolution, human biology and variation, growth and adaptability, and biomedical anthropology. Includes both traditional and virtual laboratory experiences. CSU/UC

Anthropology 103 (C-ID ANTH 150)

Introduction to Archaeology
Unit(s): 3.0 Class Hours: 54 Lecture total.

This is a survey course in world archaeology. Methods of archaeological survey and excavation will be discussed as well as past and current concepts and theories. Material remains such as lithics, bone, ceramics and ecofacts will be discussed as to how they can be interpreted into social, political, economic, religious, and ethnic terms. CSU/UC

Anthropology 104

Language and Culture
Unit(s): 3.0 Class Hours: 54 Lecture total.

General introduction to the processes of human communication, emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics; biological basis of language; and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. CSU/UC

Anthropology 104H (C-ID ANTH 130)

Honors Language and Culture
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.
General introduction to the processes of human communication, emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics; biological basis of language, and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. Requires individual research and oral presentation of readings in a seminar setting. CSU/UC
Anthropology 105
Ancient Mesoamerican Civilization
Unit(s): 3.0  Class Hours: 54 Lecture total.
An archaeological and ethnohistorical survey of the origin and development of pre-Columbian civilizations in ancient Mesoamerica from Paleo-Indian times to the Spanish conquest. (Same as History 105). CSU/UC

Anthropology 108
Religion, Magic, and Witchcraft
Unit(s): 3.0  Class Hours: 54 Lecture total.
An introduction to the anthropology of religion, magic, and witchcraft. A cross cultural study focusing on the beliefs and practices of early, non-western, and traditional religious systems with emphasis on the forms, functions, structures, symbolism, history, and evolution. CSU/UC

Anthropology 125
Native Americans in the U.S.
Unit(s): 3.0  Class Hours: 54 Lecture total.
An historical and contemporary survey of Native Americans in the United States including the development of tribes and nations and the cultural practices of Native Americans today. Field trips may be required. CSU/UC

ART (ART)

Art 009
Art Lab
Unit(s): 0.5  Class Hours: 27 Laboratory total.
An open lab for studio art students for the purpose of devoting additional hours outside of class time on projects. Projects, determined by class assignments, vary by semester. Twenty-four lab hours per semester earn .5 unit. May be repeated. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Art 010
Advanced Art Lab
Unit(s): 0.5  Class Hours: 27 Laboratory total.
An open lab for studio art students devoting additional hours on projects. Projects, determined by class assignments, vary by semester. Twenty-four lab hours per semester earn .5 unit. Requires concurrent enrollment in another art course. May be repeated. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Art 011
Intro to 3D Modeling & Animation Century
Unit(s): 0.5  Class Hours: 9 Lecture, 4.5 Laboratory total.
Introduction to digital 3D modeling & animation basics. This hands-on class will focus on modeling and animating a cartoon character and environment from an instructor provided drawing, using 3D Studio Max software.

Art 100 (C-ID ARTH 100)
Introduction to Art Concepts
Unit(s): 3.0  Class Hours: 54 Lecture total.
A study of the visual arts in relation to both personal and cultural expressions. Fundamentals of visual organization, color theory, terminology, historical art movements and concepts will be studied. Required for art majors. CSU/UC

Art 100H (C-ID ARTH 100)
Honors Introduction to Art Concepts
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Enriched exposure to a study of the visual arts in relation to personal and cultural expression with an emphasis on critical thinking and writing. Fundamentals of visual organization, color theory, terminology, historical art movements and concepts will be studied in a seminar format. CSU/UC

Art 101 (C-ID ARTH 110)
Survey of Western Art History I: Prehistory Through the Middle Ages
Unit(s): 3.0  Class Hours: 54 Lecture total.
Recommended Preparation: Completion of or concurrent enrollment in English 101 or English 101H.
The study of art from Prehistory through Middle Ages. Cultures and Civilizations are studied through visual imagery, lecture, class discussion, reading, research, and field trips. Recommended sequence of courses: Art 100, Art 101, Art 102. CSU/UC

Art 102 (C-ID ARTH 120)
Survey of Western Art History II: Renaissance Through the Twentieth Century
Unit(s): 3.0  Class Hours: 54 Lecture total.
Recommended Preparation: English 101 or English 101H is recommended.
The study of Western art history from the Renaissance through the 20th century. Art movements and individual painters, sculptors, architects, and printmakers will be presented within the context of the social, political, and intellectual histories of their respective periods. Required for art majors. CSU/UC

Art 103 (C-ID ARTH 140)
Arts of Africa, Oceania, and Indigenous North America
Unit(s): 3.0  Class Hours: 54 Lecture total.
History and appreciation of the arts of Africa, Oceania, and indigenous North America. Examines the visual arts of these vast and varied cultures within socio-political, aesthetic, religious contexts and their impact on Western art in Europe and the Americas. CSU/UC

Art 104
Mexican and Chicano Art History
Unit(s): 3.0  Class Hours: 54 Lecture total.
The history and appreciation of Mexican and Chicano art from the pre-Columbian to the present including the modern murals of Mexico and the United States. CSU/UC

Art 105
History of Modern Art
Unit(s): 3.0  Class Hours: 54 Lecture total.
History of painting, sculpture, architecture, prints, and applied arts from the late nineteenth century through the twentieth century. Covers the formal philosophic, spiritual, and historical background of art from Post Impressionism to Post Modernism. For general students and art majors. CSU/UC

Art 106 (C-ID ARTH 130)
Asian Art History
Unit(s): 3.0  Class Hours: 54 Lecture total.
Recommended Preparation: English 101 or English 101H with a minimum grade of C.
Historical survey of the visual arts of India, China, Japan, India, Korea and Southeast Asia. Includes relationship of Far Eastern philosophy and culture to artistic achievement. Emphasizes works of art in terms of style, technique, and content. CSU/UC
Art 107  
History of Animation  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Art 121A with a minimum grade of C.  
Critical and historical survey of animation as a form of communication and cultural expression, from prehistoric origins to present digital formats. Animation history is studied in relation to the background for its creation in contemporary culture and society including the U.S.A., Europe, and Japan. Students analyze and evaluate a large cross-section of animated works. CSU/UC

Art 108  
Contemporary Art History: Art Since Mid-Twentieth Century  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
A survey course exploring post World War II styles, trends, ideas, and innovations in architecture and the visual arts in Europe and North America with references to globalization. CSU/UC

Art 109  
Introduction to Woodworking  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
An introduction to the fundamentals of woodworking with a focus on wood as a medium for creative expression. Emphasizes knowledge of and proficiency with hand to woods; grain patterns; finishing techniques; fabrication; and joinery. Students learn and observe safety standards as they gain skills with hand tools, small power tools and larger machinery in the shop. CSU

Art 110 (C-ID ARTS 100)  
Two-Dimensional Design  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Introduction to the principles and elements of two-dimensional design. Provides instruction in the fundamentals of visual communication including color theory, composition, and expression. Application of concepts through creative projects. Required for art majors. A combination of Art 110, 111, and 117 may be taken a maximum of four enrollments. CSU/UC

Art 111 (C-ID ARTS 101)  
Three-Dimensional Design  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Fundamentals of visual organization as applied to objects in-the-round. Visual space problems, structure, and dimensional terminology through creative projects in various media. Required for art majors. A combination of Art 110, 111, and 117 may be taken a maximum of four enrollments. CSU/UC

Art 121A  
Fundamentals of Typography  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Prerequisite: Art 195 with a minimum grade of C.  
Introduction to the use of type styles, appropriate type selection and their characteristics as a means toward understanding design and communication through type solutions. Projects will explore current graphics industry practices and standards, including the use of digital technology and traditional hand skills. Art 122, 162, 191A, 192A recommended. A combination of Art 121A, 121B, 122, and 221 may be taken a maximum of four enrollments. CSU

Art 121B  
Advanced Typography  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Prerequisite: Art 121A with a minimum grade of C.  
This course provides continued study in typography and appropriate type selection as a means for solving complex graphic design problems, such as illustrative type or multiple page layout using traditional hand skills, digital technology and portfolio presentations. A combination of Art 121A, 121B, 122, and 221 may be taken a maximum of four enrollments. CSU

Art 122  
Graphic Design I  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Prerequisite: Art 195 with a minimum grade of C.  
Introduction to basic graphic design concepts, techniques and practices resulting in the production of effective visual communications. Projects combine text with images, using current industry standards and technology in print media and other design applications. Art 110, 162, 191A, and 192A recommended. A combination of Art 121A, 121B, 122, and 221 may be taken a maximum of four enrollments. CSU

Art 124  
Gallery Production  
Unit(s): 2.0  Class Hours: 108 Laboratory total.  
Instruction in preparation and installation of art exhibits, gallery management, and working on a museum exhibition staff. Includes lectures, visits to artists' studios, and opportunities to work on art shows in two college galleries. Field trips include visits to local galleries and behind-the-scenes museum tours of collections and exhibition preparation areas. May be repeated. Grade: Pass/No Pass Only. A combination of Art 124, 133, 134, and 135 may be taken a maximum of four enrollments. CSU

Art 125  
Cooperative Work Experience - Occupational  
Unit(s): 1.0 - 6.0  Class Hours: 60 - 450 Laboratory total.  
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students' major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Art 129  
Introduction to Web Design  
Unit(s): 3.0  Class Hours: 54 Lecture, 18 Laboratory total.  
Introduction to the development and design of web sites with an emphasis on the elements and principles of design as they relate to web interfaces. Includes learning the technical requirements for colors, fonts, file optimization, effects, image resolution, and special effects. Includes creative Web design projects. A combination of Art 129 and 164 may be taken a maximum of four enrollments. CSU/UC

Art 130 (C-ID ARTS 110)  
Introduction to Drawing  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Introductory course in expressive drawing exploring line, form, composition, and a variety of media. Drawing from man-made objects and natural forms. Required for art majors. A combination of Art 130, 230, and 233 may be taken a maximum of four enrollments. CSU/UC

Art 131 (C-ID ARTS 200)  
Beginning Life Drawing  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Introduction to drawing the human form by observing live models for studies in anatomy, structure, and composition. Exposure to traditional and contemporary figurative drawing while exploring media and methods. Required for art majors. Art 130 recommended. A combination of Art 131, 231, 232, and 243 may be taken a maximum of four enrollments. CSU/UC
Art 132A
Beginning Pastel Drawing and Painting
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 132B with a minimum grade of C.
Development of pastel drawing and painting skills using various techniques. Strong emphasis on color theory, value, and composition. Preparation of grounds using various papers. Study of historical and contemporary pastel styles and techniques. A combination of Art 132A and 132B may be taken a maximum of four enrollments. CSU/UC

Art 132B
Intermediate Pastel Drawing and Painting
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 132A with a minimum grade of C.
Intensive exploration of contemporary uses of pastels. Intermediate and advanced projects emphasizing pastel drawing/painting concepts in conjunction with other media. Emphasis on creative, personal expression, content, and style development. A combination of Art 132A and 132B may be taken a maximum of four enrollments. CSU/UC

Art 133
Introduction to Gallery Production
Unit(s): 2.0  Class Hours: 108 Laboratory total.
Introduction to the practices of art exhibit preparation and installation. Students will gain knowledge in the history and theory of art exhibition, as well as the current state of gallery management and museum work. Emphasis is on learning and utilizing industry-standard terminology, materials and tools. Students will move from observation to practical experience as they support the daily operations and special events of two college galleries. Grade: Pass/No Pass Only. A combination of Art 124, 133, 134, and 135 may be taken a maximum of four enrollments. CSU

Art 134
Intermediate Gallery Production
Unit(s): 2.0  Class Hours: 108 Laboratory total.
Prerequisite: Art 133 with minimum grade of P
An intermediate course designed to build on knowledge and skills gained in Art 133. Students have opportunities to increase experience with new exhibitions and installations. Emphasis is on solving art gallery problems using current industry-standard communication and practices. Visits to local galleries and behind-the-scenes museum tours of collections and exhibition preparation areas. Students will also use woodshop equipment to build pedestals as well as draft an exhibition proposal and artwork layout. Grade: Pass/No Pass Only. A combination of Art 124, 133, 134, and 135 may be taken a maximum of four enrollments. CSU

Art 135
Advanced Gallery Production
Unit(s): 2.0  Class Hours: 108 Laboratory total.
Prerequisite: Art 134 with minimum grade of P
Students produce a unique exhibition on campus using knowledge and skills gained in Art 133 and 134. Emphasis will be on independently curating, designing, lighting, writing didactic material, and publicizing their exhibition. Grade: Pass/No Pass Only. A combination of Art 124, 133, 134, and 135 may be taken a maximum of four enrollments. CSU

Art 140A
Watercolor Painting
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Introduction to watercolor painting as a creative art form with emphasis on transparent watercolor techniques. Course includes principles of composition and color theory, materials selection, tools, terminology, and various watercolor techniques. Students develop basic watercolor skills while painting from simple forms and progressing to a variety of subjects. A combination of Art 140A, 140B, 143, and 240 may be taken a maximum of four enrollments. CSU/UC

Art 140B
Watercolor Painting
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Art 140A with a minimum grade of C.
A continuing course in transparent watercolor techniques providing the opportunity to advance the creativity of those with basic skills in watercolor. Further study of formal elements and composition while painting from varied subject matter. Emphasis on refinement of methods and techniques for more expressive painting. May be repeated. A combination of Art 140A, 140B, 143, and 240 may be taken a maximum of four enrollments. CSU/UC

Art 141
Beginning Painting
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Introduction to acrylic and/or water soluble oil painting as a creative art form with exposure to historical, traditional and contemporary painting styles. Course includes principles of composition and color theory, materials selection, tools, terminology, and techniques. Students develop basic skills painting a variety of subjects. Required for art majors. Art 110 and 130 recommended. A combination of Art 141, 241, and 242 may be taken a maximum of four enrollments. CSU/UC

Art 143
Landscape Watercolor
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Art 140A with a minimum grade of C.
Intermediate course in transparent watercolor using the Southern California landscape as studio and subject for paintings. Explores a variety of techniques, papers, brushes, and pigments. Further study of compositional/conceptual elements leading to development of individual expression. A combination of Art 140A, 140B, 143, and 240 may be taken a maximum of four enrollments. CSU/UC

Art 150
Primitive Pottery Techniques
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Primitive techniques in pottery construction and firing. Emphasizes handbuilt forms. Students will construct tools. Sawdust, raku, dung, low temperature salt, and other pit firings will be utilized. CSU/UC

Art 151
Ceramics-Introductory Level
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Exploration of clay as a structural and creative material. Experiences include throwing on the potter’s wheel and hand building. Instruction includes surface design, glazing, and experience in utilitarian forms. Students provide clay and tools. A combination of Art 151, 152, and 153 may be taken a maximum of four enrollments. CSU/UC

Art 152
Ceramics-Intermediate Throwing
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Further study of wheel thrown techniques with an emphasis on functional, utilitarian forms. Students provide own clay and tools. A combination of Art 151, 152, and 153 may be taken a maximum of four enrollments. CSU/UC

Art 153
Ceramics-Intermediate Handbuilding
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Further study of handbuilding techniques with emphasis on one-of-a-kind sculptural forms. Non-traditional alternatives to glazes are explored. Students provide own clay and tools. A combination of Art 151, 152, and 153 may be taken a maximum of four enrollments. CSU/UC
Art 154
Ceramics Summer Workshop
Unit(s): 3.0  Class Hours: 27 Lecture, 81 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
For intermediate/advanced students interested in a self-guided study/exploration in the ceramic medium. Emphasizes technical aspects and artistic imaginings. Invited artists will provide supplementary guidance. Students provide own clay and tools. CSU/UC

Art 155
Plaster Mold Making
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Basic aspects of plaster of Paris mold making: production of molds from original models in order to reproduce those models; alteration of those plaster mold castings into a more artistic, personalized imagery. A combination of Art 155 and 157 may be taken a maximum of four enrollments. CSU/UC

Art 156
Clay Calculation: an Approach in Color Study
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Basic uses of color clays as a decorative tool in making pottery forms. Techniques of sprigging, incising, inlay, and lamination are utilized with wheel-thrown, handbuilding, and plaster mold construction methods. A combination of Art 156, 159A, and 159B may be taken a maximum of four enrollments. CSU/UC

Art 157
Ceramics-Raku and Saggar Firing Techniques
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Use of the potter’s wheel and/or handbuilding techniques as methods for constructing vessel forms. Includes a study of surface coloration from natural organic materials. Several firing techniques will be utilized. A combination of Art 155 and 157 may be taken a maximum of four enrollments. CSU/UC

Art 158
Ceramic Mural Project
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Design, construction, and installation of a tile mural. Includes various techniques of surface textures, glaze colors, spatial compositions, and technical processes of installation. Students provide own clay and tools. Projects vary each semester. CSU/UC

Art 159A
Ceramic Color Decoration: Low Temperature
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Exploration of surface color decoration on ceramic vessels. Emphasizes glazing techniques (low temperatures only) such as underglazes, lustres, engobes, sgraffito, decals, slip trailing, wax resist, burnishing and ceramic pencils/crayons. A combination of Art 156, 159A, and 159B may be taken a maximum of four enrollments. CSU/UC

Art 159B
Ceramic Color Decoration: High Temperature
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.
Exploration of surface color decoration on ceramic vessels within the realm of high stoneware temperatures. Emphasizes glazing techniques such as marbling, feathering, mishima, brush decoration, stencils, stamp printing, spraying, slip painting, glaze trailing, wax resist, and terra sigillata. A combination of Art 156, 159A, and 159B may be taken a maximum of four enrollments. CSU/UC

Art 162
Digital Design With Photoshop-I
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 195 with a minimum grade of C or portfolio approval.
An introduction to using Photoshop for Web, print, illustration and 3D. Instruction in capturing, manipulating, and outputting images. Focus on basic skills and techniques for editing and enhancing photographs, manipulating scanned images, and creating digital graphics. Application of technology skills using design to create digital composites. A combination of Art 191A, 192A, and 162 may be taken a maximum of four enrollments. CSU/UC

Art 164
Web Design
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 129 or Art 195 with a minimum grade of C or portfolio approval.
Overview of elements and principles of design and motion. Introduction to web design using digital media tools; graphics, illustrations, text, sound, motion, using software programs for the web. Students research how software programs are used in business presentations, advertising, entertainment, and self-promotion. CSU

Art 165
3D Character Animation
Unit(s): 3.0  Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Art 197A or TV/Video Communications 185 with a minimum grade of C.
Instruction in the fundamentals of making and applying surface textures and lighting effects for digital 3D objects and scenes as used in video games, interactive media, television, film, previz, product illustration, architectural and bioscience visualization. A combination of Art 165, 167, 184, and 185 may be taken a maximum of four enrollments. CSU

Art 166A
3D Texturing and Lighting Fundamentals
Formerly: Creating Realism with Textures and Lights
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 197A or TV/Video Communications 185 with a minimum grade of C.
Instruction in the fundamentals of making and applying surface textures and lighting effects for digital 3D objects and scenes as used in video games, interactive media, television, film, previz, product illustration, architectural and bioscience visualization. A combination of Art 166A and 184A may be taken a maximum of four enrollments. CSU

Art 166B
Texturing & Lighting Intermediate
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 197A with a minimum grade of C.
Instruction in intermediate making and applying surface textures and lighting effects in digital 3D scenes as used in video games, interactive media, television, film, previz, product illustration, architectural and bioscience visualization. Students are to work on projects geared to their chosen area of interest, and then are provided with instruction and guidance to increase proficiency, speed and communication skills required as a professional digital 3D artist. CSU
Art 167  
3D Commercial Applications  
Unit(s): 3.0  Class Hours: 54 Lecture, 54 Laboratory total.  
**Prerequisite:** Art 197A or TV/Video Communications 185 with a minimum grade of C.  
This capstone course focuses on developing 3D artwork for commercial purposes and formats. Includes field trips and developing a web-based portfolio. May be repeated. A combination of Art 165, 167, 184, and 185 may be taken a maximum of four enrollments. CSU/UC

Art 168  
Digital Media: Portfolio and Business Strategies  
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.  
**Prerequisite:** Art 122 with a minimum grade of C or portfolio review.  
Creation of digital portfolios, career planning, and business operations for employment or continued education. Students will identify job markets, define career goals, develop resumes, create portfolios for print and/or Web, and develop interviewing skills. Includes overview of business requirements for working with customers. Art 162, 191A, 192A recommended. CSU

Art 169  
Game Design & Development Team  
Unit(s): 1.5  Class Hours: 9 Lecture, 54 Laboratory total.  
**Prerequisite:** Art 180A with a minimum grade of C.  
Students design and develop original video game projects in a team setting and in a simulated video game production studio setting. The working game(s) and/or working prototypes will be entered into the annual IEEE Intercollegiate Computer Game Competition. Can be repeated up to 3 times. May be repeated. CSU

Art 180A  
Video Game and Interactive Media Art Fundamentals  
Formerly: Video Game and Interactive Media Art  
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.  
**Prerequisite:** Art 196A with a minimum grade of C.  
Hands-on overview of art production for games and interactive media. Focus on how to use digital 3D art for creating environments and working in the digital realm. This course includes an overview of industry-standard software, including Adobe Creative Cloud for digital design in montage, vector, layout and time-based media. A combination of Art 149, 195, and 249 may be taken a maximum of four enrollments. CSU/UC

Art 182  
Introduction to Jewelry  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Basic instruction in jewelry fabrication including silver soldering, direct casting and forging, patinas, cold connection, and piercing. May be repeated. A combination of Art 182, 284, and 285 may be taken a maximum of four enrollments. CSU

Art 184  
Art of Animation I  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
**Recommended Preparation:** Art 130 with a minimum grade of C.  
This course is a beginning-level animation production class for those with little or no prior animation or digital art experience. Through lectures and research projects, students learn about the history and aesthetics of animation, while concurrently gaining hands-on experience in how to create animations through in-class step-by-step projects. Students will produce basic 2D and 3D animations and assets using Adobe Photoshop, Gimp and 3D animation software. A combination of Art 165, 167, 184, and 185 may be taken a maximum of four enrollments. CSU/UC

Art 185  
Fundamentals of Cartooning and Storyboarding  
Unit(s): 3.0  Class Hours: 27 Lecture, 54 Laboratory total.  
Introduction to basic cartooning, character development, and storyboard as used in television, film, and electronic games. Includes sketching, inking, the development of characters, storyboard development, and an overview of cartoon and storyboard history. A combination of Art 165, 167, 184, and 185 may be taken a maximum of four enrollments. CSU/UC

Art 190  
Introduction to Mural Painting and Design  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
A directed field studies course in designing and painting large-scale public art murals. Students will work collaboratively in groups and with the community to create designs. This class explores the various processes involved in the construction of large-scale public art while painting a variety of subject matter. Students will learn about historical, traditional and contemporary mural painting styles. CSU/UC

Art 191A  
Digital Publishing With InDesign  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
**Prerequisite:** Art 195 with a minimum grade of C.  
An introduction to digital publishing and page layouts including experience in design and development of single and multiple page documents. Also includes advanced technique in complex documents and web-ready pages using InDesign software. A combination of Art 191A, 192A, and 162 may be taken a maximum of four enrollments. CSU

Art 192A  
Digital Illustration With Illustrator  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
**Prerequisite:** Art 195 with a minimum grade of C.  
An introduction to design and illustration techniques using Adobe Illustrator software on the Macintosh. Instruction in commonly used professional industry topics and techniques for print, animation, and the Web. A combination of Art 191A, 192A, and 162 may be taken a maximum of four enrollments. CSU

Art 193  
Motion Graphics with Adobe After Effects  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
This graphics animation course covers the development of original motion graphics. Video editing skills are refined within the animation software to create animated clips for use in multiple media applications. Some experience in non-linear digital video editing is recommended, as well as some graphic design experience. (Same as TV/Video Communications 193). CSU/UC

Art 195 (C-ID ARTS 250)  
Introduction to Digital Media Arts  
Unit(s): 3.0  Class Hours: 54 Lecture, 18 Laboratory total.  
Foundation-level course designed for graphic designers, artists, photographers, web designers, programmers, and animation artists working in the digital realm. This course includes an overview of industry-standard software, including Adobe Creative Cloud for digital design in montage, vector, layout and time-based media. A combination of Art 149, 195, and 249 may be taken a maximum of four enrollments. CSU/UC
Art 196A
3D Modeling Fundamentals
Unit(s): 5.0 Class Hours: 54 Lecture, 108 Laboratory total.
Prerequisite: Art 195 or Art 184 with a minimum grade of C.
This is an introductory course in developing digital 3D art for video games, film, advertising and pre-visualization for product and architectural design. Focus is placed on building digital 3D characters, props and environments that will be used in students’ own animated short film or video game ideas. By employing the teacher-provided project management tools, students gain hands-on experience in how animated and interactive media projects are developed. Industry-standard low and high poly modeling methods, which utilize normal map application, is emphasized to ensure optimized models with stunning detail. A combination of Art 196A and 197A may be taken a maximum of four enrollments. CSU/UC

Art 196B
3D Modeling Intermediate
Unit(s): 3.0 Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 196A with a minimum grade of C.
Instruction in intermediate-level digital 3D modeling methods as used in video games, interactive media, television, film, previz, product illustration, architectural and bioscience visualization. Students are to model subjects geared to their chosen area of interest and then are provided instruction and guidance to increase proficiency, speed and communication skills required for professional 3D modelers. CSU

Art 197A
3D Animation Fundamentals
Unit(s): 5.0 Class Hours: 54 Lecture, 108 Laboratory total.
Prerequisite: Art 196A with a minimum grade of C.
Instruction in using 3D animation software for the purpose of linear storytelling. Emphasis on the incorporation of the classic principles of animation, and in learning the core components of the software that are necessary for effective visual communication. A combination of Art 196A and 197A may be taken a maximum of four enrollments. CSU/UC

Art 197B
3D Animation Intermediate
Unit(s): 3.0 Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 197A with a minimum grade of C.
Instruction in intermediate-level 3D animation techniques for linear and non-linear storytelling (e.g. film or video games). Emphasis is on the incorporation of the classic principles of animation, and in learning the core components of the software that are necessary for effective visual communication. CSU

Art 197C
3D Animation Advanced
Unit(s): 2.0 Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Art 197B with a minimum grade of C.
Instruction in advanced level 3D animation techniques for linear and non-linear storytelling (e.g. film or video games). Emphasis is on the incorporation of the classic principles of animation, and in learning the core components of the software that are necessary for effective visual communication. CSU

Art 198
Topics
Unit(s): 2.5 Class Hours: 27 Lecture, 54 Laboratory total.
This course provides an introduction to a basic hands-on experience of compositing for special effects as used in television, film and electronic games. There will be an emphasis on how digital 3D elements can be incorporated into the composite and how 3D scenes can be enhanced with the use of compositing techniques. CSU
Prerequisite: Art 152 with a minimum grade of C.

Ceramics-Advanced Throwing and Handbuilding
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 152 with a minimum grade of C.

Study of thrown and handbuilt sculptural forms. Exploration of decoration and glaze techniques and incorporation of non-traditional materials such as metal/wood/plastics/paints. CSU/UC

Ceramics-Advanced Study Process in Ceramics With Non-Traditional Media
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 152 or Art 153 with a minimum grade of C.

An advanced study in the ceramic process as it relates to a non-clay media approach. A sculptural form study with non-traditional materials as surface enhancements. CSU/UC

Electric Kiln Ceramics
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 151 with a minimum grade of C.

Provides student potters working studio production knowledge of the uses of an oxidizing electric kiln. Emphasizes types of electric kilns, spectrum of glaze formulas, and safety procedures of firing. CSU

Prerequisite: Art 291 with a minimum grade of C.

Jewelry II
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 182 with a minimum grade of C.

Continued instruction in the making of jewelry by means of fabrication, including techniques in silver soldering, die forming, etching, tool making, and hinge mechanisms. A combination of Art 282 and 283 may be taken a maximum of four enrollments. CSU

Jewelry III
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 282 with a minimum grade of C.

Advanced instruction in the making of jewelry by means of complex fabrication. Explores various traditional metal working techniques including mokume, inlay, complex soldering and raising. Gives opportunity for intensive work on projects of individual interest. May be repeated. A combination of Art 282 and 283 may be taken a maximum of four enrollments. CSU

Introduction to Stone Setting-Jewelry
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

An introduction to basic jewelry hand skills, including sawing, filing, soldering, and some fabrication. Emphasis is on cabochon and tube stone setting. Students supply their own stones and metal. A combination of Art 182, 284, and 285 may be taken a maximum of four enrollments. CSU

Introduction to Enameling-Jewelry
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Course is an introduction to basic jewelry hand skills, including sawing, filing, soldering, and some fabrication. Emphasis is on enameling on sheet metal and some cloisonne. Students supply their own enamel and metal. A combination of Art 182, 284, and 285 may be taken a maximum of four enrollments. CSU

Mural Painting and Design II Design
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 190 with a minimum grade of C.

An intermediate level mural art class designed to promote and advance the creative development of those with basic skills in mural painting. Opportunity for further study of historical and contemporary references and to increase experience with new media, methods, and techniques. Students will work collaboratively in groups and with the community to create designs. Intermediate students will take on more leadership roles in the group creative dynamic. CSU/UC

Mural Painting and Design III Design
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Prerequisite: Art 291 with a minimum grade of C.

An advanced level studio course providing opportunity for further refinement of large scale painting skills with increasing exposure to contemporary styles in mural painting. Exploration into an advanced personal mode of expression through development of media, technique, and style. CSU/UC
Art 296
Professional Art Production
Unit(s): 1.5 Class Hours: 18 Lecture, 45 Laboratory total.
Prerequisite: Art 196A with a minimum grade of C.
Designed to provide practice in developing digital 3D or multimedia art projects for actual clients or in a simulated setting. Students choose an art project based on strengths, interests and market need to work on during the class. CSU

Art 298
Art Practicum
Unit(s): 1.0 - 2.5 Class Hours: 0.50 Lecture, 20 Laboratory total.
Prerequisite: Portfolio review and previous or concurrent enrollment in a 200 level art course.
Directed study at selected locations providing workplace experience such as: gallery assistant, artist's apprentice, docent trainee, graphic design apprentice, etc. Before placement, skills assessed to match abilities with project needs. Experience differs each semester. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

ASIAN AMERICAN STUDIES (ASIA)

Asian American Studies 101
Introduction to Asian American Studies
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course is an introduction to the field of Asian Pacific American Studies. An interdisciplinary approach will be employed to study the experiences of various Asian and Pacific Islander groups in the United States utilizing the perspectives of race, nationality, class, gender, and sexuality. The course will cover historical and contemporary issues within Asian Pacific American communities, including immigration, anti-Asian violence, labor, unionization, and stereotypes. CSU/UC

Astronomy 109
Introduction to the Solar System
Unit(s): 3.0 Class Hours: 54 Lecture total.
Surveys history of astronomy, recent research and observations of the planets, moons, and other solar system objects. Exploration of light and gravity to understand formation, properties, and motion of Solar System objects. CSU/UC

Astronomy 110
Introduction to Stars and Galaxies
Unit(s): 3.0 Class Hours: 54 Lecture total.
Surveys the development of astronomy, current research and observations of stars, galaxies, and large-scaled structures in the universe. Exploration of light and gravity to understand the properties and evolution of stars, neutron stars, black holes, galaxies, and the universe's structures and changes. CSU/UC

Astronomy 110H
Honors Introduction to Stars and Galaxies
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: High school or college GPA of 3.0 or above.
Surveys the development of astronomy, current research and observations of stars, galaxies, and large-scaled structures in the universe. Exploration of light and gravity to understand the properties and evolution of stars, neutron stars, black holes, galaxies, and the universe structures and changes. CSU/UC

Astronomy 140
Astronomy Laboratory
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Astronomy 109 or 110 or 110H with a minimum grade of C or concurrent enrollment.
Utilizes experimental techniques to explore and comprehend properties and motions of celestial objects. Basic naked-eye, binocular, and small telescope observing techniques will be introduced. Field trips to local planetarium and dark sky locations may be included. CSU/UC

Astronomy 198
Topics
Unit(s): 0.5 - 4.0 Class Hours: 9 Lecture, 27 Laboratory total.
Specialized courses on topics in astronomy. CSU

AUTOMOTIVE TECHNOLOGY (AUTO)

Automotive Technology 102
Auto Essentials
Unit(s): 3.0 Class Hours: 54 Lecture total.
Intended for automotive majors. Introduction to the primary automotive systems used on modern vehicles. Theory, parts nomenclature, and description of system operation are emphasized. CSU

Automotive Technology 106
Automotive Maintenance
Unit(s): 4.0 Class Hours: 54 Lecture, 72 Laboratory total.
Introduces basic maintenance procedures in the areas of engines, chassis, and electrical systems. This course is recommended for consumers as well as students interested in entering the automotive repair field. Safe and correct hands-on use of tools and equipment by students is emphasized. Students must furnish approved safety glasses. CSU

Automotive Technology 108
Oxyacetylene-Arc Welding
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Technical knowledge and basic skills needed for occupational oxyacetylene and arc welding processes and applications. Students must furnish safety equipment. (Same as Diesel 108 and Welding 108). CSU

Automotive Technology 122
Electronics Fundamentals
Unit(s): 5.0 Class Hours: 72 Lecture, 72 Laboratory total.
Introduction to the basic operating principles of electrical and electronic devices used in modern vehicles. Hands-on digital multimeter testing is highlighted. Safe and correct use of tools and equipment by students will be emphasized. Students must furnish approved safety glasses. CSU

Automotive Technology 124
Electrical Systems
Unit(s): 5.0 Class Hours: 72 Lecture, 72 Laboratory total.
Theory, operation, diagnosis, and maintenance of automotive engine and body electrical systems. Use of wiring diagrams is highlighted. Safe and correct use of tools and equipment in the shop by students is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A6 (Electrical/Electronics) ASE certification exam. CSU
Automotive Technology 132

Engine Performance
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

Engine performance procedures including fuel, ignition, oscilloscope, emission control, and computer systems. Hands-on testing and diagnosis is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A8 (Engine Performance) ASE certification exam. CSU

Automotive Technology 143

Automatic Transmission Service
Unit(s): 4.0  Class Hours: 36 Lecture, 108 Laboratory total.

Theory, operation, diagnosis, and service procedures of automatic transmissions and transaxles. Hydraulic systems are highlighted. Hands-on testing and service procedures are emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A2 (Automatic Transmission/Transaxles) ASE certification exam. CSU

Automotive Technology 144

Manual Drive Train and Axles
Unit(s): 4.0  Class Hours: 36 Lecture, 108 Laboratory total.

Theory, operation, diagnosis, and service of manual transmissions, transaxles, clutches, drive shafts, and differentials. This course also covers minor service of automatic transmissions. Safe and correct hands-on procedures are emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A3 (Manual Drive Train) ASE certification exam. CSU

Automotive Technology 145

Advanced Drive Train Systems
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

Recommended Preparation: Automotive Technology 043 with a minimum grade of C.

This course covers fully electronic controlled automatic transmission/transaxle diagnosis and service. Emphasis is placed on specialized diagnostic equipment and safe hands-on practice. Diagnosis of electronic sensors is highlighted. This course assists the student in preparation for the A2 (Automatic Transmission/Transaxles) and A3 (Manual Drive Train) ASE certification exams. CSU

Automotive Technology 153

Brakes
Unit(s): 4.5  Class Hours: 54 Lecture, 90 Laboratory total.

Theory of operation, diagnosis, and service of drum, disc, and anti-lock brake systems used on modern vehicles. Safe and correct hands-on practice is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A5 (Brakes) ASE certification exam. CSU

Automotive Technology 154

Steering and Suspension Service
Unit(s): 4.5  Class Hours: 54 Lecture, 90 Laboratory total.

Theory, operation, diagnosis, and service of the steering and suspension systems used on modern vehicles. Wheel alignment procedures are highlighted. Hands-on practice is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A4 (Steering and Suspension) ASE certification exam. CSU

Automotive Technology 160

Foundations of Mobile Air Conditioning and Refrigeration
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

This course focuses on the mobile air conditioning and refrigeration systems used on modern vehicles. The systems found on automobiles, light and heavy duty trucks, transport refrigeration units, and transit buses are covered in this course with hands-on practice. Safe handling of refrigerant as well as preparation for EPA 608 and 609 exams are covered. Students must furnish approved safety glasses. This course assists the student in preparation for the A7, T7 and H7 ASE exams. (Same as Diesel 160). CSU

Automotive Technology 161

Automotive Air Conditioning, Heating and Ventilation Systems
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

The operation and service of modern automotive air conditioning systems. Practical application of air conditioning theory is presented to enable problem solving. Heating, ventilation, and electronic control systems are also included. Safe hands-on practice is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A7 (Air Conditioning and Heating) ASE certification exam. EPA 609 certification is an integral part of this course, CSU

Automotive Technology 172

Engine Diagnosis and Maintenance
Unit(s): 4.5  Class Hours: 54 Lecture, 90 Laboratory total.

This course deals with the diagnosis and maintenance of modern automotive engines and accessories, primarily while in the vehicle. The safe and correct use of engine testing equipment with hands-on practice is emphasized. Students will furnish approved safety glasses. This course assists the student in preparation for the A1 (Engine Repair) ASE certification exam. CSU

Automotive Technology 176

Engine Repair
Unit(s): 4.5  Class Hours: 54 Lecture, 90 Laboratory total.

This course deals with teardown, assembly, and repair of modern automotive engines. Accurate engine measurement is highlighted. Hands-on practice of engine repair skills is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A1 (Engine Repair) ASE certification exam. CSU

Automotive Technology 185

Basic Clean Air Car Course
Unit(s): 5.0  Class Hours: 90 Lecture total.

This is the Bureau of Automotive Repair (B.A.R.) Certified Basic Clean Air Car Course. This course fulfills one of the requirements to take the State Smog Technician Exam. Grade: Pass/No Pass Only. CSU

Automotive Technology 186

Advanced Clean Air Car Course
Unit(s): 2.0  Class Hours: 36 Lecture total.

This is the Bureau of Automotive Repair (B.A.R.) Certified Advanced Clean Air Car Course. This course fulfills one of the requirements to take the State Smog Technician Exam. Grade: Pass/No Pass Only. CSU

Automotive Technology 187

BAR Specified Diagnostic and Repair
Unit(s): 5.0  Class Hours: 90 Lecture total.

This course fulfills one of the required courses the student needs to take the State Smog Technician Exam. Grade: Pass/No Pass Only. CSU
Automotive Technology 280
Computer Control and OBD-2 Foundations
Unit(s): 3.0  Class Hours: 54 Lecture total.
The operation and diagnosis of automotive controller systems. Sensors, actuators, and networks are discussed. The key segments of OBD-2 are also presented. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams. CSU

Automotive Technology 281
Fuel Injection Systems
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course covers the theory, operation, and diagnosis of import and domestic fuel injection systems. Fuel supply, delivery, and control are emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams. CSU

Automotive Technology 282
Automotive Sensors
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course covers the function and testing of computerized engine sensors used on modern vehicles. The use of meters and test equipment will be emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams. CSU

Automotive Technology 283
Diagnostic Test Equipment
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course covers the use of automotive diagnostic equipment such as scan tools and hand held lab scopes. Test procedures and diagnostics will be emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams. CSU

Automotive Technology 284
OBD-2 Diagnosis and Networks
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course will present problem solving for code and non-code concerns on OBD-2 (On Board Diagnostic) vehicles. This course also covers the function and troubleshooting of automotive networks. CAN systems are emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams. CSU

Automotive Technology 285
Hybrid Vehicles
Unit(s): 3.0  Class Hours: 54 Lecture total.
Safety, operation, and basic service of modern hybrid vehicles. Safety and special tools for dealing with high voltage are emphasized. System function and components are highlighted. Electric vehicles are introduced. CSU

Automotive Technology 287
Alternative Fuels
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course introduces the student to the various types of alternative fuels used in modern vehicles. Safety and operation are highlighted. Compressed Natural Gas (CNG) training is emphasized. LPG, LNG, Bio-diesel, Ethanol, and Hydrogen are also covered. This course prepares automotive as well as diesel students for industry. (Same as Diesel 287). CSU

Automotive Technology 288
Diesel Engines: Light-Medium Duty Systems
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course will introduce the applications of modern light and medium duty diesel engines. German as well as domestic engine systems will be covered, including common rail fuel injection, turbo chargers, and diesel emission systems. CSU

BANKING (BANK)
Banking 010
Teller Training for Financial Institutions
Unit(s): 2.0  Class Hours: 36 Lecture total.
Course provides prospective bank employees with a broad overview of financial institutions and basic knowledge of teller techniques including bank transactions and customer service.

BIOLOGY (BIOL)

Biology 098
Topics
Unit(s): 0.5 - 4.0  Class Hours: 9 – 72 Lecture total.
Specialized courses on topics related to the needs of students in biology.

Biology 109
Fundamentals of Biology
Unit(s): 3.0  Class Hours: 54 Lecture total.
Principles of biology stressing the relationship of all organisms from anatomical, physiological, and ecological points of view. Includes cell machinery, genetics, reproduction, embryology, animal behavior, botany, ecology, evolution, and human physiology. Concurrent enrollment in Biology 109L recommended. Designed for non-biology majors. CSU/UC

Biology 109H
Honors Fundamentals of Biology
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Traditional Biology, enriched by extensive instructor-prepared study guides for each subject area of curriculum. Additional enhancement by outside reading suggestions and optional student reports. Class participation and discussion is strongly encouraged, as are questions on current reports and news in the popular media and scientific sources. Information will be expanded by reference to research observations and by appropriate references to classical and current literature. Emphasis is on analysis of pertinent topics using critical reading and interpretation skills. Concurrent enrollment in Biology 109L is recommended. Designed for non-biology majors. CSU/UC

Biology 109L
Fundamentals of Biology Laboratory
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Prerequisite: Biology 109 or Biology 109H with a minimum grade of C or concurrent enrollment.
Laboratory experiments that illustrate important biological concepts at all levels of organization, from molecules and cells, to organisms, populations, communities, and ecosystems. Content complements Biology 109/109L lecture material. Field trip required. CSU/UC

Biology 111
Marine Biology
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.
This course covers basic concepts of marine ecosystems including oceanographic principles, ecology, and a survey of marine habitats and diversity of marine organisms. CSU/UC
### Biology 115

**Concepts in Biology for Educators**  
Unit(s): 4.0  
Class Hours: 54 Lecture, 54 Laboratory total.  
An investigation in the basic principles of Biology and Science with content appropriate for future multiple-subject teachers and secondary through high school. The course material is presented within the context of the human experience and includes cell biology, physiology, genetics, evolution, ecology, animal behavior, and the interaction of humans with the environment. The course is taught from an inquiry-based strategy using active learning. May be repeated. CSU/UC

### Biology 127

**Ecology**  
Unit(s): 1.0  
Class Hours: 18 Lecture total.  
Introduction to the basic principles of ecology. Study of ecosystems, biomes, and the relationships of plants and animals in the natural world. This is a field study course and includes overnight camping. CSU

### Biology 128

**Natural History of the California Coast**  
Unit(s): 1.0  
Class Hours: 18 Lecture total.  
An ecological study of plant and animal life of the southern and central California coast. This is a field study course and includes overnight camping. CSU

### Biology 129

**Ecology of Southern California**  
Unit(s): 1.0  
Class Hours: 18 Lecture total.  
Identification and study of the plants and animals of the ocean, mountain and desert regions of Southern California with emphasis on the organisms’ relationship to their environment. This is a field study course and includes overnight camping. CSU

### Biology 131

**Natural History of the Southwest**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
An ecological study of mountain, canyon, and desert ecosystems of the Southwestern United States. Animal and plant identification, geology, and environmental problems will be emphasized. This is a field study course and includes overnight camping. CSU

### Biology 132

**Natural History of Death Valley**  
Unit(s): 1.0  
Class Hours: 18 Lecture total.  
Natural history of Death Valley emphasizing the biology of the plants and animals, their ecology, adaptations and evolutionary history, as well as the history of environmental change and human activities. This is a field study course and includes overnight camping. CSU

### Biology 133

**Desert Biology**  
Unit(s): 1.0  
Class Hours: 18 Lecture total.  
Study of desert organisms, their adaptations to arid conditions, their evolution, identification and ecology, and the impact of human activities on desert organisms, communities, and ecosystems. This is a field study course and includes overnight camping. CSU

### Biology 139

**Health Microbiology**  
Unit(s): 4.0  
Class Hours: 54 Lecture, 72 Laboratory total.  
Presents practical and theoretical aspects of medical microbiology to meet the needs of those in allied health professions. Provides basic knowledge of the microbial world by covering diversity, structure, metabolic and genetic characteristics, cultivation, and control. Emphasis is placed on human-microbe interactions, especially infectious diseases. Laboratory deals with identification, growth, and control of microorganisms. Prior completion of Biology 109 or 119 recommended. CSU/UC

### Biology 149

**Human Anatomy and Physiology**  
Unit(s): 4.0  
Class Hours: 54 Lecture, 54 Laboratory total.  
Structural organization of the human body: gross and microscopic structure of the integumentary, skeletal, muscular, nervous, sensory, endocrine, cardiovascular, lymphatic, respiratory, digestive, excretory, and reproductive systems, from cellular to organ system levels of organization. This course is primarily intended for nursing, allied health, kinesiology, and other health related majors. CSU/UC

### Biology 169

**Natural History of the Sierra Nevadas**  
Unit(s): 1.0 - 3.0  
Class Hours: 54 Lecture total.  
A field study of the ecology, geology, and history of the Sierra Nevada mountains. Animal and plant studies, environmental problems, and wilderness preservation will be emphasized. This is a field study course and includes overnight camping. CSU

### Biology 177

**Human Genetics**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Introductory course in human genetics which explores basic principles, patterns of inheritance, gene structure, function and regulation, current advances in genetics and gene technology, as well as social and ethical issues in contemporary genetics. CSU/UC

### Biology 190

**Introduction to Biotechnology**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
This course is a general examination of biology as it relates to the field of biotechnology. Topics include the fundamental chemical processes common in prokaryotic and eukaryotic biology, chemistry of bio-molecules (proteins, enzymes, nucleic acids and lipids), cellular and molecular biology, basic immunology, and classical and molecular genetics with an emphasis on gene expression and genetic engineering. CSU/UC

### Biology 190L

**Introductory Biotech Lab**  
Unit(s): 1.0  
Class Hours: 54 Laboratory total.  
Prerequisite: Biology 190 with a minimum grade of C or Concurrent enrollment in Biology 190.  
This laboratory is a general examination of biology as it relates to the field of biotechnology. The laboratory addresses basic skills and techniques common to the biotechnology industry. Topics include the measurement of activity and quantity of proteins, growth and manipulation of bacteria, genetic engineering and antibody methods. This course is intended as a laboratory class for students majoring in applied biology and as a general education laboratory option for all students. CSU/UC

### Biology 191 (C-ID BIOT 150 X = BIOL 191 + 193)

**Biotech A: Basic Skills**  
Unit(s): 4.0  
Class Hours: 54 Lecture, 54 Laboratory total.  
This course prepares students for entry-level work in the biotechnology industry by emphasizing the core concepts needed to work effectively in a bioscience laboratory. Topics include laboratory math, basic chemistry of buffers, healthy and safety, metrology and quality control. This course introduces students to standard biotechnology laboratory skills including laboratory measurement, maintenance of an industry standard notebook, preparation and sterilization of solutions, reagents and media, proper use and maintenance of laboratory equipment, adherence to quality control protocols and lab safety regulations, data collection and evaluation, basic separation methods, aseptic technique and documentation. CSU
Biology 192 (C-ID BIOT 220 X)
Biotech B: Proteins
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.

Prerequisite: Biology 191 with a minimum grade of C.

This course is an introduction to protein purification techniques including sample preparation, protein separation and purification, column chromatography, large-scale recovery, and use of assays for recovery analysis. It provides hands-on training with chromatography systems and assays used in industry and research laboratories. Application of current Good Manufacturing Process (cGMP), Good Laboratory Practice (GLP), and Standard Operating Procedures (SOPs) in relation to these techniques will be addressed. This course covers methods utilized for eukaryotic cell culture protein purification. CSU

Biology 193 (C-ID BIOT 150 X = BIOL 191 + 193)
Biotech C: Nucleic Acids
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.

Prerequisite: Biology 191 with a minimum grade of C.

This course introduces the fundamental skills in applied biotechnology focusing on the upstream research and development process. Skills include maintenance of an industry standard notebook; preparation and sterilization of solutions, reagents and media; utilization of good aseptic technique; proper use and maintenance of laboratory equipment; adherence to quality control protocols, lab safety regulations; biomolecules, cell structure, gene expression, molecular techniques including DNA/RNA extraction and purification, bioinformatics, polymerase chain reaction, electrophoresis, DNA sequencing, recombinant DNA technology, DNA cloning, fluorescence in situ hybridization, and Southern blot analysis, and in vitro transcription. Compliance with industry standards and regulations will be incorporated into course procedures. CSU

Biology 194 (C-ID BIOT 210 X)
Quality and Regulatory Compliance in Biosciences
Unit(s): 2.0  Class Hours: 36 Lecture total.

This course will cover quality assurance and regulatory compliance for the bioscience industries. Topics will span quality control and Federal Drug Administration (FDA) regulations for the biotechnology, biopharmaceutical, biomedical device, and food industries. Theories and application of quality assurance and quality control will be presented and several different quality systems will be discussed such as cGXP (current Good Practices), ISO9000 (International Standards Organization), Six Sigma and Lean. CSU

Biology 195
Biotech C: QC Microbiology
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Biology 229 with a minimum grade of C.

This course will cover the skills necessary to work in a regulated quality control microbiology laboratory. CSU

Biology 197
STEM Internship/Work Experience
Unit(s): 1.0 - 16.0  Class Hours: 60–1200 Lecture total.

Prerequisite: Successful completion of 10 units from Biotech course series.

Supervised paid or volunteer experience in student’s major including new or expanded responsibilities. 75 hours of paid work or 60 hours of unpaid work equals one unit. Course may be taken 4 times for a maximum of 16 units of occupational cooperative work experience credit. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Biology 200
Environment of Man
Unit(s): 3.0  Class Hours: 54 Lecture total.

A biological and physical science introduction to environmental problems such as energy, resources, pollution, land use, population and food, including economic and political factors. A natural science elective. (Same as Environmental Studies 200). CSU/UC

Biology 202
Cell Culture Techniques
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Biology 191 with a minimum grade of C.

Students will learn eukaryotic cell culture techniques that include working under aseptic conditions, sterile techniques, media preparation, quantification and passage of cell lines. Laboratory experience prepares students for work in industry. CSU

Biology 211 (C-ID BIOL 190)
Cellular and Molecular Biology
Unit(s): 5.0  Class Hours: 54 Lecture, 108 Laboratory total.

Prerequisite: Mathematics 080 or 081 or 84 and Chemistry 219 or 219H with a minimum grade of C.

An investigation into the molecular and cellular basis of life, including the evolution of cells, cell structure and function, energy and information flow, cellular reproduction, genetics, and the molecular basis of inheritance. Required of majors in biology, medicine, forestry, and agriculture. This course is a prerequisite for Biology 212 and Biology 214. CSU/UC

Biology 212 (C-ID BIOL 130S = BIOL 212 + 214)
Animal Diversity and Ecology
Unit(s): 5.0  Class Hours: 54 Lecture, 108 Laboratory total.

Prerequisite: Biology 211 with a minimum grade of C.

A study of ecological principles and relationships between animal diversity and ecosystems. Habitat, populations, ecological interactions, and environmental influences are stressed while surveying animal diversity and addressing structure, function, behavior, and adaptation of major taxonomic groups. Required of majors in biology, medicine, forestry and agriculture. Field trips required. CSU/UC

Biology 214 (C-ID BIOL 130S = BIOL 212 + 214)
Plant Diversity and Evolution
Unit(s): 5.0  Class Hours: 54 Lecture, 108 Laboratory total.

Prerequisite: Biology 211 with a minimum grade of C.

Principles and processes of evolution leading to biodiversity. Survey of the organisms, viruses, prokaryotes, fungi, algae, and plants with emphasis on evolutionary adaptations of the anatomy, physiology, and life cycles of these organisms. Field trips required. CSU/UC

Biology 217
Pathophysiology
Unit(s): 2.0  Class Hours: 36 Lecture total.

Prerequisite: Biology 149, 239 or 249 with a minimum grade of C.

Covers dynamic aspects of human disease. Links sciences of anatomy, physiology, and biochemistry with their application to clinical practice for health professionals. CSU

Biology 229
General Microbiology
Unit(s): 5.0  Class Hours: 54 Lecture, 108 Laboratory total.

Prerequisite: Biology 109/109H and 109L, or 139, or 149, or 211, or 239, or 249, or Chemistry 119 or Chemistry 209 with a minimum grade of C.

Introduction to microorganisms, their classification, structure, biochemistry, growth, control, and interactions with other organisms and the environment. Designed for biology, preprofessional, and prenursing (BSN) majors. CSU/UC

Biology 239 (C-ID BIOL 110B)
General Human Anatomy
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.

Structure of the human body. Systems, organs, and tissues are studied from human skeletons, models, charts, slides and various electronic programs. Laboratory includes the dissection of a cat and periodic demonstrations of a dissected cadaver as available. CSU/UC
Announcement of Courses

BLACK STUDIES / BUSINESS

Biology 249 (C-ID BIOL 120B)

Human Physiology
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.

Prerequisite: Introduction to Environmental Biology. Includes study of ecosystems, population dynamics, classification, diversity of plant and animal species, effects of pollutants at both the cellular and organismal levels, and principles of ecology. (Same as Environmental Studies 259). CSU/UC

Biological and Molecular Biology
Unit(s): 5.0  Class Hours: 54 Lecture, 108 Laboratory total.

Prerequisite: Introduction to Environmental Biology. Includes study of ecosystems, population dynamics, classification, diversity of plant and animal species, effects of pollutants at both the cellular and organismal levels, and principles of ecology. (Same as Environmental Studies 259). CSU/UC

BUSINESS (BUS)

Business 080
Business Mathematics
Unit(s): 3.0  Class Hours: 54 Lecture total.

An introduction to the basic fundamentals of business. A survey of marketing, management, production, accounting, finance, and economics and how they interrelate in the business environment. CSU/UC

Business 100 (C-ID BUS 110)

Fundamentals of Business
Unit(s): 3.0  Class Hours: 54 Lecture total.

An introduction to the basic fundamentals of business. A survey of marketing, management, production, accounting, finance, and economics and how they interrelate in the business environment. CSU/UC

Business 101 (C-ID BUS 125)

Business Law
Unit(s): 3.0  Class Hours: 54 Lecture total.

Fundamental legal principles pertaining to business transactions. Introduction to the legal process. Topics include sources of law and ethics, contracts, torts, agency, criminal law, business organizations, and judicial and administrative processes. CSU/UC

Business 103
Cooperative Work Experience-Occupational Education-Occupational
Unit(s): 1.0 - 4.0  Class Hours: 60 - 300 Lecture total.

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students' major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Business 104
Cooperative Work Experience-General Education-General
Unit(s): 1.0 - 4.0  Class Hours: 60 - 300 Lecture total.

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students' major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Business 105 (C-ID BUS 120)

Legal Environment of Business
Unit(s): 3.0  Class Hours: 54 Lecture total.

Fundamental legal principles pertaining to business transactions. Introduction to the law as an instrument of social and political control in society. Topics include sources of law and ethics, contracts, torts, agency, judicial and administrative processes, employment law, forms of business organizations, and domestic and international governmental regulations. CSU/UC

Business 106
Culture and International Business-Kiss, Bow Or Shake Hands
Unit(s): 3.0  Class Hours: 54 Lecture total.

An introduction to different cultures and their effects on international business. Analysis of cross-cultural attitudes towards management, status, rules, relationships, motivating employees, and negotiation. CSU

Business 110
Export Pricing, Quotations and Terms of Trade
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn how to respond to trade inquiries. Learn international trade terms of sale, international pricing and supply chain management. Learn how to calculate landed costs and export pricing. CSU

Business 111
International Business Documentation-Beginning
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn how to create and issue international documents used in selling or buying products. Includes the creation and use of actual documents used in international business. CSU
### Business 113
**International Transportation**
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn how to ship products internationally and develop a transportation strategy. Includes transportation terminology, the role of the freight forwarder, transportation documentation, freight cost calculations, major ports of the world, and distribution issues. CSU

### Business 114
**International Documentation and Supply Chain Management**
Unit(s): 1.0  Class Hours: 18 Lecture total.

International documents for product inspection, health/agricultural registrations, and hazardous materials shipments. Utilizes actual documents, software, and resources necessary to effectively complete documentation. Introduces the need for supply chain management and inventory control. CSU

### Business 120
**Principles of Management**
Unit(s): 3.0  Class Hours: 54 Lecture total.

Principles, methods, and procedures essential to the successful management of human and financial resources. Planning, decision making, staffing, directing, motivating, leading, communicating, controlling and the application of managerial skills. (Same as Management 120). CSU

### Business 121
**Human Relations and Organizational Behavior**
Unit(s): 3.0  Class Hours: 54 Lecture total.

The role of the manager and management’s relationship to employees. Includes the application of motivational theories, communications, leadership, and organizational structure. (Same as Management 121). CSU

### Business 125
**Introduction to International Business**
Unit(s): 3.0  Class Hours: 54 Lecture total.

A survey course previewing international marketing, finance, law, and logistics. Includes how a company decides to go global and how products are made, transported, and sold around the world. CSU

### Business 127
**Introduction to E-Commerce**
Unit(s): 3.0  Class Hours: 54 Lecture total.

Electronic commerce from a managerial perspective focusing on the retailing, business-to-business, and service industries. Topics include e-commerce infrastructure, intranets and extranets, electronic payment systems, marketing research, advertising, e-commerce strategies, and privacy issues. (Same as Marketing 127). CSU

### Business 130
**Personal Finance**
Unit(s): 3.0  Class Hours: 54 Lecture total.

This course is an integrative approach to personal finance focusing on practical financial decision making, practice computational skills, preparation to reason quantitatively, and explain and apply mathematical reasoning concepts to solve problems experienced in daily or professional life related to money/finance. Course includes the social, psychological, and physiological contexts in which financial decisions are made. Students will examine their relationships with money, set personal goals, and develop a plan to meet those goals. Topics include consumerism, debt, healthcare, investing, retirement, long-term care, disability, death, and taxes. Students will perform calculations to analyze their savings, investments, budgets and develop a plan to meet financial goals. CSU

### Business 140
**Principles of Finance**
Unit(s): 3.0  Class Hours: 54 Lecture total.

An introduction to corporate financial management and the functioning of global financial markets. Includes financial planning and analysis, working capital management, capital budgeting, time value of money, risk analysis, capital markets, and long term financing. CSU

### Business 141
**The Globalization of Marketing**
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn how to adapt marketing techniques to international markets, how to develop marketing strategies, and how to target markets based on the cultural, political and economic environments. Learn how to create forecasts and budgets for international markets. CSU

### Business 142
**International Market Research and Planning**
Unit(s): 1.0  Class Hours: 18 Lecture total.

How to research international markets for opportunities using the Internet, government and private resources as well as in-market surveys. Includes the development of international marketing strategies and the analysis of domestic and international markets for import and export opportunities. CSU

### Business 143
**Packaging, Pricing, and Promoting Products/Services for Export**
Unit(s): 1.0  Class Hours: 18 Lecture total.

Understand international market requirements. Learn to adapt products and services to meet international market needs. Create competitive price structures. Implement exciting promotion and advertising plans. Learn how to entice international customers to buy U.S. products and services. CSU

### Business 144
**International Commercial Agreements and Distribution Law**
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn alternate methods for distributing products in international markets. How to use distributors and agents. Learn channels of distribution for different industries and different countries. Adapt distribution strategies to maintain product quality, positioning, and competitive price structure. CSU

### Business 145
**Channels of Distribution in International Markets**
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn how to ship products internationally and develop a transportation strategy. Includes transportation terminology, the role of the freight forwarder, transportation documentation, freight cost calculations, major ports of the world, and distribution issues. CSU

### Business 147
**International Commercial Agreements and Distribution Law**
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn to create business contracts in the global marketplace and how to use the U.N. Convention on Contracts for the International Sale of Goods. Learn about contracts with foreign sales representatives and laws regulating international distribution. Learn about international limited liability companies and foreign direct investment laws. (Same as Paralegal 147). CSU

### Business 148
**International Intellectual Property Law**
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn international intellectual property law—patents, copyrights, trademarks, and trade secrets. Learn international treaties relating to intellectual property rights. Learn technology licensing agreements and international franchising. (Same as Paralegal 148). CSU

### Business 149
**The Law of Global Commerce**
Unit(s): 1.0  Class Hours: 18 Lecture total.

How countries join together to create trade. Includes NAFTA, GATT, the EU and other trade agreements around the world. Explore law in different legal systems as well as U.S. export regulations. (Same as Paralegal 149). CSU
Business 150 (C-ID ITIS 120) (C-ID BUS 140)
Introduction to Information Systems and Applications
Unit(s): 3.0  Class Hours: 54 Lecture total.
Introduction to computer concepts and management information systems. Application software will be used to solve business problems. CSU/UC

Business 160
Introduction to Stock and Bond Investments
Unit(s): 3.0  Class Hours: 54 Lecture total.
An introductory course in investment decision-making. Topics covered are types of securities, securities markets, stocks, bonds, options, mutual funds, value analysis, international investing, portfolio management, and financial planning. CSU

Business 163
International Methods of Payment and Letters of Credit
Unit(s): 1.0  Class Hours: 18 Lecture total.
Analyze international methods of payment to determine risks and benefits. Learn how to initiate and utilize a letter of credit and its role in international transactions. Learn how to check customer credit and assign payment terms. CSU

Business 164
Alternative Financing Techniques for International Trade
Unit(s): 1.0  Class Hours: 18 Lecture total.
Explore the alternative financing techniques of bartering, countertrade, and forfeiting for medium-term financing. Learn how the foreign exchange market operates and the risk and management techniques of foreign exchange. CSU

Business 165
International Trade Finance and Insurance
Unit(s): 1.0  Class Hours: 18 Lecture total.
Borrowing based on specific import/export transactions-documentary bankers' acceptances, clean bankers' acceptance financing, trade acceptance, borrowing against receivables, sale of receivables, and factoring. Learn to assess risks, hedge risks, and insure international trade transactions. Discover Eximbank. CSU

Business 166
Financing an Import/Export Business
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn where and how to obtain financing to operate an international business. Discover domestic and international financing and lending sources, commercial banks and brokers, non-bank lenders, government, and quasi-government lenders. Understand government finance assistance organizations. CSU

Business 170
Principles of Small Business Management
Unit(s): 3.0  Class Hours: 54 Lecture total.
Practical business skills needed to start and operate a small business. Includes information on risk management, site location, legal aspects, financing, budgeting, merchandising, promotion, and management techniques. CSU

Business 180
Finding and Evaluating Products for Import
Unit(s): 1.0  Class Hours: 18 Lecture total.
Evaluate the potential of an import business. Contact vendors and source products. Determine import classification, tariffs and taxes and calculate landed costs to import into the U.S. CSU

Business 182
Classifying Imports and Clearing U.S. Customs
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn to classify products being imported into the U.S. using the Harmonized Tariff Schedule (HTS). Identify applicable duty rates and quotas for products. Learn how the operations and U.S. Customs programs have changed since 9/11/2001. CSU

Business 183
Customs Broker License Class
Unit(s): 3.0  Class Hours: 54 Lecture total.
Gain in-depth knowledge of import regulations, tariff schedules, and customs law in order to become a customs broker. Learn the concepts covered in the Homeland Security Customs Broker Examination. CSU

Business 184
Customs Broker Exam Prep Class
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prepare for the customs broker exam. Designed to help students study for the Homeland Security Customs Broker Exam. CSU

Business 222 (C-ID BUS 115)
Business Writing
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or 101H with a minimum grade of C.
Overview of oral and written communication skills used in business. Emphasizes guidelines for improving writing and speaking skills, common solutions to common communication problems, ethical issues facing business communicators today, instructions on how to identify areas of legal vulnerability, and tested techniques for communicating successfully in today's high-tech, international business environment. CSU

BUSINESS APPLICATIONS (BA)

Business Applications 017
Business Writing Skills
Unit(s): 3.0  Class Hours: 54 Lecture total.
Comprehensive, up-to-date business usage of grammar including punctuation, capitalization, number style, spelling, vocabulary development, and other effective business writing skills. Designed to improve professional written communication including letters, reports, proposals, and email.

Business Applications 018
Office Procedures
Unit(s): 3.0  Class Hours: 54 Lecture total.
Develop and improve professional business skills using current standards and procedures including job search and advancement, leadership skills, administrative support, effective written and verbal communication, and office management. Instruction includes office technology, business ethics, decision-making skills, travel and meeting arrangements, time and stress management, and teamwork skills.

Business Applications 035
Computer Fundamentals
Unit(s): 1.5  Class Hours: 27 Lecture total.
Learn current computer technology, understand hardware components, and software applications using current industry standards. Topics also include Internet, virus protection, networking, cloud computing, and WiFi. Helpful tips to make using the computer easier, faster and more efficient. Course is designed for beginner and experienced users needing to update business technology knowledge and skills.
ANNOUNCEMENT OF COURSES

Business Applications 051
Introduction to Spanish Bilingual Interpreting
Unit(s): 3.0  Class Hours: 54 Lecture total.

An introductory course in interpretation/translation in English/Spanish designed to introduce students to the different career fields that employ bilingual skills such as the business, legal, medical, and educational professions. Written translation and oral interpretation skills will be utilized and developed in both English and Spanish. Fluency in Spanish and English is recommended.

Business Applications 056
General Foundation for Bilingual Business Interpretation-Spanish/English
Unit(s): 3.0  Class Hours: 54 Lecture total.

A course designed to give general foundations for interpreting and translating in Spanish and English for government and private health services-providers. Fluency in Spanish and English strongly recommended.

Business Applications 057
Medical Interpretation and Translation-Spanish/English
Unit(s): 3.0  Class Hours: 54 Lecture total.

A course in medical interpretation/translation designed for employment certification of interpreters for governmental and private health services-providers. Fluency in Spanish and English strongly recommended.

Business Applications 058
Legal Interpretation and Translation-Spanish/English
Unit(s): 3.0  Class Hours: 54 Lecture total.

A course in legal interpretation/translation designed for employment certification of interpreters for government and private legal businesses. Fluency in Spanish and English strongly recommended.

Business Applications 110A
Computer Keyboarding Skills
Formerly: Computer Keyboarding Skills I
Unit(s): 1.0  Class Hours: 18 Lecture total.

This course is the first step in learning proper keyboarding techniques with accuracy using correct hand and finger positioning. Students will follow step-by-step instructions for all alphabet, numbers, punctuation, enter/return, and shift keys. Typing correctly without errors will provide the skills necessary to develop speed with accuracy. Open Entry/Open Exit. CSU

Business Applications 115A
Computer Keyboarding Speed and Accuracy Development
Formerly: Computer Keyboarding Speed and Accuracy Development I
Unit(s): 1.0  Class Hours: 18 Lecture total.

After the basic keyboarding skills have been mastered, the most important next step is to take this course to develop and increase speed with accuracy. Students will use drills and timed writing tests to develop speed and accuracy to meet current business employment typing requirements and make the use of business technology faster and easier. Proper typing skills with a minimum 20 words per minute (WPM) or completion of BA 110A recommended. Open Entry/Open Exit. CSU

Business Applications 125
Microsoft Word
Formerly: Microsoft Word Basics
Unit(s): 2.0  Class Hours: 36 Lecture total.

Learn the most efficient methods of creating, editing, formatting, and printing professional business documents faster and easier. Beginners as well as experienced Word users will benefit from learning proper file setup and shortcuts using current business standards. Students will master basic skills and learn advanced features and techniques to produce a wide variety of documents including resumes, newsletters, and brochures. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification. CSU

Business Applications 126
Microsoft Outlook
Unit(s): 2.0  Class Hours: 36 Lecture total.

Learn how business professionals use all the features in Microsoft Outlook for information management to improve communication and increase productivity. Topics include proper email usage, create meeting invites, schedule appointments, manage contacts, organize emails, manage calendars, email security, customize settings, and create backups. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification. CSU

Business Applications 147
Introduction to Windows
Unit(s): 1.5  Class Hours: 27 Lecture total.

This course is designed for beginning and experienced computer users needing to update business technology skills in using Windows. Customize the Windows environment using the latest features including Start menu tiles, settings, task bar, pin apps, Cortana, Microsoft Edge browser, and OneNote. Learn File Explorer to manage files and folders more efficiently and use OneDrive for Cloud storage. CSU

Business Applications 160
Microsoft Publisher
Unit(s): 2.0  Class Hours: 36 Lecture total.

Learn to use Microsoft Publisher, a desktop publishing application integrating text and images for professional page layout for business projects including brochures, flyers, newsletters, and multi-page publications. Students will learn proper techniques in creating, editing, formatting, exporting PDF, printing, and preparing a publication for distribution using current business standards. CSU

Business Applications 163
Adobe Acrobat
Unit(s): 3.0  Class Hours: 54 Lecture total.

Learn to use Adobe Acrobat Pro software to create, secure, optimize, and distribute interactive PDF documents for print and web. Course covers document review features to add comment and editing notes and electronic signatures used by most departments in an office based on current business standards. CSU

Business Applications 164
Adobe Photoshop
Unit(s): 3.0  Class Hours: 54 Lecture total.

Learn how to efficiently use Adobe Photoshop for photo and original artwork image editing for print and web projects based on current industry standards and methods. Topics include graphics terminology, color correction, photo repair and restoration, proper file setup and export, masking, filters, channels, and special effects. CSU
Business Applications 166
Adobe Illustrator
Unit(s): 3.0 Class Hours: 54 Lecture total.
Learn how to use Adobe Illustrator to digitally create, manipulate, and export vector based graphic images, illustrations, drawings, logos, business cards, and simple page layout for print and Web projects based on current industry standards and methods. CSU

Business Applications 169
Adobe Dreamweaver
Unit(s): 3.0 Class Hours: 54 Lecture total.
Learn to use Adobe Dreamweaver to create professional Web sites for mobile, tablet, and desktop devices using current industry standards and methods. The course includes site mapping, wireframes, search engine optimization (SEO) techniques, HTML5, XHTML, responsive fluid design, cascading style sheets (CSS), links, proper setup of Web images, cross-browser testing, and publishing. CSU

Business Applications 170
Adobe InDesign
Unit(s): 3.0 Class Hours: 54 Lecture total.
Learn how to use Adobe InDesign desktop publishing software to produce professional page layout projects such as brochures, newsletters, flyers, magazines, and books for print and web using current business standards and methods. Topics include typography, importing and linking graphics, creating and applying colors, master pages, frames, proper file setup, styles, interactivity, prepress, and preflight. CSU

Business Applications 171
Adobe Premiere Pro
Unit(s): 3.0 Class Hours: 54 Lecture total.
Learn to use Adobe Premiere Pro, the industry-leading video editing software to create professional video presentation projects for today's business marketing and sales via web and social media. Step-by-step, project based lessons using proper software techniques and industry standards to effectively use this business application. This course will prepare the student for the Adobe Certified Associate (ACA) exam to earn an industry recognized certification. CSU

Business Applications 172
Adobe After Effects
Unit(s): 3.0 Class Hours: 54 Lecture total.
Learn how businesses today use After Effects software to create professional motion graphics for corporate presentations, company profiles, and marketing projects for web and social media. Step-by-step, project-based lessons on how to create, manipulate, and optimize motion graphics to grab your audience’s attention with a high-quality intro video, animated slide show, or presentations of your business. CSU

Business Applications 173
Adobe Animate
Formerly: Adobe Flash
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course introduces multimedia design for business using Adobe Animate for web sites, banner ads, presentations, and online tutorials based on current business standards. Topics include animation, importing sound and video, ActionScript, interactivity, testing, and publishing. Knowledge of Photoshop helpful. This course will prepare the student for the Adobe Certified Associate (ACA) exam to earn an industry recognized certification. CSU

Business Applications 179
Introduction to Microsoft Office
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course is designed for beginning and experienced computer users needing to build and update business technology skills in using Microsoft Office Word, Excel, and PowerPoint. Learn to use the essential features and proper techniques to create, edit, format, export PDF, and print professional business documents, spreadsheets, and presentations. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification in Word, Excel, and PowerPoint. CSU

Business Applications 181
Everyone Can Code With Apple
Unit(s): 3.0 Class Hours: 54 Lecture total.
Learn about mobile business applications, what it takes to develop a mobile app for your business, and how to market your business app successfully. This is an introductory course in using an Apple visual-based application software to create mobile applications for Apple products such as iPhone and Apple Watch. Students will use an iPad to explore fundamental concepts using application technology to build mobile apps for a business and inspire new career possibilities in business technology. CSU

Business Applications 185
Microsoft Excel
Unit(s): 2.0 Class Hours: 36 Lecture total.
Learn the latest features and techniques in creating captivating business slide presentations. Beginning and experienced PowerPoint users will benefit from learning proper file setup and professional presentation tips using current business standards. Topics include slide animation, transitions, and inserting tables, charts, images, videos, and audio. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification. CSU
# CHEMISTRY (CHEM)

## Chemistry in the Community

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 109</td>
<td>4.0</td>
<td>54 Lecture, 54 Laboratory total</td>
<td>The non-science major will study practical applications of chemistry and the chemical principles behind them including: the scientific method, atomic structure, molecular models, and chemical reactions. Environmental and community issues will be the focus of student centered laboratories, discussions and field trips. Group work and computer activities will be used in this cooperative learning environment. CSU/UC</td>
</tr>
</tbody>
</table>

## Concepts in Physical Sciences for Educators

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 115</td>
<td>4.0</td>
<td>54 Lecture, 54 Laboratory total</td>
<td>Recommended Preparation: Completion of Mathematics N48 is recommended. An investigation of basic principles of physics and chemistry including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be emphasized. Designed for non-science majors, concepts are introduced in lab through inquiry and further developed during discussion. (Same as Physical Science 115). CSU/UC</td>
</tr>
</tbody>
</table>

## Fundamentals - General and Organic

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 209</td>
<td>4.0</td>
<td>54 Lecture, 54 Laboratory total</td>
<td>Prerequisite: Mathematics 060 or 061 with a minimum grade of C. No prior chemistry needed. For majors in nursing, dietetics, family and consumer studies, pharmacy technology, biology, and physical education. Includes atomic structure, nuclear chemistry, bonding, solutions, acids and bases, organic nomenclature, hydrocarbons and alcohols. CSU/UC</td>
</tr>
</tbody>
</table>

## Introductory Chemistry

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 210</td>
<td>5.0</td>
<td>72 Lecture, 54 Laboratory total</td>
<td>Prerequisite: Chemistry 209 with a minimum grade of C. Basic concepts of matter: atomic structure, formulas, equation writing, nomenclature, gases and kinetic theory. Emphasizes properties of solutions, and the mole concept in quantitative chemistry. Prepares students for Biology and Chemistry 219. CSU/UC</td>
</tr>
</tbody>
</table>

## General, Organic and Biochemistry

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 219</td>
<td>5.0</td>
<td>108 Laboratory total</td>
<td>Prerequisite: Mathematics 080 or Mathematics 081 or Mathematics 084 with a minimum grade of C and Chemistry 209 with a minimum grade of C or a passing score on current chemistry placement test. Fundamental principles and concepts of chemistry including, but not limited to, atomic structure, quantum theory, periodic properties, stoichiometry, oxidation-reduction, molecular structure and bonding, gas laws, states of matter, solutions, chemical kinetics and chemical equilibrium. CSU/UC</td>
</tr>
</tbody>
</table>

## General Chemistry

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 219H</td>
<td>5.0</td>
<td>108 Laboratory total</td>
<td>Prerequisite: Mathematics 080 or Mathematics 081 or Mathematics 084 with a minimum grade of C. Continuation of Chemistry 219, including but not limited to, atomic structure, quantum theory, periodic properties, stoichiometry, oxidation-reduction, molecular structure and bonding, gas laws, states of matter, solutions, chemical kinetics and chemical equilibrium. CSU/UC</td>
</tr>
</tbody>
</table>

## General Chemistry and Qualitative Analysis

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 229</td>
<td>5.0</td>
<td>108 Laboratory total</td>
<td>Prerequisite: Chemistry 219 with a minimum grade of C. This course is the first semester of a year of organic chemistry. This course will cover: structure and bonding, nomenclature, descriptive chemistry, reaction mechanisms, synthetic methods and IR spectroscopy for different functional groups including alkanes, alkenes, alkyne, alkyl halides, organometallics, alcohols, and ethers. Laboratory will include: separations/purifications identification, and simple syntheses. CSU/UC</td>
</tr>
</tbody>
</table>

## Organic Chemistry I

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Class Hours</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry 249</td>
<td>5.0</td>
<td>108 Laboratory total</td>
<td>Prerequisite: Chemistry 229 with a minimum grade of C. This course is the second semester of a year of organic chemistry (continuation of Chemistry 249). It includes units on structure elucidation, aromatic compounds, carbonyl compounds, carboxylic acids and their derivatives, amines, and classes of biologically important compounds. More complex synthetic routes are explored. Laboratory work includes multi-step syntheses and unknown identification. Reaction mechanisms and use of spectroscopic techniques continue to be emphasized. CSU/UC</td>
</tr>
</tbody>
</table>
CHICANO STUDIES (CHST)

Chicano Studies 101
Introduction to Chicano/o Studies
Formerly: Introduction to Chicano Studies
Unit(s): 3.0  Class Hours: 54 Lecture total.

This course is an introduction to the field of Chicana/o/@/x/e Studies. It is designed to acquaint students with the most significant social, political, economic, and historical aspects of the Chicana/o/@/x/e experience in the United States. As such, the course is interdisciplinary in nature and critically analyzes the societal context in which Chicanas/os/@s/xs/es have sought to maintain their culture. This course is designed to present a foundation in Chicana/o/@/x/e Studies. CSU/UC

CHILD DEVELOPMENT (CDEV)

Child Development 070
Early Childhood Education: Introductory Principles and Practices (DS3)
Unit(s): 3.0  Class Hours: 54 Lecture total.

Recommended Preparation: English for Multilingual Students 055 is recommended.

Bilingual (Spanish/English) course designed to introduce Spanish speaking students who are considering a career as teachers or aides to the scope of early childhood education. This class meets state licensing requirements for aides and limited-English caregivers in Early Childhood Education programs.

Child Development 107 (C-ID CDEV 100)
Child Growth and Development (DS1)
Unit(s): 3.0  Class Hours: 54 Lecture total.

This course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, from conception through adolescence. Using developmental theories and research methodologies, course emphasis will be on typical and atypical development, maturational processes, and environmental factors. Students will also observe children, evaluate individual differences, and analyze characteristics of development at various stages. (No credit if student has taken Psychology 157). CSU/UC

Child Development 108 (C-ID CDEV 200)
Observation and Assessment for Early Learning and Development (DS3)
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Child Development 107 with a minimum grade of C. Negative TB Test (must be completed before observations take place during the semester). By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play, and learning to join with families and professionals in promoting children's success. Recording strategies, rating systems, portfolios, and multiple assessment tools are explored. CSU

Child Development 110 (C-ID CDEV 110)
Child, Family, and Community (DS2)
Unit(s): 3.0  Class Hours: 54 Lecture total.

This class examines the developing child in a societal context, focusing on the interrelationship of family, school and community, and emphasizes historical and socio-cultural factors. Students will explore socialization processes and identity development that support and empower families by showing the importance of respectful and reciprocal relationships. CSU/UC

Child Development 111A (C-ID ECE 120)
Principles and Practices of Teaching Young Children
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Child Development 108 with a minimum grade of C. Negative TB Test (need to complete before observation during the course). By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

This course examines the underlying historical and theoretical principles, and the developmentally appropriate practices of early childhood programs and environments. Emphasis will be on the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative, and intellectual development for all children. The evolution of professional practices promoting advocacy, ethics, and professional identity will be explored. CSU

Child Development 111B (C-ID ECE 130)
Introduction to Curriculum for Young Children
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Child Development 108, and Child Development 111A with a minimum grade of C or concurrent enrollment in Child Development 111A. By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

This course presents an overview of knowledge and skills needed to provide developmentally appropriate curriculum for young children. Students will examine the teacher's role in supporting development, fostering the joy of learning and creativity through the essential role of play. Content areas include language/literacy, social/emotional/sensory learning, art, music, math, science, health/safety, and motor development. CSU

Child Development 112 (C-ID ECE 220)
Health, Safety, and Nutrition for Children
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

Recommended Preparation: 6 units of child development coursework.

This course examines the regulations, policies, procedures and best practices for early childhood curriculum related to health, safety, food, and nutrition while supporting child development through everyday planning and school programming. The importance of collaboration between families and health and school professionals to ensure physical and mental health of all children, families, and professionals will be explored. Students will have to show proof of negative TB test results by the 4th week of the semester. Observations to local child development centers will be included. CSU

Child Development 114
Careers in Teaching
Unit(s): 1.0  Class Hours: 18 Lecture total.

Introduction to the teaching profession, culturally diverse student populations, career ladders and options, academic preparation, experience, and credentials required for employment, utilizing career assessments, principles of goal setting, and exposure to teaching environments and teaching professionals. Students will formulate a career objective and develop an educational plan. (Same as Counseling 114). CSU
Child Development 116A
Infant/Toddler Growth and Development (DS4)
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Child Development 107 and Child Development 108 with a minimum grade of C. By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
A study of infants and toddlers from conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development. CSU/UC

Child Development 116B
Care and Education for Infants and Toddlers (DS3)
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Child Development 107, Child Development 108, and Child Development 116A with a minimum grade of C or concurrent enrollment in Child Development 116A. By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
Applies current theory and research to the care and education of infants and toddlers in group settings. Examines essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months. CSU

Child Development 120A
Development of the School Age Child (DS5)
Unit(s): 3.0  Class Hours: 54 Lecture total.
An examination of the physical, cognitive, personality, and social development of children between the ages of five and twelve years. Attention will be paid to the scientific study of middle childhood, developmental trends, and issues of diversity. Not offered every semester. CSU/UC

Child Development 120B
School-Age Child Care and Recreation Activities (DS5)
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Child Development 120A with a minimum grade of C or concurrent enrollment in Child Development 120A.
This course will focus on school age creative activities, including planning and implementing an appropriate before/after school curriculum. Attention will be paid to integrating academics, recreation, and creative activities suitable for school-age child care programs. CSU

Child Development 200
Introduction to Technology in Early Childhood Education
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
This course provides students knowledge about and experience with technological tools used in early childhood settings. Students will have the opportunity to evaluate the impact of technology as it relates to growth and development of children and developmentally appropriate practices. Emphasis will be on basic knowledge and practice in a wide variety of current and emerging technologies and how to integrate them in the learning environment. CSU

Child Development 205
Introduction to Children With Special Needs
Unit(s): 3.0  Class Hours: 54 Lecture total.
Introduces the variations in development of children and adolescents with special needs, and the resulting impact on families. Includes an overview of historical and societal influences, laws relating to individuals with special needs, and the identification and referral process. (Same as Education 203). CSU
Child Development 220
The Child As a Victim
Unit(s): 3.0 Class Hours: 54 Lecture total.
Exploration of battered, molested, and neglected children from five vantage points: child, law, parents, social services and educator. CSU

Child Development 221 (C-ID ECE 230)
Living and Teaching in a Diverse Society
Unit(s): 3.0 Class Hours: 54 Lecture total.
Examination of the development of social identities in diverse societies, and implications of oppression and privilege, as they apply to young children, families, programs, classrooms, and teaching. Classroom strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches, self-examination, and reflection on issues related to social identity, stereotypes and bias, social and educational access, media, and schooling. CSU/UC

Child Development 229
Brain Development and Learning
Unit(s): 2.0 Class Hours: 36 Lecture total.
This class explores the development of the brain for children from birth through adolescence, and how behavior and learning are affected. Brain-based learning strategies will be used to teach new ways of approaching learning including how to understand diverse learning styles. This course is designed for educators, parents, and students who are interested in knowing more about how the brain operates and how environment affects the brain. CSU

Child Development 230
Child Guidance and Classroom Management
Unit(s): 2.0 Class Hours: 36 Lecture total.
This course will explore expectations about young children's behavior and the importance of teacher interaction skills in addressing and dealing with behavior issues. Behavior expectations will be defined, skills for dealing with various behaviors will be developed and a file of community resources in regards to behavioral issues will be created. It is advised that participants take this course in conjunction with working in a classroom setting. CSU

Child Development 231
Developing Language and Literacy in Young Children
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
Designed to introduce students to basic concepts of first and second language acquisition and literacy in young children including classroom applications. CSU

Child Development 232
Math and Science Methods for Early Learning Environments
Unit(s): 2.0 Class Hours: 36 Lecture total.
Introduces early learning teachers to basic math and science principles and the standards established by the National Council of Teachers of Mathematics and the National Science Content Standards for early learning environments. Includes theoretical and practical applications for problem-solving and critical thinking that are common to math and science. Students will develop a personal file of appropriate math/science activities for early learning. CSU

Child Development 250
Adult Supervising and Mentoring in Early Care and Education
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Child Development 111B or Child Development 116B with a minimum grade of C. By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
For the experienced teacher, a study of the methods and principles of supervising adults in early childhood classrooms. Emphasis is on the role of experienced classroom teachers who function as supervisors/mentors to new teachers and staff while simultaneously addressing program quality and the needs of children, parents, and other staff. CSU

Child Development 297
Analyzing and Applying Teacher Strategies in the Classroom
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Child Development 111B or Child Development 116B or Child Development 120B with a minimum grade of C. By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
This course will provide students with essential skills to utilize a variety of current statewide assessment tools that address the quality of early childhood programs and the developmental levels of young children. Students will identify strategies to help teachers effectively use curriculum that is intentional, child-focused, and content-driven. Students will also learn to be responsive of cultural diversity, English-language learners, and the unique needs of families. CSU

Child Development 298A (C-ID ECE 210)
Practicum in Early Childhood Programs
Unit(s): 3.5 Class Hours: 36 Lecture, 81 Laboratory total.
Prerequisite: Child Development 107, Child Development 108, Child Development 110, Child Development 111A, Child Development 111B, Child Development 112, Child Development 221, and Child Development 297 with a minimum grade of C. By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
Under guided supervision in a RSCCD Child Development Center or approved mentor site, students will demonstrate competency in connecting theory to practice, and enhance professional-behaviors. Students will plan and implement child-centered, play-oriented approaches to teaching, learning, and assessment. Knowledge of curriculum content areas will be emphasized as students design, implement, and evaluate positive experiences for young children. CSU

Child Development 298B
Practicum in Infant/Toddler Programs
Unit(s): 3.5 Class Hours: 36 Lecture, 81 Laboratory total.
Prerequisite: Child Development 107, Child Development 108, Child Development 110, Child Development 111A, Child Development 111B, Child Development 112, Child Development 221, and Child Development 297 with a minimum grade of C. By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
Under guided supervision in a RSCCD Child Development Center or approved mentor site, students will demonstrate competency in connecting theory to practice and enhance professional behaviors. Students will plan and implement infant/toddler-centered, play-oriented approaches to teaching, learning, and assessment. Knowledge of curriculum content areas will be emphasized as students design, implement, and evaluate positive experiences for infants and toddlers. CSU
Child Development 299
Cooperative Work Experience Education
Unit(s): 1.0 - 4.0 Class Hours: 60-300 Laboratory total.

This work experience course of supervised employment is designed to assist students to acquire career awareness and work habits in early childhood, K-12, and after-school programs. 75 hours of paid work or 60 hours of unpaid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Pass/No Pass only. Open Entry/Open Exit. CSU

CHINESE (CHNS)

Chinese 101
Elementary Chinese I
Unit(s): 5.0 Class Hours: 90 Lecture total.

Practice and integration of pronunciation, grammar, vocabulary, and common idioms through listening, speaking, reading, and writing so that students can begin to express thoughts orally and in writing. The class will also introduce students to culture and social linguistic knowledge appropriate to Chinese-speaking societies. CSU/UC

Chinese 102
Elementary Chinese II
Unit(s): 5.0 Class Hours: 90 Lecture total.

Prerequisite: Chinese 101 with a minimum grade of C or equivalent, or two years of high school Chinese with a passing grade.

Continuation of Chinese I. Further training in language skills providing avenues for the expression of ideas in both oral and written forms. Enhanced study of culture and socio-linguistic knowledge appropriate to Chinese-speaking societies. CSU/UC

COMMUNICATION STUDIES (CMST)

Communication Studies N49
Introduction to Academic Speaking Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Beginning course for non-native students with previous instruction in basic English as a second language. Includes listening discrimination, pronunciation, speaking and listening skill building. Skills are intensively practiced and reviewed. Not applicable to associate degree. Grade: Pass/No Pass Only.

Communication Studies N52A
Beginning American English Pronunciation Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Instruction in pronunciation of American English sounds, identifying commonly mispronounced sounds, and common sound spelling patterns. Not applicable to associate degree. Grade: Pass/No Pass Only.

Communication Studies N52B
Intermediate American English Pronunciation Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

More extensive instruction in American English sounds. Emphasis on more difficult sounds, sound blends, word endings, syllable and word stress. Not applicable to associate degree.

Communication Studies N53
Advanced American English Pronunciation Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: English for Multilingual Students 107 and Communication Studies N52B with a minimum grade of C.

For those who have learned the American English sound system. Intensive practice pronouncing English words, sentences with appropriate stress and intonation, and difficult sounds/sound patterns in sentences and conversations. Not applicable to associate degree.

Communication Studies N54
Accent Reduction
Unit(s): 1.0 Class Hours: 18 Lecture total.

Co-Requisite: Concurrent or previous enrollment in English for Multilingual Students 055, 107, 109, 110, or 112.

Individualized instruction to assist in the reduction of foreign accents. Improvement of discrimination and production of the American English sound system, melody, intonation and stress patterns. Not applicable to associate degree. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Communication Studies N59
Pronunciation Review
Unit(s): 1.0 Class Hours: 18 Lecture total.

Review of the pronunciation system of American English. Designed for non-native speakers who have studied pronunciation, but need further practice and identification of specific needs for improvement. Grade: Pass/No Pass Only.

American English Listening Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Designed for non-native speakers wanting to improve ability to comprehend conversations, lectures, and other forms of spoken English. Introduces basic listening skills and provides intensive listening practice. Helps prepare for transfer level courses. Completion of Communication Studies 097 recommended.

Communication Studies 096
American English Conversational Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Intensive, advanced conversational practice of American English. The course emphasizes oral competency in key American social, academic and business encounters and communication techniques. Preparation for Communication Studies 101 or 101H. Designed for non-native speakers.

Communication Studies 101 (C-ID COMM 130)
Introduction to Interpersonal Communication
Unit(s): 3.0 Class Hours: 54 Lecture total.

Recommended Preparation: Recommended completion of or concurrent enrollment in English 101 or English 101H with a minimum grade of C.

Introduction to communication theory, listening, perception, language usage, non-verbal communication, and conflict management. CSU/UC

Communication Studies 101H (C-ID COMM 130)
Honors Introduction to Interpersonal Communication
Unit(s): 3.0 Class Hours: 54 Lecture total.

Recommended Preparation: Completion of or concurrent enrollment in English 101 or English 101H with a minimum grade of C. Prerequisite: A high school or college GPA of 3.0 or above.

Introduction to communication theory, listening, perception, language usage, non-verbal enriched approach designed for honors students. Seminar mode stresses the development of analytical thinking, writing, and speaking skills. CSU/UC

Communication Studies 102 (C-ID COMM 110)
Public Speaking
Unit(s): 3.0 Class Hours: 54 Lecture total.

Recommended Preparation: Communication Studies 097 recommended for non-native speakers of English.

Teaches critical thinking skills in relation to public speaking. Emphasis on the process, principles, and major facets of critical thinking with practice through oral presentations. CSU/UC

Child Development 299
Cooperative Work Experience Education
Unit(s): 1.0 - 4.0 Class Hours: 60-300 Laboratory total.

This work experience course of supervised employment is designed to assist students to acquire career awareness and work habits in early childhood, K-12, and after-school programs. 75 hours of paid work or 60 hours of unpaid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Pass/No Pass only. Open Entry/Open Exit. CSU

CHINESE (CHNS)

Chinese 101
Elementary Chinese I
Unit(s): 5.0 Class Hours: 90 Lecture total.

Practice and integration of pronunciation, grammar, vocabulary, and common idioms through listening, speaking, reading, and writing so that students can begin to express thoughts orally and in writing. The class will also introduce students to culture and social linguistic knowledge appropriate to Chinese-speaking societies. CSU/UC

Chinese 102
Elementary Chinese II
Unit(s): 5.0 Class Hours: 90 Lecture total.

Prerequisite: Chinese 101 with a minimum grade of C or equivalent, or two years of high school Chinese with a passing grade.

Continuation of Chinese I. Further training in language skills providing avenues for the expression of ideas in both oral and written forms. Enhanced study of culture and socio-linguistic knowledge appropriate to Chinese-speaking societies. CSU/UC

COMMUNICATION STUDIES (CMST)

Communication Studies N49
Introduction to Academic Speaking Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Beginning course for non-native students with previous instruction in basic English as a second language. Includes listening discrimination, pronunciation, speaking and listening skill building. Skills are intensively practiced and reviewed. Not applicable to associate degree. Grade: Pass/No Pass Only.

Communication Studies N52A
Beginning American English Pronunciation Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Instruction in pronunciation of American English sounds, identifying commonly mispronounced sounds, and common sound spelling patterns. Not applicable to associate degree. Grade: Pass/No Pass Only.

Communication Studies N52B
Intermediate American English Pronunciation Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

More extensive instruction in American English sounds. Emphasis on more difficult sounds, sound blends, word endings, syllable and word stress. Not applicable to associate degree.

Communication Studies N53
Advanced American English Pronunciation Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: English for Multilingual Students 107 and Communication Studies N52B with a minimum grade of C.

For those who have learned the American English sound system. Intensive practice pronouncing English words, sentences with appropriate stress and intonation, and difficult sounds/sound patterns in sentences and conversations. Not applicable to associate degree.

Communication Studies N54
Accent Reduction
Unit(s): 1.0 Class Hours: 18 Lecture total.

Co-Requisite: Concurrent or previous enrollment in English for Multilingual Students 055, 107, 109, 110, or 112.

Individualized instruction to assist in the reduction of foreign accents. Improvement of discrimination and production of the American English sound system, melody, intonation and stress patterns. Not applicable to associate degree. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Communication Studies N59
Pronunciation Review
Unit(s): 1.0 Class Hours: 18 Lecture total.

Review of the pronunciation system of American English. Designed for non-native speakers who have studied pronunciation, but need further practice and identification of specific needs for improvement. Grade: Pass/No Pass Only.

Communication Studies 096
American English Listening Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Designed for non-native speakers wanting to improve ability to comprehend conversations, lectures, and other forms of spoken English. Introduces basic listening skills and provides intensive listening practice. Helps prepare for transfer level courses. Completion of Communication Studies 097 recommended.

Communication Studies 097
American English Conversational Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Intensive, advanced conversational practice of American English. The course emphasizes oral competency in key American social, academic and business encounters and communication techniques. Preparation for Communication Studies 101 or 101H. Designed for non-native speakers.

Communication Studies 101 (C-ID COMM 130)
Introduction to Interpersonal Communication
Unit(s): 3.0 Class Hours: 54 Lecture total.

Recommended Preparation: Recommended completion of or concurrent enrollment in English 101 or English 101H with a minimum grade of C.

Introduction to communication theory, listening, perception, language usage, non-verbal communication, and conflict management. CSU/UC

Communication Studies 101H (C-ID COMM 130)
Honors Introduction to Interpersonal Communication
Unit(s): 3.0 Class Hours: 54 Lecture total.

Recommended Preparation: Completion of or concurrent enrollment in English 101 or English 101H with a minimum grade of C. Prerequisite: A high school or college GPA of 3.0 or above.

Introduction to communication theory, listening, perception, language usage, non-verbal enriched approach designed for honors students. Seminar mode stresses the development of analytical thinking, writing, and speaking skills. CSU/UC

Communication Studies 102 (C-ID COMM 110)
Public Speaking
Unit(s): 3.0 Class Hours: 54 Lecture total.

Recommended Preparation: Communication Studies 097 recommended for non-native speakers of English.

Teaches critical thinking skills in relation to public speaking. Emphasis on the process, principles, and major facets of critical thinking with practice through oral presentations. CSU/UC
### Communication Studies 103 (C-ID COMM 150)
**Introduction to Intercultural Communication**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Recommended Preparation:** Recommended Communication Studies 097 for non-native speakers.

A general view of the sociological, psychological, and communication patterns of various cultural groups. Special emphasis on the methods, skills, and techniques necessary for effective intercultural, crosscultural, and interracial communication. Stresses the development of analytical thinking, speaking, and writing skills. CSU/UC

#### Communication Studies 103H (C-ID COMM 150)
**Honors Introduction to Intercultural Communication**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** High school or college GPA of 3.0 or above.

Enriched for honors students. In-depth, seminar format examination of sociological, psychological, and communication patterns of various cultural groups. Methods, skills, and techniques for effective intercultural and interracial communication. Stresses analytical thinking, speaking, and writing skills. CSU/UC

### Communication Studies 104
**Listening**

Unit(s): 1.5  
Class Hours: 27 Lecture total.

**Prerequisite:** Communication Studies 097 with a minimum grade of C.

For students wanting to assess and improve their current listening/responding capabilities. Emphasizes appropriate application of diverse listening skills. CSU

### Communication Studies 107
**Communication for the Health Care Professional**

Unit(s): 1.5  
Class Hours: 27 Lecture total.

Introduction to communication skills vital to health care settings-listening, presentation skills, cultural awareness, expressions and terminology used in health care settings. Designed for students whose first language is not English. CSU

### Communication Studies 140 (C-ID COMM 120)
**Argumentation and Debate**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Recommended Preparation:** Completion of or concurrent enrollment in English 101 recommended. Communication Studies 097 recommended for non-native speakers.

Principles of debate techniques with emphasis on methods of logical analysis and reflective thinking. Practical application through adaptation of material to forms of debate on current issues. CSU/UC

### Communication Studies 145 (C-ID COMM 140)
**Group Dynamics**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Recommended Preparation:** Recommended Communication Studies 097 for non-native speakers.

Principles and methods of communication as applied in the small group setting. Emphasis on communication skills, processes, and operations in the small group. Includes understanding group dynamics and cooperative problem solving. CSU/UC

### Communication Studies 151
**Voice and Diction for Effective Communication**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Recommended Preparation:** Communication Studies 097 recommended for non-native speakers.

Basic speech and voice production. Anatomy and physiology related to respiration (breathing/loudness), phonation (sound/pitch) and articulation (diction/clarity). Practice in improving vocal skills for effective communication. Designed for individuals who have special demands on vocal production in their vocation. CSU

### Communication Studies 152 (C-ID COMM 170)
**Oral Interpretation**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Recommended Preparation:** Communication Studies 097 recommended for non-native speakers.

Oral presentation of prose and poetry; practice in speaking, interpretation, and analysis of literature, with training in the principles of effective delivery. Not offered every semester. CSU/UC

### Communication Studies 158
**Readers Theatre**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Oral presentation of prose and poetry; practice in speaking, reading, and analysis of literature, with training in the principles of effective ensemble delivery. Communication Studies 097 recommended for non-native speakers. CSU/UC

### Communication Studies 170
**Introduction to Phonetics**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Study of the articulatory foundations of the description and classification of speech sounds. Introduces the International Phonetic Alphabet (IPA), physiological properties of the speech-producing mechanism, and methods of transcription. Emphasis will be on American English along with comparison to the sound systems of other languages. Communication Studies N53 recommended for non-native speakers. CSU

### Communication Studies 206
**Gender Communication**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** Communication Studies 101 or 101H or 102 or 103 or 103H or 104 or 140 or 145 or 151 with a minimum grade of C.

Practical application, techniques and in-depth analysis of male and female communication regarding language usage, biological and social influences, mass media, marriage, organizations, same sex/cross sex friendships, and education. CSU/UC

### Communication Studies 206H
**Honors Gender Communication**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** Communication Studies 101 or 101H or 102 or 103 or 103H or 104 or 140 or 145 or 151 with a minimum grade of C and High school or college GPA of 3.0 or above.

An enriched approach in practical application, techniques, and in-depth analysis of male and female communication regarding language usage, biological and social influences, mass media, marriage, organizations, same sex/cross sex friendships, and education. Students will be required to do individual/group professor-guided research. CSU/UC

### Communication Studies 307
**Health Communication**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** Limitation on Enrollment: Student must be admitted to the Occupational Studies program. Communication Studies 101 or Communication Studies 101H or Communication Studies 102 or Communication Studies 103 or Communication Studies 103H or Communication Studies 145; with a minimum grade of C.

Course is designed to advance knowledge of health communication theory, research and practice while providing solid foundation for understanding importance, value and impact of health communication upon patients, families, caregivers and healthcare team-members.
COMMUNICATIONS & MEDIA STUDIES (CMSD)

Communications & Media Studies 102
Multimedia Storytelling
Unit(s): 3.0  Class Hours: 54 Lecture total.
Explores alternative story forms by combining text, still photographs, video clips, audio, graphics and interactivity to tell stories in the most compelling and informative way. Focuses on using a variety of media to tell different parts of a story for presentation in digital and online platforms. CSU

Communications & Media Studies 103 (C-ID JOUR 170)
Introduction to Visual Communications
Unit(s): 3.0  Class Hours: 54 Lecture total.
This multimedia course explores the social, cultural and historical implications of visual communications from Gutenberg's printing press to present day digital media. Using works of philosophical, historical and cultural importance students will analyze and debate the changes in the way visual communications affect society, and shape cultural values. CSU/UC

Communications & Media Studies 105 (C-ID JOUR 100)
Mass Media and Society
Unit(s): 3.0  Class Hours: 54 Lecture total.
Exploration of the history, effects, and role of mass media in U.S. society. Examines major media forms (TV, radio, film, newspapers, magazines, ads, the Internet) in our information-conscious culture. CSU/UC

Communications & Media Studies 105H (C-ID JOUR 100)
Honors Mass Media and Society
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Enriched honors course of intensive exploration of historical impact and current influence of mass media (newspapers, TV, Internet, etc.). Uses critical thinking skills in seminar-setting to assess media's role in society. CSU/UC

Communications & Media Studies 110
Introduction to Creative Nonfiction
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: English 101, 101H or Communications & Media Studies 121 with a minimum grade of C.
Exploration of creative nonfiction writing concepts, and genres with focus on critically reading and analyzing respected works of literature ranging from biography and review to profiles and personal essays. CSU/UC

Communications & Media Studies 111
Media, Race and Gender
Unit(s): 3.0  Class Hours: 54 Lecture total.
This multimedia course is an overview of the social and cultural implications of mass media on race and gender from the 1920s to the present. Using works of philosophical and cultural importance students will analyze and debate the changes in the faces of media with particular focus on social class, gender and ethnicity. CSU/UC

Communications & Media Studies 121 (C-ID JOUR 110)
Introduction to Reporting and Newswriting
Unit(s): 3.0  Class Hours: 54 Lecture total.
An introduction to evaluating, gathering, and writing news across multiple platforms under newsroom conditions. Includes role of the journalist in a multi-media environment and the legal and ethical issues related to reporting. Writing experiences include: web-based and multi-media reporting, interviewing techniques, research methods, application of media law, writing under deadline and use of AP Style. CSU

Communications & Media Studies 123A (C-ID JOUR 130)
News Media Production
Unit(s): 4.0  Class Hours: 72 Lecture, 180 Laboratory total.
A production-based course designed around a functioning media organization, providing students practical training in print, digital and Web-based media through work as members of the campus news magazine el Don and its website eldonnews.org. Students utilize a digital laboratory to gain practical experience in a variety of disciplines, including writing, editing, design, photography, audio, visual, multimedia and emerging technologies. Arranged laboratory hours (TBA) 10 hours per week. CSU

Communications & Media Studies 123B (C-ID JOUR 131)
Intermediate News Media Production
Unit(s): 4.0  Class Hours: 72 Lecture, 180 Laboratory total.
Prerequisite: Communications & Media Studies 123A with a minimum grade of C or equivalent college media course.
An intermediate level production-based course designed around a functioning media organization, providing students practical training in print, digital and Web-based media through work as members of the campus news magazine el Don and its website eldonnews.org. Students utilize a digital laboratory to gain practical experience in a variety of disciplines, including writing, editing, design, photography, audio, visual, multimedia and emerging technologies. Completion of Communications & Media Studies 123A is required. Arranged laboratory hours (TBA)10 hours per week. CSU

Communications & Media Studies 123C
Advanced Intermediate News Media Production
Unit(s): 4.0  Class Hours: 72 Lecture, 180 Laboratory total.
Prerequisite: Communications & Media Studies 123B with a minimum grade of C or equivalent college media course.
An advanced intermediate level production-based course designed around a functioning media organization, providing students practical training in print, digital and Web-based media through work as members of the campus news magazine el Don and its website eldonnews.org. Students utilize a digital laboratory to gain practical experience in a variety of disciplines, including writing, editing, design, photography, audio, visual, multimedia and emerging technologies. Completion of Communications & Media Studies 123B required. Arranged laboratory hours (TBA)10 per week. CSU

Communications & Media Studies 123D
Advanced News Media Production
Unit(s): 4.0  Class Hours: 72 Lecture, 180 Laboratory total.
Prerequisite: Communications & Media Studies 123C with a minimum grade of C.
An advanced level production-based course designed around a functioning media organization, providing students practical training in print, digital, and Web-based media through work as members of the campus news magazine el Don and its website eldonnews.org. Students utilize a digital laboratory to gain practical experience in a variety of disciplines, including writing, editing, design, photography, audio, visual, multimedia, and emerging technologies. Completion of Communications & Media Studies 123C required. Arranged laboratory hour (TBA) per week. CSU

Communications & Media Studies 160 (C-ID JOUR 160)
Introduction to Photojournalism
Unit(s): 3.0  Class Hours: 54 Lecture total.
Explores the photographer as a journalist, focusing on theory and practice in press and publications photography, with emphasis on using the camera as a reporting and communications tool. Stresses news, feature photography, and photographic essays, including composition, impact, and creativity, for newspapers, magazines, Internet, and other mass communications media. CSU
Communications & Media Studies 201
Visual Reporting
Unit(s): 3.0 Class Hours: 54 Lecture total.
Course stresses how to perceive and select visual images through work with a digital camera, a computer, and related graphics software. Students learn application and manipulation of images in digital form by focusing on telling stories through pictures and informational graphics. Students serve as visual reporters for campus media. CSU

Communications & Media Studies 210 (C-ID JOUR 210)
Intermediate Reporting and Newswriting
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Communications & Media Studies 21 with a minimum grade of C.
This course is a continuation of Introduction to Newswriting and Reporting and focuses on coverage of public affairs reporting, including local and regional government, police, courts, school, and city boards. It includes both on- and off-campus reporting and writing, stressing news presentation for a variety of media purposes through multiple platforms. CSU

Communications & Media Studies 222
Writing Across Media
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: English 101, 101H or Communications & Media Studies 121 with a minimum grade of C.
For writing students seeking a better understanding of non-fictional prose genres focusing on narrative storytelling techniques for Web, multimedia and print. Emphasizes integration of writing skills across media formats. CSU

Communications & Media Studies 298A
Designing for Print and Digital Media
Unit(s): 3.0 Class Hours: 54 Lecture, 54 Laboratory total.
A comprehensive course emphasizing professional standards, theory, and techniques in print, digital, and Web-based design. Students use a digital laboratory as a platform for training in design theory, visual organization, color theory, scale, unity, and use of typography. For those interested in design careers. CSU

Communications & Media Studies 298B
Intermediate Designing for Print and Digital Media
Unit(s): 3.0 Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Communications & Media Studies 298A with a minimum grade of C or upon approval of instructor.
An intermediate level comprehensive course emphasizing professional standards, theory, and techniques in print, digital, and Web-based design. Students use a digital laboratory as a platform for training in design theory, visual organization, color theory, scale, unity, and use of typography. For those interested in design careers. Completion of Communications & Media Studies 298A is required. CSU

COMPUTER SCIENCE (CMPR)

Computer Science 100
The Computer and Society
Unit(s): 3.0 Class Hours: 54 Lecture total.
An introduction to the area of computers and their relationship to today's information society. Examines a broad overview of topics including hardware, software, networking, information technology, and the Internet. The student will explore the implication and effect of technology on society, careers, and ethics. CSU/UC

Computer Science 104
Cooperative Work Experience Education-Occupational
Unit(s): 1.0 - 16.0 Class Hours: 60–1200 Lecture total.
Supervised paid or volunteer experience in student's major including new or expanded responsibilities. 75 hours of paid work or 60 hours of un-paid work equals one unit. Course may be taken 4 times for a maximum of 16 units of occupational cooperative work experience credit. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Computer Science 105
Visual BASIC Programming
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introduction to programming and Visual BASIC. Emphasis on programming fundamentals and the creation of applications with Visual BASIC. No previous programming experience required. CSU/UC

Computer Science 112
Java Programming
Unit(s): 3.0 Class Hours: 54 Lecture total.
Study of the Java language, its features and applications. CSU/UC

Computer Science 117
PERL Programming and CGI
Unit(s): 3.0 Class Hours: 54 Lecture total.
Students will be introduced to the Perl scripting language syntax, data types, input/output, managing system processes, database programming, CGI programming and Web programming. CSU

Computer Science 118
JavaScript Programming
Unit(s): 3.0 Class Hours: 54 Lecture total.
Students will be introduced to the syntax of JavaScript, the methods used to incorporate JavaScripts into HTML documents, and using JavaScripts to create interactive forms. Students will also learn to enhance Web pages through the use of interactive programming utilizing forms, frames, documents, Windows, loops, strings, and cookies. CSU

Computer Science 120 (C-ID COMP 112)
Introduction to Programming
Unit(s): 3.0 Class Hours: 54 Lecture, 18 Laboratory total.
Prerequisite: Mathematics 083 or 084 with a minimum grade of C.
Introduction to programming concepts including data types, mathematical operations, elementary input/output, and the basic control structures of sequence, selection, iteration, and functions. Program design techniques utilizing structured and object-oriented methodologies will be emphasized. CSU/UC

Computer Science 121 (C-ID COMP 122)
Programming Concepts
Unit(s): 3.0 Class Hours: 54 Lecture, 18 Laboratory total.
Prerequisite: Computer Science 120 with a minimum grade of C.
Continuing introduction to programming concepts, development of algorithms utilizing functions, classes, and the primary control structures. Program I/O; strings and arrays; data types; classes, and objects. Documentation techniques. CSU/UC

Computer Science 124A
MCDST Preparation
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: Computer Science 100 with a minimum grade of C.
Study of skills needed to successfully support end-users and to successfully troubleshoot desktop environments that are running the Microsoft operating systems. Student will be provided with the skills necessary for the Microsoft Certified Desktop Support Technician (MCDST) Exams, 70-271 and 70-272. CSU

Computer Science 168
Microsoft Access - Visual Basic for Appl
Formerly: Advanced Microsoft Access
Unit(s): 3.0 Class Hours: 54 Lecture total.
Advanced Relational Database Management using Visual Basic Application (VBA) programming, implementation in a multiuser environment and working with Access on the Internet. Computer Science 167 or equivalent experience is recommended. CSU

Computer Science 169
Structured Query Language (SQL)
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: Computer Science 167 with a minimum grade of C.
The course covers database concepts and the use of SQL (Structured Query Language). Completion of Computer Science 167 or equivalent is recommended. CSU

Computer Science 170
Introduction to Oracle
Unit(s): 3.0 Class Hours: 54 Lecture total.
Relational database development concepts using Oracle. Includes application development using PL/SQL. CSU

Computer Science 173
Introduction to Networking Technology
Unit(s): 3.0 Class Hours: 54 Lecture total.
A comprehensive overview of networking technology, including a history of LAN development and the uses and benefits of LAN’s. Students are introduced to LAN terminology, components, standards, and upper level protocols. CSU

Computer Science 198
Topics
Unit(s): 1.0 - 3.0 Class Hours: 18-54 Lecture total.
Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in Computer Science. CSU

Computer Science 205
Advanced Visual Basic
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Computer Science 105 with a minimum grade of C.
Advanced programming for those seeking to further develop their skills using Visual Basic programming language. Course will cover the advanced features of the Visual Basic programming language, data structures, and advanced programming techniques available with Visual Basic. CSU/UC

Computer Science 207A
Introduction to Business Intelligence
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Students must be familiar with basic Data Base and Spread Sheet software. Recommended course work would include courses in Access and Excel or the Business 150 course.
Understanding Business Intelligence from user, DBA, and developer perspectives. Overview of the main components that comprise the Business Intelligence Application. Practical business solutions using Microsoft and MicroStrategy. CSU

Computer Science 207B
Business Intelligence and Data Warehouse Architecture
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Computer Science 207A with a minimum grade of C
Overview of the DWH architecture. Explore the DWH implementation cycle. Hands on study of the DWH development processes with practical end-to-end implementation using Microsoft and MicroStrategy. CSU

Computer Science 213
C# Programming
Unit(s): 3.0 Class Hours: 54 Lecture total.
Study of the C# programming. Topics covered include the .NET environment, object oriented programming including inheritance and polymorphism, and writing graphical user interfaces. Completion of Computer Science 121 is recommended. CSU/UC

Computer Science 214
XML Programming
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introduction to XML (Extensible Markup Language). The course covers what it is, how it works, what technologies surround it, and how it can be used in data handling and web pages. Knowledge of HTML recommended. CSU

Computer Science 247
Windows Server Operating System
Formerly: Windows Server 2012
Unit(s): 3.0 Class Hours: 54 Lecture total.
Installation, management, and configuration of Windows Server operating system for managing network environments. Recommended Preparation: knowledge of any client-level Windows operating system. CSU

Computer Science 248
Microsoft SQL Server
Unit(s): 3.0 Class Hours: 54 Lecture total.
Microsoft SQL Server, relational database concepts, programming with SQL and Transact-SQL, stored procedures, triggers, and use of client tools. Course is designed for developers and database administrators. Basic knowledge of SQL, programming and/or database concepts is helpful. CSU

Computer Science 249
Microsoft Internet Information Server (IIS)
Unit(s): 3.0 Class Hours: 54 Lecture total.
Tools and methods for the deployment, management, configuration, and support of Microsoft Internet Information Server (IIS). CSU

COUNSELING (CNSL)

Counseling N45
Orientation to College
Unit(s): 0.5 Class Hours: 9 Lecture total.
Introduction to college services and programs. Identification and exploration of programs and services designed to assist students entering college credit courses. Grade: Pass/No Pass Only.

Counseling 021
Math Study Strategies
Unit(s): 1.0 Class Hours: 18 Lecture total.
This course is designed to give intensive assistance to students in the areas of solving word problems, group study skills, test-taking strategies, note taking, and time management. Topics also include learning styles, active listening, and overcoming barriers to math comprehension. Grade: Pass/No Pass Only.

Counseling 090
Academic Success Strategies
Unit(s): 0.5 Class Hours: 9 Lecture total.
This course is designed to develop strategies for educational goal completion. Emphasis is placed on the purpose of higher education in society and the policies, practices, and behaviors related to success in college. Students will learn to apply principles of cognitive psychology to overcoming barriers to academic progress. Grade: Pass/No Pass Only.
Counseling 100
Lifelong Understanding and Self Development
Unit(s): 2.0  Class Hours: 36 Lecture total.
Integrates concepts of lifelong understanding pertaining to career choice, educational planning, and self inventory. Skills, values, and interest assessments are utilized. Emphasis is on applying psychological principles to values clarification, goal setting, and decision making. Students analyze social/cultural conditioning and explore successful strategies for living in a diverse society. CSU/UC

Counseling 103
Educational Planning
Unit(s): 0.5  Class Hours: 9 Lecture total.
This course is designed to introduce students to the process of composing an educational plan. Emphasis is placed on the objective assessment of Career/Technical Education and transfer options. Students will identify an educational pathway for Career/Technical Education, AA/AS degree, and/or university transfer. Grade: Pass/No Pass Only. CSU/UC

Counseling 104
Personal and Goal Development for Educational Planning
Unit(s): 1.0  Class Hours: 18 Lecture total.
This course will facilitate the development of goals for educational planning. Students taking this course will receive an overview of graduation requirements, transfer requirements, academic policies, and college resources. Additional topics will include: student development theory, internal and external influences on educational success, purpose for attending college, and strategies for living a balanced life. Grade: Pass/No Pass Only. CSU/UC

Counseling 106
Inquiries Into Higher Education
Unit(s): 1.0  Class Hours: 18 Lecture total.
A comprehensive and advanced study of selecting and completing an academic plan, developing goals and objectives, and choosing a college major. Topics include study techniques, assessing interests and skills and planning a major. Grade: Pass/No Pass Only. CSU/UC

Counseling 107
The Freshman Experience
Unit(s): 3.0  Class Hours: 54 Lecture total.
Integration of educational, socio-economic, and psychological factors that contribute to success in college. Development of personal learning style as it interfaces with the linked college classes. Development of college-level learning skills. CSU/UC

Counseling 110
University Transfer Research
Unit(s): 0.5 - 2.0  Class Hours: 36 Lecture total.
Development and enhancement of decision-making strategies for transfer students. Identification of educational/career goals, Analysis, comparison, and evaluation of university entrance, major, and post-graduate requirements, and student services. On-site research/field study at universities. CSU/UC

Counseling 111
Learning Skills Development
Unit(s): 1.0  Class Hours: 18 Lecture total.
Application of educational/psychological principles in the development of effective learning skills for college courses. Topics also include identifying diversities of cultural influence, learning style, time management, textbook study/comprehension, note-taking, research preparation, and testing. CSU

Counseling 114
Careers in Teaching
Unit(s): 1.0  Class Hours: 18 Lecture total.
Introduction to the teaching profession, culturally diverse student populations, career ladders and options, academic preparation, experience, and credentials required for employment, utilizing career assessments, principles of goal setting, and exposure to teaching environments and teaching professionals. Students will formulate a career objective and develop an educational plan. (Same as Child Development 114). CSU

Counseling 116
Career/Life Planning and Personal Exploration
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course is designed to assist students in successfully establishing and achieving education, career, and life goals. Students are guided through a reflective process that focuses on values, interests, personality, skills, and learning styles. Career and education options are researched, and students are exposed to college resources and support services. Decision making models and goal setting techniques are examined and will be used to develop short and long term education, and career and life plans. CSU/UC

Counseling 120
Assertive Self Development
Unit(s): 3.0  Class Hours: 54 Lecture total.
A process for building self esteem and confidence in personal/social/professional interactions without feeling excess anger, guilt, stress, or passivity. Psychological theories will be used to identify, analyze, and change ineffective thought systems and behavior. CSU

Counseling 121
Introduction to STEM Study Skills
Unit(s): 1.0  Class Hours: 18 Lecture total.
This course is designed to introduce specialized study techniques for students in science, technology, engineering, and math courses. Effective learning processes will be examined through facilitated, structured peer interaction; strategies for complex problem solving; time management; and overcoming obstacles to achievement in rigorous coursework. Grade: Pass/No Pass Only. CSU

Counseling 122
STEM Study Strategies
Unit(s): 1.0  Class Hours: 18 Lecture total.
This course examines and employs advanced study techniques for students in science, technology, engineering, and math courses. Effective learning processes will be strengthened through applying emotional intelligence concepts to group and classroom study, creating an exam preparation plan and formulating long and short term goals. Grade: Pass/No Pass Only. CSU

Counseling 124
College Success and Personal Growth
Unit(s): 3.0  Class Hours: 54 Lecture total.
Analysis of the concepts related to learning and self-development as a lifelong process. Examination of human motivation from psychological, social, and physiological perspectives. An evaluation of the roles of values, ideals, and principle centered leadership in achieving balance in life. CSU/UC

Counseling 125
Exploring Leadership
Unit(s): 3.0  Class Hours: 54 Lecture total.
This introductory course will examine the fundamental concepts of effective leadership through reading, discussion, research, and inventories for self-awareness and assessment. The course will prepare students to understand the importance of leadership in careers, communities, and society in general and to assume responsibilities of leadership roles in college and community settings. CSU
Counseling 128
Introduction to Community Activism
Unit(s): 3.0  Class Hours: 54 Lecture total.

The study of issues facing communities and ways individuals can become involved in solving community problems. Introduces the study of communities in theory and practice: forces shaping past and present communities and issues defining contemporary communities. This course will facilitate the understanding of human beings as integrated physiological, psychological, and social entities within the context of communities and the process of change. CSU/UC

Counseling 144
Reasoning and Problem Solving
Unit(s): 3.0  Class Hours: 54 Lecture total.

The nature of critical thinking, models and strategies; common fallacies of reasoning, self-regulation in the thinking process; application of critical thinking to complex issues of life. Not open to students who are enrolled or have credit in Philosophy 144, CSU/UC

Counseling 150
Introduction to Human Services
Unit(s): 3.0  Class Hours: 54 Lecture total.

The history and philosophy of human services including theoretical frameworks, the function and orientation of human service organizations and the roles and qualifications of human service workers. A study of the target populations served by the human service field and the professional, ethical, and cultural issues facing the human service field. CSU

Counseling 155
Skills for the Helping Professions
Unit(s): 3.0  Class Hours: 54 Lecture total.

An exploration of processes for increasing mental flexibility and assisting people in getting resolution on life issues. Focus is on the theory and practice of methods which are based in inquiry, distinction, resolution, and integration. The role of self-responsibility and self-awareness will be emphasized. CSU

Counseling 198
Topics
Unit(s): 0.5 - 3.0  Class Hours: 9–54 Lecture total.

Description of the course that will appear in the class schedule. CSU

Counseling 220
The Child As a Victim
Formerly: The Child As Victim
Unit(s): 3.0  Class Hours: 54 Lecture total.

Exploration of battered, molested, and neglected children from five vantage points: child, law, parents, social services, and educator. (Same as Child Development 220). CSU

CRIMINAL JUSTICE (CJ)

Criminal Justice 098
Topics
Unit(s): 3.0  Class Hours: 54 Lecture total.

Varies with topic.

Criminal Justice 101 (C-ID AJ 110)
Introduction to Criminal Justice
Unit(s): 3.0  Class Hours: 54 Lecture total.

This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces that have shaped those principles and approaches. Although justice structure and process are examined in a cross cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies. CSU/UC

Criminal Justice 101H (C-ID AJ 110)
Honors Introduction to Criminal Justice
Unit(s): 3.0  Class Hours: 54 Lecture total.

Honors-level enriched content regarding the complexities of the criminal justice system. Increased focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines and appraises the evolution of the principles and approaches utilized by the justice system and the evolving forces that have shaped those principles and approaches. Although justice structure and process are examined in a cross cultural context, increased emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students will also examine the origins and development of criminal law, legal process, and sentencing and incarceration policies. CSU/UC

Criminal Justice 102 (C-ID AJ 200)
Introduction to Corrections
Unit(s): 3.0  Class Hours: 54 Lecture total.

An introductory course in corrections in the criminal justice system. Emphasis on history, types, analysis, and impacts of punishment. Critical examination of types of correctional institutions and persons housed in them, and examination of current issues and challenges in the corrections field. CSU

Criminal Justice 103 (C-ID AJ 120)
Concepts of Criminal Law
Unit(s): 3.0  Class Hours: 54 Lecture total.

Analysis of criminal liability and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. Limited discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes. CSU/UC

Criminal Justice 103H (C-ID AJ 120)
Honors Concepts of Criminal Law
Unit(s): 3.0  Class Hours: 54 Lecture total.

Honors-level enriched content regarding criminal law. Presents analysis of criminal liability and the classification of crimes against persons, property, morals, and public welfare. Increased emphasis and appraisal is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. Expanded discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes. CSU/UC
Criminal Justice 104
Prison Experience
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Full background check required
A practical and in-depth study of adult corrections in the United States. This class includes field trips to jails and prisons in the surrounding area, with follow-up analysis, discussion, and written assignments. Full background check required for access to facilities. CSU

Criminal Justice 105 (C-ID AJ 124)
Legal Aspects of Evidence
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course examines categories of evidence and legal rules governing its admission and exclusion in the criminal process. CSU

Criminal Justice 106
Coroner Death Investigations
Unit(s): 3.0 Class Hours: 54 Lecture total.
The investigation of homicides, suicides, accidents, and natural deaths. Emphasis on evidence collection and identification of cause of death. Topics include violent crime wounds, traffic collision fatalities, buried bodies, skeletal remains, and autopsy protocols. CSU

Criminal Justice 107 (C-ID AJ 122)
Principles and Procedures in the Criminal Justice System
Unit(s): 3.0 Class Hours: 54 Lecture total.
An examination and analysis of due process in criminal proceedings from pre-arrest through trial and appeal, utilizing statutory law and state and constitutional law precedents. (Same as Paralegal 107). CSU

Criminal Justice 108 (C-ID AJ 150)
Crime Scene Investigation
Unit(s): 3.0 Class Hours: 54 Lecture total.
An introduction to the role of forensics in criminal investigations. An examination of the methods utilized in the forensic analysis of crime scenes, pattern evidence, instruments, firearms, questioned documents, and controlled substances. CSU

Criminal Justice 109 (C-ID AJ 160)
Community Interaction
Unit(s): 3.0 Class Hours: 54 Lecture total.
Examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict, with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. Topics may include the consensus and conflicting values in culture, religion, and law. CSU/UC

Criminal Justice 109H (C-ID AJ 160)
Honors Community Interaction
Unit(s): 3.0 Class Hours: 54 Lecture total.
Honors-level enriched content regarding community interaction. This course examines and evaluates the complex, dynamic relationship between communities and the justice system in addressing crime and conflict, with an increased emphasis on the challenges and prospects of administering justice within a diverse multicultural population. Topics will include the consensus and conflicting values in culture, religion, and law. CSU/UC

Criminal Justice 110
Street Gangs
Unit(s): 3.0 Class Hours: 54 Lecture total.
An examination of street gangs in the United States, with emphasis on California and the local area. Topics include ethnic gangs, taggers, hate groups, and prison gangs, and current efforts to supress their criminal activities, via enforcement, rehabilitation, and prevention. CSU

Criminal Justice 148
Report Writing for Criminal Justice Personnel
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: English N60 with a minimum grade of C.
To develop practical, precise report writing techniques as well as general writing skills applicable to law enforcement and corrections. CSU

Criminal Justice 198
Topic Course
Unit(s): 3.0 Class Hours: 54 Lecture total.
Varies with course. CSU

Criminal Justice 205 (C-ID AJ 140)
Criminal Investigation Principles
Unit(s): 3.0 Class Hours: 54 Lecture total.
Techniques, procedures, and ethical issues in the investigation of crime. Emphasis upon organization of the investigative process, crime scene searches, interviewing and interrogating, surveillance, sources of information, utility of evidence, scientific analysis of evidence, and the role of the investigator in the trial process. CSU

Criminal Justice 209
Organized Crime
Unit(s): 3.0 Class Hours: 54 Lecture total.
In-depth study of the development and methodology of international organized crime. Host countries and areas include: Italy, Sicily, Japan, China, Columbia, Mexico, Russia, Haiti, Cayman Islands, and Caribbean. Emphasis on economic and societal impacts on the United States. CSU

Criminal Justice 210
Drug Abuse and Criminal Justice
Unit(s): 3.0 Class Hours: 54 Lecture total.
Study of the recognition, identification, and effects of illegal drugs: opiates, marijuana, hallucinogens, depressants, and stimulants. Emphasis will also be placed on investigation techniques, use of informants, search warrants, and treatment. CSU

Criminal Justice 220 (C-ID AJ 220)
Juvenile Delinquency and Control
Unit(s): 3.0 Class Hours: 54 Lecture total.
An examination of the origin, development, and organization of the juvenile justice system. Explores the theories that focus on juvenile law, courts, and processes, and the constitutional protections extended to juveniles within the US justice system. CSU

CRIMINAL JUSTICE ACADEMIES (CJA)

Criminal Justice Academies 006B
Arrest and Control Training/ACT
Unit(s): 0.1 - 0.5 Class Hours: 3 Lecture, 21 Laboratory total.
Prerequisite: Criminal Justice Academies 099A or Criminal Justice Academies 099D with a minimum grade of C or Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course builds upon the student's existing skills and knowledge in the legal, safe, and proper application of arrest and control technique in the law enforcement environment. Instruction includes safe and proper use of ground fighting technique, use of chemical weapons, use of non-lethal weapons, use of carotid control technique, and current case law. Grade: Pass/No Pass Only.
**Criminal Justice Academies 007A**

**Gangs, Cults and Hate Crimes**

Unit(s): 0.1 - 0.5 Class Hours: 4–40 Laboratory total.

Prerequisite: CJA 100A or its equivalent and eligible to receive peace officer training as defined in Government Code Section 1031.

This course covers gangs, cults and hate crimes: Ethnic gangs, organized crime, current gang trends, gangs and drugs, and drug cartels. Course information is POST and/or STC approved.

Grade: Pass/No Pass Only.

**Criminal Justice Academies 007B**

**Gangs, Cults, Subcultures & Hate Crimes**

Unit(s): 0.2 - 0.5 Class Hours: 4–10 Lecture, 0–14 Laboratory total.

Prerequisite: Criminal Justice Academies 099A with a minimum grade of Pass or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

Course is designed to provide peace officers with current instruction on gangs, cults, subcultures, and hate crimes. Course content includes current trends, recent changes in laws, and strategies to address associated criminal activity. Grade: Pass/No Pass Only.

**Criminal Justice Academies 008B**

**Corrections Supplemental Core Course**

Unit(s): 5.5 Class Hours: 89 Lecture, 7 Laboratory total.

Prerequisite: Criminal Justice Academies 099A or Criminal Justice Academies 099D with a minimum grade of C or Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course is designed for the corrections officer who has completed the Commission on Peace Officers Standards and Training (POST) Basic Academy. It meets the California Standards and Training for Corrections (STC) regulations for entry-level training for personnel who work in adult custodial programs and facilities. Grade: Pass/No Pass Only.

**Criminal Justice Academies 008C**

**Emergency Response Team Training**

Unit(s): 0.2 Class Hours: 1 Lecture, 7 Laboratory total.

Prerequisite: Criminal Justice Academies 099A with a minimum grade of Pass or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

Course is designed to enhance and review Emergency Response Team (ERT) responsibilities and protocols in compliance with Standards and Training for Corrections (STC). Grade: Pass/No Pass Only.

**Criminal Justice Academies 009B**

**Fitness for Law Enforcement**

Unit(s): 0.1 - 0.3 Class Hours: 4–16 Laboratory total.

Training designed specifically for law enforcement and those with an interest in entering a law enforcement basic police academy program. Grade: Pass/No Pass Only.

**Criminal Justice Academies 009C**

**Advanced Narcotics Training**

Unit(s): 0.2 - 0.5 Class Hours: 4–10 Lecture, 14 Laboratory total.

Prerequisite: Criminal Justice Academies 099A or POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

Course is designed to cover all aspects of illegal drug enforcement, including legal updates, search and seizure updates, investigative techniques, and other topics related to the enforcement of controlled substances statutes. Grade: Pass/No Pass Only.

**Criminal Justice Academies 009D**

**Drug Trends, Identification, Packaging,**

Unit(s): 0.2 Class Hours: 3 Lecture, 5 Laboratory total.

Prerequisite: Criminal Justice Academies 099A with a minimum grade of Pass or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course is designed to provide law enforcement professionals with the knowledge to identify and safely handle controlled substances. Report writing, evidence collection, and presumptive testing will be discussed. Grade: Pass/No Pass Only.

**Criminal Justice Academies 009E**

**Narcotics Investigation**

Unit(s): 3.0 Class Hours: 39 Lecture, 41 Laboratory total.

Prerequisite: Criminal Justice Academies 099A with a minimum grade of Pass or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course is designed for sworn law enforcement officers assigned to investigate narcotic violations. The course prepares the student to identify, arrest, and successfully prosecute narcotic violators. Grade: Pass/No Pass Only.

**Criminal Justice Academies 010**

**Pre-Employment Preparation for Law Enforcement**

Unit(s): 1.5 Class Hours: 14.5 Lecture, 33.5 Laboratory total.

Criminal justice career information will be provided. Emphasis will be on preparing students to successfully complete law enforcement pre-employment testing including oral boards, physical agility, and training academy requirements. Grade: Pass/No Pass Only.

**Criminal Justice Academies 010B**

**Supervision and Leadership**

Unit(s): 0.3 - 1.0 Class Hours: 5–8 Lecture, 3–32 Laboratory total.

Prerequisite: California P.O.S.T. Certified Peace Officer.

Course is designed to enhance the professional knowledge of law enforcement supervisors in specified groupings of leadership, supervision skills, legal issues, and handling of workplace investigations, in accordance with POST and STC Standards. Grade: Pass/No Pass Only.

</table>
Criminal Justice Academies 021A
PC 832 Firearms
Unit(s): 0.5  Class Hours: 24 Laboratory total.
Prerequisite: Students must pass DOJ Livescan and application screening by Orange County Sheriff's Department Training Division.
This course of instruction will provide the student with a basic knowledge of firearms, as well as related safety and liability issues. The course is POST certified and presented in cooperation with the Orange County Sheriff. Grade: Pass/No Pass Only.

Criminal Justice Academies 026A
Training Academy Preparation
Unit(s): 0.3  Class Hours: 16 Laboratory total.
This course is designed to prepare the student for the Basic Law Enforcement Academy. It will include drill, ceremony, physical training, reporting, and speeches. Grade: Pass/No Pass Only. Open Entry/ Open Exit.

Criminal Justice Academies 029A
Explosive Devices Training
Unit(s): 0.1 - 0.8  Class Hours: 4-40 Laboratory total.
Prerequisite: California P.O.S.T. Certified Peace Officer.
Training will provide updates on explosive devices: new technology, trends, and intelligence information. Grade: Pass/No Pass Only

Criminal Justice Academies 029B
Bomb Technician Introduction
Unit(s): 2.0  Class Hours: 30 Lecture, 10 Laboratory total.
Prerequisite: Criminal Justice Academies 099A or Criminal Justice Academies 099D with a minimum grade of C; Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Student must possess, at minimum, a currently valid U.S. government secret clearance that authorizes them to attend this course. Student must meet FBI bomb technician requirements described in the National Guidelines for Bomb Technicians, as published by the FBI and National Bomb Squad Commanders’ Advisory Board.
This course is designed for newly assigned bomb technicians. Topics include introduction to explosives, basic electricity, render safe procedures, bomb threats, threat assessment, and post blast investigations. Grade: Pass/No Pass Only.

Criminal Justice Academies 029C
Active Bomber Course
Unit(s): 0.5  Class Hours: 2 Lecture, 22 Laboratory total.
Prerequisite: Criminal Justice Academies 099A or Criminal Justice Academies 099D with a minimum grade of C; Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy, or equivalent as determined by the Associate Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Student must: 1) be free of felony convictions; 2) possess a valid California Driver's License; 3) undergo a fingerprint and criminal history check; 4) be a minimum of 18 years of age; 5) be a United States high school graduate or pass the GED, pass the California High School Proficiency Examination, or have attained a two-year or four-year degree from an accredited college or university; and 6) complete a medical suitability examination.
This course helps prepare law enforcement first responders react to a suicide bombing incident. Topics include threat evaluation, deployment of force, decision making, tactics, and scenarios. Grade: Pass/No Pass Only.

Criminal Justice Academies 029D
Homemade Explosive Course
Unit(s): 0.3  Class Hours: 4 Lecture, 4 Laboratory total.
Prerequisite: Criminal Justice Academies 099A or Criminal Justice Academies 099D with a minimum grade of C; Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy, or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
Course is designed to educate first responders on the dangers of homemade explosive devices and how to recognize bomb-making components and materials. Grade: Pass/No Pass Only.

Criminal Justice Academies 029E
Explosive Recognition and Response
Unit(s): 0.1  Class Hours: 2 Lecture, 2 Laboratory total.
Prerequisite: Criminal Justice Academies 099A or Criminal Justice Academies 099D with a minimum grade of C; Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy, or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
Course is designed to teach students how to recognize the various components of explosions, as well as recognition of booby traps designed to harm first responders. Grade: Pass/No Pass Only.

Criminal Justice Academies 034A
Advanced Officer Training (AOT)
Unit(s): 0.1 - 0.5  Class Hours: 4-40 Laboratory total.
Prerequisite: Criminal Justice Academies 100A or its equivalent and eligible to receive peace officer training as defined in California Government Code Section 1031.
Course is designed to cover a variety of courses that are required and meet POST training mandate: communications, ethics, legal issues, basic patrol procedures and cultural diversity. Legally/State Mandated Training. Grade: Pass/No Pass Only.

Criminal Justice Academies 034B
Brady for Law Enforcement
Unit(s): 0.1  Class Hours: 2 Lecture, 2 Laboratory total.
Course is designed to provide law enforcement personnel with instruction on the Brady Rule. Grade: Pass/No Pass Only.

Criminal Justice Academies 034C
Law Enforcement Update
Unit(s): 0.2 - 0.5  Class Hours: 4-8 Lecture, 20 Laboratory total.
Prerequisite: Criminal Justice Academy 099A with a minimum grade of Pass or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
Legally approved to possess a baton in the State of California. Obtaining a medical clearance and medical insurance prior to attending is highly recommended. Ability to participate in strenuous activities such as kneeling, lying in a prone position while handcuffed, handcuffing other persons, use of impact weapons, and physically controlling non-compliant or combative persons. Students may be exposed to tear gas and/or pepper spray.
Course is designed to provide both sworn and non-sworn law enforcement personnel with training that is mandated for their continued professional certification and employment. All instruction is either POST or STC certified. Grade: Pass/No Pass Only.
Criminal Justice Academies 038A
Tactical/Weapons Training
Unit(s): 0.1 - 0.5 Class Hours: 4-40 Laboratory total.
Prerequisite: Criminal Justice Academies 100A or its equivalent and eligible to receive peace officer training as defined in California Government Code Section 1031.
This course is designed to cover training that would be weapons based or involve law enforcement tactics: range qualifications, nomenclature, positioning, trigger pull, and tactics planning. POST required training and approved. Grade: Pass/No Pass Only.

Criminal Justice Academies 038B
Basic SWAT Course
Unit(s): 1.5 Class Hours: 80 Laboratory total.
Prerequisite: California P.O.S.T Certified Peace Officer.
A Peace Officer Standards and Training certified course to train peace officers to become a member of a Special Weapons and Tactics team. Grade: Pass/No Pass Only.

Criminal Justice Academies 039A
First Aid/CPR Refresher
Formerly: Emergency/First Aid Training
Unit(s): 0.1 Class Hours: 8 Laboratory total.
Prerequisite: Criminal Justice Academies 100A or 055B or 055D or 069B or their equivalent with a grade of Pass.
Course is designed to refresh first aid and CPR training. Grade: Pass/No Pass Only.

Criminal Justice Academies 039B
First Aid Refresher
Unit(s): 0.1 Class Hours: 1 Lecture, 3 Laboratory total.
Course is designed to refresh first aid instruction for sworn and civilian law enforcement personnel. Grade: Pass/No Pass Only.

Criminal Justice Academies 039C
Emotional Wellness for Law Enforcement
Unit(s): 0.1 Class Hours: 1 Lecture, 3 Laboratory total.
Course is designed to help law enforcement personnel understand the impact and trauma of stress and the methodologies used to cope with various situations. Grade: Pass/No Pass Only.

Criminal Justice Academies 055A
Driver Training/Force Option II
Formerly: Driver Simulator Training
Unit(s): 0.1 Class Hours: 4-8 Laboratory total.
Prerequisite: Criminal Justice Academies 100A or its equivalent and eligible to receive peace officer training as defined in Government Code Section 1031.
Course is designed to update student's skills in the area of emergency driving and use of force. Grade: Pass/No Pass Only.

Criminal Justice Academies 055B
Correctional Services Assistant Academy
Unit(s): 8.0 - 8.5 Class Hours: 400-416 Laboratory total.
Prerequisite: Students will need to successfully complete agency written test, oral screening, physical agility test, background investigation, medical, and psychological testing.
This course is designed to train new civilian employees in aspects of working in a criminal justice custody environment in a California jail. Grade: Pass/No Pass Only.

Criminal Justice Academies 055D
Sheriff Special Officer Academy
Unit(s): 13.5 - 14.0 Class Hours: 656-672 Laboratory total.
Prerequisite: Students will need to successfully complete agency written test, oral screening, physical agility test, background investigation, medical, and psychological testing.
In coordination with California POST, this course provides training and certification for new sheriff special officers. Grade: Pass/No Pass Only.

Criminal Justice Academies 055E
Sheriff Special Officer Transition Course
Unit(s): 2.5 - 3.0 Class Hours: 120-160 Laboratory total.
Prerequisite: Criminal Justice Academies 055B with a minimum grade of C.
This course is designed to provide students with the P.O.S.T. certified training required to transition from the Custody Service Assistant position to the Sheriff Special Officer position. Grade: Pass/No Pass Only.

Criminal Justice Academies 059
Law Enforcement Supervisory Course
Formerly: Supervision Course
Unit(s): 3.5 Class Hours: 48 Lecture, 32 Laboratory total.
Prerequisite: Criminal Justice Academies 099A with a minimum grade of P or POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
P.O.S.T. approved course for law enforcement personnel newly appointed to a first-level supervisory position. Topics focus on understanding the roles of law enforcement personnel, and providing appropriate training and supervision in critical field situations. Grade: Pass/No Pass Only.

Criminal Justice Academies 066
Basic Course Requalification
Unit(s): 5.5 Class Hours: 70 Lecture, 66 Laboratory total.
Prerequisite: Students must have successfully completed CJA 99A Basic Academy, or CJA 100D Modular 1 Academy, or the equivalent of either course as determined by the Assistant Dean of Criminal Justice. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Students must be free of felony convictions, possess a valid Driver's License, undergo a fingerprint and criminal history check, and obtain clearance from a licensed physician indicating capacity to participate in intensive physical activity. Students must furnish all of their own equipment, including ammunition and firearm. This course is designed to meet state requirements for persons qualifying under POST regulation 1008. Students must be physically able to participate in all classroom activities, including use of impact weapons, handcuffing, restraint devices, control holds, takedowns, firearm retention, and firearm takeaways.
This course is certified by the Commission on Peace Officers Standards and Training (POST) and re-certifies students who graduated from a basic academy more than three years ago. This course also re-certifies students who have been employed as a police officer and are returning after a break of more than three years. Grade: Pass/No Pass Only.
Criminal Justice Academies 068A
Investigations and Report Writing
Unit(s): 0.1 - 1.6 Class Hours: 4–80 Laboratory total.

Prerequisite: California P.O.S.T. Certified Peace Officer.
This course is designed to cover all aspects of investigation from a theft to homicide to include first responder, report writing, evidence, and courtroom testimony. Grade: Pass/No Pass Only.

Criminal Justice Academies 068B
Police Report Writing
Unit(s): 0.2 - 0.5 Class Hours: 1–2 Lecture, 7–22 Laboratory total.
To develop practical, precise report writing techniques as well as general writing skills applicable to law enforcement. Grade: Pass/No Pass Only.

Criminal Justice Academies 068C
Traffic Collision Investigation
Unit(s): 0.5 Class Hours: 3 Lecture, 37 Laboratory total.
This course is designed to provide the student with the knowledge and ability to investigate traffic collisions. Prior to attending the course students should be familiar with the basic skills provided in Learning Domain #29 (Traffic Collision Investigation) from the POST basic police academy. Grade: Pass/No Pass Only.

Criminal Justice Academies 068D
Cybercrime Investigations for First Resp
Unit(s): 0.1 Class Hours: 8 Laboratory total.
Prerequisite: Criminal Justice Academy 099A with a grade of Pass.

Criminal Justice Academies 069A
Continuing Professional Training for Corrections
Formerly: Corrections Training
Unit(s): 0.2 - 0.5 Class Hours: 4 Lecture, 20 Laboratory total.

Prerequisite: Criminal Justice Academies 099A or Criminal Justice Academies 055B or Criminal Justice Academies 055D or Criminal Justice Academies 069B with a minimum grade of P or POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

Course is designed to provide law enforcement first responder with the knowledge and ability to respond to a cybercrime incident. Students will learn their role as a first responder, how cybercrimes are committed, identify persons to be interviewed, and how to gather and protect cybercrime evidence. This course is POST certified. Grade: Pass/No Pass Only.

Criminal Justice Academies 069B
Corrections Officer CORE Course Enforcement
Unit(s): 9.0 Class Hours: 120.50 Lecture, 79.50 Laboratory total.

Prerequisite: Medical clearance from a licensed physician indicating capacity to participate in intensive physical activity.
This course is certified with Standards & Training for Corrections (STC) and meets the requirements for Basic Corrections Officer Core Course. Course is presented in cooperation with the Orange County Sheriff’s Department. Grade: Pass/No Pass Only.

Criminal Justice Academies 069C
Prison Rape Elimination Act Training
Unit(s): 0.1 Class Hours: 2 Lecture, 2 Laboratory total.
Course is designed to provide employees assigned to work in a custody facility with the information they need to comply with the Prison Rape Elimination Act (PREA). Grade: Pass/No Pass Only.

Criminal Justice Academies 069D
Jail Security for Professional Staff
Unit(s): 0.2 Class Hours: 3 Lecture, 5 Laboratory total.
Course is designed to provide non-sworn law enforcement personnel with basic skills to operate in and around a custody facility. Grade: Pass/No Pass Only.

Criminal Justice Academies 069E
Self-Defense Strategies
Unit(s): 0.1 Class Hours: 8 Laboratory total.
Ability to legally possess a baton in the State of California. Obtain a medical clearance and medical insurance prior to attending is highly recommended. Ability to participate in strenuous activities such as kneeling, lying in prone position while handcuffed, handcuffing other persons, use of impact weapons, and physically controlling non-compliant or combative persons. Student will be exposed to tear gas and pepper spray.

Course is designed to provide law enforcement personnel with strategies to escape physical attack while working in and around a custody facility. Grade: Pass/No Pass Only.

Criminal Justice Academies 076A
Police K-9 Training
Unit(s): 4.0 - 15.0 Class Hours: 200–720 Laboratory total.

Prerequisite: Criminal Justice Academies 100A or its equivalent and eligible to receive peace officer training as defined in California Government Code Section 1031.
Intensive training for law enforcement personnel in the handling, deployment, and care of a police service dog. Training is required for assignment as a canine officer. Curriculum includes basic handler, narcotics and explosives instruction. Grade: Pass/No Pass Only.

Criminal Justice Academies 076B
Canine Agitator Training
Unit(s): 0.3 - 1.5 Class Hours: 16–80 Laboratory total.
Course is designed to provide students with instruction required to serve as an agitator in a police dog and/or sport dog training environment under the direct supervision of a canine training instructor. Grade: Pass/No Pass Only.

Criminal Justice Academies 083A
Instructor Skills
Unit(s): 0.5 Class Hours: 24–40 Laboratory total.

Prerequisite: Criminal Justice Academies 100A or 055B or 055D or 069B or their equivalent with a grade of Pass.
Course is designed to develop teaching skills and prepare instructors for the law enforcement classroom environment. Grade: Pass/No Pass Only.
Criminal Justice Academies 088
Campus Law Enforcement Update
Unit(s): 2.0  Class Hours: 32 Lecture, 8 Laboratory total.
Prerequisite: Criminal Justice Academies 099A with a minimum grade of P or POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
This course is designed to expand the knowledge of peace officers working a campus environment. The course will include a history of campus law enforcement, legal authority, laws and liability, responsibility in learning environment, campus conduct, emergency response tactics, and the discipline process as it relates to students. Grade: Pass/No Pass Only.
Criminal Justice Academies 090
Academy Tactical Officer Training
Unit(s): 0.5  Class Hours: 40 Laboratory total.
Prerequisite: Criminal Justice Academies 100A or its equivalent and eligible to receive peace officer training as defined in Government Code Section 1301.
This course is designed to prepare students to serve as tactical officers in a California POST approved police academy training environment. Grade: Pass/No Pass Only.
Criminal Justice Academies 098
Topic Course
Unit(s): 0.1 - 2.0  Class Hours: 40 Lecture, 40 Laboratory total.
Varies with topic. Grade: Pass/No Pass Only.
Criminal Justice Academies 099
OCSD Basic Pre-Academy
Unit(s): 0.5 - 1.5  Class Hours: 40–80 Laboratory total.
Prerequisite: Accepted to attend the CJA 100A Basic Police Academy or equivalent.
Preparatory course to prepare students for the rigors of the basic police academy. Grade: Pass/No Pass Only. Open Entry/Open Exit.
Criminal Justice Academies 099A
Basic Police Academy
Unit(s): 20.0 - 21.0  Class Hours: 960–1024 Laboratory total.
Prerequisite: Students sponsored by California law enforcement agencies must meet POST hiring requirements. Self-sponsored students must successfully complete CJA 010, CJA 026A, CJA 099 and required college screening procedures including interview, written test, medical evaluation, psychological evaluation and DOJ Livescan. Self-sponsored students’ applications will be evaluated and screened by Criminal Justice Academies Coordinator and Academy Fitness Instructor to assure students are sufficiently prepared. Self-sponsored students must meet all required prerequisites before entering or continuing the course.
Student will receive instruction in all areas of criminal justice, as required by P.O.S.T., for entry-level law enforcement officers. This course is offered in cooperation with the Orange County Sheriff's Department. Grade: Pass/No Pass Only.
Criminal Justice Academies 099B
Level 3 Modular Police Academy
Unit(s): 6.0 - 6.5  Class Hours: 96.5–112.5 Laboratory total.
Prerequisite: Students sponsored by California law enforcement agencies must meet Peace Officers Standards and Training (POST) hiring requirements. Self-sponsored students must successfully complete the required college screening procedures including interview, medical evaluation, and DOJ Livescan. Self-sponsored students must meet all prerequisites before entering the course, and will be responsible for providing their own required uniforms, equipment, and ammunition. All students must sign information sharing, student testing, and weapons handling agreements before entering the course. Violations of these agreements may result in immediate removal from the course.
The first module of the California POST Certified Police Academy Program. Grade: Pass/No Pass Only.
Criminal Justice Academies 099C
Level 2 Modular Police Academy
Unit(s): 6.5 - 7.0  Class Hours: 150.5–166.5 Laboratory total.
Prerequisite: Criminal Justice Academies 099B with a minimum grade of C or Commission on Peace Officers' Standards and Training (POST) Certified Module 3 Police Academy Program or equivalent as determined by the Assistant Dean of Criminal Justice Academies.
NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Students sponsored by California law enforcement agencies must meet the POST hiring requirements. Self-sponsored recruits must successfully complete the required college screening procedures including interview, medical evaluation, and DOJ Livescan. Self-sponsored students must meet all prerequisites before entering the course, and will be responsible for providing their own required uniforms, equipment, and ammunition. All students must sign information sharing, student testing, and weapons handling agreements before entering the course. Violations of these agreements may result in immediate removal from the course.
The second module of the California POST Certified Modular Police Academy Program. Grade: Pass/No Pass Only.
Criminal Justice Academies 099D
Level 1 Modular Police Academy
Unit(s): 14.0 - 14.5  Class Hours: 314–334 Laboratory total.
Prerequisite: Criminal Justice Academies 099C with a minimum grade of C or Commission on Peace Officers’ Standards and Training (POST) Certified Module 2 Police Academy Program or equivalent as determined by the Assistant Dean of Criminal Justice Academies.
NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Students sponsored by California law enforcement agencies must meet the POST hiring requirements. Self-sponsored recruits must successfully complete the required college screening procedures including interview, medical evaluation, and DOJ Livescan. Self-sponsored students must meet all prerequisites before entering the course, and will be responsible for providing their own required uniforms, equipment, and ammunition. All students must sign information sharing, student testing, and weapons handling agreements before entering the course. Violations of these agreements may result in immediate removal from the course.
The third and final module of the California POST Certified Modular Police Academy Program. Grade: Pass/No Pass Only.
CULINARY ARTS (CULN)

Culinary Arts 100
Introduction to Culinary Arts and Hospitality
Unit(s): 2.0  Class Hours: 36 Lecture total.

Practices and procedures for individuals interested in a career in the Culinary Arts and Hospitality or allied fields. Includes field trips to industry sites and interaction with professionals in the field. CSU

Culinary Arts 110
Food Sanitation and Safety
Unit(s): 3.0  Class Hours: 54 Lecture total.

Basic principles of sanitation and safety applied to commercial food service operations to comply with state regulations for sanitation certification. Includes certification knowledge of food borne illnesses and steps of food handling; personal hygiene, procurement, preparation, storage and service; and equipment use, care, selection, and accident prevention. (Same as Nutrition 110). CSU

Culinary Arts 120
Restaurant Management and Culinary
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Culinary Arts 110 with a minimum grade of C.

Students will explore, learn, practice, and apply the management and culinary skills needed for a career in the Restaurant and Food Service Industry. Laboratory work will include different cooking techniques and traditional food preparations for different sectors in the Industry. CSU

Culinary Arts 130
Advanced Culinary and Restaurant Management
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

Prerequisite: Culinary Arts 110 with a minimum grade of C.

Advanced food production techniques to be utilized in planning, costing, and implementing a wide variety of catered functions. CSU

Culinary Arts 140
Introduction to Baking & Pastry
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

Prerequisite: Culinary Arts 110 or Nutrition and Food 110 with a minimum grade of C.

This course covers fundamental baking skills for students who intend to specialize in baking and pastry making for commercial production. Production of yeast and quick breads, cakes, cookies, pies, and pastries, as well as decorating and iced cakes are undertaken. Gourmet baked items and pastries are produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management, and will prepare students for entry level baking position in the food industry as a baker or pastry chef. CSU

Culinary Arts 150
Principles of Pantry
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Nutrition and Food 110 or Culinary Arts 110 with a minimum grade of C.

Foods presentation and cold food preparation, emphasizing knife usage for fruit and vegetable. CSU

Culinary Arts 160
Principles of Beverage Service
Formerly: Culinary Arts 070, Beverage Service
Unit(s): 2.0  Class Hours: 36 Lecture total.

Introduction to the basic skills needed for service of alcoholic beverages. The theory and practical skills required to identify and recommend different types of alcoholic and non-alcoholic beverages served in the food service/hospitality industry. Field trips may be required. CSU

Culinary Arts 200
Business Practices for Culinary Arts Professionals
Unit(s): 3.0  Class Hours: 54 Lecture total.

This course offers insight into the various aspects of supervision in the hospitality industry. Supervisory roles, responsibilities, and essential managerial skills shall be discussed. The goal of the course is to equip students with the necessary authoritative and decision-making skills to be used in the workplace. CSU

Culinary Arts 299
Cooperative Work Experience Education
Unit(s): 1.0 - 4.0  Class Hours: 60-300 Laboratory total.

Prerequisite: 12 units completed in Culinary Arts or Nutrition & Food degree/certificate courses.

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. Students must work 75 hours of paid work or 60 hours of un-paid work to earn one unit of course credit. Credit may be accrued at the rate of one to four units per semester for a total of sixteen units. Grade: Pass/No Pass Only. Open Entry/ Open Exit. CSU

DANCE (DNCE)

Dance 009A
Dance Laboratory I
Unit(s): 0.5  Class Hours: 27 Laboratory total.

Prerequisite: By audition only.

Studio rehearsal time, emphasizing progressive development in the creation of concert performances and/or choreographic projects. Beginning level assignments are geared toward attainment of skills relating to concert performance and/or choreographic material. Material changes every semester. 24 hour earns 0.5 unit. Requires audition or instructor approval prior to enrollment. Grade: Pass/No Pass Only. A combination of Dance 009A, 009B, 009C, and 009D may be taken a maximum of four enrollments. Open Entry/Open Exit.

Dance 009B
Dance Laboratory II
Unit(s): 0.5  Class Hours: 27 Laboratory total.

Prerequisite: Dance 009A with a minimum grade of C.

Studio rehearsal time, emphasizing progressive development in the creation of concert performances and/or choreographic projects. Intermediate level assignments are geared toward attainment of skills relating to concert performance and/or choreographic material. Material changes every semester. 24 hour earns 0.5 unit. Requires audition. Grade: Pass/No Pass Only. Open Entry/Open Exit. A combination of Dance 009A, 009B, 009C, and 009D may be taken a maximum of four enrollments. Open Entry/Open Exit.

Dance 009C
Dance Laboratory III
Unit(s): 0.5  Class Hours: 27 Laboratory total.

Prerequisite: Dance 009B with a minimum grade of C.

Studio rehearsal time, emphasizing progressive development in the creation of concert performances and/or choreographic projects. Advanced level assignments are geared toward attainment of skills relating to concert performance and/or choreographic material. Material changes every semester. 24 hour earns 0.5 unit. Requires audition. Grade: Pass/No Pass Only. Open Entry/Open Exit. A combination of Dance 009A, 009B, 009C, and 009D may be taken a maximum of four enrollments.
Dance 009D
Dance Laboratory IV
Unit(s): 0.5  Class Hours: 27 Laboratory total.

Prerequisite: Dance 009C with a minimum grade of C.

Studio rehearsal time, emphasizing progressive development in the creation of concert performances and/or choreographic projects. Advanced level assignments are geared toward attainment of skills relating to concert performance and/or choreographic material. Material changes every semester. 24 hour earns 0.5 unit. Open Entry/Exit. A combination of Dance 009A, 009B, 009C, and 009D may be taken a maximum of four enrollments.

Dance 100
Dance History and Appreciation
Unit(s): 3.0  Class Hours: 54 Lecture total.

The development of dance in Western Europe and the U.S. from ancient times to the present. Explores dance as an emerging art form from the Renaissance to the 21st Century. Emphasizes the contemporary dance heritage of the United States. CSU/UC

Dance 100H
Honors Dance History and Appreciation
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.

An enriched honors course featuring intensive study of theatrical dance development in Western Europe and the U.S. from ancient times to the present. Utilizes writing, reading, critical thinking skills, required research, and student-initiated discussions in a seminar setting to explore dance history from cultural and aesthetic points of view. CSU/UC

Dance 102
Introduction to Dance Forms
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

An introduction to historical and contemporary dance forms through lecture and activity. Experience in ballet, modern, jazz, hip-hop, improvisation, folk, ethnic and/or ritual dance styles. Recommended for future teachers. CSU/UC

Dance 105
World Dance and Cultures
Unit(s): 3.0  Class Hours: 54 Lecture total.

Dance around the world is studied in its cultural/social context. Emphasis on the different ways dance is used to express ideas about religion, cultural identity, myths, and social ideals. Includes cultures from Africa, Asia, Europe, India, Latin America, Middle East, and North America, plus a focus on Southern California. CSU/UC

Dance 106A
Introduction to Modern Dance
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

An introduction to modern dance emphasizing movement technique, dance vocabulary, and creative individual expression. Includes an introduction to choreographic principles and the historical/cultural context of American modern dance. For the student with little or no dance experience. A combination of Dance 106A, 106B, 206A, 206B, 209, and 210 may be taken a maximum of four enrollments. CSU/UC

Dance 106B
Introduction to Modern Dance
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

An introduction to modern dance emphasizing movement technique, dance vocabulary, and creative individual expression. Includes an introduction to choreographic principles and cultural context of American modern dance. Dance 106B is a refinement of skills learned in Dance 106A. A combination of Dance 106A, 106B, 206A, 206B, 209, and 210 may be taken a maximum of four enrollments. CSU/UC

Dance 107
Dance Concert Performance
Unit(s): 1.0  Class Hours: 9 Lecture, 45 Laboratory total.

Formal Dance Concert performance experience for dance students. Includes both rehearsal process and a minimum of three on-stage public performances. 48 hours earns one unit. Repertoire and casting vary each semester. Grade: Pass/No Pass Only. CSU/UC

Dance 108A
Introduction to Ballet
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Introduction to basic ballet emphasizing movement technique, dance vocabulary, and creative individual expression. Student learns basic ballet-barre exercises, center work, and short dance works. Includes an introduction to choreographic principles and cultural context of ballet. Prepares the student for Dance 108B. A combination of Dance 108A, 108B, 201A, 201B, 213, and 214 may be taken a maximum of four enrollments. CSU/UC

Dance 108B
Introduction to Ballet
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Continuation of instruction in basic ballet technique, dance vocabulary, and creative individual expression. Student learns ballet-barre exercises, center work, and short dance works. Includes choreographic principles and cultural context of ballet. Dance 108B is a refinement of ballet technique skills learned in Dance 108A. A combination of Dance 108A, 108B, 201A, 201B, 213, and 214 may be taken a maximum of four enrollments. CSU/UC

Dance 109A
Pilates Mat I
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

An introduction to the mat exercises developed by Joseph Pilates to build strength, stability, coordination, and control in the core muscles of the body. Applicable to dance and general body conditioning. Grade: Pass/No Pass Only. A combination of Dance 109A, 109B, and 109C may be taken a maximum of four enrollments. CSU/UC

Dance 109B
Pilates Mat II
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Continued refinement of skills learned in Pilates Mat I with an emphasis on building strength, stability, coordination, and control in the core muscles of the body. Applicable to dance and general body conditioning. Grade: Pass/No Pass Only. A combination of Dance 109A, 109B, and 109C may be taken a maximum of four enrollments. CSU/UC

Dance 109C
Pilates Mat III
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Intermediate level course in the mat exercises developed by Joseph Pilates to build strength, stability, coordination, and control in the core muscles of the body. Applicable to dance and general body conditioning. Grade: Pass/No Pass Only. A combination of Dance 109A, 109B, and 109C may be taken a maximum of four enrollments. CSU/UC

Dance 110
Beginning Mexican Folk Dance
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Introduces techniques, forms, and regional/historical backgrounds of dances from various regions of Mexico. Students will perform at least 3 different traditional dances. A combination of Dance 110, 111, and 117 may be taken a maximum of four enrollments. CSU/UC
Dance 111
Intermediate Mexican Folk Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Continued study of techniques, forms, and regional/historical backgrounds of dances from various regions of Mexico. Students will perform at least 3 different and more complex traditional dances. Dance 110 recommended. A combination of Dance 110, 111, and 117 may be taken a maximum of four enrollments. CSU/UC

Dance 112
Ethnic Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Introduction to the dance movement and techniques of selected ethnic groups from around the world, with emphasis on skill development and cultural/historical context. Focus chosen from African dance, Asian court or folk dance, dance forms from India, European folk dance, or Polynesian dance. No experience necessary. CSU/UC

Dance 113A
Flamenco Dance I
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Introduction to dance movements, techniques, and terminology of Flamenco dance, music, rhythms, and song. Emphasis on dance skills and cultural relationship between Spain and the Gypsies. Prepares the student for Dance 113B. A combination of Dance 113A and 113B may be taken a maximum of four enrollments. CSU/UC

Dance 113B
Flamenco Dance II
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Prerequisite: Dance 113A with a minimum grade of C.
Continued study of Flamenco culture through dance, music, and song, with emphasis on particular rhythms. Students will explore the dynamics and structure of these rhythms and learn a choreographed dance. Repertoire varies each semester. A combination of Dance 113A and 113B may be taken a maximum of four enrollments. CSU/UC

Dance 117
Introduction to Middle Eastern Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Introduction to Middle Eastern Dance, including belly dance and folk dance forms. Emphasis is on movement technique, vocabulary, and creative expression. Also explores the fusion of Western and Middle Eastern dance forms. No experience necessary. Content varies each semester. A combination of Dance 110, 111, and 117 may be taken a maximum of four enrollments. CSU/UC

Dance 118
Introduction to Caribbean and Latin Dance Styles
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
An introduction to Caribbean and Latin social dance styles, including musicality, partnering, and patterns. Emphasis is on movement technique, vocabulary and creative expression. Historical and contemporary forms such as Salsa, Merengue, Rhumba, Cumbia and Tango are studied. CSU/UC

Dance 119A
Introduction to Jazz Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Introduction to jazz dance technique emphasizing elementary movement technique, vocabulary, and creative expression. Includes an introduction to composition and cultural context of jazz dance. For students with little or no dance experience. A combination of Dance 119A, 119B, 219A, 219B, 220, and 221 may be taken a maximum of four enrollments. CSU/UC

Dance 119B
Introduction to Jazz Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
A refinement of basic jazz dance, emphasizing movement technique, vocabulary, and creative expression. Includes composition, the cultural context of jazz dance, and contemporary jazz dance forms. A combination of Dance 119A, 119B, 219A, 219B, 220, and 221 may be taken a maximum of four enrollments. CSU/UC

Dance 120A
Introduction to Hip-Hop Dance
Unit(s): 1.0 Class Hours: 18 Lecture, 18 Laboratory total.
An introduction to Hip-Hop dance emphasizing movement technique, dance vocabulary and creative expression. Includes learning routines and the history and culture of Hip-Hop dance. No prior experience necessary. CSU/UC

Dance 120B
Intermediate Hip-Hop Dance
Unit(s): 1.0 Class Hours: 18 Lecture, 18 Laboratory total.
A continuation of the study of hip-hop dance emphasizing movement technique, dance vocabulary and creative expression. Includes more complicated movements, advanced dance combinations and an overview of the historical and cultural context of hip-hop. Beginning Hip-Hop recommended. CSU/UC

Dance 122
Commercial Contemporary Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Instruction for the advanced dance student in commercial contemporary dance including the technical steps, styles, audition techniques, and performance skills necessary to be a successful dancer in commercial settings such as industrials, cruise ships, music videos, etc. CSU/UC

Dance 123
Introduction to Salsa Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
An introduction to Salsa dance, including musicality, partnering, and patterns. Emphasis is on movement technique, dance vocabulary, and creative expression. Historical and contemporary forms are studied. CSU/UC

Dance 124
Intermediate Salsa Dance
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Continued study in Salsa dance, including musicality, partnering, and patterns. Emphasis is on movement technique, dance vocabulary, and creative expression. Includes learning routines and advanced dance combinations. Introduction to Salsa recommended. CSU/UC

Dance 130
Dance Improvisation
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
An introduction to structured dance improvisation, emphasizing movement invention, creative problem solving, group dynamics, and contact improvisation. Prior completion of dance technique course highly recommended. A combination of Dance 130, 202A, and 202B may be taken a maximum of four enrollments. CSU/UC

Dance 140
Dance Repertory Workshop
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Intensive course which emphasizes learning selected repertory. Students learn one or more complete choreographic works of concert quality with instruction in specific performance styles, culminating in a public performance. Grade: Pass/No Pass Only. CSU/UC

</tbody>
</table>
Dance 221
Jazz Dance IV
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Recommended Preparation: Dance 220 with a minimum grade of C.

Continuing study of jazz dance concentrating on advanced combinations with emphasis on movement technique, vocabulary, and performance style. Includes study of choreography, cultural context of jazz; and comparisons of historical and contemporary jazz styles. CSU/UC

Dance 232
Partnering
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Prerequisite: Completion of a prior dance class or concurrent enrollment and audition.

The study of partnering in modern, jazz, and classical choreography. Includes duets, groups, and choreography involving any body contact or shifting of weight from one individual to another. Experience differs each semester. CSU/UC

Dance 240A
Repertory I
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Audition.

Students develop rehearsal and performance skills through learning a repertoire of dances. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment. CSU/UC

Dance 240B
Repertory II
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Audition.

Continued refinement of rehearsal and performance skills through learning a more difficult repertoire of dances. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment. CSU/UC

Dance 240C
Repertory III
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Audition.

Students learn intermediate-advanced performance skills through learning a repertoire of dances. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment. CSU

Dance 240D
Repertory IV
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Audition.

Continued study in intermediate-advanced performance skills through small group, duet and/or solo repertoire. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment. CSU

Dance 250A
Hip Hop Dance I
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Introduction to hip hop dance emphasizing movement technique, vocabulary, and creative expression. Includes an introduction to choreographic principles, improvisation, and cultural context of hip hop. A combination of Dance 250A, 250B, and 251 may be taken a maximum of four enrollments. CSU/UC

Dance 250B
Hip-Hop Dance II
Formerly: Hip Hop Dance II
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Recommended Preparation: Dance 250A with a minimum grade of C.

Continued study in hip-hop dance emphasizing movement technique, vocabulary, and creative expression. Includes improvisation, more difficult combinations, student compositions, and the cultural context of hip-hop. Movement repertoire differs from 250A. A combination of Dance 250A, 250B, and 251 may be taken a maximum of four enrollments. CSU/UC

Dance 251
Hip-Hop Dance III
Formerly: DANCE 251- Hip Hop Dance III
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Recommended Preparation: Dance 250B with a minimum grade of C.

Instruction for the continuing dance student in intermediate level hip-hop dance technique and further development of performance skills. Emphasis will be placed on combinations, choreography, performance style, and cultural context of hip-hop. Dance 250B recommended. A combination of Dance 250A, 250B, and 251 may be taken a maximum of four enrollments. CSU/UC

Dance 260
Somatic Practices in Dance
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

This course uses the principles of Bartenieff Fundamentals to develop efficient movement patterning within the body and to encourage and support personal expression, meaning-making, and an integration of the body and mind. Includes core concepts of the Laban Movement Analysis System which embodies all movement possibilities through Body, Effort, Shape, and Space. Knowledge in Anatomy/Physiology or Kinesiology and/or training in Intermediate/Advanced Dance Techniques are highly recommended. A combination of Dance 260, 261, 262, and 263 may be taken a maximum of four enrollments. CSU/UC

Dance 261
Somatic Practices in Modern Dance
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.

Prerequisite: Dance 260 with a minimum grade of C

Application of somatic practices learned in Dance 260 to intermediate/advanced level modern dance techniques. Grade: Pass/No Pass Only. CSU/UC

Dance 262
Somatics Practices in Ballet
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.

Prerequisite: Dance 260 with a minimum grade of C

Application of somatic practices learned in Dance 260 to intermediate/advanced level ballet techniques. Grade: Pass/No Pass Only. A combination of Dance 260, 261, 262, and 263 may be taken a maximum of four enrollments. CSU/UC

Dance 263
Somatic Practices in Jazz Dance
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.

Prerequisite: Dance 260 with a minimum grade of C

Application of somatic practices learned in Dance 260 to intermediate/advanced level jazz dance techniques. Grade: Pass/No Pass Only. CSU/UC
Dance 270
Dance Practicum
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Prerequisite: Dance 180 with a minimum grade of B.

Directed study at selected locations providing workplace experience as performer, choreographer, production assistant, dance management intern, dance team assistant, dance studio assistant, dance teacher, or somatics teaching assistant. Before placement, skills are assessed to match abilities with project or job needs. CSU/UC

Dance 290
Choreography for the Camera
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

Prerequisite: Television 140 with a minimum grade of C

An introduction to dance for the camera, utilizing both practical and theoretical concepts of choreography and video production as it pertains to filmmaking. Through dance film analysis, studio-based exercises, viewings, and discussions, specific approaches to translating, contextualizing, framing, and structuring movement in the cinematic format will be explored. Designed for the dancer with intermediate/advanced technical training and choreographic skills. CSU/UC

Dance 291
Dance Film Production
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

Prerequisite: Dance 290 with a minimum grade of C

A capstone course, where students build upon skills and concepts developed in previous camera, editing, cinematography, and choreography for the camera courses. Students produce and direct dance film productions. CSU/UC

Dance 296
Special Studies in Modern Dance
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Recommended Preparation: Dance 210 with a minimum grade of C.

An advanced level course offering individualized and accelerated instruction in modern dance techniques. Grade: Pass/No Pass Only. A combination of Dance 296, 297, and 298 may be taken a maximum of four enrollments. CSU/UC

Dance 297
Special Studies in Jazz Dance
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Recommended Preparation: Dance 221 with a minimum grade of C.

An advanced level course offering individualized and accelerated instruction in jazz dance techniques. Grade: Pass/No Pass Only. A combination of Dance 296, 297, and 298 may be taken a maximum of four enrollments. CSU/UC

Dance 298
Special Studies in Ballet Dance
Formerly: Dance 298 - Special Studies in Dance
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.

Recommended Preparation: Dance 213 and Dance 214 with a minimum grade of C.

An advanced level course offering individualized and accelerated instruction in ballet dance techniques. Grade: Pass/No Pass Only. A combination of Dance 296, 297, and 298 may be taken a maximum of four enrollments. CSU/UC

DIESEL TECHNOLOGY (DSL)

Diesel 101
Truck Preventative Maintenance
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

This course provides the student with basic knowledge and skills in light, medium, and heavy duty truck maintenance. Safety, inspections, and hands-on practice are emphasized. CSU

Diesel 108
Oxyacetylene-Arc Welding
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.

Technical knowledge and basic skills needed for occupational oxyacetylene and arc welding processes and applications. Students must furnish safety equipment. (Same as Automotive Technology 108 and Welding 108). CSU

Diesel 109
Truck Chassis: Brake and Suspension Service
Unit(s): 4.0  Class Hours: 36 Lecture, 108 Laboratory total.

This course covers the air and hydraulic brake systems used on modern medium and heavy duty trucks. Steering and suspension systems on these vehicles are also covered. Emphasis is placed upon utilizing the correct service and diagnostic procedures as required by the trucking industry. CSU

Diesel 110
Truck Chassis: Drive Train Service
Unit(s): 4.0  Class Hours: 36 Lecture, 108 Laboratory total.

This course covers the drive train systems used on medium and heavy duty trucks. Primary focus includes the manual transmission, clutch, and rear axle systems. Correct service procedures and diagnosis of these systems are emphasized as required on modern medium and heavy duty vehicles. CSU

Diesel 113
Allison Transmission Service
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

A course of study designed to familiarize the student with the operation, service, overhaul, and troubleshooting of Allison automatic transmissions. Hands-on procedures are emphasized. Students must furnish approved safety glasses. CSU

Diesel 115
Introduction to Heavy Duty Mobile Hydraulics
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

This course presents the operation and service procedures for hydraulic devices found on heavy-duty diesel equipment and trucks. Hands-on procedures are emphasized. Student must furnish approved safety glasses. CSU

Diesel 121
Mid-Range Diesel Engine Service
Unit(s): 4.5  Class Hours: 54 Lecture, 90 Laboratory total.

Troubleshooting, service, and repair techniques for medium-duty diesel engines and fuel systems. Hands-on procedures and safety emphasized. Student must furnish approved safety glasses. CSU

Diesel 122
Electronics Fundamentals
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.

Introduction to the basic operating principles of electrical and electronic devices used in modern vehicles. Hands-on digital multimeter testing is highlighted. Safe and correct use of tools and equipment by students will be emphasized. Students must furnish approved safety glasses. (Same as Auto 122). CSU
Diesel 125  
Heavy Duty Diesel Engine: Top End Service  
Unit(s): 4.0  Class Hours: 36 Lecture, 108 Laboratory total.  
This course covers the diagnosis and service of heavy duty diesel engine top end systems. Emphasis is placed on hands-on practice of measurement, specifications, and proper procedures as required by industry. CSU  

Diesel 126  
Heavy Duty Diesel Engine: Bottom End Service  
Unit(s): 4.0  Class Hours: 36 Lecture, 108 Laboratory total.  
This course covers the diagnosis and service of heavy duty diesel engine bottom end systems. Emphasis is placed on hands-on practice of measurement, specifications, and proper procedures as required by industry. CSU  

Diesel 132  
Diesel Fuel Injection Systems Service  
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.  
Theory, testing, and service of mechanical and electronic diesel fuel injection systems. Engine tune-up and troubleshooting techniques on current production medium and heavy-duty diesel engines. Hands-on procedures and safety are emphasized. Students must furnish approved safety glasses. CSU  

Diesel 140  
Diesel Electrical Systems  
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.  
Diagnosis, service, and repair procedures for starting, charging, lighting, instruments, and multiplex systems. Wiring schematics, safety, and hands-on procedures are emphasized. Students must furnish approved safety glasses. CSU  

Diesel 160  
Foundations of Mobile Air Conditioning And Refrigeration  
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.  
This course focuses on the mobile air conditioning and refrigeration systems used on modern vehicles. The systems found on automobiles, light and heavy duty trucks, transport refrigeration units, and transit buses are covered in this course with hands-on practice. Safe handling of refrigerant as well as preparation for the EPA 609 exams are covered. Student must furnish approved safety glasses. This course assists the student in preparation for A7, T7, and H7 ASE exams. (Same as Automotive Technology 160). CSU  

Diesel 162  
Air Conditioning and Heating  
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.  
Operation, testing, and servicing of truck cab air conditioning and heating systems as well as auxiliary power units. Safety, refrigerant recovery, special equipment, controls will be covered. Applied air conditioning theory. EPA 609 certification is a segment of this course. Helps prepare student for T7 ASE certification exam. CSU  

Diesel 165  
Transport Refrigeration  
Unit(s): 5.0  Class Hours: 72 Lecture, 72 Laboratory total.  
Theory and operation of truck and trailer refrigeration, electrical, and microprocessor control systems used on current production Carrier and Thermo King units. Service, repair, and troubleshooting procedures used in industry will be covered. Hands-on procedures and safety are emphasized. CSU  

Diesel 202  
Introduction to Coach Operations  
Unit(s): 1.0  Class Hours: 18 Lecture total.  
Prerequisite: The student must furnish approved safety equipment for the first meeting of the course. This equipment includes: Approved ANSI Standard Safety Glasses, Reflective Safety Vest, and Steel-Toed Shoes.  
This course provides students with an overview of the Certified Maintenance courses CERT1 through CERT10. Covers the ground rules and expectations of the program. Transit bus vehicle and shop safety training is highlighted. This safety training is required for participation in all CERT1 though CERT10 courses. Familiarizes students with the proper and safe use of hand tools and equipment. Includes an overview of the functions and procedures for preventive maintenance on current transit buses. Grade: Pass/No Pass Only. CSU  

Diesel 203  
Transit Vehicle Electrical Systems  
Unit(s): 2.0  Class Hours: 36 Lecture total.  
Prerequisite: Diesel 202 with a minimum grade of C.  
This course covers the functions and components of the electrical systems on current transit buses. Principles of electricity and safety are highlighted. An overview of troubleshooting techniques for both conventional and computer controlled buses are emphasized. This is the Certified Maintenance course CERT3. Grade: Pass/No Pass Only. CSU  

Diesel 204  
Transit Vehicle Air Systems  
Unit(s): 0.5  Class Hours: 12 Lecture total.  
Prerequisite: Diesel 202 with minimum grade of C.  
This course provides students with functions and components of the air systems on current transit buses. Principles of air supply and safety are emphasized. An overview of troubleshooting techniques for both conventional and computer controlled buses is highlighted. This is the Certified Maintenance course CERT4. Grade: Pass/No Pass Only. CSU  

Diesel 205  
Transit Vehicle Air Brake Systems  
Unit(s): 1.0  Class Hours: 18 Lecture total.  
Prerequisite: Diesel 202 with a minimum grade of C.  
This course introduces the students to the operation of air brake systems found on current transit buses. Diagnosis, service, and repair procedures are emphasized. This is Certified Maintenance course CERT5. Grade: Pass/No Pass Only. CSU  

Diesel 206  
Transit Vehicle Automatic Transmissions  
Unit(s): 1.5  Class Hours: 27 Lecture total.  
Prerequisite: Diesel 202 with a minimum grade of C.  
This course introduces the students to the basic theory of operation of the automatic transmissions currently used on transit buses. Diagnostic and troubleshooting techniques, repair, and service will be emphasized. This is the Certified Maintenance course CERT6. Grade: Pass/No Pass Only. CSU  

Diesel 207  
Transit Vehicle Engines  
Unit(s): 2.5  Class Hours: 47.25 Lecture total.  
Prerequisite: Diesel 202 with a minimum grade of C.  
Designed to acquaint the student with the basic theory of operation, diagnostic and troubleshooting techniques, repair and service of engines. Grade: Pass/No Pass Only. CSU
Announcement of Courses

Earth Science 110H (C-ID GEOL 120)
Honors Introduction to Earth Science
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
An intensive study of the processes that shape and form the Earth and define its place in the solar system. Introduction to the sciences of geology, oceanography, meteorology, and astronomy. Not open to students who are enrolled, or have credit in Geology 101 or Geography 101. CSU/UC

Earth Science 115
Earth Science for Educators
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
The study of the dynamic forces shaping the earth, including its oceans and atmosphere. This class is open to all majors but is oriented towards enhancing the earth science knowledge of future teachers. Also includes an introduction to the solar system. Half-day field trip required. Not open to students who are enrolled or have credit in Earth Science 110, Geology 101, or Geography 101. CSU/UC

Earth Science 150
Introduction to Oceanography
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introductory study of the ocean and its topography, sediments, circulation, shoreline processes, biological productivity, and mineral resources. (Same as Geology 150). CSU/UC

Earth Science 150H
Honors Introduction to Oceanography
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Enriched and intensive study of the ocean’s topography, sediments, circulation, shoreline processes, biological productivity, and mineral resources. Course is taught in a seminar format to provide optimal active learning and critical thinking. (Same as Geology 150H). CSU/UC

ECONOMICS (ECON)

Economics 120 (C-ID ECON 202)
Principles/Macro
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Mathematics 060 or Mathematics 083 or Mathematics 084 with a minimum grade of C.
Introduction to macroeconomics, including basic economic concepts, analysis of markets, national income accounting, employment, short run business cycle fluctuations, long run growth trends, monetary and fiscal policies, and international economic issues. Intended for economics, business, and certain engineering/computer science majors. CSU/UC

Economics 121 (C-ID ECON 201)
Principles/Micro
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Mathematics 060 or Mathematics 083 or Mathematics 084 with a minimum grade of C.
Introduction to microeconomics, including basic economic concepts, analysis of markets, efficiency, consumer and firm behavior, industry structures, market failure, and resource markets. For economics, business, and certain engineering and computer science majors. CSU/UC

Diesel 208
Transit Vehicle Heating, Ventilation, Air Conditioning
Unit(s): 1.5 Class Hours: 27 Lecture total.
Prerequisite: Diesel 202 with a minimum grade of C.
This course introduces students to the basic theory of operation of transit bus heating, ventilation, and air conditioning systems used on current transit buses. Service, maintenance, and troubleshooting will be emphasized. This is the Certified Maintenance course - CERT9. Grade: Pass/No Pass Only. CSU

Diesel 209
Transit Vehicle Drive Train Suspension
Unit(s): 1.0 Class Hours: 21 Lecture total.
Prerequisite: Diesel 202 with a minimum grade of C.
This course introduces students to the basic theory of operation of transit bus drive train and suspension systems. Diagnostic techniques, repair, and service of current transit bus drive train and suspension systems will be emphasized. This is the Certified Maintenance course - CERT10. Grade: Pass/No Pass Only. CSU

Diesel 210
Transit Vehicle Wheelchair Lifts
Unit(s): 0.5 Class Hours: 12 Lecture total.
Prerequisite: Diesel 202 with a minimum grade of C.
This course introduces students to the basic theory of operation of wheelchair lifts and ramps currently used on transit buses. Service, maintenance, and troubleshooting will be emphasized. This is the Certified Maintenance course - CERT11. Grade: Pass/No Pass Only. CSU

Diesel 287
Alternative Fuels
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course introduces the student to the various types of alternative fuels used in modern vehicles. Safety and operation are highlighted. Compressed Natural gas (CNG) is emphasized. LPG, LNG, Bio-diesel, Ethanol, and Hydrogen are also covered. This course prepares automotive as well as diesel students for industry. (Same as Automotive Technology 287). CSU

Diesel 288
Diesel Engines: Light-Medium Duty Systems
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course will introduce the practical applications of modern light and medium duty diesel engines. German as well as domestic engine systems will be covered including common rail fuel injection, turbo chargers, and diesel emission systems. (Same as Automotive Technology 288). CSU

EARTH SCIENCE (ERTH)

Earth Science 110 (C-ID GEOL 120)
Introduction to Earth Science
Unit(s): 3.0 Class Hours: 54 Lecture total.
A study of the processes that shape and form the Earth and define its place in the solar system. Introduction to the sciences of geology, oceanography, meteorology, and astronomy. Not open to students who are enrolled, or have credit in Geology 101 or Geography 101. CSU/UC
EDUCATION (EDUC)

Education 100 (C-ID EDUC 200)
Introduction to Education
Unit(s): 3.0  Class Hours: 54 Lecture total.
Introduction to the field of education including historical and philosophical perspectives; school governance and funding; societal influences and student diversity; school curriculum standards; professional standards and teaching performance expectations. Students will independently complete a minimum of 45 hours of Service Learning (structured observation and internship/fieldwork) in local public elementary school classrooms during the semester. CSU/UC

Education 113
Tutoring Reading in Elementary Schools
Unit(s): 1.0   Class Hours: 18 Lecture total.
An examination of effective tutoring strategies, focusing on the support for reading skills of elementary age children. Students are placed in local K-8 classrooms to gain experience with school-age children. Twenty+ service learning hours required in addition to lecture hours. Student must provide proof of negative TB screening. CSU

Education 203
Introduction to Children With Special Needs
Unit(s): 3.0   Class Hours: 54 Lecture total.
Introduces the variations in development of children and adolescents with special needs, and the resulting impact on families. Includes an overview of historical and societal influences, laws relating to individuals with special needs, and the identification and referral process. (Same as CDEV 205). CSU

Education 204
Personal Proficiency in Educational Technologies for Secondary Teachers
Unit(s): 3.0   Class Hours: 54 Lecture total.
Students will develop personal proficiency in educational technologies to facilitate the teaching process in a secondary classroom setting. Students will also apply digital literacy skills through the use of presentation, spreadsheet, word processing and publication software, interactive online tools, internet search and retrieval, information literacy, electronic communication and collaboration, and awareness of legal and ethical issues in the digital world. CSU

Education 205
Personal Proficiency in Educational Technology for Elementary Teachers
Unit(s): 3.0   Class Hours: 54 Lecture total.
Students will develop personal proficiency in educational technologies to facilitate the teaching process in an elementary classroom setting. Students will also apply digital literacy skills through the use of presentation, spreadsheet, word processing and publication software, interactive online tools, internet search and retrieval, information literacy, electronic communication and collaboration, and awareness of legal and ethical issues in the digital world. CSU

Education 210
The Teaching Experience: Secondary Education
Unit(s): 3.0   Class Hours: 54 Lecture total.
Introduction to the history, philosophy, and sociology of secondary education. This course will cover the California Teaching Performance Expectation and Assessment, needs of special populations, English learners, struggling readers, content standards, and major curriculum reform documents. Students participate in 45 hours of structured observation in a local secondary classroom. CSU/UC

EMERGENCY MEDICAL TECHNICIAN (EMT)

Emergency Medical Technician 104
Emergency Medical Technician
Unit(s): 10.0   Class Hours: 162 Lecture, 54 Laboratory total.

Basic course for the Emergency Medical Technician (EMT). Satisfies requirements for County/State Emergency Medical Services (EMS) Authority. Prepares students to take the Orange County Emergency Medical Services (OCEMS)/National Registry certifying exam for state certification. This course provides depth and breadth of foundational knowledge of the National EMS Education Standards derived from the National Scope of Practice Model for entry-level EMTs. CSU

Emergency Medical Technician 105
Clinical EMT Skills Laboratory
Unit(s): 1.0   Class Hours: 54 Laboratory total.
Corequisite: Concurrent enrollment in Emergency Medical Technician 104. In order to pass EMT 105, the student must pass EMT 104. A failing grade in EMT 104 will be given if EMT 105 is not passed.

Supervised use of skills lab through supplemental learning to assist the student in development of competency, and teaching and assessment needs of students in the Emergency Medical Technician area. CSU

Engineering 012
AEC Print Reading
Unit(s): 3.0   Class Hours: 54 Lecture total.
Reading and interpreting blueprints for Architecture, Civil Engineering, Construction (AEC). Information in This course provides preparation for more advanced AEC coursework. Recommended for students with no prior course(s) in blueprint reading.

Engineering 051
Basic Technical Drawing
Unit(s): 3.0   Class Hours: 36 Lecture, 72 Laboratory total.
Principles of mechanical drawing including projections, views, dimensions, and conventions, utilizing sketches and computer drafting program. Designed for students with no prior mechanical drawing experience.

SANTA ANA COLLEGE • sac.edu • 2018 – 2019
Engineering 100A (C-ID ENGR 110)
Introduction to Engineering
Unit(s): 2.0 Class Hours: 36 Lecture total.
Introduction to major fields of engineering (including mechanical, electrical, industrial, biomedical, aerospace, and others), the functions of an engineer, and the industries in which engineers work. Explains the engineering education pathways and explores effective strategies for students to reach their full academic potential. Presents an introduction to the methods and tools of engineering problem solving and design including the interface of the engineer with society and engineering ethics. Develops communication skills pertinent to the engineering profession. CSU/UC

Engineering 100B
Introduction to Architecture/Civil Engineering /Construction (AEC)
Unit(s): 2.0 Class Hours: 36 Lecture total.
Introduction to the Architectural, Civil Engineering, Construction (AEC) fields. Includes an overview of academic programs, career information and preparation requirements, virtual or in person field trips, and guest speakers. CSU

Engineering 103
Solidworks Basic Solid Modeling
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introductory course in parametric solid modeling. This course will include a solid modeling overview, solid model construction techniques (extrude, revolve, fillet, chamfer, etc.), including the preparation of individual solid components and basic solid model assemblies. (Same as Manufacturing Technology 103). CSU

Engineering 104
Solidworks Intermediate Solid Modeling
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Engineering 103 or Manufacturing 103 with a minimum grade of C.
Intermediate course for solid modeling, includes a review of the introductory class and changes to the Solidworks interface. Instruction in the use of intermediate Solidworks part modeling skills such as assembly modeling and sub-assemblies is included. (Same as Manufacturing Technology 104). CSU

Engineering 105
Solidworks Advanced Solid Modeling
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Engineering 104 or Manufacturing Technology 104 with a minimum grade of C.
Advanced course for solid modeling includes a review of the intermediate class and changes to the Solidworks interface. Instruction in the use of Solidworks part modeling, assembly modeling, sub-assemblies, advanced photoworks and advanced animator emphasized. (Same as Manufacturing Technology 105). CSU

Engineering 110
Advanced CAD Applications
Unit(s): 0.5 - 4.0 Class Hours: 24-192 Laboratory total.
Individual skill development for advanced students desiring to learn special applications using college licensed computer drafting and design software. Each 0.5 unit of credit requires 24 laboratory hours. Suggested preparation: Engineering 184. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Engineering 111
Basic Mechanical Blueprint Reading
Unit(s): 2.0 Class Hours: 36 Lecture total.
Reading and interpreting blueprints for manufacturing technologies. (Same as Manufacturing Technology 111). CSU

Engineering 112
Society and the Built Environment
Unit(s): 3.0 Class Hours: 54 Lecture total.
An introductory course that explores the far-reaching impacts of society on the built environment. A multidisciplinary examination of western and non-western society’s ethics, economics, culture, ecology, processes, technology and tools on trends and developments of the built environment. CSU

Engineering 114
Geometric Dimensioning and Tolerancing
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Engineering 104 or Manufacturing 111 or Engineering 122 or Engineering 125 with a minimum grade of C.
Drawing interpretation utilizing geometric dimensioning and tolerancing (ANSI Y14.5) as applied in engineering, manufacturing, and inspection. (Same as Manufacturing Technology 114). CSU

Engineering 115
Cooperative Work Experience Education-Occupational
Unit(s): 1.0 - 4.0 Class Hours: 60-300 Lecture total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. CSU

Engineering 118 (C-ID ENGR 180)
Surveying
Formerly: Engineering 118, Plane Surveying
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Mathematics 160 or Mathematics 170 with a minimum grade of C.
Course emphasis is on: coordinate geometry calculations; route computations and design; operation of surveying field equipment; and production of engineering plans/maps. Topics include distances, angles, and directions; differential leveling; traversing; property/boundary surveys; topographic surveys/mapping; volume/earthwork; horizontal and vertical curves; land description techniques; and GPS. Extensive field work using tapes, levels, transits, theodolites, total stations, and GPS. Assists in passing the land surveyor-in-training exam. Completion of Math 160 recommended. CSU

Engineering 119
Advanced Plane Surveying
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Engineering 118 with a minimum grade of C; Instructor may waive if student can show proof of industry experience in surveying equal to or greater than Engineering 118.
Course emphasis is on: coordinate geometry calculations; route surveying with horizontal and vertical curves; topographic surveying and mapping; construction surveying; introduction to geospatial technologies, boundary surveying and surveys of public lands; and field surveying projects. Assists student in passing the state LSIT exam. CSU

Engineering 122
Engineering Drawing
Unit(s): 3.0 Class Hours: 36 Lecture, 72 Laboratory total.
Principles of engineering drawing: projections, views, sections, dimensions, tolerancing, assemblies, manufacturing processes, engineering drafting practices. Utilizing sketches and computer drafting program. CSU/UC
Engineering 124
Advanced Drawing
Unit(s): 3.0 Class Hours: 36 Lecture, 72 Laboratory total.

Recommended Preparation: Engineering 122 or Engineering 125 with a minimum grade of C.

Advanced topics in engineering drawing and design - working drawings, fasteners,cams, gears, auxiliary views, advanced sectioning, dimensioning, tolerancing. Utilizing sketches and computer drafting program. CSU/UC.

Engineering 125
Engineering Graphics
Unit(s): 3.0 Class Hours: 36 Lecture, 72 Laboratory total.

Prerequisite: Mathematics 160 with a minimum grade of C. May be satisfied by equivalent High School trigonometry class with minimum grade of C.

Includes principles of engineering drawings in visually communicating engineering designs in sketches, and an introduction to computer-aided design (CAD). Includes orthogonal projections, dimensioning, tolerancing, section, design and graphical mathematics, utilizing sketches, introduction to 2D and 3D computer drafting program and the engineering design process. Assignments develop sketching and 2-D and 3-D CAD skill. The use of CAD software is an integral part of the course. Suggested preparation: Engineering 051 and 183 (may be taken concurrently). CSU/UC.

Engineering 130A
CATIA Beginning Solid Modeling
Unit(s): 3.0 Class Hours: 54 Lecture total.

Introductory course in parametric solid modeling CAD using CATIA software. Topics include: CAD overview, sketching, basic solid model creation (base features, pads, pockets, grooves, shafts, etc.) sketch constraints, reference elements, hole features, feature editing, assembly and drawing creation. (Same as Manufacturing Technology 130A). CSU.

Engineering 130B
CATIA Intermediate Solid Modeling
Unit(s): 3.0 Class Hours: 54 Lecture total.

Recommended Preparation: Engineering 130A or Manufacturing 130A with a minimum grade of C.

Intermediate course in parametric solid modeling CAD using CATIA software. Topics: intermediate/advanced level sketching & modeling (sweeps, ribs, slots), feature editing & transformation, assembles, drafting workbench, surface modeling, and other CATIA modules. (Same as Manufacturing Technology 130B) CSU.

Engineering 131
Engineering Mechatronics Technology Survey
Unit(s): 0.5 Class Hours: 9 Lecture total.

Course provides hands-on exposure to modern techniques in rapid prototyping, including: 3D printing, laser cutting, 3D scanning, and other processes used in mechatronics and engineering. Course provides a good introduction to the Engineering Mechatronics Technology program. CSU.

Engineering 132
Introduction to Robotics
Unit(s): 2.5 Class Hours: 36 Lecture, 27 Laboratory total.

Introductory course in robotics. Topics include history of robotics, role of robotics in modern engineering, industrial automation, emerging technologies, basic design, sensors, circuitry, actuators, mechanics, programming, and a hands-on robot design and construction project. CSU.

Engineering 133
Basic Mechatronics Engineering Technology
Formerly: Introductory Electromechanical Engineering Technology
Unit(s): 3.0 Class Hours: 45 Lecture, 27 Laboratory total.

Recommended Preparation: Engineering 103 and Mathematics 084 with a minimum grade of C.

Introductory course in mechatronics engineering technology with an emphasis on hands-on fabrication and testing. Topics include: basic design using CAD software and mechanics principles; intermediate fabrication and testing of mechanical systems (mechanical elements, materials, fabrication processes, frames, fasteners, fluid systems, 3D printing, laser cutting, rapid prototyping, and other processes), and electronics systems (basic circuit analysis, construction, and measurement). CSU.

Engineering 134
Intermediate Mechatronics Engineering Technology
Formerly: Intermediate Electromechanical Engineering Technology
Unit(s): 3.0 Class Hours: 45 Lecture, 27 Laboratory total.

Recommended Preparation: Engineering 133 and Engineering 103 and Engineering 158.

Intermediate course in mechatronics engineering technology with an emphasis on hands-on fabrication and testing. Topics include: design using CAD software and mechanics principles; intermediate level fabrication and testing of mechanical systems (machine elements, fabrication processes, rapid prototyping, assembly, measurement and inspection, and other processes), and electronics systems (circuit analysis, op amps, AC circuits, LEDs, soldering, circuit construction, use of DMM and oscilloscope). CSU.

Engineering 135
Advanced Mechatronics Engineering Technology
Formerly: Advanced Electromechanical Engineering Technology
Unit(s): 3.0 Class Hours: 45 Lecture, 27 Laboratory total.

Recommended Preparation: Engineering 134 and Engineering 103 and Engineering 158.

Advanced course in mechatronics engineering technology with an emphasis on hands-on fabrication and testing. Topics include: design using CAD software and mechanics principles; advanced level fabrication and testing of mechanical systems (drive systems, gears, linear motion elements, rapid prototyping systems, motor control, actuation, and other processes), and electrical systems (solid state devices, op amps, AC circuits, transducers, micro-controllers, circuit measurement devices). CSU.

Engineering 142
Architecture/Civil Engineering/Construction (AEC) Drawing
Unit(s): 4.0 Class Hours: 54 Lecture, 72 Laboratory total.

Recommended Preparation: Engineering 012 and Engineering 183.

An introduction to conventional and computer aided drafting techniques in the relation of drawings for construction. Interpretation of details in construction drawings/blueprints and reference materials. Laboratory: Drafting plans for a residential building using the techniques introduced in the course. Includes ecological terms and concepts, BIM basics, and abbreviations. CSU.

Engineering 143
Fundamentals of Construction Engineering/Construction (AEC) Drafting Standards
Unit(s): 3.0 Class Hours: 54 Lecture total.

Overview of residential, commercial, institutional, industrial, and heavy civil construction and associated codes, standards, and ethical boundaries. Areas of focus to include type of foundations, materials, contract documents, working drawings and vocabulary. Includes an introduction to LEED/Green Construction. CSU.
Engineering 154
AEC BIM with Revit /Construction (AEC) Parametric and BIM Applications
Formerly: Architecture/Civil Engineering/Construction (AEC)
Unit(s): 3.0  Class Hours: 54 Lecture, 108 Laboratory total.
Recommended Preparation: Engineering 142 and Engineering 186 with a minimum grade of C. Prior knowledge of 3D CAD and prior knowledge of AEC basics is recommended. Students who do not have that prior experience will need to plan to work longer hours and use optional course materials to ensure success. ENGR 142 and ENGR 186 or equivalent are recommended. Familiarity with 3D CAD environments is recommended. Students without that foundation knowledge will need to plan to work longer hours to ensure success. ENGR 142 and ENGR 186 or equivalent industry experience are recommended.
This course covers AEC 3D Parametric applications for architectural, civil engineering, and construction drawings/documents. Includes BIM concepts, conceptual design, organization of projects, visualization and printing. Suggested preparation: Engineering 142 and 186. CSU

Engineering 158
Basic Machining Concepts and Operations
Unit(s): 3.0  Class Hours: 18 Lecture, 126 Laboratory total.
Fundamental operations on lathes, milling machines, grinders, and drill presses, including precision measurements and layout. Equips students with skills and theory necessary to enter or upgrade within the machinist trade. (Same as Manufacturing Technology 158). CSU

Engineering 165
Introduction to Energy
Unit(s): 3.0  Class Hours: 54 Lecture total.
Students will gain a broad understanding of energy concepts, efficiencies, conservation, distribution, careers and cost-benefit analysis of energy resource use. The study of both renewable and non-renewable energy will be included. CSU/UC

Engineering 175
Introduction to Energy Analysis
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course is focused on energy analysis with respect to energy conservation, energy auditing, and CA Title 24 requirements. Calculations will be performed manually and with the assistance of software applications. Career tracks in energy analysis will be explored. Energy concepts, heat loss calculations, basic solar concepts, site selection, design improvements, appliances, and utility systems will be covered within this course. CSU

Engineering 177
Green HVAC
Unit(s): 3.0  Class Hours: 54 Lecture total.
In this course students learn the basic principles of heating, ventilation, and air conditioning (HVAC) systems in commercial buildings, with an emphasis on energy efficiency and renewable energy. Topics include heat loss calculations, fuels and combustion, waste heat recovery, and maintenance considerations for these systems. CSU

Engineering 183
CAD I - Computer Aided Drafting
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
A first course in computer drafting focused on AutoDesk software, with AutoCAD as a base. Topics include display and file management, units, entities, object selection, advanced editing, layers, dimensions, text, graphic exchange, and phone apps. CSU/UC

Engineering 184
CAD II - Computer Aided Drafting
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Recommended Preparation: Engineering 183 or industry CAD experience
Intermediate course focused on Autodesk software, especially AutoCAD. Topics include including a variety of intermediate apps, blocks, hatches, attributes, inquiry, and 3-D introduction, plus smart phone use. CSU

Engineering 186
AutoCAD 3-Dimensional Drawing
Unit(s): 3.0  Class Hours: 36 Lecture, 72 Laboratory total.
Use of AutoCAD’s 3-dimensional software. Includes 3-D models, extruding to 3-D, coordinate space, filter, and dynamic viewing. Recommended Preparation: Engineering 184. CSU

Engineering 187
3D CAD With Civil 3D
Formerly: Advanced 3-D CivilCAD
Unit(s): 3.5  Class Hours: 36 Lecture, 81 Laboratory total.
Recommended Preparation: Engineering 186
Advanced use of 3-Dimensional software for Civil Engineering applications. Includes: merging of models, advanced modeling, calculations, 3-dimensional rendering and presentation. CSU

Engineering 195
Renewable Energy
Unit(s): 3.0  Class Hours: 54 Lecture total.
Students will be able to cite sustainable methods for improving the operational performance of offices, schools, hospitals, and other residential and commercial buildings. In this course, students learn the principles, methods, and equipment associated with renewable energy systems. Topics include solar, wind, biomass and biofuels, fuel cells, hydropower, oceanic energy, geothermal, and energy storage. Nonrenewable energy sources, climate change, and the economics and politics of energy are also discussed. CSU/UC

Engineering 201
Residential and Light Commercial Construction Practices and Estimating
Unit(s): 4.0  Class Hours: 54 Lecture, 72 Laboratory total.
Recommended Preparation: Engineering 100B, Engineering 112, and Engineering 142.
Course provides practical knowledge, ecological terms and concepts, for planning, design, and construction of residential and light commercial buildings including materials, equipment, construction/assembly methods, quantity take-off, and building codes/standards. CSU

Engineering 203
Sustainable Construction and Facilities Management
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course provides students the means to apply core sustainable principles to each step within the facilities planning, design, and management process. It examines best practices for site and building: energy, conservation, reclamation, recycle-ability, air, water, waste, sound, ecological literacy, and management tools. CSU

Engineering 204
Building Automation & Controls
Unit(s): 3.0  Class Hours: 54 Lecture total.
In this course, students learn the basic principles of building automation and controls for energy management. Topics include control devices, signals, logic, and applications for various systems, such as electrical, lighting, HVAC, plumbing, fire protection, security, access control, voice-data-video, and elevator systems. CSU
Engineering 205
Engineering Programming and Problem- Solving
Unit(s): 3.0 Class Hours: 36 Lecture, 72 Laboratory total.

Prerequisite: Engineering 183 with a minimum grade of C.
This course includes fundamental studies of data handling and processing in engineering. It utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics. CSU/UC

Engineering 228
Descriptive Geometry
Unit(s): 3.0 Class Hours: 36 Lecture, 72 Laboratory total.

Application of the concepts of orthographic projection to the solution of three-dimensional problems arising in the various branches of engineering. Introductory computer aided drafting/design concepts or applications. Suggested preparation: Engineering 122 or 125. CSU/UC

Engineering 235
Statics
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: Physics 217 and Mathematics 185 with a minimum grade of C (Both classes can be taken concurrently).
A first course in engineering mechanics: properties of forces, moments, couples and resultants; two- and three-dimensional force systems acting on engineering structures in equilibrium; analysis of trusses, and beams; distributed forces, shear and bending moment diagrams, center of gravity, centroids, friction, and area and mass moments of inertia. Utilizes SI metrics. CSU/UC

Engineering 240 (C-ID ENGR 230)
Dynamics
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: Engineering 235 with a minimum grade of C.
Fundamentals of kinematics and kinetics of particles and rigid bodies. Topics include kinematics of particle motion; Newton's second law; work-energy and momentum methods; kinematics of planar motions of rigid bodies; work-energy and momentum principles for rigid body motion; Introduction to mechanical vibrations. CSU/UC

Engineering 250
Electric Circuits
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: Mathematics 280 and Physics 227 with a minimum grade of C (Both may be taken concurrently).
An introduction to the analysis of electrical circuits. Use of analytical techniques based on the application of circuit laws and network theorems. Analysis of DC and AC circuits containing resistors, capacitors, inductors, dependent sources, operational amplifiers, and/or switches. Natural and forced responses of first and second order RLC circuits; the use of phasors; AC power calculations; power transfer; and energy concepts. CSU/UC

Engineering 250L
Electric Circuits Laboratory
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Corequisite: Engineering 250 with a minimum grade of C.
An introduction to the construction and measurement of electrical circuits, including resistive, RL, RC, RLC, and operational amplifier circuits. Basic use of electrical test and measurement instruments including multimeters, oscilloscopes, power supplies, and function generators. Interpretation of measured data under DC, transient, and sinusoidal steady-state (AC) conditions. CSU/UC

Engineering 281
Properties of Engineering Materials
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: Chemistry 209 and Physics 217 with a minimum grade of C.
Study of atomic, microscopic, and macroscopic structure of materials; properties' enhancement by alloying and heat treatment; effects of temperature and corrosion on metals; fatigue; and other materials (wood, plastic, and concrete). CSU/UC

ENGLISH (ENGL)

English N50
Introduction to Written Communication
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: Qualifying profile from English placement process.
Introduction to written communication including autobiographical, journal and summary writing, and responding to essays. Basic grammar and punctuation. Not applicable to associate degree. Students may be referred to the Learning Center.

English N60
Basics of Effective Writing
Unit(s): 4.0 Class Hours: 72 Lecture total.

Prerequisite: English N50 with a minimum grade of C or qualifying profile from English placement process.
Sentence structure and paragraph writing including reading-based modeling and integrated study skills. Not applicable to associate degree.

English 061
Introduction to Composition
Unit(s): 4.0 Class Hours: 72 Lecture total.

Prerequisite: English N60 with a minimum grade of C or qualifying profile from English placement process and Reading proficiency as assessed by the Reading assessment process.
Expository paragraph writing emphasizing various methods including argumentation. Practice in refining sentence skills and grammar.

English 061X
Accelerated Introductory Composition Ski
Unit(s): 5.0 Class Hours: 90 Lecture total.

Recommended Preparation: Reading 101X is recommended to be taken concurrently. An accelerated alternative to the English course sequence designed to prepare students for English 101, Freshman Composition, emphasizing sentence structure, paragraph writing, essay writing, and argumentation using reading-based modeling.

English 098
Topics in English
Unit(s): 0.5 - 3.0 Class Hours: 54 Lecture total.

Specialized short course on topics related to needs of students. Not applicable to associate degree.

English 101 (C-ID ENGL 100)
Freshman Composition
Unit(s): 4.0 Class Hours: 72 Lecture total.

Prerequisite: English 061 or English for Multilingual Students 112 or Adult Basic Education 116 with a minimum grade of C or qualifying profile from English placement process.
Expository and argumentative essays and the research paper. Special interest sections described in schedule of classes. CSU/UC
English 101H (C-ID ENGL 100)  
Honors Freshman Composition  
Unit(s): 4.0  
Class Hours: 72 Lecture total.  
**Prerequisite:** English 061 or English for Multilingual Students 112 or Adult Basic Education 116 or qualifying profile from English placement process AND a high school or college GPA of 3.0 or above.  
An enriched exposure to expository and argumentative essays and the research paper, requiring in-depth analysis of issues and substantive treatment of student-selected topics. CSU/UC

English 102H (C-ID ENGL 110)  
Honors Literature and Composition  
Unit(s): 4.0  
Class Hours: 72 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
A second semester course in composition and literature that uses literature to develop critical thinking skills with extensive readings selected from the four major genres. CSU/UC

English 103 (C-ID ENGL 105)  
Critical Thinking and Writing  
Unit(s): 4.0  
Class Hours: 72 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
This course focuses on developing critical thinking, reading, and writing skills by studying established argumentative methods and models and applying them to contemporary issues. Emphasis will be on logical reasoning and analytical and argumentative skills necessary for critical writing. CSU/UC

English 103H (C-ID ENGL 105)  
Honors Critical Thinking and Writing  
Unit(s): 4.0  
Class Hours: 72 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
Enriched and intensive exploration of historical and contemporary issues. Application of critical thinking, writing and reading skills to established argumentative methods and models through student-initiated discussion and problem-solving in a seminar setting. CSU/UC

English 104 (C-ID ANTH 130)  
Language and Culture  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
General introduction to the processes of human communication, emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics, biological basis of language; and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. CSU/UC

English 104H (C-ID ANTH 130)  
Honors Language and Culture  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
General introduction to the processes of human communication, emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics, biological basis of language; and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. Requires individual research and oral presentation of readings in a seminar setting. CSU/UC

English 206  
Introduction to Language Structure and Use  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
Introduction to the nature and structure of human language, first and second language acquisition, development of literacy, and language use. Comparisons of languages in the local area will be explored. CSU/UC

English 213 (C-ID ENGL 200)  
Creative Writing  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
A study of the literary history, influence, and craftsmanship of the Bible and an exploration of related stories, poems, plays, essays, and other diverse materials. CSU/UC

English 220  
Survey of the Bible As Literature  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
A study of the literary history, influence, and craftsmanship of the Bible and an exploration of related stories, poems, plays, essays, and other diverse materials. CSU/UC

English 231 (C-ID ENGL 160)  
Survey of English Literature I  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
Introductory study of representative selections of British literature from the Anglo-Saxon period to the neo-classical period. Emphasis on authors best exemplifying their period, such as Chaucer, Shakespeare, Spenser, Jonson, Milton, Donne, Dryden, Johnson, Bahn, Pope and others. CSU/UC

English 232 (C-ID ENGL 165)  
Survey of English Literature II  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
Introductory study of representative selections from the English Romantic Movement to the present. Emphasis on those authors best exemplifying their period, such as Austen, Wordsworth, Coleridge, Byron, the Shelleys, Keats, Tennyson, Newman, Carlyle, the Brownings, Dickens, the war poets, Houseman, Yeats, Wilde and Woolf. CSU/UC

English 233A  
Shakespeare's Comedies and Romances  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
**Prerequisite:** English 101 or English 101H with a minimum grade of C.  
Study of selected Shakespearean comedies and romances. Emphasizes dramatic elements, depiction of human nature, and timeless/timeful conflicts. Augmented by films and, if available, appropriate field trips. Different selections in English 233ABC. CSU/UC
English 233B
Shakespeare’s Tragedies and History Plays
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Study of selected Shakespearean plays and tragedies. Emphasizes dramatic elements, depiction of human nature, and timeless/timely conflicts. Augmented by films and, if available, appropriate field trips. Different selections in English 233ABC. CSU/UC

English 233C
Shakespeare’s Theatre
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Study of selected Shakespearean plays. Emphasizes dramatic elements, depiction of human nature, and timeless/timely conflicts. Augmented by films and, if available, appropriate field trips. Different selections in English 233ABCD. CSU/UC

English 241 (C-ID ENGL 130)
Survey of American Literature 1600-1865
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Survey of America's greatest works of literature from 1600-1865. Emphasizes the relationship between various works and general movements in American culture and literary history. CSU/UC

English 242 (C-ID ENGL 135)
Survey of American Literature, 1865-Present
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Survey of America's greatest works of literature and their contributions to the American culture from 1865 to present. Emphasizes the relationship between literary and intellectual history. CSU/UC

English 243
The Modern American Novel
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Study of significant American novels written since 1900. May include, but not limited to works by Fitzgerald, Hemingway, Faulkner, Hurston, Heller, Kerouac, Nabokov, Erdrich, Cisneros, and Morrison. CSU/UC

English 245
The Image of African Americans in Literature and Films
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Examines literature and films by and about African-Americans in relationship to historical periods. Explores cultural, ethnic, and social environments for their impact on development of African-American images. CSU/UC

English 246
Survey of Chicano Literature
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Examines American literature by and about Chicanos. Emphasizes the relationships between various works and the Chicanos’ place in American society/culture. CSU/UC

English 270 (C-ID ENGL 180)
Children’s Literature
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
A study of literature for children emphasizing the history, trends, issues, and evaluation of all major genres: picture books, poetry, drama, traditional literature, non-fiction, and fiction, including full-length works. CSU

English 271 (C-ID ENGL 140)
Survey of World Literature I
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Survey of selections from world masterpieces from the beginnings of writing through the 1600’s. Literary works studied in historical context for artistic form, their influence on their culture and others, and general contribution to understanding human experience. CSU/UC

English 272 (C-ID ENGL 145)
Survey of World Literature II
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
Study of selected Shakespearean history plays and tragedies. Augmented by films and, if available, appropriate field trips. CSU/UC

English 278
Survey of Literature by Women
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
An historical survey of literature by women. Will include short stories, novels, plays, poetry, and non-fiction. CSU/UC

ENGLISH AS A SECOND LANGUAGE (ESL)

English As a Second Language N88
Verb Tenses
Unit(s): 1.5  Class Hours: 24 Lecture, 6 Laboratory total.
Prerequisite: Eligible for English Multilingual Students 107 or higher.
Intensive oral and written practice with verb forms and tenses in a variety of contexts. Laboratory is required. May be taken after ESL N89.

ENGLISH FOR MULTILINGUAL STUDENTS (EMLS)

English For Multilingual Students 055
Writing, Grammar and Reading I
Unit(s): 6.0  Class Hours: 108 Lecture total.
Prerequisite: Qualifying profile from ESL/EMLS placement process.
Sentence-level writing for multilingual students who can speak English but often make grammar mistakes when writing. Narrative paragraphs and journal writing. Revision and editing. Basic grammar including verb tenses and modals. Critical reading.

English For Multilingual Students 107
Writing, Grammar and Reading II
Unit(s): 6.0  Class Hours: 108 Lecture total.
Prerequisite: English Multilingual Students 055 with a minimum grade of C or qualifying profile from ESL/EMLS placement process.
Sentence and paragraph-level writing for multilingual students who can speak English but often make grammar mistakes when writing. Narrative and descriptive paragraphs. Revision and editing. Review of basic grammar. Practice with sentence variety. Critical reading. CSU
# ENGLISH FOR MULTILINGUAL STUDENTS (EMLS)

EMLS/ESL courses are offered by the English/ESL Dept. to serve bilingual, multilingual, and non-native speakers of English who need to improve their writing skills before enrolling in English 101. These courses address such areas as vocabulary, advanced sentence construction and writing fluency in paragraphs and essays.

Students who took ELD (English Language Development) classes in high school and studied regular English only in their senior year should take the TELD test (Test of English Language Development) to determine their college placement.

Students enrolled in EMLS courses should also enroll in a Reading class and possibly a Communication Studies class to enhance their writing and communication skills.

EMLS courses address writing problems that are common to bilingual students. EMLS 107, EMLS 109, EMLS 110 and EMLS 112, unlike English N60 and 061, are transferable to some California State University campuses as electives.

Placement into any of these courses is based on the student’s test score and qualifying profile OR completion of the previous course with a grade of A, B, C, or P.

<td>Discover how the entrepreneurial mindset teaches life skills that can make you more successful now and at every stage of your life. Examine how that mindset affects the social, psychological, and physiological impact of those life skills. Learn the basics of how to start a business and learn how to think like an entrepreneur. CSU</td>
</tr>
</tbody>
</table>

| **Entrepreneurship 101** |
| **Entrepreneurs and Success** |
| Unit(s): 1.0 Class Hours: 18 Lecture total. |
| Learn the psychology of becoming a successful entrepreneur. Discover how to find flow and stay on course. Learn the habits of highly successful entrepreneurs. Discover how cutting-edge communication, design, and technology are 21st century drivers of success. CSU |

| **Entrepreneurship 102** |
| **Entrepreneurial Ideas and Creativity** |
| Unit(s): 1.0 Class Hours: 18 Lecture total. |
| Discover that business creativity is a process that can be learned. Practice the process of searching for new business ideas using proven methods. Turn your creativity into business ideas. CSU |
Entrepreneurship 103
Innovations and Opportunities
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn how to search for and create a good business opportunity. Learn how to turn business ideas into entrepreneurial opportunities. Explore and map personal specific knowledge to create business innovation. CSU

Entrepreneurship 104
Business Models
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn what a business model is and learn if a business model will make money. Discover how to filter business opportunities. Learn how to project whether business opportunities can be scalable, can target identifiable markets, and can achieve profitability. CSU

Entrepreneurship 105
Social Media, Bootstrapping, and Market Validation
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn the latest Social Media & Bootstrap Marketing strategies & techniques. Discover how to do more with marketing while spending less. Learn what you need to know about your customer and your market by designing a sound research strategy. Discover how to implement a market validation strategy. CSU

Entrepreneurship 106
Building an Entrepreneurial Team
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn how to create a network of principals, advisors, collaborators, managers, attorneys, accountants, and employees to build a successful business team. Explore how to organize your company and your business for day-to-day operations. Issues in hiring people and outsourcing. CSU

Entrepreneurship 107
Money, Finance and Accounting for Entrepreneurs
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn how entrepreneurial finance works - where, when and how to get financing debt, equity, bootstraps, angels and venture capitalists. Determine how much you need, when and how to get it. Learn the critical importance of leveraging resources. Learn that cash flow is critical to entrepreneurs. Learn what you really need to know about bookkeeping and accounting and how to use numbers to make smarter decisions. CSU

Entrepreneurship 108
Business Plans for Entrepreneurs
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn to complete an effective and useful business plan with elements such as a company overview, customer pain, solution, competition, team, business model, and financials. Learn the different audiences for a business plan. CSU

Entrepreneurship 109
Powerful Presentations
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn how to collaborate and translate business plans into powerful sales tools using cutting-edge technology to create presentations using video, animation, visuals, stories and simulations. Discover how to bring business dreams alive. CSU

Entrepreneurship 110
Capstone Business Simulations
Unit(s): 3.0  Class Hours: 54 Lecture total.
Participate in realistic hands-on business simulations. Make complex business decisions and learn the implications of decisions made. Learn real world business principles in an exciting business context. CSU

Entrepreneurship 111
Capstone Entrepreneurial Case Studies
Unit(s): 3.0  Class Hours: 54 Lecture total.
Discuss complex entrepreneurial business cases in a highly interactive environment. Translate complex business cases into critical incidents. Translate critical incidents into simulations. Learn to analyze entrepreneurial problems and solutions. CSU

Entrepreneurship 120
Introduction to Working As a Freelance Independent Contractor
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn the freelancer mindset. Learn how to work where you want, when you want, and how you want. Plan your life, your career, and your business. Develop your goals. Understand your personal strengths and skills. Learn how to turn your strengths and skills into viable, sustainable businesses by finding what is unique about you and turning that uniqueness into a personal brand. CSU

Entrepreneurship 121
People Skills for the Freelancer
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn “people skills” - also known as “soft skills” - communication skills, technological skills, negotiation skills, and presentation skills needed to be successful as a freelance independent contractor. Develop your soft skills and selling skills to compete for business and keep customers happy. CSU

Entrepreneurship 122
Opportunities in Freelance Industries And Trades
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn how to spot opportunities within a trade and industry. Learn how to network and connect within a trade and industry in order to get business and get mentors. Learn to understand the competitive economic landscape within a trade or industry. Develop opportunities into a viable, sustainable business. Understand how to travel and work in a global economy. CSU

Entrepreneurship 123
Marketing to Attract Customers and Grow Your Freelance Business
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn how to attract customers and grow your freelance business. Learn to attract customers and grow your freelance business. Understand how to travel and work in a global economy. CSU

Entrepreneurship 124
Survival Finance and Accounting for the Freelancer-Show Me the Money
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn personal finance, business finance and basic accounting. Learn financial survival tips for the freelancer. Understand sources of financing, cash and cash flow, QuickBooks, financial statements, pricing and profits, getting paid, accounts receivables and payables, record-keeping, budgeting and taxes. Understand how to open and operate your business on a limited budget. CSU

Entrepreneurship 125
Launch Your Freelance Business
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn how to launch a freelance business. Set-up and manage your operations. Learn about office locations, business licenses, insurance, government regulations, lawyers, entity formation, intellectual property, health insurance, work-life balance, leadership, teamwork, management and human resources. Topics include managing yourself, managing others and working with subcontractors. CSU
### Environmental Studies (ENVR)

**Environmental Studies 140 (C-ID GEOL 130)**

**Environmental Geology**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Introduction to environmental geology, the interaction between the Earth and mankind. Global study of geologic resources, resource management, geologic hazards, and waste remediation. (Same as Geology 140). CSU/UC

**Environmental Studies 170**

**Environmental Challenges of the 21st Century**

Unit(s): 1.0  
Class Hours: 18 Lecture total.

Examines the environmental impacts of increased human population on food, water and energy resources. Land use policies and environmental effects of pollution will also be analyzed. (Same as Biology 170). CSU

**Environmental Studies 200**

**Environment of Man**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

A biological and physical science introduction to environmental problems such as energy, resources, pollution, land use, population and food, including economic and political factors. A natural science elective. (Same as Biology 200). CSU/UC

**Environmental Studies 259**

**Environmental Biology**

Unit(s): 4.0  
Class Hours: 54 Lecture, 54 Laboratory total.

Introduction to Environmental Biology. Includes study of ecosystems, population dynamics, classification, diversity of plant and animal species, effects of pollutants at both the cellular and organismal levels, and principles of ecology. (Same as Biology 259). CSU/UC

### Ethnic Studies (ETHN)

**Ethnic Studies 101 (C-ID SJS 110)**

**Introduction to Ethnic Studies**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

This course serves to broaden the ethnic and racial perspective of students interested in American culture and society. It encompasses an historical overview of the social, cultural, political, and economic aspects of four ethnic groups -- Native Americans, African Americans, Chicana/o/x/e, and Asian Americans -- in the United States. Emphasis is placed on the historical and contemporary relationships of these groups with each other and the rest of American society. Duplicate credit not granted for ETHN 101H. CSU/UC

**Ethnic Studies 101H (C-ID SJS 110)**

**Honors Introduction to Ethnic Studies**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.

This course serves to broaden the ethnic and racial perspective of students interested in American culture and society. It encompasses an historical overview of the social, cultural, political, and economic aspects of four ethnic groups -- Native Americans, African Americans, Chicana/o/x/e, and Asian Americans -- in the United States. Emphasis is placed on the historical and contemporary relationships of these groups with each other and the rest of American society.

CSU/UC

**Ethnic Studies 102**

**The Borderlands: Cultural Context and Intercultural Relations**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Analysis of the U.S.-Mexico border region: geographic, historic, and artistic significance. Discussions of “borders” in international, regional, community, and personal contexts, as they concern intercultural relations. Attention given to the cultural interactions of African American, Asian American, Chicana/o/x/e, and Native American ethnic groups within mainstream U.S. society. Duplicate credit not granted for ETHN 102H. CSU/UC

**Ethnic Studies 102H**

**Honors The Borderlands: Cultural Context and Intercultural Relations**

Prerequisite: A high school or college GPA of 3.0 or above.

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Enriched analysis of the U.S.-Mexico border region: geographic, historic, and artistic significance. Discussions of “borders” in international, regional, community, and personal contexts, as they concern intercultural relations. Attention given to the cultural interactions of African American, Asian American, Chicana/o/x/e, and Native American ethnic groups within mainstream U.S. society, in a seminar format. CSU/UC
FASHION DESIGN MERCHANDISING (FDM)

Fashion Design Merchandising 005
Fashion Laboratory
Unit(s): 0.5 - 3.0 Class Hours: 27–162 Laboratory total.
Supervised use of the fashion laboratory. Lab hours verified by sign-in. Twenty-four hours laboratory per 0.5 units. Not applicable to associate degree. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fashion Design Merchandising 005A
Computer Fashion Laboratory
Unit(s): 0.5 - 1.5 Class Hours: 27–81 Laboratory total.
Corequisite: Concurrent enrollment in Fashion Design Merchandising 005A. Fashion Design Merchandising 080 or Fashion Design Merchandising 081 or Fashion Design Merchandising 111A or Fashion Design Merchandising 111B or Fashion Design Merchandising 111C or Fashion Design Merchandising 140 or Fashion Design Merchandising 213 or Fashion Design Merchandising 215 or Fashion Design Merchandising 216;
Advanced level of supervised use of the computer fashion laboratory. Lab hours verified by sign-in. Twenty-four hours laboratory per 0.5 units. Not applicable to associate degree. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fashion Design Merchandising 052
Knit and Swim Suit Sewing
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Construction techniques to sew lingerie, bathing suits, athletic attire, and knit t-shirts. Emphasis is placed on serger and cover-stitch machine operation, fitting issues, and garment specification measurement techniques as related to knit garments for domestic and offshore production.

Fashion Design Merchandising 053
Introduction to Sewing
Unit(s): 2.5 Class Hours: 36 Lecture, 27 Laboratory total.
Basics in sewing; how to use the sewing machine, understanding pattern terms and tools and constructing basic samples, skirts, and shirts. Grade: Pass/No Pass Only.

Fashion Design Merchandising 055
Children's Clothing
Unit(s): 2.0 Class Hours: 27 Lecture, 27 Laboratory total.
Quick basic sewing techniques. Emphasis on individualizing designs to create a variety of functional, durable children's garments.

Fashion Design Merchandising 056
Basic Sewing and Alterations
Unit(s): 1.0 Class Hours: 18 Lecture, 18 Laboratory total.
Basic sewing techniques used in the restyling and alteration of ready-made garments. Evaluation of fit and determination of appropriate styling changes emphasized.

Fashion Design Merchandising 057
Patterns for Dressmakers
Unit(s): 3.5 Class Hours: 54 Lecture, 36 Laboratory total.
Recommended Preparation: Fashion Design Merchandising 105A and Fashion Design Merchandising 105B.
Basic flat pattern methods for designing original patterns and altering designs of commercial patterns for dressmakers. Students will construct their designed garments.

Fashion Design Merchandising 058
Decorative Apparel
Unit(s): 0.5 Class Hours: 9 Lecture, 9 Laboratory total.
Application techniques of sewing embellishments on surface textures and patterns in creating ethnic inspired apparel designs. Grade: Pass/No Pass Only.

Fashion Design Merchandising 059
Fashion Modeling
Unit(s): 1.0 Class Hours: 9 Lecture, 27 Laboratory total.
Modeling techniques of the formal fashion runway and informal showings, stressing preparation of the professional model. Grade: Pass/No Pass Only.

Fashion Design Merchandising 070
New York Study Tour
Unit(s): 1.0 Class Hours: 9 Lecture, 36 Laboratory total.
Prerequisite: Fashion Design Merchandising 100 with a minimum grade of C.
This course exposes students to numerous apparel industry career paths and illuminates how those paths are interconnected. Students learn about current events & trending practices that are shaping the industry’s focus. Further, students are provided with opportunity to network with numerous industry professionals, which can be instrumental in stimulating meaningful career endeavors. Students will travel to New York, the fashion capital of the United States. Students will enjoy exclusive access to design, production, & merchandising collaboration in action, all while exploring employment and internship opportunities. Students partake in prearranged visits that may include apparel/textile manufacturers, designer showrooms, CAD companies, trend forecasters, visual display showrooms, fashion publication offices, retail stores, buying offices, and museum collections. Students are responsible for transportation, accommodation, and other necessary expenses.

Fashion Design Merchandising 080
Embroidery
Unit(s): 1.5 Class Hours: 18 Lecture, 27 Laboratory total.
Applied techniques of embroidered decorative embellishments of surface textures and patterns in creating apparel designs. Incorporation of embroidery software and machinery.

Fashion Design Merchandising 081
Fabric Printing
Unit(s): 1.5 Class Hours: 18 Lecture, 27 Laboratory total.
Application techniques of surface textures and patterns using screen printing techniques. Course includes digital application of artwork and preparation for printing.

Fashion Design Merchandising 100
Introduction to Fashion
Unit(s): 3.0 Class Hours: 54 Lecture total.
Traces and analyzes the fashion industry, trends, and designers from socio-economic, political, technological, and global influences; emphasis on current fashion careers. CSU

Fashion Design Merchandising 101
Buying and Merchandising
Unit(s): 3.0 Class Hours: 54 Lecture total.
Planning, purchasing, buying, and merchandising techniques of the apparel industry’s wholesale to retail markets. Course covers ecommerce and brick and mortar stores. Includes research methods to create buying plans to satisfy consumer demands while aligning revenue and inventory requirements. Develop assortment planning, inventory management, and excel template creation. Identify SKU level demand analysis, inventory level evaluations, open to buy monitoring, and sales forecasting processes. CSU

Fashion Design Merchandising 102
Promotion and Coordination
Unit(s): 3.0 Class Hours: 54 Lecture total.
A study of the directing and coordination of event promotions. Emphasis on promotion planning and presentation, salesmanship, and event production. CSU
Fashion Design Merchandising 103
Fashion Selection
Unit(s): 3.0  Class Hours: 54 Lecture total.
Apparel selection for professional and personal needs based on design, culture, and fashion trends. This course will examine the psychological, sociological, and cultural significance of clothing. Included is the analysis of color, line, and design as they relate to garment selection and wardrobe planning. The fashion professional uses this information to better design, produce, and select products to meet the needs of a culturally diverse consuming population. This course is designed for both men and women. CSU

Fashion Design Merchandising 104
Textile Fibers and Fabrics
Unit(s): 3.0  Class Hours: 54 Lecture, 18 Laboratory total.
This course is a study of textile fibers and fabrics, their production/development, environmental impact, selection, use and care of wearing apparel and home furnishings. The course also covers current and future textile production and how appropriate performance characteristics are incorporated into materials and products. CSU/UC

Fashion Design Merchandising 105A
Beginning Sewing
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Construction techniques for beginners with emphasis on learning how to use the sewing machine and reading a pattern. Students will construct a skirt, shirt, lined garment, and a compilation of construction techniques. Students will learn basic sewing techniques, how to select fabrics, and how to conduct fittings. CSU

Fashion Design Merchandising 105B
Intermediate Sewing
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Follow-up of Fashion Design Merchandising 053 and 105A, Beginning Sewing. Coordination of woven fabrics and pattern fitting in construction of class projects such as pants, dress shirts, and unlined jackets. CSU

Fashion Design Merchandising 106
Advanced Sewing
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Recommended Preparation: Fashion Design Merchandising 105A with a minimum grade of C.
Advanced clothing construction techniques appropriate for creating custom garments. Emphasis is placed on working with designer patterns, complex contemporary fabrics, couture sewing techniques, and embellishment techniques. Embellishment techniques include tambour beading, sequins, and heirloom techniques. Projects include a custom formal occasion garment, an heirloom embellishment, and a collection of hand sewn samples. CSU

Fashion Design Merchandising 107
Custom Tailoring
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Advanced sewing students will apply traditional tailoring techniques in completing a lined suit or coat, including hand pad stitching and edge taping. CSU

Fashion Design Merchandising 108
RTW Quality Analysis
Unit(s): 3.0  Class Hours: 54 Lecture total.
An analysis of ready-to-wear apparel for quality evaluation of materials, construction, design, fit, care, and pricing related to consumer buying expectations. CSU

Fashion Design Merchandising 109
Flat Pattern Techniques
Unit(s): 3.5  Class Hours: 54 Lecture, 27 Laboratory total.
Recommended Preparation: Fashion Design Merchandising 105A.
Students will learn to use flat pattern basic block for pivoting and spreading methods to transfer trade sketches into first pattern outfits and dresses. Students will be required to sew their sample garments. CSU

Fashion Design Merchandising 110
Corset Construction
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Recommended Preparation: Fashion Design Merchandising 105A with a minimum grade of C.
Class covers historical and modern corsets. Students will build a corset from start to finish, including pattern drafting, boning construction, and fitting techniques. CSU

Fashion Design Merchandising 111A
Fashion Illustration Techniques
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Application of the basic techniques of drawing fashion and garment trade sketches. Students will use current fashion industry design software along with pencils and markers. CSU

Fashion Design Merchandising 111B
Fashion Illustration
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Fashion Design Merchandising 111A with a minimum grade of C.
Further fashion illustration techniques including color media, camera ready skills, and design of layouts. Focus on Croquis Development and alternative customers including children, maternity, men, and plus size.

Fashion Design Merchandising 111C
Fashion Portfolio Development
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Fashion Design Merchandising 111A with a minimum grade of C.
Advanced sketching course to create a cohesive fashion design or merchandising portfolio for job interview presentation. Focus on appropriate formats, design concepts, fabric rendering techniques, fashion figure proportions, flat technical drawings, and scholarship entries. CSU

Fashion Design Merchandising 112
Advanced Flat Pattern Marking
Unit(s): 3.0  Class Hours: 45 Lecture, 45 Laboratory total.
Flat pattern drafting techniques applied to completing basic blocks and first patterns for pants and lined blazers/coats. Students are required to sew their sample garments. CSU

Fashion Design Merchandising 113
Fashion Draping
Unit(s): 3.5  Class Hours: 54 Lecture, 36 Laboratory total.
Recommended Preparation: Fashion Design Merchandising 105A.
Basic techniques of draping flat fabric into three dimensional garment styles on the dress form to create first patterns. Students are required to sew their sample garments. CSU

Fashion Design Merchandising 125
Display Merchandising
Unit(s): 3.0  Class Hours: 54 Lecture, 18 Laboratory total.
Visual merchandise techniques and material in relation to the elements and principles of design and how it relates to the retail environment. CSU
Fashion Design Merchandising 136 (C-ID THTR 174)
**Fundamentals of Costume Design**
Unit(s): 3.0  Class Hours: 54 Lecture, 18 Laboratory total.

The study of costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated. (Same as Theatre Arts 136). CSU/UC

Fashion Design Merchandising 140
**Fashion E-Commerce**
Unit(s): 3.0  Class Hours: 54 Lecture total.

Learn how to create and manage an E-commerce store. Study of the operations of an established fashion E-Commerce retail business. Concepts of merchandising include buying, pricing, stock control, credit, credit control, omni-channel strategies, logistics, layout, customer service, marketing, and analytical software. (Same as Entrepreneurship 140). CSU

Fashion Design Merchandising 212
**Advanced Draping**
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.

Prerequisite: Fashion Design Merchandising 113 with a minimum grade of C.

Fashion design draping techniques further practiced in woven, knits, and motif fabrics in designing a line grouping. CSU

Fashion Design Merchandising 213
**Apparel Line Production**
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

Prerequisite: Fashion Design Merchandising 100 or 108, and 109 and 111A with a minimum grade of C.

Instruction on designing a fashion line using industry production techniques and equipment. Techniques include computer sketching, computer pattern drafting, and garment construction. CSU

Fashion Design Merchandising 214
**Tech-Packs for Manufactured Apparel**
Unit(s): 3.0  Class Hours: 54 Lecture total.

Recommended Preparation: Fashion Design Merchandising 111A with a minimum grade of C.

Introduction and application of garment industry manufacturing processes using production equipment to mass produce consumer products. Includes Enterprise Resource Planning (ERP), retail math, and Product Data Management (PDM) training. Students will learn how to take design concepts through the sourcing, costing, and production process. CSU

Fashion Design Merchandising 215
**Computer Fashion Illustration**
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

Recommended Preparation: Fashion Design Merchandising 111A.

Computerized fashion illustration is taught using computer software. Software programs include Adobe Illustrator, Photoshop, InDesign, and embroidery software. Student needs to know how to manually draw trade flats and posed figures prior to enrolling. CSU

Fashion Design Merchandising 216
**Computer Flat Pattern Design, Grading, And Marking**
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.

Recommended Preparation: Fashion Design Merchandising 109

Computerized apparel pattern drafting, size grading, and marking are taught using Tuka Tech software as tools. Prior to enrollment, student must be able to manually draft patterns, grade patterns, and layout markers. CSU

Fashion Design Merchandising 299
**Cooperative Work Experience Education**
Unit(s): 1.0 - 6.0  Class Hours: 60-450 Lecture total.

Recommended Preparation: 12 units of Fashion Design Merchandising courses completed with C or better.

This work experience course of supervised employment is designed to assist students to acquire career awareness, work habits, attitudes and skills related to the student’s college major. Credit may be accrued at the rate of one to six units per semester. One unit of course credit equals 75 hours of paid work or 80 hours of un-paid work. Student repetition up to 16 units is permissible per Title 5, Section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

**FIRE ACADEMY (FAC)**

Fire Academy 007
**Strength and Conditioning for the Fire Service**
Unit(s): 2.5  Class Hours: 8 Lecture, 96 Laboratory total.

Corequisite: Concurrent enrollment in Fire Academy 050 or 060.
Prerequisite: Concurrent enrollment in Fire Academy 050 or 060.

Strength and Conditioning course to prepare those interested in a career in the Fire Service. Grade: Pass/No Pass Only.

Fire Academy 008
**Biddle Physical Ability Test (PAT) Examination**
Unit(s): 0.1  Class Hours: 2 Lecture, 2 Laboratory total.

The Los Angeles County and Orange County Fire Chief’s Physical Ability Test is designed to examine the physical ability of the individual when it comes to performing the functions or tasks of a Firefighter. Grade: Pass/No Pass Only.

Fire Academy 017
**Physical Ability Instructor**
Unit(s): 0.1  Class Hours: 2 Lecture, 2 Laboratory total.

Designed to train instructors to administer the Biddle Physical Ability Test and to evaluate instructors’ ability to administer the physical ability test. Grade: Pass/No Pass Only.

Fire Academy 018A
**Firefighter I Physical Ability Practice (Exam)**
Unit(s): 0.1 - 0.3  Class Hours: 5–16 Laboratory total.

Training designed specifically for the fire service and those interested in entering the fire service. May not be used to obtain eligibility for the basic fire academy. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Academy 018B
**Beginning Fire Physical Ability Training**
Unit(s): 0.1 - 1.0  Class Hours: 8–64 Laboratory total.

Students will be introduced to the events of the “Biddle” Fire Fighter Physical Ability Test (Fire Academy 008). This is a supplemental learning assistance course designed to prepare the student for participation and successful completion of FAC 008. Students will perform physical exercises using fire hose, ladders, stairs, and calisthenics, proper body mechanics, lifting techniques and physical conditioning principles. Grade: Pass/No Pass Only. Open Entry/Open Exit.
Fire Academy 018C
Intermediate Fire Physical Ability Training
Unit(s): 0.1 - 1.0 Class Hours: 8–64 Laboratory total.

Students will practice the individual events of the “Biddle” Fire Fighter Physical Ability Test (Fire Academy 008). This is a supplemental learning assistance course designed to prepare the student for participation and successful completion of FAC 008. Students will perform physical exercises using fire hose, ladders, stairs, and calisthenics, proper body mechanics, lifting techniques and physical conditioning principles. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Academy 018D
Advanced Fire Physical Ability Training
Unit(s): 0.1 - 1.0 Class Hours: 8–64 Laboratory total.

Students will practice and condition for successful completion of the “Biddle” Fire Fighter Physical Ability Test (Fire Academy 008). This is a supplemental learning assistance course designed to prepare the student for participation and successful completion of FAC 008. Students will perform physical exercises and training circuits using fire hose, ladders, stairs, and calisthenics, proper body mechanics, lifting techniques and physical conditioning principles. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Academy 029
Public Safety Wellness and Fitness-Operation and Safety Training
Unit(s): 2.0 Class Hours: 8 Lecture, 95 Laboratory total.

Occupation specific wellness and fitness principles to prepare those who respond to emergencies, accidents, local and national disasters and terrorist attacks. Physical fitness concepts and activities prepare the student for any threat whether physical, environmental or psychological. Individualized fitness assessment, fitness profile and exercise prescription provided. Grade: Pass/No Pass Only.

Fire Academy 031
Fire Specialist Academy, Vehicle Rescue And Extrication
Unit(s): 0.5 Class Hours: 8 Lecture, 8 Laboratory total.

A course in rescue incident management and includes police coordination/cooperation, assessment, triage, extrication, field equipment, and stabilization. Not offered every semester. Grade: Pass/No Pass Only.

Fire Academy 033
Swift Water Rescue
Unit(s): 0.3 Class Hours: 16 Laboratory total.

Water rescue equipment and practices at a first responder level.

Fire Academy 035
Confined Space Rescue Technician
Unit(s): 1.0 Class Hours: 10 Lecture, 30 Laboratory total.

Prerequisite: Confined Space Awareness. Student must bring Confined Space Awareness certificate of completion to first class meeting or they be dropped from the class.

This course is designed for all emergency personnel with confined spaces within their jurisdiction. This course is an intensive hands-on training program that will prepare the student to respond to confined space emergencies. This course of instruction prepares the student in identifying confined spaces and permit-required confined spaces, the hazards associated with permit required confined spaces, target industries and hazards, state and federal regulations, components of a rescue operation, and the roles and responsibilities of the rescue team. Meets CFSTES requirements for professional certification. Additional materials fee may be required for state course completion certificate. This course is limited to 36 students. Not offered every semester. Grade: Pass/No Pass Only.

Fire Academy 041A
Reserve Firefighter Academy
Unit(s): 9.0 Class Hours: 144 Lecture, 22 Laboratory total.

Basic and predictable level of knowledge, skills, and ability among those individuals destined for assignment to an wildland fire crew. Includes EMS and Hazmat First Responder. Meets minimum departmental requirements for safety. Additional materials fees may apply. Not offered every semester. Grade: Pass/No Pass Only.

Fire Academy 050
Fire Suppression Training Academy
Unit(s): 22.5 Class Hours: 266 Lecture, 294 Laboratory total.

Corequisite: Concurrent enrollment in Fire Academy 007. Medical exam in accordance with NFPA 1582 and FAC 006. Basic and predictable level of knowledge, skills, and ability among those individuals destined for assignment to an wildland fire crew. Includes EMS and Hazmat First Responder. Meets minimum departmental requirements for safety. Does not meet requirements of OCFCA or California State Firefighter I criteria. Additional materials fees may apply. Not offered every semester.

Fire Academy 052
Flashover
Unit(s): 0.2 Class Hours: 8 Laboratory total.

Theory of fire characteristics and behavior with emphasis on ROLLOVER and FLASHOVER. Students will participate in live fire training, hose lays, and correct nozzle methods. Grade: Pass/No Pass Only.

Fire Academy 060
Basic Fire Academy
Unit(s): 12.0 Class Hours: 266 Lecture, 294 Laboratory total.

Prerequisite: Fire Technology 101, 102, 103, 104, 105, 106, 121 (121L must also receive a P = pass); Fire Academy 008, and EMT 100 with a minimum grade of C; meet NFPA 1582 medical examination. California State Board of Fire Services/Firefighter I approved, criteria available.

Fire Academy 062
Basic Incident Command Systems
Unit(s): 0.3 Class Hours: 16 Laboratory total.

Basic principles of command, knowledge, and skills common to all positions in the Incident Command System.

Fire Academy 062A
Strike Team Leader Orientation (ICS)
Unit(s): 0.5 Class Hours: 8 Lecture total.

State Office of Emergency Service procedures for fire departments assigned to OES when responding to a mutual aid incident.

Fire Academy 063
Rescue Systems 1: Basic Rescue Skills
Unit(s): 0.5 Class Hours: 40 Laboratory total.

Prerequisite: Fire Academy 060, Basic Fire Academy with a minimum grade of C or equivalent training as determined by the Dean of Instruction of the Fire Academy. Student must provide proof of training at the first class meeting or be dropped from the course.

Recommended Preparation: Completion of Low Angle Rope Rescue: Operational.

Designed for all emergency response personnel. Key topics include: Team organization, rescue, and environmental considerations, use of ropes, knots rigging and pulley systems, descending, rappelling, and belaying tools and techniques, subsurface rescue techniques, use of cribbing, wedges, cutting/prying and hydraulic tools, use of fire service ladders in specialized rescue situations, and day and night simulated rescue exercises. Additional materials fees may be required. Not offered every semester. Grade: Pass/No Pass Only.
Fire Academy 063A  
Rescue Systems 2: Advanced Rescue Skills  
Unit(s): 0.5  Class Hours: 40 Laboratory total.  
Prerequisite: Rescue Systems 1: Basic Rescue Skills. Student must bring certificate of course completion to first class meeting or be dropped from the course, and Basic ICS. Student must bring certificate of course completion to the first class meeting or be dropped from the course.  
Designed for all fire service and allied emergency response personnel. Provides advanced heavy rescue system techniques. Key topics include: Structural building types, wood and mechanical shores, crib capacities, floor weight calculations, building search, confined space considerations, damaged structure hazard assessment, use of power tools, air bags, and USAR ICS. Additional materials fees may be required. Not offered every semester. Grade: Pass/No Pass Only.  

Fire Academy 063C  
US&R Heavy Equipment and Rigging Specialist (HERS)  
Unit(s): 0.5  Class Hours: 24 Laboratory total.  
The primary purpose of this course is to provide functional training to the Task Force members who serve on an Urban Search & Rescue Task Force. Grade: Pass/No Pass Only.  

Fire Academy 070  
Firefighter I Certification Refresher Specialist (HERS)  
Unit(s): 1.0  Class Hours: 4 Laboratory, 48 Lecture total.  
Prerequisite: Completion of a Firefighter I academy and applying for certification testing or A signed statement by the agency’s Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter-1 or Documentation of approval from the California State Fire Training for a certification retest.  
Prepares students to meet the State Fire Training (SFT) requirements for Firefighter I (FFI) including the capstone knowledge and skills necessary to pass FFI testing. Upon successful completion, students receive a pass letter from SFT and a FFI pass certificate from the college. Additional materials fees required. May not be offered every semester. Grade: Pass/No Pass Only.  

Fire Academy 071A  
Ventilation Review  
Unit(s): 0.5  Class Hours: 8 Lecture, 8 Laboratory total.  
The theory of positive pressure ventilation and panelized roofs; student will participate in walking, sounding, and cutting panelized roofs. Grade: Pass/No Pass Only.  

Fire Academy 072  
Emergency Trench Shoring  
Unit(s): 0.3  Class Hours: 8 Lecture, 8 Laboratory total.  
To update fire personnel in emergency trench operations. Includes general safety and OSHA regulations, relative to open trenches or excavations in potentially hazardous situations. Grade: Pass/No Pass Only.  

Fire Academy 076  
Low Angle Rope Rescue Operational  
Unit(s): 1.0  Class Hours: 12 Lecture, 12-20 Laboratory total.  
The Low Angle Rope Rescue Operational course is designed to provide training for responders in low angle rope rescue operations. These over-the-side operations may be the result of a vehicle accident, hiking mishap, swift water rescue, or search and rescue function in an urban or remote area. This course will also provide training in a subject element required for the California Urban Search and Rescue (US&R) Basic and Light Operational Level by serving as the prerequisite training for students wishing to continue training in a Rescue Systems 1 course. Additional materials fees may be required for state training course completion certificate. Not offered every semester. Grade: Pass/No Pass Only.  

Fire Academy 076A  
High Angle Rope Rescue  
Unit(s): 1.0  Class Hours: 12 Lecture, 12 Laboratory total.  
Designed to equip the students with information, techniques, and methods for utilizing rope, webbing, hardware, friction devices, and stretchers in high angle/high rise rope rescue situations. Additional materials fees may be required. Not offered every semester. Grade: Pass/No Pass Only.  

Fire Academy 079A  
S-339 Division/Group Supervisor- ALL RISK  
Unit(s): 0.5  Class Hours: 4 Lecture, 16 Laboratory total.  
Prerequisite: ICS-300, Intermediate I.C.S. Students must bring certificate of completion to first class meeting or be dropped from the course, and qualified as a Task Force Leader (TFLD) or Incident Commander Type 3 (ICT3) or Incident Commander Type 4 (ICT4) and in any two Strike Team Leader positions - one must be STCR or STEN. Students must bring evidence to first class meeting or be dropped from the course.  
This course prepares students to perform in the role of division/group supervisor during wildland fire operations. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct students in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, and tactical decision games. There is a final examination in this course. May require additional material fees. Not offered every semester. Grade: Pass/No Pass Only.  

Fire Academy 079B  
S-330 Task Force-Strike Leader  
Unit(s): 0.5  Class Hours: 2 Lecture, 22 Laboratory total.  
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course, and successful completion of the pre-course work, and satisfactory completion of pre-selection assessment.  
This course is designed to meet the training requirements outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task books developed for the positions of task force leader and strike team leader. Most examples and exercises in this course are specific to wildland fire suppression, although some all-hazards exercises are included. Grade: Pass/No Pass Only.  

Fire Academy 079D  
S-440 Planning Section Chief  
Unit(s): 0.5  Class Hours: 4 Lecture, 16 Laboratory total.  
The course is designed to meet the training requirements outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task books developed for the positions of task force leader and strike team leader. Most examples and exercises in this course are specific to wildland fire suppression, although some all-hazards exercises are included. Grade: Pass/No Pass Only.  

Fire Academy 080A  
S-234 Wildland Firing Methods and Procedures  
Unit(s): 0.5  Class Hours: 24 Lecture total.  
Designed to teach fire crews the principles of backfire/burnout and the necessary firing techniques and related firing devices used to accomplish either of these suppression methods. May be repeated. Grade: Pass/No Pass Only.
Fire Academy 080B
S-190 Introduction to Wildland Fire Behavior
Unit(s): 0.3 Class Hours: 16 Lecture total.
This course provides instruction in the primary factors affecting the start and spread of wildfire and recognition of potentially hazardous situations. S-190 is typically taught in conjunction with or prior to Basic Fire Fighter Training, S-130. It is designed to meet the fire behavior training needs of a Fire Fighter Type 2 (FFT2) on an incident as outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task book developed for the position. Grade: Pass/No Pass Only.

Fire Academy 080D
S-290 Intermediate Wildland Fire Behavior
Unit(s): 0.5 Class Hours: 32 Laboratory total.
Prerequisite: S-190 Certification. Students are required to bring a copy of their S-190 certificate to the first class session or they will be dropped from the course.
This is a classroom-based skills course designed to prepare the prospective fireline supervisor to undertake safe and effective fire management operations. It is the second course in a series that collectively serves to develop fire behavior prediction knowledge and skills. Fire environment differences are discussed. Grade: Pass/No Pass Only.

Fire Academy 084
Hazardous Materials First Responder Operational Level
Unit(s): 1.0 Class Hours: 18 Lecture, 6 Laboratory total.
This class is designed for fire department personnel who may respond to releases or potential releases of hazardous materials as part of the initial response to the site for the purpose of protecting nearby persons, property, or the environment from the effects of the release. Defensive tactics to contain the release from a safe distance, keep it from spreading, and prevent exposures without trying to stop the release. meets and exceeds the requirements of CFR 29 1910.120 and CCR Title 8. This course may require additional materials fees for state course completion certificate. This course is limited to 40 students. May not be offered every semester. Grade: Pass/No Pass Only.

Fire Academy 084A
Hazardous Materials First Responder Operational, Decontamination
Unit(s): 0.3 Class Hours: 4 Lecture, 4 Laboratory total.
Recommended Preparation: Trained to Hazardous Materials First Responder Operational Level.
This course is designed for hazardous material emergency response personnel. This course will provide the hazmat emergency responder with the processes used in decontamination and methods to limit the spread of hazardous materials contamination in a safe and competent manner. Additional materials fees may be required for state certificate of completion. Not offered every semester. Grade: Pass/No Pass Only.

FIRE OFFICER TRAINING (FOT)
Fire Officer Training 006B
Truck Company Academy
Unit(s): 0.2 Class Hours: 16 Lecture total.
Truck company operations and ventilation skills at a first responder level. May be repeated. Grade: Pass/No Pass Only.

Fire Officer Training 006D
CSFM Terrorism and RIC
Unit(s): 0.5 Class Hours: 24 Lecture total.
This course is designed to prepare firefighters to become familiar with terrorism tactics and (RIC) rapid intervention crew. Meets Orange County, L.A. City Fire Chiefs, and State Fire Marshall’s certification standards. Grade: Pass/No Pass Only.

Fire Officer Training 008A
S-339 Division/Group Supervisor All Risk
Unit(s): 0.5 Class Hours: 24 Laboratory total.
Prerequisite: I-300 Intermediate ICS. Bring course completion certificate to first class session and I-400 Advanced ICS. Students must bring course completion certificate to first class session, and Satisfactory completion of pre-course work.
Recommended Preparation: Qualified as a Task Force Leader (TFLD) or Incident Commander Type 3 (ICT3) or Incident Commander Type 4 (ICT4) and in any two Strike Team Leader positions - one must be STCR or STEN.
This course prepares students to perform in the role of division/group supervisor. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct the student in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, and tactical decision games. There is a final examination in this course. Additional materials fee required for State Fire Training Course Completion Certificate. Grade: Pass/No Pass Only.

Fire Officer Training 008C
S-244 Field Observer
Unit(s): 0.4 Class Hours: 20 Lecture total.
Designed to train firefighters in the basic fire behavior factors that will aid them in safe and effective control of wildland fires. Not offered every semester. May be repeated. Grade: Pass/No Pass Only.

Fire Officer Training 008E
S-445 Incident Training Specialist
Unit(s): 0.3 Class Hours: 16 Laboratory total.
Designated to train personnel to perform the duties of a Training Specialist. Duties include coordinating incident training opportunities and activities, ensuring the quality of training assignments, and completing documentation of the incident training. Additional course fees required for State Fire Training Certificate of Completion.

Fire Officer Training 012
Ethical Leadership
Unit(s): 0.2 Class Hours: 8 Lecture total.
Provides information and sample techniques for ethical leadership in the appraisal, in the classroom. Grade: Pass/No Pass Only.

Fire Officer Training 016
CSFA Terrorism
Unit(s): 0.3 Class Hours: 16 Lecture total.
This course is designed to prepare firefighters to become familiar with terrorism tactics. Meets Orange County, L.A. City Fire Chiefs, and State Fire Marshall’s certification standards. Grade: Pass/No Pass Only.

Fire Officer Training 017
Fire Control 5
Unit(s): 0.5 Class Hours: 15 Lecture, 9 Laboratory total.
Designed to familiarize students with the different types of helicopter and aircraft rescues. Personal safety and rescue equipment will be demonstrated. The human factors and stress involved with aircraft rescue will be discussed. Grade: Pass/No Pass Only.

Fire Officer Training 018
Ground Safety and Survival
Unit(s): 0.3 Class Hours: 16 Laboratory total.
Fire Ground Safety & Survival is designed to prepare participants to understand and provide several group crisis interventions, specifically demobilizations, defusing and critical incident stress debriefings. Grade: Pass/No Pass Only.
Fire Officer Training 019
Emergency Trench Rescue
Unit(s): 0.5  Class Hours: 24 Laboratory total.

Prerequisite: Fire Academy 060 with a minimum grade of C.

This course is designed to train fire service personnel in hands-on application of the techniques necessary to safely affect a rescue from an excavation or trenching cave-in. Topics include critical considerations while responding to trenching emergencies, evaluation of cave-in scenes, basic life support procedures and temporary protection for victims, specialized tool usage, shoring techniques, and below grade rescue safety procedures. Grade: Pass/No Pass Only.

Fire Officer Training 032
ICS-300 Intermediate ICS
Unit(s): 0.5  Class Hours: 24 Laboratory total.

Recommended Preparation: ICS 200- Students must bring copy of certificate of completion to first class session or they will be dropped from the course.

This course provides description and detail of the Incident Command System (ICS) organization and operations in supervisory roles on expanding or Type 3 incidents. Topics include: ICS fundamentals review, incident/event assessment and agency guidance in establishing incident objectives, Unified Command, incident resource management, planning process, demobilization, transfer of command, and close out. This course is designed for: Type 3 Incident Management Team (IMT) candidates, incident middle management (Unit Leaders, Division/Group Supervisors, and Strike Team Leaders), elected officials, line officers, lead dispatchers, Multi-Agency Coordination (MAC) members, director heads (public works director, fire chief, sheriff), emergency managers, and agency representatives. Grade: Pass/No Pass Only.

Fire Officer Training 033
ICS-400 Incident Command
Unit(s): 0.5  Class Hours: 24 Laboratory total.

Prerequisite: ICS-300, Intermediate ICS with a pass. Students must bring documentation of prerequisites to first class meeting. Failure to comply will result in student being dropped.

This course directs the student towards an operational understanding of large single-agency and complex multi-agency/multi-jurisdictional incident responses. Topics include fundamentals review for command and general staff, major and /or complex incident/evem management, area command and multi-agency coordination. Grade: Pass/No Pass Only.

Fire Officer Training 035
Auto Extrication Tactics
Unit(s): 0.3 - 0.5  Class Hours: 16–24 Laboratory total.

Provides hands-on experience in the procedures and systems utilized during an automobile extrication. Subjects covered include: auto extrication, types of hand and power tools, removing windows, opening doors, removing roofs, pulling steering wheels, moving foot pedals, raising dashboards, pulling seats, stabilization of vehicles, and simulated rescues of trapped victims. Grade: Pass/No Pass Only.

Fire Officer Training 044
Fire Investigation 1A: Fire Origin and Cause Determination
Unit(s): 0.5  Class Hours: 40 Laboratory total.

This course provides the participants with an introduction and basic overview of fire scene investigation. The focus of the course is to provide information on fire scene indicators and to determine the fire’s origin. Additional fee required for OSFM Certificate of Completion.
Fire Officer Training 078A
S-130 Firefighter Training - Wildland
Unit(s): 0.7    Class Hours: 32 Lecture total.

Designed to train firefighters in the basic fire behavior factors that will aid them in safe and effective control of wildland fires. Grade: Pass/No Pass Only.

Fire Officer Training 078B
S-215L Urban Wildland Interface Firefighting
Unit(s): 0.7    Class Hours: 32 Lecture total.

S-215L Urban wildland interface firefighting is a course designed to teach fire crews the principles of backfire/burnout and the necessary firing techniques and related firing devices used to accomplish either of these suppression methods. Grade: Pass/No Pass Only.

Fire Officer Training 078C
S-371 Helibase Manager
Unit(s): 0.5    Class Hours: 32 Laboratory total.

Prerequisite: Student should be qualified as a helicopter manager, single resource.

Designed for Fire Personnel qualifying within the Incident Command System as a Helibase manager. Topics include strike team orientation, position responsibilities, helicopter safety operations and weather condition affecting helicopter landing. Grade: Pass/No Pass Only.

Fire Officer Training 079
S-404 Safety Officer
Unit(s): 0.5    Class Hours: 24 Lecture total.

Designed to train company/chief officers in the advanced wildland fire safety factors that will aid them in safe and effective control of wildland fires. Not offered every semester. May be repeated. Grade: Pass/No Pass Only.

Fire Officer Training 079B
S-231 Engine Boss
Unit(s): 0.3    Class Hours: 16 Laboratory total.

Prerequisite: S-230 certification and qualified as a Fire Fighter Type 1 (FFT1) as per OSFM

This is a skill course designed to produce student proficiency in the performance of the duties associated with engine boss, single resource (ENGB). Topics include engine and crew capabilities and limitations, information sources, fire sizeup considerations, tactics, and wildland/urban interface. Grade: Pass/No Pass Only.

Fire Officer Training 079C
S-330 Task Force-Strike Team Leader
Unit(s): 0.5    Class Hours: 24 Laboratory total.

Recommended Preparation: Qualified as any single resource boss.

Designed for fire personnel qualifying within the Incident Command System as a Task Force-Strike Team Leader. Topics include Strike Team orientation, incident responsibilities, and demobilization/release. Grade: Pass/No Pass Only.

Fire Officer Training 080
Motion Picture/Television Safety Officer
Unit(s): 0.5    Class Hours: 24 Lecture total.

Course is designed to prepare Fire personnel in special effects, film production safety and stunt coordination, line producers, location managers and film commissioners. May be repeated. Grade: Pass/No Pass Only.

Fire Officer Training 100
Emergency Medical Technician
Unit(s): 8.0    Class Hours: 96 Lecture, 96 Laboratory total.

Prerequisite: American Heart Association CPR Healthcare Provider Card with AED.

Basic course for EMT. Satisfies requirements for County/State EMS Authority. Prepares students to take the National Registry certifying exam (NREMT) for the State certification. CSU

Fire Officer Training 130A
Fire Inspector 1A: Duties and Administration
Unit(s): 1.5    Class Hours: 24 Lecture total.

Prerequisite: Fire Technology 104, Fire Technology 105, and Fire Technology 106 with a minimum grade of C OR equivalent as determined by the Dean of academy instruction. To be successful in this course, students should be able to understand and use professional terminology; Identify laws, codes, ordinances and regulations as they relate to fire prevention; Understand code enforcement as it impacts life and property loss; Define laws, rules, regulations, and codes and identify those relevant to fire prevention; Define the functions of a fire prevention bureau; Describe the history and philosophy of fire prevention; Describe inspection practices and procedure; Understand theoretical concepts of how fire impacts major types of building construction; Describe building construction as it relates to firefighter safety, buildings codes, fire prevention, code inspection, firefighting strategy, and tactics; Differentiate between fire resistance, flame spread, and describe the testing procedures used to establish ratings for each; Classify occupancy designations of the building code; Analyze the hazards associated with the various types of building construction; Identify and describe various types and uses of fire protection system; Explain the benefits of fire protection systems in various types of structures; Describe residential and commercial sprinkler legislation. This course provides a broad, technical overview of fire prevention codes and ordinances, inspection practices, and key hazards. CSU

Fire Officer Training 130B
Fire Inspector 1B: Introduction to Fire And Life Safety
Unit(s): 1.5    Class Hours: 24 Lecture total.

Prerequisite: Fire Technology 104, Fire Technology 105, and Fire Technology 106 with a minimum grade of C OR equivalent as determined by the Dean of academy instruction. To be successful in this course students must be able to: Describe the basic elements of a public water supply system as it relates to fire protection; Describe the basic elements of a public water supply system including sources, distribution networks, piping and hydrants; Understand theoretical concepts of how fire impacts major types of building construction; Describe building construction as it relates to firefighter safety, buildings codes, fire prevention, code inspection, firefighting strategy, and tactics; Differentiate between fire resistance, flame spread, and describe the testing procedures used to establish ratings for each; Classify occupancy designations of the building code; Describe inspection practices and procedures and Describe the history and philosophy of fire prevention. This course will provide fire prevention professionals with the basic level of knowledge necessary to inspect fire protection systems and special hazards. CSU
Fire Officer Training 130C
Fire Inspector 1C: Field Inspection
Unit(s): 1.5 Class Hours: 24 Lecture total.

Prerequisite: Fire Technology 104, Fire Technology 105, and Fire Technology 106 with a minimum grade of C OR equivalent as determined by the Dean of academy instruction. To be successful in this course students must be able to: Identify and describe various types and uses of fire protection systems; Identify the different types and components of sprinkler, standpipe and foam systems; Identify the different types of non-water based fire suppression systems; Explain the basic components of a fire alarm system; Describe the hazards of smoke and list the four factors that can influence smoke movement in a building; Discuss the appropriate application of fire protection systems; Explain the operation and appropriate application for the different types of portable fire protection systems; Understand theoretical concepts of how fire impacts major types of building construction; Describe building construction as it relates to firefighter safety, buildings codes, fire prevention, code inspection, firefighting strategy, and tactics; Identify various classifications of building construction; Identify laws, codes, ordinances, and regulations as they relate to fire prevention; Define laws, rules, regulations, and codes and identify those relevant to fire prevention of the authority having jurisdiction; Understand code enforcement as it impacts life and property loss and Describe inspection practices and procedures.

Recommended Preparation: Training 130B, Fire Inspector 1B: Fire and Life Safety with a minimum grade of C.

This course provides students with a basic knowledge of inspection roles and responsibilities of a Fire Inspector I including basic plan review, emergency access for an existing system, hazardous materials, and the operational readiness of fixed fire suppression systems, existing fire detection and alarm systems, and portable fire extinguishers. CSU

Fire Officer Training 130D
Fire Inspector 1D: Field Inspector
Formerly: Fire Officer Training 029, Fire Inspector 1D: Field Inspector Unit(s): 1.0 Class Hours: 16 Lecture total.

Prerequisite: Fire Technology 104, Fire Technology 105, and Fire Technology 106 with a minimum grade of C.

Recommended Preparation: Fire Officer Training 130A with a minimum grade of C.

This course provides students with basic knowledge of the Fire Fighter 1’s field inspection roles and responsibilities specific to California including tents, canopies, and temporary membrane structures; fireworks and explosives; and wildland urban interface environments. CSU

Fire Officer Training 136
Fire Inspector 2A: Fire Prevention Administration
Unit(s): 1.0 Class Hours: 16 Laboratory total.

Prerequisite: Certified CA Fire Inspector I or completion of Fire Inspector 1A, 1B and 1C. Student must present State Certificates to the instructor at the first class meeting. Students who fail to meet this requirement will be dropped from the course.

This course provides students with a basic knowledge of the administrative requirements related to the roles and responsibilities of a Fire Inspector II including processing permit and plan review applications, enforcing permit regulations, investigating complex complaints, recommending modifications to codes and standards, recommending policies and procedures for inspection services, generating written appeals correspondence, initiating legal action, evaluating inspection reports, and proposing technical reference material acquisition. CSU

Fire Officer Training 137
Fire Inspector 2B: Fire and Life Safety Requirements
Unit(s): 1.5 Class Hours: 24 Lecture total.

Prerequisite: Fire Inspector 2A: Fire Prevention Administration. Students must bring documentation of Prerequisite to the first class meeting: failure to comply will result in the student being dropped.

This course provides students with a basic knowledge of fire and life safety requirements related to the roles and responsibilities of a Fire Inspector II including occupancy classification, egress elements, emergency plans and procedures, occupant loads, building construction and fire growth potential. CSU

Fire Officer Training 138
Fire Inspector 2C: Inspecting Fire & Life Safety Systems
Unit(s): 1.0 Class Hours: 16 Laboratory total.

Prerequisite: Fire Inspector 2A: Fire Prevention Administration. Students must bring documentation of Prerequisite to the first class meeting: failure to comply will result in the student being dropped.

This course provides students with a basic knowledge of inspection requirements related to the roles and responsibilities of a Fire Inspector II including inspection of life safety systems and building services equipment, fire protection systems, and emergency access criteria. CSU

Fire Officer Training 139
Unit(s): 2.0 Class Hours: 32 Lecture total.

Prerequisite: Fire Inspector 2A: Fire Prevention Administration. Students must bring documentation of Prerequisite to the first class meeting: failure to comply will result in the student being dropped.

This course provides students with a basic knowledge of hazardous materials, operations, and processes related to the roles and responsibilities of a Fire Inspector II including hazardous conditions, flammable and combustible liquids and gases, and hazardous materials. CSU

Fire Officer Training 142
Fire Instructor 2C: Employing Audiovisual Aids
Unit(s): 0.8 Class Hours: 40 Laboratory total.

Prerequisite: Fire Instructor 1A and 1B with a minimum grade of 80%. Students must bring documentation of Prerequisites to first class meeting. Failure to comply will result in student being dropped.

This course covers the principles and selection of media in the instructional process, employment of basic and advanced forms of instructional media, use of computers in the instructional process, and individualized instruction programs. Teaching demonstrations are required of all participants. CSU

Fire Officer Training 144
Fire Investigation 2A: Criminal and Legal Procedures
Unit(s): 0.5 Class Hours: 40 Laboratory total.

Prerequisite: Fire Investigation 1A, passed with a grade of 80% and Fire Investigation 1B, passed with a grade of 80%. Students must bring documentation of Prerequisites to first class meeting. Failure to comply will result in student being dropped.

This course provides information on conducting an explosive investigation and a surveillance operation, preparing a search warrant, testifying as an expert witness, assembling a curriculum vitae, and properly documenting a criminally caused fire. In addition, each student will be assigned to an investigative team to conduct an investigation of his/her own criminally caused fire. During this practical exercise, each team will be required to conduct the scene investigation, properly collect and document supportive evidence, prepare their written case report, and present their finding to a district attorney and a judge to review. CSU
Fire Officer Training 150A
Company Officer 2A: Human Resource Management for Company Officers
Unit(s): 0.5 Class Hours: 8 Lecture, 12 Laboratory total.
Prerequisite: Fire Academy 060 with a minimum grade of C, or equivalent.
This course provides information on the use of human resources to accomplish assignments, evaluate member performance, supervise personnel, and integrate health and safety plans, policies, and procedures into daily activities as well as the emergency scene. Materials fee for State Fire Training Certificate. May not be offered every semester. CSU

Fire Officer Training 150B
Company Officer 2B: General Administration Functions for Company Officers
Unit(s): 0.5 Class Hours: 8 Lecture, 12 Laboratory total.
Prerequisite: Completion of a CA Regionally Accredited Fire Academy or a signed statement by the agency’s Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter I or Equivalent.
This course provides information on general administrative functions and the implementation of department policies and procedures and addresses conveying the fire department’s role, image, and mission to the public. Applies to State Fire Marshal Company Officer certification. Additional materials fee required for State Certificate Fee. This class may not be offered every semester. CSU

Fire Officer Training 150C
Company Officer 2C: Fire Inspections and Investigations
Unit(s): 1.5 Class Hours: 25 Lecture, 15 Laboratory total.
Prerequisite: Completion of a CA Regionally Accredited Fire Academy or a signed statement by the agency’s Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter I or Equivalent.
This course provides information on conducting inspections, identifying hazards and addressing violations, performing a fire investigation to determine preliminary cause and securing the incident scene and preserving evidence. Applies to State Fire Marshal Company Officer certification. Additional materials fee required for State Certificate Fee. This class may not be offered every semester. CSU

Fire Officer Training 150D
Company Officer 2D: All-Risk Command Operations for Company Officers
Unit(s): 1.5 Class Hours: 16 Lecture, 24 Laboratory total.
Prerequisite: Completion of a CSFM (California State Fire Marshal) accredited fire academy or Completion of IFSAC (International Fire Service Accreditation Congress) accredited fire academy or Completion of a Pro Board Fire Service Professional Qualifications System fire academy or A signed statement by the agency’s Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter-1 and ICS 200 (online certificate)
Recommended Preparation: Hazardous Material Incident Commander (as offered by the California Specialized Training Institute)
This course is designed for aspiring company fire officers. Topics include: Conducting incident size-up, developing and implementing an initial plan of action for emergency incidents, pre-incident planning, and post-incident analysis. Applies to State Fire Marshal Company Officer certification. Materials fee required for State Certificate. This class may not be offered every semester. CSU

Fire Officer Training 150E
Company Officer 2E: Wildland Incident Operations for Company Officers
Unit(s): 1.5 Class Hours: 24 Lecture, 16 Laboratory total.
Prerequisite: Fire Officer Training 150A with a minimum grade of C and S-290 Intermediate Fire Behavior (classroom delivery only). Students must bring proof of course completion to first class meeting or they will be dropped from the course. Completion of a CA Regionally Accredited Fire Academy or a signed statement by the agency’s Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter-1 or Equivalent
This course provides information on evaluating and reporting incident conditions, analyzing incident needs, developing and implementing a plan of action to deploy incident resources completing all operations to suppress a wildland fire, establishing an incident command post, creating an incident action plan, and completing incident records and reports. Applies to State Fire Marshal Company Officer certification. Additional materials fee required for State Certificate Fee. This class may not be offered every semester. CSU

Fire Officer Training 205
Instructor I: Instructional Methodology
Unit(s): 1.5 Class Hours: 16 Lecture, 24 Laboratory total.
Recommended Preparation: Completion of one of the following certificates is recommended: Introduction to the Incident Command System (IS-100.B), FEMA or National Incident Management System (IS-700.A), FEMA.
Students learn to teach and deliver instruction from a prepared lesson plan utilizing instructional aids and evaluation instruments. Students will also learn to adapt a lesson plan and complete reporting requirements. Designed for: Personnel preparing for a college level fire instructor, Company Officer, or SFT Certified Training Instructor position. Applies to CSFM certification for Instructor I. Additional course material fee is required for CSFM certificate. May not be offered every semester. CSU

Fire Officer Training 206
Instructor II: Instructional Development Tactics
Unit(s): 1.5 Class Hours: 16 Lecture, 24 Laboratory total.
Prerequisite: Fire Officer Training 205 with a minimum grade of C.
This course provides the skills and knowledge needed for the intermediate level professional fire service instructor preparing for Instructor II certification. Participants will learn to develop lesson plans and evaluation instruments, teach and deliver instruction, and evaluate and coach other instructors. Additional materials fees may be required for State Fire Training Certificate. Not offered every semester. CSU
**Fire Officer Training 207**  
Instructor III: Instructional Program Management  
Unit(s): 1.0  
Class Hours: 16 Lecture, 20 Laboratory total.  
Prerequisite: Fire Officer Training 205 with a minimum grade of C AND Fire Officer Training 206 with a minimum grade of C.  
This course provides information on planning, developing, and implementing comprehensive programs and curricula. Topics include instructional development, program management, and instructor evaluation, and test reliability and validity. The curriculum is based on the 2012 edition of NFPA 1041 Standard for Fire Service Instructor Professional Qualifications. This course is designed for Fire Officers, Staff Officers, and other fire service managers with experience in fire-service training. CSU

**Fire Officer Training 210**  
Community Risk Educator  
Unit(s): 1.5  
Class Hours: 24 Lecture total.  
Prerequisite: Introduction to Incident Command System I-100 (Must bring certificate of completion to first class meeting) AND National Incident Management System (NIMS): An Introduction 700 (must bring certificate of completion to first class meeting) AND Instructor I: Instructor Methodology OR Training Instructor 1A Cognitive Lesson Delivery (must bring certificate of completion to first class meeting) OR completion of FTC 104 Fire Prevention with a minimum grade of C.  
This course provides the skills and knowledge needed for the Community Risk Educator to perform his/her duties safely, effectively, and competently by coordinating and delivering existing educational programs and information. Enrollment is limited to 30 students. CFSTES Certificate of Completion awarded. This course requires additional materials fees. CSU

**Fire Officer Training 273A**  
Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers  
Unit(s): 1.0  
Class Hours: 16 Lecture, 10 Laboratory total.  
Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations OR if completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.  
This course provides students with a basic knowledge of the human resources requirements related to the roles and responsibilities of a Chief Fire Officer. Topics include developing plans for providing employee accommodation, developing hiring procedures, establishing personnel assignments, describing methods of facilitating and encouraging professional development, developing an ongoing education training program, developing promotion procedures, developing proposals for improving employee benefits, and developing a measurable accident and injury prevention program. This course is designed for the certified Company Officer advancing to the Chief Fire Officer classification. This course is limited to 25 students. Additional materials fees may apply. Not offered every semester. CSU

**Chief Fire Officer 3B**  
Budget and Fiscal Responsibilities for Chief Fire Officers  
Unit(s): 0.5  
Class Hours: 10 Lecture, 8 Laboratory total.  
Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations OR if completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.  
This course provides students with a basic knowledge of the budgeting requirements related to the roles and responsibilities of a Chief Fire Officer including developing a budget management system, developing a division or departmental budget, and describing the process for ensuring competitive bidding. This class is designed for the certified Company Officer advancing to the Chief Fire Officer classification. May require additional materials fee. Class size is limited to 25. Not offered every semester. CSU

**Fire Officer Training 273C**  
Chief Fire Officer 3C: General Administration Functions  
Unit(s): 1.0  
Class Hours: 14 Lecture, 10 Laboratory total.  
Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations OR if completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.  
This course provides students with a basic knowledge of the administration requirements related to the roles and responsibilities of a Chief Fire Officer including directing a department record management system, analyzing and interpreting records and data, developing a model plan for continuous organizational improvement, developing a plan to facilitate approval, preparing community awareness programs, and evaluating the inspection program of the AHJ. Additional materials fees may be required. This course is limited to 25 students. Not offered every semester. CSU

**Fire Officer Training 273D**  
Community Risk Educator  
Unit(s): 1.0  
Class Hours: 16 Lecture, 10 Laboratory total.  
Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations OR if completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.  
This course provides students with a basic knowledge of the human resources requirements related to the roles and responsibilities of a Chief Fire Officer. Topics include developing plans for providing employee accommodation, developing hiring procedures, establishing personnel assignments, describing methods of facilitating and encouraging professional development, developing an ongoing education training program, developing promotion procedures, developing proposals for improving employee benefits, and developing a measurable accident and injury prevention program. This course is designed for the certified Company Officer advancing to the Chief Fire Officer classification. This course is limited to 25 students. Additional materials fees may apply. Not offered every semester. CSU

FIRE OFFICER TRAINING

Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers
Unit(s): 1.0 Class Hours: 16 Lecture, 8 Laboratory total.
Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations or if completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.

This course provides students with a basic knowledge of the emergency service requirements related to the roles and responsibilities of a Chief Fire Officer including developing a plan for the integration of fire services resources, developing an agency resource contingency plan, evaluating incident facilities, supervising multiple resources, developing and utilizing an incident action plan, obtaining incident information to facilitate transfer of command, developing and conducting a post-incident analysis, and maintaining incident records. This course is designed for the certified Company Officer advancing to the Chief Fire Officer classification. Additional materials fees may be required. This class limited to 25 students. May not be offered every semester. CSU

Fire Officer Training 274A
Executive Chief Fire Officer 4A: Human Resource Management for the Executive Chief Fire Officer
Unit(s): 1.0 Class Hours: 16 Lecture, 12 Laboratory total.
Prerequisite: Fire Officer Training 273A, Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers and Fire Officer Training 273B, Chief Fire Officer 3B: Budget and Fiscal Responsibilities for Chief Fire Officers and Fire Officer Training 273C, Chief Fire Officer 3C: General Administration Functions and Fire Officer Training 273D, Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers with a minimum grade of C.

This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching themes of this curriculum are recruitment, selection, and placement of human resources; the development of a positive and participative member/management program; the establishment and evaluation of a list of education and in-service training goals; appraisal of a member assistance program; and the evaluation of an incentive program to determine if the desired results are achieved. Applies to State Fire Marshal Executive Chief Fire Officer certification. Additional materials fee required for State Certificate Fee. This class may not be offered every semester. CSU

Fire Officer Training 274B
Executive Chief Fire Officer 4B: Community & Government Relations
Unit(s): 0.5 Class Hours: 6 Lecture, 6 Laboratory total.
Prerequisite: Fire Officer Training 273A, Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers and Fire Officer Training 273B, Chief Fire Officer 3B: Budget and Fiscal Responsibilities for Chief Fire Officers and Fire Officer Training 273C, Chief Fire Officer 3C: General Administration Functions and Fire Officer Training 273D, Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers with a minimum grade of C.

This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching theme of this curriculum is assuming a leadership role in community events. Designed for: Executive Chief Fire Officer Candidate. CSU

Fire Officer Training 274C
Executive Chief Fire Officer 4C: Administration
Unit(s): 1.0 Class Hours: 16 Lecture, 16 Laboratory total.
Prerequisite: Fire Officer Training 273A, Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers and Fire Officer Training 273B, Chief Fire Officer 3B: Budget and Fiscal Responsibilities for Chief Fire Officers and Fire Officer Training 273C, Chief Fire Officer 3C: General Administration Functions and Fire Officer Training 273D, Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers with a minimum grade of C.

This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching themes of this curriculum are developing a comprehensive disaster plan and a comprehensive plan for the organization to operate at a civil disturbance. Designed For: Executive Chief Fire Officer Candidate. CSU

Fire Officer Training 274D
Executive Chief Fire Officer 4D: Emergency Services Delivery
Unit(s): 1.0 Class Hours: 22 Lecture, 16 Laboratory total.
Prerequisite: Fire Officer Training 273A, Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers and Fire Officer Training 273B, Chief Fire Officer 3B: Budget and Fiscal Responsibilities for Chief Fire Officers and Fire Officer Training 273C, Chief Fire Officer 3C: General Administration Functions and Fire Officer Training 273D, Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers with a minimum grade of C.

This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching themes of this curriculum are developing a comprehensive, long range plan; evaluating and projecting training requirements, facilities, and building needs; completing a written comprehensive risk, hazard, and value analysis; and developing a plan for a capital improvement project or program. Applies to State Fire Marshal Executive Chief Fire Officer certification. Additional materials fee required for State Certificate Fee. This class may not be offered every semester. CSU

Fire Officer Training 274E
Executive Chief Fire Officer 4E: Health and Safety Course Plan
Unit(s): 0.5 Class Hours: 4 Lecture, 12 Laboratory total.
Prerequisite: Fire Officer Training 273A, Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers and Fire Officer Training 273B, Chief Fire Officer 3B: Budget and Fiscal Responsibilities for Chief Fire Officers and Fire Officer Training 273C, Chief Fire Officer 3C: General Administration Functions and Fire Officer Training 273D, Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers with a minimum grade of C.

This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching theme of this curriculum is maintaining, developing, and providing leadership for a risk management program. Designed For: Executive Chief Fire Officer Candidate. CSU
FIRE PUBLIC SAFETY (FSA)

Fire Public Safety 002
California Ocean Lifeguard-Aquatic Rescue Response Skills
Unit(s): 0.3 - 10.0 Class Hours: 16-480 Laboratory total.
This course provides ocean lifeguards the occupational education and training needed to maintain adequate levels of knowledge to continue to perform lifesaving tasks. In addition to maintaining the minimum standards necessary for their positions, students are provided drills and formal training needed to ensure high levels of performance. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Public Safety 005
EMT Recertification
Unit(s): 0.3 - 1.5 Class Hours: 6-24 Lecture total.
Prerequisite: Students must be in possession of a current EMT State certification or EMT National Registry certification.
Training and update for current EMTs. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Public Safety 014
Rescue Operations- Refresher
Unit(s): 0.5 - 1.0 Class Hours: 12 Lecture, 10-24 Laboratory total.
Prerequisite: Fire Academy 060 with minimum grade of C or equivalent.
This course provides a review of the skills and knowledge needed for the professional firefighter to perform his/her rescue duties safely, effectively, and competently. The curriculum is based on the 2013 edition of NFPA 1001 Standard for Fire Fighter Professional Qualifications. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Public Safety 016A
CA Fire Service Administrative Requirement
Unit(s): 0.5 - 1.0 Class Hours: 8-16 Lecture total.
Prerequisite: Completion of FAC 060 Basic Fire Academy or equivalent with a minimum grade of C. NOTE: Requisite skills and knowledge learned in a basic fire academy will not be retaught.
This course covers the duties and responsibilities of a Firefighter, departmental communications, ethical principles and prevention of sexual harassment. Content is based on the NFPA 1001 Standard for Fire Fighter Professional Qualifications and the California State requirements for government employees. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Public Safety 017
Firefighter Refresher-Core Competencies
Unit(s): 0.5 - 2.0 Class Hours: 8 Lecture, 6-92 Laboratory total.
Prerequisite: Completion of an approved Fire Academy or signed statement by the agency's Fire Chief or designee stating the sponsored student has completed the training requirements for FFI or equivalent. and Students must provide their own personal protective equipment and tools which meet current NFPA requirements for maintenance and repair.
Course reviews basic knowledge and skills used on the job. Provides the student the opportunity to reinforce their knowledge and refresh their skills in the areas most likely to lead to firefighter injury or death. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Public Safety 018
Firefighter Survival
Unit(s): 0.5 - 1.0 Class Hours: 4 Lecture, 12-36 Laboratory total.
Prerequisite: Students must provide primary instructor verification of the following prior to participating in any skill or evolution: Access to approved personal protective equipment including demonstration of competency in donning and using the personal protective equipment, and current fit test documentation. Students shall be familiar with all components of their SCBA. Students must show competency in the use of their SCBA prior to participating in any skill or evolution.
This course provides students with a greater understanding of the need for situational awareness, firefighter survival skills, and the technical survival skills to help firefighters avoid committing fatal errors on the fireground. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Fire Public Safety 027
Wildland Fire Safety Training Refresher
Unit(s): 0.2 - 1.0 Class Hours: 4-16 Lecture, 1-10 Laboratory total.
This course focuses on operations and decision-making issues related to fireline and all-hazard incident safety. Topics include entrapment avoidance, current issues, other hazard and safety issues, and fire shelter in order to prepare firefighters for the upcoming fire season. Grade: Pass/No Pass Only.

FIRE TECHNOLOGY (FTC)

Fire Technology 101 (C-ID FIRE 100 X)
Fire Protection Organization
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course provides an overview to fire protection and emergency services including: career opportunities in fire protection and related fields, culture and history of emergency services, fire loss analysis, organization and function of public and private fire protection services, fire departments as part of local government, laws and regulations affecting the fire service, fire service nomenclature, specific fire protection functions, basic fire chemistry and physics, introduction to fire protection systems, introduction to fire strategy and tactics, and an overview of the life safety initiatives. CSU

Fire Technology 102 (C-ID FIRE 140 X)
Fire Behavior and Combustion
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course explores the theories and fundamentals of how and why fires start, spread, and are controlled. CSU

Fire Technology 103 (C-ID FIRE 150 X)
Principles of Fire and Emergency Services Safety and Survival
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. CSU

Fire Technology 104 (C-ID FIRE 110 X)
Fire Prevention
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Fire Technology 101 and 102 with minimum grade of C.
This course provides fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; community risk reduction; organization and operation of a fire prevention bureau; use and application of codes and standards; plan review; fire inspections; fire and life safety education; and fire investigation. CSU
Fire Technology 105 (C-ID FIRE 130 X)

Building Construction for Fire Protection  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Fire Technology 101 and 102 with minimum grade of C.  
This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. CSU

Fire Technology 106 (C-ID FIRE 120 X)

Fire Protection Systems  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Fire Technology 101 and 102 with minimum grade of C.  
This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers. CSU

Fire Technology 121

Physical Fitness for Public Safety Personnel  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Co-Requisite: Concurrent enrollment in Fire Technology 121L.  
This lecture class provides information on exercise physiology and nutrition as it relates to public safety personnel. Topics include the components of a fitness program such as metabolic fitness, muscular fitness, body composition and flexibility. Other topics include the FITT principle, specificity, and injury prevention and treatment. CSU

Fire Technology 121L

Physical Fitness for Public Safety Personnel - Performance and Assessment  
Unit(s): 0.3  Class Hours: 18 Laboratory total.  
Co-Requisite: Concurrent enrollment in Fire Technology 121L.  
Student will participate in physical fitness and fire-specific activities. Focus is on preparing individual fitness, health, and physical ability for job requirements. Students will be advised of the specific dates and times for the Lab/Physical Ability Practice sessions during first week of the semester at the Lab Orientation. Grade: Pass/No Pass Only. CSU

FRENCH (FREN)

French 101

Elementary French I  
Unit(s): 5.0  Class Hours: 90 Lecture total.  
A college level French course focusing on fundamentals of pronunciation and grammar, basic vocabulary (including common idioms), simple conversation and composition. Supplementary cultural readings. French 101 is equivalent to two years of high school French. CSU/UC

French 102

Elementary French II  
Unit(s): 5.0  Class Hours: 90 Lecture total.  
Prerequisite: French 101 with a minimum grade of C or two years of high school French with a passing grade.  
A college level French course focusing on further training in pronunciation and grammar, more extensive vocabulary development, conversation and composition. Supplementary cultural readings. French 102 is equivalent to the third year of high school French. CSU/UC

French 198

Topics in French  
Unit(s): 0.5 - 3.0  Class Hours: 9–54 Lecture total.  
A specialized course on topics related to current needs of students. CSU

French 201

Intermediate French I  
Unit(s): 5.0  Class Hours: 90 Lecture total.  
Prerequisite: French 102 with a minimum grade of C or three years of high school French with a passing grade.  
A college level French class focusing on expansive review of usage and grammar; discussion in French of interpretive reading material; conversation and composition. CSU/UC

French 201H

Honors Intermediate French I  
Unit(s): 5.0  Class Hours: 90 Lecture total.  
Prerequisite: French 102 with a minimum grade of C or three years of high school French, and a high school or college GPA of 3.0 or above. Enhanced and intensive exploration of French civilization, culture, and literature in a seminar setting. In-depth analysis of grammatical structures. Further use of argumentative oral strategies. Independent research by student to use and evaluate library and electronic information sources. CSU/UC

French 202

Intermediate French II  
Unit(s): 5.0  Class Hours: 90 Lecture total.  
Prerequisite: French 201 with a minimum grade of C or four years of high school French with a passing grade.  
A college level French class focusing on a specialized review of grammar and composition; and discussions in French of history and culture based on literary materials. CSU/UC

French 202H

Honors Intermediate French II  
Unit(s): 5.0  Class Hours: 90 Lecture total.  
Prerequisite: French 201 or French 201H with a minimum grade of C or four years of high school French with a passing grade, and a high school or college GPA of 3.0 or above. Continuation of intensive exploration of French culture and literature in a seminar setting, review of specialized grammatical structures, and use of argumentative oral strategies. Continued development of conversation and composition. Independent research by students to use and evaluate library and electronic information sources. CSU/UC

French 211

Intermediate Conversation and Composition I  
Unit(s): 2.0  Class Hours: 36 Lecture total.  
Prerequisite: French 102 with a minimum grade of C or equivalent, or three years of high school French with a passing grade.  
Intermediate conversational techniques. A review of language structure through discussion, conversation, reading and composition. Discussions of French culture and civilization. CSU/UC

French 214

Intermediate Conversation and Composition II  
Unit(s): 2.0  Class Hours: 36 Lecture total.  
Prerequisite: French 201 with a minimum grade of C or the equivalent, or four years of high school French, or concurrent enrollment in French 202  
Further development of conversational and composition skills through cultural and current events and readings. Vocabulary development and idiom usage in a cultural context. CSU/UC

**ANNOUNCEMENT**

**GEOGRAPHY / GEOLOGY OF COURSES**

**Introduction to Weather and Climate**
- Unit(s): 3.0
- Class Hours: 54 Lecture total.

**Cultural Geography**
- Geography 102 (C-ID GEOG 120)
- An introductory survey of the geography of culture, and the influences of the physical environment on culture, along with the impact of human activity on the environment, and the role of culture within societies and social groups. The course includes global patterns of population, migration, religion, language, agriculture, politics, customs, resources, and urban and rural settlement. CSU/UC

**Honors World Regional Geography**
- Geography 100H (C-ID GEOG 125)
- Prerequisite: A high school or college GPA of 3.0 or above.
- Enriched and intensive study, including seminar approach with individual written and oral presentations of major world political and natural regions. Course study includes location of the regions on earth, the physical and cultural elements which provide the regions with their identities, and ways in which these elements relate to the regions’ inhabitants and economies. CSU/UC

**Physical Geography**
- Geography 101 (C-ID GEOG 110)
- Unit(s): 3.0
- Class Hours: 54 Lecture total.
- **Physical Geography Laboratory**
- Unit(s): 1.0
- Class Hours: 54 Laboratory total.

**Geography 101L (C-ID GEOG 111)**
- Laboratory exercises and experiments designed to explore and understand the primary areas of physical geography. Exercises and applications related to map scales and projections, stereoscopic, topographic and aerial photo interpretation, meteorological tools and models and weather prognostication, geomorphologic models and processes, and landform interpretation. CSU/UC

**World Regional Geography**
- Geography 100 (C-ID GEOG 125)
- The study of major world political and natural regions. Course study includes location of the regions on earth, the physical and cultural elements that lend the regions their identities, and ways in which these elements relate to the regions’ inhabitants and economies. CSU/UC

**California Geography**
- Geography 140 (C-ID GEOG 140)
- A thematic approach to the state’s issues, processes and topics relevant to the geography including climate, landforms, natural vegetation, water resources, cultural landscape, ethnic diversity, urban and agricultural regions, and the economy. This course explores the physical, and human landscapes that have evolved as a result of the human-environment interface. CSU/UC

**Introduction to Geographic Information Systems**
- Unit(s): 3.0
- Class Hours: 54 Lecture total.
- This course introduces basic scientific principles of Geographic Information Systems (GIS) as they relate to working with data that have important spatial orientation and organization. Geometric and geographic concepts and theories are used to develop scientific methods for proper communication of the data and the solution of problems that have spatial relationships. Course covers basic concepts in mapping and orientation, the development of map scales and comparison of different coordinate systems and data error analysis. CSU/UC

**GEOLOGY (GEOL)**

**Introduction to Geology**
- Unit(s): 3.0
- Class Hours: 54 Lecture total.
- Introductory course for students in any major. Study of the internal and external processes that shape the earth (earthquakes, volcanoes, groundwater, streams, landslides). Optional field trip offered. Concurrent enrollment in Geology 101L is recommended. CSU/UC

**Introduction to Geology Laboratory**
- Unit(s): 1.0
- Class Hours: 54 Laboratory total.
- **Earthquakes**
- Unit(s): 1.0
- Class Hours: 18 Lecture total.

**Environmental Geology**
- Unit(s): 3.0
- Class Hours: 54 Lecture total.
- Introduction to environmental geology, the interaction between the Earth and mankind. Global study of geologic resources, resource management, geologic hazards, and waste remediation. (Same as Environmental Studies 140). CSU/UC

**Introduction to Oceanography**
- Unit(s): 3.0
- Class Hours: 54 Lecture total.
- Introductory study of the ocean and its topography, sediments, circulation, shoreline processes, biological productivity and mineral resources. (Same as Earth Science 150). CSU/UC

Prerequisite: A high school or college GPA of 3.0 or above.

Prerequisite: High school or college GPA of 3.0 or above.

Prerequisite: A high school or college GPA of 3.0 or above.

Prerequisite: A high school or college GPA of 3.0 or above.

An enriched approach designed for honors students with emphasis on individual research as well as small group analysis of historical problems. Emphasis on the development of world civilizations and their interrelationships, basic ideas, institutions, personalities, and artistic achievements from the earliest beginnings to the sixteenth century. CSU/UC

Emphasis on basic ideas, institutions, personalities, and artistic achievements from the sixteenth century to the present. Ideas, institutions, personalities, and artistic achievements which have contributed to present-day society. CSU/UC

An archaeological and ethnohistorical survey of the origin and development of pre-Columbian civilizations in ancient Mesoamerica from Paleo-Indian times to the Spanish conquest. (Same as Anthropology 105). CSU/UC
### History 118
**Social and Cultural History of the United States**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Examines social and cultural traditions during major historical periods. Focuses on American attitudes and response to economic and technological changes, aesthetics, music, art, language, architecture, folklore, and popular culture. CSU/UC

#### History 120
**The United States to 1865**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Examines major political, economic, intellectual, and social forces at home and abroad that shaped American life from the colonial period through the Civil War. CSU/UC

#### History 120H
**Honors the United States to 1865**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** A high school or college GPA of 3.0 or above.

Seminars-style, content-enriched course for Honors students that examines major political, economic, intellectual, and social forces at home and abroad shaping American life from colonial period through Civil War. CSU/UC

#### History 121 (C-ID HIST 140)
**The United States Since 1865**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

A critical analysis of American history. Includes industrial and technological development, the changing nature of society, cultural developments, domestic politics, and America's expanded world role. CSU/UC

#### History 121H (C-ID HIST 140)
**Honors the United States Since 1865**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** A high school or college GPA of 3.0 or above.

Seminars-style, content-enriched course for Honors students exploring a critical analysis of American history including industrial and technological development, the changing nature of society, cultural patterns, domestic politics, artistic attainments, and America's expanded world role. CSU/UC

#### History 123
**African American History to 1865**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Surveys the history of African Americans in the United States from their African origins through the Civil War. Emphasizes African American impact on U.S. economic and political life, and highlights the effect slavery had on selected American thinkers. CSU/UC

#### History 124
**Mexican American History in the United States**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Survey of Mexican American history in the U.S. from the Pre-Columbian period to the present. Emphasis on Mexican American contributions to the political, social, economic, and cultural development of the U.S. Will also examine the relationship of Mexican Americans to other cultural groups. CSU/UC

#### History 124H
**Honors Mexican American History in the United States**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** A high school or college GPA of 3.0 or above.

Enriched and intensive survey of Mexican American history in the U.S. from the Pre-Columbian period to the present. Utilizing a seminar approach, emphasis on Mexican American contributions to the political, social, economic, and cultural development of the U.S. Will also examine the relationship of Mexican Americans to other cultural groups. CSU/UC

#### History 125
**Native Americans in the U.S.**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

**An historical and contemporary survey of Native Americans in the United States, including the development of tribes and nations, and the cultural practices of Native Americans today. Field trips may be required.** (Same as Anthropology 125), CSU/UC

#### History 127
**Women in U.S. History**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Women of European, African, Native, Hispanic, and Asian backgrounds examined in U.S. 1607-present. Emphasis on individuation, social status, family, reproduction, child care, slavery, jobs, and political activism. Legal impact and theories of patriarchal oppression raised. CSU/UC

#### History 133
**History of California**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

An examination of the major social, political, and economic developments that have shaped California history from the indigenous period to the present. Special attention is given to regional issues, ethnic or cultural groups, constitutional matters, cultural change, and California’s connection with the Pacific Basin. CSU/UC

#### History 146
**African American History From 1863 to The Present**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Survey of the history of African Americans in the United States from Reconstruction to the present. Focuses on the economic, political and social aspects of racism and the varied efforts to advance civil rights. CSU/UC

#### History 150
**Latin American Civilization to Independence**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

A study of Latin American civilization from the Indian, African, and European origins to Independence. Topics include native cultures, Spanish and Portuguese colonialism, the evolution of regional societies, and intellectual trends. CSU/UC

#### History 151
**Modern Latin American Civilization**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Latin American civilization in the nineteenth and twentieth centuries with a focus on the historical background of contemporary conditions and issues. Major and minor countries studied. CSU/UC

#### History 153
**History of Mexico**

Unit(s): 3.0  
Class Hours: 54 Lecture total.

Mexican history from the Pre-Columbian period to the present. Includes social, political, economic, and cultural growth of the Mexican nation. Emphasis on cultural and political development. CSU/UC
History 163
Introduction to Southeast Asia History
Unit(s): 3.0 Class Hours: 54 Lecture total.

Analyzes the general history of Southeast Asia’s society, economy, government, religion, philosophy, and the arts. Also includes the impact of the West, decolonization and national unification movements during the Cold War, and the historical background of contemporary social and political problems. CSU/UC

History 181
Survey of Chicana/Latina Women's History
Unit(s): 3.0 Class Hours: 54 Lecture total.

Survey of the historical roots of modern-day Chicana/Latina women. Course will discuss women in pre-Columbian America, colonial women in Mexico and the Southwest U.S., as well as Chicana/Latina women in a national/international context, labor, and culture. CSU/UC

INTERDISCIPLINARY STUDIES (IDS)

Interdisciplinary Studies 117H
Honors Introduction to Global Studies
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.

A multidisciplinary, student-driven, social science course dealing with a conceptual approach to the cultural, political and economic implications of globalization. Study groups and individual computer-based research focus on the geographic, historical, and contemporary settings of globalization as well as the development of cross-cultural and comparative research methodologies and analysis. CSU/UC

Interdisciplinary Studies 121
Humanities Through the Arts
Unit(s): 3.0 Class Hours: 54 Lecture total.

An introduction to the humanities through a study of seven major art forms: film, drama, music, literature, painting, sculpture and architecture. Artistic works are considered from the perspectives of historical development, the elements used in the creation process, artistic form, and meaning expressed. CSU/UC

Interdisciplinary Studies 155
Human Sexuality
Unit(s): 3.0 Class Hours: 54 Lecture total.

An interdisciplinary review of the biological development and psychological influences across the lifespan, including neuroscience research and sociocultural considerations in the areas of gender, attraction, attachment, love, sexual orientations, anatomy, sexual arousal and response, conception, contraception, reproduction, health, including sexual coercion and sexually transmitted infections. CSU/UC

Interdisciplinary Studies 200
Introduction to Liberal Studies
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: English 101 or 101H with a minimum grade of C.

This survey course explores the historical foundations and interdisciplinary nature of Liberal Studies. Students will examine the nature, history, and intersections of prevailing ideas on a specific topic through the arts and humanities, social and political thought, and scientific inquiry. Readings will reflect gender and cultural diversity. CSU/UC

ITALIAN (ITAL)

Italian 120
Elementary Italian I
Unit(s): 5.0 Class Hours: 90 Lecture total.

Pronunciation, grammar, speaking, reading, listening, writing, common idioms, and cultural insights. Italian 120 is equivalent to 2 years of high school Italian. CSU/UC

Italian 121
Elementary Italian II
Unit(s): 5.0 Class Hours: 90 Lecture total.

Prerequisite: Italian 120 with a minimum grade of C or two years of High School Italian.

Mastery of pronunciation and basic grammatical structures. Further training in reading, writing, and speaking to promote fluent and idiomatic communication. Italian 121 is equivalent to the third year of high school Italian. CSU/UC

JAPANESE (JAPN)

Japanese 101
Elementary Japanese I
Unit(s): 5.0 Class Hours: 90 Lecture total.

A college level Japanese course focusing on fundamentals of pronunciation and grammar, basic vocabulary (including common idioms), simple conversation, and composition. Supplementary cultural readings. Japanese 101 is equivalent to two years of high school Japanese. CSU/UC

Japanese 102
Elementary Japanese II
Unit(s): 5.0 Class Hours: 90 Lecture total.

Prerequisite: Japanese 101 or equivalent, or two years of high school Japanese with a passing grade.

A college level Japanese course focusing on further training in language skills, providing avenues for the expression of ideas in both oral and written forms. Additional study of culture. Japanese 102 is equivalent to the third year of high school Japanese. CSU/UC

KINESIOLOGY ACTIVITIES (KNAC)

Kinesiology Activities 098
Topics
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Specialized activities courses on topics related to special needs of Kinesiology students.

Kinesiology Activities 107A
Beginning Badminton
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

This course is designed to introduce students to a racket sport, the sport of badminton. Emphasis is placed on the proper technique of the basic skills required in badminton, rules, scoring, and safety. Instruction and practice will include the proper grip, under-hand serve, drives, clears, drops, and smashes. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Activities 107A, 160A, 169A, and Kinesiology Adapted Activities 205A may be taken a maximum of four enrollments. CSU/UC
Kinesiology Activities 107B
Intermediate Badminton
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
Prerequisite: Kinesiology Activities 107B with a minimum grade of C.
This course is designed to review and solidify the basic techniques and rules associated with the game of badminton. Emphasis is placed on proper footwork and the technical aspects associated with the game. This course is offered as a half unit or one unit class and may not be repeated. CSU/UC

Kinesiology Activities 107C
Advanced Badminton
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Activities 107B with a minimum grade of C.
This course is designed to review and solidify the proper footwork and intermediate techniques associated with the game of badminton. Emphasis is placed on tactical game awareness of both singles and doubles play. This course is offered as a half unit or one unit class and may not be repeated. CSU

Kinesiology Activities 123
Personal Fitness Training
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Activity course designed to assist students in mastering effective lifestyles, and nutritional, cardiovascular, and resistance training techniques crucial for personal fitness and personal growth. Goal setting and motivation, time management, stress management, as well as development of an individual fitness routine and execution of that routine are the primary topics. A combination of Kinesiology Activities 123, Kinesiology Adapted Activities 208A, 208B, Kinesiology Aerobic Fitness 140, 157A, Kinesiology Fitness 115A, 115B, and 115C may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 140A
Beginning Karate
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
This course is designed to offer instruction in the Japanese art of Karate for beginning level students. Basic movements such as stances, blocking, kicking and striking are taught. This course is offered as a half unit or one unit class and may not be repeated. CSU/UC

Kinesiology Activities 150A
Beginning Hatha Yoga
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
This course is designed as an introduction to the practice of Hatha Yoga. Emphasis will be placed on proper breathing techniques and learning basic yoga postures. These postures are designed to improve muscle tone and flexibility, as well as helping with breath control, relaxation, and unity of mind, body, and spirit. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 150A, 170A, and Kinesiology Aerobic Fitness 150A may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 150B
Beginning Intramural-Basketball
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
This course is designed to introduce/better acquaint students to the game of basketball. Emphasis is placed on rules, techniques, safety, and improving performance. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 160A
Beginning Tennis
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
Instruction and practice in the fundamental skills basic to the successful performance of tennis. These skills include grip and body mechanics involved with the forehand, backhand, serve, lob, smash, and net play. Etiquettes, court strategy, and rules will be covered in singles and doubles play. Tournament play will be introduced. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 107A, 160A, 169A, and Kinesiology Adapted Activities 205A may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 160B
Intermediate Wrestling
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
Prerequisite: Kinesiology Activities 169A with a minimum grade of C.
Intermediate wrestling skills and techniques. Appropriate conditioning for wrestling competitive is developed. Fundamental skills are reviewed then focus shifts toward developing proficient intermediate skills such as striking, kicking, blocking, and grappling. CSU/UC

Kinesiology Activities 170A
Beginning Yoga
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
This course is designed to increase flexibility and core muscle strength as a way of improving and enhancing physical and mental alertness through beginning yoga postures. Emphasis will be placed on mind body preparation and the proper technique necessary to perform these postures. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 150A, 170A, and Kinesiology Aerobic Fitness 150A may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 200A
Beginning Intramural-Sports- Basketball
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
This class is designed to introduce/better acquaint students to the game of basketball. Emphasis is placed on rules, techniques, safety, and improving performance. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 200B
Intermediate Intramural-Sports- Basketball
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
Prerequisite: Kinesiology Activities 200A with a minimum grade of C.
This class is designed to provide students with an opportunity to participate and compete against classmates in the sport of basketball. Instruction focuses on improving performance in all aspects of the game of basketball: defense, offense, strategies, and special situations. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC
Kinesiology Activities 220C
Advanced Intramural Basketball
Unit(s): 0.5 - 1.0 Class Hours: 27-54 Laboratory total.
Prerequisite: Kinesiology Activities 220B with a minimum grade of C.
This class is designed to provide students with an opportunity to participate and compete against classmates in the sport of basketball. Instruction focuses on improving performance in all aspects of the game of basketball: advanced defense, advanced offense, advanced strategies, and special situations associated with the game of basketball. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 211A
Beginning Baseball
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Kinesiology Activities 211B
Intermediate Baseball
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Activities 211A with a minimum grade of C.

Kinesiology Activities 220A
Beginning Basketball
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Kinesiology Activities 220B
Intermediate Basketball
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Activities 220A with a minimum grade of C.
Co-educational team sport activity which provides intermediate instruction in the techniques, tactics and strategies associated with competitive basketball. Special emphasis placed on individual drills and skills such as catching, dribbling, passing, shooting, offensive and defensive strategies are utilized as well as competitive play situations. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 220C
Advanced Basketball
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Activities 220B with a minimum grade of C.

Kinesiology Activities 226A
Beginning Water Polo
Unit(s): 0.5 - 1.0 Class Hours: 27-54 Laboratory total.
Recommended Preparation: Students must be able to swim and be comfortable exercising in deep water.
Instruction and experience in the fundamentals and strategies of water polo. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 260A
Beginning Soccer
Unit(s): 0.5 - 1.0 Class Hours: 27-54 Laboratory total.
This course is an introduction to the beginning skills and rules associated with the sport of soccer. Emphasis will be placed on the proper technique used for these beginning skills as well as FIFA Laws of the Game. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 260B
Intermediate Soccer
Unit(s): 0.5 - 1.0 Class Hours: 27-54 Laboratory total.
Prerequisite: Kinesiology Activities 260A with a minimum grade of C.
This course is designed to review and solidify the proper techniques associated with outdoor soccer and FIFA Laws of the Game. The intermediate skills necessary as well as the tactical aspects of the game will be introduced. Emphasis will be placed on improving the students technical abilities and tactical team formations used in the game of soccer. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Activities 260C
Advanced Soccer
Unit(s): 0.5 - 1.0 Class Hours: 27-54 Laboratory total.
Prerequisite: Kinesiology Activities 260B with a minimum grade of C.
This course is designed to review and solidify the proper techniques associated with intermediate level outdoor soccer as well as the tactical aspects that were introduced. Emphasis will be placed on complete technical and tactical match preparedness and awareness. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 200A, 200B, 200C, 211A, 211B, 226A, 220A, 220B, 220C, 260A, 260B, 260C, 270A, 290A, and 290B may be taken a maximum of four enrollments. CSU

Kinesiology Activities 265A
Beginning Indoor Soccer
Unit(s): 0.5 - 1.0 Class Hours: 27-54 Laboratory total.
This course in an introduction to the beginning skills and rules associated with the sport of indoor soccer. Emphasis on the proper technique used for these beginning skills as well as FIFA Laws of the Game. This course is offered as a half unit or one unit class and may not be repeated. CSU/UC
Kinesiology Activities 265B
Intermediate Indoor Soccer
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Kinesiology Activities 265A with a minimum grade of C.
This course is designed to review and solidify the proper techniques and rules associated with the game of soccer (indoor). The intermediate skills necessary as well as the tactical aspects of the game will be introduced. Emphasis will be placed on improving the students technical abilities and tactical team formations used in the game of soccer (indoor). This course is offered as a half unit or one unit class and may not be repeated. CSU/UC

Kinesiology Activities 265C
Advanced Indoor Soccer
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Kinesiology Activities 265B with a minimum grade of C.
This course is designed to review and solidify the proper techniques associated with intermediate level indoor soccer as well as the tactical aspects that were introduced. Emphasis will be placed on complete technical and tactical match preparedness and awareness. This course is offered as a half unit or one unit class and may not be repeated. CSU

Kinesiology Activities 270A
Beginning Softball
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Kinesiology Activities 290A
Beginning Volleyball
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Kinesiology Activities 290B
Intermediate Volleyball
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Recommended Preparation: Kinesiology Activities 290A with a minimum grade of B.

Kinesiology Activities 290C
Advanced Volleyball
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Prerequisite: Kinesiology Activities 290B with a minimum grade of C. Not offered every semester. Grade: Pass/No Pass Only. CSU/UC

Kinesiology Adapted Activities 201A
Beginning Adapted Swimming
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Adapted Kinesiology Medical Release Form required.
The class is designed for students with disabilities and chronic conditions to increase their knowledge and skills competence in swimming. Individualized exercise programs are designed to teach students adaptive strategies and beginning level techniques for pool entry/exit, breathing, and swimming strokes to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Adapted Activities 201A, 211A, 211B, Kinesiology Aquatics 201A, 201B, and 204 may be taken a maximum of four enrollments. CSU/UC

Kinesiology Adapted Activities 202A
Beginning Adapted Circuit Training
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Adapted Kinesiology Medical Release Form required.
This class is designed for students with disabilities and chronic conditions to experience the benefits of circuit training. Individualized exercise programs are designed to teach students adaptive strategies and beginning level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Adapted Activities 202A, 202B, Kinesiology Fitness 100, 101A, 101B, 101C, 102, 109A, 109B, 109C, 110A, 110B, and 110C may be taken a maximum of four enrollments. CSU/UC

Kinesiology Adapted Activities 204
Beginning Adapted Badminton
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Adapted Kinesiology Medical Release Form required.
This course is designed for students with disabilities and chronic conditions to introduce the fundamentals of badminton play. Striking skills, rallying, teamwork, rules, and court strategy are presented to meet the developmental needs of each student. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Activities 107A, 160A, 169A, and Kinesiology Adapted Activities 204A may be taken a maximum of four enrollments. CSU/UC

Kinesiology Adapted Activities 205A
Beginning Adapted Circuit Training
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Adapted Kinesiology Medical Release Form required.
This course is designed for students with disabilities and chronic conditions to experience the benefits of circuit training. Individualized exercise programs are designed to teach students adaptive strategies and beginning level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Adapted Activities 205A, 205B, Kinesiology Fitness 100, 101A, 101B, 101C, 102, 109A, 109B, 109C, 110A, 110B, and 110C may be taken a maximum of four enrollments. CSU/UC
Kinesiology Adapted Activities 208A
Beginning Adapted Aerobic Fitness
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Adapted Kinesiology Medical Release Form required.

The class is designed for students with disabilities and chronic conditions to develop knowledge and skills for improving cardiovascular fitness. Various aerobic and stretching exercises are performed to music. Exercise programs are designed to teach students adaptive strategies and beginning level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Activities 123, Kinesiology Adapted Activities 208A, 208B, Kinesiology Aerobic Fitness 140, 157A, Kinesiology Fitness 115A, 115B, and 115C may be taken a maximum of four enrollments. CSU/UC

Kinesiology Adapted Activities 208B
Intermediate Adapted Aerobic Fitness
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Kinesiology Adapted Activities 208A with a minimum grade of C and Adapted Kinesiology Medical Release Form required.

The class is designed for students with disabilities and chronic conditions to increase knowledge and skills competence in activities that improve cardiovascular fitness. Various aerobic and stretching exercises are performed to music. Exercise programs are designed to teach students adaptive strategies and intermediate level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Activities 123, Kinesiology Adapted Activities 208A, 208B, Kinesiology Aerobic Fitness 140, 157A, Kinesiology Fitness 115A, 115B, and 115C may be taken a maximum of four enrollments. CSU/UC

Kinesiology Adapted Activities 211A
Beginning Adapted Aquatics
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Adapted Kinesiology Medical Release Form required.

The class is designed for students with disabilities and chronic conditions to experience the benefits of aquatic activities. In a group exercise setting, students are taught adaptive strategies and beginning level techniques for cardiovascular, balance, resistance, and core training. No swimming skills required. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Activities 201A, 211A, 211B, Kinesiology Aquatics 201A, 201B, and 204 may be taken a maximum of four enrollments. CSU/UC

Kinesiology Adapted Activities 211B
Intermediate Adapted Aquatics
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Prerequisite: Kinesiology Adapted Activities 211A with a minimum grade of C and Adapted Kinesiology Medical Release Form required.

This class is designed for students with disabilities and chronic conditions to increase their knowledge and skills competence in aquatic activities. In a group exercise setting, students are taught adaptive strategies and intermediate level techniques for cardiovascular, balance, resistance, and core training. No swimming skills required. This course is offered as a half-unit or one-unit class and may not be repeated. A combination of Kinesiology Activities 201A, 211A, 211B, Kinesiology Aquatics 201A, 201B, and 204 may be taken a maximum of four enrollments. CSU/UC

KINESIOLOGY AEROBIC FITNESS (KNAF)

Kinesiology Aerobic Fitness 098
Topics
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Specialized aerobic fitness courses related to the needs of Kinesiology students.

Kinesiology Aerobic Fitness 140A
Beginning Walking/Jogging for Fitness
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

This course will emphasize cardiovascular walking/jogging for health and fitness for men and women who are interested in instruction and practice in cardiovascular conditioning. The walking/jogging class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Adapted Activities 208A, 208B, Kinesiology Aerobic Fitness 140A, 157A, Kinesiology Fitness 115A, 115B, and 115C may be taken a maximum of four enrollments. CSU/UC

Kinesiology Aerobic Fitness 143A
Boot Camp Workout
Formerly: Kinesiology Aerobic Fitness 143 - Extreme Fitness
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

Instruction in overall fitness development. The program develops overall fitness and challenges students to perform aerobic, anaerobic, strength, plyometric and agility exercises to their individual highest level. It uses a variety of environments (i.e. beach, strength lab, track, field, etc). This course is offered as a half unit or one unit class and may not be repeated. CSU/UC

Kinesiology Aerobic Fitness 144A
Beginning Cross Training
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

This class will be comprised of aerobic workouts designed to introduce the student to the concept of cross training and trying different work-outs. The class will be divided into sections including walk/jog, step training, cardio boxing, weight training, and flexibility work-outs. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Aerobic Fitness 144A, Kinesiology Fitness 147A and 147B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Aerobic Fitness 146A
Beginning Stability Ball
Unit(s): 1.0 Class Hours: 54 Laboratory total.

A core training and strengthening workout using stability balls and free weights (dumbbells) to build core strength and functional fitness. Designed to tone the entire body with special emphasis on progressively improving posture, balance, flexibility, core strength and coordination. CSU/UC

Kinesiology Aerobic Fitness 146B
Intermediate Stability Ball Training
Unit(s): 1.0 Class Hours: 54 Laboratory total.

Prerequisite: Kinesiology Aerobic Fitness 146A with a minimum grade of C

An intermediate core training and strengthening workout using stability balls and free weights (dumbbells) to build core strength and functional fitness. Designed to tone the entire body with special emphasis on progressively improving posture, balance, flexibility, core strength and coordination. CSU/UC

Kinesiology Aerobic Fitness 150A
Beginning Stretch, Flex and Tone
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.

A combination of stretching and toning exercises to increase strength, flexibility, and overall body fitness. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 150A, 170A, and Kinesiology Aerobic Fitness 150A may be taken a maximum of four enrollments. CSU/UC
Kinesiology Aerobic Fitness 156A  
**Beginning Cardio Kickboxing**  
Unit(s): 0.5 - 1.0  
Class Hours: 27-54 Laboratory total.
A series of boxing and kickboxing exercises are arranged to music, gradually increasing in tempo with a greater emphasis on a non-stop 25-30 minute program. Kicks, punches, calisthenics, and rope jumping are combined to elevate heart rate and strengthen all major muscle groups. Students will learn to apply these self-defense techniques on kick pads and focus mitts to improve accuracy and provide resistance for the muscles. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 140, 155A, Kinesiology Aerobic Fitness 156, 156A, and 156B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Aerobic Fitness 156B  
**Intermediate Cardio Kickboxing**  
Unit(s): 0.5 - 1.0  
Class Hours: 27-54 Laboratory total.
Prerequisite: Kinesiology Aerobic Fitness 156A with a minimum grade of C  
A series of boxing and kickboxing exercises are arranged to music, gradually increasing in tempo with a greater emphasis on a non-stop 25-30 minute program. This class is designed to increase competence in kicking and punching, calisthenics, and rope jumping in various combinations to improve fitness. Students will further develop intermediate level self-defense techniques on kick pads and focus mitts to improve accuracy and provide resistance for the muscles. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 140, 155A, Kinesiology Aerobic Fitness 156, 156A, and 156B may be taken a maximum of four enrollments. CSU/UC

Kinesiology Aerobic Fitness 157A  
**Beginning Cardio Pump**  
Unit(s): 0.5 - 1.0  
Class Hours: 27-54 Laboratory total.
Instruction in overall fitness development. This class is designed to incorporate weight lifting into a cardiovascular routine. It develops strength and endurance of all major muscle groups using routines performed to music. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Activities 123, Kinesiology Adapted Activities 208A, 208B, Kinesiology Aerobic Fitness 140, 157A, Kinesiology Fitness 115A, 115B, and 115C may be taken a maximum of four enrollments. CSU/UC

Kinesiology Aerobic Fitness 198  
**Topics**  
Unit(s): 0.5 - 1.0  
Class Hours: 27-54 Laboratory total.
Specialized aerobic fitness courses on topics related to the needs of Kinesiology students. Grade: Pass/No Pass Only. CSU

Kinesiology Aquatics 201A  
**Beginning Swimming**  
Unit(s): 0.5 - 1.0  
Class Hours: 27-54 Laboratory total.
Instruction and experience in the basic stroke techniques and safety procedures of swimming. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Adapted Activities 201A, 211A, 211B, Kinesiology Aquatics 201A, 201B, and 204 may be taken a maximum of four enrollments. CSU/UC

Kinesiology Aquatics 201B  
**Lap Swimming**  
Unit(s): 0.5 - 1.0  
Class Hours: 27-54 Laboratory total.
Recommended Preparation: Prior experience with basic swim strokes, turns, and treading water.
Individualized swimming program designed to improve swimming techniques and cardiovascular fitness. Emphasis on endurance training. This course is offered as a half unit or one unit class and may not be repeated. A combination of Kinesiology Adapted Activities 201A, 211A, 211B, Kinesiology Aquatics 201A, 201B, and 204 may be taken a maximum of four enrollments. CSU/UC

Kinesiology Aquatics 204  
**Lifesaving**  
Unit(s): 1.5  
Class Hours: 18 Lecture, 36 Laboratory total.
Prerequisite: Kinesiology Aquatics 201 with a minimum grade of C or Demonstrated proficiency in Kinesiology Aquatics 201 skills.
Instruction in techniques of aquatic safety and rescue. Review of all swimming and rescue strokes. Basics of carries and breaks related to rescue. Small craft and related safety considerations. Lifesaving certification available upon successful completion. A combination of Kinesiology Adapted Activities 201A, 211A, 211B, Kinesiology Aquatics 201A, 201B, and 204 may be taken a maximum of four enrollments. CSU/UC

**KINESIOLOGY FITNESS (KNFI)**

Kinesiology Fitness 098  
**Topics**  
Unit(s): 0.5 - 1.0  
Class Hours: 27-54 Laboratory total.
Specialized fitness activities courses on topics related to the needs of Kinesiology students. Grade: Pass/No Pass Only.

Kinesiology Fitness 101A  
**Personal Fitness Evaluation I**  
Unit(s): 1.0  
Class Hours: 54 Laboratory total.
Personal evaluation of student’s fitness level. Each student completes appointments that evaluate flexibility, strength, blood pressure, body composition, pulmonary function, resting electrocardiogram, and a graded exercise test. Students are also required to record 44 hours of exercise outside of class. Outside hours must be completed and supervised at an exercise science facility at the college where the student is enrolled. Designed for students without heart problems. Grade: Pass/No Pass Only. A combination of Kinesiology Adapted Activities 202A, 202B, Kinesiology Fitness 100, 101A, 101B, 101C, 102, 109A, 109B, 109C, 110A, 110B, and 110C may be taken a maximum of four enrollments. CSU/UC
Kinesiology Fitness 101B
Personal Fitness Evaluation II
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Fitness 101A with a minimum grade of C must complete 101A
Intermediate personal evaluation of student’s fitness level. Each student completes appointments that evaluate flexibility, strength, blood pressure, body composition, pulmonary function, resting electrocardiogram, graded exercise test, and the BODPOD. Student test and evaluations will be compared to the results recorded in KNFI 101A. Students are also required to record 44 hours of exercise outside of class. Outside hours must be completed and supervised at an exercise science facility at the college where the student is enrolled. Designed for students without heart problems. Grade: Pass/No Pass Only. A combination of Kinesiology Adapted Activities 202A, 202B, Kinesiology Fitness 100, 101A, 101B, 101C, 102, 109A, 109B, 109C, 110A, 110B, and 110C may be taken a maximum of four enrollments. CSU/UC
Kinesiology Fitness 101C
Personal Fitness Evaluation III
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Fitness 127B with a minimum grade of C and must complete Kinesiology Fitness 101A and Kinesiology Fitness 101B.
Advanced personal evaluation of student’s fitness level. Each student completes appointments that evaluate flexibility, strength, blood pressure, body composition, pulmonary function, resting electrocardiogram, graded exercise test, and the BODPOD. Student test and evaluations will be compared to the results recorded in KNFI 101A and KNFI 101B. Students will have a mastery level understanding of the analysis techniques used in the center. Students are also required to record 44 hours of exercise outside of class. Outside hours must be completed and supervised at an exercise science facility at the college where the student is enrolled. Designed for students without heart problems. Grade: Pass/No Pass Only. A combination of Kinesiology Adapted Activities 202A, 202B, Kinesiology Fitness 100, 101A, 101B, 101C, 102, 109A, 109B, 109C, 110A, 110B, and 110C may be taken a maximum of four enrollments. CSU/UC
Kinesiology Fitness 112A
Beginning Circuit Training
Unit(s): 1.0 Class Hours: 54 Laboratory total.
An introduction to fundamental principles and practices of circuit training including: safety, using cardiovascular and resistance machines, and components of exercise. This course provides the basics of a comprehensive exercise program that combines cardiovascular exercises with strength training. (Same as KNFI 110A). CSU/UC
Kinesiology Fitness 112B
Intermediate Circuit Training
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Fitness 112A with a minimum grade of C/P or Kinesiology Fitness 110A with a minimum grade of P.
A continuation of exercise principles and practices of circuit training covered in Beginning Circuit Training. This course is designed to help students increase cardiovascular conditioning using a combination of resistive strength exercises and endurance training. Must complete Beginning Circuit Training prior to enrollment. (Same as KNFI 110B). CSU/UC
Kinesiology Fitness 112C
Advanced Circuit Training
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Prerequisite: Kinesiology Fitness 112B with a minimum grade of C/P or Kinesiology Fitness 110B with a minimum grade of P.
An individualized fitness program developed to promote lifetime fitness. Employs a combination of cardiovascular machines (treadmill, steppers, bicycles, elliptical, rower, etc.), and resistance machines. This course is designed as a continuation of Intermediate Circuit Training and promotes increased cardiovascular and muscular endurance. Educates students on the principles of nutrition and the body’s adaptation to exercise. (Same as KNFI 110C). CSU/UC
Kinesiology Fitness 114A
Beginning Spinning
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
This class is geared towards improving one’s cardiovascular fitness and muscular strength through a spinning program on a stationary bike. The program covers two basic types of terrain: flat roads and hills through changes in resistance and positions. Spinning emphasizes everyone’s individual needs, regardless of athletic ability, taught in a group atmosphere. This course is offered as a half unit or one unit class and may not be repeated. CSU
Kinesiology Fitness 114B
Intermediate Spinning
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
Individualized spinning program designed to improve spinning technique and cardiovascular fitness. Emphasis on endurance training. This course is offered as a half unit or one unit class and may not be repeated. CSU
Kinesiology Fitness 115A
Beginning Cardiovascular Conditioning
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
This course is offered as a half-unit or one-unit class and may not be repeated. A basic course designed for those people who desire a cardiovascular work-out using a combination of equipment such as stationary bikes, ellipticals, treadmills, rowers, etc. This course will cover elemental information as it regards to aerobic conditioning. This course is offered as a half unit or one unit class and may not be repeated. Grade: Pass/No Pass Only. A combination of Kinesiology Activities 123, Kinesiology Adapted Activities 208A, 208B, Kinesiology Aerobic Fitness 140, 157A, Kinesiology Fitness 115A, 115B, and 115C may be taken a maximum of four enrollments. CSU/UC
Kinesiology Fitness 115B
Intermediate Cardiovascular Conditioning
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
A course designed for those people who desire a cardiovascular work-out using a combination of equipment such as stationary bikes, ellipticals, treadmills, rowers, etc. This course is a continuation of Beginning Cardiovascular Conditioning and is designed to help students increase their cardiovascular endurance developed as a beginner. This course will cover topics as they relate to aerobic conditioning. This course is offered as a half unit or one unit class and may not be repeated. Grade: Pass/No Pass Only. A combination of Kinesiology Activities 123, Kinesiology Adapted Activities 208A, 208B, Kinesiology Aerobic Fitness 140, 157A, Kinesiology Fitness 115A, 115B, and 115C may be taken a maximum of four enrollments. CSU/UC
Kinesiology Fitness 115C
Advanced Cardiovascular Conditioning
Unit(s): 0.5 - 1.0 Class Hours: 27-54 Laboratory total.

A continuation of Intermediate Cardiovascular Conditioning. This course is designed for students to increase their cardiovascular conditioning using a combination of machines (bicycles, treadmills, ellipticals, etc.). Advanced fitness concepts as they relate to lifelong fitness levels will be covered. This course provides students with the opportunity to elevate their endurance and cardiovascular levels to the high-end of the aerobic range. This course is offered as a half unit or one unit class and may not be repeated. Grade: Pass/No Pass Only. CSU/UC

Kinesiology Health Education 103
Men's Health Issues
Unit(s): 3.0 Class Hours: 54 Lecture total.

Examines the societal, economic, cultural, and gender influences that shape men's health beliefs and practices. Explores specific health issues unique to men such as accessing health care, healthy relationships, domestic abuse, prostate cancer, and alcohol use. Critically examines literature and media to identify interventions within a masculinity framework to improve men's health outcomes. Identification of positive outcomes of healthy men at home, work, and in society. CSU

Kinesiology Health Education 104
Nutrition and Fitness
Unit(s): 2.0 Class Hours: 36 Lecture total.

An applied nutrition course to improve the nutrition and health of active individuals. The course will focus on lifestyle, disease prevention, fitness, weight control, and the basic concepts of good nutrition. CSU/UC

Kinesiology Health Education 105 (C-ID KIN 101 = KNHE 105 + 107)
First Aid and Personal Safety
Unit(s): 1.5 Class Hours: 27 Lecture total.

This course involves the theory and detailed demonstration of first aid care. Student's learn accident prevention, assessing a victim's condition, and immediate care to accident victims. American Heart Association first aid certification upon successful completion. May be repeated for recertification. Completion of KNHE 105 & KNHE 107 equate to C-ID KIN 101. CSU/UC

Kinesiology Health Education 106 (C-ID KIN 101)
Cardiopulmonary Resuscitation and First Aid
Unit(s): 3.0 Class Hours: 54 Lecture total.

This course involves the theory and detailed demonstration of the first aid care of the injured. The student will learn to assess a victim's condition and incorporate proper treatment. Standard first aid, CPR, and AED certification(s) will be granted upon successful completion of requirements. CSU/UC

Kinesiology Health Education 107 (C-ID KIN 101 = KNHE 105 + 107)
Cardiopulmonary Resuscitation
Unit(s): 2.0 Class Hours: 36 Lecture total.

This course involves the theory and detailed demonstration in artificial respiration and manual artificial circulation (CPR) that is recommended for use in cardiac arrest cases. Instruction in the Automatic External Defibrillator (AED) is included. Successful completion may lead to American Heart Association Heartsaver or Health Care Provider with AED Certification. May be repeated for recertification. Completion of KNHE 105 & KNHE 107 equate to C-ID KIN 101. CSU/UC

Kinesiology Health Education 108
Stress Management
Unit(s): 3.0 Class Hours: 54 Lecture total.

This course examines productive and nonproductive stress and the influence of various types of stress on health and wellness. Topics include the physiological aspects of stress and its effects on health, assessments of personal coping style, strategies for coping effectively with stress, relaxation techniques, mindful awareness, and positive self-talk. Emphasis is placed on practical application of stress management techniques in daily life. (CSU)

Kinesiology Health Education 109
Healthful Living
Unit(s): 3.0 Class Hours: 54 Lecture total.

A comprehensive look at factors that impact people's health, longevity and lifestyle wellness. Areas covered will be personal fitness, nutrition, drugs, alcohol and tobacco, AIDS and sexually transmitted diseases, and degenerative diseases including cancer, heart disease, strokes and diabetes. CSU/UC

Women's Health Issues
Unit(s): 3.0 Class Hours: 54 Lecture total.

An investigation into traditional and holistic health topics with a special emphasis on women's issues, considering all aspects and concepts of social and political influences, nutrition and fitness, relationships, sexuality, reproductive issues, and careers. Through analysis of these topics, students apply methods to healthy lifestyle choices. CSU/UC

Kinesiology Health Education 102
Healthful Living
Unit(s): 3.0 Class Hours: 54 Lecture total.

A comprehensive look at factors that impact people's health, longevity and lifestyle wellness. Areas covered will be personal fitness, nutrition, drugs, alcohol and tobacco, AIDS and sexually transmitted diseases, and degenerative diseases including cancer, heart disease, strokes and diabetes. CSU/UC

Kinesiology Health Education 108
Stress Management
Unit(s): 3.0 Class Hours: 54 Lecture total.

This course examines productive and nonproductive stress and the influence of various types of stress on health and wellness. Topics include the physiological aspects of stress and its effects on health, assessments of personal coping style, strategies for coping effectively with stress, relaxation techniques, mindful awareness, and positive self-talk. Emphasis is placed on practical application of stress management techniques in daily life. (CSU)

Kinesiology Health Education 109
Healthful Living
Unit(s): 3.0 Class Hours: 54 Lecture total.

A comprehensive look at factors that impact people's health, longevity and lifestyle wellness. Areas covered will be personal fitness, nutrition, drugs, alcohol and tobacco, AIDS and sexually transmitted diseases, and degenerative diseases including cancer, heart disease, strokes and diabetes. CSU/UC

Kinesiology Health Education 108
Stress Management
Unit(s): 3.0 Class Hours: 54 Lecture total.

This course examines productive and nonproductive stress and the influence of various types of stress on health and wellness. Topics include the physiological aspects of stress and its effects on health, assessments of personal coping style, strategies for coping effectively with stress, relaxation techniques, mindful awareness, and positive self-talk. Emphasis is placed on practical application of stress management techniques in daily life. (CSU)
KINESIOLOGY INTERCOLLEGIATE ATHLETICS (KNIA)

Kinesiology Intercollegiate Athletics 098
Topics
Unit(s): 0.5 - 3.0  Class Hours: 9–54 Lecture total.
Specialized athletics courses on topics related to the needs of student-athletes. Grade: Pass/No Pass Only.

Kinesiology Intercollegiate Athletics 125
Conditioning for Football
Unit(s): 1.0   Class Hours: 54 Laboratory total.
Recommended Preparation: Students should be in good physical health and be able to safely engage in the course content.
This class is designed to prepare the college football athletes to play offense, defense, and special teams. The focus is on skill development and conditioning through resistance training and field work. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 128
Conditioning for Athletes
Unit(s): 0.5   Class Hours: 31 Laboratory total.
An exercise program designed for athletes who participate in intercollegiate sports. Emphasis will be on the development of speed, endurance, flexibility, and strength. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 133
Off Season Swimming
Unit(s): 1.0   Class Hours: 54 Laboratory total.
Recommended Preparation: Recommended Kinesiology Aquatics 201A with a minimum grade of C.
This course is designed as an advanced aquatics class for student athletes with exceptional swimming talent who have an interest in skills development and conditioning for intercollegiate swimming. Emphasis is placed upon developing competitive strokes and strategies as well as learning collegiate swimming rules and regulations. A variety of training techniques geared toward building strength, speed, and endurance will be implemented. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 134
Golf-Playing Lesson - Off Season
Unit(s): 1.0   Class Hours: 54 Laboratory total.
This course is designed to provide student athletes with skill development and conditioning in preparation for advanced golf play. Emphasis is placed upon advanced techniques and playing lessons delivered on an actual golf course. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 171
Wrestling - Off Season
Unit(s): 1.0   Class Hours: 54 Laboratory total.
This course is designed as a skills development and conditioning class for student athletes interested in wrestling. Fundamentals of wrestling, analysis of opponents strengths and weakness, and knowledge of rules and regulations of the sport are presented. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 198
Topics
Unit(s): 0.5 - 3.0  Class Hours: 9–54 Lecture total.
Specialized athletics courses on topics related to the needs of student-athletes. Grade: Pass/No Pass Only. CSU

Kinesiology Intercollegiate Athletics 201
Baseball Men
Unit(s): 3.0   Class Hours: 162 Laboratory total.
Recommended Preparation: High school or higher level baseball experience.
This course is designed for student-athletes with exceptional baseball talent who intend to transfer and play baseball at the 4-year or professional level. Emphasis is on application of collegiate baseball rules and regulations, offensive and defensive fundamentals and strategies and mental strategies for intercollegiate sports competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 202
Basketball-Men
Unit(s): 3.0   Class Hours: 162 Laboratory total.
This course is designed for student athletes with exceptional basketball talent so they may compete in intercollegiate basketball. Emphasis is placed upon application of collegiate basketball rules and regulations, offensive and defensive skills and strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to intercollegiate competition. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 204
Football-Men
Unit(s): 3.0   Class Hours: 162 Laboratory total.
Recommended Preparation: To compete at the collegiate level, students should have prior experience at the high school or club level and must be physically able to safely participate in intercollegiate athletics. If no prior experience is inherent, then tangible attributes such as height, weight, strength, and speed results can be utilized to assess ability.
This course is designed for students with exceptional football talent so they may compete in intercollegiate football. The program provides competition with conference colleges as well as with other California community colleges. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 206
Swimming-Men
Unit(s): 3.0   Class Hours: 162 Laboratory total.
This course is designed for student athletes with exceptional swimming talent so they may compete in intercollegiate swimming. Emphasis is placed upon stroke technique, starts and turns, and collegiate rules and regulations. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 209
Water Polo - Men
Unit(s): 3.0   Class Hours: 162 Laboratory total.
This course is designed for student athletes with exceptional water polo talent so they may compete in intercollegiate water polo. Emphasis is placed upon application of collegiate water polo rules and regulations, offensive and defensive skills and strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC
Kinesiology Intercollegiate Athletics 210
Wrestling-Men
Unit(s): 3.0  Class Hours: 162 Laboratory total.
This course is designed for student athletes with exceptional combative skills so they may compete in intercollegiate wrestling. Emphasis is placed on successful techniques and strategies for intercollegiate competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 211
Softball-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
Recommended Preparation: High school varsity softball experience.
This course is designed for student-athletes to participate in intercollegiate softball competition. A high-level, competitive program for student athletes with exceptional softball talent. Emphasis is placed upon application of collegiate softball rules and regulations as well as defensive and offensive skills and strategies. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 212
Basketball-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
This course is designed for student-athletes with exceptional basketball talent so they may compete in intercollegiate competition. Emphasis is placed upon application of collegiate basketball rules and regulations, offensive and defensive skills and strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 213
Volleyball-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
This course is designed for student athletes with exceptional volleyball talent so they may compete in intercollegiate competition. Emphasis will be placed on advanced technical skill development, offensive and defensive systems analysis, sport specific physical fitness. Students must meet the California Community College Athletic Association eligibility requirements and pass a health screening prior to intercollegiate competition. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 214
Golf-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
This course is designed for student athletes with exceptional golf talent so they can engage in intercollegiate golf competition. Emphasis is placed upon application of rules and regulations of collegiate golf play as well as execution of advanced golf techniques and strategies. Students must meet C.O.A. eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 216
Soccer-Men
Unit(s): 3.0  Class Hours: 162 Laboratory total.
Recommended Preparation: High school varsity soccer experience.
This soccer class is designed for student-athlete sport competition. Emphasis is placed on advanced technical and tactical development. Students must meet CCCAA eligibility requirements and pass a health screening prior to competition. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 217
Swimming-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
Recommended Preparation: Recommended Kinesiology Intercollegiate Athletics 133 with a minimum grade of C or high school swim team experience.
This class is designed for student-athletes with exceptional swimming talent so they may compete in intercollegiate swimming. Emphasis is placed upon stroke technique, starts and turns, and collegiate rules and regulations. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 218
Track-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
Recommended Preparation: Successful interscholastic track and field and/or cross country experience or equivalent.
This course is designed for student athletes with advanced running skills so they may compete in intercollegiate track. Emphasis is placed upon application of track & field techniques, advanced training modalities, rules and regulations of the sport, and strategies for successful intercollegiate competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 219
Cross Country-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
Recommended Preparation: Successful interscholastic cross country and/or track and field experience or equivalent.
This course is designed for student athletes with advanced running skills so they may compete in intercollegiate cross country. Emphasis is placed upon application of cross country techniques, advanced training modalities, rules and regulations of the sport and strategies for successful intercollegiate competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 220
Soccer-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
Recommended Preparation: High school varsity soccer experience.
This soccer class is designed for student-athlete sport competition. Emphasis is placed on advanced technical and tactical development. Students must meet CCCAA eligibility requirements and pass a health screening prior to competition. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 221
Water Polo-Women
Unit(s): 3.0  Class Hours: 162 Laboratory total.
Recommended Preparation: Recommended Kinesiology Intercollegiate Athletics 227 with a minimum grade of C or former high school water polo team experience.
This course is designed for student athletes with exceptional water polo talent so they may compete in intercollegiate water polo. Emphasis is placed upon application of collegiate water polo rules and regulations, offensive and defensive skills and strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation. May be repeated. CSU/UC
Kinesiology Intercollegiate Athletics 223

Baseball
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Recommended Preparation: High school or higher level baseball experience.

This course is designed for skill development and conditioning for intercollegiate baseball players. Emphasis is placed upon instruction and training in the skills, fundamentals, knowledge, strategies, conditioning, and teamwork required for intercollegiate level baseball. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 227

Off Season Water Polo
Unit(s): 1.0  Class Hours: 54 Laboratory total.

This course is designed to provide skills development and conditioning for competitive water polo players to prepare for intercollegiate competition. Emphasis is placed upon instruction and experience in the fundamentals and strategies of the sport of water polo. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 230

Preseason Football
Unit(s): 0.5  Class Hours: 4.5 Lecture, 18 Laboratory total.
Prerequisite: Health screening clearing student to participate in collegiate football.

This is an intensive course designed to prepare student athletes for a season of competition in intercollegiate football. It will include field work, classroom meeting time, and resistance training. The focus is skill development and preparation for a season of competition. It is included as part of the 175 contact hours allowed for student-athlete skill development and conditioning. Students must have a current health screening and doctor clearance to participate. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 231

Football Camp
Unit(s): 1.0  Class Hours: 9 Lecture, 36 Laboratory total.
Recommended Preparation: Students must be of good health, physically fit, and either have experience at the collegiate, high school, or club level of football, or possess the tangible size and speed of a collegiate prospect.

This is an intensive course designed to prepare student athlete for a season of competition in intercollegiate football. It will include field work, classroom meeting time, and resistance training. The focus is skill development and preparation for a season of competition. It is included in the 175 hours allotted to football for offseason development. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 232

Football
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Recommended Preparation: Student should be of good health and can safely engage in course content.

Basic elements of the game including fundamental skills in stance, footwork, tackling and blocking techniques will be presented. Offense and defensive formations and strategies will be practiced. The focus is skill development and conditioning, and is included in the 175 hours allotted to football for offseason development. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 235

Speed and Agility
Unit(s): 0.5  Class Hours: 27 Laboratory total.

This class includes instruction on linear speed, non-linear speed, and jumping ability using state of the art plyometric training and speed specific training tools. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 236

Soccer-Women
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Recommended Preparation: High school varsity soccer experience.

This soccer class is designed for student-athlete sport conditioning and technical and tactical skill development. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 250

Advanced Basketball Skills-Men
Unit(s): 1.0  Class Hours: 54 Laboratory total.

This class is designed to focus on skill development and sport conditioning for basketball players with exceptional talent. Emphasis is placed upon application of basketball training techniques, offensive and defensive skills and strategies, and rules and regulations of the game. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 261

Soccer-Women
Unit(s): 0.5  Class Hours: 36 Laboratory total.
Recommended Preparation: High school varsity soccer experience.

This soccer class is designed for skills development and conditioning for intercollegiate softball players. Fundamentals of fielding, throwing, hitting, and base running. Includes play situations and an emphasis on team offensive and defensive strategy. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 262

Soccer-Men
Unit(s): 0.5  Class Hours: 36 Laboratory total.
Recommended Preparation: High school varsity soccer experience.

This soccer class is designed for student-athlete sport conditioning and technical and tactical skill development. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 270

Softball
Unit(s): 0.5  Class Hours: 36 Laboratory total.
Recommended Preparation: High school or higher level softball experience.

This course is designed for skill development and conditioning for intercollegiate softball players. Fundamentals of fielding, throwing, hitting, and base running. Includes play situations and an emphasis on team offensive and defensive strategy. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 271

Softball - Off Season
Unit(s): 1.0  Class Hours: 54 Laboratory total.

This course is designed for skills development and conditioning for exceptional softball players interested in intercollegiate competition. Basic skills and fundamentals of catching, throwing, pitching, hitting and baserunning will be discussed. Offensive and defensive techniques and strategies will be practiced. May be repeated. CSU/UC
Kinesiology Professional Courses

Kinesiology Intercollegiate Athletics 281
Track and Field - Off Season
Unit(s): 1.0  Class Hours: 54 Laboratory total.
This course is designed to provide skills development and conditioning for intercollegiate track and field athletes. Students learn the principles of team building while preparing for individual event specific activities. The focus will be on improving event specific technical skills, training methods, and mental set for competitive performance in track and field. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 291
Volleyball - Off Season
Unit(s): 1.0  Class Hours: 54 Laboratory total.
This course is designed as a high-level conditioning and skills development program for volleyball players with exceptional talent. May be repeated. CSU/UC

Kinesiology Intercollegiate Athletics 293
Sand Volleyball
Unit(s): 3.0  Class Hours: 162 Laboratory total.
This course is designed for student athletes so they may compete in intercollegiate sand volleyball. Emphasis will be placed on advanced technical skill development, offensive and defensive systems analysis, sport specific physical fitness. Students must meet the California Community College Athletic Association eligibility requirements and pass a health screening prior to intercollegiate competition. May be repeated. May be repeated. CSU/UC

KINESIOLOGY PROFESSIONAL (KNPR)

Kinesiology Professional 098
Topics
Unit(s): 0.5 - 5.0  Class Hours: 80 Lecture total.
Specialized courses on topics related to the special needs of students as related to exercise science.

Kinesiology Professional 101 (C-ID KIN 100)
Introduction to Kinesiology
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course is an introduction to the interdisciplinary approach to the study of human movement. An overview of the importance of sub-disciplines in kinesiology will be discussed along with career opportunities in the areas of teaching, coaching, allied health, and fitness professions. CSU/UC

Kinesiology Professional 110
Kinesiology-Related Occupational Work Experience
Unit(s): 1.0 - 8.0  Class Hours: 600 Lecture total.
Prerequisite: Students must be concurrently enrolled or have completed KNSM 101 or the Fitness Specialist Certificate Program. Application must be approved by the Kinesiology Department Chair.
This work experience course consists of supervised paid or unpaid employment in an Athletic, Allied Health, or Fitness related setting. It is designed to assist students in acquiring desirable work habits, attitudes, and skills related to the student's educational major. Credit may be accrued at the rate of one to eight units per semester for a maximum of sixteen units. Seventy five hours of paid work or sixty hours of unpaid work equals one unit of credit. Student repetition is allowed per title 5 section 55253; however, only 1 unit may be applied toward major requirements or a certificate. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Kinesiology Professional 125
Sport Psychology
Unit(s): 3.0  Class Hours: 54 Lecture total.
An academic and practical examination of the psychological aspects of sport concentrating on the scientifically proven methods of enhancing athletic performance through psychological training. CSU

Kinesiology Professional 150
Sport and Society
Unit(s): 3.0  Class Hours: 54 Lecture total.
Examines the role of sport in modern society. Looks at how sport influences and shapes global attitudes among nations. Investigates the historical, social, economic, and political impact of sport on society. CSU

Kinesiology Professional 155
Theory of Soccer
Unit(s): 2.0  Class Hours: 36 Lecture total.
This course is designed for the competitive soccer player. Students will learn and develop a further understanding of the game of soccer. Laws of the game, offensive and defensive techniques and tactics, and the physical preparation for becoming a soccer player will be discussed. CSU/UC

Kinesiology Professional 156
Sport Psychology Applications - Soccer
Unit(s): 2.0  Class Hours: 36 Lecture total.
This course provides advanced mental training to improve soccer performance. Theories, strategies, and best practices include; mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for soccer competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program. Open Entry/Open Exit. CSU

Kinesiology Professional 160
Management of Physical Education and Sport
Unit(s): 3.0  Class Hours: 54 Lecture total.
This course examines all aspects of sports administration including the management process, organization of interscholastic and intercollegiate sports, human resources, fiscal issues, legal liability, and public relations. The course is intended for students interested in a career in physical education, coaching, fitness, and sports administration. CSU

Kinesiology Professional 165
Theory of Softball
Unit(s): 2.0  Class Hours: 36 Lecture total.
A general overview of rules, regulations, strategies, mental preparation, skill evaluation, and the history of the sport of softball. Includes strategies and winning techniques of the game. May be repeated. CSU/UC

Kinesiology Professional 170
Sport Ethics
Unit(s): 3.0  Class Hours: 54 Lecture total.
A class designed to examine ethics, moral questions, and value judgments related to sport. Its approach allows students to follow and analyze ethical arguments, think through philosophical issues, and apply them to the artistic expression of sport as well as everyday life. CSU

Kinesiology Professional 175
Theory of Football
Unit(s): 2.0  Class Hours: 36 Lecture total.
Tactics and strategies applied to specific game situations incorporating evaluation of opponent’s development of game plan including offense, defense, and the kicking game. CSU/UC
Kinesiology Professional 198
Topics
Unit(s): 0.1 - 3.0 Class Hours: 2–54 Lecture total.
Specialized professional studies courses on topics related to the needs of Kinesiology students. Grade: Pass/No Pass Only. CSU

Kinesiology Professional 199
Sport Psychology Applications - Baseball
Unit(s): 2.0 Class Hours: 36 Lecture total.
This class provides advanced mental training to improve baseball performance. Theories, strategies, and best practices include: mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for baseball competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program. Open Entry/Open Exit. CSU

Kinesiology Professional 200
Theory of Baseball
Unit(s): 2.0 Class Hours: 36 Lecture total.
Designed for the competitive baseball player. Topics to include offensive and defensive baseball strategies, bunting, baserunning, mental and physical preparation of becoming a baseball player. CSU/UC

Kinesiology Professional 201
Movement Anatomy
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course is designed as an overview of musculoskeletal anatomy presented within the context of exercise and sport. Emphasis is placed on understanding the composition, structure, and function of skeletal muscle as well as bones and joints. Course includes analysis of various movement patterns. CSU/UC

Kinesiology Professional 202
Introduction to Personal Training
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course is designed to introduce students to the fitness specialist career and prepare students for entry level personal trainer certification exams. Emphasis is placed on professional conduct, introduction of human movement science principles, and exercise program development for apparently healthy adults and children. CSU

Kinesiology Professional 203
Physiology of Cardiovascular Exercise
Unit(s): 2.0 Class Hours: 36 Lecture total.
This course is designed for students in the Fitness Specialist Certificate Program as overview of how the body responds to cardiovascular training. Emphasis is placed on understanding cardiorespiratory anatomy and physiology as well as metabolic and hormonal control of exercising muscle. Students examine training sequences, equipment selection, and safety factors including contra-indications for apparently healthy adults. CSU/UC

Kinesiology Professional 205
Techniques of Exercise Leadership
Unit(s): 1.0 Class Hours: 9 Lecture, 45 Laboratory total.
This course is designed to introduce and practice the principles and techniques involved in teaching group exercise and developing personal trainer/client relationships. Emphasis is placed on client assessment, communication skills, program design, exercise adherence, teaching strategies, and professional responsibility and liability. CSU

Kinesiology Professional 207
Physiology of Resistance Training
Unit(s): 2.0 Class Hours: 36 Lecture total.
This course is designed for students in the Fitness Specialist Certificate program as a thorough review of the proper mechanics and benefits of various types of muscular strength and endurance training. Emphasis is placed on reviewing neuromuscular anatomy and physiology, training sequences, equipment selection, and safety factors including contra-indications for apparently healthy adults. CSU/UC

Kinesiology Professional 209
Exercise for Special Populations
Unit(s): 2.0 Class Hours: 36 Lecture total.
This course is designed as an overview of exercise programming for clients with special needs. Emphasis is placed on understanding special populations related to age, medical condition, and level of fitness. Topics include cardiovascular conditions, diabetes, physical disabilities, chronic conditions, pregnant and postpartum women, and others. CSU

Kinesiology Professional 211
Practicum in Fitness Evaluation I
Unit(s): 0.5 Class Hours: 36 Laboratory total.
Co-Requisite: Concurrent enrollment in Kinesiology Professional 203.
This course is designed to develop proficiency in various fitness assessment techniques. Emphasis is placed on objective assessment using various treadmill tests, field tests for cardiorespiratory endurance, body composition techniques, and blood pressure measures. Students practice selecting the appropriate test, conducting the test, and evaluating results. CSU

Kinesiology Professional 213
Practicum in Fitness Evaluation II
Unit(s): 0.5 Class Hours: 36 Laboratory total.
Co-Requisite: Concurrent enrollment in Kinesiology Professional 203.
This course is designed for students to develop proficiency in various fitness assessment techniques. Emphasis is placed on objective assessment using various muscular strength, power, speed and agility, flexibility, and balance and mobility tests. Students practice selecting the appropriate test, conducting the test, and evaluating results. CSU

Kinesiology Professional 217
Theory of Basketball
Unit(s): 2.0 Class Hours: 36 Lecture total.
This course provides instruction for the competitive basketball player. Topics include techniques and strategies of basketball, different types of defense and offensive patterns. Emphasis will be placed on the mental aspect of basketball, team play, biomechanics, and film study at a competitive level. Open Entry/Open Exit. CSU/UC

Kinesiology Professional 218
Sport Psychology Applications - Basketball
Unit(s): 2.0 Class Hours: 36 Lecture total.
This class provides advanced mental training to improve basketball performance. Theories, strategies, and best practices include: mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for basketball competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program. Open Entry/Open Exit. CSU
Kinesiology Professional 275
Sport Psychology Applications-Football
Unit(s): 2.0  Class Hours: 36 Lecture total.

This class provides advanced mental training to improve performance in football. Theories, strategies, and best practices include: mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program. CSU

KINESIOLOGY SPORTS MEDICINE (KNSM)

Kinesiology Sports Medicine 098
Topics
Unit(s): 0.1 - 3.0  Class Hours: 2–54 Lecture total.

Specialized sports medicine courses on topics related to the needs of Kinesiology students. Grade: Pass/No Pass Only.

Kinesiology Sports Medicine 101
Introduction to Sports Medicine
Unit(s): 3.0  Class Hours: 54 Lecture total.

This course is designed to be an introduction to the field of sports medicine/athletic training. It includes exposure to basic human anatomy and common athletic injuries as well as appropriate injury management strategies. CSU/UC

Kinesiology Sports Medicine 198
Topics
Unit(s): 0.1 - 3.0  Class Hours: 2–54 Lecture total.

Specialized sports medicine courses on topics related to the needs of Kinesiology students. Grade: Pass/No Pass Only. CSU

LIBRARY & INFORMATION STUDIES (LIBI)

Law 299
Cooperative Work Experience Education - Occupational
Unit(s): 1.0 - 4.0  Class Hours: 60–300 Laboratory total.

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Library & Information Studies 100
Library Research Fundamentals
Unit(s): 1.0  Class Hours: 18 Lecture total.

This course is designed to teach students basic college-level research skills for effective use of traditional and electronic library resources. Instruction includes print and non-print information sources such as reference books, scholarly material, online subscription databases, and the Internet. CSU/UC

Library & Information Studies 103
Advanced Internet Research
Unit(s): 1.0  Class Hours: 18 Lecture total.

This course focuses on library research strategies for effectively locating and evaluating information on the Internet. Core topics are designing and performing successful search strategies, evaluating online information using critical thinking skills, identifying the ethical and legal aspects of using online sources, and citing sources using a standard documentation style. CSU

LIBRARY TECHNOLOGY (LIBR)

Library Technology 053
Library Internship
Unit(s): 3.0  Class Hours: 18 Lecture, 120 Laboratory total.

Prerequisite: Library Technology 101, Library Technology 110, and Library Technology 122 with a minimum grade of C. Closely supervised fieldwork experiences in two carefully selected library settings that will allow the student to apply learned knowledge and skills. Weekly review seminars and discussions are conducted in the classroom and online. To be taken in the last semester of an A.A. Degree or Certificate in Library Technology. Grade: Pass/No Pass Only.

Library Technology 054
Children's Library Services
Unit(s): 3.0  Class Hours: 54 Lecture total.

Course explores standard library procedures and practices as they are adapted to a children's library situation. Each student has practice evaluating materials and using various methods for sharing literature with children, e.g. reading aloud, storytimes, displays, and bibliographies.

Library Technology 101
Introduction to Library Technology
Unit(s): 3.0  Class Hours: 54 Lecture total.

This course provides an introduction to libraries as a career field with particular emphasis on the role of the library technician in various types of library settings. It also provides an overview of library collections, history, organization, staffing, services, terminology, and electronic online resources. CSU
Library Technology 102
Information Sources for Paraprofessionals: Tools and Techniques
Unit(s): 3.0  Class Hours: 54 Lecture total.
An introduction to information sources in both print and electronic formats. Includes a basic theoretical and practical exploration of the nature and types of information in selected subject fields. Builds skills in information searching and in the evaluation of information and information sources. CSU/UC

Management 121
Human Relations and Organizational Behavior
Unit(s): 3.0  Class Hours: 54 Lecture total.
The role of the manager and management's relationship to employees. Includes the application of motivational theories, communications, leadership, and organizational structure. (Same as Business 121). CSU

Management 122
Business Communications
Unit(s): 3.0  Class Hours: 54 Lecture total.
Overview of oral and written communication skills used in business; emphasizes guidelines for improving writing and speaking skills, common solutions to common communication problems, ethical issues facing business communicators today, instructions on how to identify areas of legal vulnerability, and tested techniques for communicating successfully in today's high-tech, international business environment. Suggested preparation: English 061 or English for Multi-lingual Students 112 or American College English 116. CSU

Library Technology 110
Technical Services
Unit(s): 3.0  Class Hours: 54 Lecture total.
Evaluation and acquisition of books and other media for libraries. Basic theories, principles, and concepts of bibliographic control, including descriptive cataloging, classification, subject analysis, and bibliographic maintenance. Emphasis placed on current cataloging rules, MARC, LC and Dewey classification, and LC Subject Headings. Original and copy cataloging using an online bibliographic cataloging system and online bibliographic utility. CSU

Library Technology 122
Public Services
Unit(s): 3.0  Class Hours: 54 Lecture total.
Exploration of library public services with special emphasis placed on a variety of issues as they relate to the circulation of library materials, the delivery of reference services, the use of the Internet and full-text databases for reference, and the preparation and delivery of library programs. CSU

MANAGEMENT (MGMT)

Management 120
Principles of Management
Unit(s): 3.0  Class Hours: 54 Lecture total.
Principles, methods, and procedures essential to the successful management of human and financial resources. Planning, decision making, staffing, directing, motivating, leading, communicating, controlling, and the application of managerial skills. (Same as Business 120). CSU

Management 121
Human Relations and Organizational Behavior
Unit(s): 3.0  Class Hours: 54 Lecture total.
The role of the manager and management’s relationship to employees. Includes the application of motivational theories, communications, leadership, and organizational structure. (Same as Business 121). CSU

Management 122
Business Communications
Unit(s): 3.0  Class Hours: 54 Lecture total.
An examination of the universal principles of leadership. Covers the many approaches to leadership, the role of gender and diversity, and leadership ethics. Designed to build repeatable and transferable leadership skills for today's organizational environment. CSU

Management 135
Human Resource Management
Unit(s): 3.0  Class Hours: 54 Lecture total.
Introductory course covers the goals, activities, and challenges of human resources. Includes equal employment opportunity and diversity, recruitment and selection, leadership and motivation, training and development, compensation, and employee and labor/management relations. CSU

MANUFACTURING TECHNOLOGY (MNFG)

Manufacturing Technology 096
Manufacturing Technology Lab Application
Unit(s): 0.5 - 4.0  Class Hours: 27–216 Laboratory total.
Corequisite: Manufacturing Technology 074 or Manufacturing Technology 076 or Manufacturing Technology 077 or Manufacturing Technology 084 or Manufacturing Technology 086 or Manufacturing Technology 094 or Manufacturing Technology 095.
A supplemental learning assistance course that provides supervised use of laboratory equipment for students enrolled in CNC machine courses to complete machine setup and operation projects. Students are expected to complete 24 lab hours for each .5 unit of credit. May be repeated up to the maximum number of units. Grade: Pass/No Pass Only.

Manufacturing Technology 103
Beginning Solid Modeling
Unit(s): 3.0  Class Hours: 54 Lecture total.
Introductory course in parametric solid modeling. This course will include a solid modeling overview, solid model construction techniques (extrude, revolve, fillet, chamfer, etc), including the preparation of individual solid components and basic solid model assemblies. (Same as Engineering 103). CSU

Manufacturing Technology 104
Solidworks Intermediate Solid Modeling
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Manufacturing Technology 103 or Engineering 103 with a minimum grade of C.
Intermediate course for solid modeling. Includes a review of the introductory class and changes to the Solidworks interface. Instruction in the use of intermediate Solidworks part modeling skills such as assembly modeling and sub-assemblies is included. (Same as Engineering 104). CSU

Manufacturing Technology 105
Solidworks Advanced Solid Modeling
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Manufacturing Technology 104 or Engineering 104 with a minimum grade of C.
Advanced course for solid modeling includes a review of the intermediate class and changes to the Solidworks interface. Instruction in the use of Solidworks part modeling, assembly modeling, sub-assemblies, advanced photoworks, and advanced animator emphasized. (Same as Engineering 105). CSU

Manufacturing Technology 106
Solidworks Drawings
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Manufacturing Technology 103 or Engineering 103 with a minimum grade of C.
Creation and use of drawing templates, importing of solids data into the drawing template, and modification of the resulting drawings to company standards. CSU
Manufacturing Technology 107
CSWA Exam Prep
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Manufacturing Technology 104 with a minimum grade of C.
The CSWA exam preparation class introduces students to the SolidWorks certification process, helps them prepare for the CSWA, using sample exams, and administers the Official SolidWorks CSWA exam. CSU

Manufacturing Technology 111
Basic Mechanical Blueprint Reading
Unit(s): 2.0 Class Hours: 36 Lecture total.
Reading and interpreting blueprints for manufacturing technologies. (Same as Engineering 111). CSU

Manufacturing Technology 114
Geometric Dimensioning and Tolerancing
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: Manufacturing Technology 111 or Engineering 111 with a minimum grade of C.
Drawing interpretation utilizing geometric dimensioning and tolerancing (ANSI Y14.5) as applied in engineering, manufacturing, and inspection. CSU

Manufacturing Technology 115
QC1 Quality Inspection
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introductory course in Quality Control operations. Course includes dimensional inspection, completion of inspection reports, training and expectations for various quality inspector positions, as well as an introduction to various quality concepts that support inspection positions. CSU

Manufacturing Technology 116
QC Operations with Verisurf Software
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Manufacturing Technology 011 with a minimum grade of C.
Introductory course in the operation of Verisurf inspection software. This course includes a review of Geometric Dimensioning and Tolerancing and operation of Verisurf software during inspection of three dimensional manufactured parts. This software is also used in creation of inspection reports as a form of data recording in a quality control environment. CSU

Manufacturing Technology 117
QC Operations with PC-DMIS CMM-1
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Manufacturing Technology 011 with a minimum grade of C. Recommended: Manufacturing 114 with a minimum grade of C.
Introductory course in the operation of PC-DMIS CMM Software. This course instructs the user how to dimension, program, and inspect features of 3D parts. Course includes dimensional explanation of relevant GD&T concepts, importing and using of CAD models, and reporting results from each activity. CSU

Manufacturing Technology 118
QC Operations with PC-DMIS CMM-2
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Manufacturing Technology 011 with a minimum grade of C. Recommended: Manufacturing 114 with a minimum grade of C.
Supplementary course in the operation of PC-DMIS CMM Software. This course instructs the user in additional dimensional, programming, and system menu options. Course includes additional instruction in probe calibrations, dimensioning options, model translations, and scanning functionality. CSU

Manufacturing Technology 119
QC2: Quality Theory
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Manufacturing Technology 115 with a minimum grade of C. Recommended: Manufacturing 114 with a minimum grade of C.
Intermediate course for quality control operations. Course discusses quality theory as well as quality operations such as inspection planning, calibration systems, sampling, quality tools including SPC and their implementation, auditing, corrective and preventative action, lean manufacturing concepts, and customer and supplier relationships. Grade: Pass/No Pass Only. CSU

Manufacturing Technology 120
Introduction to Medical Device Quality
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisites: Manufacturing Technology 115 with a minimum grade of C.
The course goal is to teach students quality control elements to support the medical device industry. The course content will be applicable to the medical technology disciplines of manufacturing, engineering, welding, and biotechnology. Students will be taught the concepts and principles of quality control and gain knowledge of the relevant tools, models and techniques. The course provides "real world" applications and discussions of current and relevant topics of quality systems. CSU

Manufacturing Technology 121
Quality Control for Medical Devices
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisites: Manufacturing Technology 120 with a minimum grade of C.
The course goal is to teach students quality control elements to support the medical device industry. The course content will be applicable to the medical technology disciplines of manufacturing, engineering, welding, and biotechnology. Students will be taught the concepts and principles of quality control and gain knowledge of the relevant tools, models and techniques. The course provides "real world" applications and discussions of current and relevant topics of quality systems. CSU

Manufacturing Technology 128
Basic Metals Technology
Unit(s): 3.0 Class Hours: 54 Lecture total.
Basic metals terminology and its application in modern industry. Involves metal classification systems, destructive metal testing, metal refining, and heat treatment of various metals with resulting strength and structural changes. CSU

Manufacturing Technology 130A
CATIA Beginning Solid Modeling
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introductory course in parametric solid modeling CAD using CATIA software. Topics include: CAD overview, sketching, basic solid model creation (base features, pads, pockets, grooves, shafts, etc.), sketch constraints, reference elements, hole features, feature editing, assembly and drawing creation. (Same as Engineering 130A). CSU

Manufacturing Technology 130B
CATIA Intermediate Solid Modeling
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: Manufacturing Technology 130A with a minimum grade of C.
Intermediate course in parametric solid modeling CAD using CATIA software. Topics include: intermediate/advanced level sketching and modeling (sweeps, ribs, slots), feature transformation, assemblies, drafting workbench, surface modeling, and other CATIA modules. (Same as Engineering 130B). CSU
### Manufacturing Technology 153
**Technical Mathematics**
**Unit(s):** 3.0  
**Class Hours:** 54 Lecture total.
Ratios and proportions, formulas, measurements (linear, surface, and volume), geometric construction, and right triangles. Basics of algebra, geometry, and trigonometry for the manufacturing industry. CSU

### Manufacturing Technology 156A
**Beginning Robotic Welding**
**Unit(s):** 3.0  
**Class Hours:** 36 Lecture, 54 Laboratory total.
**Prerequisite:** Welding 108 with a minimum grade of C. Concurrent enrollment in Manufacturing Technology 157A or Welding 157A.

The course is a basic programming course that teaches students how to safely manipulate the robot through proper use of the robotic controller and teach pendant. This course also introduces the student to the gas metal and flux cored arc welding process. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification, various welding techniques, and base and filler metal identification. This course is an introduction to the beginning robotic/laser technology. (Same as Welding 156A). CSU

### Manufacturing Technology 156B
**Intermediate Robotic Welding**
**Unit(s):** 3.0  
**Class Hours:** 36 Lecture, 54 Laboratory total.
**Prerequisite:** Manufacturing Technology 156A or Welding 156A and Manufacturing Technology 157A or Welding 157A with a minimum grade of C. Concurrent enrollment in Manufacturing Technology 157B or Welding 157B.

The robotic welding course teaches students how to safely manipulate the robot through proper use of the robotic controller and Teach Pendant. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification and welding procedures. Students will be able to input welding procedures, jog frames, circular moves, weaving, copy, delete, commands, six point tool center and other activities related to the robotic welding process. (Same as Welding156B). CSU

### Manufacturing Technology 156C
**Advanced Robotic Welding**
**Unit(s):** 3.0  
**Class Hours:** 36 Lecture, 54 Laboratory total.
**Prerequisite:** Manufacturing Technology 156B or Welding 156B and Manufacturing Technology 157C or Welding 157C with a minimum grade of C. Concurrent enrollment in Manufacturing Technology 157C or Welding 157C.

The Advanced Robotic Welding course teaches students how to safely manipulate the robot through proper use of the robot controller and Teach Pendant. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification and welding procedures. Students will be able to create programs in robotic welding safety, TPP Management, USER Frames, coordinated motion, TAST, TAST-RPM, position registers & offsets, touch & sensing and activities relating to the robotic welding process. (Same as Welding 156C). CSU

### Manufacturing Technology 157A
**Basic Robotic Programming**
**Unit(s):** 3.0  
**Class Hours:** 18 Lecture, 108 Laboratory total.
**Prerequisite:** Welding 108 with a minimum grade of C. Concurrent enrollment in Manufacturing Technology 156A or Welding 156A.

This is a basic programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, linear movements, coordinate systems, Teach Pendant programming, and software/hardware integration. (Same as Welding 157A). CSU

### Manufacturing Technology 157B
**Intermediate Robotic Programming**
**Unit(s):** 3.0  
**Class Hours:** 18 Lecture, 108 Laboratory total.
**Prerequisite:** Manufacturing Technology 156A or Welding 156A and Manufacturing Technology 157A or Welding 157A with a minimum grade of C. Concurrent enrollment in Manufacturing Technology 156B or Welding 156B.

This course is a programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, circular movements, robot set-up, advanced Teach Pendant programming and functions, and auxiliary hardware. (Same as Welding 157B). CSU

### Manufacturing Technology 157C
**Advanced Robotic Programming**
**Unit(s):** 3.0  
**Class Hours:** 18 Lecture, 108 Laboratory total.
**Prerequisite:** Manufacturing Technology 156B or Welding 156B and Manufacturing Technology 157B or Welding 157B with a minimum grade of C. Concurrent enrollment in Manufacturing Technology 156C or Welding 156C.

This is an advanced programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, logic commands, and coordinate systems, advanced Teach Pendant programming, network integration, simulations, and software/hardware integration. (Same as Welding 157C). CSU

### Manufacturing Technology 158
**Basic Machining Concepts and Operations**
**Unit(s):** 3.0  
**Class Hours:** 18 Lecture, 126 Laboratory total.
**Recommended Preparation:** Recommended Manufacturing Technology 011 with a minimum grade of C or concurrent enrollment.

Fundamental operations on lathes, milling machines, grinders, and drill presses, including precision measurements and layout. Equips students with skills and theory necessary to enter or upgrade within the machinist trade. CSU

### Manufacturing Technology 159
**Advanced Turning Concepts and Operations**
**Unit(s):** 3.0  
**Class Hours:** 18 Lecture, 126 Laboratory total.
**Prerequisite:** Manufacturing Technology 158 or Manufacturing Technology 188 or Engineering 158 with a minimum grade of C.

Machine turning theory and skill development with emphasis on lathe principles, capabilities, and operations. Includes construction, tool grinding, and turning machine operations such as diameter turning and boring, external and internal single point treading. CSU

### Manufacturing Technology 168
**Advanced Milling Concepts and Operations**
**Unit(s):** 3.0  
**Class Hours:** 18 Lecture, 126 Laboratory total.
**Prerequisite:** Manufacturing Technology 158 with a minimum grade of C.

Advanced machine tool operation and setup with emphasis on milling machine principles, use and capabilities, accessories, and operations. Includes operations with the offset boring head and rotary table. CSU

### Manufacturing Technology 169
**Job Shop Skills**
**Unit(s):** 0.5 - 3.0  
**Class Hours:** 27–162 Laboratory total.
**Prerequisite:** Manufacturing Technology 159 and 168 with a minimum grade of C.

Experience in planning, setup and machining of a wide variety of projects using all machine tools. Students will build upon the skills and theory gained in beginning and advanced Manufacturing Technology classes or by on-the-job experience. Open Entry/Open Exit. CSU
Manufacturing Technology 171  
CNC Program Writing  
Unit(s): 4.0  Class Hours: 72 Lecture total.  
Recommended Preparation: Manufacturing Technology 111 and Manufacturing Technology 158 with a minimum grade of C.  
Introductory course for manual CNC program writing. This course will include coordinate system, absolute/incremental programming, circular interpolation, cutter radius compensation, canned cycles, and program formatting. CSU

Manufacturing Technology 173  
Mastercam - 2D Geometry, 2D Toolpaths  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Computer assisted numerical control programming of machine tools using Mastercam software. Creation of 2D-part geometry. 2D-part programming including contouring, pocketing, drilling, and tapping. CSU

Manufacturing Technology 174  
CNC Milling Center Set Up and Operation  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 158 and 171 with a minimum grade of C.  
Basic setup and operation of numerically controlled milling machines. Students will set up and operate a 3 axis CNC milling machine. Requires enrollment in 1.5 hours of scheduled lab for .5 unit. Labs are scheduled at the first class meeting. CSU

Manufacturing Technology 175  
Mastercam - 3D Geometry, 3D Surfaces  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 173 with a minimum grade of C.  
Continued instruction of computer assisted numerical control programming. Advanced concepts and methods of creating 3D geometry and 3D surfaces using Mastercam 3D software. CSU

Manufacturing Technology 176  
CNC Turning Center Set Up and Operation  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 158 and 171 with a minimum grade of C.  
Setup and operation of numerically controlled lathe with emphasis on the application of the Fanuc controlled machine and CNC machining methods used in industry. Requires enrollment in 1.5 hours of scheduled lab for .5 unit. Labs are scheduled at the first class meeting. CSU

Manufacturing Technology 177  
Mastercam - 3D Toolpath and CAM Applications  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 175 with a minimum grade of C.  
Advanced concepts in the manufacturing of machine parts using MASTERCAM software and CNC machining centers. Emphasis placed on programming and machining 3 dimensional surfaces. Problem solving in roughing, finishing, fixtureing, and machining of a variety of part configurations. CSU

Manufacturing Technology 178  
Mastercam Lathe  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 171 and Manufacturing Technology 173 with a minimum grade of C.  
Computer assisted numerical control programming of machine tools using MASTERCAM lathe software. Emphasis placed on lathe toolpaths: facing, turning, grooving, boring, and threading. CSU

Manufacturing Technology 184  
Advanced CNC Mill Set Up and Operation  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 171 and 174 with a minimum grade of C.  
Advanced setup and operation of CNC Machining Center. Student will learn the advanced concepts in setup and operation of the state-of-the-art milling equipment. Course curriculum will include instruction on boring cycles, reaming cycle, thread milling, 4th AXIS rotary table, and multiple fixture offsets. Requires enrollment in 1.5 hours of scheduled lab per week for .5 unit. Lab hours are scheduled at the first class meeting. CSU

Manufacturing Technology 186  
Advanced CNC Lathe Programming, Setup and Operation  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 171 and 176 with a minimum grade of C.  
Advanced programming, set-up, and operation of CNC lathe. Course curriculum will include instruction on C-Axis and live tooling option, subprogram for C-Axis, tapered i.d. and O.D. thread, canned cycles, use of digital probe for tool offset, and programmable tailstock. Requires enrollment in 1.5 hours of scheduled lab per week for .5 unit. Lab hours are scheduled at the first class meeting. CSU

Manufacturing Technology 188  
Machine Technology Survey  
Unit(s): 3.0  Class Hours: 18 Lecture, 126 Laboratory total.  
Machine tool set-up and operation for students who desire general knowledge of machine tools and processes. All the basic machine tools are used. Not intended for Manufacturing Technology majors. (Same as Engineering 188). CSU

Manufacturing Technology 194  
CNC Horizontal Mill Setup and Operation  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 171 and Manufacturing Technology 174 with a minimum grade of C.  
Set-up and operation of CNC Horizontal Machining Center. Students will learn the concepts necessary for set-up and operation of the state-of-the-art horizontal milling machine. Course curriculum will include instruction on multi fixtures, rapid pallet changing, and ability to machine several sides at once with a single set-up using fully programmable 4th axis to boost productivity, cut lead times, and lower production costs. Requires registration in 2 hour lab scheduled lab session for use of specialized equipment. Lab registration will be done during the first class session each semester. CSU

Manufacturing Technology 195  
Mastercam 5 Axis Mill Toolpath and Application  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Prerequisite: Manufacturing Technology 174 and Manufacturing Technology 175 with a minimum grade of C.  
Students will use Mastercam Software and Blade Expert to create various Multi Axis Toolpaths. Course includes programming, setup and operation of a 5-Axis DMU-50 milling machine with Siemens CNC control to complete various student’s group projects. CSU

MARKETING (MKTG)

Marketing 111  
Principles of Retailing  
Unit(s): 3.0  Class Hours: 54 Lecture total.  
Overview of the retail industry. Structure, scope, and evolution of retail institutions; retail decision making is emphasized in relation to the following topics: organization and store management; merchandise assortment, pricing, and layout; identifying markets; and advertising, promotion, and sales. CSU
Marketing 113
Principles of Marketing
Unit(s): 3.0  Class Hours: 54 Lecture total.
The process of developing products that will satisfy the many needs of consumers and businesses. Includes market research techniques, pricing, distribution, and promotion. CSU

Marketing 120
Understanding Consumer Behavior - Getting Them to Buy, Buy, Buy
Unit(s): 1.0  Class Hours: 18 Lecture total.
This course will explore the science, mechanics, dynamics, and culture of consumers and their behavior. Understanding your consumer leads to long term relationships, which translates to sales and profits for your business. Students will learn how to analyze consumer behavior using the latest tools, techniques, and technology. CSU

Marketing 121
Negotiating - Getting to a Win-Win
Unit(s): 1.0  Class Hours: 18 Lecture total.
Learn the techniques of successfully negotiating a Win-Win business transaction. By learning the different negotiating styles, students will gain skills working with customers in all business segments. CSU

Marketing 122
Sales Strategies That Build Business Relationships and Increase Sales
Unit(s): 2.0  Class Hours: 36 Lecture total.
Learn how professional sales people build relationships with customers and clients that lead to increased sales. Learn how to effectively communicate, persuasde, overcome objections, and close the deal. CSU

Marketing 123
Marketing and Technology - Trends and Cutting Edges
Unit(s): 1.0  Class Hours: 18 Lecture total.
This course will cover the latest trends in mixed marketing technologies. Learn to use the latest technologies to drive awareness, create demand, and close sales. Discover the latest trends, strategies, and tools for using technology for marketing what they are, how they work, and how to get started. CSU

Marketing 124
Cause Marketing and Public Relations - Doing Well by Doing Good
Unit(s): 1.0  Class Hours: 18 Lecture total.
This course will cover how companies can be successful by doing good, helping society and people. Learn about not-for-profit businesses and socially responsible for-profit businesses. Learn how authentic corporate giving, cause marketing, and the power of public relations can help drive the triple bottom line-profits, people and planet. CSU

Marketing 125
Advertising and Promotion - Get the Word Out and Keep Your Customers Buying
Unit(s): 2.0  Class Hours: 36 Lecture total.
This course will provide students with an in-depth look into cutting edge advertising and promotion strategies used by small, medium, and large companies. Students will learn how to create an advertising campaign, including the planning, costs, and creative design process. Students will learn how promotions are used to increase sales, to build brand loyalty and to build relationship with customers. CSU

Marketing 126
Distributing Product and Services - Reaching Customers Where They Shop
Unit(s): 2.0  Class Hours: 36 Lecture total.
This course will teach the latest and most cost effective strategies to reach your customer. Students will learn how an efficient B2B and/ or B2C distribution system utilizing marketing intermediaries, direct sales, online distribution, and global markets can increase profits. Supply Chain strategies, channel evaluation, and relationships will be highlighted. CSU

Marketing 127
Introduction to e-Commerce
Unit(s): 3.0  Class Hours: 54 Lecture total.
Electronic commerce from a managerial perspective focusing on the retailing, business-to-business, and service industries. Topics include e-commerce infrastructure, intranets and extranets, electronic payment systems, marketing research, advertising, e-commerce strategies, and privacy issues. (Same as Business 127) CSU

MATHEMATICS (MATH)

Mathematics N06
Essential Mathematics
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: A student will be placed in Mathematics N06 if they do not qualify for Mathematics N48 or a higher course according to the Santa Ana College Math Department’s placement standards. A student will be placed in Mathematics N06 if they do not qualify for Mathematics N48 or a higher course according to the Santa Ana College Math Department’s placement standards.
Reviews whole numbers, fractions, decimals, percents, geometric formulas and signed numbers. Not applicable to associate degree.

Mathematics N48
Pre-Algebra/Algebra Basics
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: Mathematics N06 with a minimum grade of C or placement into Mathematics N48 according to the Santa Ana College Math Department’s placement standards.
For students who have little or no previous algebra experience. This course offers an introduction to basic algebra concepts, math vocabulary, and algebraic operations. This course is intended to be a bridge from basic arithmetic to elementary algebra. Not applicable to associate degree.

Mathematics 030
Coping With Math Anxiety
Unit(s): 1.0  Class Hours: 18 Lecture total.
Covers the concept of math anxiety - what causes it and how to overcome it. Includes review and practice of basic math skills.

Mathematics 070
Geometry
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Mathematics 060 or Mathematics 084 with a minimum grade of C or placement into Mathematics 070 on the Mathematics Level 2 Placement Exam and a course equivalent to Mathematics 060. Basic Euclidean geometry. Includes concepts of lines, planes, triangles, congruence, proofs, inequalities, parallel lines, similarity, areas, and volumes.
MATHEMATICS

Mathematics 083
Beginning and Intermediate Algebra for Liberal Arts and Social Science
Unit(s): 6.0  Class Hours: 108 Lecture total.
Prerequisite: Mathematics N48 with a minimum grade of C or placement into Mathematics 083 according to the Santa Ana College Mathematics Department’s placement standards.

A combined course in algebra that includes systems of equations, inequalities, graphs and functions, radicals, quadratic polynomials, rational expressions, exponential and logarithmic functions, and problem solving aimed specifically at liberal arts and social science majors.

Mathematics 084
Beginning and Intermediate Algebra
Unit(s): 6.0  Class Hours: 108 Lecture total.
Prerequisite: Mathematics N48 with a minimum grade of C or placement into Mathematics 084 according to the Santa Ana College Mathematics Department’s placement standards.

A combined course in algebra that includes systems of equations, inequalities, graphs and functions; radicals, quadratic polynomials, rational expressions; exponential and logarithmic functions. Grade: Pass/No Pass Only.

Mathematics 085
Mathematics for Liberal Arts Students
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Mathematics 083 or Mathematics 084 with a minimum grade of C or equivalent skills as measured by the Santa Ana College Mathematics Department’s placement standards.

An overview of mathematics for the liberal arts student. Topics will include problem solving, financial management, probability, statistics, and selected other topics such as set theory, geometry, logic, mathematical modeling, and the history of mathematics. CSU/UC

Mathematics 105
Bridge to BSTEM Math Pathway Liberal Arts and Social Science
Unit(s): 1.0  Class Hours: 18 Lecture total.
Prerequisite: Mathematics 083 or Mathematics 084 with a minimum grade of C.

An overview of the mathematics and algebra skills needed for students transitioning from the Statistics and Liberal Arts Math (SLAM) pathway to the Business and STEM (BSTEM) pathway. Topics include linear equations, systems of equations, inequalities, graphs and functions; radicals, quadratic polynomials, rational expressions; exponential and logarithmic functions. Grade: Pass/No Pass Only.

Mathematics 140
Pre-Calculus Mathematics
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: Mathematics 084 with a minimum grade of C or equivalent skills as measured by the Math Level 3 Exam and a course equivalent to Mathematics 080, or Mathematics 081, or Mathematics 084.

Formerly: Mathematics 160 - Trigonometry

Advanced algebraic topics. Study of rational, trigonometric, exponential and logarithmic functions, and analytic geometry. Preparation for Mathematics 180. CSU/UC

Mathematics 145 (C-ID MATH 130)
Finite Mathematics
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: Mathematics 080 or Mathematics 081 or Mathematics 084 with a minimum grade of C or equivalent skills as measured by the Math Level 3 Exam and a course equivalent to Mathematics 080, or Mathematics 081, or Mathematics 084.

Linear systems and matrix algebra, linear programming and the simplex method, mathematics of finance, algebra of sets, introduction to probability and counting, the binomial distribution, descriptive statistics, introduction to the normal curve. Application to the fields of business, economics, and biological and behavioral sciences are emphasized. CSU/UC

Mathematics 150 (C-ID MATH 140)
Calculus for Biological, Management and Social Sciences
Unit(s): 4.0  Class Hours: 90 Lecture total.
Prerequisite: Mathematics 140 or Mathematics 145 with a minimum grade of C; or placement into Mathematics 150 on the Mathematics Level 3 Placement Exam and a course equivalent to Mathematics 140.

Single and multi-variable calculus including limits, derivatives, integrals, exponentials, and logarithmic functions and partial derivatives. Applications are drawn from biology, social science, and business. CSU/UC

Mathematics 162
Trigonometry
Formerly: MATH 160 - Trigonometry
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: Mathematics 140 with a minimum grade of C or equivalent skills as measured by placement into Math 162 according to the Santa Ana College Math Department’s placement standards.

Angles and their measurement, trigonometry functions and their applications, including vector problems. Use of trigonometric identities. Graphing the basic functions and variations, solving trigonometric equations. Graphing using polar coordinates, and use of complex numbers. CSU

Mathematics 165
Introduction to Math Tutoring
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Role and responsibility of the math tutor. Includes training in individualized and small group instruction, communication skills, cultural awareness, learning styles, problem solving techniques, new technologies, and an overview of the math curriculum. (Students will be required to spend 16 hours in a designated tutoring center as part of the arranged hours). CSU

Mathematics 170 (C-ID MATH 155)
Pre-Calculus Mathematics
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: Mathematics 160 with a minimum grade of C or equivalent skills as measured by the Mathematics Level 4 Exam and a course equivalent to Mathematics 160.

Advanced algebraic topics. Study of rational, trigonometric, exponential and logarithmic functions, and analytic geometry. Preparation for Mathematics 180. CSU/UC
MATHEMATICS COURSE SEQUENCE

SLAM Pathway

MATH N06
Essential Mathematics

MATH N48
Pre-Algebra / Algebra Basics

MATH 083*
Beginning and Intermediate Algebra for SLAM Majors

MATH 105
Mathematics for Liberal Arts Students

MATH 204
Mathematics Concepts for Elementary School Teachers

MATH 219
Statistics and Probability

BSTEM Pathway

MATH 084*
Beginning and Intermediate Algebra for BSTEM Majors

MATH 083BR
Bridge BSTEM Math Pathway

MATH 140
College Algebra

MATH 150
Business Calculus

MATH 162
Trigonometry

MATH 180
Single Variable Calculus I

MATH 185
Single Variable Calculus II

MATH 280
Intermediate Calculus

MATH 287
Introduction to Linear Algebra and Differential Equations

The SLAM Pathway is designed for students who will take Statistics or Liberal Arts Math, or who plan to teach in elementary schools.

The BSTEM Pathway is designed for students planning to major in Business, Science, Technology, Engineering, or Mathematics.

* Both Pathways? Some college programs may require a course in each pathway. In this instance, a student should enroll in MATH 084 because successful completion of MATH 084 will also allow a student into MATH 105, MATH 204, and MATH 219.

* Switching Pathways? Successful completion of MATH 084 will also allow a student into MATH 105, MATH 204, and MATH 219. However, a student must successfully complete MATH 083 and MATH 083BR Bridge to BSTEM Math Pathway in order to take MATH 140.

Note: Where a student places in the sequence will depend upon previous math background and placement test scores. Check prerequisites for all courses. Students planning to transfer to a four-year school should work carefully with a counselor and the catalog of the school of transfer. A college major should be chosen by the start of MATH 083/084 to ensure enrollment in the most appropriate sequence.
Mathematics 180 (C-ID MATH 210) (C-ID MATH 900S = MATH 180 or 180H + 185)

**Single Variable Calculus I**

**Formerly:** MATH 180 - Analytic Geometry and Calculus

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** Mathematics 140 and Mathematics 162 or Mathematics 170 with a minimum grade of C or equivalent skills as measured by placement into Mathematics 180 according to the Santa Ana College Mathematics Department's placement standards.

- Limits and continuity, derivatives and integrals of algebraic, trigonometric, and other transcendental functions. Applications including extrema tests, related rates, and areas. CSU/UC

**Mathematics 180H (C-ID MATH 210) (C-ID MATH 900S = MATH 180 or 180H + 185)**

**Honors Single Variable Calculus I**

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** A high school or college GPA of 3.0 or above and Mathematics 170 with a minimum grade of C or better or equivalent skills as measured by the Mathematics Level 4 Exam and a course equivalent to Mathematics 170. An in-depth study of limits and continuity, derivatives and integrals of algebraic, trigonometric, and other transcendental function with the emphasis on theory and challenging problems. Applications include extrema tests, related rates and areas, volumes, arc length, and surface areas. CSU/UC

**Mathematics 185 (C-ID MATH 220) (C-ID MATH 900S = MATH 180 or 180H + 185)**

**Single Variable Calculus II**

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** Mathematics 180 or Mathematics 180H with a minimum grade of C.

Applications of integrals, including volumes, work, arc length, and surface area. Integration techniques, differential equations, conics, parametric equations, polar coordinates, improper integrals, sequences, and infinite series. CSU/UC

**Mathematics 204**

**Mathematical Concepts for Elementary School Teachers**

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** Math 083 or Mathematics 084 with a minimum grade of C or equivalent skills as measured by placement into Math 204 according to the Santa Ana College Math Department's placement standards.

- Designed for prospective elementary teachers, the course emphasizes problem solving techniques and mathematical structure associated with numeration, set theory, elementary number theory, real number system, ratio, proportion, and percent. The course includes instructional delivery design and activity-based explorations. CSU/UC

**Mathematics 219 (C-ID SOCI 125) (C-ID MATH 110)**

**Statistics and Probability**

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** Mathematics 083 or Mathematics 084 with a minimum grade of C or equivalent skills as measured by placement into Mathematics 219 according to the Santa Ana College Math Department's placement standards.

- Beginning course in statistics. Includes descriptive statistics, graphical displays of data, probability, confidence intervals, hypothesis testing, regression, contingency tables, ANOVA, and non-parametric statistics. Includes use of technology. CSU/UC

**Mathematics 219H (C-ID SOCI 125) (C-ID MATH 110)**

**Honors Statistics and Probability**

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** High school or college GPA of 3.0 or higher and Mathematics 083 or Mathematics 084 with a minimum grade of C or equivalent skills as measured by placement into Math 219 according to the Santa Ana College Math Department's placement standards.

- Enhanced format for the beginning course in statistics and probability, using a seminar approach and computers and individual research, and presentations. Includes descriptive statistics, graphical displays of data, probability, confidence intervals, hypothesis testing, regression, contingency tables, ANOVA, and non-parametric statistics, with applications designed around the individual interests of students. CSU/UC

**Mathematics 280 (C-ID MATH 230)**

**Intermediate Calculus**

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** Mathematics 185, second semester calculus, with a minimum grade of C.

- Vectors and three-dimensional space, functions of several variables, partial derivatives, and multiple integrals. Vector calculus, Green’s Theorem, Stoke’s Theorem, and the Divergence Theorem. CSU/UC

**Mathematics 287 (C-ID MATH 910S)**

**Introduction to Linear Algebra and Differential Equations**

**Unit(s):** 5.0  
Class Hours: 90 Lecture total.

**Prerequisite:** Mathematics 280 with a minimum grade of C.

- Topics include matrices, determinants, vector spaces, linear systems of equations, linear product spaces, first and second order differential equations, systems of differential equations, and the Laplace transform. CSU/UC

**Mathematics 319**

**Quantitative Research Methods for Healthcare Professionals**

**Unit(s):** 4.0  
Class Hours: 72 Lecture total.

**Prerequisite:** Limitation on enrollment: Student must be admitted to the Occupational Studies program Mathematics 219 or Mathematics 219H or Psychology 210 with a minimum grade of C.

- This course will develop skills and tools for understanding and performing quantitative research in healthcare sciences. The focus of the course will be on statistical research methods prevalent in healthcare sciences: including principles of experimental design, appropriate sampling, and running quantitative tests to determine the validity of claims.

**MEDICAL ASSISTANT (MA)**

**Medical Assistant 001**

**Cooperative Work Experience Education - Occupational**

**Unit(s):** 1.0 - 4.0  
Class Hours: 60–300 Laboratory total.

**Prerequisite:** Medical Assistant 051A, Medical Assistant 051B, Medical Assistant 053 and Medical Assistant 055 with a minimum grade of C.

- Entry/Open Exit.

- Grade: Pass/No Pass Only. Open Entry/Open Exit.
Medical Assistant 020
Bloodborne and Airborne Pathogen Standards
Unit(s): 0.5 Class Hours: 9 Lecture total.
Presentation of California Occupational Safety and Health Act (Cal-OSHA) Bloodborne and Airborne Pathogen Standards for occupational at-risk exposure to hepatitis, HIV-AIDS, and Tuberculosis including compliance requirements, exposure control measures, exposure determination, protective equipment, and post exposure practices.

Medical Assistant 030
Phlebotomy
Unit(s): 1.0 Class Hours: 12 Lecture, 12 Laboratory total.
This phlebotomy course is designed for health care workers and provides a comprehensive introduction to the practice of phlebotomy, with focus on safety procedures, equipment and point-of-care testing.

Medical Assistant 051A
Beginning Medical Terminology
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introduction to medical terms including structural analysis of prefixes, combining form/roots, and suffixes. Emphasis on terms related to anatomy, physiology, diagnostic tests and pathology of the digestive, renal-urinary, and reproductive systems. Also, terms related to pregnancy and the newborn.

Medical Assistant 051B
Advanced Medical Terminology
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Medical Assistant 051A with a minimum grade of C.
Continuation of Medical Assistant 051A. Includes medical terms related to anatomy, physiology, diagnostic tests and pathology of the nervous, cardiovascular, respiratory, circulatory, musculoskeletal, skin, sensory, and the endocrine systems.

Medical Assistant 053
Medical Assistant - Administrative Front Office
Unit(s): 3.0 Class Hours: 54 Lecture total.
Medical front office training including the role, responsibilities, professionalism, medical ethics and laws, medical records, filing, billing and collection, banking, bookkeeping, reception, telephone techniques, oral and written communication, resume, and job seeking skills. Also includes a unit on office first aid and life threatening illnesses.

Medical Assistant 054
Medical Insurance and Billing Forms
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Medical Assistant 051A with a minimum grade of C.
Instruction in the rules, regulations, and completion of medical insurance forms for Medicare, Medi-Cal, Tricare, MediMedi, State Disability. Worker's Compensation, and private commercial insurance carriers. Includes legal and ethical guidelines, and instruction in procedure coding using current procedural terminology and ICD-10-CM.

Medical Assistant 055
Medical Assistant - Clinical Back Office
Unit(s): 3.0 Class Hours: 54 Lecture total.
Medical back office with emphasis on asepsis, sterilization, gloving and ungloving, assisting physician with exams and minor office surgical procedures, vital signs, vision testing, wound care, dressings, bandaging, specimen collections, medications, dosage calculations and injection techniques.

Medical Assistant 056
Computer Applications for the Medical Office
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Medical Assistant 051A and Medical Assistant 053 with a minimum grade of C.
An introduction to the computer with practical applications for a medical office/clinical setting, including building patient databases, patient scheduling, procedure codes, and diagnostic codes. Generate computerized billing records, posting to accounts, insurance claims forms, generating reports, electronic data interchange and electronic medical records.

Medical Assistant 098
Topics
Unit(s): 0.5 - 3.0 Class Hours: 9–54 Lecture total.
Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in Medical Assisting.

MUSIC (MUS)

Music 009A
Music Laboratory
Unit(s): 0.3 Class Hours: 18 Laboratory total.
Prerequisite: Concurrent enrollment in a music course.
Supervised work on instrumental, vocal, music theory, or digital music assignments and projects. Beginning level assignments are geared toward attainment of skills relating to the corequisite music class. Accumulation of 16 hours earns 0.3 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Music 009B
Music Laboratory II
Unit(s): 0.3 Class Hours: 18 Laboratory total.
Prerequisite: Music 009A with a minimum grade of C and concurrent enrollment in a music class.
Supervised work on instrumental, vocal, music theory, or digital music assignments and projects. More advanced beginning level assignments are geared toward attainment of skills relating to the corequisite music class. Accumulation of 16 hours earns 0.3 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Music 009C
Music Laboratory III
Unit(s): 0.3 Class Hours: 18 Laboratory total.
Prerequisite: Music 009B with a minimum grade of C and concurrent enrollment in a music class.
Supervised work on instrumental, vocal, music theory, or digital music assignments and projects. Intermediate level assignments are geared toward attainment of skills relating to the corequisite music class. Accumulation of 16 hours earns 0.3 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Music 009D
Music Laboratory IV
Unit(s): 0.3 Class Hours: 18 Laboratory total.
Prerequisite: Music 009C with a minimum grade of C and concurrent enrollment in a music class.
Supervised work on instrumental, vocal, music theory, or digital music assignments and projects. Advanced level assignments are geared toward attainment of skills relating to the corequisite music class. Accumulation of 16 hours earns 0.3 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.
### Music 101 (C-ID MUS 100)
#### Music Appreciation
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

Designed to increase awareness and appreciation of music from the European classical tradition in relation to general culture and history. Develops basic understanding of musical elements and deepens student’s experience of music. Recommended for non-music majors. CSU/UC

### Music 101H (C-ID MUS 100)
#### Honors Music Appreciation
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

**Prerequisite:** A high school or college GPA of 3.0 or above.

An enriched approach designed for honors students. The European classical music tradition through study of musical elements, stylistic features, culture, and history. Readings, guided listening assignments, required concert attendance, and special projects. Recommended for non-music majors. CSU/UC

### Music 102
#### World Music
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

Music from the Far East, Southeast Asia, Africa, the Middle East, Europe and the Americas. Students are guided to enjoy and to understand music from diverse cultures. Investigation of the interconnections of culture, aesthetics, and musical styles. Concert attendance and assigned listening required. CSU/UC

### Music 102H
#### Honors World Music
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

**Prerequisite:** High School or college GPA of 3.0 or above.

An enriched, in-depth study of music from Asia, Africa, the Middle East, Europe, and the Americas. Seminar-style critical investigation of the interconnections of culture, aesthetics, and musical styles. Concert attendance and assigned listening required. CSU/UC

### Music 103
#### Jazz in America
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

A historical survey of the development and evolution of jazz in America from its earliest roots in African and European music. The study will also include the social and economic conditions which influenced this art form. CSU/UC

### Music 104
#### Rock Music History and Appreciation
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

A historical survey of rock music from its beginnings in the 50’s to the present. Major rock and pop styles will be discussed. Personalities and musical styles will be related to the social, political, and cultural context of the time. CSU/UC

### Music 105
#### Film Music Appreciation
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

A study of the history and development of film music in the twentieth and twenty-first century. Students are guided through a critical examination of a variety of music soundtracks by prominent composers and will explore how the music reflects changes in our society and culture. CSU/UC

### Music 109
#### Reading and Making Music
- **Unit(s):** 2.0  
- **Class Hours:** 36 Lecture total.

Introduction to music reading. Practical experience in learning how to perform melodies, rhythms, and simple chords from a written score. Recommended for beginning instrumental and voice students, and those preparing for music theory. CSU/UC

### Music 110 (C-ID MUS 110)
#### Music Fundamentals and Culture
- **Unit(s):** 3.0  
- **Class Hours:** 54 Lecture total.

An introduction to the notation and primary elements of tonal music throughout history from Western and global cultures. Examples from music literature will demonstrate staff notation in treble and bass clefs, rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; and diatonic chords. History and social context of these concepts will be discussed. Development of skills in handwritten notation is expected. CSU/UC

### Music 111 (C-ID MUS 120) (C-ID MUS 125)
#### Basic Music Theory and Musicianship I
- **Unit(s):** 4.0  
- **Class Hours:** 72 Lecture, 18 Laboratory total.

Introductory level course in music theory and its applications in traditional and modern musical practice. Includes detailed study of rhythm, notation, scales, intervals, chords, diatonic harmony, and voice leading as well as sight singing and other musicianship skills. Ability to read music in at least one clef recommended. Required of music majors; open to non-majors. CSU/UC

### Music 112 (C-ID MUS 130) (C-ID MUS 135)
#### Music Theory and Musicianship II
- **Unit(s):** 4.0  
- **Class Hours:** 72 Lecture, 18 Laboratory total.

**Prerequisite:** Music 111 with a minimum grade of C.

Continued study of harmony and ear training. Includes writing phrases and cadences, non-harmonic tones, harmonization, voice leading, melodic construction, figured bass, chord progression, and keyboard harmony. Required for music majors; open to non-majors. CSU/UC

### Music 113A
#### Basic Musicianship Skills
- **Unit(s):** 1.0  
- **Class Hours:** 18 Lecture, 18 Laboratory total.

Ear training and in-class sightsinging preparation for students not ready for Music 114A. Arranged hours in Music Lab for computer programs and ear training CDs. Basic knowledge of scales and intervals recommended. A combination of Music 113A, 113B, 114A, and 114B may be taken a maximum of four enrollments. CSU/UC

### Music 113B
#### Musicianship Skills
- **Unit(s):** 1.0  
- **Class Hours:** 18 Lecture, 18 Laboratory total.

**Prerequisite:** Music 113A with a minimum grade of C.

Continued ear training and in-class sightsinging preparation for students not ready for Music 114A. Arranged hours in Music Lab for computer programs and ear training CDs. Basic knowledge of scales and intervals recommended. Grade: Pass/No Pass Only. A combination of Music 113A, 113B, 114A, and 114B may be taken a maximum of four enrollments. CSU/UC

### Music 114A (C-ID MUS 145)
#### Musicianship
- **Unit(s):** 1.0  
- **Class Hours:** 54 Laboratory total.

**Prerequisite:** Music 112 with a minimum grade of C.

Competency-based sightsinging, rhythm, ear training, and dictation (melodic/harmonic) for performers and transferring music majors. Ear training software in the Music Lab is used for aural exercises. A combination of Music 113A, 113B, 114A, and 114B may be taken a maximum of four enrollments. CSU/UC
Music 114B (C-ID MUS 155)
Musicianship
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Prerequisite: Music 114A with a minimum grade of C.
Competency-based sightingsing, rhythm, ear training, and dictation (melodic/harmonic) for performers and transferring music majors. Ear Training software in the Music Lab is used for aural exercises. B semester uses more advanced materials. A combination of Music 113A, 113B, 114A, and 114B may be taken a maximum of four enrollments. CSU/UC

Music 115A (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92 Laboratory total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar. Five hours on-campus practice per week and attendance at weekly recital required. No more than a total of 4 semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course. Open Entry/Open Exit. A combination of Music 115A, 115B, 115C, 115D, and 215 may be taken a maximum of four enrollments. CSU/UC

Music 115B (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92 Laboratory total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar, covering more advanced repertoire than Music 115A. Five hours on-campus practice per week and attendance at weekly recital required. No more than a total of 4 semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course. Open Entry/Open Exit. A combination of Music 115A, 115B, 115C, 115D, and 215 may be taken a maximum of four enrollments. CSU/UC

Music 115C (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92 Laboratory total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar, covering more advanced repertoire than Music 115B. Five hours on-campus practice per week and attendance at weekly recital required. No more than a total of 4 semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course. Open Entry/Open Exit. A combination of Music 115A, 115B, 115C, 115D, and 215A may be taken a maximum of four enrollments. CSU/UC

Music 115D (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92 Laboratory total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar, covering more advanced repertoire than Music 115C. Five hours on campus practice per week and attendance at weekly recital required. No more than a total of 4 semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course. Open Entry/Open Exit. A combination of Music 115A, 115B, 115C, 115D, and 215 may be taken a maximum of four enrollments. CSU/UC

Music 121
Beginning Voice
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Group instruction designed to develop basic principles of solo and choral voice production, diction, breath control, and posture. Vocal analysis of each student emphasized. Practice outside of class required. Recommended for non-music majors and for music majors not studying privately. A combination of Music 121, 122, 123, and 124 may be taken a maximum of four enrollments. CSU/UC

Music 122
Intermediate Voice
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 121 with a minimum grade of C.
Group instruction designed to develop intermediate principles of solo and choral voice production, diction, breath control, and posture. Song literature matched to student level. Designed for both music majors and non-music majors. A combination of Music 121, 122, 123, and 124 may be taken a maximum of four enrollments. CSU/UC

Music 123
Advanced Voice
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 122 with a minimum grade of C.
Group instruction designed to present advanced vocal exercises for solo and choral vocal production. Instruction includes song literature in English and several foreign languages. Practice outside of class required. Designed for both music majors and non-music majors. A combination of Music 121, 122, 123, and 124 may be taken a maximum of four enrollments. CSU/UC

Music 124
Advanced Vocal Production and Repertoire
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 123 with a minimum grade of C.
Continuation of group instruction for students who have completed three semesters of voice and can perform at an advanced level. Further develops advanced vocal and choral production through a variety of vocalize styles and techniques. Instruction includes advanced English and foreign language song literature. Practice outside of class required. Designed for both music majors and non-music majors. A combination of Music 121, 122, 123, and 124 may be taken a maximum of four enrollments. CSU/UC

Music 135 (C-ID MUS 180)
Concert Chorale
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Rehearsal and performance of standard and current choral repertoire. Designed to train students in mixed ensemble singing. Public performance emphasized. Each semester requires performance of a variety of new and different repertoire. Designed for students who have basic singing skills. May be repeated. CSU/UC
Music 136
Collegiate Choir
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Mixed chorus which rehearses and performs a variety of music, including classical, folk tunes, and songs from Broadway musicals. Each semester requires performance of new repertoire. May be repeated. Grade: Pass/No Pass Only. CSU/UC

Music 137 (C-ID MUS 180)
Chamber Choir
Unit(s): 1.0  Class Hours: 72 Laboratory total.
Prerequisite: Audition.
Rehearsal and performance of chamber choir repertoire from various historical periods. Course designed for festival and concert performance. Each semester requires the performance of new repertoire. May be repeated. CSU/UC

Music 140
Instrumental Methods for Winds and Percussion
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Instrumental instruction on woodwinds, brass, or percussion in an ensemble setting at the beginning and intermediate levels. Fundamental skills developed through rehearsal and in-class performance of technical exercises and beginning band repertoire. CSU/UC

Music 141
Instrumental Ensembles
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Study, rehearsal, and performance of music for small commercial instrumental groups. Music literature will differ each semester. Previous instrumental performance experience recommended. May be repeated. CSU/UC

Music 142
Creating Music on the Digital Audio Workstation
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Basic techniques in creating music with computer assisted technology including the production of software instrument tracks, drum track programming, audio recording, editing, mixdown, and use of the software sampler. Students learn practical applications through creation of musical projects. CSU

Music 143
Intermediate Techniques on the Digital Audio Workstation
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 142 with a minimum grade of C.
Intermediate techniques in creating music with computer assisted technology including digital sound manipulation, time and pitch editing, virtual mixing, auxiliary tracks, MIDI effects, and use of the software sampler. Students learn practical applications and electronic composition through creation of musical projects. CSU

Music 144
Projects in Electronic Music
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 143 or Music 147 with a minimum grade of C.
Exploration of digital recording and MIDI concepts for commercial applications. Individual projects will improve and extend students' skills in the areas of composition, sequencing, and recording. Assignments will help prepare students for level 1 certification in Logic. CSU

Music 145
Jazz Improvisation and Performance Workshop
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Performance and analysis of jazz standards and popular pieces in a practical workshop setting. Elements of improvisation and ensemble playing are stressed. Assumes a rudimentary understanding of chords and scales. Open to all instrumentalists and vocalists. CSU/UC

Music 146
Digital Recording Studio Techniques I
Unit(s): 2.0  Class Hours: 27 Lecture, 27 Laboratory total.
Introductory class in computer-based hard disk recording. Emphasis on digital sound manipulation, editing, mixdown, and microphone techniques. CSU

Music 147
Digital Recording Studio Sound Design
Unit(s): 2.0  Class Hours: 36 Lecture total.
Techniques of sound design in the digital recording studio including creation of sampler instruments, classic analog synthesizer programming, and other techniques of original sound creation using digital audio manipulation. Some prior experience on a digital audio workstation recommended. CSU

Music 148
Music Scoring for Film and Multimedia
Unit(s): 2.0  Class Hours: 27 Lecture, 27 Laboratory total.
Techniques of scoring music, audio, and sound effects to video and multimedia. Compositional elements of scoring to picture as well as technical elements of creating digital audio tracks are covered. Experience with digital recording and/or working with a digital audio workstation is necessary. CSU

Music 149
The Business of Music
Unit(s): 2.0  Class Hours: 36 Lecture total.
Introduction to the business and legal aspects of the music industry. This course covers current trends and issues for performing and recording careers in music. Topics include copyright, royalties, recording contracts, performing rights organizations, publishing, and publicity. CSU

Music 152
Beginning Audio Production
Unit(s): 3.0  Class Hours: 54 Lecture, 18 Laboratory total.
Introduction to the theory and practice of audio production for radio, stage, television, film and digital recording applications. Students will learn the fundamentals of sound design and aesthetics, microphone use, and digital recording equipment. Students gain hands on experience recording, editing, mixing and mastering audio. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. (Same as TV/Video Communications 152). CSU/UC

Music 153
Introduction to Game Audio
Unit(s): 2.0  Class Hours: 27 Lecture, 27 Laboratory total.
Introduction to the techniques and implementation of audio production in game design including the incorporation of music, dialog and sound effects. Recording, editing, digital effect application, looping, layering, and mixing for an interactive game environment are covered. CSU
Music 161
Class Piano I
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 163 with a minimum grade of C.
Group instruction for beginners emphasizing note reading, basic keyboard skills, chord patterns and sight reading. Practice outside of class required. Practice pianos available on campus. Required for music majors whose principal instrument is not piano. A combination of Music 161, 162, 163, 164A, and 164B may be taken a maximum of four enrollments. CSU/UC

Music 162
Class Piano II
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 161 with a minimum grade of C.
Group instruction for those possessing basic piano skills, but still classified as beginners. Emphasizes note reading, keyboard technique, chord patterns, and sightreading. Daily practice required. Practice pianos available on campus. Required for music majors whose principal instrument is not piano. A combination of Music 161, 162, 163, 164A, and 164B may be taken a maximum of four enrollments. CSU/UC

Music 163
Class Piano III
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 162 with a minimum grade of C.
Instruction for students who have completed two semesters of piano and are ready for the intermediate level. Emphasizes building technique, sight reading, and performance. Daily practice required. Practice pianos available on campus. A combination of Music 161, 162, 163, 164A, and 164B may be taken a maximum of four enrollments. CSU/UC

Music 164A
Intermediate Piano Repertoire I
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.
Prerequisite: Music 163 with a minimum grade of C.
Instruction for intermediate level students. Emphasizes solo material, technique, sight reading, interpretation, and performance. Daily practice required. Practice pianos available on campus. A combination of Music 161, 162, 163, 164A, and 164B may be taken a maximum of four enrollments. CSU/UC

Music 164B
Intermediate Piano Repertoire II
Unit(s): 1.0  Class Hours: 9 Lecture, 27 Laboratory total.
Prerequisite: Music 164A with a minimum grade of C.
Continuation of instruction for advanced intermediate level students. Emphasizes solo material, technique, sight reading, and performance. Daily practice required. Practice pianos available on campus. A combination of Music 161, 162, 163, 164A, and 164B may be taken a maximum of four enrollments. CSU/UC

Music 168
Stylistic Interpretation of Piano Repertoire
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Prerequisite: Music 163 with a minimum grade of C.
Style characteristics of Baroque, Classical, Romantic and 20th century music studied through representative piano compositions. Students learn to play expressively within currently accepted performance practices for each period. Not for beginners. A combination of Music 168 and 268 may be taken a maximum of four enrollments. CSU/UC

Music 169
Harmonization At the Keyboard
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Recommended Preparation: Music 161 with a minimum grade of C or similar beginning experience playing the piano.
Beginning keyboard harmonization skills. Includes playing by ear and learning accompaniment patterns in several styles from simple chord progressions. A combination of Music 169 and 269 may be taken a maximum of four enrollments. CSU/UC

Music 171 (C-ID MUS 180)
Concert Band
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Study and rehearsal of band music for concert performances on campus and in the community. Each semester requires performance of new and different repertoire. Designed for students with basic performance skills. May be repeated. CSU/UC

Music 173
Beginning Rhythms in Percussion and Drums
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
The introduction of snare drum and drum set in a class situation. Designed to teach the basics of percussion and drum set performance for the beginning student. Emphasis on rhythmic reading, rudimental techniques, and basic drum set coordinates in various styles. CSU/UC

Music 175 (C-ID MUS 180)
Jazz Ensemble
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Study, rehearsal, and performance of contemporary jazz/rock music for the jazz ensemble with help in developing techniques of improvisation. Each semester requires performance of new and different repertoire. Designed for students with basic performance skills. May be repeated. CSU/UC

Music 176
Jazz Band
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Advanced study, rehearsal, and performance of standard and contemporary jazz literature. Includes advanced techniques in improvisation. Each semester requires performance of new and different repertoire. Designed for students with basic performance skills. May be repeated. CSU/UC

Music 178
Mariachi
Unit(s): 1.0  Class Hours: 54 Laboratory total.
Mixed ensemble for the study, rehearsal, and performance of Mariachi repertoire with an emphasis on the music from Jalisco. Each semester requires the performance of different repertoire. Designed for students who have basic performance skills. May be repeated. CSU/UC

Music 180A
String Methods
Unit(s): 1.0  Class Hours: 18 Lecture, 18 Laboratory total.
Beginning instruction on violin, viola, cello, or string bass. Fundamental skills developed through in-class rehearsal and performance of technical exercises and beginning orchestral repertoire. A combination of Music 180A and 180B may be taken a maximum of four enrollments. CSU/UC
**Music 180**
**Intermediate String Methods**
Unit(s): 1.0  
Class Hours: 18 Lecture, 18 Laboratory total.

**Prerequisite:** Music 180A with a minimum grade of C.
Intermediate instruction on violin, viola, cello, or string bass. Skills developed through in-class rehearsal and performance of intermediate technical exercises and orchestral repertoire. A combination of Music 180A and 180B may be taken a maximum of four enrollments. CSU/UC

---

**Music 181 (C-ID MUS 180)**
**Chamber Orchestra**
Unit(s): 1.0  
Class Hours: 54 Laboratory total.

Rehearsal and performance of standard repertoire for chamber orchestra. Each semester requires the performance of a variety of different repertoire. Designed for students who have basic performance skills. May be repeated. CSU/UC

---

**Music 185**
**Beginning Classical Guitar**
Unit(s): 1.0  
Class Hours: 18 Lecture, 18 Laboratory total.

Basic instruction in guitar technique and music nomenclature as related to performance of entry level solo and ensemble repertoire. Student must furnish nylon string guitar. A combination of Music 185, 186, 187, and 188 may be taken a maximum of four enrollments. CSU/UC

---

**Music 186**
**Intermediate Classical Guitar**
Unit(s): 1.0  
Class Hours: 18 Lecture, 18 Laboratory total.

**Prerequisite:** Music 185 with a minimum grade of C.
Instruction at the intermediate level in solo, duo, and trio repertoire. Emphasizes technique studies and performance styles of 18th century music. Student must provide nylon string guitar. A combination of Music 185, 186, 187, and 188 may be taken a maximum of four enrollments. CSU/UC

---

**Music 187**
**Advanced Classical Guitar**
Unit(s): 1.0  
Class Hours: 9 Lecture, 27 Laboratory total.

**Prerequisite:** Music 186 with a minimum grade of C.
Instruction at the advanced level in solo, duo, and trio repertoire. Emphasizes advanced technical studies and etudes and performance styles of 16th through 20th century music. Student must provide nylon string guitar. A combination of Music 185, 186, 187, and 188 may be taken a maximum of four enrollments. CSU/UC

---

**Music 188**
**Advanced Classical Guitar Technique and Repertoire**
Unit(s): 1.0  
Class Hours: 18 Lecture, 18 Laboratory total.

**Prerequisite:** Music 187 with a minimum grade of C.
Study of advanced guitar technique, solo literature, and performance practices of Renaissance, Baroque, and Classical styles through 20th century music. Student must provide nylon string guitar. A combination of Music 185, 186, 187, and 188 may be taken a maximum of four enrollments. CSU/UC

---

**Music 189**
**Guitar Ensemble**
Unit(s): 1.0  
Class Hours: 54 Laboratory total.
Rehearsal and performance of standard and current repertoire for guitar ensemble. Each semester requires the performance of a variety of different repertoire. Designed for students who can read notes in first position. May be repeated. CSU/UC

---

**Music 190**
**Introduction to Protools**
Unit(s): 1.5  
Class Hours: 18 Lecture, 27 Laboratory total.

Fundamental features and applications of ProTools audio software used in post-production for television, film and music. Orientation to functions, user interface and actual operation of digital audio workstation. Techniques and aesthetics associated with creation of well-mixed soundtracks are addressed. Hands-on practice with digital recording and editing of soundtracks. (Same as Television/Video Communications 190), CSU

---

**Music 198**
**Topics**
Unit(s): 0.5 - 1  
Class Hours: 9–18 Lecture total.
Topics of special interest offered to meet the interests and needs of students of music. CSU

---

**Music 211**
**Music History and Literature**
Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** Music 112 with a minimum grade of C.
Survey of important European trends in musical style and form from the Middle Ages to the 20th century. Required for music majors. Open to non-music majors. CSU/UC

---

**Music 213 (C-ID MUS 140)**
**Theory 3**
Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** Music 112 with a minimum grade of C.
Continuation of diatonic harmony from Music 112. Chromatic harmony introduced. Includes non-dominant seventh chords, secondary dominants, modulation, and altered chords. Keyboard harmony. Concurrent enrollment in Music 114A recommended. Required for music majors; open to non-majors. CSU/UC

---

**Music 214 (C-ID MUS 150)**
**Theory 4**
Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** Music 213 with a minimum grade of C.
Continuation of Music 213. Late 19th century harmonic technique, and important aspects of 20th century style. Analysis and writing of short, derivative compositions. Keyboard harmony. Concurrent enrollment in Music 114B recommended. Required for music majors; open to non-majors. CSU/UC

---

**Music 215A**
**Applied Music (Advanced Private Instruction)**
Unit(s): 1.5  
Class Hours: 92 Laboratory total.

**Prerequisite:** Music 115D with a minimum grade of C and audition and concurrent enrollment in a music ensemble or music theory course.
Advanced lessons in classical music in voice, piano, band/orchestral instrument, or guitar. Weekly requirements include five hours on-campus practice per week, weekly lessons, and weekly recital attendance. A combination of Music 215A, 115B, 115C, 115D, and 215A may be taken a maximum of four enrollments. CSU/UC

---

**Music 216**
**Advanced Harmony and Composition I**
Unit(s): 3.0  
Class Hours: 54 Lecture total.

**Prerequisite:** Music 214 with a minimum grade of C.
Extension of harmonic studies of Music 213 and 214 into complete small compositions. Emphasizes learning to write effectively for the piano. Introduction to simple contrapuntal techniques and how to combine words with music. CSU/UC
### Music 217
Advanced Harmony and Composition II
Unit(s): 3.0 Class Hours: 54 Lecture total.

**Prerequisite:** Music 214 with a minimum grade of C.

Extension of Music 213 and Music 214 harmonic studies into complete small compositions. Emphasizes development technique. Explores highly chromatic harmony, dissonance, and selected 20th century styles. CSU/UC

### Music 218
Music Notation Using Finale Software
Unit(s): 1.0 Class Hours: 18 Lecture, 18 Laboratory total.

Computer notation skills using Finale software. Covers various methods for inputting musical elements as well as editing, layout techniques, and score preparation. Intended for music students, music teachers, amateurs, and professionals. CSU

### Music 241
Chamber Music Ensemble
Unit(s): 1.0 Class Hours: 54 Laboratory total.

**Prerequisite:** Audition.

Rehearsal and performance of music of various periods and styles for small instrumental, vocal, or combined ensembles. Each semester requires performance of new repertoire. Designed for students with previous performance experience. Audition required. May be repeated. CSU/UC

### Music 268
Intermediate Keyboard Repertoire
Unit(s): 1.0 Class Hours: 18 Lecture, 18 Laboratory total.

**Prerequisite:** Music 168 with a minimum grade of C.

Style characteristics of Baroque, Classical, Romantic, and 20th century music studied through intermediate level piano compositions. Students learn to play expressively within currently accepted performance practices for each period. A combination of Music 168 and 268 may be taken a maximum of four enrollments. CSU/UC

### Music 269
Intermediate Harmonization at the Keyboard
Unit(s): 1.0 Class Hours: 18 Lecture, 18 Laboratory total.

**Prerequisite:** Music 169 with a minimum grade of C.

Intermediate keyboard harmonization skills. Includes playing by ear and learning accompaniment patterns in jazz, popular and classical styles using a variety of chord progressions. A combination of Music 169 and 269 may be taken a maximum of four enrollments. CSU/UC

### Music 271 (C-ID MUS 180)
Symphonic Band
Unit(s): 1.0 Class Hours: 54 Laboratory total.

The rehearsal and performance of band music. Preparation of standard band repertoire for performances in the community. Each semester requires performance of a variety of new and different repertoire. Designed for students with intermediate or advanced performance skills. May be repeated. CSU/UC

### NURSING-REGISTERED (NRN)

#### Nursing-Registered 098
**Topics**
Unit(s): 0.5 - 3.0 Class Hours: 8-48 Lecture total.

Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in the Nursing area. Not offered every semester.

#### Nursing-Registered 101
**Nursing Process: Non-Critical Adults**
Unit(s): 4.5 Class Hours: 72 Lecture total.

**Prerequisite:** Biology 239, Biology 249, Biology 139 or 229, and English 101/101H with a minimum grade of C. Concurrent enrollment in Nursing-Registered 101L.

Emphasizes nursing process in the care of adult and geriatric patients of diverse cultures with non-critical biological and psychosocial system needs. CSU

#### Nursing-Registered 101L
**Nursing Actions: Non-Critical Adults**
Unit(s): 5.0 Class Hours: 240 Laboratory total.

**Prerequisite:** Biology 239, Biology 249, Biology 139 or 229, and English 101/101H with a minimum grade of C. Concurrent enrollment in Nursing-Registered 101.

Clinical experience emphasizing nursing process for adults and geriatric patients of diverse cultures with non-critical biological system needs. Focuses on psychomotor skills and application. Applies concepts to multicultural groups in acute and other community based settings. Grade: Pass/No Pass Only. CSU

#### Nursing-Registered 102
**Nursing Process: Women, Parents, and Children**
Unit(s): 4.0 Class Hours: 64 Lecture total.

**Prerequisite:** Nursing-Registered 101, 101L, 103, 112 with a minimum grade of C. Concurrent enrollment in Nursing-Registered 102L.

Emphasizes nursing process of women, parents, and children of diverse cultures with biological and psychosocial system needs. Examines community-based nursing concepts. Focuses on growth and development across the life phases with emphasis on family centered care. Principles of I.V. therapy will also be emphasized. CSU

#### Nursing-Registered 102L
**Nursing Actions: Women, Parents, and Children**
Unit(s): 4.6 Class Hours: 220 Laboratory total.

**Prerequisite:** Nursing-Registered 101, 101L, 103, 112 with a minimum grade of C. Concurrent enrollment in Nursing-Registered 102.

Clinical laboratory experience emphasizing the nursing process in the care of women, parents, and children of diverse cultures with biological and psychosocial system need deficits. Application of the nursing process in acute care and community-based settings. Focus is on the application of the biological and psychosocial theoretical concepts in clinical practice. Grade: Pass/No Pass Only. CSU

#### Nursing-Registered 103
**Pharmacological Concepts of Nursing**
Unit(s): 3.0 Class Hours: 48 Lecture total.

**Prerequisite:** English 101 or English 101H, Biology 239, Biology 249, Biology 139 or 229 with a minimum grade of C.

Introduction to pharmacology, dosage calculations, drug classifications, and application of nursing process to drug administration. Completion required prior to entry into Nursing-Registered 102/102L. CSU
**Nursing-Registered 105**
Cooperative Work Experience-Occupational Education-Occupational Unit(s): 1.0 - 4.0 Class Hours: 60-300 Lecture total.

Co-Prerequisite: Concurrent enrollment in Nursing-Registered 201L or Nursing-Registered 202L.

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

**Nursing-Registered 106A**
Health Science Skills Laboratory - First Semester
Unit(s): 0.5 Class Hours: 24 Laboratory total.

Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.

Supervised use with supplemental learning assistance of the skills lab to assist the student in the development of clinical competency of nursing fundamentals and mastery of fundamental psychomotor skills content addressed in courses NRN-161, NRN 161L, NRN 165 and NRN-163L. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

**Nursing-Registered 106B**
Health Sciences Skills Laboratory - Second Semester
Unit(s): 0.5 Class Hours: 24 Laboratory total.

Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.

Supervised use with supplemental learning assistance of skills lab to assist the student in development of clinical competency of nursing concepts pertaining to maternal-child health and mastery of psychomotor skills related to maternal-child biological and psychosocial needs addressed in courses NRN 164, NRN 164L, NRN 165, and NRN 165L. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

**Nursing-Registered 106C**
Health Sciences Skills Laboratory - First Year Refresher
Unit(s): 0.5 Class Hours: 24 Laboratory total.

Prerequisite: Enrollment in the Registered Nursing Program, EMT, any N.C.E. courses, or RN re-entry.

Supervised use with supplemental learning assistance of skills lab to assist the re-entry student or EMT student in the expansion of clinical competency of principles of nursing and mastery of basic to intermediate psychomotor skills content addressed in courses NRN 161, NRN 161L, NRN 163, NRN 163L, NRN 164, NRN 164L, EMT 101 or EMT 105. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

**Nursing-Registered 112**
Nursing Concepts
Unit(s): 1.5 Class Hours: 24 Lecture total.

Prerequisite: Biology 239 and Biology 249 and Biology 139 or Biology 229 and English 101 or English 101H with a minimum grade of C.

Emphasizes development of the registered nurse including role, communication, nursing process, legal and ethical concepts, test taking strategies, the Santa Ana College Conceptual Framework for Nursing, nutrition, and medical terminology. Completion required prior to entry into Nursing-Registered 102/102L. CSU

**Nursing-Registered 160**
Introduction to Pharmacology
Unit(s): 1.0 Class Hours: 16 Lecture total.

Prerequisite: Biology 239 and Biology 249 and Biology 139 or Biology 229 and English 101 or English 101H with a minimum grade of C.

Concurrent enrollment in Nursing-Registered 161 and Nursing-Registered 161L.

This course introduces the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: safety and infection control, diversity, health promotion, communication, professional behavior, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to identify safe nursing care incorporating the concepts discussed in this course. CSU

**Nursing-Registered 161**
Principles of Nursing Practice
Unit(s): 2.0 Class Hours: 24 Lecture total.

Prerequisite: Biology 239 and Biology 249 and Biology 139 or Biology 229 and English 101 or English 101H with a minimum grade of C.

Concurrent enrollment in Nursing-Registered 160 and Nursing-Registered 161L.

This course introduces the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: elimination, metabolism, oxygenation, tissue integrity, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, healthcare system, and ethics. Upon completion, students should be able to identify safe nursing care incorporating the concepts discussed in this course. CSU

**Nursing-Registered 161L**
Principles of Nursing Practice Lab
Unit(s): 2.5 Class Hours: 120 Laboratory total.

Prerequisite: Biology 239 and Biology 249 and Biology 139 or Biology 229 and English 101 or English 101H with a minimum grade of C.

Concurrent enrollment in Nursing-Registered 160 and Nursing-Registered 161.

This clinical course applies the concepts of NRN 161 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: elimination, metabolism, oxygenation, tissue integrity, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, healthcare system, ethics, and clinical competency. Grade: Pass/No Pass Only. CSU

**Nursing-Registered 162**
Pharmacological Concepts
Unit(s): 1.5 Class Hours: 24 Lecture total.

Prerequisite: Nursing-Registered 160 and Nursing-Registered 161 with a minimum grade of C, and Nursing-Registered 161L with a minimum grade of P. Concurrent enrollment in Nursing-Registered 163 and Nursing-Registered 163L.

This course further develops the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, metabolism, central nervous system, cellular regulation, oxygenation, perfusion, reproduction, inflammation,infection, mobility, comfort, stress and coping, mood & affect, cognition, safety & infection control, communication, professional behavior, clinical reasoning/judgment, and ethics. Upon completion, students should be able to identify safe nursing care incorporating the concepts discussed in this course. CSU
Nursing-Registered 163
Simple Concepts
Unit(s): 3.0 Class Hours: 48 Lecture total.
Prerequisite: Nursing-Registered 160 and Nursing-Registered 161 with a minimum grade of C, and Nursing-Registered 161L with a minimum grade of P Concurrent enrollment in Nursing-Registered 162 and Nursing-Registered 163L.
This course further develops the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, elimination, metabolism, perfusion, inflammation, tissue integrity, infection, mobility, comfort, cognition, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to explain safe nursing care incorporating the concepts discussed in this course. Grade: Pass/No Pass Only. CSU

Nursing-Registered 163L
Simple Concepts Lab
Unit(s): 2.5 Class Hours: 120 Laboratory total.
Prerequisite: Nursing-Registered 160 and Nursing-Registered 161 with a minimum grade of C, and Nursing-Registered 161L with a minimum grade of P Concurrent enrollment in Nursing-Registered 162 and Nursing-Registered 163.
This clinical course applies the concepts of NRN 163 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, elimination, metabolism, perfusion, inflammation, tissue integrity, infection, mobility, comfort, cognition, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to demonstrate safe nursing care incorporating the concepts identified in this grade. Grade: Pass/No Pass Only. CSU

Nursing-Registered 164
Family Health Concepts
Unit(s): 2.0 Class Hours: 32 Lecture total.
Prerequisite: Nursing-Registered 162 and Nursing-Registered 163 with a minimum grade of C, and Nursing-Registered 163L with a minimum grade of P Concurrent enrollment in Nursing-Registered 164L.
This course further describes the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: physical growth and development, psychosocial development, cognitive development, metabolism, cellular regulation, perfusion, reproduction, infection, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to interpret safe nursing care incorporating the concepts discussed in this course. CSU

Nursing-Registered 164L
Family Health Concepts Lab
Unit(s): 2.0 Class Hours: 96 Laboratory total.
Prerequisite: Nursing-Registered 162 and Nursing-Registered 163 with a minimum grade of C, and Nursing-Registered 163L with a minimum grade of P Concurrent enrollment in Nursing-Registered 164L.
This clinical course applies the concepts of NRN 164 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: physical growth and development, psychosocial development, cognitive development, metabolism, cellular regulation, perfusion, reproduction, infection, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, ethics, and clinical competencies. Upon completion, students should be able to employ safe nursing care incorporating the concepts identified in this course. Grade: Pass/No Pass Only. CSU

Nursing-Registered 165
Health Illness Concepts
Unit(s): 2.5 Class Hours: 40 Lecture total.
Prerequisite: Nursing-Registered 164 with a minimum grade of C, and Nursing-Registered 164L with a minimum grade of P Concurrent enrollment in Nursing-Registered 165L.
This course relates the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: psychosocial development, cognitive development, metabolism, cellular regulation, oxygenation, inflammation, infection, comfort, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to differentiate safe nursing care incorporating the concepts discussed in this course. Grade: Pass/No Pass Only. CSU

Nursing-Registered 165L
Health Illness Concepts Lab
Unit(s): 2.5 Class Hours: 120 Laboratory total.
Prerequisite: Nursing-Registered 164 with a minimum grade of C, and Nursing-Registered 164L with a minimum grade of P Concurrent enrollment in Nursing-Registered 165.
This clinical course applies the concepts of NRN 165 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: psychosocial development, cognitive development, metabolism, cellular regulation, oxygenation, inflammation, infection, comfort, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to differentiate safe nursing care incorporating the concepts discussed in this course. Grade: Pass/No Pass Only. CSU

Nursing-Registered 198
Topics
Unit(s): 0.5 - 3.0 Class Hours: 8–48 Lecture total.
Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in the nursing area. Not offered every semester. Open Entry/Open Exit. CSU

Nursing-Registered 200
Role Transition
Unit(s): 2.0 Class Hours: 32 Lecture total.
Prerequisite: Acceptance into the Nursing Program.
Bridge course for LVN or transfer student with an emphasis on RN role development. Application of the nursing process within the Santa Ana College Nursing Conceptual Framework. Review of test-taking strategies, medication calculations, fluid balance, and skills testing. Open to all nursing students; required of advanced placement. Grade: Pass/No Pass Only. CSU

Nursing-Registered 201
Nursing Process: Critical Biological and Psychosocial System Needs I
Unit(s): 4.0 Class Hours: 64 Lecture total.
Prerequisite: Nursing-Registered 102 and 102L with a minimum grade of C. Concurrent enrollment in Nursing-Registered 201L.
Emphasizes nursing process of adult and geriatric patients of diverse cultures with critical biological and psychosocial system needs deficits. CSU

Nursing-Registered 201L
Nurse Actions: Critical Biological and Psychosocial System Needs I
Unit(s): 5.0 Class Hours: 240 Laboratory total.
Prerequisite: Nursing-Registered 102, 102L with a minimum grade of C. Concurrent enrollment in Nursing-Registered 201.
Application of the nursing process in caring for adults and geriatric patients of diverse cultures with critical biological and psychosocial system needs in institutional and community settings. Application of psychomotor skills and analysis of concepts. Grade: Pass/No Pass Only. CSU
Nursing-Registered 202
Nursing Process: Critical Biological And Psychosocial System Needs II
Unit(s): 4.0 Class Hours: 64 Lecture total.
Prerequisite: Nursing-Registered 201 and 201L with a minimum grade of C; Concurrent enrollment in Nursing-Registered 202L.
Emphasizes nursing process for adult and geriatric patients of diverse cultures with critical psychosocial and biological system needs with a focus on R.N. role in leadership, decision-making and patient teaching. CSU

Nursing-Registered 202L
Nursing Action: Critical Biological and Psychosocial System Needs II
Unit(s): 5.4 Class Hours: 256 Laboratory total.
Prerequisite: Nursing-Registered 201 and 201L with a minimum grade of C; Concurrent enrollment in Nursing-Registered 202L.
Application of leadership theory and nursing process to adult and geriatric patients of diverse cultures with critical psychosocial and biological system needs deficits. Application of cognitive content and practice of psychomotor skills. Preceptorship time and location to be arranged. Grade: Pass/No Pass Only. CSU

Nursing-Registered 206A
Health Sciences Skills Laboratory - Third Semester
Unit(s): 0.5 Class Hours: 24 Laboratory total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the student in development of clinical competency of mental health nursing and mastery of psychomotor skills content addressed in courses NRN 261, NRN 261L, NRN 262, and NRN 262L. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Nursing-Registered 206B
Health Sciences Skills Laboratory - Fourth Semester
Unit(s): 0.5 Class Hours: 24 Laboratory total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the student in development of clinical competency of advanced medical/surgical nursing concepts and mastery of advanced medical/surgical psychomotor skills content addressed in courses NRN 263, NRN 263L and NRN 264L. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Nursing-Registered 206C
Health Sciences Skills Laboratory - Second Year Transition
Unit(s): 0.5 Class Hours: 24 Laboratory total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the RN refresher, advanced placed nursing student, or EMT student in the development and maintenance of clinical competency of nursing theoretical knowledge and mastery of advanced psychomotor skills content necessary for the transition into clinical practice as addressed in courses NRN 261, NRN 261L, NRN 262, NRN 262L, NRN 263, NRN 263L, and NRN 264L, EMT 101, or EMT 105. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Nursing-Registered 261
Mental Health Concepts
Unit(s): 1.5 Class Hours: 24 Lecture total.
Prerequisite: Nursing-Registered 165 with a minimum grade of C, and Nursing-Registered 165L with a minimum grade of P. Concurrent enrollment in Nursing-Registered 261L.
This course examines the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, emergencies, stress & coping, mood & affect, cognition, addictive behavior, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to analyze safe nursing care incorporating the concepts discussed in this course. CSU

Nursing-Registered 261L
Mental Health Concepts Lab
Unit(s): 1.5 Class Hours: 72 Laboratory total.
Prerequisite: Nursing-Registered 165 with a minimum grade of C, and Nursing-Registered 165L with a minimum grade of P. Concurrent enrollment in Nursing-Registered 261.
This clinical course applies the concepts of NRN 261 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, emergencies, stress & coping, mood & affect, cognition, addictive behavior, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, ethics and clinical competency. Upon completion, students should be able to utilize safe nursing care incorporating the concepts identified in this course. Grade: Pass/No Pass Only. CSU

Nursing-Registered 262
Acute Concepts
Unit(s): 3.0 Class Hours: 48 Lecture total.
Prerequisite: Nursing-Registered 261 with a minimum grade of C, and Nursing-Registered 261L with a minimum grade of P. Concurrent enrollment in Nursing-Registered 262L.
This course correlates the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, central nervous system regulation, cellular regulation, oxygenation, perfusion, inflammation, infection, mobility, comfort, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to analyze safe nursing care incorporating the concepts discussed in this course. CSU

Nursing-Registered 262L
Acute Concepts Lab
Unit(s): 3.0 Class Hours: 144 Laboratory total.
Prerequisite: Nursing-Registered 261 with a minimum grade of C, and Nursing-Registered 261L with a minimum grade of P. Concurrent enrollment in Nursing-Registered 262.
This clinical course applies the concepts of NRN 262 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, central nervous system regulation, cellular regulation, oxygenation, perfusion, inflammation, infection, mobility, comfort, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, ethics, and clinical competency. Upon completion, students should be able to validate safe nursing care incorporating the concepts identified in this course. Grade: Pass/No Pass Only. CSU
Nursing-Registered 263
Complex Concepts
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Nursing-Registered 262 with a minimum grade of C, and Nursing-Registered 262L with a minimum grade of P. Concurrent enrollment in Nursing-Registered 263L.
This course formulates the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, metabolism, central nervous system regulation, oxygenation, perfusion, tissue integrity, infection, mobility, comfort, emergencies, safety & infection control, diversity, health promotion, communication, professional behavior, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to synthesize safe nursing care incorporating the concepts discussed in this course. CSU

Nursing-Registered 263L
Complex Concepts Lab
Unit(s): 2.5 Class Hours: 120 Laboratory total.
Prerequisite: Nursing-Registered 262 with a minimum grade of C, and Nursing-Registered 262L with a minimum grade of P. Concurrent enrollment in Nursing-Registered 263.
This clinical course applies the concepts of NRN 263 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, metabolism, central nervous system regulation, oxygenation, perfusion, tissue integrity, infection, mobility, comfort, emergencies, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, ethics, and clinical competency. Upon completion, students should be able to synthesize safe nursing care incorporating the concepts discussed in this course. Grade: Pass/No Pass Only. CSU

Nursing-Registered 264L
Preceptorship Lab
Unit(s): 2.5 Class Hours: 120 Laboratory total.
Prerequisite: Nursing-Registered 263 with a minimum grade of C, and Nursing-Registered 263L with a minimum grade of P
This clinical course applies the concepts of NRN 263 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on developing leadership skills including time management, prioritization, and delegation in an independent clinical environment precepted by an experienced registered nurse. Upon completion, students should be able to manage safe nursing care incorporating the concepts identified and discussed in the nursing curriculum. Grade: Pass/No Pass Only. CSU

NUTRITION AND FOOD (NUTR)
Nutrition and Food 101
The Food System and Career Opportunities
Unit(s): 1.5 Class Hours: 27 Lecture total.
Exploration of career opportunities and projected employment trends in dietetics, food science, and the food industry. Includes educational requirements for nutrition and dietetics majors, skill preparation, professional organizations, and ethics. CSU

Nutrition and Food 110
Food Sanitation and Safety
Unit(s): 3.0 Class Hours: 54 Lecture total.
Basic principles of sanitation and safety applied to commercial food service operations to comply with state regulations for sanitation certification. Includes certification knowledge of food borne illnesses and steps of food handling; personal hygiene, procurement, preparation, storage and service and equipment use, care, selection, and accident prevention. (Same as Culinary Arts 110). CSU

Nutrition and Food 115 (C-ID NUTR 110)
Nutrition
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: English 101 or English 101H
Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on individual needs. CSU/UC

Nutrition and Food 115H (C-ID NUTR 110)
Honors Nutrition
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: English 101 or English 101H Prerequisite: A high school or college GPA of 3.0 or above
Seminar style, content enriched for honors students, to provide a critical and extensive exploration of the major areas of nutrition. Includes issues related to diet-related conditions. CSU/UC

Nutrition and Food 116 (C-ID NUTR 120)
Principles of Food Preparation
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Recommended Preparation: English 101 or English 101H Prerequisite: Negative T.B. test or chest X-ray.
Application of food science principles with emphasis on ingredient function and interaction, food preparation techniques, sensory evaluation standards, food safety and sanitation, and nutrient composition of food. CSU

Nutrition and Food 118
Cultural Foods
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Negative T.B. test or chest X-ray.
Explores the rich cross-cultural variety of food traditions and the ways that food in all cultures creates group identity. Examination of regional, ethnic, cultural, religious, historical and social influences on food patterns and cuisines. Laboratory work includes preparation of traditional foods discussed in class. CSU/UC

Nutrition and Food 120
Food Service Nutrition
Unit(s): 2.0 Class Hours: 36 Lecture total.
Principles of nutrition and their application to personal lifestyle and a professional kitchen through an analysis of marketing, food trends, menu design and recipe modification. CSU

Nutrition and Food 121
Sports Nutrition
Unit(s): 3.0 Class Hours: 54 Lecture total.
Overview of the role nutrition plays in sports and athletic performance. An emphasis on energy and nutrient needs, determination of hydration status, sport specific nutrient recommendations, body composition, and supplementation guidelines. CSU

OCCUPATIONAL STUDIES (OS)
Occupational Studies 301
Therapeutic Approaches to the Older Adult
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.
This course will build upon the developmental concepts of aging to examine quality of life in older adulthood. The focus of this course will be on evaluating older adults from an occupational perspective and analyzing the skills needed to maintain independence and to successfully participate in meaningful activities throughout the older years.
OCCUPATIONAL THERAPY ASSISTANT

Occupational Studies 304
Movement Theory & Analysis
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

Movement is a significant aspect of occupational performance. This course will focus on current theories of motor control and motor learning with an emphasis of how these theories can be applied to provide evidence-based practice to those with motor dysfunction.

Occupational Studies 305
Advanced Pediatric Practice for the Occupational Therapy Assistant (OTA)
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will build upon developmental concepts related to pediatric Occupational Therapy (OT) practice. The focus of this course will be to look at specific settings related to pediatric occupational therapy practice. It will focus on evaluating the pediatric client related to acute hospital care and school based intervention.

Occupational Studies 310
Community-Based Occupational Therapy Practice
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will focus on the practice of Occupational Therapy (OT) in community-based settings. This will include an in-depth analysis of both the history and growth of OT practice in the community. Students will analyze the role of OT in community settings with a variety of populations.

Occupational Studies 312
Advanced Practice Areas in Occupational Therapy (OT)
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide a study of the advanced practice areas in occupational therapy. Advance practice areas in occupational therapy include: physical agent modalities (PAMs), hand therapy and feeding and swallowing. This class will focus on the theory and application of PAMs for the use in occupational therapy; the fundamentals of hand therapy including treatment guidelines in occupational therapy; and feeding and swallowing issues with the occupational therapy client.

Occupational Studies 325
Applying Research to Occupational Therapy Intervention
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide an in-depth study of utilizing evidence to develop effective treatment plans in Occupational Therapy. The focus will be on critically evaluating available research to develop best practice in intervention.

Occupational Studies 402
Neurological Principles in Human Performance
Unit(s): 4.0  Class Hours: 72 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide an in-depth study of the neurologic principles used in rehabilitation practice. This will focus on understanding the structures and function of the central and peripheral nervous systems and to the sequelae of injury to these systems. There will be an emphasis on cognitive, visual, and perceptual problems in adults with acquired brain injury.

Occupational Studies 403
Leadership for the Occupational Therapy Assistant (OTA)
Unit(s): 2.0  Class Hours: 36 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will explore leadership roles that are available to the OTA and the skills that are needed to assume them. The focus will be on leadership, advocacy, marketing, quality improvement, supervision, and scholarship. Students will also explore volunteerism and active participation in professional organizations.

Occupational Studies 410
Healthcare Systems
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will cover the various healthcare systems that influence the practice of occupational therapy. Topics will include economics, types of insurance, healthcare policies, ongoing healthcare reform, and the role of technology. As a part of this course students will complete an independent, in-depth study of one of the key practice areas in OT as identified by the American Occupational Therapy Association (AOTA).

Occupational Studies 412
Capstone Seminar
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This Capstone Seminar is designed to demonstrate the student’s accumulated training through the development of a project that reflects theory, advanced knowledge of practice, and innovation. The theme of each project will be facilitating engagement in occupation with the use of a therapeutic product. Each student will complete a project that is individually mentored and demonstrates an increased level of self-direction. Grade: Pass/No Pass Only.

OCCUPATIONAL THERAPY ASSISTANT (OTA)

Occupational Therapy Assistant 100
Medical Terminology and Documentation for the O.T.A.
Unit(s): 1.0  Class Hours: 18 Lecture total.

Prerequisite: Biology 149 or Biology 239 and Biology 249 with a minimum grade of C.

This course will offer an introduction to basic medical terminology and documentation appropriate to practice needs of the Occupational Therapy Assistant. CSU

Occupational Therapy Assistant 101
Foundations of Occupation and Occupational Therapy
Unit(s): 4.0  Class Hours: 72 Lecture total.

This course defines and explores occupation as it is used to provide the foundation for study of the occupational therapy profession. It further provides an overview of the history and development of occupational therapy as well as the dimensions of past and present practice. CSU

Occupational Therapy Assistant 101L
Exploration of Occupation Through Activity
Unit(s): 2.0  Class Hours: 102 Laboratory total.

Prerequisite: English 101/101H, and 3 units of Communication Studies (101/101H, or 102 or 140 or 145 or 152) with a minimum grade of C.

In this lab class, students will explore the meaning and variability of occupation through self-analysis of occupational patterns, perform task analysis of varied activities, and have the opportunity to observe and practice teaching and learning skills. CSU
Occupational Therapy Assistant 102
Psychosocial Function and Dysfunction
Unit(s): 4.0 Class Hours: 72 Lecture total.
Prerequisite: Occupational Therapy Assistant 101 and Occupational Therapy Assistant 101L with a minimum grade of C.
This course will define and explore psychosocial phenomena commonly seen by the Occupational Therapy Assistant and will examine evaluation techniques, functional deficits, and methods of treatment. CSU

Occupational Therapy Assistant 102L
Psychosocial Components of Occupation
Unit(s): 2.5 Class Hours: 144 Laboratory total.
Prerequisite: Occupational Therapy Assistant 100, Occupational Therapy Assistant 101, and Occupational Therapy Assistant 101L with a minimum grade of C.
This course will explore the occupational therapy assistant’s role in therapeutic relationships, in administering assessments used primarily in pediatric, adolescent, and adult psychosocial settings, and in therapeutic group design and facilitation. CSU

Occupational Therapy Assistant 103
Physical Function and Dysfunction
Unit(s): 4.0 Class Hours: 72 Lecture total.
Prerequisite: Occupational Therapy Assistant 102 and Occupational Therapy Assistant 102L with a minimum grade of C.
This course will focus on the occupational function of the child, adolescent, and adult which emphasizes the physical components of development, the continuum of function/dysfunction of the client and the role of the O.T.A. in assessment and treatment of commonly seen physical dysfunction diagnosis. CSU

Occupational Therapy Assistant 103L
Physical Components of Occupation
Unit(s): 2.5 Class Hours: 144 Laboratory total.
Prerequisite: Occupational Therapy Assistant 102 and Occupational Therapy Assistant 102L with a minimum grade of C.
This lab course explores the Occupational Therapy Assistant’s role in safety, assessments and treatment techniques commonly used by occupational therapists in physical dysfunction settings. CSU

Occupational Therapy Assistant 110
Human Occupation Across Lifespan
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course will explore human occupation across lifespan with an emphasis on the relationship between human development and occupational choice. Physical, cognitive, psychological, social, and linguistic developmental milestones and changes will be covered from fetal development through old age. CSU

Occupational Therapy Assistant 111
Applied Kinesiology
Unit(s): 1.0 Class Hours: 18 Lecture total.
Prerequisite: Occupational Therapy Assistant 101 with a minimum grade of C.
This course will focus on understanding human movement as an integral component of occupational performance and will examine how kinesiology and biomechanics are utilized in treatment by the Occupational Therapy Assistant. CSU

Occupational Therapy Assistant 115
Human Disease and Occupation
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Occupational Therapy Assistant 101 with a minimum grade of C.
This class will explore diseases that are commonly seen in occupational therapy practice and the effect they have on participation in occupation. Each disease will be covered in terms of etiology, prognosis, prevention, pathophysiology, medical management, precautions, and lifestyle redesign required as a result of the disease. CSU

Occupational Therapy Assistant 201
Contemporary Models of Occupational Therapy Practice
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Occupational Therapy Assistant 102 and Occupational Therapy Assistant 102L with a minimum grade of C.
This lecture/lab course explores the multiple roles of the occupational therapy assistant in documentation, service management, professional behaviors, non-traditional roles, and contemporary models of practice. CSU

Occupational Therapy Assistant 202
Level II Fieldwork - Part I
Unit(s): 6.0 Class Hours: 360 Laboratory total.
Prerequisite: Occupational Therapy Assistant 103, 103L and 201 with a minimum grade of C.
Supervised fieldwork experience in an occupational therapy practice setting that will provide the student appropriate opportunities to apply learned knowledge and skills. Grade: Pass/No Pass Only. CSU

Occupational Therapy Assistant 203
Level II Fieldwork - Part II
Unit(s): 6.0 Class Hours: 360 Laboratory total.
Prerequisite: Occupational Therapy Assistant 103, Occupational Therapy Assistant 103L, and Occupational Therapy Assistant 201 with a minimum grade of C.
Supervised fieldwork experience in an occupational therapy practice setting that will provide the student appropriate opportunities to apply knowledge and skills learned in the classroom. Grade: Pass/No Pass Only. CSU

PARALEGAL (PARA)

Paralegal 100
The Paralegal Profession
Unit(s): 3.0 Class Hours: 54 Lecture total.
A study of the paralegal/legal assistant profession. A study of career opportunities and legal requirements to become a paralegal/legal assistant. A study of the ethics of the legal profession. CSU

Paralegal 101
Law Office Management
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.
Structure and procedures of the law office. Emphasis on organization of filing systems; litigation management; calendaring; tickler systems; indexing and summarizing documents; timekeeping; fees and billing; job search; and law office layout. CSU
Paralegal 105
Cooperative Work Experience Education - Occupational
Unit(s): 1.0 - 4.0 Class Hours: 60–300 Lecture total.
This work experience course of supervised employment is designed to assist students to acquire career awareness, work habits, attitudes and skills related to the student’s college major. A student can earn 1 to 4 units per semester, up to a maximum of 16 units total. Additionally, students must work 75 paid hours or 60 non-paid hours per unit earned. Grade: Pass/No Pass Only, CSU

Paralegal 107 (C-ID AJ 122)
Principles and Procedures in the Criminal Justice System
Unit(s): 3.0 Class Hours: 54 Lecture total.
An examination and analysis of due process in criminal proceedings from pre-arrest through trial and appeal, utilizing statutory law and constitutional law precedents. (Same as Criminal Justice 107), CSU

Paralegal 120
Computers in the Law Office
Unit(s): 4.0 Class Hours: 72 Lecture total.
Basic computer concepts for law office personnel. The focus will be on current hardware and software used in the law office. CSU

Paralegal 121
Ethics and Professional Responsibility
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.
Ethics and professional responsibility for paralegals: fees, client funds, billing, advertising, solicitation, unauthorized practice, deceit, and confidentiality; conflict of interest, suppressing evidence, reporting misconduct and professional practice obligations. CSU

Paralegal 122
Elder Law
Unit(s): 2.0 Class Hours: 36 Lecture total.
Law and procedures for the aging population. Interviewing, advance directives, wills, trusts, guardianships, patients’ rights in healthcare decisions, entitlement programs, managed care, long-term care insurance, viatical settlements, living facilities, financial planning, social security, and elder abuse. Field trips may be required. CSU

Paralegal 130
Legal Transactions
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.
Introduction to contracts and drafting legal documents. Contract formation, performance, and breach and third party interests. Students will learn to draft various contracts and other documents and will select, edit, and customize formbook and computerized forms in real property, family law, and estate planning. CSU

Paralegal 131
Alternate Dispute Resolution
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.
Conflict resolution through techniques of negotiation, mediation, and arbitration. Students will identify sources of conflict, analyze personalities, mediate impartially, and use tools to maximize negotiation effectiveness. The course includes application of mediation skills in the law office and in other situations. CSU

Paralegal 132
Family Law and Procedure
Unit(s): 2.0 Class Hours: 36 Lecture total.
Study of basic substantive law and procedures in family law area: Court procedures for divorce, annulment, temporary and permanent support, restraining orders, division of community property, and child custody procedures including adoption and paternity actions. May require a field trip. CSU

Paralegal 133
Workers Compensation Law and Procedure
Unit(s): 2.0 Class Hours: 36 Lecture total.
Laws and procedures related to workers compensation. Covers medical-legal problems attendant to on-the-job injuries, disabilities and benefits due employees, court litigation, administrative hearings, and out-of-court processes. May require field trips. CSU

Paralegal 134
Probate Law and Procedure
Unit(s): 2.0 Class Hours: 36 Lecture total.
Probate and estate planning procedures. Skills required to draft probate documents, assist attorneys in administration of estates, and monitoring asset and fiduciary accountings. Basic probate laws, wills, trusts, and taxes. Field trip may be required. CSU

Paralegal 135
Bankruptcy Law and Procedure
Unit(s): 2.0 Class Hours: 36 Lecture total.
Federal bankruptcy act and court procedures for the paralegal, the functions of the bankruptcy trustee, and a detailed examination of the process of being declared a bankrupt. May require a field trip. CSU

Paralegal 136
Real Property Law and Procedure
Unit(s): 2.0 Class Hours: 36 Lecture total.
A study of the laws and procedures of real property. A study of the role of a paralegal in a law practice that specializes in real property law with an emphasis on the landlord/tenant relationship. Field trips may be required. CSU

Paralegal 137
Tort and Insurance Law
Unit(s): 2.0 Class Hours: 36 Lecture total.
In class study of the theory of torts and the paralegals role in assisting an attorney in the delivery of legal services to a client. The course will study theory of liability, remedies, procedures and the ethical responsibilities in assisting an attorney in a tort related practice. Field trips may be required. CSU

Paralegal 138
Law of Business Organizations
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.
Laws of the California Corporations Code. Students prepare articles of incorporation, minutes, by-laws, stock, and stock transfer. Agency law and partnership laws. CSU

Paralegal 139
Fundamentals of Labor Law
Unit(s): 2.0 Class Hours: 36 Lecture total.
Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.
Principles of substantive and procedural law, stressing union representation and unfair labor practices under the National Labor Relations Act. Stresses principles of arbitration, contractual and disciplinary employment disputes, and pursuing remedies and presenting defenses for violations of equal employment, sexual harassment, and wrongful termination. CSU
Paralegal 140

Immigration Law and Procedure
Unit(s): 2.0  Class Hours: 36 Lecture total.

Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.

Basic study of Immigration Law in the United States, with focus on preparation of those forms used by immigrants to secure benefits. Computerized preparation of forms and procedures for filing with INS will be emphasized. Marketing procedures for paralegals involved in Immigration Law will be analyzed, and ethical considerations to avoid the illegal practice of law will be covered. CSU

Paralegal 143

Civil Litigation Overview
Unit(s): 2.0  Class Hours: 36 Lecture total.

Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.

Overview of California civil procedure from acceptance of case to trial. Planning litigation, pleadings, motions, discovery, and trial preparation. CSU

Paralegal 144

Current Issues in Civil Litigation Discovery
Unit(s): 2.0  Class Hours: 36 Lecture total.

Focus on the Discovery Phase of litigation. The study of the California Rules of Court, California Statutes and procedures for e-filing and discovery regulations regarding the retention and production of electronic data in a Civil Litigation case. Practical applications for paralegal. CSU

Paralegal 145

Civil Litigation Overview
Unit(s): 4.0  Class Hours: 72 Lecture total.

Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.

Paralegal 146

Tort Law and Alternative Dispute Resolution
Unit(s): 4.0  Class Hours: 72 Lecture total.

Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.

Intentional torts, negligence, strict liability, product liability, damages, immunity, and defenses to torts. Principles of insurance law, and procedures for the investigation of personal injury cases. Principles of dispute resolution through negotiation, mediation, and arbitration. Students will mediate impartially and use tools to maximize negotiation effectiveness. The course includes application of mediation skills in the law office. CSU

Paralegal 147

International Commercial Agreements and Distribution Law
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn to create business contracts in the global marketplace and how to use the U.N. Convention on Contracts for the International Sale of Goods. Learn about contracts with foreign sales representatives and laws regulating international distribution. Learn about international limited liability companies and foreign direct investment laws. (Same as Business 147). CSU

Paralegal 148

International Intellectual Property Law
Unit(s): 1.0  Class Hours: 18 Lecture total.

Learn international intellectual property law - patents, copyrights, trademarks, and trade secrets. Learn international treaties relating to intellectual property rights. Learn technology licensing agreements and international franchising. (Same as Business 148); CSU

Paralegal 149

The Law of Global Commerce
Unit(s): 1.0  Class Hours: 18 Lecture total.

How countries join together to create trade. Includes NAFTA, GATT, the EU, and other trade agreements around the world. Explore law in different legal systems as well as U.S. export regulations. (Same as Business 149); CSU

Paralegal 150

Legal Transactions
Unit(s): 5.0  Class Hours: 90 Lecture total.

Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.

Introduction to contracts and drafting legal documents for corporations and real estate transactions. Contract formation, performance, breach and third party interests. Students will learn the laws of the California Corporations Code and the laws governing real estate transactions. Students will learn to draft various contracts and other documents and will select, edit and customize formbook and computerized forms in real property, corporations, family law, and estate planning. CSU

Paralegal 246

Legal Research and Analysis
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.

Prerequisite: Paralegal 100 with a minimum grade of C or concurrent enrollment.

Principles of research, analysis, and techniques for the Paralegal. Must be familiar with civil procedure. CSU

Paralegal 248

Advanced Research and Writing
Unit(s): 3.0  Class Hours: 54 Lecture total.

Prerequisite: Paralegal 100 and Paralegal 246 with a minimum grade of C.

Advanced projects in legal research and writing emphasis on legal form and style. Field trips may be required. CSU

Paralegal 297

The Professional Paralegal
Unit(s): 2.0  Class Hours: 36 Lecture total.

Prerequisite: Paralegal 100, 101, 120, 121, 246, and either (Business 101 or 105) or all of the following: (Paralegal 107, 130, 131, 136, 137, and 138) with a minimum grade of C.

This is the capstone class to the paralegal degree formally known as Para 298. Students will demonstrate their knowledge of ethics, legal principles, and the technical skills necessary for entry level employment as a paralegal. Grade: Pass/No Pass Only. CSU

Paralegal 299

Cooperative Work Experience Education
Unit(s): 1.0 - 4.0  Class Hours: 60–300 Lecture total.

This work experience course of supervised employment is designed to assist students to acquire career awareness, work habits, attitudes and skills related to the student’s college major. A student can earn 1 to 4 units per semester, up to a maximum of 16 units total. Additionally, students must work 75 paid hours or 60 non-paid hours per unit earned. Grade: Pass/No Pass Only. CSU
PHARMACY TECHNOLOGY (PHAR)

Pharmacy Technology 048
Introduction to Pharmacy Technology
Unit(s): 2.0  Class Hours: 36 Lecture total.
Overview of the SAC Pharmacy Technician training program. Definition of the roles and preview of the opportunities open to pharmacy technicians in various practice settings. Presentation of pharmaceutical dosage forms, the drug development process, and drug classification systems. Introduction to prescription labeling and to the law and ethics of pharmacy practice.

Pharmacy Technology 051
Body Systems I
Unit(s): 3.5  Class Hours: 63 Lecture total.
Anatomy, physiology, pathology, and pharmacology of the musculoskeletal, respiratory, renal, and cardiovascular systems. Basic terminology, with emphasis on word analysis and construction, medical abbreviations, and lay terms. Trade/generic names and indications for each body system.

Pharmacy Technology 052
Body Systems II
Unit(s): 3.5  Class Hours: 63 Lecture total.
Anatomy, physiology, pathology, and pharmacology of the integumentary, endocrine, gastrointestinal, and nervous systems. Basic terminology, with emphasis on word analysis and construction, medical abbreviations, and lay terms. Trade/generic drug names and indications for medications in each body system. Emphasis on top 200 drugs.

Pharmacy Technology 054A
Beginning Pharmacy Calculations
Unit(s): 1.0  Class Hours: 18 Lecture total.
Recommended Preparation: Mathematics N06
This course introduces students to calculations related to drug dosage and preparation of medications. Interconversion of units in the metric and common systems of measurement are included. There is emphasis on unit-cancellation for solving pharmacy situation problems, as well as a strong verbal component.

Pharmacy Technology 054B
Advanced Pharmacy Calculations
Unit(s): 1.0  Class Hours: 18 Lecture total.
Prerequisite: Pharmacy Technology 054A with a minimum grade of C.
Students will learn calculations related to drug dosage using body surface area, measurements of strength, and preparation of medications. Calculations of dosage strength include ratio strength, percentage strength, and milligram percentage strength. Common dilutional calculations and alligation methods are included. There is emphasis on unit-cancellation for solving pharmacy situation problems as well as strong verbal component.

Pharmacy Technology 056
Pharmacy Operations
Unit(s): 4.5  Class Hours: 52 Lecture, 80 Laboratory total.
Prerequisite: Pharmacy Technology 048, Pharmacy Technology 051, or Pharmacy Technology 052 and Pharmacy Technology 054B with a minimum grade of C. Typing proficiency minimum of 30 wpm 95% accuracy. Typing proficiency minimum of 30 wpm 95% accuracy.
Hands-on training in customer service, inventory control, compounding, packaging, record-keeping, and drug distribution in the outpatient pharmacy setting. Includes prescription lab simulations and use of computers.

Pharmacy Technology 056L
Pharmacy Technology Skills Lab
Unit(s): 0.5 - 1.0  Class Hours: 27–54 Laboratory total.
Corequisite: Pharmacy Technology 056.
Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Pharmacy Operations lab class. Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills Lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Pharmacy Technology 057
Inpatient Pharmacy Services
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Pharmacy Technology 048 and Pharmacy Technology 051 or Pharmacy Technology 052 and Pharmacy Technology 054B with a minimum grades of C. (Typing proficiency of 30 WPM and 95% accuracy)
Technical aspects of drug distribution for the inpatient (hospital) pharmacy setting. Hands-on training in medication order processing, pharmacy patient profile maintenance, medication preparation (includes packaging), and inpatient drug distribution using manual and automated systems. Includes electronic and manual record-keeping, pharmacy law, and CQI. Hands-on training in medication reconciliation in the emergency room setting. Develop and enhance communication and patient interviewing skills through various communication methods.

Pharmacy Technology 057L
Pharmacy Technology Skills Lab
Unit(s): 0.5 - 1.0  Class Hours: 27–54 Laboratory total.
Corequisite: Pharmacy Technology 057.
Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Inpatient Pharmacy Services lab class (PHAR 057). Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills Lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy, in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Pharmacy Technology 060
Sterile Products
Unit(s): 4.5  Class Hours: 54 Lecture, 90 Laboratory total.
Prerequisite: Pharmacy Technology 048 and Pharmacy Technology 051 or Pharmacy Technology 052 and Pharmacy Technology 054B with a minimum grade of C. Typing proficiency of 30 WPM and 95% accuracy.
Application of aseptic techniques and use of the laminar flow hood in the preparation of sterile products in accordance to USP 797. Emphasis on parenteral calculations, sterile dosage forms, and quality assurance procedures. Includes the pharmacology of antimicrobial and antineoplastic drugs.
Pharmacy Technology 060L
Pharmacy Technology Skills Lab
Unit(s): 0.5 - 1.0 Class Hours: 27–54 Laboratory total.
Corequisite: Pharmacy Technology 060.
Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Sterile Products lab class (PHAR 060). Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills Lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree. Grade: Pass/No Pass Only. Open Entry/Open Exit

Pharmacy Technology 072A
Pharmacy Technology Externship Outpatient
Formerly: Pharmacy Technology 072, Pharmacy Technology Externship Outpatient
Unit(s): 0.5 - 1.5 Class Hours: 45–90 Laboratory total.
Prerequisite: Pharmacy Technology 056 and Communication Studies 097 or Communication Studies 101 or Communication Studies 101H or Communication Studies 102 with a minimum grade of C. Background checks, health screenings, current TB clearance and drugs test clearance.
On-site training in the outpatient (retail) practice setting. Students must complete PHAR 056 lab class to qualify for the outpatient rotation. Students must pass the trade-generic test prior to placement. Some sites require additional background, health screenings, and drugs tests. Completion of the outpatient rotation PHAR 072A is required for the Basic Certificate. Completion of PHAR 072A, PHAR 072B, PHAR 072C rotations (320 hours) is required for the advanced certificate and Associate Degree. At the end of the rotation, the instructor will use the attendance records and competency forms as input from preceptors to assess the student learning outcomes and to help determine final grades. Students can refer to the course overview to understand the details of final grade assignments. Grade: Pass/No Pass Only. Open Entry/Open Exit

Pharmacy Technology 072B
Pharmacy Technology Externship Inpatient
Unit(s): 0.5 - 2.5 Class Hours: 40–120 Laboratory total.
Prerequisite: Pharmacy Technology 056 and Pharmacy Technology 057 and Communication Studies 097 or Communication Studies 101 or Communication Studies 101H or Communication Studies 102 with a minimum grade of C. Background checks, health screenings, current TB clearance and drugs test clearance.
On-site training in the inpatient (hospital) practice setting. Students must complete the following lab courses prior to placement: PHAR 057 and PHAR 056. Students must pass the trade-generic test prior to placement. Some sites require additional background, health screenings, and drugs tests. Completion of PHAR 072A, PHAR 072B, PHAR 072C rotations (320 hours) is required for the advanced certificate and Associate Degree. At the end of the rotation, the instructor will use the attendance records and competency forms as input from preceptors to assess the student learning outcomes and to help determine final grades. Students can refer to the course overview to understand the details of final grade assignments. Open Entry/Open Exit

Pharmacy Technology 072C
Pharmacy Technology Externship Sterile Products
Unit(s): 0.5 - 2.5 Class Hours: 40–120 Laboratory total.
Prerequisite: Pharmacy Technology 060 and Communication Studies 097 or Communication Studies 101 or Communication Studies 101H or Communication Studies 102 with a minimum grade of C. Background checks, health screenings, current TB clearance and drugs test clearance.
On-site training in the home infusion or sterile products pharmacy practice setting. Students must complete the following lab course prior to placement: PHAR 060. Students must pass the trade-generic test prior to placement. Some sites require additional background, health screenings, and drugs tests. Completion of PHAR 072A, PHAR 072B, PHAR 072C rotations (320 hours) is required for the advanced certificate and Associate Degree. At the end of the rotation, the instructor will use the attendance records and competency forms as input from preceptors to assess the student learning outcomes and to help determine final grades. Students can refer to the course overview to understand the details of final grade assignments. Open Entry/Open Exit.
PHILOSOPHY (PHIL)

Philosophy 106 (C-ID PHIL 100)
Introduction to Philosophy
Unit(s): 3.0  Class Hours: 54 Lecture total.
A survey of historical and contemporary ideas on how to live the good life. CSU/UC

Philosophy 106H (C-ID PHIL 100)
Honors Introduction to Philosophy
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
An enriched approach designed for honors students. A survey of historical and contemporary ideas on how to live the good life. CSU/UC

Philosophy 108 (C-ID PHIL 120)
Ethics
Unit(s): 3.0  Class Hours: 54 Lecture total.
Introduction to key historical and modern theories of philosophical ethics and the application of these theories to ethical issues facing society today. Assists in clarifying our thinking about morality/ethics. Course increases awareness of values in personal and contemporary issues. CSU/UC

Philosophy 110
Critical Thinking
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: English 101 or English 101H with a minimum grade of C.
College-level critical thinking and writing. Promotes self-awareness, independent thinking, and improved academic expression. Examines philosophical methods of reasoning and composition, and the uses of informal logic and criticism in personal life, college, work, and democratic society. CSU/UC

Philosophy 110H
Honors Critical Thinking
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: English 101/101H with a minimum grade of C and a high school or college GPA of 3.0 or above.
An enriched approach designed for honors students in a seminar setting. College-level critical thinking and writing. Promotes self-awareness, independent thinking, and improved academic expression. Examines philosophical methods of reasoning and composition, and the uses of informal logic and criticism in personal life, college, work, and democratic society. CSU/UC

Philosophy 111 (C-ID PHIL 110)
Introductory Logic
Unit(s): 4.0  Class Hours: 72 Lecture total.
Beginning course in formal and applied logic. Covers cognitive language, formal argument, proof, basic propositional and predicate logic, and philosophy of logic. Emphasizes active student involvement and practical application to college life. CSU/UC

Philosophy 112
World Religions
Unit(s): 3.0  Class Hours: 54 Lecture total.
A philosophical overview of the world’s great religions. Includes historical origin and growth of each religion, major doctrines, and influence. Religions dealt with include Primitive, Hinduism, Jainism, Buddhism, Taoism, Confucianism, Judaism, Christianity and Islam. CSU/UC

Philosophy 118
History of Philosophy
Unit(s): 3.0  Class Hours: 54 Lecture total.
An introduction to philosophy from an historical perspective: getting acquainted with the thoughts of the world’s great philosophers. Provides a survey of the dominant philosophies of the ancient, medieval, and modern worlds. CSU/UC

PHOTOGRAPHY (PHOT)

Photography 009
Photography Lab
Unit(s): 0.5  Class Hours: 27 Laboratory total.
Prerequisite: Concurrent enrollment in a photography course.
Sign-in/out supervised laboratory. Work on assignments from other photography courses or on independent projects. Completion of new and more advanced assignments each semester. Accumulation of 24 hours earns 0.5 unit. Requires concurrent enrollment in a photography course. May be repeated. Grade: Pass/No Pass Only. Open Entry/ Open Exit.

Photography 150
History of Photography
Unit(s): 3.0  Class Hours: 54 Lecture total.
A survey of the history, aesthetics, and technical evolution of photography including an in-depth view of artistic styles and individual photographers’ contributions from the 19th century to the present. CSU/UC

Photography 180
Beginning Photography
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
This course provides students with an introduction to visual concepts, basic image capture, and camera functions with digital cameras. Software basics for photographic imaging and digital printing. CSU/UC

Photography 185A
Landscape Photography
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Photography 180 with a minimum grade of C.
This course concentrates on producing images under available light conditions found in natural and man-made environments. Topics include creating awareness of light and its function along with learning techniques for exposing under many different lighting conditions. CSU
PHYSICAL SCIENCE (PSC)

Physics 115
Concepts in Physical Sciences for Educators
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
An investigation of basic principles of physics and chemistry including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be emphasized. Designed for non-science majors, concepts are introduced in lab through inquiry and further developed during discussion. Completion of Mathematics N48 is recommended. (Same as Chemistry 115). CSU/UC

Physical Science 117
Physical Science Survey
Unit(s): 3.0 Class Hours: 54 Lecture total.
Introduction to the methods of science and concepts relating to mechanics, states of matter, waves, heat, electricity, light, atomic structure, and chemical reactions. May include topics from Earth and space science. Emphasis is on basic principles, relationships, and applications to modern civilization. This course is open to all majors. Concurrent enrollment in Physical Science 118 is highly recommended. CSU/UC

Physical Science 118
Physical Science Survey Laboratory
Unit(s): 1.0 Class Hours: 54 Laboratory total.
Laboratory course to accompany Physical Science 117. Laboratory topics include: motion, forces, energy, thermodynamics, electricity, circuits, optics, and chemical reactions. CSU/UC

PHYSICS (PHYS)

Physics 109
Survey of General Physics
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
The study of important phenomena in physics. Topics include mechanics, fluids, thermodynamics, sound, light, electricity, magnetism, and modern physics. Recommended for all students interested in a conceptual approach to physics and students planning on taking more advanced courses in physics. CSU/UC

Physics 210 (C-ID PHYS 105) (C-ID PHYS 205)
Principles of Physics I
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Mathematics 180/180H with a minimum grade of C.
A calculus-based physics course designed for students majoring in the life sciences, pre-medicine, and related disciplines. Topics include classical mechanics, wave motion, and thermodynamics. CSU/UC

Physics 211 (C-ID PHYS 110)
Principles of Physics II
Unit(s): 4.0 Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Physics 210 and Mathematics 180/180H with a minimum grade of C.
A calculus-based physics course designed for students majoring in the life sciences, pre-medicine, and related disciplines. Topics include: electricity and magnetism, light, optics, and modern physics. CSU/UC
Physics 217 (C-ID PHYS 205)
Engineering Physics I
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Mathematics 180 with a minimum grade of C.
Principles of classical mechanics including particle dynamics, forces, work, energy, momentum, rotational motion, equilibrium, harmonic motion, and gravity. This course is designed for students majoring in physical sciences and engineering. CSU/UC

Physics 227 (C-ID PHYS 210)
Engineering Physics II
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Physics 217 and Mathematics 185 with a minimum grade of C.
Introduces the basic principles of electricity and magnetism. The main topics are electrostatics, circuits, magnetism, electro-magnetic induction, and Maxwell's equations. This course is designed for students majoring in physical sciences and engineering. CSU/UC

Physics 237
Engineering Physics III
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Physics 217 and Mathematics 185 with a minimum grade of C.
Introduces the basic principles of fluids, thermodynamics, sound, light, optics, and modern physics. This course is designed for students majoring in physical sciences and engineering. CSU/UC

Physics 279 (C-ID PHYS 105)
College Physics I
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Mathematics 160 with a minimum grade of C.
A trigonometry-based physics course. Topics include: mechanics, thermodynamics, fluids, oscillatory motion, and sound. CSU/UC

Physics 289 (C-ID PHYS 110)
College Physics II
Unit(s): 4.0  Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: Physics 279 with a minimum grade of C.
A trigonometry-based physics course. Topics include: light, electricity, magnetism, and modern physics. CSU/UC

POLITICAL SCIENCE (POLT)

Political Science 101 (C-ID POLS 110)
Introduction to American Governments
Unit(s): 3.0  Class Hours: 54 Lecture total.
Study of United States national government and California state and local governments. Satisfies graduation requirement for American institutions and state requirements for California state government. CSU/UC

Political Science 101H (C-ID POLS 110)
Honors Introduction to American Governments
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
A student-oriented exploration of the historical and contemporary principles of American government. Study groups and individual computer-based research focus on basic political concepts of American national and state governments. Satisfies graduation requirement for American Institutions and state requirements for California state government. CSU/UC

Political Science 200 (C-ID POLS 120)
American Political Thought
Unit(s): 3.0  Class Hours: 54 Lecture total.
Examination of various theoretical approaches to politics within the American political context. Analysis of selected political theories and their application to American politics. CSU/UC

Political Science 200H (C-ID POLS 120)
Honors American Political Thought
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Examination of various theoretical approaches to politics within the American political context. Analysis of selected political theories and their application to American politics. CSU/UC

Political Science 201 (C-ID POLS 130)
Introduction to Comparative Politics
Unit(s): 3.0  Class Hours: 54 Lecture total.
A comparative analysis of different kinds of political systems, including their histories, political institutions, processes and policies, the environment in which they occur, and their consequences. CSU/UC

Political Science 220 (C-ID POLS 140)
International Politics
Unit(s): 3.0  Class Hours: 54 Lecture total.
An introduction to international relations theory with an examination of national, international, transnational, and sub-national actors and their institutions, interactions and processes as they relate to global issues. CSU/UC

Political Science 235
Identity Politics
Unit(s): 3.0  Class Hours: 54 Lecture total.
An inquiry into the history of racial/ethnic minority groups in American politics with an emphasis on political coalitions among different minority groups in contemporary politics. CSU/UC

PSYCHOLOGY (PSYC)

Psychology 100 (C-ID PSY 110)
Introduction to Psychology
Unit(s): 3.0  Class Hours: 54 Lecture total.
An introduction to the major theories, methods, concepts, ethical issues, and findings in the major fields in psychology including (but not limited to): biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology. CSU/UC
Psychology 100H (C-ID PSY 110)
Honors Introduction to Psychology
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Seminar-style, content enriched course for honors students exploring the major theories, methods, concepts, ethical issues, and findings in the major fields in psychology including (but not limited to): biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology. CSU/UC

Psychology 140
Introduction to Psychology of Adulthood And Aging
Unit(s): 3.0   Class Hours: 54 Lecture total.
Examines psychological and related biological and social changes that occur in adulthood and old age and how these changes vary with ethnicity, gender and social class. Topics include longevity, health, successful aging, intimate and family relationships and mental disorders of adulthood. Designed to help students understand their own and others’ aging and to familiarize them with issues in the field of gerontology. CSU/UC

Psychology 157 (C-ID CDEV 100)
Introduction to Child Psychology
Unit(s): 3.0   Class Hours: 54 Lecture total.
Survey of human development from conception through adolescence. Covers major theories development (cognition, perception, language, personality, social, etc.) and their application to parenting, teaching, and other interactions with children. CSU/UC

Psychology 170
Multicultural Psychology
Unit(s): 3.0   Class Hours: 54 Lecture total.
Introduces students to important issues related to cultural diversity in the field of psychology. Major areas of psychology will be explored from a multicultural perspective, including research, mental health, social psychology, and identity development. Exploration of historically underrepresented populations in the U.S. will be emphasized. CSU/UC

Psychology 180 (C-ID PSY 180)
Introduction to Lifespan Psychology
Unit(s): 3.0   Class Hours: 54 Lecture total.
Introduction to human development from a psychological perspective. Explores human development from conception through death, including biological and environmental influences. Theories and research of physical, cognitive, personality, and social development are examined from classical and contemporary perspectives. Attention will also be given to both normative and non-normative development. CSU

Psychology 200 (C-ID PSY 150)
Introduction to Biological Psychology
Unit(s): 3.0   Class Hours: 54 Lecture total.
Explores relationships between physiological structures of the body and human behavior. Focuses on the organization and function of the brain, spinal cord, peripheral nervous system, glands, sensory and perceptual systems. Relates physiological functioning to motivated behavior, addiction, and psychological disorders. CSU/UC

Psychology 210 (C-ID SOCI 125) (C-ID MATH 110)
Statistics for the Behavioral Sciences
Unit(s): 4.0   Class Hours: 72 Lecture total.
Prerequisite: Mathematics 083 or Mathematics 084 with a minimum grade of C; OR placement into Psychology 210 on the Mathematics Level 3 placement Exam and a course equivalent to Mathematics 083 or Mathematics 084.
Introduces psychology and behavioral science majors to descriptive and inferential statistical methods. Knowledge of these methods is essential to the understanding, interpretation, and performance of scientific research. Topics covered include probability theory, hypothesis testing, correlation, analysis of variance, the graphical representation of data, basic research design, and the use of computer software to perform statistical analyses. CSU/UC

Psychology 219 (C-ID PSY 200)
Introduction to Research Methods in Psychology
Unit(s): 3.0   Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Social Science 219 or Mathematics 219 or Psychology 210 (may be taken concurrently) and Psychology 100 with a minimum grade of C.
Emphasizes methods of study in psychology, experimental design, analysis of variables contributing to experimental results, and data treatment. CSU/UC

Psychology 230 (C-ID PSY 115)
Psychology and Effective Behavior
Unit(s): 3.0   Class Hours: 54 Lecture total.
Introduction to psychoanalytic, behavioristic, cognitive, humanistic and existential theories of personality as they relate to dealing effectively with the changing demands of everyday life. Covers personal growth, self-concept, stress and coping, personal goals and motivation, and interpersonal relationships in relation to culture, gender, ethnicity, historical cohort, and socio-economic status. Includes exercises for increasing self-awareness, identifying personal goals, and for building skills for effective living and well-being. CSU/UC

Psychology 240 (C-ID PSY 170)
Introduction to Social Psychology
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: Psychology 100 or Sociology 100 with a minimum grade of C.
An exploration of the interlocking dynamics of psychology and sociology focusing on the impact of social groups on individuals and on other groups. Content includes self-development, interaction, attitudes, conformity, friendship, love, aggression, group dynamics. (Same as Sociology 240). CSU/UC

Psychology 250
Introduction to Abnormal Psychology
Unit(s): 3.0   Class Hours: 54 Lecture total.
Prerequisite: Psychology 100/100H with a minimum grade of C.
Introduction to the commonly diagnosed psychological disorders. Includes psychophysiological disorders, anxiety, depression, substance abuse, sexual dysfunctions, schizophrenia, developmental, cognitive, and personality disorders. Emphasis is on identification, symptomatology, etiology, and methods of therapeutic intervention. CSU/UC
REVIEWING (READ)

Reading N50
Groundwork for Reading
Unit(s): 3.0 Class Hours: 54 Lecture total.
A reading course for students needing to build vocabulary and enhance reading comprehension. Recommended for students in English N50 or EMLS 055. Not applicable to associate degree. Grade: Pass/No Pass Only.
Reading N80
Fundamentals of Reading
Unit(s): 3.0 Class Hours: 54 Lecture total.
Instruction in basic reading skills including techniques for improving vocabulary and spelling, word attack skills, and reading comprehension. Recommended for students in English N50 or EMLS 055 or 107. Not applicable to associate degree. Grade: Pass/No Pass Only.
Reading 096
Individualized Reading Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.

Reading 098
Topics in Reading
Unit(s): 1.0–3.0 Class Hours: 18–54 Laboratory total.

Reading 101
Introduction to Academic Reading
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: Successful completion of Read N80 (with a grade of C or better) or appropriate score on college placement test is recommended.

Instruction toward students’ mastery of higher-level vocabulary, reading comprehension at the level of proficiency, critical evaluation of college-level text and improvement of reading rate. CSU

Reading 101X
Acceleration to Academic Reading
Unit(s): 3.0 Class Hours: 54 Lecture total.

Reading 102
Academic Reading
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: Successful completion of Read 101 (with a grade of C or better) or appropriate score on college placement test is recommended.

Introduces a repertoire of reading strategies aimed at preparing students for comprehension of complex college-level reading material. Advanced reading strategies provide the foundation for the development of critical reading and the recognition of patterns of academic thought. Reading strategies for specific disciplines, including the social sciences, business, humanities and the arts, mathematics and the natural sciences are presented. CSU

Reading 150
Critical Reading
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: Completion of or concurrent enrollment in English 101 or English 101H is recommended.

This course addresses the relationship between critical reading and critical thinking, including emphasis on the development of critical reading and thinking skills that facilitate the interpretation, analysis, criticism, and advocacy of ideas encountered in academic reading. CSU

Reading 198
Topics
Unit(s): 1.0–3.0 Class Hours: 18–54 Lecture total.

Specialized courses on topics related to current needs of students. Not offered every semester. CSU

SOCIOLOGY (SOC)

Sociology 100 (C-ID SOCI 110)
Introduction to Sociology
Unit(s): 3.0 Class Hours: 54 Lecture total.

The scientific study of human societies and behavior focusing on the process of social interaction, patterns of social inequality, and the influence of social institutions on individuals as members of social groups. Special emphasis provided to explain factors promoting social stability and social change. CSU/UC

Sociology 100H (C-ID SOCI 110)
Honors Introduction to Sociology
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.

A seminar-style, content-enriched course to provide a critical and extensive exploration of the sociological perspective, methods, and theories of social interaction, stability and change. Focuses on the importance of sociology for understanding individuals in a social context and provides a comprehensive understanding of and scientific way of thinking about society. CSU/UC

Sociology 112 (C-ID SOCI 130)
Relationships, Marriages, and Family Dynamics
Unit(s): 3.0 Class Hours: 54 Lecture total.

In-depth examination of the process of developing intimate relationships leading to committed partnerships and marriages with emphasis on effective communication techniques, understanding relationship dynamics, parenting, diverse family systems and overcoming family stressors at each life stage. CSU/UC

Sociology 140 (C-ID SOCI 115)
Social Problems
Formerly: Analysis of Social Trends and Problems
Unit(s): 3.0 Class Hours: 54 Lecture total.

An extensive survey of contemporary social trends and problems through sociological analysis concentrating on their causes, complexities, consequences, and possible solutions. Special emphasis will be placed on the problems in the U.S., with consideration of the global perspective. CSU/UC

Sociology 140H (C-ID SOCI 115)
Honors Analysis of Social Trends and Problems
Unit(s): 3.0 Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.

A seminar-style, in-depth sociological analysis and critique of U.S. social trends and problems with an emphasis on contemporary and historical social policy with additional consideration of global perspectives. CSU/UC
Sociology 240 (C-ID PSY 170)
Introduction to Social Psychology
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Sociology 100 or Psychology 100 with a minimum grade of C.
An introduction to the social contexts of health, illness, and organized medical care. It examines empirical research and theory of the changing concepts of health, illness and medical practice in their socio-historical contexts. Topics will include: social epidemiology, the biomedical and social construction of health/illness, the experience of illness, the historical transformation of the health professions and the health work force, disparities in health care, medical technology, global comparisons of health care and health reform.

SPANISH (SPAN)

Spanish N51
Spanish for Public Personnel
Unit(s): 3.0 Class Hours: 54 Lecture total.
Designed for those needing basic Spanish conversation and vocabulary in a specific field of work, such as law enforcement, fire safety, health, and education. Includes clear and concise communication for emergency situations. Not applicable to associate degree.

Spanish 101 (C-ID SPAN 100)
Elementary Spanish I
Unit(s): 5.0 Class Hours: 90 Lecture total.
Practice and integration of pronunciation, grammar, vocabulary, common idioms, listening, speaking, reading, and writing techniques for the expression of ideas orally and in writing. Introduction to Hispanic culture. Designated sections focus on skills for Spanish speakers. Spanish 101 is equivalent to two years of high school Spanish. CSU/UC

Spanish 101H (C-ID SPAN 100)
Honors Elementary Spanish I
Unit(s): 5.0 Class Hours: 90 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Enhanced and intensive practice and integration of pronunciation, grammar, vocabulary, common idioms, listening, speaking, reading, and writing techniques for the expression of ideas orally and in writing. Enriched introduction of Hispanic culture. Note: Some sections are designated for Spanish speakers. Spanish 101H is equivalent to two years of high school Spanish. CSU/UC

Spanish 102 (C-ID SPAN 110)
Elementary Spanish II
Unit(s): 5.0 Class Hours: 90 Lecture total.
Prerequisite: Spanish 101 or Spanish 101H or two years of high school Spanish with a minimum grade of C.
A college-level Spanish class focusing on further training in language skills providing avenues for the expression of ideas orally and in writing. Additional study of Hispanic culture. Designated sections focus on skills for Spanish speakers. Spanish 102 is equivalent to the third year of high school Spanish. CSU/UC

Spanish 102H (C-ID SPAN 110)
Honors Elementary Spanish II
Unit(s): 5.0 Class Hours: 90 Lecture total.
Prerequisite: Spanish 101/101H or two years of high school Spanish with a minimum grade of C, and a high school or college GPA of 3.0 or above.
Further enhanced and intensive training in language skills for the expression of ideas orally and in writing. Additional enriched study of Hispanic culture. Note: Some sections are designated for Spanish speakers. Spanish 102H is equivalent to the third year of high school Spanish. CSU/UC

Spanish 195A
Advanced Conversational Spanish
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Spanish 195A with a minimum grade of C.
Continuation of development of conversational skills. Provides avenues for the expression of ideas introduced in literary and current event readings through discussions and class presentations to deepen appreciation of Hispanic cultures. CSU/UC

Spanish 195B
Advanced Conversational Spanish
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Spanish 195A with a minimum grade of C.
Further development of conversational skills. Review of language structures as well as reinforcement of new vocabulary and idioms through discussions of reading selections dealing with historical and current events to deepen appreciation of Hispanic cultures. CSU/UC

Spanish 198
Topics in Spanish
Unit(s): 0.5 - 3.0 Class Hours: 9–54 Lecture total.
A specialized course on topics related to current needs of students. CSU

Spanish 201 (C-ID SPAN 200)
Intermediate Spanish I
Unit(s): 5.0 Class Hours: 90 Lecture total.
Prerequisite: Spanish 102 or 102H or three years of high school Spanish with a grade of C or better.
A college level Spanish class focusing on expansive review of usage and grammar, discussions of interpretive readings, conversation, and composition. CSU/UC

Spanish 201H (C-ID SPAN 200)
Honors Intermediate Spanish I
Unit(s): 5.0 Class Hours: 90 Lecture total.
Prerequisite: Spanish 102/102H with a minimum grade of C and a high school or college GPA of 3.0 or above.
An enriched exposure of Hispanic history, culture, and literature in a seminar setting. In-depth analysis of grammatical structures. Further use of argumentative oral strategies. Enhanced development of conversation and composition. Independent research by students to use/evaluate library and electronic information sources. CSU/UC

Spanish 202 (C-ID SPAN 210)
Intermediate Spanish II
Unit(s): 5.0 Class Hours: 90 Lecture total.
Prerequisite: Spanish 201/201H or four years of high school Spanish with a minimum grade of C.
A college-level Spanish class focusing on expansive review of usage and grammar; discussions in Spanish of interpretive reading materials; conversation and composition. CSU/UC
Spanish 202H (C-ID SPAN 210)  
Honors Intermediate Spanish II  
Unit(s): 5.0  
Class Hours: 90 Lecture total.  
Prerequisite: Spanish 201/201H with a minimum grade of C and a high school or college GPA of 3.0 or above.  
An enriched exposure of Hispanic history, culture, and literature in a seminar setting. In-depth analysis of grammatical structures, Enhanced development of conversation and composition. Further use of argumentative oral strategies. Independent research by students to use/evaluate library and electronic information sources. CSU/UC

Spanish 212  
College Business Spanish  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Prerequisite: Spanish 202/202H with a minimum grade of C and three years of high school Spanish with a minimum grade of C.  
A course designed to give intermediate level students a solid foundation in business vocabulary, basic business and cultural concepts, and a situational practice necessary to be successful in today's Spanish-speaking business world. The course is designed for students majoring in Spanish, International Studies, and International Business. CSU/UC

Spanish 213  
College Spanish Composition  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Prerequisite: Spanish 201 with a minimum grade of C or three years of high school Spanish with a minimum grade of C; OR concurrent enrollment in Spanish 201.  
Writing of composition through discussions and interpretive readings. CSU/UC

SPECIAL SERVICES (SPEC)  
Reading Development for the Deaf  
Unit(s): 0.5 - 3.0  
Class Hours: 9–54 Lecture total.  
Prerequisite: Student must be eligible for DSPS services from Deaf and Hard of Hearing Program and Services.  
Reading comprehension development for the deaf or hard of hearing students. Includes assessment of current skills and the development of an individualized program of study with the goal upon completion of enrolling in the college's reading course sequence. Not applicable to associate degree. Open Entry/Open Exit.

Special Services N50A  
English for the Deaf and Hard of Hearing  
Unit(s): 0.5 - 3.0  
Class Hours: 9–54 Lecture total.  
Language function and composition for the deaf or hard of hearing student. Includes assessment of current skills and development of an individualized program of study with the goal of enrolling in the college English course sequence. Student must submit proof of audiologically verifiable hearing loss. Not applicable to associate degree. Open Entry/Open Exit.

Special Services N50B  
English for the Deaf and Hard of Hearing  
Unit(s): 0.5 - 3.0  
Class Hours: 9–54 Lecture total.  
Mechanics of the English language and composition for the deaf or hard of hearing students as they prepare to place into college level English courses. Includes continuing improvement of English comprehension skills and grammar in increasingly complex sentence structures, writing skills, vocabulary development and disability related issues. Student must submit proof of audiologically verifiable hearing loss. Not applicable to associate degree. Open Entry/Open Exit.

Special Services N84  
Employment Preparation  
Unit(s): 0.5 - 3.0  
Class Hours: 9–54 Lecture total.  
A comprehensive course designed to prepare students for the transition from school to employment. Includes identifying appropriate job/career goals, assessing personal strengths, developing skills to obtain employment such as resume writing and interviewing, and utilizing contemporary technologies for securing meaningful employment, retention and advancement. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Special Services N91  
Computer Assisted Cognitive Learning  
Unit(s): 0.5 - 1.5  
Class Hours: 24–72 Laboratory total.  
Prerequisite: Verified brain impairment.  
Fundamentals of Cognitive Retraining is designed for individuals who have sustained an acquired brain impairment and who are experiencing cognitive difficulties. Instruction focuses on improving attention and concentration, perceptual processing skills, and memory. Arranged schedule. May be repeated. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Special Services N92  
Assistive Computer Technology Instruction  
Unit(s): 0.5 - 2.0  
Class Hours: 18 Lecture, 24 Laboratory total.  
This course is intended for students with disabilities. Emphasis is on mastering appropriate assistive computer technologies and to provide instruction in Windows, Microsoft Office and Internet/E-Mail access. Not applicable to associate degree. Grade: Pass/No Pass Only. Open Entry/Open Exit.

Special Services N94  
Intermediate Cognitive Retraining  
Unit(s): 0.5 - 1.5  
Class Hours: 24–72 Laboratory total.  
Prerequisite: Verified brain impairment.  
Intermediate Cognitive Retraining is designed for students who have sustained and acquired brain impairment. Instruction focuses on the use of compensatory memory strategies, utilizing critical thinking/problem solving skills and improving organizational skills. Arranged schedule. May be repeated. Grade: Pass/No Pass Only.

Special Services N95  
Cognitive Retraining - Academic Transition  
Unit(s): 0.5 - 1.5  
Class Hours: 24–72 Laboratory total.  
Prerequisite: Verified brain impairment  
Cognitive Retraining - Academic Transition is designed for students who have sustained an acquired brain impairment. Instruction focuses on utilizing and applying cognitive skills in the areas of reading, written language, and study skills strategies to achieve success in an academic program. Arranged schedule. May be repeated. Grade: Pass/No Pass Only.
SPEECH-LANGUAGE PATHOLOGY ASSISTANT
(SLPA)

Introduction to Speech-Language Pathology Assisting
Unit(s): 1.0 Class Hours: 18 Lecture total.
Overview of the field of speech-language pathology, professional standards, legal and ethical issues, and scope of responsibilities of the speech-language pathologist and the speech-language pathology assistant in health care and educational settings. CSU

Speech-Language Pathology Assistant 190
Speech-Language Pathology Assistant Clinical Field Work I
Unit(s): 2.0 Class Hours: 4.50 Lecture, 108 Laboratory total.
Prerequisite: Speech-Language Pathology Assistant 120 and Speech-Language Pathology Assistant 150 and Speech-Language Pathology Assistant 160 with a minimum grade of C and Application to Department Coordinator required semester prior to enrollment; current negative TB clearance; current CPR and First Aid Certification; fingerprinting and background check may be required and concurrent enrollment in Speech-Language Pathology Assistant 180.
Beginning application of supervised clinical practice procedures as required of a speech-language pathology assistant in an educational or clinical setting. CSU

Adult and Geriatric Communication Disorders
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: Speech-Language Pathology Assistant 160 with a minimum grade of C.
Speech, language, and hearing disorders experienced by the adult and geriatric populations. Assessment tools and treatment strategies used to treat acquired disorders such as adult aphasia, dysarthria, and hearing loss. CSU

STUDY SKILLS (STDY)

Study Skills 101
College Study Skills
Formerly: Effective Study Techniques
Unit(s): 1.0 Class Hours: 18 Lecture total.
A course designed to teach effective college study skills while also helping students create positive academic and lifelong learning habits. Topics include time management, exam preparation, lecture notetaking, memorization, test taking strategies, stress management, and exam preparation. Grade: Pass/No Pass Only. CSU

College Learning Skills
Unit(s): 3.0 Class Hours: 54 Lecture total.
This course provides effective success strategies to enhance student self-development, academic, and lifelong learning skills for the college student. The techniques include values, goal-setting, dealing with money, stress management, diversity, motivation, health, and time-management. Students learn personal growth methods and develop strategies to effectively deal with issues to ensure personal, educational, and career success. CSU
TV/VIDEO COMMUNICATIONS (TELV)

TV/Video Communications 009A
TV/Video Communications Laboratory
Unit(s): 0.5 Class Hours: 27 Laboratory total.
Corequisite: Concurrent enrollment in TV/Video Communications 110 or TV/Video Communications 112 or TV/Video Communications 115A or TV/Video Communications 115B or TV/Video Communications 130 or TV/Video Communications 150 or TV/Video Communications 152.
Sign-in/out supervised work on beginning television projects/production assigned in a 100 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

TV/Video Communications 009B
TV/Video Communications Laboratory
Unit(s): 0.5 Class Hours: 27 Laboratory total.
Corequisite: Concurrent enrollment in TV/Video Communications 110 or TV/Video Communications 112 or TV/Video Communications 115A or TV/Video Communications 115B or TV/Video Communications 130 or TV/Video Communications 150 or TV/Video Communications 152.
Sign-in/out supervised work on intermediate television projects/production assigned in a 100 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

TV/Video Communications 009C
TV/Video Communications Laboratory
Unit(s): 0.5 Class Hours: 27 Laboratory total.
Corequisite: Concurrent enrollment in TV/Video Communications 110 or TV/Video Communications 112 or TV/Video Communications 115A or TV/Video Communications 115B or TV/Video Communications 130 or TV/Video Communications 150 or TV/Video Communications 152.
Sign-in/out supervised work on advanced television projects/production assigned in a 100 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

TV/Video Communications 010A
TV/Video Communications Advanced Laboratory I
Unit(s): 0.5 Class Hours: 27 Laboratory total.
Corequisite: Concurrent enrollment in TV/Video Communications 215 or TV/Video Communications 230A or TV/Video Communications 230B or TV/Video Communications 230C or TV/Video Communications 230D or TV/Video Communications 260.
Sign-in/out supervised work on beginning television projects/production assigned in a 200 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

TV/Video Communications 010B
TV/Video Communications Advanced Laboratory II
Unit(s): 0.5 Class Hours: 27 Laboratory total.
Corequisite: Concurrent enrollment in TV/Video Communications 215 or TV/Video Communications 230A or TV/Video Communications 230B or TV/Video Communications 230C or TV/Video Communications 230D or TV/Video Communications 260.
Sign-in/out supervised work on advanced beginning television projects/production assigned in a 200 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

TV/Video Communications 010C
TV/Video Communications Advanced Laboratory III
Unit(s): 0.5 Class Hours: 27 Laboratory total.
Corequisite: Concurrent enrollment in TV/Video Communications 215 or TV/Video Communications 230A or TV/Video Communications 230B or TV/Video Communications 230C or TV/Video Communications 230D or TV/Video Communications 260.
Sign-in/out supervised work on intermediate television projects/production assigned in a 200 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

TV/Video Communications 010D
TV/Video Communications Advanced Laboratory IV
Unit(s): 0.5 Class Hours: 27 Laboratory total.
Corequisite: Concurrent enrollment in TV/Video Communications 215 or TV/Video Communications 230A or TV/Video Communications 230B or TV/Video Communications 230C or TV/Video Communications 230D or TV/Video Communications 260.
Sign-in/out supervised work on advanced television projects/production assigned in a 200 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit. Grade: Pass/No Pass Only. Open Entry/Open Exit.

TV/Video Communications 100
Introduction to Electronic Media: TV, Radio, Film, and the Internet
Unit(s): 3.0 Class Hours: 54 Lecture total.
Survey of historical development, impact, and business practices of TV, radio, film, and the Internet. Emphasizes career opportunities and basic studio operations. CSU

TV/Video Communications 101
TV and Society: A Visual History
Unit(s): 3.0 Class Hours: 54 Lecture total.
Evolution and impact of TV programming as business and art form in American society. Development of a visual literacy and appreciation of historical, artistic, and technical advances from 1890s through, lecture, video viewings, and guest speakers. CSU

TV/Video Communications 103
History of Film to 1945
Unit(s): 3.0 Class Hours: 54 Lecture total.
A survey course exploring film as an art form and developing appreciation of historical, artistic, and technical advances from 1890s to 1945. CSU/UC

TV/Video Communications 104
History of Film From 1945 to Present
Unit(s): 3.0 Class Hours: 54 Lecture total.
A lecture/visual aids course exploring film as an art form and developing appreciation of historical, artistic and technical advances. CSU/UC

TV/Video Communications 110
Introduction to Television Production
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Introduction to production of television programs and operation of studio and field equipment. Includes overview of production theory, terminology and procedures, as well as hands-on training in use of cameras, audio, lighting, and control room apparatus. CSU
TV/Video Communications 112
Introduction to Video Editing and Postproduction
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Fundamental approaches and techniques utilized in single-camera production for television, film, web and multi-media. Hands-on training in operation of portable digital video and audio production equipment, as well as lighting. Prior or concurrent enrollment in Television/Video Communications 110 and 112 recommended. CSU

TV/Video Communications 115A (CD-ID FTVE 130)
Single-Camera Production and Editing
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Recommended Preparation: Prior or concurrent enrollment in Television/Video Communications 110 and 112 recommended.
Fundamental approaches and techniques utilized in single-camera production for television, film, web and multi-media. Hands-on training in operation of portable digital video and audio production equipment, as well as lighting. CSU

TV/Video Communications 112
Advanced Single-Camera Production and Editing
Unit(s): 3.0 Class Hours: 54 Lecture, 54 Laboratory total.
Prerequisite: TV/Video Communications 115A with a minimum grade of C.
Continued development of knowledge and skills in single-camera production technology and practices. Emphasis on professional production standards and technical advancements in digital and High Definition TV. Individual assignments vary in subsequent semesters. Prior or concurrent enrollment in Television/Video Communications 110 and 112 recommended. CSU

TV/Video Communications 120
Beginning Screenwriting for TV, Film, The Web, Corporate Video and Digital Media
Unit(s): 3.0 Class Hours: 54 Lecture total.
Recommended Preparation: English 101 or English 101H.
Designed to acquaint students with fundamentals approaches to writing scripts for television, motion pictures, the web, corporate videos and digital media. Emphasis on the development of outlines, treatments, and scripts for short format programs or segments of feature length shows. CSU

TV/Video Communications 121
Intermediate Screenwriting for TV, Film, the Web, Corporate Video and Digital Media
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: TV/Video Communications 120 with a minimum grade of C.
Explores professional requirements for scriptwriters and their relationship to the production, direction and development of scripts for TV, film, the Web, corporate videos and digital media. Strengthens fundamental writing skills. CSU

TV/Video Communications 123
Advanced Scriptwriting for TV, Film, The Web, Corporate Video and Digital Media
Unit(s): 3.0 Class Hours: 54 Lecture total.
Prerequisite: TV/Video Communications 121 with a minimum grade of C.
Explores professional requirements for writing screenplays for TV, film, and the web plus scripts for corporate videos and digital media. Advanced individual projects enhance student writing skills and body of work. CSU

TV/Video Communications 125
Cooperative Work Experience- Occupational Effects
Unit(s): 1.0 - 6.0 Class Hours: 60–450 Laboratory total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Grade: Pass/No Pass Only. CSU

TV/Video Communications 130
Principles of Broadcast News
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Introduction to broadcast journalism for TV and digital platforms with emphasis on writing, editing, and technical production of media newscasts. Emphasizes both field and studio reporting. Prior or concurrent enrollment in Television/Video Communications 110 recommended. CSU

TV/Video Communications 131
Beginning Broadcast News Workshop
Unit(s): 2.0 Class Hours: 18 Lecture, 54 Laboratory total.
Group instruction for beginners in news writing, reporting, interviewing, and on-camera techniques for appearing on a student-produced cable newscast. Basic training also will include in-studio production techniques. CSU

TV/Video Communications 132
Intermediate Broadcast News Workshop
Unit(s): 2.0 Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: TV/Video Communications 130 or TV/Video Communications 131 with a minimum grade of C.
Group instruction for intermediate level students in the writing and preparation of news, entertainment, and sports segments for a weekly TV newscast. Participation in studio production work and on-camera appearance will also be emphasized. CSU

TV/Video Communications 133
Advanced Broadcast News Workshop
Unit(s): 2.0 Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: TV/Video Communications 132 with a minimum grade of C.
Group instruction for advanced level students in writing and preparation of news, entertainment, and sports segments for a weekly TV newscast. Emphasis placed on advanced reporting, camera, and editing techniques as well as producing and directing the newscast show. CSU

TV/Video Communications 140
Cinematography
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Concepts and practice of cinema-graphic, filming, and lighting techniques as applied to single-camera film and video production. CSU/UC

TV/Video Communications 142
Acting for the Camera
Unit(s): 3.0 Class Hours: 36 Lecture, 54 Laboratory total.
Techniques and disciplines of acting as applied to film and television production. Opportunity to practice and perform with emphasis on developing talents and skills required in acting for the screen. (Same as Theatre Arts 113). CSU/UC

<tr>
<td><strong>Prerequisite:</strong> TV/Video Communications 110 <strong>with a minimum grade of C.</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Emphasizes production planning and preparation, aesthetics, budgeting, and working with a production team. Practical experience in producing and directing studio and remote productions. Different directing/producing assignments each semester. Prior or concurrent enrollment in TV/Video Communications 112 and 115A recommended. CSU/UC.</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 152 Beginning Audio Production</strong></td>
<td>3.0</td>
<td>54 Lecture, 18 Laboratory total.</td>
</tr>
<tr>
<td>Introduction to the theory and practice of audio production for radio, stage, television, film and digital recording applications. Students will learn the fundamentals of sound design and aesthetics, microphone use, and digital recording equipment. Students gain hands-on experience recording, editing, mixing and mastering audio. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. (Same as Music 152). CSU/UC</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 190 Motion Graphics with Adobe After Effects</strong></td>
<td>1.5</td>
<td>18 Lecture, 27 Laboratory total.</td>
</tr>
<tr>
<td>Fundamental features and applications of ProTools audio software used in post-production for television, film and music. Orientation to functions, user interface and actual operation of digital audio workstation. Techniques and aesthetics associated with creation of well-mixed soundtracks are addressed. Hands-on practice with digital recording and editing of soundtracks. (Same as Music 190). CSU</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 193</strong></td>
<td>3.0</td>
<td>36 Lecture, 72 Laboratory total.</td>
</tr>
<tr>
<td><strong>Recommended Preparation:</strong> Art 195 and/or TV/Video Communications 112 with a minimum grade of C.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>This graphics animation course covers the development of original motion graphics. Video editing skills are refined within the animation software to create animated clips for use in multiple media applications. Some experience in non-linear digital video editing is recommended, as well as some graphic design experience. (Same as Art 193). CSU/UC</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 215 Advanced Single-Camera/Digital Cinema Production</strong></td>
<td>3.0</td>
<td>36 Lecture, 54 Laboratory total.</td>
</tr>
<tr>
<td><strong>Recommended Preparation:</strong> Completion of or concurrent enrollment in TV/Video Communications 110 and TV/Video Communications 112 and TV/Video Communications 115A.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Introduction to single-camera digital cinematography production and post production technology, workflow and aesthetics. Emphasis upon industry standards and approaches for television and cinema production with professional High Definition and Ultra High Definition/4K video cameras. Includes HD DSLR and other large-sensor digital cinema cameras, such as RED. Prior enrollment in Television/Video Communications 110, 112 and 115A recommended. CSU</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 230A Broadcast News Production</strong></td>
<td>3.0</td>
<td>36 Lecture, 54 Laboratory total.</td>
</tr>
<tr>
<td><strong>Prerequisite:</strong> TV/Video Communications 130 with a minimum grade of C.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Emphasizes actual live production of a weekly on-air cable newscast using latest newsgathering methodology and equipment. Prior or concurrent enrollment in Television/Video Communications 110, 112 and 115A recommended. CSU</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 230B Broadcast News Production</strong></td>
<td>3.0</td>
<td>36 Lecture, 54 Laboratory total.</td>
</tr>
<tr>
<td><strong>Prerequisite:</strong> TV/Video Communications 230A with a minimum grade of C.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Emphasizes actual live production of a weekly on-air cable newscast using latest newsgathering methodology and equipment. More advanced assignments than Television/Video Communications 230A. Prior or concurrent enrollment in Television/Video Communications 110, 112 and 115A recommended. CSU</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 230C Broadcast News Production</strong></td>
<td>3.0</td>
<td>36 Lecture, 54 Laboratory total.</td>
</tr>
<tr>
<td><strong>Prerequisite:</strong> TV/Video Communications 230B with a minimum grade of C.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Emphasizes actual live production of a weekly on-air cable newscast using latest newsgathering methodology and equipment. More advanced assignments than Television/Video Communications 230B. Prior or concurrent enrollment in Television/Video Communications 110, 112 and 115A recommended. CSU</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 230D Broadcast News Production</strong></td>
<td>3.0</td>
<td>36 Lecture, 54 Laboratory total.</td>
</tr>
<tr>
<td><strong>Prerequisite:</strong> TV/Video Communications 230C with a minimum grade of C.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Emphasizes actual live production of a weekly on-air cable newscast using latest newsgathering methodology and equipment. More advanced assignments than Television/Video Communications 230C. Prior or concurrent enrollment in Television/Video Communications 110, 112 and 115A recommended. CSU</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 240 Agency Film Production</strong></td>
<td>3.0</td>
<td>36 Lecture, 54 Laboratory total.</td>
</tr>
<tr>
<td><strong>Prerequisite:</strong> TV/Video Communications 115A and TV/Video Communications 112 and TV/Video Communications 140 with a minimum grade of C.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>This is a capstone course, where students will build upon skills and concepts developed in previous camera, editing and cinematography courses in order to learn how to produce and direct advertising agency productions. CSU</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 255 Motion Picture Technical Production</strong></td>
<td>3.0</td>
<td>18 Lecture, 108 Laboratory total.</td>
</tr>
<tr>
<td><strong>Prerequisite:</strong> TV/Video Communications 115A and TV/Video Communications 112 and TV/Video Communications 140 with a minimum grade of C.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>This course provides hands-on on practical experience in technical production, culminating in a fully produced film screened to the public. The final movie presentation becomes the basis for creating a production reel. CSU/UC</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TV/Video Communications 260 Lighting Fundamentals TV/Video</strong></td>
<td>3.0</td>
<td>36 Lecture, 54 Laboratory total.</td>
</tr>
<tr>
<td>Theory and practices of lighting including control systems and instruments as well as the techniques for proper installation, operation, maintenance, and safety. (Same as Theatre Arts 133). CSU</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Prerequisite: Theatre Arts 110 with a minimum grade of C.

Unit(s): 3.0 Class Hours: 54 Lecture, 18 Laboratory total.

Intermediate Acting

Theatre Arts 111 (C-ID THTR 152)

Intermediate Acting

Unit(s): 3.0 Class Hours: 54 Lecture, 18 Laboratory total.

Prerequisite: Theatre Arts 110 with a minimum grade of C.

Further study in the art of acting for the stage, investigating in-depth character study, role portrayal, special problems, and personal technique. Acting skills developed through use of exercises, monologues, and scenes from contemporary theatre. A combination of Theatre Arts 110, 111, and 113 may be taken a maximum of four enrollments. CSU/UC
Theatre Arts 136 (C-ID THTR 174)
Fundamentals of Costume Design
Unit(s): 3.0  Class Hours: 54 Lecture, 18 Laboratory total.
The study of costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated. (Same as Fashion Design & Merchandising 136). CSU/UC

Theatre Arts 140A
Theatre Performance
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
An introduction to theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students learn the process of presenting a role on stage. Prepares the student for Theatre Performance 140B. CSU/UC

Theatre Arts 140B
Theatre Performance II
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 140A with a minimum grade of C.
Continued study in theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students perfect the process of presenting a role on stage. Theatre Arts 140B is a continuation and refinement of the work begun during Theatre Arts 140A. CSU/UC

Theatre Arts 140C
Theatre Performance III
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 140B with a minimum grade of C.
Provides the continuing theatre performance student opportunity to concentrate on more advanced acting methods and development of technique. Emphasizes the development of the individual actor’s performance style connecting the voice and body with the emotional life of a character. CSU/UC

Theatre Arts 140D
Theatre Performance IV
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 140C with a minimum grade of C.
Continuing study of acting technique including more complicated methodology and advanced script material. Emphasizes the combination of the individual actor’s performance style with the demands of the professional theatre arena. CSU/UC

Theatre Arts 150 (C-ID THTR 191) (C-ID THTR 192)
Theatre Production
Unit(s): 2.0  Class Hours: 18 Lecture, 70 Laboratory total.
Prerequisite: Audition/Interview
Practical experience in performance production or technical production culminating in a series of public performances. All actors must audition and be cast prior to enrolling. May be repeated. CSU/UC

Theatre Arts 150A (C-ID THTR 191)
Rehearsal and Performance in Production
Unit(s): 2.0  Class Hours: 18 Lecture, 70 Laboratory total.
Prerequisite: Audition
Practical experience in performance production culminating in a series of public performances. All actors must audition and be cast prior to enrolling. May be repeated. CSU/UC

Theatre Arts 150B (C-ID THTR 192)
Technical Theatre in Production
Unit(s): 2.0  Class Hours: 18 Lecture, 70 Laboratory total.
Prerequisite: Audition
Students will gain practical experience in the application of production responsibilities in any of the following: stage management, scenery construction, properties, costume, lighting, or sound. This course culminates into a series of public performances. All student technicians must obtain instructor approval prior to enrolling. May be repeated. CSU/UC

Theatre Arts 151 (C-ID THTR 191)
Showcase I
Formerly: Showcase
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
An introduction to theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students learn the process of presenting a role on stage. Prepares the student for Showcase II. A combination of Theatre Arts 151, 171, 172, and 173 may be taken a maximum of four enrollments. CSU/UC

Theatre Arts 152 (C-ID THTR 191)
Tour Ensemble
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
An introduction to theatre performance emphasizing acting techniques as applied to performing a role in multiple venues. CSU/UC

Theatre Arts 153
Introduction to Directing
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
The study and application of directing theory, process, and technique which will culminate in a student-directed project production for public performance. Included are the fundamentals of script analysis, designer collaboration, character development, staging, actor coaching, and presenting. CSU/UC

Theatre Arts 154 (C-ID THTR 191)
Performance Ensemble
Unit(s): 2.0  Class Hours: 18 Lecture, 54 Laboratory total.
Prerequisite: Audition
A study of the standards and expectations for an actor in auditions, casting, rehearsal and performance in a departmental production. All students will be cast in one-act plays for public presentation. May be repeated. A combination of Theatre Arts 154, 161, 162, and 163 may be taken a maximum of four enrollments. CSU/UC

Theatre Arts 155 (C-ID THTR 191)
Children’s Theatre Ensemble
Unit(s): 2.0  Class Hours: 18 Lecture, 70 Laboratory total.
Prerequisite: Audition
Intensive rehearsal and performance experience leading to an extended-run Children’s Theatre production utilizing playscripts written for young audiences. May be repeated. CSU/UC

Theatre Arts 156
Readers’ Theatre Workshop
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
A study of acting involving the development of techniques, styles, and theories specific to performing in front of a live audience. Provides the student with extensive practical rehearsal experience with varied characters, leading to workshop production. CSU/UC
Theatre Arts 161
Tour Ensemble II
Unit(s): 3.0   Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 152 with a minimum grade of C.
Continued study in theatre performance emphasizing acting techniques as applied to performing a role in a touring company. Students perfect the process of presenting a role in multiple venues. A combination of Theatre Arts 154, 161, 162, and 163 may be taken a maximum of four enrollments. CSU

Theatre Arts 162
Tour Ensemble III
Unit(s): 3.0   Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 161 with a minimum grade of C.
Provides the continuing theatre performance student opportunity to concentrate on more advanced acting methods and development of technique in playscripts for a touring ensemble. Emphasizes the development of the individual actor’s performance style connecting the voice and body with the emotional life of a character. A combination of Theatre Arts 154, 161, 162, and 163 may be taken a maximum of four enrollments. CSU

Theatre Arts 163
Tour Ensemble IV
Unit(s): 3.0   Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 162 with a minimum grade of C.
Continuing study of acting technique including more complicated methodology and advanced script material focusing on touring ensembles. Emphasizes the combination of the individual actor’s performance style with the demands of the professional touring arena. A combination of Theatre Arts 154, 161, 162, and 163 may be taken a maximum of four enrollments. CSU

Theatre Arts 165
Introduction to Intelligent Lighting
Unit(s): 1.5   Class Hours: 27 Lecture total.
Recommended Preparation: or concurrent enrollment in Theatre Arts 165L.
The fundamental study of intelligent lighting equipment to include a variety of state of the art lighting fixtures and programming/control consoles. Basic skills in control and programming are emphasized. CSU

Theatre Arts 165L
Fundamentals of Programming for Intelligent Lighting Lab
Unit(s): 0.5   Class Hours: 27 Laboratory total.
Recommended Preparation: Concurrent enrollment in Theatre Arts 165.
Develop the programming skills to complete a show set up, control fixture characteristics, create and record cues, and transfer between programming and show control. Emphasis will be placed on developing speed and accuracy in these basic skills. CSU

Theatre Arts 166
Intermediate Programming
Unit(s): 1.0   Class Hours: 18 Lecture total.
Prerequisite: Theatre Arts 166L.
Further development of the control and programming skills used in the entertainment lighting industry. Multiple control consoles will be introduced. CSU

Theatre Arts 166L
Intermediate Programming Lab
Unit(s): 1.0   Class Hours: 54 Laboratory total.
Corequisite: Concurrent enrollment in Theatre Arts 166.
Practical application of the terms, concepts, and practices in the control and programming of automated lighting equipment. Emphasis is placed on intermediate and advanced programming techniques/skills while increasing speed and accuracy. CSU

Theatre Arts 167
Setup for Intelligent Lighting
Unit(s): 1.0   Class Hours: 9 Lecture, 27 Laboratory total.
Study of the practical considerations for using intelligent lighting equipment. Included topics are safety precautions, setup, and operational procedures, control panel functions, basic service, and maintenance techniques. CSU

Theatre Arts 168A
Computer Applications for Entertainment Lighting
Unit(s): 2.5   Class Hours: 36 Lecture, 36 Laboratory total.
Study of varied software apps that assist in the creation, management and visualization of entertainment lighting projects. CSU

Theatre Arts 170
Entertainment Technology Internship
Unit(s): 1.0   Class Hours: 9 Lecture, 47.25 Laboratory total.
Supervised field work in one or more of areas backstage technologies including lighting, sound, and stagecraft. Skills are assessed before placement to match abilities with job requirements. Grade: Pass/No Pass Only. Open Entry/Open Exit. CSU

Theatre Arts 171
Showcase II
Unit(s): 3.0   Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 151 with a minimum grade of C.
Continued study in theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students perfect the process of presenting a role on stage. A combination of Theatre Arts 151, 171, 172, and 173 may be taken a maximum of four enrollments. CSU

Theatre Arts 172
Showcase III
Unit(s): 3.0   Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 171 with a minimum grade of C.
Provides the continuing theatre performance student opportunity to concentrate on more advanced acting methods and development of technique. Emphasizes the development of the individual actor’s performance style connecting the voice and body with the emotional life of a character. A combination of Theatre Arts 151, 171, 172, and 173 may be taken a maximum of four enrollments. CSU

Theatre Arts 173
Showcase IV
Unit(s): 3.0   Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 172 with a minimum grade of C.
Continuing study of acting technique including more complicated methodology and advanced script material. Emphasizes the combination of the individual actor’s performance style with the demands of the professional theatre arena. A combination of Theatre Arts 151, 171, 172, and 173 may be taken a maximum of four enrollments. CSU

Theatre Arts 177
Principles of Playwrighting
Unit(s): 3.0   Class Hours: 54 Lecture total.
An introduction to the elements of writing a play for the stage emphasizing dramatic structure, dramatic action, relationship between dialogue and action, setting, theme and point of view. Students will be assigned writing exercises that culminate in a one-act play. A combination of Theatre Arts 177, 178, 179, 180, 181, 186, and 190 may be taken a maximum of four enrollments. CSU
ANNOUNCEMENT OF COURSES

Theatre Arts 178
Musical Theatre Techniques
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
This course explores the development of the beginning fundamentals of acting, singing and movement for musical theatre through exercises, auditions, solo and group performances. A combination of Theatre Arts 177, 178, 179, 180, 181, 186, and 190 may be taken a maximum of four enrollments. CSU

Theatre Arts 179
Musical Theatre Workshop
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Recommended Preparation: Theatre Arts 178 with a minimum grade of C
Further development and exploration of musical theatre skills. Students will become proficient musical theatre artists through theatrical exercises, audition and dance techniques and solo and group performances. A combination of Theatre Arts 177, 178, 179, 180, 181, 186, and 190 may be taken a maximum of four enrollments. CSU

Theatre Arts 180
Intermediate Musical Theatre Techniques
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 179 with a minimum grade of C
This course explores intermediate level techniques of acting, singing and movement for musical theatre through theatrical exercises, auditions, solo and group performances. A combination of Theatre Arts 177, 178, 179, 180, 181, 186, and 190 may be taken a maximum of four enrollments. CSU

Theatre Arts 181
Intermediate Musical Theatre Workshop
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Theatre Arts 180 with a minimum grade of C
Intermediate level development and exploration of musical theatre skills. Students will become proficient musical theatre artists through theatrical exercises, audition and dance techniques and solo and group performances. A combination of Theatre Arts 177, 178, 179, 180, 181, 186, and 190 may be taken a maximum of four enrollments. CSU

Theatre Arts 186
Voice for the Actor
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
An academic study and practical application of the efficient and effective use of the speaking voice, particularly in meeting the unique demands of acting for the stage. Focus will be placed on exercises designed to identify and correct breathing problems, diction problems, and to create conscious control of speech function. A combination of Theatre Arts 177, 178, 179, 180, 181, 186, and 190 may be taken a maximum of four enrollments. CSU

Theatre Arts 190
Improvisation for Stage and Screen
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Exploration of the principles and techniques of improvisational acting designed to increase the actor's creativity, problem solving, and performance skills. This course also develops student awareness of the importance of the cooperative dynamics of theatre, television and film. A combination of Theatre Arts 177, 178, 179, 180, 181, 186, and 190 may be taken a maximum of four enrollments. CSU

Theatre Arts 198
Topics
Unit(s): 0.5  Class Hours: 9 Lecture total.
Topics of special interest offered to meet the needs of theatre arts students. Open Entry/Open Exit. CSU

Theatre Arts 250
Advanced Theatre Production
Unit(s): 2.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Audition/Interview.
Practical experience at an advanced level in performance production or technical production culminating in a series of public performances. Students desiring an acting role must audition and students desiring a technical role must be interviewed. May be repeated. CSU/UC

Theatre Arts 255
Motion Picture Performance Production
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Theatre Arts 256 with minimum grade of C.
Intermediate level practical experience in performance production culminating in a fully produced feature film screened to the public. The final movie presentation becomes the basis for developing an actor reel. Students desiring an acting role must audition. CSU/UC

Theatre Arts 256
Intermediate Motion Picture Performance Production
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Theatre Arts 255 with minimum grade of C.
Intermediate level practical experience in performance production culminating in a fully produced feature film screened to the public. The final movie presentation becomes the basis for developing an actor reel. Students desiring an acting role must audition. CSU/UC

Theatre Arts 257
Motion Picture Performance III
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Theatre Arts 256 with a minimum grade of C.
Provides the continuing performance student opportunity to concentrate on more advanced acting methods and development of technique. Emphasizes the development of the individual actor's performance style connecting the emotional life of a character to technical delivery on-screen. CSU/UC

Theatre Arts 258
Motion Picture Performance Production IV
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Theatre Arts 257 with a minimum grade of C.
Continuing study of on-camera acting technique including more complicated methodology and advanced script material. Emphasizes the combination of the individual actor's performance style with the demands of working on a professional set. CSU/UC

Vietnamese 101
Elementary Vietnamese I
Unit(s): 5.0  Class Hours: 90 Lecture total.
A college level Vietnamese class focusing on pronunciation and grammar, basic vocabulary, common idioms, listening, speaking, reading, and writing techniques to provide avenues for the expression of ideas orally and in writing. Introduction to Vietnamese culture. Some sections designated for native Vietnamese speakers. Vietnamese 101 is equivalent to two years of high school Vietnamese. CSU/UC
WELDING TECHNOLOGY (WELD)

Welding 108
Oxyacetylene-Arc Welding
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Technical knowledge and basic skills needed for occupational oxyacetylene and arc welding processes and applications. Students must furnish safety equipment. (Same as Automotive Technology 108 and Diesel 108), CSU

Welding 125A
Intermediate Arc Welding Level I
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 108 with a minimum grade of C.
This is a course designed to improve the student’s previously acquired arc welding skills and prepare the student to pass the welding certification test. Emphasis is placed on welding in the vertical and overhead positions and the preparation of the test plates (1” steel), using the shielded metal arc welding process E-7018 (SMAW), CSU

Welding 125B
Intermediate Arc Welding Level II
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 108 and Welding 125A with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by SAC Welding Instructor.
This is a course designed to improve the student’s prior acquired arc welding skills and prepare the student to pass the welding certification test. Student is introduced to the preparation of the 1” plate. This course will introduce the students to the Licensing Class D1.1. rules and regulations from the Department of Building and Safety with the city of Los Angeles. Emphasis is placed on welding in the vertical and overhead positions and the preparation of the test plates (1” steel), using the shielded metal arc welding process E-7018 (SMAW), CSU

Welding 129A
Advanced Arc Welding I
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 108 with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills.
This course is designed to help students enhance previously acquired arc welding skills and prepare them to pass the welding certification test. Provides advanced manipulative skills and technical knowledge needed to pass a 1” plate guided bended test required for structural steel certification, CSU

Welding 129B
Advanced Arc Welding Level II
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 129A with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by SAC Welding Instructor.
This is a course designed to advance the student’s previously acquired arc welding skills and prepare the student to pass the welding certification test. Emphasis is placed on welding in the vertical and overhead positions and the preparation of the test plates (1” steel), using the shielded metal arc welding process (SMAW) E-7018 according to the American Welding Society rules and regulations D1.1 Code Book, CSU

Welding 129C
Advanced Arc Welding Level III
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 129B with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by SAC Welding Instructor.
This is a course designed to improve and master the student’s previously acquired arc welding skills to an advanced level and prepare the student to pass the welding certification test. Emphasis is placed on welding in the vertical and overhead positions and the preparation of the test plates (1” steel), using the shielded metal arc welding process E-7018 according to the American Welding Society rules and regulations. Students will take the D1.1 certification test at this level, CSU

Welding 129D
Advanced Arc Welding Level IV
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 129C with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by SAC Welding Instructor.
This course provides level one instruction on the principles, equipment, welding techniques, mode of operations, and safety for (FCAW) wire flux cored arc welding used for structural steel. It is also designed to improve the student’s formerly acquired arc welding skills and prepare the student to pass the welding certification test D1.1. Emphasis is placed on welding in the vertical and overhead positions and the preparation of the test plates (1” steel), using FCAW 2/32 wire (flux cored arc welding), CSU

Inert Gas Welding Level I
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 108 with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills.
This course will introduce the student to gas tungsten arc welding (GTAW) and metal inert gas welding (MIG) of aluminum, mild steel and stainless steel, CSU

Inert Gas Welding Level II
Unit(s): 3.0 Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 139A with a minimum grade of C or satisfactory completion of proficiency exam in inert gas welding skills administered by the SAC Welding Instructor.
This course is designed to further the welding skills of the student in gas tungsten arc welding (GTAW) and metal inert gas (MIG) process. Special emphasis is placed on the horizontal position of aluminum, mild steel and stainless steel, CSU
Welding 139C
Inert Gas Welding Level III
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 125A with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by the SAC Welding Instructor.
This is an advanced welding course using the gas tungsten arc welding (GTAW) process. This course is intended to give the students the skills necessary to pass the welding certification test in GTAW and MIG welding processes. The student is required to master the horizontal and vertical-up welding positions. CSU

Welding 140A
Welding Certification Training Level I
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 108 with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills.
This is an advanced course that will provide lecture and hands-on practice in welding in multiple areas of certification using shielded metal arc welding (SMAW) as well as in flux cored arc welding (FCAW). The student will focus on welding in the vertical and overhead position and the preparation of test plates. CSU

Welding 140A
Welding Certification Training Level II
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 108 with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by SAC Welding Instructor.
This is an advanced course that will provide lecture and hands-on practice in welding in multiple areas of certification using shielded metal arc welding (SMAW) as well as in flux cored arc welding (FCAW) in the vertical and overhead positions. The student will focus on welding with the SMAW, FCAW and pipe in the 1G and 2G positions using E6010 electrode. CSU

Welding 140C
Welding Certification Training Level III
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 140A with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by SAC Welding Instructor.
This is an advanced course that will provide lecture and hands-on practice in welding in multiple areas of certification using shielded metal arc welding (SMAW) as well as in flux cored arc welding (FCAW) in the vertical and overhead positions. The student will focus on welding with the SMAW, FCAW and pipe in the 5G and 6G positions using E6010 electrode. CSU

Welding 141A
Welding Certification Exam Preparation Level I
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Welding 108 with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills administered by SAC Welding Instructor.
This practical course is for advanced welding students. Instruction will cover design, prequalified base/filler material, procedure/welder qualifications, fabrication essentials, and testing as specified by American Welding Society (AWS) D1.1. Structural Code specifications leading to Los Angeles City or AWS welding certifications. CSU

Welding 141B
Welding Certification Exam Preparation Level II
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Welding 141A with a minimum grade of C.
This course is for advanced welding students. Instructor will cover prequalified base/filler material, procedure/welder qualification and testing as specified by American Welding Society (AWS), D1.1 Structural Code specifications leads to Los Angeles City or AWS welding certifications. CSU

Welding 153A
Math/Blue Print Reading for Welders
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Welding 125A with a minimum grade of C.
This course is designed to introduce the welding student to math and blue print reading and their applications for welders related to the welding industry. Emphasis will be placed on the practical problems in mathematic for welders measuring, instruments, area, volume, fractions, decimals and metric system. This course will allow the student to read and interpret shop and field drawings and prints related to the welding industry. CSU

Welding 153B
Math/Blue Print Reading for Welders
Unit(s): 3.0  Class Hours: 54 Lecture total.
This is an advanced course designed to allow students to function at a higher math and blue print reading level and their applications for welders related to the welding industry. Emphasis will be placed on the common fractions, decimal fractions, perimeter of squares, areas of triangle, volumes, circumferences of circles and perimeter. The student will be able to read and interpret shop and field drawings, and prints related to the welding industry. CSU

Welding 154A
Beginning Pipe Fundamentals
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 125A with a minimum grade of C.
The pipe welding industry requires a highly skilled welder. This course consists of 112 hours of training in safety, preparation, welding, terminology, blueprints, and codes. Emphasis will be on the preparation of root groove welds on pipe using the Shielded Metal Arc Welding Process using E6010 and E7018 electrodes. Students will learn pipe terminology and proper practices used in different industries. CSU

Welding 154B
Intermediate Pipe Welding
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 154A with a minimum grade of C.
The pipe welding industry requires a highly skilled welder. This course consists of 112 hours of training in safety, preparation, welding, terminology, blueprints, and codes. Emphasis will be on the preparation of root groove welds on pipe using the Shielded Metal Arc Welding Process using E6010 and E7018 electrodes. Students will learn pipe terminology and proper practices used in different industries. CSU

Welding 154C
Advanced Pipe Welding
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 154B with a minimum grade of C.
The pipe welding industry requires a highly skilled welder. This course consists of 112 hours of training in safety, preparation, welding, terminology, blueprints, and codes. Emphasis will be on the preparation of root groove welds on pipe using the Shielded Metal Arc Welding Process using E6010 and E7018 electrodes. Students will learn pipe terminology and proper practices used in different industries. Students will set up and operate the Orbital Welding machine. CSU

Welding 155A
Beginning Metal Fabrication
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 125A with a minimum grade of C.
A fabricator in the welding industry requires a highly skilled welder/fitter. This course consists of 112 hours of training in safety, preparation, welding, terminology, blueprints, and codes. Emphasis will be focusing on proper operation of shop machinery, welding, fit-up, metal shapes, and various techniques of building and assembly. CSU
Welding 155B
Intermediate Metal Fabrication
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 155A with a minimum grade of C or satisfactory completion of proficiency exam in arc welding skills.
This course consists of 112 hours of training in safety, preparation, welding, terminology, blueprints, and codes. Emphasis will be focusing on proper operation of shop machinery, welding, fit-up, metal shapes, and various techniques of building and assembly. Such as aerospace, military, or a special tool that could assist keeping tight tolerances required by an engineer. Students will learn fabrication terminology and proper practices used in different industries. This course is designed to adapt and upgrade skills to industry standards and develop fabrication skills to supplement and expand welding skills. CSU

Welding 156A
Beginning Robotic Welding
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Welding 108 with a minimum grade of C.
Corequisite: Welding 157A or Manufacturing Technology 157A
The course is a basic programming course that teaches students how to safely manipulate the robot through proper use of the robotic controller and Teach Pendant. This course also introduces the student to the gas metal and flux cored arc welding process. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification, various welding techniques, and base and filler metal identification. This course is an introduction to the beginning robotic/laser technology. (Same as Manufacturing Technology 156A). CSU

Welding 156B
Intermediate Robotic Welding
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Welding 156A or Manufacturing Technology 156A and Welding 157A or Manufacturing Technology 157A with a minimum grade of C.
Corequisite: Welding 157B or Manufacturing Technology 157B
The robotic welding course teaches students how to safely manipulate the robot through proper use of the robotic controller and Teach Pendant. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification and welding procedures. Students will be able to input welding procedures, jog frames, circular moves, weaving, copy-delete-commands, six point tool center and other activities related to the robotic welding process. (Same as Manufacturing Technology 156B). CSU

Welding 156C
Advanced Robotic Welding
Unit(s): 3.0  Class Hours: 36 Lecture, 54 Laboratory total.
Prerequisite: Welding 156B or Manufacturing Technology 156B with a minimum grade of C.
The Advanced Robotic Welding course teaches students how to safely manipulate the robot through proper use of the robot controller and Teach Pendant. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification and welding procedures. Students will be able to create programs in robotic welding safety, TPP Management, USER Frames, coordinated motion, TAST, TAST-RPM, position registers & offsets, touch & sensing and activities relating to the robotic welding process. (Same as Manufacturing Technology 156C). CSU

Welding 157A
Basic Robotic Programming
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 108 with a minimum grade of C.
Corequisite: Welding 156A or Manufacturing Technology 156A
This is a basic programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, linear movements, coordinate systems, Teach Pendant programming, and software/hardware integration. (Same as Manufacturing Technology 157A). CSU

Welding 157B
Intermediate Robotic Programming
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 156A or Manufacturing Technology 156A and Welding 157A or Manufacturing Technology 157A with a minimum grade of C.
Corequisite: Welding 156B or Manufacturing Technology 156B
This course is a programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, circular movements, robot set-up, advanced Teach Pendant programming and functions, and auxiliary hardware. (Same as Manufacturing Technology 157B). CSU

Welding 157C
Advanced Robotic Programming Welding
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 156B or Manufacturing Technology 156B and Welding 157B or Manufacturing Technology 157B with a minimum grade of C.
Corequisite: Welding 156C or Manufacturing Technology 156C
This is an advanced programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, logic commands, and coordinate systems, advanced Teach Pendant programming, network integration, simulations, and software/hardware integration. (Same as Manufacturing Technology 157C). CSU

Welding 160
Introduction to Process Validation and Verification of Laser Welding Process: Level 1
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
This course is designed to introduce students to laser welding validation and the development of manufacturing capabilities using fiber laser welding equipment. CSU

Welding 161
Planning Process Validation and Verification of Laser Welding Process: Level 2
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 160 with a minimum grade of C
This course is designed to introduce students to laser welding process focused on three main activities: Installation Qualification Plan (IQ), Operational Qualification Plan (OQ), and Performance Qualification Plan (PQ) per the MVP. CSU

Welding 162
Executing Process Validation and Verification of Laser Welding Process: Level 3
Unit(s): 3.0  Class Hours: 18 Lecture, 108 Laboratory total.
Prerequisite: Welding 161 with a minimum grade of C
This course is designed to perform validation activities with laser welding processes focused on three main activities: Installation Qualification Report (IQ), Operational Qualification Report (OQ), and Performance Qualification Report (PQ) per the MVP. CSU
WOMEN’S STUDIES (WMNS)

Women's Studies 101
Introduction to Women’s Studies
Unit(s): 3.0  Class Hours: 54 Lecture total.
A multicultural survey of social trends, issues, opportunities, and topics of special interest to women. Discussion includes sex, sex role stereotyping, family problems, work, law, gender equity, physical and mental health, feminism, rape, and women in arts, sciences, history, and business. CSU/UC

Women's Studies 102
Women in America: Work, Family, Self
Unit(s): 3.0  Class Hours: 54 Lecture total.
An examination of women’s roles in America. Emphasis on employment, family structures, and personal development. Topics include: historical patterns, socialization, opportunities, sexism, identity, growth, law, unionization, sexual harassment, media influence, family pressures, child care, guilt, stress. CSU/UC

Santa Ana College School of Continuing Education Office
Centennial Education Center
2900 West Edinger Avenue
Santa Ana, CA 92704
714-241-5700

Mission Statement
The Santa Ana College School of Continuing Education is a responsive community leader dedicated to adult student success through innovative educational programs and services. The School of Continuing Education prepares students to transition to college, improve language and workforce skills, increase civic involvement, and promote lifelong learning.

The Centennial Education Center (CEC) office is located at the corner of Fairview and Edinger, Santa Ana, near convenient bus stops. Office Hours: Monday through Thursday, 8:00 am–8:45 pm, Friday, 8:00 am–12:45 pm, Saturday, 8:00 am–11:45 am.

The Centennial Child Development Center provides services to Santa Ana College School of Continuing Education students’ children between the ages of 2 and 5 based on space availability. Fees are based on a sliding scale and children need to be enrolled on a regular basis.

Centennial Education Center offers a wide range of classes. Because classes are offered on an open entry/open exit basis, students may register at any time throughout the year.

Student Outreach provides admissions information, ensures access to and knowledge of campus resources, and actively promotes student services offered.

English as a Second Language (ESL) classes at CEC provide a vital service to students who have come to the United States from all over the world. Classes cover a wide range of instruction in beginning to advanced English, pronunciation, citizenship, conversation, writing, vocational ESL, and college preparation. Students develop survival skills, learn about customs, and American culture, as well as, acquire language skills necessary for school, employment and success in their daily lives.

The Community Learning Center provides opportunities for adult learners to use language learning computer software to practice English. Civics instruction is provided to enhance awareness of learners’ community. One-on-one, small-group, and technology-based instruction are offered based on individual needs. Instructors help learners create individual learning plans and set educational goals.

Instructors in the Pronunciation Center help students build their fluency in pronunciation through a variety methods to include role play, pair and group work, and presentations. Students will learn about sound patterns and sound inventory, stress, intonation, and others.

Materials are provided in class.

The Adult Basic Education Program (ABE) is designed to assist students in strengthening their skills in reading, writing, mathematics, English usage and grammar. Fifteen (15) elective credits may be earned by students who pass the three exit exams. Once the ABE classes have been successfully completed and a certificate awarded, the student is eligible to enter the Adult High School Subjects Diploma program (ASE) GED preparation or college credit courses. The ABE program is also appropriate for students who want to become more employable.

The Adult High School Diploma Program is designed to accommodate adults with varied responsibilities, backgrounds, and needs who want to earn a high school diploma. Individualized instruction is provided so that students may take classes that fit their personal schedules, thus enabling them to work and complete credits at their own pace. Courses offered include: English fundamentals, reading and vocabulary skills, mathematics, science, United States history, and American government. Classes in GED preparation, including practice testing, are also offered in English and Spanish at CEC and REC.

Weekend classes are offered at CEC for students who can only attend one day a week. Upon completing their GED studies, students register online at www.ged.com to take their exam(s). The nearest testing site is:

Corporate Training Institute
Rancho Santiago Community College District
2323 N. Broadway, Suite 315
Santa Ana, CA 92706

School of Continuing Education DSPS seeks to meet the needs of adults with disabilities. Accommodations and support services are provided, after students complete a DSPS application, present verification of a disability and complete an intake appointment.

The Vocational Training Programs are designed to prepare students with the necessary skills needed to succeed in today’s competitive workforce. Training focuses on various skills leading to the attainment of certificates in general office, executive assistant, computer repairs, childcare licensing, nursing aides, orderlies, attendants, and customer service. Students engage in teacher-facilitated instruction as well as independent laboratory instruction where they can learn at their own pace.
SANTA ANA COLLEGE SCHOOL OF CONTINUING EDUCATION GOALS AND PROGRAM OBJECTIVES

GOALS
Recognizing that learning is a lifelong process, the School of Continuing Education offers a variety of courses and programs to meet basic educational goals of adult learners. Programs and services offered by the School of Continuing Education are designed to help adults meet and carry out their immediate social, civic, and economic responsibilities. Continuing Education promotes lifelong learning as a vehicle to earn a high school diploma or GED, improve English skills, prepare for higher education, prepare for citizenship, learn new job skills, and become productive, active participants in American society.

COUNSELING
1. Provides counseling and guidance services to students.
2. Provides educational assessment services.
3. Provides orientation to a variety of programs and services.
4. Offers career vocational guidance.
5. Offers referrals to community agencies.
6. Provides personal counseling.

PROGRAM OBJECTIVES

Adult Basic Education
1. Teaches the basic academic and life skills necessary for success in today’s world.
2. Provides students with a strong educational foundation that can be used as a basis for employment preparation, entrance into high school subjects, GED preparation, and college and vocational programs.

Adult High School Diploma Program
1. Enables students to obtain a high school diploma.
2. Provides coursework that enables students to meet proficiency requirements.
3. Encourages high school students to pursue higher education goals.

GED Test Preparation
1. Assists students in preparing for the GED examination.

Child Care Licensing Program
1. Provides child care licensing programs so students can obtain employment or open their own child care home business.

Citizenship Preparation
1. Prepares students for the United States citizenship interview and examination process.
2. Teaches students about the rights and benefits of becoming U.S. citizens.

Developmentally Disabled Adults
1. Provides opportunities for the realization of individual potentials in the areas of education, work, and social interaction.

English as a Second Language
1. Develops competency in the English language for non-native speakers at school, work, home, and in the community.
2. Improves fluency levels for success in vocational, high school, and college credit programs.
3. Develops an understanding of American culture, values, and civic responsibility.
4. Provides students with a strong academic foundation and improves language skills that can be used as a basis for lifelong learning and continuation into adult basic education, high school subjects, GED preparation, college credit and/or vocational programs. Ultimately, these skills should assist students in obtaining better employment opportunities.

Parent Education
1. Provides a variety of learning opportunities and instruction for prospective parents regarding the intellectual, physical, and emotional components of the birth process.
2. Provides theory, methods, and practical applications for rearing children.
3. Encourages parents to acquire additional child guidance and decision-making skills that are congruent with their values, children’s developmental and educational needs, and society’s demands.

Vocational Education
1. Provides short-term vocational training for entry-level positions.
2. Provides courses that are updated through input from business industry advisory councils and the mandates of occupational licensing agencies.
3. Provides vocational assessment, technology, training, and employability skills to prepare job seekers for the workforce.
INSTRUCTIONAL PROGRAMS AND STUDENT SERVICES

INSTRUCTIONAL PROGRAMS

Traditional, individualized and self-paced classroom instruction is offered in academic, vocational, and basic skills areas. Many classrooms at the larger sites utilize state of the art technology in instruction. Open Entry/Open Exit format allows flexibility in planning. Day and evening classes are offered throughout the community, and some classes are offered only on Fridays and Saturdays.

**Adult Basic Education**
Provides adult learners the opportunity to build a strong foundation in reading, writing, language, English usage, grammar, mathematics, and communication skills, and to develop practical skills in areas of technology training and employment preparation.

**Adult Secondary Education**
- **Adult High School Diploma Program**
  Provides all courses necessary to obtain a high school diploma through both traditional and individualized instruction methods.
- **GED Preparation**
  Prepares adults to pass the GED high school equivalency exam.

**Career Education**
- **Vocational Training Programs**
  Provides employment preparation focusing on general workforce preparation skills and specific vocational training including independent laboratory instruction and technology training.

**English as a Second Language**
Instruction in English from beginning to intermediate levels is offered at various locations throughout the district for non-English and limited English speaking adults. Specialty classes in pronunciation, conversation, vocational ESL, ESL Civics/Citizenship, and writing are also offered.
- **ESL Civics/Citizenship**
  Provides basic knowledge of local, state, and federal government in preparation for the United States citizenship examination including language development within the context of history and government.
- **Community Learning Center**
  Provides opportunities for adult learners to use language-learning computer software to practice English. Civics instruction is provided to enhance awareness of learners’ community. One-on-one, small-group, and technology-based instruction are offered based on individual needs. Instructors help learners create individual learning plans and set educational goals.

**Health and Safety Education**
Consists of courses specifically designed to offer lifelong education to promote the health, safety and well-being of individuals, families and communities.

**Parent Education Program**
Prepares students for their important role as a key factor in child health, development and success, from the prenatal stage through college preparation. Parent education courses emphasize intellectual, physical, and emotional aspects of parenting.

**Students with Substantial Disabilities**
Provides courses to assist developmentally disabled adults with basic academic skills and independent living skills.

**STUDENT SERVICES**

**Counseling, Career Planning and Guidance**
Provides career, academic, personal and vocational counseling to students in the School of Continuing Education. Counselors provide students with
- educational planning
- interpretation of assessments
- orientation to programs and services.
ADMISSION AND FEES

Who May Attend
Students who have graduated from high school or are over 18 years of age are eligible to enroll in continuing education classes. Students under 18 years of age who have not graduated from high school may be admitted by special approval of their high school district of attendance and approval of a continuing education administrator.

Where to Register
For the convenience of the student, registration for continuing education classes may be completed at the following locations:

Santa Ana Area
Santa Ana College School of Continuing Education
Centennial Education Center
2900 West Edinger Avenue, Room A-101, Santa Ana, CA 92704
714-241-5700

Santa Ana College
1530 West 17th Street, Room B-8, Santa Ana, CA 92706
714-564-6173

Remington Education Center
1325 E. 4th Street, Santa Ana, CA 92701
714-241-5850

Online application
Students can apply online at: sac.edu/webadvisor

Parking Fee
Students enrolling in classes that meet at Santa Ana College’s main campus are expected to pay a parking fee for campus parking or park in one of the designated coin operated lots located on the south side of the campus. While the parking fee is payable at the Student Business Office on the college campuses, it is much quicker for students to purchase their parking permits through the new online parking permit system. When permits are purchased online, a temporary permit will be emailed to you for immediate use. There are links to this site at enrollment and on the college websites. The parking regulations for campus can be found on the Safety and Security web site at this link: http://sac.edu/StudentServices/Security/Pages/Parking-Information.aspx. There is important information regarding safely parking on campus on these pages, please take time to take a look.

No parking fee is required at Centennial Education Center or at other continuing education sites in the district.

Textbooks and Supplies
Textbooks for continuing education classes are available at:
Santa Ana College School of Continuing Education Bookstore
Centennial Education Center
2900 West Edinger Avenue
Santa Ana, CA 92704

Bookstore Hours are:
Monday, Tuesday, Wednesday  9 a.m. – 7 p.m.
Thursday  9 a.m. – 6 p.m.
Friday and Saturday  Closed

Schedule of Classes
A schedule of classes prepared each semester includes general information, courses offered, hours, rooms, and instructor names. Schedules are available before registration each semester in each of the major continuing education sites and Rancho Santiago Community College District campuses. Registration is ongoing for those classes which have been designated open entry/open exit.

Open Enrollment
Unless specifically exempted by statute, every course wherever offered and maintained by the district is fully open to enrollment and participation by any person who has qualified as a continuing education student and meets the approved prerequisites for that course.

Student Identification Card
Each student may obtain a picture student identification card upon request. This card must be presented when using the Santa Ana College library and entitles the student to a reduced admission fee to college functions. Student identification cards may be obtained at:
Santa Ana College,
1530 W. 17th Street, Santa Ana, CA 92706,
714-564-6965

Centennial Education Center,
2900 W. Edinger, Santa Ana, CA 92704

Remington Education Center,
1325 E. 4th Street, Santa Ana, CA 92701

Class Discontinuance Policy
Any class which does not have a total of at least 20 students enrolled by the beginning of instruction may be discontinued. Any class which does not maintain satisfactory attendance may be discontinued.

General Information
ADULT HIGH SCHOOL DIPLOMA PROGRAM

Learning should be a lifelong process if an individual is to have a full and rewarding life. Often, not having a high school diploma becomes a stumbling block for adults who would like to continue their education. Completing the high school diploma allows the individual to achieve greater goals. Educators in the School of Continuing Education know how difficult it is to return to education when the demands of employment, family and daily living take so much energy and time. With the busy adult in mind, the adult high school diploma program is designed to be flexible enough to fit the schedule of each individual. Rancho Santiago Community College District offers a comprehensive high school diploma program for adults who wish to continue their formal education.

Santa Ana College has maintained a High School Program since 1973. In 2009, the California Code of Regulations adopted minimum coursework and standards required by community colleges to award high school diplomas. Santa Ana College requested and received approval of its application for the new Adult High School Diploma Program in the summer of 2009 from the California Community College’s Chancellor’s Office.

Diplomas are issued by the Rancho Santiago Community College District to students who complete the required course of study and demonstrate proficiency in basic skills. Graduation ceremonies are traditionally held each May or June for several hundred adults of all ages. Students may complete the diploma program at any time during the year and receive verification of completion of requirements at that time. Courses designed to meet high school graduation requirements are offered in both the traditional classroom setting or in open entry/open exit individualized learning programs. Elective credits can be earned in continuing education classes offered in a wide variety of locations throughout the community as listed in the schedule of classes published each semester.

Counseling and Guidance

Counselors meet with students and design programs of study on an individual basis so that students desiring a high school diploma can achieve their individual educational goals. For students transferring from other high school or adult programs, counselors send for and evaluate previous transcripts to determine which courses meet the general education requirements and/or elective requirements. Counselors advise students of lifelong learning opportunities and assist students with postsecondary vocational and educational planning for degree or certificate programs at Santa Ana College School of Continuing Education.

These services are offered by a staff of professional counselors who are well informed as to the community resources available for students needing academic, vocational, personal, or financial assistance.

Registration

The Adult High School Diploma Program is available at Centennial Education Center and Santa Ana College. Students may obtain a schedule of classes and enroll at any time during the fall, spring, and summer semesters.

High School Graduation Requirements

To qualify for a high school diploma, the candidate must meet the following requirements:

Course of Study

The high school diploma requires a total of 160 credits taken from the following:

<table>
<thead>
<tr>
<th>Subject Area</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Communication</td>
<td>40.0</td>
</tr>
<tr>
<td>(a maximum of 10 credits of reading; must include at least one composition course)</td>
<td></td>
</tr>
<tr>
<td>Mathematics</td>
<td>20.0</td>
</tr>
<tr>
<td>(must include both a biological and a physical science course)</td>
<td></td>
</tr>
<tr>
<td>Social and Behavioral Sciences</td>
<td>30.0</td>
</tr>
<tr>
<td>(must include U.S. History, World Geography, World History, American Government, Economics and a Social Science elective)</td>
<td></td>
</tr>
<tr>
<td>Humanities</td>
<td>10.0</td>
</tr>
<tr>
<td>Electives</td>
<td>40.0</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td>160.0</td>
</tr>
</tbody>
</table>

There may be additional requirements due to Title 5 changes for the 2018-2019 school year.

Petitions

A petition for graduation must be completed and submitted prior to the date students expect to complete diploma requirements.

Proficiency Requirements

Proficiency must be demonstrated in basic skills areas of reading, mathematics, and composition, according to the categories listed below:

A. Reading. All Rancho Santiago Community College District adult high school graduates will be required to demonstrate an eighth grade reading ability as measured by an approved district test or by passing the Reading Proficiency Development course final.

B. Mathematics. Students will be required to pass an approved district mathematics examination, or the Algebra 1A course finals.

C. English Composition. Students will be required to pass an approved district composition test or the Composition II course final.

Residency Requirement

To qualify for a high school diploma, a student must complete at least 20 coursework credits within the Rancho Santiago Community College District.

There are multiple sources of credit leading to the high school diploma. Sources are as follows:

1. Previous secondary schools
2. Trade or business schools
3. Armed Forces schools and/or programs
4. College credit courses
5. Correspondence courses
6. Adult school credit courses
7. Work experience credit
8. Consumer Skills Task Credit
9. Testing
10. Regional Occupational Program courses
11. Other approved sources of credit
Policies Governing Sources of Credit

A. Previous Secondary Schools
   All credits earned in the 9th, 10th, 11th, and 12th grades recorded on an official transcript will be accepted except physical education credits and credits which are a duplication of course work for which credit was previously granted.

B. Trade or Business Schools
   Courses taken in trade or business schools will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the Office of Private Postsecondary Education.
   It is the responsibility of the student to provide to the district transcripts, certificates, and/or other records requested for the evaluation and possible awarding of credit.

C. Armed Forces Schools and/or Programs
   Credit may be granted for completion of training programs (armed services) and other valid educational experiences provided they have been certified by the United States Armed Forces Institute or by a statement on the service record, and provided they parallel 1) courses usually taught in secondary schools, and 2) vocational training courses with counterparts in civilian life.
   This section is to be interpreted as including:
   1. Officer and enlisted service school courses;
   2. Off-duty classes offered by the armed forces and cooperating local institutions;
   3. Correspondence courses offered by the United States Armed Forces Institute, the Marine Corps Institute, the Coast Guard Institute, and cooperating colleges and universities;
   4. United States Armed Forces Institute courses and subject examinations. (Authorization for this procedure is contained in Title V, Section 99, part C, of the California Administrative Code.)

D. College Credit Courses
   College units to be used for high school credits may be evaluated in a ratio of 3 college units to 10 high school semester periods of credit. The college should be notified in writing when college credits are utilized to meet high school requirements.
   College credit equivalency recommended by the American Council on Education guides will be evaluated for high school credit on the same basis as other college credit courses.

E. Correspondence Courses
   Courses taken by correspondence will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the Office of Private Postsecondary Education.
   It is the responsibility of the student to provide to the district transcripts, certificates, and/or other records requested for the evaluation and possible awarding of credit.

F. Adult School Credit Courses
   Courses taken at adult schools will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the California State Department of Education.
   No credit will be allowed for physical education courses nor for courses from other adult schools if such courses are designated in the Rancho Santiago Community College District as “no high school credit.”

G. Work Experience Credit
   Students may obtain credit for certain types of full-time work experience or for work experience that can be related to high school subject matter.
   In order to obtain credit for work experience, students must provide written verification from those employers with whom they have worked for at least one year.
   The Continuing Education administrators or counselors will evaluate the amount of work experience credit and the area of application. Evaluation will not be made for more credits than is necessary to meet graduation requirements and which the letters of verification justify. Combined work experience credit and consumer skills task credit may not exceed 40 credits.
   Verification of work experience should be obtained by the student requesting from each employer, on official letterhead stationery, the following information:
   1. Dates of employment.
   2. Job description.
   3. Nature of duties performed, indicating progress to more complex operations justifying a division into beginning and advanced skills.
   5. Reason for termination of employment, if applicable.
   6. The letter of self-employed students must be accompanied by a copy of the student’s business license or W-2 form.
   7. Upon receipt of verification of all work experience which the student wishes to be considered for credit, evaluation will be made on the following basis:
      a. Up to 10 credits will be given for the first year of successful work experience.
      b. Up to 10 additional credits to a maximum of 40 will be granted for each additional full year of employment if the student has made successful progress each year on the job.
      c. After the initial 10 credits for the first year, student may earn 5 credits for a period of six months employment, provided there is evidence of successful progress.

H. Consumer Skills Tasks Credits
   Students may obtain elective credits for completion of various consumer skills tasks. Students should see their counselor concerning requirements for completion of the consumer skills tasks. Combined consumer skills tasks credit and work experience credit may not exceed 40 credits.

I. Assessment
   The district may award a maximum of 80 high school credits on the basis of district approved testing.
   1. Mathematics Achievement Test (ITED)
      Credit may be earned in mathematics by obtaining a satisfactory score on the math section of the Iowa Tests of Education Development Form X5. No other subtests are accepted for credit purposes. Ten semester credits will be awarded for a raw score of 14, provided these credits are not a duplication of previously earned math credits. (These 10 credits may be used to satisfy Math Fundamentals I and II requirements.) Fifteen semester credits will be awarded for a raw score of 20, provided these credits are not a duplication of previously earned math credits. (These 15 credits may be used to satisfy Math Fundamentals I and II requirements, and 5 elective credits.)
2. Subject Matter Credit by Examination
Credit by examination may be earned only for courses that are currently listed in the Rancho Santiago Community College District catalog and/or specifically designated by the division curriculum committee as courses that are eligible for credit by examination. Information for receiving this credit may be obtained from a counselor in Continuing Education.

J. Regional Occupational Program Courses
Credit will be determined upon receipt of an official secondary or community college transcript which indicates credit and grades as appropriate.
Guidelines for issuance of ROP credit when not on a unified school district transcript:
1. RSCCD will accept an official Grade Reporting Sheet from Central County Regional Occupational Program in lieu of a unified school district transcript provided it has a grade and a number of total hours.
2. The amount of credit issued is to be based on 16 clock hours per credit unit.
3. The maximum of 20 units toward electives will be accepted in this manner.
4. Students coming from outside the CCROP will have to validate their credits only through an official school district transcript.

K. High School Diploma Elective Credits
1. Career Education
High School elective credit for selected Career Education/basic computer courses offered through the Career Education Department can be awarded.
2. English as a Second Language (ESL)
Five elective High School Subjects credits can be awarded per level for Intermediate 1, 2, and 3 with passing scores on the ESL Post Tests and teacher recommendations. The passing scores are 75% for Intermediate 1 and 2 and 70% for Intermediate 3.
3. Adult Basic Education (ABE)
Up to 15 HSS elective credits are granted when student successfully completes ABE Reading, ABE Math, and ABE Writing.

L. Articulation Agreements
An agreement between Santa Ana College (credit) and Santa Ana College School of Continuing Education (noncredit) whereby the credit side will accept the work of a noncredit student provided that the student fulfills the guidelines in the articulation agreement for the course.
1. Career Education Department
   a. VBUS 124 Keyboarding I
   b. VBUS 125 Keyboarding II
   c. PRNT 557 Early Childhood Education: Principles and Practices

See your counselor for further information.
STUDENT SERVICES AND SPECIAL NEEDS

Assessment
Diagnostic placement tests are available at selected continuing education facilities for possible placement in the many available programs open to the students, such as English as a Second Language, Adult Basic Education, Learning Skills Program, and High School Subjects and GED.

Counseling and Guidance
Each School of Continuing Education student is provided with the unique opportunity to benefit from an individualized counseling and guidance program designed to help students improve the quality of their lives.

Students seek counseling for many reasons, including planning of educational programs, obtaining information about employment and job skills, resolving personal and family problems, examining aptitudes, interests, and achievement, finding new careers and vocational directions, and learning to cope with cultural differences and life in a new country. Students enrolling in courses leading toward a high school diploma must see a counselor upon registering each term. Counselors are available on a walk-in basis at selected facilities. For more information about counselors' schedules or to arrange an appointment, please call 714-241-5720 (Centennial Education Center), 714-564-6176 (Santa Ana College Adult Education Center) and 714-241-5820 (Remington Education Center).

The Student Transition Program (STP) was developed to help facilitate the process and bridge the transition from noncredit to credit classes at Santa Ana College. The program offers:

- classroom presentations
- application workshops
- financial aid workshops
- early registration to SAC

Child Development
Child development program centers are available at the Centennial Education Center, Santa Ana College, CDC East Campus. Arrangements may be made by calling 714-241-5739.

Developmentally Disabled Adult Program
Rancho Santiago Community College District is committed to providing all adult members of the community an opportunity to realize individual potentials. The college also identifies and responds to members with special needs.

Continuing Education is sensitive and responsive to the needs of a vital segment of our community—the developmentally disabled adult. Instructors are assigned to special day centers and resource specialist centers and, in cooperation with staff, design individual education programs at selected locations.

Programs offered include Communication with the Deaf, basic education, independent living skills and employment preparation for the developmentally disabled adult.

Scholarships
Several scholarships are made available to Continuing Education high school graduates. Selection of scholarship recipients will be based upon recommendation of teachers and counselors, financial need, academic excellence, attendance, and minimum enrollment standards.

Santa Ana College Foundation Continuing Education Leadership and Achievement Scholarship
The Santa Ana College Foundation sponsors a scholarship program which recognizes both academic achievement and leadership among students earning the high school diploma from the Santa Ana College School of Continuing Education.

The scholarship awards will be based on academic excellence and demonstrated leadership capabilities. The selection committee will consider the applicants' overall qualifications.

Students must enroll for a minimum of six credits.

Minimum Eligibility Requirements:
1. Students who will graduate in the spring semester from Santa Ana College School of Continuing Education High School Program must complete three proficiencies and need no more than 20 credits to meet the graduation credit requirements at the time of scholarship filing date.
2. Complete a minimum of 20 credits in classes within the Rancho Santiago Community College District.
3. A 3.5 GPA or better for all units completed at Rancho Santiago Community College District. (Other high school grades will be considered for qualification; however, the 3.5 minimum GPA will only be computed on grades received in Rancho Santiago Community College District.)

A. Attendance
A student may be dropped from the roster and required to re-enroll upon returning if the following absences occur:
1. Day Classes: two weeks, or five days in succession.
2. Evening Classes: four class meetings.
3. High School Subjects/Programmed Instruction: two weeks.

Note: Some courses may have different requirements of attendance. Please refer to program guidelines.

C. Procedures for Student Complaints Regarding Grades
1. Education Code 76224 states:
   "When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor for the course; and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final."

2. Procedure
   a. Student shall meet with instructor to discuss grade.
   b. If the issue is not resolved, and the student believes that the grade is based on mistake, fraud, bad faith or incompetency (EC 76224), an appeal in writing may be made to the Dean-Continuing Education.
   c. The student may be requested to set up an appointment with the Dean-Continuing Education to discuss the written complaint.
   d. The Dean-Continuing Education will review the allegations and may consult with the instructor.
   e. The Dean-Continuing Education will review the issue and will notify the student and instructor in writing of the decision.
   f. The decision of the Dean-Continuing Education is final.
D. Complaint Procedures for Students

Students may file a complaint when they believe they have been deprived of a right granted to students by the Board of Trustees in any of the policies or regulations of the Rancho Santiago Community College District.

The purpose of these complaint procedures is to resolve differences as fairly and expeditiously as possible while preserving the rights of students and staff members.

1. Definitions

   Days: number of days refers to the days when the District offices are open.
   Committee: Continuing Education Student Complaint Committee.

2. Procedure

   a. Students shall first confer with the staff member who took action or made the ruling to which they object no later than ten days following the event which prompted the complaint.
      The Area Dean of Instruction and Student Services or designee will assist the student in arranging an appointment with the staff member.
   b. If the difference is not satisfactorily resolved, the student shall confer with the staff member’s supervisor.
      The Area Dean of Instruction and Student Services or designee will assist the student and staff member’s supervisor.
   c. If the complaint is unresolved, the student may file a written statement setting forth the nature of the complaint on the prescribed form with the Area Dean of Instruction and Student Services no later than ten days after conferring with the staff member’s supervisor.
   d. The complaint form shall be completed in full and shall include a full description of the complaint, times, dates and pertinent facts, and the remedy sought by the student.
      A Student Complaint-Staff Response form will be sent to both the staff member and supervisor for completion.
   e. The Area Dean of Instruction and Student Services shall forward the completed forms to the Continuing Education Student Complaint Committee chairperson for review and recommendation.
      The committee shall have the power to make an appropriate investigation of the complaint and shall state the findings and make a recommendation.
   f. If the complaint is sustained by the committee, it will recommend appropriate action for relief of the complaint and communicate this in writing to the staff member to whom the complaint was directed. If the staff member accepts the recommended action, and if the student who filed the complaint is satisfied with the action, the complaint shall be considered resolved and closed.
   g. If the findings of the committee do not sustain the complaint, the committee shall communicate this finding in writing to the student who filed the complaint. If the student accepts this finding, the complaint shall be considered resolved and closed.
   h. If no resolution of the complaint is obtained under (f) or (g) above, the Area Dean of Instruction and Student Services shall forward the complaint together with findings of the committee to the Chancellor for review and decision.
   i. If this decision does not resolve the complaint in the opinion of the student, the Chancellor shall present the case to the Board of Trustees with the findings and recommendations. If the Board finds that the complaint is invalid, the Chancellor’s recommendation shall stand in final resolution. If the Board finds that the complaint is valid, it shall instruct the Chancellor as to how the complaint shall be resolved, and the Chancellor shall implement the Board’s decision.

E. High School Diploma Students

1. Grade Reports: In-class progress is reported to the student in a number of ways. Tests are often given to show individual student progress. In high school credit classes, a progress form is issued to each student as credit is completed, and copies are given to the counselors and the appropriate Continuing Education office for recording.

2. Cumulative Records: The district will maintain cumulative records on each current high school diploma student. These records may contain pertinent information necessary to aid students in educational planning. Placement tests follow-up, interest inventories, and other data contained in the cumulative record will be available for review by the student upon request.

a. Student Record Confidentiality: Under the guidelines of the Family Educational Rights and Privacy Act of 1974, student records are confidential, and privacy is to be scrupulously maintained.

b. Right to Review and Challenge Records: Under the provisions of the U.S. Department of Health, Education and Welfare, students have the right to inspect and review any of the following files:
   - admissions/records
   - data processing
   - financial aid
   - placement
   - veterans
   After review and exploration, students may challenge any information relating to them if they believe information to be inaccurate, misleading, or otherwise in violation of their rights of privacy or other rights. Forms for challenge are available in the Area Dean of Instruction and Student Services office.

3. Residency

   a. Definition: Course work taken in any part of the Rancho Santiago Community College District Continuing Education Program.
   b. Requirements: Any student must fulfill a twenty semester unit period of residency within the above-stated definition in order to qualify for potential granting of the adult high school diploma from the Rancho Santiago Community College District.

4. Charge For Transcripts: The first two transcripts will be issued without charge. A charge will be assessed for each additional transcript after the first two.

F. High School Petition Students

Secondary school students who wish to take course work in Rancho Santiago Community College District Continuing Education and have it transferred to another school must present a completed Petition for Registration in order to be considered for admission. Failure to comply fully with all conditions listed on the form may result in the immediate revocation of the petition and dismissal from Continuing Education classes.
1. Grading and Transfer of Credits: Students must satisfactorily complete all course requirements including exams, projects, papers and attendances before credit or grades can be issued. Students are responsible for planning schedules and progress so as to earn credits in time to meet graduation deadlines in other school districts.

2. Books and Supplies: Students must provide textbooks and supplies required for the classes in which enrolled.

3. Conduct: Student conduct must be productive, responsible and courteous at all times. Unacceptable behavior may result in the immediate revocation of this petition and dismissal from class. Unacceptable behavior includes, but is not limited to, excessive talking; noncompliance with rules; failure to follow instructor directions; falsification of records; cheating or assisting others to cheat; destruction or theft of school property; disruption of classes; violence; or being under the influence of drugs or alcohol.

G. High School Students Taking College Credit Classes for High School Diploma Credit

1. This program represents a cooperative venture between Rancho Santiago Community College District, neighboring high schools and the School of Continuing Education.

2. Students who are over eighteen years of age and have not graduated from high school may take Rancho Santiago Community College District courses for high school credit. Students will be admitted to those programs that have space available upon recommendation of the Area Dean-Continuing Education or designee.

3. Students under the age of eighteen who are high school students may receive high school or college credit for courses, but must also attend a minimum day at the high school. Students will be admitted to those programs that have space available upon recommendation of the high school principal or designee.

4. Repeating a course already passed will result in a credit-only grade—not a letter grade.

5. If a student elects to receive high school credit for work taken at the college, the decision must be made prior to registration. College credit for that work may not be received at a later time.

6. Enrollment in, and completion of, course work in the Rancho Santiago Community College District credit division can also satisfy the residency requirement of the Continuing Education High School Diploma Program.

H. Special Rules, Regulations and Student Obligations

Because of special program characteristics, the noncredit programs must adhere to special rules, regulations, and student obligation beyond the Standard Guidelines for Student Conduct adopted by the Rancho Santiago Community College District. Students enrolled in any of the following programs are obligated to perform within those special program guidelines in order to maintain class attendance: Apprenticeship; Service-Employment-Redevelopment (SER); and any other community-based organization or governmental agency with which the Rancho Santiago Community College District cooperates in a program offering.

I. Family Education Rights and Privacy

As required under the provisions of the Family Education Rights and Privacy Act of 1974, the Rancho Santiago Community College District will make public without student consent only certain directory information. This information consists of the following: a student's name; city of residence; a major field; participation in officially recognized activities and sports; weight, height, and age if a member of an athletic team; dates of attendance; degree and awards received; and the most recent previous educational institution or agency attended by the student.

A student may request the Admissions and Records Office to withhold this information. Such request must be in writing and submitted each semester.

J. Right to Review and Challenge Records

Students have the right to inspect and review any of the following files which relate directly to them: 1) admissions/records; 2) data processing; 3) financial aid; 4) placement; 5) veterans; and 6) division/department, if such files are maintained as official files rather than individual files. Request forms are available in the office of the Area Dean of Instruction and Student Services.

After review and explanation, students may challenge any information relating to them if they believe the information to be inaccurate, misleading, or otherwise in violation of their rights of privacy or other rights. Any student wishing to exercise this right of challenge shall inform the Area Dean of Instruction and Student Services, or the Dean-Admissions and Records.

If students wish, copies of materials contained in the files subject to their review will be provided at a cost of $1.00 for the first copy of any document and .10 for each additional copy.

A log or record of persons or organizations requesting information or receiving information on the student will be maintained in the area where the records are stored.

District staff or other professionals who have a legitimate educational interest such as counseling and carrying out the normal operations of the educational program have access to student records.

Any student has the right to file complaint with the U.S. Department of Health, Education and Welfare concerning alleged failure of the institution to comply with provisions above or Section 438 of the General Provision.

K. Use of Public School Facilities for Adult Classes

1. Alcoholic Beverages and Controlled Substances: Both by policies instituted by local Boards of Education (Garden Grove Unified School District, Orange Unified School District, Rancho Santiago Community College District and Santa Ana Unified School District) and California State Law specifically prohibit possession of alcoholic beverages and controlled substances on school premises at any time, by any person, regardless of age. Regulations also prohibit use of alcoholic beverages at school events, whether on or off the campus, or the appearance at school events while under the influence of alcoholic beverages and/or controlled substances. The penalty for violation of these regulations is immediate suspension from school, followed by expulsion, if imposed by the Board of Trustees. Additional penalties may be imposed by law enforcement agencies.

2. Smoking: Provisions of the Uniform Fire Code, Article 29, Section 29.06, Smoking Activity on School Property, state: "It shall be unlawful for any person or persons to engage in any smoking activity or to possess any flaming or glowing object or cause to be lighted any substance in any classroom or on school property at any time except in areas authorized by the local Board of Education."

The only areas authorized for smoking are outside the school buildings. There is to be No Smoking by anyone in any of the classrooms at any time. Proper containers are provided in the smoking areas for disposal of cigarettes.

3. Food and Beverages: Food and beverages are not to be brought into the classrooms at any time. Proper containers are provided for disposal of trash in designated areas.
NONCREDIT INSTRUCTIONAL PROGRAMS AND COURSES

Continuing Education courses are listed by subject on the following pages. Course numbers are listed at the beginning of each course title. Open Entry/Open Exit courses are noted in the course descriptions. Students may enroll at any time in these courses and begin class immediately. Students progress at their own rate and may exit from the class at any time upon satisfactory completion of the required work. In other courses, class hours refer to the number of hours that the class is scheduled to meet per week during a term.

All credits listed are high school credits. In traditional courses, students earn credits by satisfactorily completing the course. In open entry/open exit courses, students earn credits by meeting individual competency-based objectives.

Some noncredit programs offer a sequence of courses leading to a certificate. The class schedule should be consulted for current offerings.

ADULT SECONDARY EDUCATION (ASE)
Students who complete the SAC SCE Adult Secondary Education High School Subjects or GED Programs will demonstrate the ability to apply essential grammar, reading, writing, math, and social/natural science concepts when transferring to college, entering the workforce, or for personal success.

Student Learning Outcome(s):
Students who complete the SAC SCE Adult Secondary Education High School Subjects or GED Programs will demonstrate the ability to apply essential grammar, reading, writing, math, and social/natural science concepts when transferring to college, entering the workforce, or for personal success.

ADULT HIGH SCHOOL DIPLOMA PROGRAM (31594)
The sequence of courses in the High School Subjects and Adult Basic Education programs is designed to provide a strong foundation of basic skills ranging from elementary levels through secondary subjects, with the purpose of preparing students to earn a high school diploma, obtain employment, pursue vocational training and better job opportunities, and to be prepared to continue into college credit level programs.

Core Courses: Units
HSS English (HSEN), HSS Reading (HSREAD) 40
HSS Math (HSMTH) 20
HSS Natural Sciences (HSSCI) 20
HSS Social Sciences (HSSSOC) 30
HSS Arts (HSART) 10
Electives 40
TOTAL 160

Electives:
Adult Basic Education 009, 018, 023, 024, 025, 044, 046; Home Economics 520; Health & Safety 877;
HSS General 010, 032, 144, 229, 770; Study Skills 221, 222; English 040, 065, 066, 067, 068, 096, 098; Reading 089, 093, 094; Math 140, 154, 155, 158, 159, 163, 164, 165, 166, 167, 172, 173; Science 170, 171, 180, 185, 186, 188, 189, 190, 191, 192, 193, 196, 197, 198; Social Science 215, 223,224,225, 228, 231, 232; Arts 500, 601, 828, 837; Leadership 090, 092, 093, 094; Other 740, 742, 743, 744, 749, 875.

SECONDARY EDUCATION (GED TEST PREPARATION) CERTIFICATE OF COMPETENCY (24264)
Courses in ABE lead to the GED Test Preparation class, which prepares students for the reading, writing, and math skills necessary for the achievement of the official GED Certificate. The GED Certificate is a nationally recognized certificate which is equivalent to a high school diploma and prepares students for other higher education programs. This certificate supports the college mission by providing a pathway to support improved language skills and lifelong intellectual pursuits.

To obtain this certificate, take two courses.

Core Courses:
HSGED 031, GED Test Preparation

Choose 1:
ABE 023, Adult Basic Education Reading
ABE 024, Adult Basic Education Writing
ABE 025, Adult Basic Education Math

TRANITION TO COLLEGE CERTIFICATE OF COMPETENCY (35217)
The Transition to College certificate consists of courses to help students successfully prepare to progress in a career path or undertake degree applicable or non-degree-applicable credit courses in addition to preparing student with an orientation to college course.

To obtain this certificate, take two courses.

Core Courses:
HSS 770, Orientation to College

Choose 1:
HSS 084, Composition 2
HSS 089, Reading Proficiency Development
HSS 164, Algebra 1B

ADULT BASIC EDUCATION (ABE)
Students who complete the SAC SCE Adult Basic Education (ABE) Program will demonstrate the ability to apply essential reading, writing, and math concepts in either English or Spanish when transferring to High School Subjects, GED, entering the workforce, or for personal success.

Student Learning Outcome(s):
Students who complete the SAC SCE Adult Basic Education (ABE) Program will demonstrate the ability to apply essential reading, writing, and math concepts in either English or Spanish when transferring to High School Subjects, GED, entering the workforce, or for personal success.

ADULT BASIC EDUCATION CERTIFICATE OF COMPETENCY (33189)
This certificate provides instruction for students to develop basic reading, writing, and math skills necessary to succeed in high school courses, GED preparation, and college courses. This certificate will provide valuable data on student success as ABE students transfer through programs. This certificate supports the college mission by providing a pathway to support improved language skills and lifelong intellectual pursuits.

To obtain this certificate, take three courses.

Core Courses:
ABE 023, Adult Basic Education Reading
ABE 024, Adult Basic Education Writing
ABE 025, Adult Basic Education Math

ADULT BASIC EDUCATION/DULT SECONDARY EDUCATION READING PROFICIENCY CERTIFICATE OF COMPETENCY (33452)
This combination of courses is designed to prepare students for higher level reading skills used in high school courses, GED preparation, and college courses. This certificate will provide valuable data on student success as ABE students transfer through programs. This certificate supports the college mission by providing a pathway to support improved language skills and lifelong intellectual pursuits.

To obtain this certificate, take two courses.

Core Courses

ABE 023, Adult Basic Education Reading

Choose 1:
HSRDG 093, Building Reading Skills 1
HSRDG 094, Building Reading Skills 2

ADULT BASIC EDUCATION/DULT SECONDARY EDUCATION WRITING PROFICIENCY CERTIFICATE OF COMPETENCY (33187)
This combination of courses is designed to prepare students for higher level writing skills used in high school courses, GED preparation, and college courses.

To obtain this certificate, take two courses.

Core Courses

ABE 024, Adult Basic Education Writing

Choose 1:
HSEN 083, Composition 1

ADULT BASIC EDUCATION/DULT SECONDARY EDUCATION MATH PROFICIENCY CERTIFICATE OF COMPETENCY (33188)
This combination of courses is designed to prepare students for higher level math skills used in high school courses, GED preparation, and college courses.

To obtain this certificate, take two courses.

Core Courses

ABE 025, Adult Basic Education Math

HSMTH 159, Math Fundamentals 2
CAREER EDUCATION

Students who complete the SAC SCE Career and Technical Education Program will demonstrate the professionalism, technical, computer, and soft skills needed to obtain a new job or to improve their skills in a current job.

CHILDCARE WORKERS CERTIFICATE OF COMPLETION (24362)

This series of open entry/open exit courses provides students with knowledge about the care and development of infants, toddlers, and pre-school children for family childcare providers. Students will learn about health information required for licensing and skills necessary for successful operation of a childcare business. In Employability Skills students learn soft skills for those who would prefer to be employed by a childcare business.

Complete ALL of the following courses.

- VBUS 559, Business Practices in Family Day Care
- VBUS 590, Introduction on How to Start a Small Business
- VBUS 400, Employability Skills
- PRINT 558, Early Childhood Care and Development for Family Child Care Providers
- PRINT 562, Health Education for Family Day Care Providers
- VBUS 400, Employability Skills
  - or -
- ESL 520, VESL: English for Work 2

COMPUTER MAINTENANCE AND REPAIR WORKERS CERTIFICATE OF COMPLETION (24384)

This series of courses provides students with skills in maintenance, repair, upgrading, and networking of personal computers. The open-entry/open-exit instructional format emphasizes functional operations of hardware and software components, hands-on experience with upgrading and repair of computers, setting up home and small office networks, and troubleshooting most technical problems. Students will receive five High School elective credits upon completion of each course.

Complete ALL of the following courses.

- VBUS 574, Computer Basics: Hardware and Software
- VBUS 450, Hardware and Software A+ Preparation, Review, Practice
- VBUS 576, Computer Basics: Systems and Networking Essentials
  - or -
- ESL 520, VESL: English for Work 2

CUSTOMER SERVICE REPRESENTATIVE CERTIFICATE OF COMPLETION (24364)

This series of courses prepares students for customer service positions in a wide variety of business fields. The program provides an open entry/open exit instructional format that allows students to attain skill development to interface directly with customers as the company representative in identifying customer needs, providing appropriate service, and in resolving special problems that may arise. Focus is on interpersonal and customer services in the workplace, as well as on upgrading technological competence. Students will be prepared to work as commercial or residential service representatives in major department stores, collection agencies, credit bureaus, airlines, travel agencies, medical insurance agencies, public utilities, and telephone answering services.

Complete ALL of the following courses.

- VBUS 124, Introduction to Keyboarding I
- VBUS 243, Introduction to Customer Service Skills
- VBUS 258, Navigating the Internet
- VBUS 259, Orientation to Computers
- VBUS 260, Introduction to Word Processing Using MS Word
- VBUS 400, Employability Skills
  - or -
- ESL 520, VESL: English for Work 2

EXECUTIVE SECRETARY/ADMINISTRATIVE ASSISTANT CERTIFICATE OF COMPLETION (24390)

This series of courses prepares students for in-depth training in executive secretary/administrative assistant positions. The open-entry/open-exit, competency-based format promotes success in a high employment occupational field. This certificate program develops skills in research, report and correspondence preparation, advanced computer software applications, database management, interactive presentations, customer service and telephone techniques, and other advanced office procedures.

Complete ALL of the following courses.

- VBUS 125, Introduction to Keyboarding II
- VBUS 244, Introduction to Databases Using Microsoft Access
- VBUS 245, Introduction to Desktop Publishing Using Microsoft Publisher
- VBUS 304, Introduction to Electronic Presentations Using PowerPoint
- VBUS 400, Employability Skills
  - or -
- ESL 520, VESL: English for Work 2
GENERAL OFFICE CLERK CERTIFICATE OF COMPLETION (24365)

This series of courses prepares students for entry-level general office clerk positions in a business environment. This program provides an open-entry/open-exit instructional format that allows students to attain knowledge of basic level office concepts, procedures, and technology commonly used in an office setting. Students learn introduction to keyboarding, computer software applications, general office skills, customer service and telephone techniques, and soft skills. This certificate provides the foundation for preparing students in entry level jobs and careers in the business environment.

Complete ALL of the following courses.

VBUS 118, Introduction to Windows
VBUS 124, Introduction to Keyboarding I
VBUS 258, Navigating the Internet
VBUS 260, Introduction to Word Processing Using MS Word
VBUS 262, Introduction to Spreadsheets Using MS Excel
VBUS 400, Employability Skills

– or –

ESL 520, VESL: English for Work 2

PARAPROFESSIONAL MENTAL HEALTH WORKER CERTIFICATE OF COMPLETION (24358)

This series of courses provides students with the basic skills to gain employment as a Paraprofessional Mental Health Worker. Students acquire knowledge about the treatment of psychological and behavioral health disorders and the philosophy of delivery of mental health services to improve entry into this field. The certificate program in an open-entry/open-exit environment develops competency for vocational success that allows students to attain skill development in basic delivery of services, documentation and reporting, introduction to human development, principles of case management, working with families, and employability.

Complete ALL of the following courses.

VBUS 400, Employability Skills
VHLTH 895, Paraprofessional Mental Health Worker I
VHLTH 896, Paraprofessional Mental Health Worker II
VHLTH 897, Paraprofessional Mental Health Worker III

VOCATIONAL CONSTRUCTION TECHNOLOGY CERTIFICATE OF COMPLETION (32681)

This series of courses will provide students with the skills to move towards employment as an apprentice in various areas which may include: General and commercial contracting and/or property maintenance. In addition to getting hands-on instruction in construction, students will receive classroom instruction in math, Occupational Safety and Health Administration (OSHA) safety standards, and employability skills. Students will receive 5 High School elective credits upon completion of each course.

Complete ALL of the following courses.

VCNST 610, Vocational Construction Technology Module I
VCNST 620, Vocational Construction Technology Module II
VBUS 400, Employability Skills

ENGLISH AS A SECOND LANGUAGE (ESL)

Upon completion of the SAC SCE ESL program, students will demonstrate increased proficiency in the listening, speaking, reading, writing, and critical thinking skills necessary to further their education, enter the workforce, and actively participate in the community.

Student Learning Outcome(s):

Upon completion of the SAC SCE ESL program, students will demonstrate increased proficiency in the listening, speaking, reading, writing, and critical thinking skills necessary to further their education, enter the workforce, and actively participate in the community.

ACADEMIC ESL BEGINNING CERTIFICATE OF COMPETENCY (30786)

This combination of courses is designed to help students prepare to successfully transition to Career Education, Adult Basic Education (ABE) courses, GED Test Preparation or High School Equivalency Test Preparation courses, High School Subjects courses, and college courses.

To obtain this certificate, take two courses.

Choose 1:

ESL 703, Academic ESL Beginning 3
ESL 704, Academic Beginning A

Choose 2:

ESL 705, Academic Beginning B
ESL 711, Academic ESL Intermediate 1

ACADEMIC ESL BEG-INT B CERTIFICATE OF COMPETENCY (30786)

This combination of courses is designed to help students prepare for transitioning to Adult Basic Education courses (ABE), High School courses, GED Preparation courses, and college courses.

To obtain this certificate, take two courses.

Choose 1:

ESL 703, Academic ESL Beginning 3
ESL 711, Academic ESL Intermediate 1

Choose 2:

ESL 120, ESL Civics
ESL 394, ESL Writing A
ESL 398, ESL Community Learning Center
ESL 530, American English Pronunciation
ESL 570, Conversation 1

ACADEMIC ESL INTERMEDIATE CERTIFICATE OF COMPETENCY (30789)

This combination of courses is designed to help students prepare to successfully transition to Career Education, Adult Basic Education (ABE) courses, GED Test Preparation or High School Equivalency Test Preparation courses, High School Subjects courses, and college courses.

To obtain this certificate, take two courses.

Choose 1:

ESL 706, Academic Intermediate A
ESL 712, Academic ESL Intermediate 2

Choose 2:

ESL 707, Academic Intermediate B
ESL 713, Academic ESL Intermediate 3
ESL 713, Academic ESL Intermediate 3
ENGLISH AS A SECOND LANGUAGE

ACADEMIC ESL INT B CERTIFICATE OF COMPETENCY (30989)
This combination of courses is designed to transition students to Adult Basic Education courses (ABE), High School courses, GED Preparation courses, and college courses.

To obtain this certificate, take two courses.

Choose 1:
- ESL 712, Academic ESL Intermediate 2
- ESL 713, Academic ESL Intermediate 3

Choose 1:
- ESL 120, ESL Civics
- ESL 395, ESL Writing B
- ESL 398, ESL Community Learning Center
- ESL 490, Advanced Writing and Grammar
- ESL 530, American English Pronunciation
- ESL 580, Conversation 2

ACADEMIC ESL INT C CERTIFICATE OF COMPLETION (30990)
This combination of courses is designed to transition students to Adult Basic Education courses (ABE).

To obtain this certificate, take two courses.

Choose 1:
- ESL 712, Academic ESL Intermediate 2
- ESL 713, Academic ESL Intermediate 3

Choose 1:
- ABE 023, Adult Basic Education Reading
- ABE 024, Adult Basic Education Writing

ACADEMIC ESL INT D CERTIFICATE OF COMPLETION (30991)
This combination of courses is designed to transition students to High School courses and GED Preparation courses.

To obtain this certificate, take two courses.

Choose 1:
- ESL 490, Advanced Writing and Grammar
- ESL 713, Academic ESL Intermediate 3

Choose 1:
- HSRDG 089, Reading Proficiency Development
- HSRDG 093, Building Reading Skills 1

COMMUNICATION ESL BEG A CERTIFICATE OF COMPLETION (30775)
This beginning combination of courses is designed to help students communicate in a limited way in everyday life situations they will encounter at home, at school, at work and in the community.

To obtain this certificate, take two courses.

Choose 1:
- ESL 401, ESL/Family Literacy Beginning ESL 1
- ESL 405, ESL/Family Literacy Beginning ESL 2
- ESL 410, Beginning ESL 1
- ESL 420, Beginning ESL 2

Choose 1:
- ESL 398, ESL Community Learning Center

COMMUNICATION ESL INTRO A CERTIFICATE OF COMPETENCY (30780)
This entry-level combination of courses is designed to help students begin to communicate in everyday life situations they will encounter at home, at school, at work and in the community.

To obtain this certificate, take two courses.

Choose 1:
- ESL 401, ESL/Family Literacy Beginning ESL 1
- ESL 405, ESL/Family Literacy Beginning ESL 2
- ESL 410, Beginning ESL 1

Choose 1:
- ESL 398, ESL Community Learning Center

COMMUNICATION ESL INT A CERTIFICATE OF COMPLETION (30776)
This combination of courses is designed to help students communicate successfully in most everyday life situations they will encounter at home, at school, at work, and in the community.

To obtain this certificate, take two courses.

Choose 1:
- ESL 409, ESL/Family Literacy Intermediate 1
- ESL 470, Intermediate ESL 2

Choose 1:
- ESL 480, Intermediate ESL 3
- ESL 712, Academic ESL Intermediate 2
ENGLISH AS A SECOND LANGUAGE

COMMUNICATION ESL INT B CERTIFICATE OF COMPETENCY (31129)
This combination of courses is designed to help students communicate successfully in most everyday life situations they will encounter at home, at school, at work, and in the community.

To obtain this certificate, take two courses.

Choose 1:
- ESL 409, ESL/Family Literacy Intermediate 2
- ESL 470, Intermediate ESL 2
- ESL 480, Intermediate ESL 3

Choose 1:
- ESL 120, ESL Civics
- ESL 395, ESL Writing B
- ESL 398, ESL Community Learning Center
- ESL 490, Advanced Writing and Grammar Review
- ESL 530, American English Pronunciation
- ESL 580, Conversation 2
- ESL 712, Academic ESL Intermediate 2
- ESL 713, Academic ESL Intermediate 3

COMMUNICATION ESL INT C CERTIFICATE OF COMPLETION (30777)
This combination of courses is designed to transition students to Adult Basic Education courses (ABE).

To obtain this certificate, take two courses.

Choose 1:
- ESL 409, ESL/Family Literacy Intermediate 2
- ESL 470, Intermediate ESL 2
- ESL 480, Intermediate ESL 3

Choose 1:
- ABE 023, Adult Basic Education Reading
- ABE 024, Adult Basic Education Writing

COMMUNICATION ESL INT D CERTIFICATE OF COMPLETION (30779)
This combination of courses is designed to transition students to High School courses, GED Preparation courses, and college courses.

To obtain this certificate, take two courses.

Choose 1:
- ESL 408, ESL/Family Literacy Intermediate 1
- ESL 409, ESL Family Literacy Intermediate 2
- ESL 460, Intermediate ESL 1
- ESL 470, Intermediate ESL 2
- ESL 480, Intermediate ESL 3

Choose 1:
- HSRDG 089, Reading Proficiency Development
- HSRDG 093, Building Reading Skills 1

COMMUNICATION ESL TRANSITIONING A CERTIFICATE OF COMPLETION (30781)
This combination of courses is designed to help students communicate effectively in many everyday life situations they will encounter at home, at school, at work, and in the community.

To obtain this certificate, take two courses.

Choose 1:
- ESL 407, ESL/Family Literacy Beginning 3
- ESL 430, Beginning ESL 3

Choose 1:
- ESL 408, ESL/Family Literacy Intermediate 1
- ESL 460, Intermediate ESL 1
- ESL 703, Academic ESL Beginning 3

COMMUNICATION ESL TRANSITIONING B CERTIFICATE OF COMPETENCY (30987)
This combination of courses is designed to help students communicate adequately in many everyday life situations they will encounter at home, at school, at work, and in the community.

To obtain this certificate, take two courses.

Choose 1:
- ESL 407, ESL/Family Literacy Beginning 3
- ESL 430, Beginning ESL 3
- ESL 408, ESL/Family Literacy Intermediate 1
- ESL 460, Intermediate ESL 1
- ESL 711, Academic ESL Intermediate 1

Choose 1:
- ESL 120, ESL Civics
- ESL 394, ESL Writing A
- ESL 398, ESL Community Learning Center
- ESL 530, American English Pronunciation
- ESL 570, Conversation 1

ESL CORE BEGINNING CERTIFICATE OF COMPETENCY (36618)
This combination of courses is designed to help students begin to communicate in some encounter at home, at work, at school, and in the community.

To obtain this certificate, take three courses.

Choose 2:
- ESL 300, Literacy
- ESL 301, Beginning Low
- ESL 399, ESL Literacy
- ESL 401, ESL/Family Literacy Beginning ESL 1
- ESL 405, ESL/Family Literacy, Beginning ESL 2
- ESL 410, Beginning ESL 1
- ESL 420, Beginning ESL 2
- ESL 701, Academic English as a Second Language Beginning 1
- ESL 702, Academic English as a Second Language Beginning 2

Choose 1:
- ESL 302, Beginning High
- ESL 407, ESL/Family Literacy Beginning 3
- ESL 430, Beginning ESL 3
ESL CORE INTERMEDIATE CERTIFICATE OF COMPETENCY (36828)
This combination of intermediate-level courses is designed to help students communicate in many of the everyday life situations they will encounter at home, at work, at school, and in the community.
To obtain this certificate, take two courses.
Choose 1:
- ESL 303, Intermediate Low
- ESL 408, ESL/Family Literacy Intermediate 1
- ESL 460, Intermediate ESL 1
- ESL 704, Academic Beginning A
Choose 2:
- ESL 304, Intermediate High
- ESL 409, ESL/Family Literacy Intermediate 2
- ESL 470, Intermediate ESL 2
- ESL 480, Intermediate ESL 3
- ESL 706, Academic Intermediate A
- ESL 707, Academic Intermediate B

ESL CORE ADVANCED CERTIFICATE OF COMPETENCY (36829)
This combination of two advanced-level courses is designed to help students communicate in most of the everyday life situations they will encounter at home, at school, at work and in the community. The courses emphasize reading and writing.
To obtain this certificate, take two courses.
- ESL 305, Advanced Low
- ESL 306, Advanced High
- ESL 706, Academic Intermediate A
- ESL 707, Academic Intermediate B

ESL ENHANCED WRITING CAPSTONE CERTIFICATE OF COMPETENCY (36835)
This combination of courses is designed to help students quickly improve their writing abilities in English by focusing on writing and grammar.
To obtain this certificate, take three courses.
- ESL 394, ESL Writing A
- ESL 395, ESL Writing B
- ESL 490, Advanced Writing and Grammar

VOCATIONAL ESL A CERTIFICATE OF COMPLETION (30782)
This combination of courses is designed to help students communicate successfully in an English speaking workplace.
To obtain this certificate, take two courses.
- ESL 510, VESL: English for Work 1
- ESL 520, VESL: English for Work 2

VOCATIONAL ESL B CERTIFICATE OF COMPLETION (30783)
This combination of courses is designed to help beginning ESL students communicate successfully in an English speaking workplace.
To obtain this certificate, take two courses.
Choose 1:
- ESL 510, VESL: English for Work 1
Choose 2:
- ESL 405, ESL/Family Literacy Beginning 2
- ESL 420, Beginning ESL 2
- ESL 407, ESL/Family Literacy Beginning 3
- ESL 430, Beginning ESL 3
- ESL 703, Academic ESL Beginning 3
- ESL 398, ESL Community Learning Center
- ESL 570, Conversation 1
- ESL 394, ESL Writing A

VOCATIONAL ESL C CERTIFICATE OF COMPETENCY (30784)
This combination of courses is designed to help intermediate ESL students communicate successfully in an English speaking workplace.
To obtain this certificate, take two courses.
Choose 1:
- ESL 520, VESL: English for Work 2
Choose 2:
- ESL 398, ESL Community Learning Center
- ESL 120, ESL Civics
- ESL 394, ESL Writing A

ADULT BASIC EDUCATION (ABE)

Adult Basic Education 018
Leadership Basics, Part 2
Credit(s): 0  Class Hours: 72

Students will increase their mastery of basic skills through
intensive, interactive, student-centered activities designed
to give hands-on training and experience in aspects of
directing and facilitating a conference. This is the second
of a two-part leadership course in which students apply
leadership techniques in the workplace, home, school,
and the community. Five high school elective credits may
be given for completing either ABE 018 or HSS 092. Open
Entry/Open Exit.

Adult Basic Education 023
Adult Basic Education Reading
Credit(s): 0  Class Hours: 72

Instructs students in basic reading skills. Prepares
students to take High School Subjects courses, job
training, GED Preparation, or college credit classes.
Recommended for Intermediate ESL 2 students or above
and/or placement by counselor assessment. Five High
School elective credits may be granted for successful
completion of this class. Open Entry/Open Exit.

Adult Basic Education 024
Adult Basic Education Writing
Credit(s): 0  Class Hours: 72

Instructs students in basic writing skills. Prepares students
to take High School Subjects courses, job training, GED
Preparation, or college credit classes. Recommended for
Intermediate ESL 2 students or above and/or placement
by counselor assessment. Five High School elective
credits may be granted for successful completion of this
class. Open Entry/Open Exit.

Adult Basic Education 025
Adult Basic Education Math
Credit(s): 0  Class Hours: 72

Instructs students in basic math skills. Prepares students
to take High School Subjects courses, job training, GED
Preparation, or college credit classes. Recommended for
Intermediate ESL 2 students or above and/or placement
by counselor assessment. Five High School elective
credits may be granted for successful completion of this
class. Open Entry/Open Exit.

Adult Basic Education 027
Academic Vocabulary for Language Arts
Credit(s): 0  Class Hours: 15

Instructs and familiarizes entry-level students in academic
vocabulary for language arts. Prepares students to take
high school subjects in language arts, job training, GED
Preparation, or college credit classes. Recommended for
Intermediate ESL 2 students or above and/or placement
by counselor assessment. One high school elective credit
may be granted for successful completion of this class.
Open Entry/Open Exit.

Adult Basic Education 028
Academic Vocabulary for Math
Credit(s): 0  Class Hours: 15

Instructs and familiarizes entry-level students in academic
vocabulary for math courses. Prepares students to take
high school subjects in math, job training, GED
Preparation, or college credit classes. Recommended for
Intermediate ESL 2 students or above and/or placement
by counselor assessment. One high school elective credit
may be granted for successful completion of this class.
Open Entry/Open Exit.

Adult Basic Education 029
Academic Vocabulary for Science
Credit(s): 0  Class Hours: 15

Instructs and familiarizes entry-level students in academic
vocabulary for science courses. Prepares students to take
high school subjects in science, job training, GED
Preparation, or college credit classes. Recommended for
Intermediate ESL 2 students or above and/or placement
by counselor assessment. One high school elective credit
may be granted for successful completion of this class.
Open Entry/Open Exit.

Adult Basic Education 030
Academic Vocabulary for Social Studies
Credit(s): 0  Class Hours: 15

Instructs and familiarizes entry-level students in academic
vocabulary for courses in social studies. Prepares students
to take high school subjects in social studies, job training,
GED Preparation, or college credit classes. Recommended for
Intermediate ESL 2 students or above and/or placement
by counselor assessment. One high school elective credit may be granted for successful completion of this class. Open Entry/Open Exit.

Adult Basic Education 031
Academic Vocabulary for Technology
Credit(s): 0  Class Hours: 15

Instructs and familiarizes entry-level students in academic
vocabulary for technology courses. Prepares students to take high school subjects using technology, job training, GED Preparation, or college credit classes. Recommended for Intermediate ESL 2 students or above and/or placement by counselor assessment. One high school elective credit may be granted for successful completion of this class. Open Entry/Open Exit.

Adult Basic Education 044
Leadership Basics Part 1
Credit(s): 0  Class Hours: 72

Introduces useful leadership skills. Students will increase
their mastery of basic skills through intensive, interactive,
student-centered activities designed to give hands-on
training and experience in aspects of directing and
facilitating a conference. This is the first of a two-part
leadership course in which students apply leadership
techniques in the workplace, home, school, and the
community. Recommended for ABE and ESL Intermediate
1, 2, or 3 or above students. Five high school elective
credits may be given for completing either ABE 044 or
HSS 090 if the student achieves the attendance and
proficiency requirements to pass the class. Open Entry/
Open Exit.

Intermediate ESL 2  
Credit(s): 0  Class Hours: 216  
Emphasizes understanding higher level language activities, conversations which convey complex thought patterns, authentic material which expands the use of critical thinking skills, and realistic and creative/academic writing. This is the sixth course in the Continuing Education ESL continuum. Five high school elective credits may be granted if student passes the ESL posttest for this class with 75% or better. Open Entry/Open Exit.

English as a Second Language 480  
Intermediate ESL 3  
Credit(s): 0  Class Hours: 216  
Emphasizes higher level language activities, conversations which convey complex thought patterns, authentic material which expands the use of critical thinking skills, and realistic and creative/academic writing. This is the seventh course in the Continuing Education ESL continuum. Five high school elective credits may be granted if student passes the ESL posttest for this class with 75% or better. Open Entry/Open Exit.
**English as a Second Language 490**  
**Advanced Writing & Grammar**  
Credit(s): 0  
Class Hours: 72  

This course will strengthen writing and grammar skills with a focus on advanced grammar and sentence combining strategies. Paragraph writing is emphasized. Recommended completion of Intermediate ESL 3 or equivalent. Five high school elective credits may be granted. Open Entry/Open Exit.

**English as a Second Language 491**  
**Advanced Writing & Grammar Review**  
Credit(s): 0  
Class Hours: 72  

Provides intensive review and practice of writing strategies and basic grammar. Concentrates on paragraph writing along with verb tenses, adjective, noun and adverb clauses. Recommended completion of Intermediate ESL 3 or equivalent. Five high school elective credits may be granted if student passes the posttest for this class with 70% or better. Open Entry/Open Exit.

**English as a Second Language 510**  
**VESL: English for Work 1**  
Credit(s): 0  
Class Hours: 216  

Prepares beginning level non-native English-speaking students to enter the workforce for general or specific occupations. Focuses on workplace communication, work-related vocabulary skills, job applications and postings, workplace safety and issues, and vocational readings with emphasis on verbal communication through basic language skills instruction. Open Entry/Open Exit.

**English as a Second Language 520**  
**VESL: English for Work 2**  
Credit(s): 0  
Class Hours: 216  

Prepares intermediate and advanced level non-native English speaking students to enter the workforce or a career education/vocational program. Focuses on communicating in the workplace, job safety, work-related vocabulary skills, workplace culture/issues, career pathways and vocational readings with emphasis on verbal communication through intermediate language skills instruction. Recommended for students in Intermediate 1 or higher. Open Entry/Open Exit.

**English as a Second Language 530**  
**American English Pronunciation**  
Credit(s): 0  
Class Hours: 216  

Develops English language fluency, and productive and receptive skills as they relate to sound discrimination, sound inventory, stress, intonation, linking, prominence, and rhythm. The course aims to help students understand English and be understood while functioning within employment, survival and academic contexts. This course is recommended for Beginning ESL 3 students and above. Open Entry/Open Exit.

**English as a Second Language 570**  
**Conversation 1**  
Credit(s): 0  
Class Hours: 72  

Introduces conversational strategies in listening, language use, and non-verbal communication. Presents oral skills necessary in initiating, maintaining and closing conversations. Emphasis on oral skills that assist in social interactions and expand listening and speaking skills. This course is recommended for Beginning ESL 3 and Intermediate ESL 1 students. Open Entry/Open Exit.

**English as a Second Language 580**  
**Conversation 2**  
Credit(s): 0  
Class Hours: 72  

Introduces advanced conversational strategies in listening, language use, and nonverbal communication. Presents oral expressions necessary to enhance conversation and listening skills. Emphasizes differences between formal and colloquial language, based on American attitudes and culture. Recommended for Intermediate ESL 2 and Intermediate ESL 3 students. Open Entry/Open Exit.

**English as a Second Language 701**  
**Academic ESL Beginning 1**  
Credit(s): 0  
Class Hours: 216  

First of the six level academic ESL courses with an emphasis on vocabulary development and basic oral communication utilizing the targeted vocabulary. Extensive oral practice of the scripted dialogue to refine pronunciation and intonation to produce comprehensible oral communication. Provides multi-skills practice in a contextualized format that integrates listening, speaking, reading, and writing in preparation for academic success. Open Entry/Open Exit.

**English as a Second Language 702**  
**Academic ESL Beginning 2**  
Credit(s): 0  
Class Hours: 216  

Second of the six level academic ESL courses with continued vocabulary development, basic oral communication practice and the introduction and practice of basic grammatical structures of English. Reading development skills will be introduced and practiced. Provides multi-skills practice in a contextualized format that integrates listening, speaking, reading, and writing in preparation for academic success. Open Entry/Open Exit.

**English as a Second Language 703**  
**Academic ESL Beginning 3**  
Credit(s): 0  
Class Hours: 216  

First academic ESL course emphasizing basic grammatical structures of English, reading skills, and sentence level writing. This course integrates listening, speaking, reading, and writing skills in preparation for academic success. Open Entry/Open Exit.
English as a Second Language 704
Academic Beginning A
Credit(s): 0  Class Hours: 216
First course of the academic ESL track program developing academic skills through reading short multi-sentence paragraphs supported by visual clues, writing simple sentences on one topic, grammar, listening, and speaking skills with short informational passages. Open Entry/Open Exit.

English as a Second Language 705
Academic Beginning B
Credit(s): 0  Class Hours: 216
Second course of the academic ESL track program developing academic skills through reading multi-paragraph authentic and adapted texts, writing short loosely organized paragraphs from a prompt, grammar, listening, and speaking skills with short informational and narrative passages. Open Entry/Open Exit.

English as a Second Language 706
Academic Intermediate A
Credit(s): 0  Class Hours: 216
Third course of the academic ESL Track program developing academic skills through reading one-page multi-paragraph authentic or adapted text, writing well-developed paragraphs, grammar, listening, and speaking skills with short informational and narrative passages. Five high school elective credits may be granted if student passes the course successfully. Open Entry/Open Exit.

English as a Second Language 707
Academic Intermediate B
Credit(s): 0  Class Hours: 216
Fourth course of the academic ESL Track program developing academic skills through reading two-page authentic texts, writing expository essays, grammar, speaking, and listening skills with short lectures or speeches on familiar and academic topics. Five high school elective credits may be granted if student passes the course successfully. Open Entry/Open Exit.

English as a Second Language 711
Academic ESL Intermediate 1
Credit(s): 0  Class Hours: 216
Second academic ESL course emphasizing the grammatical structures of English, reading skills, and basic paragraph writing. This course integrates listening, speaking, reading, and writing skills. Begin to use critical thinking skills in reading comprehension. Five high school elective credits may be granted if student passes the ESL posttest with 75% or better. Open Entry/Open Exit.

English as a Second Language 712
Academic ESL Intermediate 2
Credit(s): 0  Class Hours: 216
Third academic ESL course emphasizing more complex grammatical structures of English, reading skills, and more complex paragraphs. This course integrates listening, speaking, reading, and writing skills. Five high school elective credits may be granted if student passes the ESL posttest with 75% or better. Open Entry/Open Exit.

English as a Second Language 713
Academic ESL Intermediate 3
Credit(s): 0  Class Hours: 216
Fourth academic ESL course emphasizing complex grammatical structures of English, reading skills, and more complex paragraph writing. This course integrates listening, speaking, reading, and writing skills. Five high school elective credits may be granted if student passes the ESL posttest with 70% or better. Open Entry/Open Exit.

English as a Second Language 720
ESL Transition to College
Credit(s): 0  Class Hours: 72
This noncredit course prepares students for transition to Santa Ana College by developing language skills, critical reasoning and thinking, academic study skills and student success strategies. Completion of Intermediate ESL 3 or equivalent is recommended. Five high school elective credits may be granted for successful completion of the class. Open Entry/Open Exit.

HEALTH & SAFETY (SAFE)

Health & Safety 875
First Aid
Credit(s): 0  Class Hours: 15
Provides students with general knowledge of basic first aid and CPR procedures. Open Entry/Open Exit.

Health & Safety 877
Health Issues & Concepts
Credit(s): 0  Class Hours: 72
Provides a basic foundation in the issues and concepts of mental health, family and social health, the stages in the life cycle, medicine and drugs, and diseases and disorder. May earn five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open Entry/Open Exit.
HIGH SCHOOL SUBJECTS (HSS)

High School Subjects 010
Learning Skills & Strategies
Unit(s): 5  Class Hours: 72
Provides individualized and direct group instruction to improve learning strategies and basic reading, writing, and mathematics skills. Equips adults who have verified learning disabilities to successfully meet educational and vocational goals. Recommended for students who meet eligibility requirements for D.S.P.S. services.

High School Subjects 031
High School Equivalency Test Preparation
Credit(s): 0  Class Hours: 360
Provides pre- and post-testing and individualized prescriptive instruction in preparation for a High School equivalency exam. Covers test-taking strategies and the essentials of reading, writing, mathematics, science, and social studies. Open Entry/Open Exit.

High School Subjects 032
HS Subjects Individualized Instruction
Credit(s): 0  Class Hours: 72
Individualized delivery for the Adult High School Diploma Program. Designed for the adult who wants a high school diploma. Self-paced with offerings in the areas of English communication, mathematics, science, social studies, fine arts/foreign language, life skills, and electives. Recommended 8th grade equivalency on TABE. Open Entry/Open Exit.

High School Subjects 090
Leadership Basics, Part 1
Credit(s): 5  Class Hours: 72
Introduces useful leadership skills. Students will increase their mastery of basic skills through intensive, interactive, student-centered activities designed to give hands-on training and experience in aspects of directing and facilitating a conference. This is the first of a two-part leadership course in which students apply leadership techniques in the workplace, home, school, and the community. Five high school elective credits may be given for completing either ABE 044 or HSS 090 if the student achieves the attendance and proficiency requirements to pass the class. Open Entry/Open Exit.

High School Subjects 092
Leadership Basics, Part 2
Credit(s): 5  Class Hours: 72
Students will increase their mastery of basic skills through intensive, interactive, student-centered activities designed to give hands-on training and experience in aspects of directing and facilitating a conference. This is the second of a two-part leadership course in which students apply leadership techniques in the workplace, home, school, and the community. Five high school elective credits may be given for completing either ABE 018 or HSS 092 if the student achieves the attendance and proficiency requirements to pass the class. Open Entry/Open Exit.

High School Subjects 095
Basic Skills Supervised Tutoring
Credit(s): 1.0 - 72  Class Hours: Arranged
Supervised individual and small group tutoring to assist students in the basic skills of reading, writing, and mathematics for students enrolled at Santa Ana College School of Continuing Education and/or Santa Ana College course(s) for which tutoring is requested. Referral by counselor or instructor based on assessed academic need. Open Entry/Open Exit.

High School Subjects 221
Study Skills 1
Credit(s): 5  Class Hours: 72
Develops student’s study and test preparation skills. Introductory instruction in basic study skills, organizational skills, goal setting, note taking, report writing, time management, test preparation, learning styles, effective communication skills. Provides learning opportunities for students to develop and master effective study skills for successful academic career achievement.

High School Subjects 222
Study Skills 2
Credit(s): 5  Class Hours: 72
Develops the student’s study and test preparation skills. Second semester instruction in basic study skills, organizational skills, goal setting, note taking, report writing, time management, test preparation, learning styles, effective communication, and stress management skills. Provides learning opportunities for students to develop and master effective study skills for successful academic and career achievement.

High School Subjects 229
Skills for Success
Credit(s): 5  Class Hours: 72
Assists students in developing skills that promote academic success. Students will learn study and organizational skills, goal setting, critical thinking skills, and written/oral communication. Compensatory strategies and technology will be emphasized.

High School Subjects 770
Orientation to College
Credit(s): 1.5  Class Hours: 8
Introduces college services and programs. Identifies and explores programs and services designed to assist students entering college credit courses.
# HIGH SCHOOL SUBJECTS - ARTS (HSART)

## High School Subjects - Arts 601
### Music Theory 1
- **Credit(s):** 5
- **Class Hours:** 72

Provides a beginning level music course that introduces students to the vocabulary and basic principles of music. The primary emphasis will be on rhythm, pitch, and notation. Emphasis will also be given to beginning piano study.

## High School Subjects - Arts 828
### Understanding America Through Art
- **Credit(s):** 5
- **Class Hours:** 72

Provides an overview of American civilization through arts and crafts from the colonial period through the 20th century, including periods and artistry in their historical context. Open Entry/Open Exit.

## High School Subjects - Arts 837
### The Film As Art
- **Credit(s):** 5
- **Class Hours:** 72

Traces the history of film from the recording of a single event through the silent film era to current classic films, and identifies the ways films reflect the values of American culture. Culminates in the use of classic and contemporary literature as a basis for modern film. Open Entry/Open Exit.

---

# HIGH SCHOOL SUBJECTS - ENGLISH (HSENG)

## High School Subjects - English 040
### California High School Exit Exam Language Arts Preparation
- **Credit(s):** 5
- **Class Hours:** 72

Provides students with an overview of the California State Standards that are tested on the California High School Exit Exam and affords students the opportunity to gain the knowledge and skills necessary to pass the Language Arts portion of the exam. Open Entry/Open Exit.

## High School Subjects - English 065
### English Fundamentals 1
- **Credit(s):** 5
- **Class Hours:** 72

Introduces students to basic concepts and skills of building vocabulary, grammar, parts of speech, writing sentences, and paragraphs. Open Entry/Open Exit.

## High School Subjects - English 066
### English Fundamentals 2
- **Credit(s):** 5
- **Class Hours:** 72

Reinforces and expands the basic concepts of sentence structure, vocabulary, grammar, parts of speech, and writing skills. Open Entry/Open Exit.

## High School Subjects - English 067
### English Fundamentals 3
- **Credit(s):** 5
- **Class Hours:** 72

Provides an intermediate English course that expands upon vocabulary, parts of speech, and grammar to accelerate writing skills. Open Entry/Open Exit.

## High School Subjects - English 068
### English Fundamentals 4
- **Credit(s):** 5
- **Class Hours:** 72

Provides an advanced course in English vocabulary, grammar, parts of speech, writing skills, and general proficiency in the English language, both written and spoken. Open Entry/Open Exit.

## High School Subjects - English 070
### The Short Story
- **Credit(s):** 5
- **Class Hours:** 72

Introduces the student to the short story as a literary form so that the student will learn how the individual elements work together to present a theme of effect. The student will study the development of the short story and will read selected short stories from various periods. Course cannot be challenged. Open Entry/Open Exit.

## High School Subjects - English 076
### The Novel
- **Credit(s):** 5
- **Class Hours:** 72

Introduces the student to the novel as a literary form and how the individual elements work together to present a theme. The student will select 2 novels from an annotated reading list for independent study, completing Dialectical Journal entries. Open Entry/Open Exit.

## High School Subjects - English 083
### Composition 1
- **Credit(s):** 5
- **Class Hours:** 72

Provides instruction and practice in the communication of ideas in written form. Emphasis on mastery of sentence and paragraph skills, including organization in terms of unity, support, and coherence in an effective, well-supported, one page composition. Open Entry/Open Exit.

## High School Subjects - English 084
### Composition 2
- **Credit(s):** 5
- **Class Hours:** 72

Prepares the student to write well-conceived and well-executed two page essays. Meets the composition proficiency requirement. (Recommended for students who have completed Composition 1 or equivalent). Open Entry/Open Exit.

## High School Subjects - English 085
### Composition 3
- **Credit(s):** 5
- **Class Hours:** 72

Prepares college bound students with advanced writing assignments that require in-depth research culminating in the production of two argumentative essays and a 1500 word final argumentative research paper. (Recommended for students who have completed Composition 2 or equivalent.). Open Entry/Open Exit.

## High School Subjects - English 096
### Building Vocabulary 1
- **Credit(s):** 5
- **Class Hours:** 72

A basic vocabulary course that provides practice in using context clues to develop vocabulary, and includes practice in synonyms, antonyms, matching words with meaning, adding words to readings, and sentence writing. Open Entry/Open Exit.

## HIGH SCHOOL SUBJECTS - NATURAL SCIENCES (HSSCI)

### High School Subjects - Natural Sciences 170

**Biology 1A**  
Credit(s): 5  
Class Hours: 72  
This is an introductory course that provides a brief survey of major areas of biology including cell biology, genetics, and evolution. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 171

**Biology 1B**  
Credit(s): 5  
Class Hours: 72  
This introductory course studies the diversity of non-living and living organisms such as viruses, bacteria, protists, fungi, plants and animals. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 185

**Earth Science 2**  
Credit(s): 5  
Class Hours: 72  
Provides instruction in the principles and concepts of earth science. The earth's processes and place in the universe will be examined. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 186

**Life Science 2**  
Credit(s): 5  
Class Hours: 72  
Surveys the principles and concepts of life science: the study of organisms and their environment. Animals, human life, heredity and ecology will be examined. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 188

**Earth Science 1**  
Credit(s): 5  
Class Hours: 72  
Provides instruction in the principles and concepts of earth science. The earth's matter and features will be examined. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 189

**Life Science 1**  
Credit(s): 5  
Class Hours: 72  
Surveys the principles and concepts of life science: the study of organisms and their environment. Cells, animals, plants, protists, human life, heredity and ecology will be examined. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 190

**Physical Science 1**  
Credit(s): 5  
Class Hours: 72  
An introductory course designed to allow students to explore the basic concepts of physical science. Basic elements of chemistry will be covered. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 191

**Physical Science 2**  
Credit(s): 5  
Class Hours: 72  
An introductory course designed to allow students to explore the basic concepts of physical science. Basic elements of physics will be covered. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 192

**Basic Science 1**  
Credit(s): 5  
Class Hours: 72  
This course offers students an introduction to the sciences. Science is explained in a way that is understandable to beginning students. Students taking this course will learn how science is all around us and can be found to affect our everyday life. In this course, students will learn about the different types of sciences: life, physical, earth and space. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 193

**Basic Science 2**  
Credit(s): 5  
Class Hours: 72  
Surveys principles and concepts of life and ecological science. Examines life structure and classification, cellular processes, heredity, evolution, body systems, plants, ecology, and conserving resources. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 196

**Health Science**  
Credit(s): 5  
Class Hours: 72  
Provides a basic foundation in personal health, nutrition, body functions, first aid and community health. Open Entry/Open Exit.

### High School Subjects - Natural Sciences 197

**Human Anatomy & Physiology I**  
Credit(s): 5  
Class Hours: 72  
Provides students with a first semester course concentrating on anatomical terminology, body directions, and the following systems: tissues, integumentary (skin), skeletal, nervous, and special senses. Diverse learning activities are used in the classroom to develop a variety of skills.

### High School Subjects - Natural Sciences 198

**Human Anatomy and Physiology II**  
Credit(s): 5  
Class Hours: 80  
Provides students with a second semester course concentrating on anatomical terminology, body directions, and the following systems: muscular, cardio-vascular, lymphatic, respiratory, digestive, urinary, and reproductive. Diverse learning activities are used in the classroom to develop a variety of skills.

## HIGH SCHOOL SUBJECTS - OTHER (HSHOT)

### High School Subjects - Other 740

**Spanish 1**  
Credit(s): 5  
Class Hours: 72  
Provides students with a beginning course in Spanish, emphasizing oral communication, vocabulary building, fundamental pronunciation, and grammar. Includes practice in reading and simple conversation and gives an introduction to Spanish-speaking people and their culture.
High School Subjects - Other 742
Spanish 2
Credit(s): 5  Class Hours: 72
Provides students with additional skills, concepts, grammar and vocabulary appropriate for a first year course in learning to speak and write Spanish.

High School Subjects - Other 743
Spanish 3
Credit(s): 5  Class Hours: 72
Provides a language integrated course designed to provide native Spanish speaking students with academic language proficiencies. Offers listening, speaking, reading, writing, and critical thinking, and vocabulary development. Writing as a process and literature will be emphasized.

High School Subjects - Other 744
Spanish 4
Credit(s): 5  Class Hours: 72
Provides students with additional skills, concepts, grammar and vocabulary appropriate for a second year course in learning to speak Spanish. (Recommended for those students who have completed Spanish 3 or equivalent.)

HIGH SCHOOL SUBJECTS - READING (HSRDG)

High School Subjects - Reading 089
Reading Proficiency Development
Credit(s): 5  Class Hours: 72
Enables students to become proficient in practical, content and reference skills as well as to improve general comprehension and vocabulary skills. This course is in preparation for the reading proficiency examination. Open Entry/Open Exit.

High School Subjects - Reading 093
Building Reading Skills 1
Credit(s): 5  Class Hours: 72
Provides an opportunity for skill development in word recognition, comprehension, study and content reading skills necessary for success in the High School Subjects program. Computer-aided instruction is included. Open Entry/Open Exit.

High School Subjects - Reading 094
Building Reading Skills 2
Credit(s): 5  Class Hours: 72
Provides an opportunity for skill development in word recognition, general and inferential comprehension, critical thinking, and content reading skills necessary for success in the High School Subjects program. Computer-aided instruction is included. Open Entry/Open Exit.

HIGH SCHOOL SUBJECTS-SOCIAL SCIENCES (HSSOC)

High School Subjects - Social Sciences 215
Introduction to Economics
Credit(s): 5  Class Hours: 72
Introduces the basic concepts of economics. Explores the basic questions of every economic system. Examines money, the role of consumers, workers, businesses, and governments. Open Entry/Open Exit.

High School Subjects - Social Sciences 218
U.S. History 1: Colonization to Industrialization
Credit(s): 5  Class Hours: 72
Surveys events, movements, and personalities in the United States history from the colonial period through reconstruction, westward expansion, and industrialization. Includes immigration, the plight of Native and African Americans, reform movements, and geographical influences in the history of the United States. Open Entry/Open Exit.

High School Subjects - Social Sciences 219
U.S. History 2: The Shaping of Modern America
Credit(s): 5  Class Hours: 72
Examines United States history from the beginning of industrialization to present. Emphasizes the emergence of America on the international, economic, geographical, social and political scene. Open Entry/Open Exit.

High School Subjects - Social Sciences 221
Psychology
Credit(s): 5  Class Hours: 72
Provides students with knowledge of the basic principles of psychoanalysis, behaviorism, the interpersonal model, humanism, existentialism and phenomenology as well as other concepts applied to the self. Open Entry/Open Exit.

High School Subjects - Social Sciences 222
Government 1: U.S. Federal Government and Politics
Credit(s): 5  Class Hours: 72
This course in United States government and politics covers the Constitution and foundations of government, political behavior and participation, institutions of national government, civil liberties and civil rights and public policy and comparative government. Open Entry/Open Exit.

High School Subjects - Social Sciences 223
Government 2: State and Local Government
Credit(s): 5  Class Hours: 72
Examines the diversity of California’s geography, economy, and population as well as knowledge of California’s history and constitutional development. Explores voters’ roles in state and local politics. Open Entry/Open Exit.
High School Subjects - Social Sciences 224
World Geography 1A
Credit(s): 5       Class Hours: 72
Provides a basic foundation for understanding physical geography and the cultural and economic variables in the relationship with the earth and its history. Introduces Northern America, Latin America, Europe, and Russia. Includes geography skills such as map reading, interpretation of graphs and diagrams, and map identification. Open Entry/Open Exit.

High School Subjects - Social Sciences 225
World Geography 1B
Credit(s): 5       Class Hours: 72
Provides an overview of certain areas of the world in terms of their physical, cultural, historical and economic geography. Introduces North Africa, the Middle East, Africa south of the Sahara, the Asian Region, and the Pacific World. Includes geography skills such as map reading, interpreting graphs, and analyzing data from a chart. Open Entry/Open Exit.

High School Subjects - Social Sciences 228
World History
Credit(s): 5       Class Hours: 72
Offers the student a chronological understanding of world history in a sequence of events from the time before hominids became fully human, to the introduction to the new millennium. Addresses culture and geography in the context of world history. Open Entry/Open Exit.

High School Subjects Social Sciences 231
Modern World History 1
Credit(s): 5       Class Hours: 72
Provides students with a study of the major events that shaped the modern world, from the eighteenth century through the First World War. Students will trace the rise of democratic ideas and develop an understanding of the historical roots of current world issues.

High School Subjects - Social Sciences 232
Modern World History 2
Credit(s): 5       Class Hours: 72
Provides students with a study of the major events that shaped the modern world, from the end of the First World War to the present. Students will develop an understanding of current world issues and relate them to their historical, geographic, political, economic and cultural contexts. Students consider multiple accounts of events in order to understand international relations from a variety of perspectives.

HOME ECONOMICS (HOMEEC)
Home Economics 520
HSS Consumer Education
Credit(s): 0.5 - 7.5       Class Hours: 24-360
Prepares students in the rigors of understanding consumerism in the free world market area today. Topics include banking, credit, financial planning, insurance, money management, employment, real estate and housing, taxes, and other consumer interests. Open Entry/Open Exit.

LEARNING (LRN)
Learning 084
Composition 2
Credit(s): 5       Class Hours: 72
Prepares the student to write well-conceived and well-executed five paragraph essays, expository paragraph writing emphasizing various methods including argumentation, reading analysis, and research. Practice in refining sentence skills and grammar. A minimum grade of B (80%) in LRN 84 will serve as a prerequisite to English 101 without a Placement Exam. Meets the composition proficiency requirement. Open Entry/Open Exit.

Learning 095
Supervised Tutoring
Credit(s): 0       Class Hours: 1 - 72
Supervised individual and small group tutoring to assist students in reading, writing, mathematics, science, business and software applications for students enrolled at Santa Ana College School of Continuing Education and or Santa Ana College course(s) for which tutoring is requested. Referral by counselor or instructor based on assessed academic need. Open Entry/Open Exit.

Learning 164
Introductory Algebra
Credit(s): 5       Class Hours: 72
Provides instruction in basic algebra concepts, math vocabulary, and algebraic operations. This course is intended to be a bridge from basic arithmetic to elementary algebra. Open Entry/Open Exit.

Learning 750
Intensive Writing and Grammar
Credit(s): 5       Class Hours: 72
Provides intensive review and practice of writing strategies and advanced grammar. Concentrates on the writing process and development of various essay types along with verb tenses, adjective, noun, and adverb clauses. Recommended completion of ESL 707, HS English 067 and 068 or equivalent with a minimum passing grade. Open Entry/Open Exit.

OLDER ADULTS (OAP)
Older Adults 457
Music Arts for Older Adults
Credit(s): 0       Class Hours: 72
Provides a positive framework for developing and enhancing music appreciation, vocal and instrumental skill. Emphasis will be on activities designed to encourage creative expression. Open Entry/Open Exit.

Older Adults 518
Creative Cooking for Older Adults
Credit(s): 0       Class Hours: 72
Designed to enhance awareness of current cooking techniques. Demonstrations and lectures include information on basic nutrition and consumer awareness. A variety of cooking appliances and methods are utilized. Open Entry/Open Exit.
### Older Adults 802
**Seminar for Older Adults**
- **Credit(s):** 0
- **Class Hours:** 72

Provides information and a discussion forum related to the examination of concerns common to older adults. Discovers specific needs and interests and examines current news events as interpreted through historical background and current political/regional developments and changes. Open Entry/Open Exit.

### Older Adults 823
**Manipulative Skills for Older Adults**
- **Credit(s):** 0
- **Class Hours:** 72

Concentrates on maintenance and improvement of motor skills through utilization of a variety of art media and techniques. Provides opportunities for analysis and decision making skills while exercising basic manipulative skills.

### Older Adults 894
**Physical Fitness for Older Adults**
- **Credit(s):** 0
- **Class Hours:** 72

Teaches movement exercises designed to improve or maintain flexibility, strength, endurance and cardiovascular and respiratory functions. Emphasizes motor movements, hand-eye coordination, body space awareness, balance training, reaction time, joint protection, and relaxation techniques. Open Entry/Open Exit.

### Parent Education 528
**Increasing Parent Awareness of U.S. Schools**
- **Credit(s):** 0
- **Class Hours:** 132

Develops awareness of school systems in the United States. Introduces content standards and expectancies for different grade levels. Includes teaching and learning processes, strategies to support school children at home, pre-collegiate preparation of children, and college options. Open Entry/Open Exit.

### Parent Education 557
**Early Childhood Education: Principles And Practices**
- **Credit(s):** 0
- **Class Hours:** 96

Bilingual (Spanish/English) course designed to introduce Spanish speaking students who are considering a career as teachers or aides to the scope of early childhood education. This class meets state licensing requirements for aides and limited-English caregivers in Early Childhood Education programs. May award five elective credits. Open Entry/Open Exit (same as Human Development 070).

### Parent Education 558
**Early Childhood Care and Development For Family Child Care Providers**
- **Credit(s):** 0
- **Class Hours:** 56

Provides knowledge about the care and development of young children for family child care providers seeking state licensing. Open Entry/Open Exit.

### Parent Education 562
**Health Education for Family Child Care Providers**
- **Credit(s):** 0
- **Class Hours:** 24

Provides family child care providers with health and safety information related to licensing. Open Entry/Open Exit.

### Secondary Subjects GED (HSGED)

#### Secondary Subjects GED 031
**GED Test Preparation**
- **Credit(s):** 0
- **Class Hours:** 360

Provides pre- and post-testing and individualized prescriptive instruction in preparation for the GED test. Covers test-taking strategies and the fundamentals of social studies, mathematics, science, writing, and reading. Open Entry/Open Exit.

### Substantial Disabilities (SSD)

#### Substantial Disabilities 350
**Signing Exact English for Parents of Deaf Children**
- **Credit(s):** 0
- **Class Hours:** 50-60

Designed as an introductory course to teach Signing Exact English and the manual alphabet. Open Entry/Open Exit.

#### Substantial Disabilities 400
**Developmentally Disabled Adults Job Coach Training**
- **Credit(s):** 0
- **Class Hours:** 180-244

Job Coach instruction/training to assist developmentally disabled adults. Students will acquire the necessary skills to instruct/train developmentally disabled clients. Open Entry/Open Exit.

#### Substantial Disabilities 495
**Personal Development & Grooming for Developmentally Disabled Adults**
- **Credit(s):** 0
- **Class Hours:** 65-95

Provide adults with developmental disabilities tools to learn and practice positive interpersonal skills, appropriate social interaction and daily personal grooming habits. Open Entry/Open Exit.

#### Substantial Disabilities 788
**Independent Living Skills for Adults With Developmental Disabilities**
- **Credit(s):** 0
- **Class Hours:** 180

Assists adults with developmental disabilities to attain a higher functional level for independent living in these areas: health and nutrition, personal appearance, communication, manners, money management, safety and consumer awareness, transportation, social interaction and practical reading, writing and math skills related to home and community settings. Open Entry/Open Exit.
VOCATIONAL - BUSINESS (VBUS)

Vocational - Business 118
Introduction to Windows
Recommended Preparation: VBUS 259 with a minimum grade of P.
Credit(s): 0  Class Hours: 60
Provides students with a complete introduction to Microsoft's new operating system and basic computer concepts to ensure students develop the skills they need to effectively use a computer. The beginning of the course focuses on skills and tools that students will use every day, aiding productivity in school and at work. These features include starting and properly shutting down the computer, logging in, using a mouse, navigating the desktop, program controls, working with menus, using the taskbar, basic word processing, switching between apps, working with apps, using email, and email safety. As students advance in the course, file management and organization is reviewed where students save files and create folders both on the local PC and in the cloud. Microsoft's web browser, focusing on effective web searches, how to protect against internet threats, Outlook Online, Word Online, OneDrive, and how to manage settings and preferences within Windows are covered as well. Four high school elective credits may be awarded if a student completes all the required assignments and final exam.

Vocational - Business 123
Introduction to Computer Software Applications
Credit(s): 0  Class Hours: 72
Provides introductory instruction on industry-standard computer applications such as MS Word, MS Excel, MS PowerPoint, MS Internet Explorer, MS Publisher, Adobe Photoshop, Adobe Illustrator, Adobe Flash, and others as well as skills such as keyboarding. May award five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open Entry/Open Exit.

Vocational - Business 124
Introduction to Keyboarding I
Recommended Preparation: VBUS 259 with a minimum grade of P.
Credit(s): 0  Class Hours: 32
Provides introductory instruction for keyboarding by touch and skill building drills to achieve speed and accuracy. Emphasis is placed on proper posture, typing on a computer without looking at the keyboard, and using proper finger and hand placement. Two high school elective credits may be awarded if a student completes all the required assignments and passes the final exam.

Vocational - Business 125
Introduction to Keyboarding II
Recommended Preparation: VBUS 124 with a minimum grade of P.
Credit(s): 0  Class Hours: 45
Provides additional practice in keyboarding by touch through the production of business and academic documents and tables. All students learn Microsoft Word as they advance through the course. Extensive accuracy and speed development is offered. Three high school elective credits may be awarded if a student completes all the required assignments and passes the final exam.

Vocational - Business 243
Introduction to Customer Service Skills
Credit(s): 0  Class Hours: 72
Provides basic training in customer service techniques, appropriate telephone etiquette, self-management, interpersonal relations, and the attitude and initiative needed to succeed in the workplace. Beginning ESL 3 level or above recommended. May award five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open Entry/Open Exit.

Vocational - Business 244
Intro to Databases Using Microsoft Access
Credit(s): 0  Class Hours: 60
Introductory course for developing simple databases. Includes design concepts, use of database tools, and practice in creating tables, queries, forms, and reports. Recommended for students in ESL Beginning 3 and above who have completed a basic computer operations course. Open Entry/Open Exit.

Vocational - Business 245
Introduction to Desktop Publishing Using Microsoft Publisher
Recommended Preparation: VBUS 118 with a minimum grade of P.
Credit(s): 0  Class Hours: 60
This course introduces students to Microsoft Publisher which is a desktop software application. Students obtain the skills to create and produce publications such as flyers, newsletters, brochures, greeting cards, certificates, newsletters, invitations, and other printed publications. Four high school elective credits may be awarded if a student completes all the required assignments and passes the final exam.
Vocational - Business 258
Navigating the Internet
Recommended Preparation: VBUS 259 with a minimum grade of P.
Credit(s): 0  Class Hours: 36

Provides students with a basic introduction to accessing and using the internet. Topics include basic internet terms and concepts, browsing the Web, searching the Web, and communicating online. Two high school elective credits may be awarded if a student completes and passes all the required assignments and final exam.

Vocational - Business 259
Orientation to Computers
Credit(s): 0  Class Hours: 60

This course is designed to familiarize students with the fundamentals in computer hardware and software. It also introduces the Windows operating system, Microsoft Word application, email, and internet. Four high school elective credits may be awarded if student completes all the required assignments and passes the final exam.

Vocational - Business 260
Introduction to Word Processing Using MS Word
Recommended Preparation: VBUS 259 with a minimum grade of P.
Credit(s): 0  Class Hours: 60

This course provides instruction in concepts and techniques of Microsoft Word. Students will learn procedures of creating, editing, and formatting office/business documents of varying complexities. They will create business letters and tables, use mail merge, illustrate documents with graphics, and more. Four high school elective credits may be awarded if a student completes and passes all the required assignments and final exam.

Vocational - Business 262
Introduction to Spreadsheets Using MS Excel
Recommended Preparation: VBUS 118 with a minimum grade of P.
Credit(s): 0  Class Hours: 60

Provides students with instruction to spreadsheet concepts and software using Microsoft Office Excel. Students will learn how to create a worksheet, use formulas and functions, insert charts and tables, and more. Four high school elective credits may be awarded if a student completes all the required assignments and passes the final exam.

Vocational - Business 270
Introduction to Microsoft Outlook
Credit(s): 0  Class Hours: 72

Students will learn the basics to manage and organize emails, calendars and contact information. May award five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open Entry/Open Exit.

Vocational - Business 280
Accounting Terminology
Credit(s): 0  Class Hours: 36

This is a beginning accounting course designed for students with little or no accounting background. It introduces and provides an understanding of accounting terminology to prepare students for accounting occupations and accounting coursework.

Vocational - Business 301
Business Skills
Credit(s): 0  Class Hours: 288

Includes keyboarding, filing, ten-key, spelling, written communications, Internet communications, accounting procedures and other related new business technology applications. Recommended for ESL Beginning 3 level or equivalent. Open Entry/Open Exit.

Vocational - Business 302
Introduction to Web Page Development Using HTML
Credit(s): 0  Class Hours: 60

Provides introductory instruction to web page development. Topics include web page design elements: HTML; graphic images, movie and sound formats; and testing pages on cross platforms. Designed for students who have completed a basic computer course or equivalent. Open Entry/Open Exit.

Vocational - Business 303
Introduction to Electronic Imaging Using Adobe Photoshop
Credit(s): 0  Class Hours: 60

Provides introductory instruction to electronic imaging using Adobe Photoshop software. Topics include beginning Photoshop features, scanner basics, image and file formats, color, importing/exporting of files, and printing. Designed for students who have completed a basic computer operations course or equivalent. Open Entry/Open Exit.

Vocational - Business 304
Introduction to Electronic Presentations Using PowerPoint
Recommended Preparation: VBUS 118 with a minimum grade of P.
Credit(s): 0  Class Hours: 60

Provides students with instruction on how to use PowerPoint features (e.g., templates, layouts, pictures, graphics, animation, multi-media assets) to create engaging presentations. Students will also discuss best practices for using PowerPoint as a visual aid for any presentation. Four high school elective credits may be awarded if a student completes all the required assignments and passes the final exam.

Ph.D., Purdue University

Campos-Robledo, Joanna (2013)
Counselor
B.S., California State University, Fullerton
M.A., Claremont Graduate University
M.S., University of La Verne

Cannon, Chris (2011)
Associate Professor, Theatre Arts
B.A., Southeastern University
M.F.A., University of Virginia

Canzona, Paula (1998)
Counseling
B.S., University of Redlands
M.A., California State University, Dominguez Hills

Carriger, Lisa (2017)
Assistant Professor, RN, MSN
A.D.N., Saddleback College
B.S.N., University of Texas Arlington
M.S.N., University of Texas Arlington

Castellanos, Mary (1979)
Counseling
B.A., California State University, San Diego
M.A., California State University, Fullerton
Ph.D., United States International University

Castillo, Ricardo (2011)
Professor, Psychology
B.A., California State University, Bakersfield
M.A., California State University, Fullerton

Chamberlain, Amberly (2017)
Assistant Professor, Theatre Department
A.A., Fullerton College
B.A., California State University, Fullerton
M.F.A., California State University, Long Beach

Clark, Stephanie (2014)
Assistant Professor, Art
B.A., Rice University
M.F.A., Rochester Institute of Technology

Coffman, Jodi (2000)
Counseling
B.A., University of California, Santa Barbara
M.A., California State University, San Diego
M.Ed., Ed.D., University of San Diego

Collins, Monica (2006)
Professor, American Sign Language Program,
Deaf and Hard of Hearing Program
B.S., Illinois State University
M.S., Western Oregon State

Colunga, Molly (2002)
Professor, Reading
B.A., M.S., California State University, Fullerton
M.A., Pennsylvania State University

Corp, Richard (2015)
Assistant Professor, Mathematics
B.S., Cal Poly Pomona
M.S., California State University, Fullerton

Courter, William (1996)
Professor, Geography
A.A., Long Beach City College
B.A., California State University, Long Beach
M.A., California State University, Northridge

Coyne, Claire M. (2006)
Professor, Earth Science/Geology
B.S., University of Maryland, College Park
M.S., University of Southern California

Cummings, Reyna (2016)
Assistant Professor, Communication Studies
B.A., Saint Mary’s College
M.A., California State University Los Angeles

Deluna, Daniel (2014)
Associate Professor, History
A.A., Saddleback College
B.A., University of California, Los Angeles
M.A., California State University, Northridge

Dermody, Michael (2016)
Assistant Professor, Television/Video Communications
B.S., California State University, Sacramento
M.S., Ithaca College
M.F.A., National University

Dibb, Patrick (2015)
Assistant Professor, EMT
A.A., Santa Ana College
B.S., University of California, Irvine

Diller, Jeffrey (2014)
Associate Professor, English
A.A., Riverside City College
B.A., M.A., California State University, Fullerton

Doolittle, Glenn A. Jr. (1996)
Professor, Global Business and Entrepreneurship
B.A., University of Texas
J.D., University of Georgia

Dufala, Christopher (2016)
Assistant Professor, Studio Arts
B.F.A., Rowan University
M.F.A., California State University, San Jose

Dumon, Dori (2017)
Assistant Professor, Business Applications & Technology
A.A., Santa Ana College
Dwyer, Dalva (2001)  
*Professor, ESL*  
B.A., UNIVAP, Brazil  
M.A., California State University, Fullerton

Emley, Catherine (1998)  
*Professor, Medical Assisting*  
A.A., B.S.N., Mount St. Mary’s College, Los Angeles  
M.N., Psychiatric Mental Health Nursing  
University of California, Los Angeles

English, Noemi (2014)  
*Associate Professor, Diesel Technology*  
A.A.S San Diego Miramar College, San Diego, California  
B.B.A. Northwood University, Midland, Michigan

Estrada, Maria (2016)  
*Assistant Professor, Counseling*  
B.A., University of California, Los Angeles  
M.A., San Diego State University

Ettinger, Becky (2006)  
*Professor, Nursing*  
A.D.N., Cerritos College  
B.S.N., University of Phoenix  
M.S.N., California State University, San Bernardino  
D.N.P., Western University of Health Sciences

Everett, Mike (2002)  
*Professor, Mathematics*  
B.A., B.S., M.A., California State University, Fullerton

Fish, Zachary (2004)  
*Professor, Philosophy*  
B.A., Philosophy, University of New Orleans  
M.A., Ph.D., University of California, Riverside

Fondren, Stephanie R. (1996)  
*Professor, Communication Studies*  
A.A., Long Beach City College  
B.A., M.A., California State University, Long Beach

Fosmire, Edward (2015)  
*Assistant Professor, Art History*  
B.A., M.A., California State University, Long Beach

Freeman, Suzanne (1993)  
*Professor, Fire Technology*  
B.A., California State University, Long Beach

Funaoka, Mary (2014)  
*Associate Professor, Child Development and Education Studies*  
B.A., University of California, Los Angeles  
M.A., Loyola Marymount University  
Ed.D., University of Southern California

Gallego, Robert (1989)  
*Counseling*  
A.A. Fullerton College  
B.A., California State University, Fullerton  
M.A., National University

Galván, Javier (1996)  
*Professor, Spanish*

M.A., California State University, Northridge  

Horenstein, Daniel (2017)  
Assistant Professor, Astronomy  
B.S., Columbia University  
M.S., Georgia State University  

Hostetter, Darren (2015)  
Assistant Professor, Studio Arts  
BFA, MFA, California State University, Long Beach  

Huebsch, Mary (2001)  
Professor, Communication Studies  
B.A., Mount Holyoke College  
M.A., University of California, Los Angeles  
M.A., California State University, Fullerton  

Hughes, Philip (1989)  
Professor, Earth Science/Geology  
B.S., University of Southern California  
M.S., Ohio State University  

Isbell, James (2004)  
Professor, English  
B.A., M.A., Chapman University  

Jang, Charles (2014)  
Associate Professor, Biology  
B.S., California State University, Fullerton  
M.S., University of California, Riverside  

Janio, Jarek (2007)  
Professor/Coordinator, English as a Second Language  
B.A., California State University, Long Beach  
M.A., California State University, Dominguez Hills  
Ph.D., Walden University, TESOL Certificate, Seattle Pacific University  

Janus, Louise (2011)  
Associate Professor, Learning Disability Specialist  
B.A., University of San Diego  
M.Ed., Argosy University  
L.D. Certificate, California State University, Sacramento  

Jenkins, Crystal (2004)  
Professor, Chemistry  
B.A., M.S., University of California, San Diego  
M.S., California State University, Long Beach  

Jenkins, Robert (1996)  
Professor, ESL  
B.S., M.S., TESOL, California State University, Fullerton  

Jin, Jungwon (2011)  
Associate Professor, Music  
B.M., Juilliard School  
M.M., D.M.A., University of Southern California  

Jones, Elliott (2000)  
Professor, Music  
B.A., M.M., Arizona State University  
D.M.A., University of Miami  

Jones, Geoff (2004)  
Professor, Kinesiology  
B.A., Chapman University  
M.A., Azusa Pacific University  

Jones, Louise (2014)  
Associate Professor, Nursing  
A.D.N., Santa Ana College  
B.S., M.S.N., Nursing California State University, Fullerton  
D.N.P., Grand Canyon University
Keith, Katharine (1991)
Professor, ESL  
B.A., Connecticut College  
M.A., University of Wisconsin, Madison

Kehlenbach, E. Brian (1990)
Professor, Music  
B.S., M.M., University of Connecticut  
D.M.A., University of Southern California

Kelley, Sara A. (2016)
Assistant Professor, English  
B.A., M.A., California State University, Fullerton

Kim, Henry (2001)
Professor, ESL  
B.A., University of Hawaii at Manoa  
M.A., California State University, Long Beach

Khalid, Donna Sir (2016)
Assistant Professor/Coordinator ASE Science  
B.S., University of California, Irvine  
Ph.D., University of Southern California

King, Jaki (2016)

M.Ed., University of Southern California

Murphy, Tim (2000)
Professor, Political Science
B.S., M.A., Ball University
Ph.D., University of Cincinnati
Nguyen, Kelly K. (2016)
Assistant Professor, Mathematics
B.A., California State University, Long Beach
M.A., California State University, Fullerton

Nguyen, Madeleine (1996)
Counseling
B.A., California State University, Fullerton
M.A., California State University, Dominguez Hills

Nguyen, Thu T. (2014)
Counseling
B.A., University of California, Irvine
M.S., California State University, Long Beach

Nguyen, Van Thi (1995)
Counseling
B.A., M.S., California State University, Long Beach

Professor, Chemistry
A.S., Santa Ana College
B.S., Ph.D., University of California, Los Angeles

Nick, JoAnn (1996)
Professor, Nursing
B.S.N., South Dakota State University
M.S.N., California State University, Long Beach

Nilles, Tom (2015)
Assistant Professor, Kinesiology
A.A., Laney College
B.A., University of California, Davis
M.A., St. Mary's College of California

Nutter, Kim (1991)
Professor, Kinesiology
B.S., California Polytechnic University, Pomona
M.A., California State University, Dominguez Hills

Nyssen, Adam (2013)
Assistant Professor, Kinesiology
M.A., Azusa Pacific University
M.A., San Diego State University

Oertel, Patricia (2008)
Professor, Biology
B.S., California State University, Long Beach
Ph.D., University of California, Irvine

Oh, Suanne (2015)
Assistant Professor, Mathematics
M.S. Mathematics, California State University, Northridge
B.S. Mathematics, University of California, Irvine

Orr, Estelle C. (1970)
Professor, Art
B.A., M.A., University of California, Berkeley

Ortiz, Fernando D. (1996)
Professor, Psychology/Ethnic Studies
B.A., California State University, Fullerton
M.A., Ph.D., University of California, Riverside

Ortiz, Rebecca Vasquez (2017)
Assistant Professor, Psychology
B.A., University of California, Riverside
M.A., University of California, Riverside
Ph.D., University of California, Riverside

Papa, Elenor (2016)
Assistant Professor, Nursing
B.S., University of California, Riverside
M.S.N., California Baptist University

Parolise, Michelle R. (2000)
Professor, Occupational Therapy Assistant Program
B.S., Colorado State University
M.B.A., California State University, Long Beach

Pastrana, Leo (2014)
Counseling
A.A., Orange Coast College
B.A., California State University, Dominguez Hills
M.A., Azusa Pacific University

Patterson, Kathleen (1996)
Professor, English
B.A., M.A., California State University, Fullerton

Patton, Carrie (2013)
Assistant Professor, High School Subjects
B.A., St. Mary's College
M.A., National University

Paunovic, Mila (2006)
Professor, Nursing
B.S.N., Loma Linda University
M.S.N., University of Phoenix

Pedroza, Jeffrey (2001)
Professor, Psychology
B.S., M.S., Eastern Michigan University

Pedroza, Luis (1994)
Professor, Librarian, Department Co-Chair
B.A., California State University, Long Beach
M.L.I.S., University of California, Berkeley

Peraza, Daniel (2017)
Assistant Professor, Counseling
B.A., California State Polytechnic, Pomona
M.S., California State University, Long Beach

Pierce, Cathryn
Assistant Professor, Communication Studies
B.A., California State University, Long Beach
M.A., New York University

Pineda, Maribel (2016)
Counseling
A.A., Santa Ana College
B.A., University of California, San Diego
M.S.W., California State University, Dominguez Hills

Polanco-Zook, Rochelle (2001)
Counseling
A.A., Rio Hondo College
B.A., M.S.W., California State University, Long Beach
Quach, Nguyen (2015)
Assistant Professor, Computer Science
B.S., M.S., California State University, Fullerton

Ramirez, Adrian (2017)
Assistant Professor, History
A.A., Santa Ana College
B.A., University of California, Irvine
M.A., University of California, Irvine

Ramirez, Marco A. (1994)
Coordinator, Academic Talent Search
A.A., Santa Ana College
B.A., University of California, Santa Barbara
M.S., San Diego State University, San Diego

Ramshaw, Charles (2001)
Professor, English
B.A., California State University, Fullerton
M.A., Chapman University

Ro, Kelly (2015)
Assistant Professor, Mathematics
B.S., University of California, Los Angeles
M.A., University of Phoenix
M.A., California State University, Fullerton

Robertson, Mario C.S. (2006)
Professor, Anthropology
B.A., M.A., California State University, Fullerton

Robinson, Kristen (2011)
Associate Professor, Legal Studies
A.S., Snow College
B.A., Southern Utah University
J.D., Brigham Young University
Member of California State Bar

Robledo, Rey (2005)
Counseling
B.S., California State University, Fullerton
M.S., University of La Verne

Rocke, Brandon (2014)
Associate Professor, English
B.A., California State University, Long Beach
M.A., Chapman University

Rogers, Neal L. (1973)
Professor, Mathematics
B.A., M.S., Ed.D., University of Southern California

Romero, Martin (2014)
Associate Professor, Mathematics
B.S., University of California, Los Angeles
M.S., California State University, Los Angeles
Ph.D., University of California, Los Angeles

Roper, David (2018)
Assistant Professor, Automotive Technology
A.A., Cerritos College
B.A., California State University, Los Angeles
M.A., Arizona State University

Ross, Kris (2006)
Professor, Fire Technology
B.A., M.A., California State University, Long Beach

Ross Jr., John (2009)
Professor Pharmacy Technology
B.S., California State University, Fullerton
CPHT, Santa Ana College

Rudd, James (2014)
Associate Professor, Automotive Technology
A.A., Cerritos College

Russo, Stacy (2011)
Associate Professor, Librarian
A.A., Cypress College
B.A., University of California, Berkeley
M.L.I.S., San Jose State University
M.A., Chapman University

Sabzevary, Mohammadreza Mirbeik (2017)
Assistant Professor, Mathematics
B.S., M.A, Iran-University of Tehran

Sadler, Dennis (1984)
Counseling
A.A., Fullerton College
B.V.E., Career Certificate
M.S., California State University, Long Beach

Salgado, Susana O. (2007)
Coordinator, Psychological Disabilities/Professor, Psychology/Psychologist
B.A., California State University, Los Angeles
Ph.D., University of Oregon

Sanabria, Reina (2001)
Counseling
A.A., Fullerton College
B.S., California State University, Fullerton
M.A., Chapman University

Saterfield, Kalonji (2016)
Assistant Professor, Communication Studies
B.A., California State University, Stanislaus
M.A., California State University, Fullerton

Schroeder, Brian (1989)
Professor, Nursing
B.A., California State University, Fullerton
B.S.N., M.S.N., Azusa Pacific University

Seitz Carol (2016)
Assistant Professor, Medical Assisting
B.A., University of California, Irvine

Serrano, Maximiliano (2008)
Professor, Automotive Technology
A.A., Santa Ana College

Shaffer, Cathie (2006)
Counseling/MESA Program Director
B.A., Psychology, University of California, Irvine
M.S., Counseling and Guidance, California State University, Fullerton
Shahbazian, Roy (2007)
Professor, Mathematics
B.S., M.S., University of California, Irvine

Sherod, Susan (2000)
Professor, Engineering
B.S., University of Illinois at Champaign/Urbana
M.A., California State University, Los Angeles
Registered Architect, CA., M. Architecture, Newschool of Architecture, San Diego

Shweiri, Gabriel (2011)
Associate Professor, Global Business and Entrepreneurship
B.A., The George Washington University
M.IM, Thunderbird American Graduate School of International Management

Sill, Kenneth (1994)
Professor, Mathematics
B.S., University of California, Irvine
M.S., University of California, Riverside

Simbro, Teresa (1997)
Professor, Nursing
A.D.N., Santa Monica College
B.S.N., M.S.N., California State University, Dominguez Hills

Simmerman, Stacy (2016)
Assistant Professor, English
A.A., Santiago Canyon College
B.A., University of California, Irvine
M.A., Claremont Graduate University

Singh, Nirbhai (Nick) (1999)
Professor, Manufacturing Technology
B.S., University of Punjab, India

Smith, Kimberly, Esq. (2016)
Assistant Professor, Legal Studies
B.A., California State Polytechnic University, Pomona
J.D., Southwestern University School of Law
Member of California State Bar

Smith, Sean (2011)
Assistant Professor, Mathematics
B.S. Applied Mathematics, Cal Poly Pomona
M.S. Pure Mathematics, Cal Poly Pomona

Solheid, Christa (2000)
Professor, Mathematics
A.A., Fullerton College
B.A., M.A., California State University, Fullerton
Ed.D., Argosy University, Orange County

Sneddon, Marta (1991)
Professor, Criminal Justice Academies
B.A., California State University, Long Beach
M.A., Azusa Pacific University

Soriano, Irene (1994)
Professor, Art History/Ethnic Studies
B.A., University of Texas at El Paso
M.A., Boston College, Chestnut Hill
M.A., Ph.D., Boston University, Boston

Sos, Brian (2011)
Associate Professor, Kinesiology/DSPS
B.S., M.A., San Diego State University
Ph.D., Florida State University

Sosta, Rachel (2011)
Professor, English
B.A., Occidental College
M.A., California State University, Fullerton

Steckler, Mary (2002)
Professor, Nursing
A.D.N., Saddleback College
B.S.N., M.S.N., California State University, Dominguez Hills

Assistant Professor, Accounting and Business Administration
B.S., M.S., University of Texas at Dallas
Certified Public Accountant, State of Texas

Stucken, Robert (2006)
Professor, Nursing
A.D.N., Golden West College
B.A., California State University, Long Beach
M.S.N., University of Phoenix

Sung, Linda (2016)
Assistant Professor, Accounting and Business Administration
B.S., California State Polytechnic University, Pomona
J.D., Northwestern California University School of Law
Member of California State Bar
Certified Public Account, State of California

Sweeney, George (2011)
Associate Professor, Mathematics
B.A., University of California, Los Angeles
M.S., California State Polytechnic University, Pomona
Ph.D., San Diego State University

Takahashi, Craig (2006)
Professor, Engineering
B.S., M.S., Ph.D., University of California, Irvine

Takahashi, Kathleen (2005)
Professor, Biology
B.S., University of California, Irvine
M.S., California State University, Long Beach
Ph.D., University of California, Los Angeles

Tashima, John (2014)
Assistant Professor/Coordinator, Adult Basic Education
B.A., University of California, Santa Cruz
M.A., California State University, Long Beach

Taylor, Michael (2015)
Assistant Professor, Television & Video Communications
B.A., California State University, Fullerton

Tolentino, Justin (2016)
Assistant Professor, Mathematics
B.A., M.A., California State University, Fullerton
Tran, Melissa L. (1999)
Professor, ESL
B.A., Wellesley College
M.A., Chapman University

Trone, Jinhee (1999)
Professor, Accounting and Business Administration
B.S., California State University, Los Angeles
Certified Public Accountant, State of California

Turner, Mark (2014)
Learning Disability Specialist, Associate Professor
B.A., Psychology, University of California, Irvine
M.A., Clinical Psychology, California School of Professional Psychology (Alliant University)

Valles, Rodrigo (2016)
Assistant Professor, Ethnic Studies
A.A., East Los Angeles College
B.A., California State University, Dominguez Hills
M.A., California State University, Los Angeles

Valtairo, Rowena (2007)
Professor, Nursing
B.S.N., M.S.N., California State University, Fullerton
D.N.P., Western University of Health Sciences

Vargas, Martha (1997)
Counseling-Transfer Center
B.A., California State Polytechnic University, Pomona
M.S., California State University, Fullerton

Vasquez, Michelle (2015)
Assistant Professor, Nursing
A.A., Golden West College
B.S.N., California State University, Fullerton
M.S.N., California State University, Long Beach

Vercelli, Julia (1989)
Counseling
B.A., California State University, Fullerton
M.A., University of San Francisco

Professor, History/Ethnic Studies
B.A., University of California, Irvine
M.A., University of California, Los Angeles

Viera, Violeta (2016)
Assistant Professor, Counselor
B.A., California State University, Fullerton
M.A. University of San Diego

Vu, Dahlia (2006)
Professor, Mathematics
B.S., M.A., University of California, Riverside

Walczak, Katharine (2014)
Associate Professor, Learning Center Coordinator
B.A., Earlham College
M.Ed., Cleveland State University
M.B.A., Baldwin-Wallace University

Wann, Terri (1985)
Professor, Fire Technology
B.S., M.S., California State University, Fullerton

Waterman, Patricia (2001)
Professor, Art
B.F.A., Art Center College of Design

Assistant Professor/Coordinator, ESL
B.A., M.A., California State University, Los Angeles
Ed.D., University of Southern California

Professor, Anthropology
A.A., Orange Coast College
B.A., M.A., California State University, Fullerton
A.B.D., University of California, San Francisco and Berkeley

Wright, George P. (1974)
Professor, Criminal Justice
B.S., M.S., California State University, Los Angeles

Professor, Chemistry
B.S., Ph.D., University of Southern California

Zarske, John (1996)
Professor, Mathematics
A.A., Golden West College
B.A., California State University, Long Beach
M.S., University of Southern California

Zarske, Monica S. (2005)
Professor/Coordinator, Speech Language Pathology
Assistant Program (SLPA)
B.A., M.A., San Diego State University

Denotes Path of Travel
Denotes Dead End

CAMPUS PARKING INFORMATION
RS CCD requires parking permits for student and staff lots at Santa Ana College and Santiago Canyon College. Parking permits may be purchased at time of registration for $30.00 in Room VL-205B, the Village at Santa Ana College, as well as in the Cashier’s Office at Santiago Canyon College. The purchase of your permit funds parking services and vehicle security when parked on campus.
