Committee: Student Success
Chairs: Sandy Wood and Sara Lundquist
Members: Attached
Date: May 2010
**Recommended goals for next year:**
We will be continuing to focus on the goals stated above. This report was reviewed and approved by the Student Success Committee in May 2010.

**What outcomes and/or body of work have been generated by this committee (SSC)**
- The SSC has received reports from the reporting committees/task forces identified above throughout the year and has acted on recommendations presented, as appropriate.
- The SSC has hosted discussions about major barriers related to student success through data presentations and has connected those challenges to institutional work in progress in departments and divisions and to the Title V proposal under development.
- The SSC has become the college body that receives and reviews innovation grant proposals in conjunction with the SAC Foundation. Ten innovation grants will be awarded this spring for implementation next year.
