Santa Ana College Mission Statement

“Santa Ana College inspires, transforms, and empowers a diverse community of learners.”

1. Janice attended IEPI Conference ‘Connecting the Dots’ to explain metrics. SSM is in the launch board, you don’t need a login. You can see the metrics for any college. As colleges give input, they are finding calculation errors, so launch board keeps changing. Data may be frozen in May so College Goals can be finalized for 2019-20 Integrated Plan June 30 deadline. The Chancellor’s Office is going to calculate the disproportionate impact and point gap for colleges. They will indicate the population that SAC needs to focus on. Janice is requesting access to NOVA in order to see when the template is updated so it can be shared with the planning group. Chancellor’s Metrics will be demographics, but will not be programs, that will need to be evaluated by Santa Ana College.
 - a. Dr. Lamb – We should evaluate how students in each Pathway do.
2. First Time SAC Students: Persistence/Units Completed
 - a. Exclusively Credit students – Metrics in terms of units completed are higher for students that are part of programs (Athletes, Bus Pass Recipients, CalWorks, etc.)
